BOARD COMMITTEES AND MEETINGS

During the fiscal year ended December 31, 2001 the Board of Directors held four meetings and acted by unanimous written consent two times. The Board has an Audit Committee and a Compensation Committee.

The Audit Committee is currently composed of three directors: Messrs. Brennan, Hummer and Reed. During 2001, the Audit Committee's members were Messrs. Brennan, Hummer and Schlein. It met four times during such fiscal year and did not act by unanimous written consent. All members of the Company's Audit Committee are independent (as independence is defined in Rule 4200(a)(14) of the NASD listing standards). The Board of Directors has adopted a written Audit Committee Charter.

The Compensation Committee makes recommendations concerning salaries and incentive compensation, awards stock options to employees and consultants under the Company's stock option plans and otherwise determines compensation levels and performs such other functions regarding compensation as the Board may delegate. The Compensation Committee is composed of three outside directors: Messrs. Brennan, Hummer and Schlein. It met four times during such fiscal year and acted twice by unanimous written consent. REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS 1

The Audit Committee of the Board is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls. The Audit Committee is composed of independent directors, and acts under a written charter. Each of the members of the Audit Committee is independent as defined in Rule 4200(a)(14) of the NASD listing standards.

The responsibilities of the Audit Committee include recommending to the Board an accounting firm to be engaged as the Company's independent accountants. Additionally, and as appropriate, the Audit Committee reviews and evaluates, and discusses and consults with Company management, Company internal audit personnel, and the independent accountants regarding the following:

- o the plan for, and the independent accountants' report on, each audit of the Company's financial statements;
- o the Company's financial disclosure documents, including all financial statements and reports filed with the SEC or sent to stockholders;
- o changes in the Company's accounting practices, principles, controls or methodologies, or in the Company's financial statements;
- o significant developments in accounting rules;
- o the adequacy of the Company's internal accounting controls, and accounting, financial and auditing personnel; and

The Audit Committee is responsible for recommending to the Board that the Company's financial statements be included in the Company's annual report. The Committee took a number of steps in making this recommendation for 2001. First, the Audit Committee discussed with PricewaterhouseCoopers LLP, the Company's independent accountants for 2001, those matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU Section 380), including information regarding the scope and results of the audit. These communications and discussions are intended to assist the Audit Committee in overseeing the financial reporting and disclosure process. Second, the Audit Committee discussed PricewaterhouseCoopers' independence with PricewaterhouseCoopers and received written disclosure from PricewaterhouseCoopers concerning independence as required under Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. This discussion and disclosure informed the Audit Committee of PricewaterhouseCoopers' independence, and assisted the Audit Committee in evaluating such independence. Finally, the Audit Committee reviewed and discussed, with Company management and PricewaterhouseCoopers, the Company's audited consolidated balance sheets at December 31, 2001 and 2000, and consolidated statements of income, cash flows and stockholders' equity for the years ended December 31, 2001, 2000 and 1999. Based on the discussions with PricewaterhouseCoopers concerning the audit, the independence discussions, and the financial statement review, and such other matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Board that these financial statements be included in the Company's 2001 Annual Report on Form 10-K.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Board of Directors has selected PricewaterhouseCoopers LLP as the Company's independent auditors for the fiscal year ending December 31, 2002 and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. PricewaterhouseCoopers LLP has audited the Company's financial statements since 1997. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Stockholder ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent auditors is not required by the Company's Bylaws or otherwise. However, the Board is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee and the Board in their discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of PricewaterhouseCoopers LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

AUDIT FEES. During the fiscal year ended December 31, 2001, the aggregate fees billed by PricewaterhouseCoopers LLP for the audit of the Company's financial statements for such fiscal year and for the reviews of the Company's interim financial statements was \$170,595.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES. During the fiscal year ended December 31, 2001, PricewaterhouseCoopers LLP did not bill any fees for information technology consulting.

ALL OTHER FEES. During fiscal year ended December 31, 2001, the aggregate fees billed by PricewaterhouseCoopers LLP for professional services other than audit and information technology consulting fees was \$92,000.

The Audit Committee has determined the rendering of all other non-audit services by PricewaterhouseCoopers LLP is compatible with maintaining the auditor's independence.

EXECUTIVE COMPENSATION

COMPENSATION OF DIRECTORS

Directors currently do not receive any cash compensation from the Company for their services as members of the Board of Directors. The members are, however, eligible for reimbursement for their expenses incurred in connection with attendance at Board meetings in accordance with Company policy.

