Table of Contents

(1) Other than Ares Capital Corporation s (the Company) investments listed in footnote 7 below (subject to the limitations set forth therein), the Company does not Control any of its portfolio companies, for the purposes of the Investment Company Act of 1940, as amended (together with the rules and regulations promulgated thereunder, the Investment Company Act). In general, under the Investment Company Act, the Company would Control a portfolio company if the Company owned more than 25% of its outstanding voting securities (i.e., securities with the right to elect directors) and/or had the power to exercise control over the management or policies of such portfolio company. All of the Company s portfolio company investments, which as of September 30, 2013 represented 168% of the Company s net assets or 95% of the Company s total assets, are subject to legal restrictions on sales.

(2) These assets are pledged as collateral for the Revolving Credit Facility and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than the Company s obligations under the Revolving Credit Facility (see Note 5 to the consolidated financial statements).

(3) These assets are owned by the Company s consolidated subsidiary Ares Capital CP Funding LLC (Ares Capital CP), are pledged as collateral for the Revolving Funding Facility and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than Ares Capital CP s obligations under the Revolving Funding Facility (see Note 5 to the consolidated financial statements).

(4) These assets are owned by the Company s consolidated subsidiary Ares Capital JB Funding LLC (ACJB), are pledged as collateral for the SMBC Funding Facility and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than ACJB s obligations under the SMBC Funding Facility (see Note 5 to the consolidated financial statements).

(5)

Investments without an interest rate are non-income producing.

(6) As defined in the Investment Company Act, the Company is deemed to be an Affiliated Person of a portfolio company because it owns 5% or more of the portfolio company s outstanding voting securities or it has the power to exercise control over the management or policies of such portfolio company (including through a management agreement). Transactions during the nine months ended September 30, 2013 in which the issuer was an Affiliated company (but not a portfolio company that the Company Controls) are as follows:

* Together with GE Global Sponsor Finance LLC and General Electric Capital Corporation (together, GE), the Company co-invests through the Senior Secured Loan Fund LLC d/b/a the Senior Secured Loan Program (the SSLP). The SSLP is capitalized as transactions are completed and all portfolio decisions and generally all other decisions in respect of the SSLP must be approved by an investment committee of the SSLP consisting of representatives of the Company and GE (with approval from a representative of each required); therefore, although the Company owns more than 25% of the voting securities of the SSLP, the Company does not believe that it has control over the SSLP (for purposes of the Investment Company Act or otherwise) because, among other things, these voting securities do not afford the Company the right to elect directors of the SSLP or any other special rights (see Note 4 to the consolidated financial statements).

(8) Non-U.S. company or principal place of business outside the U.S. and as a result is not a qualifying asset under Section 55(a) of the Investment Company Act. Under the Investment Company Act, the Company may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of the Company s total assets.

(9) Excepted from the definition of investment company under Section 3(c) of the Investment Company Act and as a result is not a qualifying asset under Section 55(a) of the Investment Company Act. Under the Investment Company Act, the Company may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of the Company s total assets.

(10) In the first quarter of 2011, the staff of the Securities and Exchange Commission (the Staff) informally communicated to certain business development companies the Staff s belief that certain entities, which would be classified as an investment company under the Investment Company Act but for the exception from the definition of investment company set forth in Rule 3a-7 promulgated under the Investment Company Act, could not be treated as eligible portfolio companies (as defined in Section 2(a)(46) of the Investment Company Act). Subsequently, in August 2011 the Securities and Exchange Commission issued a concept release (the Concept Release) which states that [a]s a

general matter, the Commission presently does not believe that Rule 3a-7 issuers are the type of small, developing and financially troubled businesses in which Congress intended BDCs primarily to invest and requested comment on whether or not a 3a-7 issuer should be considered an eligible portfolio company . The Company provided a comment letter in respect of the Concept Release and continues to believe that the language of Section 2(a)(46) of the Investment Company Act permits a business development company to treat as eligible portfolio companies entities that rely on the 3a-7 exception. However, given the current uncertainty in this area (including the language in the Concept Release) and subsequent discussions with the Staff, the Company has, solely for purposes of calculating the composition of its portfolio pursuant to Section 55(a) of the Investment Company Act, identified these entities in the Company s schedule of investments as non-qualifying assets should the Staff ultimately disagree with the Company s position.

(11) Variable rate loans to the Company's portfolio companies bear interest at a rate that may be determined by reference to either LIBOR or an alternate base rate (commonly based on the Federal Funds Rate or the Prime Rate), at the borrower's option, which reset annually (A), semi-annually (S), quarterly (Q), bi-monthly (B), monthly (M) or daily (D). For each such loan, the Company has provided the interest rate in effect on the date presented.
