PROXY STATEMENT
FOR THE 2015 ANNUAL MEETING OF SHAREHOLDERS

We are furnishing the proxy materials over the Internet pursuant to the rules of the U.S. Securities and Exchange Commission (“SEC”). On or about March 20, 2015, we began mailing to our shareholders of record as of the close of business of March 3, 2015 a Notice of Internet Availability of Proxy Materials (the “Notice”) containing instructions on how to access this proxy statement and our annual report and how to cast your vote. You will not receive a paper copy of the proxy materials unless you request one. The Notice will contain instructions on how to access the proxy materials over the Internet and vote online or by telephone. The Notice also contains instructions on how to request a paper copy of our proxy materials, free of charge.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Shareholders to be held on April 30, 2015: This proxy statement, our 2014 Annual Report, the form of proxy and voting instructions are being made available to shareholders of record of our Class A and Class B common stock on or about March 20, 2015 at www.proxyvote.com. INFORMATION ABOUT VOTING, SOLICITATION AND THE ANNUAL MEETING

Who can vote?

To be able to vote, you must have been a holder of record of our common stock at the close of business on March 3, 2015. This date is the “record date” for the 2015 Annual Meeting. Shareholders of record on the record date are entitled to receive notice of, attend, and vote on each proposal at the annual meeting or on any postponement or adjournment of the meeting. As of the close of business on the record date, there were 26,605,438 shares of our common stock outstanding, consisting of 2,377,689 issued and outstanding shares of Class A common stock (“Class A shares”) and 24,227,749 issued and outstanding shares of Class B common stock (“Class B shares”). Class A shares and Class B shares are sometimes referred to collectively in this proxy statement as “common stock.”

How many votes do I have?

You are entitled to one vote per each share of our common stock that you owned on the record date on each matter that is presented for consideration. All shares of our common stock will vote together as a single class on all matters brought before the meeting.

How do I vote if I am the holder of record of my shares?

If your shares of common stock are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, and not through a brokerage firm, bank, broker-dealer or other similar organization, you are considered the “shareholder of record” with respect to those shares. We have sent the Notice directly to you. If you are the shareholder of record or “record holder” of your shares, you may vote in one of the following four ways:

· Through the Internet. Vote by following the instructions on the Notice or going to the Internet address stated on your proxy card.

· By telephone. Call the telephone number provided on your proxy card.

· By mail. If you requested and received a printed copy of the proxy materials or downloaded the proxy materials over the Internet, you can complete and sign your proxy card and mail it to the following address:

Triple-S Management Corporation
c/o Broadridge Financial Solutions, Inc.
51 Mercedes Way
Edgewood, New York 11717

· In person. Attend the annual meeting and vote in person or by submitting your proxy card at the meeting. You may contact us at (787) 749-4025 to obtain direction to the location of the meeting.

Follow the instructions outlined in the Notice to request a proxy card in order to submit your vote by mail. If you vote via the Internet or by phone, do not return the proxy card.

The Internet and telephone voting facilities will close at 11:59 p.m., Eastern Daylight time, on April 29, 2015. If you plan to vote by mail, your proxy card must be received no later than 12:00 p.m., Eastern Daylight Time, on April 29, 2015.

In order to ensure that your proxy card is voted according to your instructions and to avoid delays in ballot taking and counting, we request that you provide your full title when signing a proxy as attorney-in-fact, executor, administrator, trustee, guardian, authorized officer of a corporation, or on behalf of a minor. If shares are registered in the name of more than one record holder, all record holders must sign the proxy card.

Table of Contents

How do I vote if my shares are held in “street name”?

If your shares are held in an account at a stock brokerage firm, bank, broker-dealer or other similar organization, then you are the “beneficial owner” of shares held in “street name.” Such organization is considered to be the shareholder of record with respect to those shares. If you hold your shares of common stock in street name you will receive the Notice from that organization with instructions on how to vote your shares. The organization that holds your shares will allow you to deliver your voting instructions via the Internet and may also permit you to submit your voting instructions by telephone. In addition, you may request paper copies of our proxy statement and proxy card by following the instructions on the Notice provided by the organization.

If you are a beneficial owner of shares held in street name and wish to vote in person at the annual meeting, you must present a “legal proxy,” issued in your name by the organization that holds your shares to be admitted to the meeting. A legal proxy is a document that will authorize you to vote your shares held in street name at the meeting. Please contact the organization that holds your shares for instructions on how to obtain a legal proxy. You must bring a copy of the legal proxy to the annual meeting and ask for a ballot from an usher when you arrive. In order for your vote to be counted, you must hand both the copy of the legal proxy and your completed ballot to an usher to be provided to the inspector of election.

Why did I receive a “Notice of Internet Availability of Materials” instead of a printed copy of the proxy materials?

We have elected to deliver our proxy materials to all our shareholders under the “notice and access” rules of the SEC. If you are a shareholder of record, you will not receive a printed copy of the proxy materials unless you request one. We encourage you to take advantage of the availability of the proxy materials over the Internet to help reduce the environmental impact of our annual meeting, and reduce the cost associated with printing and mailing of proxy materials.

How can I request a printed copy of the proxy materials?

You may request a printed copy of the proxy materials by any of the following methods:

- By telephone at 1-800-579-1639;
- Access www.proxyvote.com over the Internet;
- By e-mail at sendmaterial@proxyvote.com; or

Please make the request on or before April 16, 2015 to facilitate timely delivery.

What should I do if I receive more than one Notice?

You may receive more than one Notice. For example, you may receive a separate Notice if: (i) you hold Class A and Class B shares, or (ii) you hold Class B shares in more than one brokerage account. Please vote all your shares over the Internet, by telephone, or by signing and mailing all proxy cards or voting instructions forms that you receive.

Can I change or revoke my vote after I have voted?

Yes. You can change your vote or revoke your proxy at any time before the taking of votes at the annual meeting by:

- delivering a written notice of revocation to our Secretary at or before the meeting;

- submitting another proxy by telephone or via the Internet prior to the applicable cutoff time;
- submitting another proxy by mail prior to the applicable cutoff time;

7

Table of Contents

presenting to our Secretary, before or at the meeting before polls close, a later dated proxy executed by the person who executed the prior proxy; or

voting in person at the meeting.

If you provide more than one proxy, the properly signed proxy having the latest date will revoke any earlier proxy. Attendance at the meeting will not automatically revoke a proxy unless you properly vote at the meeting or specifically request that your prior proxy be revoked. Any written notice of revocation or delivery of a subsequent proxy by a shareholder of record may be sent to our Secretary at Triple-S Management Corporation, 1441 F.D. Roosevelt Avenue, 6th Floor, San Juan, Puerto Rico 00920, or hand delivered to our Secretary at or before the voting at the annual meeting.

If your shares are held in street name by an organization, you must contact that organization to change your vote or, if you intend to be present and vote at the meeting, bring the legal proxy issued in your name by such organization to the meeting.

Who may be present at the meeting?

Only shareholders of record and beneficial owners with a legal proxy issued in their name by their respective organization holding their shares may be present at the meeting. No other person, including persons accompanying a shareholder, will be allowed at the meeting. Please bring a valid form of photo identification, such as a driver's license or passport, to corroborate your identity as one of our shareholders.

No video or audio recording will be allowed during the meeting.

What constitutes a quorum for the meeting?

The presence at the beginning of the meeting, in person or by proxy, of one third (1/3) of the shares entitled to vote will constitute a quorum for the meeting. As of the record date, 26,605,438 shares of common stock were issued and outstanding. Shares of common stock represented in person or by proxy, "broker non-votes," as discussed below, and shares that abstain or do not vote with respect to a particular proposal, will be treated as shares that are present for purposes of determining whether a quorum exists at the meeting.

We urge you to vote by proxy even if you plan to attend the meeting so that we will know as soon as possible that enough shares will be present to constitute a quorum in order for us to hold the meeting. If a quorum is not present, we may propose to adjourn the meeting to solicit additional proxies.

