BOARD OF DIRECTORS

A. Election of Directors

The Company's Restated Certificate of Incorporation provides for a classified Board of Directors under which the Board is divided into three classes of directors, each class as nearly equal in number as possible.

At the Annual Meeting three (3) directors are to be elected. The directors will be elected to serve for a three-year term until the 2010 Annual Meeting and until their successors are elected and qualified. Directors will be elected by a plurality of the votes cast. Only votes cast for a nominee will be counted, except that the accompanying Proxy will be voted for the three nominees in the absence of instructions to the contrary. Abstentions, broker non-votes, and instruction on the accompanying Proxy to withhold authority to vote for one or more of the nominees will result in the respective nominees receiving fewer votes than if the votes were cast for the respective nominees. For voting purposes, proxies requiring confirmation of the date of beneficial ownership received by the Board of Directors with such confirmation not completed so as to show which Shares beneficially owned by the shareholder are entitled to five votes will be voted with one vote for each Share. See "Voting by Proxy and Confirmation of Beneficial Ownership" beginning on page 31. In the event any nominee is unable to serve (an event management does not anticipate), the Proxy will be voted for a substitute nominee selected by the Board of Directors or the number of directors will be reduced.

The Board of Directors does not impose arbitrary term limits, but a director is required to submit his or her resignation at the Annual Meeting following the date when he or she reaches age 72.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR EACH OF THE FOLLOWING NOMINEES.

B. Meetings of the Board and Certain Committees

During 2006, the Board of Directors of the Company held seven (7) meetings and had five (5) standing Committees: (i) Executive, (ii) Audit, (iii) Compensation, (iv) Pension and Benefits and (v) Corporate Governance and Nominating.

The Executive Committee has the authority to exercise all powers of the Board of Directors between regularly scheduled Board meetings. During 2006, the Executive Committee did not meet.

The Audit Committee has the sole authority to appoint and terminate the engagement of the independent auditors of the Company and its subsidiaries. The functions of the Audit Committee also include reviewing the arrangements for and the results of the auditors' examination of the Company's books and records, internal accounting control procedures, the activities and recommendations of the Company's internal auditors, and the Company's accounting policies, control systems and compliance activities. During 2006, the Audit Committee held ten (10) meetings.

The Compensation Committee administers the Company's incentive programs and decides upon annual salary adjustments and discretionary bonuses for various employees of the Company, including the executive officers. During 2006, the Compensation Committee held three (3) meetings.

The Pension and Benefits Committee monitors the performance of the Company's pension and benefits programs. During 2006, the Pension and Benefits Committee met twice.

The functions of the Corporate Governance and Nominating Committee include developing and maintaining a set of corporate governance guidelines, leading the search for individuals qualified to become members of the Board and recommending such individuals be nominated by the Board to be presented for shareholder approval at the Company's annual meetings, reviewing the Board's committee structure and recommending to the Board for its approval directors to serve as members of each committee, evaluating the performance of the chief executive officer, discussing succession planning and recommending a new chief executive officer if a vacancy occurs. During 2006, the Corporate Governance and Nominating Committee held three (3) meetings.

C. Remuneration of Directors

Chairman of the Board of Directors. Stephen P. Munn is employed by the Company, and he serves as the Chairman of the Board of Directors and its Executive Committee. The Compensation Committee of the Board of Directors determines in its discretion the base salary and bonus payable to Mr. Munn and any stock-based awards made to him for his services to the Company. The Compensation Committee bases its compensation decision for Mr. Munn in part on a report from the Corporate Governance and Nominating Committee.

The Company and Mr. Munn have entered into a severance benefit agreement that provides in the event of a termination of his employment within three (3) years of a change of control (other than due to his death or disability or after he attains age 65), he will be entitled to receive one year's compensation, including bonus, retirement benefits equal to the benefits he would have received had he completed one additional year of employment, continuation of all life, accident, health, savings, and other fringe benefits for one year, and relocation assistance. The amount that would be payable to Mr. Munn under his

severance benefit agreement assuming a change of control occurred on December 31, 2006 and he terminated his employment would be \$900,000. In addition, the agreement provides that Mr. Munn would become fully vested in all outstanding stock options. As of December 31, 2006, Mr. Munn held non-vested options to purchase 6,667 Shares at an option exercise price \$68.86.

Mr. Munn also entered into a retirement agreement with the Company in 2001 when he ceased serving as chief executive officer. Under the retirement agreement, Mr. Munn will receive the following benefits from the Company during his retirement: (i) continued medical insurance to Mr. Munn and his wife at the premium rates then in effect for active employees, (ii) \$450,000 in group term life insurance, (iii) a pension benefit of \$33,333 per month for the life of Mr. Munn and his wife, and (iv) reimbursement of club dues and management fees of approximately \$25,000 per year until age 65.

Nonemployee Directors. The Company pays an annual fee of \$35,000 to each director who is not a member of management. The annual fee is determined by the Board of Directors. Each non-management director may elect to receive the entire annual fee in cash or one-half of the fee in cash and the other half in Shares with a market value equal to that amount. In addition, a \$5,000 annual attendance fee is paid to each non-management director who attends at least 75% of the aggregate of (i) the total number of Board of Directors meetings which he or she is eligible to attend, and (ii) all meetings of committees of the Board on which the director serves. During 2006, each non-management director attended at least 75% of such meetings and received the \$5,000 annual attendance fee.

The Company also pays an annual fee to each non-management director for service on the Board's Committees. Each member of the Executive Committee (other than Mr. Munn, the Company's Chairman during 2006 and the Chairman of the Committee) and the Audit Committee received an annual fee of \$15,000. The annual fee paid to each member of the Compensation, Pension and Benefits and Corporate Governance and Nominating Committees was \$5,000. The Chairman of each Committee received an additional annual fee of \$10,000.

