**Item 2.05        Costs Associated with Exit or Disposal Activities.**

On July 15, 2009, the Board of Directors ( Buckeye s Board ) of Buckeye GP LLC, the general partner of Buckeye Partners, L.P. ( Buckeye ), approved a comprehensive reorganization of Buckeye s operations. In early 2009, Buckeye began a best practices review of its business processes and organizational structure to identify improved efficiencies and cost savings in response to rapidly changing needs in the energy markets. This review culminated in the approval of an organizational restructuring by Buckeye s Board.

The organizational restructuring includes a workforce reduction of approximately 260 employees, or nearly 25% of Buckeye s workforce. The program will commence immediately and is expected to be substantially completed by the end of 2009. From June 18 to June 29, 2009, Buckeye offered certain eligible employees the option of enrolling in a voluntary early retirement program, of which 85 employees accepted. The remaining affected positions were eliminated involuntarily. The restructuring also will include the relocation of some employees consistent with the goals of the reorganization.

In connection with this organizational restructuring, Buckeye expects to incur charges to income in 2009 that are estimated to be \$30-34 million. Buckeye expects to incur cash expenditures in 2009 in connection with the restructuring that are estimated to be \$32-36 million. A portion of the retirement obligations included in the estimated cash expenditures were previously accrued in Buckeye s financial statements.

Buckeye estimates that the total charges to income in 2009 in connection with the restructuring will include approximately \$15 million for severance payments and approximately \$7 million for retirement benefits under the Buckeye Pipe Line Services Company Retirement Income Guarantee Plan.

Buckeye GP Holdings L.P. ( BGH ) owns and controls Buckeye s general partner, and BGH s only cash-generating assets are its partnership interests in Buckeye. As a result, Buckeye s financial results are consolidated into BGH s financial statements, and the charges to Buckeye s income described in this Item 2.05 and in Item 2.06 below will similarly affect BGH s financial statements.

**Item 2.06        Material Impairments.**

On July 15, 2009, Buckeye s Board approved Buckeye s recording a non-cash charge in the second quarter of 2009 for a material impairment to its natural gas liquids pipeline system that spans from Wattenberg, Colorado to Bushton, Kansas. This decision was made in response to significant volume losses to a competitive pipeline system. Buckeye estimates that the non-cash charge will be approximately \$65-75 million.