What happens if I do not give specific voting instructions?

If you are a shareholder of record and you indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board, or sign and return a proxy card without giving specific voting instructions, then the persons named as proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this proxy statement and, as proxy holders, may determine in their discretion with respect to any other matters properly presented for a vote at the meeting and at any postponement or adjournment thereof.

If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions then, under applicable rules, the organization that holds your shares may generally vote on "routine" matters but cannot vote on "non-routine" matters unless the organization receives voting instructions from you. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization will inform the inspector of election that it does not have the authority to

vote on this matter with respect to your shares. This is generally referred to as a “broker non-vote.” In order to minimize the number of broker non-votes, the Company encourages you to vote or provide voting instructions with respect to each proposal to the organization that holds your shares by carefully following the instructions provided in the Notice or voting instruction form.

8

Table of Contents

Which proposals are considered routine or non-routine?

The election of directors (Proposal 1) and the advisory resolution to approve the compensation of our NEOs (Proposal 3) are considered non-routine matters under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore broker non-votes may exist in connection with Proposals 1 and 3. The ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the current year (Proposal 2) is considered a routine matter under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore it is likely that no broker non-votes will exist in connection with Proposal 2.

What vote is required to approve each proposal?

Proposal 1 – Election of Directors. A nominee must be elected to our Board by the affirmative vote of a majority of votes cast with respect to such nominee by the shares of common stock entitled to vote and present at the meeting or represented by proxy. If shareholders do not elect a director nominee who is already serving as a director, Puerto Rico corporation law provides that the director will continue to serve on our Board as a “holdover” director until his or her successor is elected.

Proposal 2 – Ratification of the Selection of the Independent Registered Public Accounting Firm. The approval of this proposal requires the affirmative vote of a majority of votes cast with respect to this proposal by the shares of common stock entitled to vote and present at the meeting or represented by proxy.

Proposal 3 – An Advisory Resolution to Approve the Compensation of Our Named Executive Officers. The approval of this proposal requires the affirmative vote of a majority of votes cast with respect to this proposal by the shares of common stock entitled to vote and present at the meeting or represented by proxy.

An “affirmative vote of a majority of votes cast” on a proposal means that the votes cast “for” the proposal exceeds the votes cast “against” such proposal. Abstentions and broker non-votes will not count as a vote “for” or “against” the proposal and thus will have no effect in determining whether the proposal has received the affirmative vote of a majority of the votes cast at the meeting.

Who will count the votes?

A representative of Broadridge Financial Solutions, Inc., an independent third party, will act as the inspector of the election and tabulate the votes cast by proxy or in person at the meeting.

What are the Board’s recommendations?

The Board’s recommendation for each proposal is set forth below.

Election of Directors (page 11).	The Board recommends a vote “FOR” each nominee.
Ratification of the Selection of the Independent Registered Public Accounting Firm (page 16)	The Board recommends a vote “FOR” this proposal.
Advisory Resolution to Approve the Compensation of Our Named Executive Officers (page 18)	The Board recommends a vote “FOR” this proposal.

Will any other business be conducted on at this meeting?

We do not know of any other business that may come before the meeting other than as described in the Notice. The chair of the meeting will declare out of order and disregard the conduct of any business not properly presented. However, if any new matter requiring the vote of our shareholders is properly presented before the meeting, proxies may be voted with respect thereto at the discretion of the proxy holders. The affirmative vote of a majority of votes cast by the shares of common stock entitled to vote and present, in person or by proxy, at the meeting with respect to any other item properly presented at the meeting will be required for approval of such item, unless a greater percentage is required by law, our articles of incorporation or our bylaws.

Table of Contents

Where can I find the voting results of the meeting?

We will publish the voting results in a Current Report on Form 8-K, which the Company is required to file with the SEC, within four business days following the meeting.

What is the cost and method of soliciting proxies?

We will bear the costs of soliciting proxies. In addition, our directors, officers and employees may solicit proxies on the Company's behalf in person, by telephone, or email without additional compensation. We also will reimburse banks, brokers or other custodians, nominees and fiduciaries representing beneficial owners of shares held in street name for their reasonable out-of-pocket expenses incurred in distributing proxy materials to shareholders and obtaining their votes.

How and when may I submit a shareholder proposal, including a shareholder nomination for director, for the 2016 annual meeting of shareholders?

If you are interested in submitting a proposal for inclusion in the proxy statement for the 2016 annual meeting of shareholders, you need to follow the procedures outlined in Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). To be eligible for inclusion, we must receive your shareholder proposal for our proxy statement for the 2016 annual meeting of shareholders at our principal corporate offices in San Juan, Puerto Rico, at the address below no later than November 21, 2015.

In addition, our bylaws require that we be given advance written notice of director nominations for election to our Board and other matters that shareholders wish to present for action at an annual meeting, other than those to be included in our proxy statement under Rule 14a-8 of the Exchange Act. The Secretary must receive such notice from a shareholder of record at the address noted below not less than 120 days or more than 150 days before the first anniversary of the preceding year's annual meeting. However, if the date of our annual meeting is advanced by more than 30 days, or delayed by more than 60 days, from the anniversary date, then we must receive such notice at the address noted below not later than the close of business on the tenth day after the day on which public disclosure of the meeting was made. Assuming that the 2016 annual meeting is not advanced by more than 30 days nor delayed by more than 60 days from the anniversary date of the 2015 Annual Meeting, you would need to give us appropriate notice of the proposal at the address noted below no earlier than the close of business on December 2, 2015, and no later than the close of business on January 1, 2016. If a shareholder of record does not provide timely notice of a nomination or other matters to be presented at the 2016 annual meeting, it will not appear in the notice of meeting. PROPOSAL 1 — ELECTION OF DIRECTORS

Our Board is divided into three groups, with one group being elected each year and members of each group holding office for a three-year term. This classified board structure is required by the terms of our license agreement with the BCBSA. Our Board currently consists of eleven members; three Group 1 directors (with terms expiring at the 2017 annual meeting), three Group 2 directors (with terms expiring at the 2015 annual meeting), and four Group 3 directors (with terms expiring at the 2016 annual meeting). Our president and chief executive officer is an ex-officio member of our Board and is excluded from the three director groups.

Our bylaws authorize the Board to alter the total number of directors serving on our Board. Accordingly, the Board reduced the size of the Board from 11 to 10 directors and nominated two individuals to serve as Group 2 directors. At the meeting, shareholders will have the opportunity to vote for two nominees to serve as Group 2 directors, who will serve for a three-year term until the 2018 annual meeting or until a successor is elected and qualified. Nominees are current directors. The affirmative vote of a majority of the votes cast by the shares of common stock entitled to vote and present or represented by proxy at the meeting is required to elect each nominee.

The persons named as proxies in the proxy card will vote for each of these nominees unless you instruct otherwise on the proxy card. Each nominee has indicated her or his willingness and ability to serve, if elected. However, if any or all of the nominees should be unable or unwilling to serve, the proxies may be voted for a substitute nominee designated by our Board or our Board may reduce the number of directors. We have no knowledge that any nominee will become unavailable for election.

Director Qualifications

The following candidates for election have been nominated by the Board based on the recommendation of the Corporate Governance and Nominating Committee. The information presented below includes information the nominees and directors whose terms in office will continue after the 2015 Annual Meeting have given us about their age, positions held, their principal occupation, business experience and directorships (including positions held in our Board's committees, if any) for at least the past five years. In addition, we have included information regarding each nominee's and director's specific experience, qualifications, attributes and skills that led our Board to conclude that the nominees and directors should serve as members of the Board. We believe that all of our nominees and directors have a reputation for integrity, honesty and adherence to high ethical standards. Also, they each have demonstrated business acumen and an ability to exercise sound judgment, as well as a commitment of service to the Company, which taken as a whole, enable the Board to satisfy its oversight responsibilities in light of our business and structure.