In addition to the annual retainer and committee and meeting fees, each nonemployee director is eligible to participate in the Nonemployee Director Equity Plan. The Nonemployee Director Equity Plan provides for the grant of stock options, stock appreciation rights, restricted shares or other stock-based awards to nonemployee directors. The Board administers the Plan and has the discretionary authority to make all award decisions under the Plan. At the meeting of the Board of Directors held in February, 2006, the Board of Directors awarded each director an award of options to purchase 2,000 Shares at an option exercise price of \$68.86, the market price of the Shares as of the award date. The options will vest and become exercisable in three equal annual installments beginning with the date of grant, or if earlier, upon a change in control of the Company or the date the director ceases to serve due to death, disability or retirement. The options will expire ten years following the date of grant or, if earlier, one year from the date the director ceases to serve due to death, disability, retirement or a change in control of the Company or 90 days from the date the director ceases to serve for any other reason.

The Company also maintains a Deferred Compensation Plan for Nonemployee Directors. Under the Deferred Compensation Plan, each nonemployee director of the Company is entitled to defer up to 100% of the cash fees otherwise payable to him or her. Each participant can direct the deemed investment of his or her account among the different investment funds offered by the Company from time to time. The investment options include (i) a fixed rate fund and (ii) Share equivalent units. All amounts credited to a participant's account under the Deferred Compensation Plan are 100% vested and generally will be paid or commence to be paid after the participant terminates service as a director. At the participant's election, payments can be made in a lump sum or in quarterly installments. Payments under the Deferred Compensation Plan are made in cash from the Company's general assets. For the period January 1, 2006 to December 31, 2006, the fixed rate fund accrued interest at five and one-half percent (5.5%) per annum and the aggregate interest accrued for all participants in the Deferred Compensation Plan was \$42,755.

Edgar Filing: CARLISLE COMPANIES INC - Form DEF 14A

The Board of Directors has adopted stock ownership guidelines for nonemployee directors. The guidelines require nonemployee directors to own Shares and/or Share equivalent units under the Deferred Compensation Plan having a market value equal to \$175,000 (five times the annual retainer fee) within five years of his or her becoming a director. All directors were in compliance with the ownership guidelines as of December 31, 2006.

The Company does not make payments (or have any outstanding commitments to make payments) to director legacy programs or similar charitable award programs.

The following table summarizes the compensation paid to the Chairman and each nonemployee director for his or her service to the Board and its committees during 2006:

(4) The full grant date fair value of the option awards shown in the table for the listed directors is as follows: Mr. Calder \$38,440, Mrs. Callahan \$38,440, Mr. Choquette \$38,440, Mr. Jamieson \$38,440, Mr. Krogh \$38,440, Mr. Munn \$192,200, Mr. Ruggiero \$38,440, Mr. Sala \$38,440, Mr. Scocimara \$38,440 and Mrs. Webert \$38,440. Note 11 to the Company's consolidated financial statements included in the 2006 Annual Report on Form 10-K contains more information about the Company's accounting for stock-based compensation arrangements.

(5) Includes (i) \$10,000 for Company matching contributions to the Company's Employee Incentive Savings Plan, (ii) \$18,013 for reimbursement of financial management fees, (iii) \$6,360 for reimbursement of country club dues, and (iv) \$5,461 for personal use of Company aircraft. The \$5,461 represents the incremental cost to the Company for personal travel based on the cost of fuel, trip-related maintenance, crew travel expenses, on-board catering, landing fees and similar variable costs. Since the Company-owned aircraft is used almost exclusively for business travel, fixed costs that do not change based on usage, such as pilots' salaries, the purchase costs of the aircraft and the cost of the maintenance not related to the personal use, are not included.

(6) Mr. Munn is also an executive officer of the Company. The \$900,000 represents salary of \$525,000 and a bonus of \$375,000. Since 2003, Mr. Munn has been eligible for an annual pension benefit of \$400,000. Mr. Munn has elected to forego this benefit. The Compensation Committee has taken into account Mr. Munn's election to forego his pension benefit in determining his salary and bonus.

D. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors, and persons who beneficially own more than ten percent (10%) of the Company's equity securities, to file reports of security ownership and changes in such ownership with the Securities and Exchange Commission (the "SEC"). Executive officers, directors and greater than ten-percent beneficial owners also are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely upon a review of copies of such forms and written representations from its executive officers and directors, the Company believes that all Section 16(a) filing requirements were complied with on a timely basis during and for 2006.

E. Corporate Governance Matters

Independence The Board recognizes the importance of director independence. Under the rules of the New York Stock Exchange, to be considered independent, the Board must determine that a director does not have a direct or indirect material relationship with the Company. Moreover, a director will not be independent if, within the preceding three (3) years: (i) the director was employed by the Company or receives \$100,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service, (ii) the director was a partner of or employed by the Company's independent auditor, (iii) the director is part of an interlocking directorate in which an executive officer of the Company serves on the compensation committee of another company that employs the director, (iv) the director is an executive officer or employee of another company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues, or (v) the director had an immediate family member in any of the categories in (i) (iv).

The Board has determined that nine (9) of the Company's eleven (11) directors are independent under these standards. The independent directors are as follows: Donald G. Calder, Robin S. Callahan, Paul J. Choquette, Jr., Peter L.A. Jamieson, Peter F. Krogh, Anthony W. Ruggiero, Lawrence A. Sala, Eriberto R. Scocimara and Magalen C. Webert. The other two directors are Richmond D. McKinnish, the Company's current President and Chief Executive Officer and Stephen P. Munn, the Company's former Chief Executive Officer who currently serves as Chairman of the Board.

In addition, each of the directors serving on the Audit, Compensation, Corporate Governance and Nominating, and Pension and Benefits Committees are independent under the standards of the New York Stock Exchange.

The Board has adopted a policy concerning the review, approval and monitoring of transactions involving the Company and related persons (directors and executive officers or their immediate family members, or shareholders owning five percent (5%) or greater of the Company's outstanding Shares). The policy covers any transaction exceeding \$120,000 in which the related person has a direct or indirect material interest. Related person transactions must be approved by the Corporate Governance and Nominating Committee which will approve the transaction only if it determines that the transaction is in the best interests of the Company.

Meetings of Nonemployee Directors. At the conclusion of each of the regularly scheduled Board meetings, the independent directors of the Board meet in executive session without management and elect a director among them to preside at the executive meeting.

Any written communication will be forwarded to the Board for its consideration.