Each non-employee director of the Company is eligible to receive stock option grants under the 1996 Stock Option Plan (the "1996 Plan"). Options granted under the 1996 Plan to non-employee directors are intended by the Company not to qualify as incentive stock options under the Code.

The exercise price of options granted under the 1996 Plan is not less than the fair market value of the Common Stock subject to the option on the date of the option grant. Options granted under the 1996 Plan to non-employee directors may be early exercised at any date after the date of the option grant,

Edgar Filing: EXTENSITY INC - Form DEF 14A

subject to the Company's repurchase rights. The term of options granted to non-employee directors under the 1996 Plan is ten years. In the event of a merger of the Company with or into another corporation or a consolidation, acquisition of assets or other change-in-control transaction involving the Company, each option either will continue in effect, if the Company is the surviving entity, or will be assumed or an equivalent option will be substituted by the successor corporation, if the Company is not the surviving entity. In the event that the successor corporation refuses to assume or substitute for each option, the options granted shall fully vest.

Options granted to non-employee directors are at the discretion of the Board of Directors. During the last fiscal year, the Company granted options covering 25,000 shares to each non-employee director of the Company at an exercise price per share of \$3.63. The Company also granted options covering 50,000 shares to one non-employee director at an exercise price per share of \$6.70. The Board of Directors determined the fair market value of such Common Stock on the dates of grant was \$3.63 per share and \$6.70 per share respectively. As of December 31, 2001, no options had been exercised by non-employee directors under the 1996 Plan.

STOCK OPTION GRANTS AND EXERCISES

The Company grants options to its executive officers under its 1996 Stock Option Plan (the "1996 Plan"). As of December 31, 2001, options to purchase a total of 3,614,167 shares were outstanding under the 1996 Plan and options to purchase 2,095,616 shares remained available for grant thereunder. The options have a time-based vesting provision which encourages employees to remain with the Company. In June 2001, the Company instituted an option exchange program whereby all employees were given the option to cancel certain previously granted options under the 1996 Plan and the 2000 Nonstatutory Stock Option Plan (collectively, the "Plans") in exchange for newly granted options on a one-to-one basis (the "Program"). On June 6, 2001, the Company granted under the Plans options representing 10% of the cancelled options (the "Short-Term Options") to those employees who elected to participate in the Program (the "Participants"). On December 12, 2001, the Company granted under the Plans options representing 90% of the cancelled options to the Participants. The Short-Term Options vested 100% six months after the date of grant and had a term of nine months. All options granted under the Plans, other than Short-Term Options and those options discussed in the Chief Executive Officer Compensation section below, vest 25% after the first year and on a monthly basis thereafter at a rate of 1/48th per month. All options granted under the Plans, other than Short-Term Options, have a term of ten years. In the event of a merger of the Company with or into another corporation or a consolidation, acquisition of assets or other change-in-control transaction involving the Company, each option either will continue in effect, if the Company is the

Furthermore, pursuant to the employment agreement, in the event that Mr. Spinner's employment is terminated without cause or constructively terminated within one year of an acquisition of the Company or similar corporate event, 50% of the then remaining unvested portion of the 1,266,070 options granted to Mr. Spinner in conjunction with his initial employment will become fully vested.

Edgar Filing: EXTENSITY INC - Form DEF 14A

In July 1999, the Company and Mr. Oney entered into an employment agreement providing that in the event that Mr. Oney's employment is terminated without cause or constructively terminated within one year of an acquisition of the Company or similar corporate event, Mr. Oney will be entitled to receive, as severance, six months continuation of salary and six months of accelerated vesting of Mr. Oney's then remaining unvested stock and options.

In August 1999, the Company and Mr. Yarnold entered into an employment agreement providing that in the event that Mr. Yarnold's employment is terminated without cause or constructively terminated within one year of an acquisition of the Company or similar corporate event, Mr. Yarnold will be entitled to receive, as severance, six months continuation of salary and nine months of accelerated vesting of Mr. Yarnold's then remaining unvested stock and options.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION 11

The Compensation Committee is currently composed of three outside directors: Messrs. Brennan, Hummer and Schlein. The Compensation Committee is responsible for establishing the Company's compensation programs for all employees, including executives. For executive officers, the Compensation Committee evaluates performance and determines compensation policies and levels.

