**Item 1.01 Entry into a Material Definitive Agreement. *and***

**Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant**

On March 5, 2010, NeuroMetrix, Inc., or the Company, entered into a one year Loan and Security Agreement, or the credit facility, with Comerica Bank, which permits the Company to borrow up to \$7.5 million on a revolving basis. Amounts borrowed under the credit facility will bear interest equal to the prime rate plus 0.5%. Any borrowings under the credit facility will be secured by the Company's cash, accounts, inventory, equipment, chattel paper, documents, general intangibles (excluding intellectual property), instruments, investment property and letter of credit rights.

The credit facility includes traditional lending and reporting covenants including that certain financial covenants applicable to liquidity are to be maintained by the Company. The credit facility also includes several potential events of default such as payment default, material adverse change conditions and insolvency conditions that could (i) cause interest to be charged at a rate two percentage points above the interest rate applicable immediately prior to the occurrence of the event of default, or (ii) for any uncured events of default, result in Comerica Bank's right to declare all outstanding obligations immediately due and payable.

The Company intends to utilize the credit facility for ongoing operations and working capital needs. The Loan and Security Agreement will be filed as an exhibit to our Quarterly Report on Form 10-Q for the fiscal quarter ending March 31, 2010.