Directors are not required to attend the Company's Annual Meeting of Shareholders and none of the directors attended last year's Annual Meeting.

Nomination Process. At its February, 2003 meeting, the Board established a Corporate Governance and Nominating Committee. The Committee's Charter is published on the Company's website: www.carlisle.com. All directors serving on the Committee are independent under the standards established by the New York Stock Exchange.

As more fully described in its Charter, the Corporate Governance and Nominating Committee assists the Board by identifying individuals qualified to be directors and recommending such individuals be nominated by the Board for election to the Board by the shareholders. Director nominees should possess the highest personal and professional integrity, ethics and values, and be committed to representing the long-term interests of the Company's shareholders. Nominees should also have outstanding business, financial, professional, academic or managerial backgrounds and experience. Each nominee must be willing to devote sufficient time to fulfill his or her duties, and should be committed to serve on the Board for an extended period of time. Prior to accepting an invitation to serve on another public company board, directors must advise the Corporate Governance and Nominating Committee and the Committee will determine whether such service will create a conflict of interest and/or prevent the director from fulfilling his or her responsibilities.

The source of director candidates may include: other directors, management, third-party search firms and security holders. Security holders may submit director recommendations to the Corporate Governance and Nominating Committee by writing to the Company's Secretary at Carlisle Companies Incorporated, 13925 Ballantyne Corporate Place, Suite 400, Charlotte, North Carolina 28277, Attention: Secretary. The writing should include whatever supporting material the security holder considers appropriate and should address the director nominee characteristics described in the immediately preceding paragraph and must be received at least 120 days prior to the applicable Annual Meeting. The Company has not retained a third-party search firm to identify candidates at this time, but may do so in the future in its discretion.

COMPENSATION OF EXECUTIVE OFFICERS

A. Introduction

The executive officer compensation information in this section is presented in a completely new format this year. The new format is required by revised executive compensation disclosure rules adopted by the Securities and Exchange Commission (SEC) in August 2006. The new format includes a Compensation Discussion and Analysis or CD&A section that explains the Company's executive officer compensation policy, the material elements of the compensation paid to the Company's executive officers under the policy and how the Company determined the amount paid.

Several disclosure tables follow the CD&A. The first table, the Summary Compensation Table, provides a summary of the total compensation earned by the Company's principal executive officer, principal financial officer and the three most highly compensated executive officers other than the principal executive officer and principal financial officer (the named executives). The tables following

the Summary Compensation Table provide additional information about the elements of compensation presented in the Summary Compensation Table. Most of the tables include extensive explanatory footnotes to help shareholders understand the information shown in the tables. This year, as the Company transitions to the new compensation disclosure format, the Summary Compensation Table includes information only for 2006. The Summary Compensation Table in the proxy statement for the 2008 annual shareholders meeting will include information for 2006 and 2007. The Summary Compensation Table in the proxy statement for each annual meeting thereafter will include information for three years.

B. The Role of the Compensation Committee

The Compensation Committee of the Board of Directors reviews and administers the Company's compensation policies and practices for the Chief Executive Officer of the Company, the Chairman of the Board of Directors and all other executive officers of the Company. The Compensation Committee currently has four members, all of whom are independent, nonemployee directors.

The Company's financial accounting group supports the Compensation Committee's work by providing information reports to the Compensation Committee. In addition, the Compensation Committee has engaged Mercer Human Resource Consulting, Inc. to:

- Update the comparable company peer group the Compensation Committee uses to analyze executive officer compensation;
- Analyze the compensation earned by the Company's executive officers using data from the peer group as well as published and proprietary surveys;
- Analyze the performance of the Company and the peer group;
- Evaluate the linkage of pay and performance;
- Make recommendations to strengthen the alignment of pay and performance and to improve the competitiveness of executive officer compensation; and
- Prepare a report summarizing all analyses and recommendations and attend the Compensation Committee's annual December meeting to present the report.

Finally, the Compensation Committee bases its compensation decisions for both the Chairman and the Chief Executive Officer of the Company in part on a report from the Corporate Governance and Nominating Committee.

C. Compensation Discussion and Analysis

Compensation Philosophy

The Compensation Committee has adopted an executive compensation policy that rewards executives if the Company achieves its operational, financial and strategic goals and for building shareholder value. For this reason, the compensation paid to executives under the policy is highly performance-based, with the largest potential portion of an executive's total compensation being annual bonus and stock-based awards that reflect the actual performance of the Company. The material elements of the total compensation paid to executives each year under the Company's policy are (i) base salary, (ii) annual cash bonus and stock-based awards, and (iii) retirement, health and welfare and other benefits. While each element of compensation paid to executive officers is significant, the annual cash bonus and stock-based awards have the potential to be the largest amounts of the total compensation paid to executive officers.

The Compensation Committee intends for the compensation earned by executive officers to be commensurate with performance and competitive with the compensation paid to executives at comparable durable goods manufacturing companies. Competitive for this purpose generally means total annual compensation that is within a broad middle range (from the 30th to 60th percentile) of the total annual compensation paid to executives by the comparable companies.

The following fourteen publicly-traded companies were included in the comparable company group the Committee used to review and make compensation decisions for 2006: Dover Corp., Goodrich Corporation, York International Corporation, Teleflex Incorporated, Cooper Tire & Rubber Company, Harsco Corporation, Pentair, Inc. Kennametal Inc., Crane Co., Amphenol Corporation, Walter Industries, Inc., Roper Industries, Inc., Omnova Solutions Inc. and SPX Corporation.

Base Salaries

Base salaries provide a baseline level of compensation to executive officers. Base salaries are not linked to the performance of the Company, because they are intended to compensate executives for carrying out the day-to-day duties and responsibilities of their positions.

The Compensation Committee reviews and adjusts base salary levels in February each year. During the review and adjustment process, the Compensation Committee considers:

- individual performance;
- the duties and responsibilities of each executive officer position;
- the relationship of executive officer pay to the base salaries of senior officers and other employees of the Company; and
- whether the base salary levels are competitive when compared to compensation paid to executives at comparable durable goods manufacturing companies.