COMPENSATION PHILOSOPHY

The goals of the compensation program are to align compensation with business objectives and performance and to enable the Company to attract and retain the highest quality executive officers and other key employees, reward them for the Company's progress and motivate them to enhance long-term stockholder value. Key elements of this philosophy are as follows:

- o The Company pays competitively with comparable technology companies, both inside and outside its industry, with which the Company competes for talent. To ensure that compensation is competitive, the Company compares its practices with software companies and sets its parameters based on this comparison.
- o The Company maintains short to long-term incentive opportunities sufficient to provide motivation to achieve specific operating goals and to generate rewards that bring total compensation to competitive levels.
- o The Company provides significant equity-based incentives for executives and other key employees to ensure that they are motivated over the long-term to respond to the Company's business challenges and opportunities as owners and not just as employees.

BASE SALARY. The Compensation Committee annually reviews each executive officer's base salary. When reviewing base salaries, the Compensation Committee considers individual and corporate performance, levels of responsibility, prior experience, breadth of knowledge and competitive pay practices. Except for one executive officer,

11 With the exception of the material contained in the Option Repricing Information section, the material in this report is not "soliciting material,"

is not deemed "filed" with the SEC, and is not to be incorporated by reference into any filing of the Company under the 1933 Act or 1934 Act, whether made before or after the date hereof and irrespective of any general incorporation language contained in such filing.

13

base salaries for all executive officers remained unchanged for fiscal 2001 compared to fiscal 2000. The one increase was due solely to keep that executive base salary within the range of competitive salaries for comparable companies.

The Company has also adopted the Management By Objective Bonus Plan (the "MBO Bonus Plan") for employees of the Company, including all executive officers. Cash bonuses are paid on a quarterly basis based upon achievement of certain specified corporate goals and individual goals. The Compensation Committee determines the amount of bonus to be paid on an individual basis.

Amounts reflected as "bonuses" in the "Summary Compensation Table" above, were paid based on the criteria set forth in the MBO Bonus Plan.

LONG-TERM INCENTIVES. The Company's long-term incentive program consists of the 1996 Stock Option Plan (the "1996 Plan") and the 2000 Nonstatutory Stock Option Plan (the "Nonstatutory Plan"). In fiscal 2001, the Company granted 825,000 stock options to its executive officers under the 1996 Plan, and no shares have been awarded under the Nonstatutory Plan. The Compensation Committee awarded these grants in order to provide significant links between executive compensation and stockholder interests. Such grants were intended to provide incentive to successfully achieve certain specified revenue and profitability targets and to maximize stockholder value over the next several years. The 1996 Plan utilizes a combination of vesting plans designed to enhance the long-term goals of the Company. The options have a time-based vesting provision which encourages employees to remain with the Company. Except for certain options granted to the Chief Executive Officer as discussed below, the 1996 Plan options vest 25% after the first year and on a monthly basis thereafter at a rate of 1/48th per month, which the Company believes provides a strong incentive for employees to remain with the Company.

Future grants will be made under both the 1996 Plan and the Nonstatutory Plan. Employees are also allowed to participate in the Company's Employee Stock Purchase Plan (the "ESPP").

CORPORATE PERFORMANCE AND CHIEF EXECUTIVE OFFICER COMPENSATION

Mr. Spinner's base salary and bonus are based on the Company achieving several key objectives. For fiscal year 2001, these objectives included achieving specified financial performance for the Company, the successful transition to new technology and an increase in market share. Mr. Spinner's base salary during fiscal 2001 as President and Chief Executive Officer was \$280,305. Mr. Spinner was also eligible for a \$100,000 performance bonus. Mr. Spinner requested, however, that he not be considered for this bonus for the 2001 fiscal year. In fiscal 2001, Mr. Spinner received 440,000 option re-grants, replacing previously cancelled stock options, for 440,000 shares of Common Stock. The vesting commencement date of these grants is January 1, 2003, and these options shall vest monthly over a twenty four month period following the vesting commencement date. These replacement grants were issued pursuant to the Option Exchange Program, which is detailed in the Compensation of Executive Officers section above and in the Option Repricing Information section below.