The information presented about each nominee for election and director continuing in office is as of the date of this proxy statement. Information about the number of shares of common stock beneficially owned by each of the nominees and directors appears below under the heading "Security Ownership of Certain Beneficial Owners and Management." See also "Other Relationships, Transactions and Events." There are no family relationships among any of our directors and executive officers.

PROPOSAL 2 RATIFICATION OF THE SELECTION OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2015. Although current law, rules, and regulation, as well as the charters of the Audit Committee, require the Audit Committee to engage, retain, and supervise our independent registered accounting firm, our Board considers the selection of the independent registered public accounting firm to be an important matter of shareholder concern and is submitting the selection of Deloitte & Touche LLP for ratification by shareholders. If shareholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain Deloitte & Touche LLP. Even if the selection is ratified, the Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and those of our shareholders. Representatives of Deloitte & Touche LLP are expected to attend the meeting and will be given an opportunity to make a statement if so desired and to respond to appropriate questions.

The affirmative vote of a majority of votes cast with respect to this proposal by the shares of common stock entitled to vote and present or represented by proxy at the meeting is required to ratify the selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the current year.

Our Board of Directors recommends a vote FOR the proposal.

Audit Committee's Pre-Approval Policies and Procedures.

The Audit Committee must pre-approve all auditing and non-audit services rendered by our independent registered public accounting firm. Pre-approval, however, is not required for non-audit services if: (1) the aggregate dollar value of such services does not exceed five percent of the total fees paid by the Company to the external auditors during the fiscal year in which the non-audit services are provided; (2) we did not recognize such services as non-audit services at the time of the engagement; and (3) such services are promptly brought to the attention of and approved by the Audit Committee prior to the completion of the audit. PROPOSAL 3 AN ADVISORY RESOLUTION TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Background

In 2011, our shareholders voted that the compensation of our NEOs be presented to our shareholders on an annual basis. Our Board accepted our shareholders' advisory vote, and in this proxy statement, we are asking our shareholders to provide advisory approval of the compensation of our NEOs, as such compensation is described in the section titled "Compensation Disclosure" beginning on page 30 of this proxy statement. Our next vote on the frequency of shareholders' advisory vote will be held no later than the 2017 annual meeting.

Our executive compensation program is designed to enable us to attract, motivate and retain executive talent, which is critical to our success. We seek to accomplish this goal in a way that rewards performance and is aligned with our shareholders' long-term interests. The following is a summary of some of the key components of our executive compensation program. We encourage our shareholders to review the information in "Compensation Disclosure—Compensation Discussion and Analysis" of this proxy statement, the executive-related compensation tables and the narrative disclosures that accompany the compensation tables for more detailed information on our executive compensation program and the decisions made by the Compensation and Talent Development Committee in 2014.

We provide competitive pay opportunities that reflect best practices and compare our total executive compensation with total compensation levels for equivalent positions at companies of similar size and complexity. The Compensation and Talent Development Committee periodically reviews our executive compensation program to ensure that total compensation—which includes base salary, short and long-term variable pay opportunities, benefits and perquisites—is generally between the 25th and 50th percentile of the comparable group of companies, and that a significant percentage of total compensation is delivered in the form of incentive compensation. Our performance-based bonus program, which focuses on profitably increasing our revenues, rewards short-term performance. Our equity award program specifically promotes a high performance culture by providing 75% of the equity award value in the form of performance shares and the remaining 25% in the form of time-based restricted stock. This emphasis on long-term risk-based pay aligns the interests of our executives with those of our shareholders and promotes long-term retention.

We are committed to having strong governance standards with respect to our compensation program, procedures and practices. As part of our commitment to strong corporate governance and best practices, the Compensation and Talent Development Committee has retained an independent compensation consultant and includes compensation analytical tools as part of its annual executive compensation review. In addition, our Compensation and Talent Development Committee oversees the management of claw-back provisions, stock ownership guidelines, an equity award grant policy, stock option exercise procedures, and an annual process to assess the risks related to our company-wide compensation programs.

At the Company's 2014 annual meeting of shareholders, our shareholders approved, on an advisory basis, the compensation of our NEOs. Pursuant to that vote, our board approved an executive compensation program that is similar to the one presented to our shareholders in 2014.

Recommendation

Our Board believes our executive compensation program was designed appropriately and is working to ensure that management's interests are aligned with our shareholders' interests and support long-term value creation.

We are presenting the following resolution, which provides you the opportunity to endorse or not endorse our executive compensation program:

“RESOLVED, that the shareholders approve, on an advisory basis, the compensation of our named executive officers, as disclosed in ‘Compensation Disclosure—Compensation Discussion and Analysis,’ the compensation tables and the narrative discussion contained in our 2015 proxy statement.”

The affirmative vote of a majority of votes cast with respect to this proposal by all shares of common stock entitled to vote and present or represented by proxy at the meeting is required to approve this proposal.

Table of Contents

While our Board intends to carefully consider the vote resulting from the proposal, the vote is advisory in nature and it is not binding on the Company, the Board, or our Compensation and Talent Development Committee, nor will it create or imply any additional fiduciary duty for the Company, the Board, or the Compensation and Talent Development Committee. Shareholders' vote will not overrule any decision made by our Board nor require the Board to take any action. However, the Compensation and Talent Development Committee and the Board value the opinions expressed by our shareholders in their vote on this proposal and will take into account the outcome of the vote when considering future executive compensation decisions regarding our NEOs.

Our Board recommends a vote FOR the proposal.

CORPORATE GOVERNANCE

General

We believe good corporate governance ensures that we are managed for the long-term benefit of our shareholders. We periodically review our corporate governance policies and practices and compare them to those suggested by various authorities in corporate governance and the practices of other public companies. As a result, the Board has adopted policies and procedures that we believe are in our best interests and those of our shareholders, including corporate governance guidelines, charters for the standing committees of the Board, director independence standards and a code of business conduct and ethics.

Corporate Governance Practices

Our Board is committed to fulfill its responsibilities guided by the highest standards of corporate governance, which we believe are essential to serve our shareholders and the Company. This commitment has led us to incorporate several practices, including the following:

- Only independent directors serve on the Audit Committee, the Compensation and Talent Development Committee and the Corporate Governance and Nominating Committee.
- Directors must notify the Board before accepting invitations to serve on another public company board.
- A director must submit an offer to resign if his or her principal occupation changes substantially.
- Our Board and its committees have the authority to retain independent advisors.
- Our Board and its committees conduct annual performance reviews.
- All directors are encouraged to complete a minimum level of director training annually.

Code of Business Conduct and Ethics

The Company's Code of Business Conduct and Ethics (the "Code of Ethics") applies to our employees, agents, independent contractors, consultants, officers and directors. Any waiver of the Code of Ethics may be made only by our Board. The Company intends to disclose any changes in, or waivers from, the Code of Ethics by posting such information on its website or as required by law or stock exchange rules or regulations. Our Board has not granted any waivers to the Code of Ethics. You can access the Code of Ethics, the charters of the Audit Committee, the Corporate Governance and Nominating Committee, and the Compensation and Talent Development Committee, our corporate governance guidelines, and additional corporate governance information on our website www.triplesmanagement.com in the "Governance Documents" section under "Corporate Governance." Copies of these documents are also available to shareholders in print form at no charge by sending a request to Mrs. Eileen Pérez, Manager, Triple-S Management Corporation, P.O. Box 363628, San Juan, PR 00936-3628, or by calling to (787) 749-4025.

Independence of Directors

Our director independence standards conform to those required by the NYSE. Under these standards, a director qualifies as "independent" if our Board affirmatively determines that the director has no material relationship with us

other than as a director. In assessing whether a director has a material relationship with us, directly or as a partner, shareholder or officer of an organization that has a relationship with us, the Board uses the criteria outlined in Section 303A.02 of the NYSE Listed Company Manual. For relationships not covered by the NYSE guidelines, the determination of whether a material relationship exists is made by the members of our Board who are independent under said guidelines. Our Board has reviewed the relationships between the Company, including our subsidiaries or affiliates, and each board member, including each such director's immediate family members.