The Committee increased the base salaries of all the named executives for 2006. Mr. McKinnish and Mrs. Lowe each received an increase of \$50,000 based on the Committee's review of their individual performance and base salary trends in the comparable company group. Mr. Altmeyer and Mr. Littrell received larger increases (\$72,700 and \$81,875, respectively) based on the Committee's evaluation of their duties and responsibilities as Group Presidents of large operating segments of the Company, their individual performance and base salary trends in the comparable company group. Mr. Popielec's base salary was increased by \$15,000, a smaller increase that reflected his employment by the Company in September 2005, shortly before the February 2006 base salary adjustments.

Annual Cash Bonus Awards

The Compensation Committee also makes bonus awards to the named executives at its February meeting each year. In general, the Committee does not award bonuses to executive officers under a pre-established plan or formula. Instead, the Committee makes bonus awards based on its review of the individual performance of the executives and the financial performance of the Company during the preceding year. The Committee believes that awarding bonuses in this manner keeps executives focused on making decisions that are in the long-term best interests of the Company and its shareholders and not for the purpose of achieving a pre-established performance level over a shorter term.

The only exception to the Committee's general philosophy of awarding bonuses on a purely discretionary basis after the end of each year is the procedure for determining Mr. McKinnish's bonus award. Mr. McKinnish participates in the Senior Management Incentive Compensation Plan of Carlisle

Companies Incorporated (the Incentive Plan), and any annual cash bonus paid to Mr. McKinnish is awarded under the terms of the Incentive Plan. The Incentive Plan ensures that the bonuses paid to Mr. McKinnish will be performance-based compensation under Section 162(m) of the Internal Revenue Code that is fully deductible by the Company for federal income tax purposes.

The Incentive Plan requires the Compensation Committee to adopt at the beginning of each year an objective, performance-based formula for determining the maximum bonus award that Mr. McKinnish may receive for the year. After the end of the year, the Compensation Committee determines the maximum amount that may be awarded to Mr. McKinnish under the formula and exercises its discretion to set the actual amount of the bonus award based on its review of the performance of the Company and Mr. McKinnish. The formula adopted by the Committee for 2006 provided that Mr. McKinnish could receive a maximum bonus equal to 2% of the Company's 2006 consolidated net income from continuing operations or \$3,545,720.

At its February 2007 meeting, the Compensation Committee made cash bonus awards to the named executives for 2006 in the amounts shown in the Summary Compensation Table that follows this CD&A. In addition to their individual performance, the Committee took into account the extent to which the Company achieved management goals given to the named executives at the beginning of the year.

The management goals for Mr. McKinnish and Ms. Lowe and the Company's achievement of the goals were as follows:

- Year-over-year earnings per share growth from continuing operations:

Goal: 13.1% to 17.7%

Actual: 32%

- Return on beginning equity from continuing operations:

Goal: 18% to 21%

Actual: 24.2%

- Organic sales growth:

Goal: 150% of the percentage growth of the United States national gross domestic

product (approximately 4.8% for 2006)

Actual: 14.6%

- Improvement in earnings before interest and taxes margin:

Goal: 40 basis points

Actual: 116 basis points

- Cash flow from operations (excluding impact from the Company's securitization program):

Goal: \$140 million

Actual: \$157 million

- Increase management resources for corporate business development, treasury and investor relations:

In 2006, the Company recruited and employed a new Treasurer and Director of Investor Relations and a new Vice President of Business Development.

The Committee evaluated the performance of Messrs. Popielec, Altmeyer and Littrell by reviewing their contribution to the Company's achievement of the consolidated corporate goals described above and the 2006 performance of the operating groups for which they were responsible, including the following:

Mr. Popielec Group President, Diversified Components (consists of the motion control systems business reported under the Specialty Products segment, the specialty trailer business reported under the

Transportation Products segment and the high-performance wire and cable, the refrigerated truck bodies and foodservice products businesses reported under the General Industry (all other) segment):

- 17.5% increase in sales;
- 38% increase in net earnings;
- Improvement in earnings before interest and taxes margin of 160 basis points to 10.4%; and
- Successful integration of recent acquisitions.

Mr. Altmeyer Group President, Construction Materials (consists of the construction materials business reported under the Construction Materials segment):

- 28% increase in sales;
- Earnings before interest and taxes margin of 15.4%;
- Continued ramp-up of production at new thermoplastic polyolefin (TPO) plant in Utah; and
- Successful start-up of new insulation plants in Utah and Pennsylvania.

Mr. Littrell Group President, Industrial Components (consists of the tire and wheel and power transmission belt businesses reported under the Industrial Components segment):

- 2.2% increase in sales despite softness in consumer outdoor power equipment market;
- Improvement in earnings before interest and taxes margin of 50 basis points to 7.9%;
- Net income of \$35.2 million;
- Increase in power transmission belt production in China; and
- Recruited and employed new president of the power transmission belt business.

Stock-Based Awards

The Compensation Committee follows procedures that are substantially similar to the bonus award procedures for making stock-based awards to executive officers. The Committee makes annual stock-based awards one time each year at the Committee's regularly-scheduled February meeting. All stock-based awards are made under the Company's Executive Incentive Program which imposes the restrictions described below on the terms of the awards. The number of shares included in stock-based awards is not determined under a pre-established formula. Instead, as is the case with bonus awards, all stock-based awards are discretionary based on the Committee's review of the individual performance of the executives and the financial performance of the Company during the preceding year.

In February 2006, the Committee awarded stock options and restricted Shares to the named executives in the amounts shown in the Summary Compensation Table and the Grants of Plan-Based Awards Table that follows this CD&A. The Committee awarded options to encourage the named executives to increase shareholder value over the term of the options. The Committee included restricted Shares in the awards not only to encourage the named executives to increase shareholder value but also to remain employed with the Company over the vesting period of the restricted Shares. In addition to each executive officer's individual performance, the Committee took into account in connection with its stock-based award decisions the following Company performance information for 2005:

- the Company's continuing operations performed favorably in 2005 against prior year sales (+10.5%), earnings (+20.5%);
- the Company's Share price outperformed the S&P 500 Composite Index and the Peer Group Index over the last three and five year periods; and
- quarterly dividends to shareholders increased 6.67%.