LIMITATION ON DEDUCTION OF COMPENSATION PAID TO CERTAIN EXECUTIVE OFFICERS

Edgar Filing: EXTENSITY INC - Form DEF 14A

Section 162(m) of the Internal Revenue Code (the "Code") limits the Company to a deduction for federal income tax purposes of no more than \$1 million of compensation paid to certain Named Executive Officers in a taxable year. Compensation above \$1 million may be deducted if it is "performance-based compensation" within the meaning of the Code.

The statute containing this law and the applicable regulations offer a number of transitional exceptions to this deduction limit for pre-existing compensation plans, arrangements and binding contracts. As a result, the Compensation Committee believes that at the present time it is quite unlikely that the compensation paid to any Named Executive Officer in a taxable year which is subject to the deduction limit will exceed \$1 million. Therefore, the Compensation Committee has not yet established a policy for determining which forms of incentive compensation awarded to its Named Executive Officers shall be designed to qualify as "performance-based compensation." The Compensation Committee intends to continue to evaluate the effects of the statute and regulations and to comply with Code Section 162(m) in the future to the extent consistent with the best interests of the Company.

14

OPTION REPRICING INFORMATION

The Company believes a cornerstone of its success has been the retention and motivation of its employees through the Company's long-term incentive program, which includes the 1996 Plan and the Nonstatutory Plan (collectively, the "Plans"). Many of the outstanding options under the Plans, however, had exercise prices that were significantly higher than the then current market price of the Company's Common Stock. Accordingly, these options no longer provided the intended long-term incentive and the Company determined it was appropriate to offer an exchange program.

In June 2001, the Company instituted an option exchange program whereby all employees were given the option to cancel certain previously granted options in exchange for newly granted options on a one-to-one basis (the "Program"). On June 6, 2001, the Company granted under the Plans options representing 10% of the cancelled options (the "Short-Term Options") to those employees who elected to participate in the Program (the "Participants"). On December 12, 2001, the Company granted under the Plans options representing 90% of the cancelled options to the Participants. All options granted under the Program have an exercise price equal to the market price of the Company's Common Stock on the date of grant. The Short-Term Options vested 100% six months after the date of grant and had a term of nine months. All options granted under the Program, other than Short-Term Options, vest 25% after the first year and on a monthly basis thereafter at a rate of 1/48th per month. All options granted under the Program, other than Short-Term Options, have a term of ten years.

The table on the following page shows certain information concerning the repricing of options received by executive officers under the Program since the Company's Initial Public Offering.

CONCLUSION

Through the plans described above, a significant portion of the Company's executive compensation program, including Mr. Spinner's compensation, is contingent on Company performance, and realization of benefits is closely linked to increases in long-term stockholder value. The Company remains committed to this philosophy of pay for performance, recognizing that the competitive market for talented executives and the volatility of the Company's business may result in highly variable compensation for a particular time period.

CERTAIN TRANSACTIONS

At December 31, 2001, the Company had loans outstanding in the principal amount of \$250,000.00 to Mr. Smith and \$94,999.50 to Mr. Oney, each of whom are executive officers of the Company. Mr. Smith's loan was entered into in January 2000 and Mr. Oney's loan was entered into in August 1999. The loans were entered into for the purpose of assisting each such officer with the early exercise of certain of their stock option grants. Each such loan is evidenced by a full recourse promissory note secured either by shares of the Company's Common Stock or other collateral securing each such loan valued in excess of the principal balance of each such loan. DELIVERY OF THIS PROXY STATEMENT

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements with respect to two or more security holders sharing the same address by delivering a single proxy statement addressed to those security holders. This process, which is commonly referred to as "householding," potentially means extra convenience for securityholders and cost savings for companies.

This year, a number of brokers with account holders who are Extensity, Inc. stockholders may be "householding" our proxy materials. A single proxy statement would be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement, please notify your broker, direct your written request to Corporate Secretary, Extensity, Inc., 2200 Powell Street, Suite 300 Emeryville, CA 94608 or contact Kenneth R. Hahn at (510) 594-5755.

Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request "householding" of their communications should contact their broker.

A COPY OF THE COMPANY'S ANNUAL REPORT TO THE SECURITIES AND EXCHANGE COMMISSION ON FORM 10-K FOR THE FISCAL YEAR ENDED DECEMBER 31, 2001 IS AVAILABLE WITHOUT CHARGE UPON WRITTEN REQUEST TO: CORPORATE SECRETARY, EXTENSITY, INC., 2200 POWELL STREET, SUITE 300, EMERYVILLE, CA 94608.