The Board has affirmatively determined that all current directors are independent other than Messrs. Clavell-Rodríguez and Jesús R. Sánchez-Colón, because they may receive compensation from Triple-S Salud, Inc. ("TSS") and Triple-S Advantage, Inc. ("TSA"), subsidiaries of the Company, for services rendered in the ordinary course of their respective business as healthcare providers, and Mr. Ruiz-Comas, because he is our president and chief executive officer. Each of the independent directors has no relationship with us, other than any relationship that is categorically not material under the guidelines indicated above and other than as disclosed in this proxy statement under "Compensation Disclosure—Director Compensation" and "Other Relationships, Transactions and Events." The Board has determined that the relationships described in this proxy statement do not preclude a determination of independence because the relationships will not impair the applicable director's ability to render an independent judgment.

Table of Contents

Board Meetings and Committees

The Board has responsibility for establishing broad corporate policies and reviewing our overall performance rather than day-to-day operations. The Board's primary responsibility is to oversee our president and chief executive officer and other senior management and, in so doing, serve the Company's and our shareholders' best interests. The Board selects, evaluates and provides for the succession of executive officers, nominates individuals to serve as directors of the Company for election at annual shareholder meetings and elects individuals to fill any vacancies on the Board. It reviews and approves corporate objectives and strategies, evaluates significant policies and proposed major commitments of corporate resources, and participates in decisions that have a potential major economic impact on us. Management keeps the directors informed of our activity through regular written reports and presentations at Board and committee meetings.

The Board met eight times during 2014. Each of the incumbent directors attended at least 75% of meetings of the Board held during the period for which such person has been a director during 2014. Directors are also kept informed of our business through personal meetings and other communications, including considerable telephone contact with our Board's Chair and Vice Chair and others regarding matters of interest and concern to us and our shareholders. Mr. Ruiz-Comas is the only director who is also an employee. He does not participate in any discussion or vote in any Board or committee meeting at which his compensation is evaluated. Pursuant to BCBSA and NYSE requirements, neither non-independent directors nor our officers and employees, including those of our subsidiaries, are members of the Compensation and Talent Development, Audit or Corporate Governance and Nominating Committees.

While we encourage directors to attend our annual meeting of shareholders, we have not adopted a formal policy requiring director attendance at the annual meeting of shareholders. All of our then current members of the Board attended our 2014 annual meeting of shareholders except for Mr. Fuentes-Benejam, who was recovering from a medical procedure.

Non-management directors meet regularly in executive sessions without management. Non-management directors are all our Board members who are not our officers and include directors, if any, who are not "independent" by virtue of the existence of a material relationship with us. It is our Board's policy that the Chair of the Board preside over these executive sessions, which are typically held in conjunction with each regularly scheduled meeting of our Board. Our independent directors also meet at least once per year in executive session without management or directors who are not independent. It is our Board's policy that, Ms. Soto-Martínez, vice chair of the Board, who is an independent director, preside over these executive sessions.

Our Board has the following standing committees: Audit, Compensation and Talent Development, Corporate Governance and Nominating, Investment and Financing, and Executive. The specific functions and responsibilities of each committee are set forth in its charter, which has been approved by the Board. Each committee must review the appropriateness of its charter and perform a self-evaluation at least annually. Current copies of the charters of the Audit, Compensation and Talent Development and Corporate Governance and Nominating Committees are available to shareholders on our website at www.triplesmanagement.com in the "Governance Documents" section under "Corporate Governance."

The members of our Audit Committee are Messrs. Faría-Soto (chair), Chafey, Fuentes-Benejam and Frick and Miss Soto-Martínez. The Board has determined that each of Ms. Soto-Martínez and Mr. Chafey qualify as an “audit committee financial expert” as defined under applicable SEC rules. All members of the committee have been determined by the Board to be independent under the NYSE guidelines and Rule 10A-3(b)(1) of the Exchange Act. In addition, our Board has determined that each member of the committee is financially literate and has accounting and/or related financial management expertise as required under the rules of the NYSE. None of the committee members serves on the audit committee of another listed public company. The committee has the authority to engage such independent legal, accounting and other advisors as it deems necessary or appropriate to carry out its responsibilities. Such independent advisors may be the regular advisors to the Company. The committee is empowered, without further action by the Board, to cause us to pay the compensation of such advisors as established by the committee.

The Audit Committee met nine times during 2014 and each member attended at least 75% of the total meetings of the committee held during the period when he or she was a member. The responsibilities of our Audit Committee and its activities during 2014 are described in the Audit Committee Report contained in this proxy statement.

Compensation and Talent Development Committee

The members of our Compensation and Talent Development Committee are Messrs. Figueroa-Collazo (chair), Frick and Toñarely-Barreto and Mmes. Soto-Martínez and Dominguez. The Board has determined that each member of the committee is independent under the NYSE guidelines. The committee evaluates and sets the compensation of our president and chief executive officer and our other NEOs, and makes recommendations to our Board regarding the compensation of our directors. The committee also evaluates the policies, program design and structure of, and reviews and approves annual performance objectives relevant to, the compensation of other executive officers of the Company. The committee oversees the administration of and compliance with the Company’s incentive compensation plans, and makes recommendations to the Board with respect to awards under such plans. The committee has also the responsibility to oversee the Board’s annual review of succession planning with respect to our chief executive officer and senior executives. The committee has the authority to engage such independent legal, accounting and other

advisors as it deems necessary or appropriate to carry out its responsibilities. Such independent advisors may be the regular advisors to the Company. The committee is empowered, without further action by the Board, to cause the Company to pay the compensation of such advisors as established by the committee.

In 2014, the Compensation and Talent Development Committee retained Pay Governance LLC (“Pay Governance”), an independent compensation consulting firm, to assist the committee on matters related to executive officer and director compensation. The Board has determined that Pay Governance is an independent consultant pursuant to Section 10C of the Exchange Act. Pay Governance reports exclusively to the Compensation and Talent Development Committee and does not provide any additional services to us.

Table of Contents

For 2014, Pay Governance worked with the Compensation and Talent Development Committee to review our compensation peer group to ensure it remains appropriate for use in competitive market assessments of total compensation, provided an analysis of executive total compensation relative to market practices, reviewed our executive and director stock ownership guidelines to ensure they remain contemporary with prevailing market practice, assisted in the risk assessment of our compensation programs, and provided support for preparation of our disclosure in this proxy statement. The committee held ten meetings during 2014 and each member attended at least 75% of the total meetings of the committee held during the period while he or she was a member.

The responsibilities of our Compensation and Talent Development Committee and its activities during 2014 are described in “Compensation Disclosure—Compensation Discussion and Analysis” below.

Corporate Governance and Nominating Committee

The members of our Corporate Governance and Nominating Committee are Messrs. Fuentes-Benejam (chair), Figueroa-Collazo and Toñarely-Barreto, and Mrs. Dominguez. The Board has determined that each member of the committee is independent under the NYSE guidelines. The purpose of the committee is to identify individuals qualified to become Board members consistent with criteria approved by the Board, recommend to the Board the persons to be nominated by the Board for election as directors at any meeting of shareholders, develop and recommend to the Board a set of corporate governance principles and oversee the evaluation of the Board. The responsibilities of the committee also include oversight of the Code of Ethics. The committee has the authority to engage such independent legal and other advisors as it deems necessary or appropriate to carry out its responsibilities. Such independent advisors may be our regular advisors. The committee is empowered, without further action by the Board, to cause the Company to pay the compensation of such advisors as established by the committee. The committee did not retain any such advisors during 2014.