The Company's Executive Incentive Program contains certain restrictions on the terms of all stock-based awards. For example, all stock options must be granted with an option exercise price that is equal to or greater than the fair market value of the Shares on the date of award. The Program also expressly prohibits re-setting the option exercise price of stock options. These restrictions insure that any options awarded under the Program will have value to the executives only if the market price of the Shares increases after the date of the award. The Program further requires that restricted Share awards must be subject to a restriction period of at least two (2) years during which the Shares are subject to a substantial risk of forfeiture and may not be transferred. Finally, the Program provides an annual limit on the size of awards. No executive may receive in any one fiscal year period an award of options to acquire more than 100,000 Shares or an award of more than 30,000 Restricted Shares.

The Compensation Committee has never manipulated the timing of stock-based awards to take advantage of non-public information. The Committee is aware that the February meeting during which it makes annual stock-based awards precedes the date the Company releases its fourth quarter and annual financial results. The Committee is also aware that the release will usually affect the market value of the Company's stock and the underlying value of the stock-based awards made to executives at the February meeting. The Committee makes its award decisions in each instance only after carefully reviewing the information to be released about the Company's fourth quarter and annual financial results and all other material nonpublic information. The Committee believes that executives will not necessarily gain over the long run from the short term benefit of a positive release since the Company's stock price fluctuates over time and because all of the awards have multi-year vesting schedules and stock options have historically been held for several years prior to exercise. In addition, any gain from a positive benefit in some years will be offset by earnings releases in other years that negatively affect the market value of the Shares.

The Compensation Committee believes that ownership of the Company's common stock by executive officers aligns their interests with those of the Company's shareholders, enhances retention of executives by providing them an opportunity to accumulate a meaningful ownership interest in the Company and focuses executives on building shareholder value over the long term. Therefore, the Committee has adopted a stock ownership policy for the Company's executive officers, including the named executives. The stock ownership levels under the policy are set forth below. Each executive is required to achieve his or her ownership level by December 31, 2011.

Tier	Executives	Guideline (Shares)	Guideline (Value)(1)	Guideline (Multiple of Salary)
I	CEO	57,000	\$ 4,560,000	Approximately 5 times
II	Group Presidents	18,000	\$ 1,440,000	Approximately 3 times
III	Corporate Vice Presidents	7,500	\$ 600,000	Approximately 2 times
IV	Division Presidents	3,500 - 6,500	\$ 280,000 - \$520,000	0 Approximately 2 times

Retirement and Other Benefits

The Company sponsors the Employee Incentive Savings Plan (the "Savings Plan"), a tax-qualified Code Section 401(k) retirement savings plan, for the benefit of substantially all of its non-union employees, including the named executives. The Savings Plan encourages saving for retirement by enabling participants to save on a pre-tax basis and by providing Company matching contributions.

The Company also sponsors the Retirement Plan for Employees of Carlisle Corporation (the "Retirement Plan"), a tax-qualified retirement plan, that provides retirement income to eligible employees following their retirement from the Company. The table below shows the lump sum present value of the annual annuity benefit earned by the named executives under the Retirement Plan for their credited service through December 31, 2006.

Section 401(a)(17) of the Code limits the amount of annual compensation that tax-qualified plans like the Company's Savings Plan and Retirement Plan may take into account for purposes of determining contributions and benefits. The limit for 2006 was \$220,000 and it is subject to adjustment annually for cost of living increases. To ensure that all participants receive equivalent retirement benefits that are not affected by Internal Revenue Code limits that are subject to change from time to time, the Company maintains an unfunded supplemental pension plan to provide benefits to Retirement Plan participants whose benefits are limited by Section 401(a)(17) of the Code and to certain employees who were employed on or after January 1, 2005 and are not eligible to participate in the Retirement Plan. The table below also shows the lump sum present value of the annual annuity benefit earned by the named executives under the supplement plan.

The Company does not maintain a supplemental plan to make up for any Savings Plan benefits that are limited by Section 401(a)(17) of the Code or any other Code imposed benefit limits.

The named executives also participate in group health, life and other welfare benefit plans on the same terms and conditions that apply to other employees. The named executives do not receive better insurance programs, vacation schedules or holidays or have access to other perquisites such as company cars, lodging, executive dining rooms or executive parking places. In 2006, there was no personal use of the Company aircraft by any of the named executive officers.

The Company does not maintain any non-qualified deferred compensation plans that would allow executives to elect to defer receipt (and taxation) of their base salaries and bonuses.

Post Termination of Employment Benefits

The Company has not entered into employment agreements with any executive officers that provide severance or other benefits following their resignation, termination, retirement, death or disability, except for agreements with certain executive officers (including all of the named executives) that provide severance benefits in the event of a termination of their employment following a change of control of the Company.

The agreements provide that the executives will not, in the event of the commencement of steps to effect a change of control (defined generally as an acquisition of 20% or more of the outstanding voting Shares or a change in a majority of the Board of Directors), voluntarily leave the employ of the Company until the potential acquirer of the Company or control of the Company has terminated his or its efforts to effect a change of control or until a change of control has occurred. The Company believes that these agreements protect the interests of the Company's shareholders by providing financial incentives to executives to represent the best interests of the Company and its shareholders during the periods immediately preceding and following a change of control.

In the event of any termination of an executive's employment (including due to the executive's resignation) within three (3) years of a change of control (other than due to the executive's death or disability or after the executive attains age 65), the executive will be entitled to receive three years' compensation, including bonus, retirement benefits equal to the benefits the executive would have received had he or she completed three additional years of employment, continuation of all life, accident, health, savings, and other fringe benefits for three years, and relocation assistance. (The three year benefit period is reduced if the executive terminates within three years of the date the executive would attain age 65). In addition, the agreements provide that the executive will become fully vested in all outstanding stock option and restricted Share awards.

All of the agreements provide that if any benefits to be provided under the agreements would cause the any payments or benefits to be considered parachute payments that would be nondeductible by the Company under Section 280G of the Code, the payments or benefits will be reduced to the maximum permissible deductible amount under Code Section 280G. Section 280G of the Code defines parachute payments as payments which (i) are compensatory in nature, (ii) are made to or for the benefit of a shareholder, officer or highly compensated individual, (iii) are contingent on a change in ownership or effective control (or change in ownership of a substantial portion of assets) of a corporation, and (iv) together with other parachute payments have an aggregate present value of at least 3 times the average annual compensation earned by the recipient of the payment over the 5 years preceding the date of the change in control.

The following table shows the amounts that would have been payable to the named executive officers if a change of control of the Company had occurred on December 31, 2006 and the named executives' employment was terminated without cause immediately thereafter:

(1) The agreements prohibit the payment of any benefits that would exceed the limit on parachute payments under Section 280G of the Internal Revenue Code. The agreements further provide that the severance benefit otherwise payable under the agreements will be reduced to the extent necessary to comply with the Code Section 280G limitation. Therefore, none of the benefits under the agreements will be subject to the excise tax on excess parachute payments.

(2) Value (based on the closing market price of the Company's common stock on December 29, 2006) of unvested in-the-money stock options that would become vested upon a change of control of the Company.

(3) Value (based on the closing market price of the Company's common stock on December 29, 2006) of unvested shares of restricted stock that would become vested upon a change of control of the Company.

Internal Revenue Code Section 162(m)

Section 162(m) of the Code limits the amount of compensation paid to the named executives in any one fiscal year that may be deducted by the Company for federal income tax purposes. The deduction limitation is currently \$1 million. Performance-based compensation paid under a plan that has been approved by the Company's shareholders is not subject to the deduction limitation.

The Company's Executive Incentive Program has been approved by the Company's shareholders, and the compensation attributable to stock option awards under the program should qualify as performance-based compensation that is fully deductible and not subject to the Code Section 162(m) deduction limit. Compensation attributable to restricted Share awards under the program that vest based on continued employment with the Company is subject to the deduction limit.

The Company's shareholders have also approved the Senior Management Incentive Compensation Plan of Carlisle Companies Incorporated and the bonuses that have been awarded to Mr. McKinnish under that plan should also qualify as performance-based compensation. Some of the bonuses paid to the other named executives for 2006 were subject to the deduction limitation under Section 162(m) of the Code. The Compensation Committee will designate those named executives as additional participants in the Incentive Plan for 2007 to ensure their future bonuses are fully deductible.

The Committee has not adopted a formal policy that requires all compensation paid to the named executives to be fully deductible.

D. Conclusion

The Compensation Committee has reviewed all components of the Chief Executive Officer's and the named executives' compensation, including salary, bonus, equity and long-term incentive compensation, accumulated realized and unrealized stock option and restricted stock gains, the dollar value of all perquisites and other personal benefits as well as the Company's obligations under its pension plans. Based on this review, the Compensation Committee finds the Chief Executive Officer's and the named executives' total compensation, in the aggregate, to be reasonable and appropriate.

(1) The named executive may elect to receive his or her vested benefit under the Retirement Plan as a monthly annuity or in a lump sum payment. Vested benefits under the Supplement Pension Plan are payable only in the form of a monthly annuity. The benefits under the Retirement Plan become vested after the executive completes 5 years of vesting service, or if earlier, the date the executive terminates

employment due to death or disability. The benefits under the Supplemental Plan become vested after the executive completes ten years of vesting service and retires at or after age 55, or if earlier, the date the executive terminates employment due to death or disability.

(2) Note 13 to the Company's consolidated financial statements included in the 2006 Annual Report on Form 10-K includes valuation assumptions and other information relating to the Retirement Plan and Supplement Pension Plan.

(3) The named executives accrue benefits under the Retirement Plan under a cash benefit accrual formula that was added to the plan in 1997. Under the formula, participants accumulate a cash balance benefit based upon a percentage of compensation allocation made annually to the participants' cash balance accounts. The allocation percentage ranges from 2% to 7% of total base salary and annual bonus (including amounts deferred under the Savings Plan and 125 of the Code) depending on each participant's years of service. The cash balance account is further credited with interest annually. The interest credit is based on the One Year Treasury Constant Maturities as published in the Federal Reserve Statistical Release over the one year period ending on the December 31st immediately preceding the applicable plan year. The interest rate for the plan year ending December 31, 2006 was 5.35%.

The Company amended the Retirement Plan to add the cash balance benefit formula effective as of January 1, 1997. The Company included a benefit transition provision in the amendment under which participants who had attained age 45 at the of the amendment could continue to accrue retirement benefits under the Retirement Plan's pre-amendment final average pay benefit formula for up to ten years. Mr. McKinnish is the only named executive who is eligible to benefit under the transition provision, and he will not accrue any further benefit under the transition provision after December 31, 2006.

The benefits under the Supplemental Pension Plan are equal to the difference between the benefits that would have been payable under the Retirement Plan without regard to the compensation limitation imposed by the Code or the limitation on participation in the Retirement Plan that became effective on January 1, 2005 and the actual benefits payable under the Retirement Plan as so limited.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors of the Company is comprised of five nonemployee directors. The Board has made a determination that the members of the Audit Committee satisfy the requirements of the New York Stock Exchange as to independence, financial literacy and experience. The responsibilities of the Audit Committee are set forth in the Charter of the Audit Committee, which was amended and restated on September 3, 2003, and which is reviewed annually by the Committee. The Committee has the sole authority to appoint and terminate the engagement of the independent auditors of the Company and its subsidiaries. The Committee also reviews the arrangements for and the results of the auditors' examination of the Company's books and records, internal accounting control procedures, the activities and recommendations of the Company's internal auditors, and the Company's accounting policies, control systems and compliance activities. The Board has determined that Anthony W. Ruggiero, the Chairman of the Audit Committee, is an audit committee financial expert as defined by the rules of the Securities and Exchange Commission. Below is a report on the Committee's activities relating to fiscal year 2006.

Review of Audited Financial Statements with Management

The Audit Committee reviewed and discussed the audited financial statements with the management of the Company.

Review of Financial Statements and Other Matters with Independent Accountant

The Audit Committee discussed with the independent auditors the audited financial statements and the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU Section 380), as may be modified or supplemented. The Audit Committee has received the written disclosures and the letter from the independent accountants required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), as may be modified or supplemented, and has discussed with the independent accountant the independent accountant's independence. In concluding that the auditors are independent, the Audit Committee considered, among other factors, whether the non-audit services provided by the auditors were compatible with their independence. See "Selection of Auditors" beginning on page 30.