Our Corporate Governance and Nominating Committee held six meetings during 2014 and each member attended at least 75% of the total meetings of the committee held during the period when he or she was a member. For information relating to nominations of directors by our shareholders, see “Director Nominations Process” below.

Director Nominations Process. As part of the nominations process, the Corporate Governance and Nominating Committee is responsible for determining the appropriate skills and characteristics required of new Board members in light of the current Board composition and identifying qualified candidates for Board membership. The process followed by the committee to identify and evaluate candidates includes requests to Board members, senior management and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates, and interviews of candidates identified by members of the committee and the Board.

In considering whether to recommend any candidate for inclusion in the Board’s slate of recommended director nominees, the Corporate Governance and Nominating Committee applies the criteria set forth in our Corporate Governance Guidelines and its committee charter. Generally, the committee verifies that the selected individuals possess the following specific qualities or skills: experience or relevant knowledge, time availability and commitment, good reputation, analytical thinking, ability to work as a team, independent judgment, and ability to verbalize and present ideas in a rational and eloquent fashion. The committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. This process also takes into consideration our strategies, the annual peer and self-evaluations of each director, the fit between candidates’ qualifications and our needs, and applicable legal, regulatory and statutory requirements. The goal is to assemble a board that is strong in its collective knowledge and consists of individuals who possess a variety of complementary attributes that serve the Company and its shareholders well. The Board is responsible for the final approval of new director candidates, as well as the nomination of existing directors for reelection.

The Corporate Governance and Nominating Committee may appoint a nominating sub-committee to make recommendations to the committee for director nominees when members of the committee may be considered for a consecutive term, or any other relevant consideration. Mrs. Dominguez is currently a member of the committee and is being nominated to serve for a consecutive term; however, the Committee did not appoint a nominating sub-committee to recommend the individuals nominated to our Board. Mrs. Dominguez, and Messrs. Clavell and Mr. Sánchez, respectively, abstained in all committee and Board voting related to the approval of the slate of nominees.

Table of Contents

Shareholders may recommend individuals for the Corporate Governance and Nominating Committee to consider as potential director candidates in the Board's slate of nominees by submitting their names and background to "Triple-S Management Corporation, Corporate Governance and Nominating Committee," at Triple-S Management Corporation, P.O. Box 363628, San Juan, PR 00936-3628. The committee will review the qualifications of recommended candidates if appropriate biographical information and background material are provided on a timely basis. Evaluation of such candidates will follow the same process, and apply the same criteria, as for director candidates submitted by Board members, senior management or others. If the Board decides to nominate a shareholder-recommended candidate and recommends his or her election as a director by the shareholders, the name will be included in our proxy card for the shareholders' meeting at which his or her election is recommended.

Shareholders also have the right to directly nominate director candidates, without any action or recommendation on the part of the Corporate Governance and Nominating Committee or the Board, by following the procedures set forth in the Company's bylaws and described in response to the question "How and when may I submit a shareholder proposal, including a shareholder nomination for director, for the 2016 annual meeting of shareholders?" in the "Information About Voting, Solicitation and the Annual Meeting" section of this proxy statement.

Criteria and Diversity. In considering whether to recommend any candidate for inclusion in the Board's slate of recommended director nominees, including candidates recommended by shareholders, the Corporate Governance and Nominating Committee, in accordance with the Board's diversity policy, will review certain criteria to ensure we benefit from a broad diversity of director experience, thoughts, viewpoints and backgrounds. These criteria include the candidate's possession of competencies related to financial, legal, management, human resources, health care, insurance, and technology expertise. The committee will also consider a candidate's integrity, business acumen, age, experience, commitment, diligence, conflicts of interest and the ability to act in the interests of all shareholders. The committee recognizes the value of diversity on the Board and carefully considers the Board's diversity in the director identification and nomination process. The committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a significant mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities. We do not discriminate against nominees on the basis of race, religion, national origin, sexual orientation, disability or any other basis proscribed by law.

Investment and Financing Committee

The members of the Investment and Financing Committee are Messrs. Chafey (chair), Faría-Soto, Clavell-Rodríguez, Fuentes-Benejam, and Sánchez-Colón. The Investment and Financing Committee oversees and provides advice and guidance to the Board with respect to our investment and corporate finance transactions, management, policies and guidelines. The committee also reviews investment performance, investment risk management exposure, and our capital structure. The committee is responsible for the overall strategic direction and review of our investment and financing activities. In 2014, the Investment and Financing Committee met eight times. Each member attended at least 75% of the total meetings of the committee held during the period when he was a member.

Executive Committee

The members of the Executive Committee are Messrs. Clavell-Rodríguez (chair), Chafey, Faría-Soto, Figueroa-Collazo and Fuentes-Benejam. The purpose of the Executive Committee is to assist the Board in discharging its duties between meetings of the Board, especially when timing is critical. The committee reviews material policy, strategic and emerging issues of the Company, and has the authority to transact administrative matters on behalf of the Board. The Executive Committee met two times during 2014 and each member attended at least 75% of the total meetings of the committee held during the period when he was a member.

Board Leadership Structure

The Board believes its current leadership structure best serves the objectives of the Board's oversight of management, the Board's ability to carry out its roles and responsibilities on behalf of the shareholders, and the Company's overall corporate governance. The Board believes that the current separation of the roles of president and chief executive officer and chair of the board reflects the differences between the two roles. The president and chief executive officer is responsible for executing our strategic plan and overseeing our day-to-day operations performance, while the chair of the Board provides guidance to the president and chief executive officer, sets the agenda for Board meetings and presides over meetings of the Board and executive sessions of non-management directors. The Board believes that it is not necessary or appropriate in serving our best interest to designate a lead director. Therefore, the chair, the chief executive officer and each director in our Board are free to call upon any director to provide leadership in a given situation. However, because Mr. Clavell-Rodríguez, our chair, is not independent, our Board has appointed the vice chair of our Board, Ms. Soto-Martínez, as presiding director at all executive sessions of independent directors. The Board holds executive sessions at least once a year. The Board periodically reviews the leadership structure and may make changes in the future.

Risk Oversight

The Board has an active role, as a whole and through its committees, in overseeing the ways in which management deals with risks. The Board seeks to ensure that management has in place processes for dealing appropriately with risk. It is the responsibility of our senior management to develop and implement the Company's short and long-term objectives and to identify, evaluate, manage and mitigate the risks inherent in seeking to achieve those objectives. Management is responsible for identifying risk and risk controls related to significant business activities and Company objectives, and developing programs to determine the sufficiency of risk identification, the balance of potential risk to potential reward, the appropriate manner in which to control risk, and the support of the risk-controlling behavior and the risk to the Company strategy.

The Board implements its risk oversight responsibilities primarily through the Audit Committee, which receives management reports on the potentially significant risks that the Company faces and how the Company is seeking to control risk where appropriate. The Audit Committee also oversees management of financial risks, including issues related to internal control over financial reporting, and our policies with respect to risk assessment and management. While the Audit Committee has primary responsibility for overseeing enterprise risk management, each of the other Board committees also considers risk within its area of responsibility. For example, the Corporate Governance and Nominating Committee annually reviews our corporate governance guidelines and their implementation, including risks associated with director independence and potential conflicts of interest. The Compensation and Talent Development Committee oversees the management of risks relating to our executive compensation structure. Our Investment and Financing Committee oversees risks related to our investment policy, financial strategies, and corporate acquisitions. While each of these committees is responsible for evaluating and overseeing the management of specific risks, the entire Board is regularly informed about such risks through committee reports. The Board also receives regular reports from members of senior management regarding areas of material risk to us, including operational, financial, legal, regulatory, strategic and reputational risks, and often discusses risk as part of its review of the ongoing business, financial performance, and other activities of the Company. In addition, the Board annually reviews our strategic plan which addresses, among other matters, the risks and opportunities we face. Its review of this information enables the Board to understand and assess our risk identification, management and mitigation strategies.