Recommendation that Financial Statements be Included in Annual Report

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the last fiscal year for filing with the SEC.

SELECTION OF AUDITORS

Edgar Filing: CARLISLE COMPANIES INC - Form DEF 14A

On May 4, 2005, the Audit Committee of the Board of Directors of the Company dismissed KPMG LLP (KPMG) as the Company's independent public accounting firm and on May 17, 2005 engaged Ernst & Young LLP (EY) as the Company's independent registered public accounting firm to audit the Company's financial statements and the effectiveness of the Company's internal controls over financial reporting. EY has served as the Company's auditors for the years-ended December 31, 2005 and 2006. EY's engagement commenced on May 17, 2005.

The audit reports of KPMG on the Company's consolidated financial statements as of and for the year ended December 31, 2004 as well as the audit report of KPMG on management's assessment of the effectiveness of internal control over financial reporting as of December 31, 2004 and the effectiveness of internal control over financial reporting as of December 31, 2004 did not contain an adverse opinion or disclaimer of opinion, nor were such audit reports qualified or modified as to uncertainty, audit scope or accounting principle.

During the year ended December 31, 2004, and through May 4, 2005, there were no disagreements with KPMG on any matter of accounting principle or practice, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of KPMG, would have caused them to make reference thereto in their audit reports on the Company's financial statements for such years.

During the year ended December 31, 2004, and through May 4, 2005, there were no reportable events requiring disclosure pursuant to paragraph (a)(1)(v) of Item 304 of Regulation S-K.

The Company provided KPMG with a copy of the foregoing disclosures. Attached as Exhibit 16.1 to the Company's related Form 8-K, dated May 10, 2005, is a copy of KPMG's letter, dated May 10, 2005, stating its agreement with such statements.

During the year ended December 31, 2004, and prior to the date the Company engaged EY, the Company did not consult EY with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements or internal controls over financial reporting, or any other matters or reportable events as set forth in paragraph (a)(2)(i) and (ii) of Item 304 of Regulation S-K.

The Audit Committee has decided to retain EY to audit the accounts of the Company and its subsidiaries for the year ending December 31, 2007. One or more representatives of EY are expected to be present at the Annual Meeting and will be given an opportunity to make a statement, if they so desire, and to respond to appropriate questions of shareholders in attendance.

All services provided, or to be provided, by the Company's independent public accountants are subject to a pre-approval requirement of the Audit Committee. At its September 2006 meeting, the Audit Committee delegated to Mr. Ruggiero, the Chairman of the Audit Committee, pre-approval authority with respect to certain permissible non-audit services for 2006. Mr. Ruggiero's pre-approval authority was limited, in the aggregate, to engagements costing no more than \$200,000.

Set forth below are the fees billed to the Company by EY and KPMG for the years ended December 31, 2006 and 2005.

	2006(a)	2005(b)
Audit Fees	\$ 2,555,130	\$ 2,603,465
Audit Related Fees	\$ 284,321	\$ 111,656
Tax Fees	\$ 0	\$ 66,913
All Other Fees	\$ 0	\$ 6,190

(a) The audit fees for 2006 include \$76,430 billed by KPMG for certain consents.

(b) The audit fees for 2005 include \$333,930 billed by KPMG for certain consents.

SHAREHOLDER PROPOSALS FOR PRESENTATION AT THE 2008 ANNUAL MEETING

If a shareholder of the Company wishes to present a proposal for consideration for inclusion in the Proxy Statement for the 2008 Annual Meeting, the proposal must be sent by certified mail-return receipt requested and must be received at the executive offices of the Company, 13925 Ballantyne Corporate Place, Suite 400, Charlotte, North Carolina 28277, Attn: Secretary, no later than November 12, 2007. All proposals must conform to the rules and regulations of the Securities and Exchange Commission. The SEC has amended Rule 14a-4, which governs the use by the Company of discretionary voting authority with respect to other shareholder proposals. SEC Rule 14a-4(c)(1) provides that, if the proponent of a shareholder proposal fails to notify the Company at least forty-five (45) days prior to the month and day of mailing the prior year's proxy statement, the proxies of the Company's management would be permitted to use their discretionary authority at the Company's next annual meeting of shareholders if the proposal were raised at the meeting without any discussion of the matter in the proxy statement. For purposes of the Company's 2007 Annual Meeting of Shareholders, the deadline is January 20, 2008.

VOTING BY PROXY AND CONFIRMATION OF BENEFICIAL OWNERSHIP

To ensure that your Shares will be represented at the Annual Meeting, please complete, sign, and return the enclosed Proxy in the envelope provided for that purpose whether or not you expect to attend. Shares represented by a valid proxy will be voted as specified.

Any shareholder may revoke a proxy by a later-dated proxy or by giving notice of revocation to the Company in writing (addressed to the Company at 13925 Ballantyne Corporate Place, Suite 400, Charlotte, North Carolina 28277 Attention: Secretary) or by attending the Annual Meeting and voting in person.

The number of votes that each shareholder will be entitled to cast at the Annual Meeting will depend on when the Shares were acquired and whether or not there has been a change in beneficial ownership since the date of acquisition, with respect to each of such holder's Shares.

Shareholders whose Shares are held by brokers or banks or in nominee name are requested to confirm to the Company how many of the Shares they own as of February 23, 2007 were beneficially owned before February 23, 2003, entitling such shareholder to five votes per Share, and how many were acquired after February 22, 2003, entitling such shareholder to one vote per Share. If no confirmation of beneficial ownership is received from a shareholder prior to the Annual Meeting, it will be deemed by the Company that beneficial ownership of all such Shares was effected after February 22, 2003, and the shareholder will be entitled to one vote for each Share. If a shareholder provides incorrect information, he or she may provide correct information at any time prior to the voting of his or her Shares at the Annual Meeting.