The Company has an enterprise risk management framework in place that integrates risk management functions from across our business units. As described above, different Board committees have oversight responsibility over our major risks. We also have a management-level risk committee that oversees the development and implementation of risk response plans for these major risks and for other risks across the business.

Communications from Shareholders and Other Interested Parties

The Board will give appropriate attention to written communications on issues that are submitted by shareholders and other interested parties, and will respond as appropriate. Absent unusual circumstances or as contemplated by committee charters, the chair of the Board will, with the assistance of our Secretary, our General Counsel and our personnel responsible to assist the Board and Company with investor relations, be primarily responsible for monitoring communications from shareholders and other interested parties and provide copies or summaries of such communications to the other directors as they considers appropriate.

Communications will be forwarded to all directors if they relate to substantive matters and include suggestions or comments that the chair of the Board considers to be important for the directors to review. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Table of Contents

Shareholders and other interested parties who wish to send communications on any topic to the Board or to any individual member or members of the Board, should address such communications to the Company's Secretary at Triple-S Management Corporation, P.O. Box 363628, San Juan, Puerto Rico 00936-3628. All correspondence addressed to a director will be forwarded to that director.

Alternatively, a shareholder or other interested party may confidentially contact our Audit Committee by calling our EthicsPoint services at the toll-free number 1-866-384-4277 or electronically through www.ethicspoint.com. Communications received by EthicsPoint are completely confidential and allow for shareholders, employees and other interested parties to report any violations or irregularities that could affect us. Communications will be reviewed by the Audit Committee, which may discretionally forward communications that are not related to accounting or auditing matters to other committees of the Board or management for review.

COMPENSATION DISCLOSURE

Compensation Discussion and Analysis

Introduction

The Board's Compensation and Talent Development Committee oversees the design and administration of our executive compensation program. The program is designed to support the attainment of our vision, financial and strategic goals and operating imperatives, apply good corporate governance principles, and align our interests with those of our shareholders. We believe that an effective executive compensation program recognizes individual contributions as well as overall business results, rewards executives for achieving our annual and long-term goals, aligns executive and shareholder interests and reflects responsible corporate governance practices to ultimately improve shareholder value.

This past year continued to be characterized by challenging economic conditions in Puerto Rico. The positive performance of all our managed care, property and casualty and life insurance lines of business were offset by the performance of our Medicare Advantage business. During 2014, we succeeded in bringing down our administrative expenses and witnessed an improvement in the medical loss ratio for our commercial business and in the profitability in our other insurance operations. We believe the compensation of our executive officers reflects our results and further promotes the attainment of our goals.

Results of Advisory Vote on Say-on-Pay and Frequency of the Vote

Rule 14a-21 of the Exchange Act enables our shareholders to vote to approve, on an advisory basis, the compensation of our NEOs. In 2014, 94.6% of our shareholders voted in favor of the compensation of our NEOs. Also, the rule enables our shareholders to advise the Company on the frequency of their vote on the compensation of our NEOs. Our shareholders voted that such compensation be presented for shareholder's advisory approval on an annual basis and the Board accepted the advice of our shareholders.

The next shareholder vote on the frequency of their vote on the compensation of our NEOs will be held no later than the 2017 annual meeting of our Company's shareholders, in accordance with Rule 14a-21 of the Exchange Act.

Summary of Key Executive Compensation Decisions

The following table summarizes the compensation-related decisions made by the Compensation and Talent Development Committee and ratified by our Board in 2014 and early 2015, and the rationale for each decision. These decisions considered the Company's executive compensation philosophy, the Company's financial and operating performance for 2014, individual executive performance, and prevailing compensation trends in the external market.

The Compensation and Talent Development Committee establishes a threshold, target and maximum performance goal for each financial metric. Each level represents a different performance expectation considering factors such as our annual operating budget for the year, our prior year performance, and the historical performance levels of our peer group. Target performance is set at a level that is considered to be challenging yet attainable, and the corresponding payout for achievement of target performance equates to what is considered competitive relative to our peer group. Threshold performance is set at a minimally acceptable level of performance and results in a payout that may vary from no payout to one that is below competitive standards. Maximum performance represents, in our estimation, superior performance for the year and corresponds to an above median compensation opportunity.</p> <p>· The Compensation and Talent Development Committee approved annual incentive payouts to our NEOs as described in the Summary Compensation Table.</p>
Long-Term Equity Incentives	<p>Rewards the achievement of long-term business objectives that benefit our shareholders. Its design emphasizes long-term performance by delivering 75% of the annual award value in performance-based equity that may be earned only if specific measures of operating performance are attained over a three-year period, with cliff vesting at the end of the third year. The remaining 25% of the annual award value is delivered in restricted stock, which vests over three years in increments of one third per year, to emphasize the retention of key executives.</p>

Compensation Component	Principal Contribution to Description and Compensation 2014/2015 Highlights Objectives
Long-Term Equity Incentives (cont.)	<ul style="list-style-type: none"> · For the three-year plan beginning in 2014, the Compensation and Talent Development Committee established three levels of goal attainment based on three-year cumulative premiums earned, operating income and earnings per share (“EPS”), and determined the corresponding award size for each performance level for each NEO. These goals were set based on what the committee believes to be minimally acceptable, challenging yet attainable, and exceptional performance in the context of our stated objectives for premiums earned, operating income and EPS. · Long-term incentives were granted to NEOs in 2014 as described in the Summary Compensation Table.

In summary, the Compensation and Talent Development Committee concluded that the 2014 performance based compensation together with 2014 base salary levels are well aligned with our performance for the year and that the linkage between pay and performance is strong.

Compensation Policies

During the year, the Compensation and Talent Development Committee oversaw management of the following compensation practices or policies:

- a compensation philosophy that reflects the current state of our business, objectives for the executive compensation program, and best practices in corporate governance and executive compensation;

- a compensation recoupment policy that permits the Company to recover incentive compensation paid based on erroneous financial results that were later the subject of an accounting restatement;

- an equity award grant policy that establishes fixed grant dates for equity awards to protect the Company against the timing of awards to coincide with the release of information that could result in the delivery of a monetary benefit to executives;

- executive share retention and ownership guidelines that emphasize executive stock ownership, focus on long-term shareholder value creation, and strengthen the alignment between executive and shareholder interests; and

- a compensation risk assessment that led the Compensation and Talent Development Committee to conclude that our compensation policies and practices for fiscal 2014 do not create risks that are reasonably likely to have a material adverse effect on us.

Compensation Philosophy

The executive compensation program is designed to achieve the following objectives:

- reinforce our corporate values by combining our efforts to deliver superior business results with good governance, socially responsible business practices, and high ethical standards;

promote a high performance culture with clear emphasis on accountability and variable pay that is tied to both short and long-term results;

ensure compensation is paid based on accurate financial data;

- attract, motivate and retain top talent in a cost-effective way by offering competitive total compensation opportunities;
- require moderate levels of share ownership that increase with executives' scope of responsibilities;
- emphasize uniformity of design features across corporate and business units to reinforce collaboration, limit program complexity, and increase the effectiveness of the entire executive team;
- align executive and shareholder interests through long-term equity based plans;
- maintain a clear and understandable framework for evaluating the effectiveness of the program's design features;
- prohibit any activities by employees that hedge their economic risk of owning Company stock; and
- provide a balanced total compensation program to ensure that management is not encouraged to take unnecessary and excessive risks that may harm the Company.

Compensation Consultants

The Compensation and Talent Development Committee has the sole authority to engage and terminate the services of outside consultants. In 2014, the committee retained Pay Governance to assist the committee on matters related to executive officer and director compensation. The Board has determined that Pay Governance is an independent compensation consultant pursuant to Section 10C of the Exchange Act. Pay Governance reports exclusively to the Compensation and Talent Development Committee and does not provide any additional services to us.