Proxy Cards are being furnished to shareholders of record on February 23, 2007 whose Shares on the records of the Company show the following:

- (i) that such shareholder had beneficial ownership of such Shares before February 23, 2003, and there has been no change since that date, thus entitling such shareholder to five votes for each Share; or
- (ii) that beneficial ownership of such Shares was effected after February 22, 2003, thus entitling such shareholder to one vote for each Share; or
- (iii) that the dates on which beneficial ownership of such Shares were effected are such that such shareholder is entitled to five votes for some Shares and one vote for other Shares.

Printed on the Proxy Card for each individual shareholder of record is the number of Shares for which he or she is entitled to cast five votes each and/or one vote each, as the case may be, as shown on the records of the Company.

Shareholders of record are urged to review the number of Shares shown on their Proxy Cards in the five-vote and one-vote categories. If the number of Shares shown in a voting category is believed to be incorrect, the shareholder should notify the Company in writing of that fact and either enclose the notice along with the Proxy Card in the postage-paid, return envelope, or mail the notice directly to the Company at the address indicated above. The shareholder should identify the Shares improperly classified for voting purposes and provide information as to the date beneficial ownership was acquired. Any notification of improper classification of votes must be made at least three (3) business days prior to the Annual Meeting or the shareholder will be entitled at the Annual Meeting to the number of votes indicated on the records of the Company.

In certain cases record ownership may change but beneficial ownership for voting purposes does not change. The Restated Certificate of Incorporation of the Company states the exceptions where beneficial ownership is deemed not to have changed upon the transfer of Shares. Shareholders should consult the pertinent provision of the Restated Certificate of Incorporation attached as Exhibit A to this Proxy Statement for those exceptions.

By resolution duly adopted by the Board of Directors of the Company pursuant to subparagraph B(v) of Article Fourth of the Restated Certificate of Incorporation, the following procedures have been adopted for use in determining the number of votes to which a shareholder is entitled.

- (i) The Company may accept the written and signed statement of a shareholder to the effect that no change in beneficial ownership has occurred during the four years immediately preceding the date on which a determination is made of the shareholders of the Company who are entitled to vote or take any other action. Such statement may be abbreviated to state only the number of Shares as to which such shareholder is entitled to exercise five votes or one vote.
- (ii) In the event the Vice President, Treasurer of the Company, in his or her sole discretion, taking into account the standards set forth in the Company's Restated Certificate of Incorporation, deems any such statement to be inadequate or for any reason deems it in the best interest of the Company to require further evidence of the absence of change of beneficial ownership during the four-year period preceding the record date, he or she may require such additional evidence and, until it is provided in form and substance satisfactory to him or her, a change in beneficial ownership during such period shall be deemed to have taken place.
- (iii) Information supplementing that contemplated by paragraph (i) and additional evidence contemplated by paragraph (ii) may be provided by a shareholder at any time but must be furnished at least three business days prior to any meeting of shareholders at which such Shares are to be voted for any change to be effective at such meeting.

VOTING PROCEDURES

Edgar Filing: CARLISLE COMPANIES INC - Form DEF 14A

The presence, in person or by proxy, of the owners of a majority of the votes entitled to be cast is necessary for a quorum at the Annual Meeting.

All Shares in the Company's Employee Incentive Savings Plan that have been allocated to the account of a participant for which the Trustee receives voting instructions will be voted in accordance with those instructions and all such Shares for which the Trustee does not receive voting instructions will not be voted.

OTHER MATTERS

Edgar Filing: CARLISLE COMPANIES INC - Form DEF 14A

As of the date of this Proxy Statement, the Board of Directors of the Company knows of no other business which will be or is intended to be presented at the Annual Meeting. Should any further business come before the Annual Meeting or any adjourned meeting, it is the intention of the proxies named in the enclosed Proxy to vote according to their best judgment.

Voting Procedures - Beneficial Owners

Common Stock of Carlisle Companies Incorporated

To All Banks, Brokers and Nominees:

Carlisle Companies Incorporated (Carlisle) shareholders who were holders of record on February 23, 2007 and who acquired Carlisle Common Stock before February 23, 2003, will be entitled to cast five votes per share at the Annual Meeting to be held on April 20, 2007. Those holders of record who acquired their shares after February 22, 2003 are, with certain exceptions, entitled to cast one vote per share on the Common Stock they own.

To enable Carlisle to tabulate the voting by beneficial owners of Common Stock held in your name, a special proxy has been devised for use in tabulating the number of shares entitled to five votes each and one vote each. On this card, the beneficial owner must confirm the numbers of five-vote shares and one-vote shares, respectively, he or she is entitled to vote, and by the same signature, gives instructions as to the voting of those shares. ALL UNINSTRUCTED SHARES WILL BE VOTED UNDER THE 10-DAY RULE. ALL SHARES WHERE BENEFICIAL OWNERSHIP IS NOT CONFIRMED, WHETHER INSTRUCTED OR NOT, WILL BE LISTED AS ONE-VOTE SHARES. THIS IS NOT TO BE REGARDED AS A NON-ROUTINE VOTE MERELY BECAUSE OF THE NATURE OF THE VOTING RIGHTS OF THE COMMON STOCK. The confirmation of beneficial ownership is as follows:

VOTING CONFIRMATION

Please provide the number of shares beneficially owned for each category as of February 23, 2007.

_____ shares beneficially owned BEFORE February 23, 2003 entitled to five votes each.

_____ shares beneficially owned and acquired AFTER February 22, 2003 entitled to one vote each.

If no confirmation is provided, it will be deemed that beneficial ownership of all shares voted will be entitled to one vote each.

You do not have to tabulate votes. Only record the number of shares shown on the Voting Confirmation Section of the Proxy Card. If no shares are reported on the Proxy Card, record the shares for tabulation purposes as having been acquired **AFTER** February 22, 2003.

If you are a broker, do not confirm shares. Only the beneficial owner confirms shares in each voting category shown on the Proxy Card.

If you are a bank, you may wish to follow your usual procedures and furnish the Proxy Card to the beneficial owner. The beneficial owner will vote his beneficial ownership including the completion of the information required by the Voting Confirmation. The beneficial owner may return the Proxy Card either to you or to Carlisle Companies Incorporated c/o Computershare Investor Services, 7600 South Grant Street, Burr Ridge, Illinois 60527.