Named Executive Officers

The NEOs include our chief executive officer, our chief financial officer and the three other most highly compensated individuals who served as executive officers during 2014, which include our chief operating officer and the presidents of two of our subsidiaries:

- Ramón M. Ruiz-Comas, our chief executive officer;
- Amílcar L. Jordán-Pérez, our chief financial officer;
- Roberto García-Rodríguez, our chief operating officer;
- Pablo Almodóvar-Scalley, the president of our managed care subsidiary, Triple-S Salud, Inc.; and
- Eva G. Salgado-Micheo, the president of our property and casualty subsidiary, Triple-S Propiedad, Inc.

Determining Executive Compensation

We compare the compensation of the NEOs to that of companies with which we compete or could compete for executive talent, capital and customers. These companies include private or publicly-held companies, stand-alone businesses and/or divisions of larger corporations. Our size and/or organizational complexity are considered when selecting comparable companies in Puerto Rico and the United States and data analysis methods. Within our general competitive framework, specific comparisons may vary by type of role.

The Compensation and Talent Development Committee collects relevant market data and alternatives to consider when making executive compensation decisions. In 2014, the committee compared the data with each element of total compensation to a list of 14 comparable companies in Puerto Rico and direct industry competitors located within the United States (the “comparable group”). Six of these companies have the same six-digit Global Industry Classification Standards (GICS) code as ours. We generally update the comparable group compensation benchmark every other year, or as may be appropriate to reflect changes in our operating environment or business model. We will update this benchmark again during 2015.

33

Table of Contents

The companies comprising the comparable group are:

Alleghany Corporation	FirstBank Corp	OFG Bancorp
Aspen Insurance Holdings, Ltd	HCC Insurance Holdings, Inc.	Popular, Inc.
Centene Corporation	Infinity Property & Casualty Corporation	State Auto Financial Corporation
Doral Financial Corporation	Magellan Health Services	WellCare Health Plans, Inc.
Erie Indemnity Company	Molina Healthcare, Inc.	

For comparison purposes, our annual revenues are around the median of the comparable group. Total compensation—which includes base salary, short and long-term variable pay opportunities, benefits and perquisites—is generally between the 25th and 50th percentile of the comparable group, on average.

Based on our compensation philosophy, a significant percentage 42.1% in 2014 of total compensation is delivered through our incentive compensation plans in the form of at-risk performance-based pay. The Compensation and Talent Development Committee has not adopted a policy or formula to allocate total compensation among its various components. As a general matter, the committee reviews competitive pay information provided by its compensation consultant as well as our current operating goals and environment to determine the appropriate level and mix of incentive compensation. Actual amounts earned from incentive compensation are realized only as a result of individual or Company performance, depending on the type of award, based on a comparison of actual results to pre-established goals.

Components of Executive Compensation

Executive compensation is delivered through a combination of base salary, an annual non-equity incentive, a non-performance cash bonus, long-term equity incentive compensation, retirement programs and a non-qualified deferred compensation plan.

Base Salary

Base salaries are designed to recognize an individual’s contribution to the organization and his or her experience, knowledge and responsibilities. Base salaries also aim to provide competitive compensation, appropriate incentives and financial stability to the NEOs for assuming a significant level of responsibility.

According to our salary adjustment policy, salary determinations are based on a number of factors, including importance of the position, level of responsibility, individual performance, growth in position, market level relative salary, our financial and operating performance and the Company’s ability to pay. Also, our policy establishes that base pay adjustments send clear performance messages and make moderate distinctions based on performance. Significant distinctions in performance by executives are recognized through our annual non-equity incentive plan. In addition, this policy requires that timing for increases, promotions and changes in responsibilities be consistent with market practice and that base salaries for executives be reviewed on an annual basis and adjusted as necessary to ensure pay levels remain competitive.

Annual Non-Equity Incentive Plan

The annual non-equity incentive portion of an executive’s total compensation opportunity is intended to accomplish a number of objectives. This includes reinforcing the optimization of operating results throughout the year, facilitating the achievement of our stated objectives, paying for performance, reinforcing individual accountability, supporting our long-term objective to create shareholder value, and providing market competitive cash compensation when

performance objectives for the year are met or exceeded. This incentive compensation can be highly variable from year to year depending on actual performance results.

The Company sets non-equity incentive target amounts as a percentage of base salary for all eligible executives at the beginning of each year based on job responsibilities, internal relativity, and a review of competitive market data. Actual incentive payouts may range from zero to 150% of the target opportunity depending on the Company's financial results relative to predetermined performance goals and the Compensation and Talent Development Committee's subjective review of each executive's individual performance. The Compensation and Talent Development Committee approves the awards and has discretion to determine any changes to the final amount to be paid.

34

Table of Contents

For 2014, the target non-equity incentive compensation for each of the NEOs as a percentage of salary was as follows:

Executive	Target Bonus Percent
Ramón M. Ruiz-Comas	70%
Amílcar L. Jordán-Pérez	50%
Roberto García-Rodríguez	70%
Pablo Almodóvar-Scalley	70%
Eva G. Salgado-Micheo	70%

The Compensation and Talent Development Committee determines annual non-equity incentive awards based on two types of performance measures: Company's financial and operating results and individual criteria. Company's financial and operating results account for 80% of each NEOs evaluation and individual performance criteria account for the remaining 20%. The weighting of financial results, in turn, is evenly divided between Adjusted Premiums Earned and Adjusted Net Income (each term as defined in the following paragraph). This mix of performance measures focuses executives appropriately on improving both top-line and bottom-line growth, while also emphasizing individual accountability through each executives' individual performance goals.

The Company believes that premiums earned and net income are key drivers of shareholder value and adjusted to exclude non-budgeted items—are the most relevant measures by which to assess the Company's short-term business performance and promote profitable revenue growth. Adjusted premiums earned represent the annual premiums earned in the calendar year as presented in the consolidated financial statements in accordance with U.S. Generally Accepted Accounting Principles ("U.S. GAAP"), adjusted to include only operations existing at the beginning of the year. Adjusted Net Income is measured as the net income earned in the calendar year, as presented in the consolidated financial statements in accordance with U.S. GAAP, minus realized and unrealized gains/losses in investment (net of the related income tax effect) and other non-budgeted items.

The financial results component of the non-equity incentive performance goals of the Company's executives, including our chief executive officer, chief financial officer and chief operating officer, is solely based on consolidated results. Awards to our business unit executives are split 30% based on our consolidated results and 50% based on the results of the relevant business unit. The remaining 20% considers the individual executive's performance. This distribution in weighting is designed to encourage each executive with responsibility for a business unit to focus on his or her individual business while working as a team to achieve the Company's overall success. Executives of a business unit that does not reach the threshold level for Adjusted Net Income do not receive an annual non-equity incentive award even if consolidated financial results of the Company exceed their threshold levels. Likewise, the Company's executives do not receive a non-equity incentive award if the Company does not reach its threshold level for Adjusted Net Income even if the consolidated financial results of business units are met.

For 2014, performance measures of the non-equity incentive plan were as follows:

Corporate Executives (dollar amounts in millions) Performance	Performance Measure And Weighting

Annual Cash Bonus

We pay an annual non-performance cash bonus each December to active employees, including some executive who may participate in the annual non-equity incentive plan. This bonus is based on a predetermined formula and paid if the employee has worked more than 700 hours in the 12-month period starting October 1 of the previous year up to as of September 30 of the payment year and is an employee at the date of payment. The amount paid under this bonus is approximately 6% or 9% of base salary, varying among business units. NEOs do not participate in the annual

non-performance cash bonus program since 2011.

Long-Term Incentive Awards

We believe that long-term incentives in the form of equity-based compensation are an important and essential components of our total compensation program that ensure our ability to attract, motivate, and retain top talent responsible for our long-term success. Our long-term incentives to key executive employees are designed to accomplish a number of important objectives, including to align management and shareholder interests, balance the short-term orientation of other compensation elements, provide a variable portion of total compensation tied to long-term market and financial performance, build executive stock ownership, hold executives accountable for their long-term decisions, reinforce collaboration across the Company, retain key talent over the long term, and share success with those who directly impact our performance results.

The Compensation and Talent Development Committee has an annual equity award program for executives under the Company's Incentive Plan, based on recommendations from its compensation consultants and the principles contained in the Company's Executive Compensation Philosophy. The program aims to better focus and reward executives for multiple performance objectives that drive long-term value creation and in part to mitigate the possibility of excessive risk-taking. The program's design provides both performance-based equity ("performance shares") that may be earned only if specific measures of operating performance are attained and time-based vesting restricted stock that is earned only if the executive remains employed with the Company over the vesting period. Long-term incentive grants provide for accelerated vesting only upon death, disability, termination without cause, or retirement, provided that the executive release the Company from liability with the execution of a general release and non-disparagement agreement. We assigned a weighting of 75% of the total equity award value to performance shares consistent with our stated philosophy of promoting a high performance culture with clear emphasis on accountability and variable pay that is tied to long-term results, and 25% of the total equity award value to restricted stock to emphasize the retention of key executives and alignment with shareholders.

Under the current design, performance share awards may be earned if specific goals are attained over a three-year performance period. At the beginning of the performance period, minimum, target and maximum performance levels, along with the associated dollar value of shares that may be earned, are established by the Compensation and Talent Development Committee. The actual value of shares that may be earned may be as high as 150% of the target amount if the maximum level of performance for all metrics is achieved or as low as zero if the minimum level of performance for all metrics is not achieved over the three-year performance period. Determination of performance pay and vesting occur at the end of the third year. A summary of the performance share metrics and rationale for each is presented as follows:

Performance Metric	Weighting	Rationale
3-Year Cumulative Premiums Earned, Net	20%	Premiums earned, net improvement is critical to the continued growth and health of our business. Premiums earned, net is a key contributor to EPS and shareholder value creation.
3-Year Cumulative Operating Income	35%	Operating income improvement emphasizes cost control and is important as we continue to grow our top line. Operating income is also a key contributor to EPS and shareholder value creation.
3-Year Cumulative EPS	45%	EPS sets the expectation of the Company's success for our shareholders. We use EPS as the key accounting measure and evaluation of how the Company is performing.

Restricted stock may be earned only if the executive remains employed with the Company over the vesting period. Restricted stock vests in equal proportions over the three-year vesting period (i.e., one-third per year beginning on the first anniversary of the grant date). The Compensation and Talent Development Committee believes that the three-year performance period associated with performance shares and the three-year vesting period of restricted stock focuses our executives on sustained performance and supports retention objectives.

The Company granted stock options to certain executive officers, including some NEOs, in connection with our initial public offering of our Class B shares in 2007. Additionally, the Company granted stock options to Mr. García-Rodríguez and another executive officer in 2009 and to one employee in 2010, as part of their respective compensation packages. The Compensation and Talent Development Committee has discontinued the grant of stock options because the Company believes that performance shares better reflect our compensation philosophy.

The Company's policy is to make annual long-term incentive grants to its executives during the first quarter of the year. Also, we may make grants to newly hired senior management employees in connection with their employment. The Compensation and Talent Development Committee carefully considers the impact of the cost of equity awards, as well as dilution, in order to achieve a balance between our costs, competitiveness and the continuity of employee incentives.

Retirement Programs

Our qualified and non-qualified employee retirement plans provide a retirement income base to a substantial majority of our employees, including our eligible executive officers. Messrs. Ruiz-Comas, Almodóvar-Scalley and Mrs. Salgado-Micheo participate in these retirement programs. Union employees hired after December 19, 2006, as well as non-union employees hired after September 30, 2007, are ineligible to participate. Employees who participate in our qualified plan also participate in our non-qualified plan to the extent their income levels exceed compensation and benefit limits imposed by the United States Internal Revenue Code of 1986, as amended.

Non-Qualified Deferred Compensation Plan

Under our non-qualified deferred compensation plan, senior executives, including our NEOs, who elect to become participants, may defer until a future date a portion of their annual compensation and benefit from the tax advantages related to such deferral.

Role of Executive Officers in Compensation Decisions

The Compensation and Talent Development Committee is responsible for all compensation decisions with respect to NEOs of the Company. In determining the compensation of NEOs other than the chief executive officer, the committee takes into account the recommendations of the chief executive officer. The chief executive officer annually reviews the performance of the other NEOs. The conclusions reached and recommendations based on these reviews, including with respect to base salary adjustments and non-equity and equity incentive award amounts, are presented to the committee. The committee reviews and approves the compensation of the NEOs, including the chief executive officer.

Compensation of Named Executive Officers for 2014

With the assistance of Pay Governance, the Compensation and Talent Development Committee evaluated the different components of executive compensation to ascertain that total compensation was targeted at adequate levels (that is, within the 25th to 50th percentile of external pay levels) when compared with companies in the comparable group. The main purpose was to assure that we maintained a competitive compensation program.

Base Salary

In setting base salaries for 2014, the Compensation and Talent Development Committee considered the following factors:

- Company financial and operating results.

The corporate budget, meaning our overall budget for base salaries. The corporate budget was established based on planned performance for 2014. The objective of the budget is to allow salary increases to retain and motivate successful performers while maintaining affordability within our business plan.

·The relative pay differences for different job levels.

·Evaluation of peer group data specific to each executive position, where applicable.

Table of Contents

Salary determinations were based on the aforementioned principles, and were in line with budget and salary determinations for all other employees.

Annual Non-Equity Incentive Plan

Non-equity incentive awards for 2014 were based on the performance of the Company against the stated objectives. For 2014, our consolidated Adjusted Net Income, which excluded realized and unrealized gains and losses on investments (tax effected) as well as other non-recurring events, was \$42.3 million, approximately 33.3% lower than the targeted level. Total consolidated Adjusted Premiums Earned was \$2.1 billion, approximately 6.1% lower than the targeted level. On March 3, 2015, the Compensation and Talent Development Committee and the Board, respectively, determined that NEOs will receive compensation under the non-equity incentive plan as described in the Summary Compensation Table.

Annual Cash Bonus

NEOs do not participate in this program since 2011.

Long-Term Incentive Awards

Long-term incentives were granted to NEOs in 2014 as described in the Summary Compensation Table. Equity award targets for our NEOs are established based on dollar values and then converted into a specific number of shares based on the closing price of our Class B common stock on the grant date. All long-term incentives granted to NEOs were approved by the Compensation and Talent Development Committee and ratified by our Board of Directors. See the section entitled “Components of Executive Officer Compensation—Long-Term Incentive Awards” on page 37 of this proxy statement for more detail regarding the operation of performance share awards.

Other Compensation Policies

Equity Award Grant Policy

The purpose of the equity award grant policy is to ensure the integrity of the award granting process and avoid the possibility or appearance of timing of equity grants for the personal benefit of executives.

Under the policy, equity awards are made at the Compensation and Talent Development Committee’s first regularly scheduled meeting after the filing of the Company’s Annual Report on Form 10-K. Equity grants to certain newly hired employees, including executive officers, are made on the 15th day of the month following the date of hire (or the next succeeding business day that the NYSE is open). Special equity grants to continuing employees are made on the 15th day of the month (or the next succeeding business day that the NYSE is open); provided, that the award is approved on or before such grant date. No off-cycle awards may be granted to the Company’s executive officers during quarterly and event-specific blackout periods under the Company’s insider trading policy. Outstanding stock option awards have an exercise price equal to the closing market price of the Company’s common stock on their grant date. Our equity incentive plans prohibit the re-pricing or exchange of equity awards without shareholder approval.

Recoupment Policy

Our recoupment policy applies to any current or former employee who received incentive compensation during the 3-year period (or in the event of fraud or misconduct, for any period) preceding the date on which the Company is required to prepare an accounting restatement due to the material noncompliance with any financial reporting requirement under the securities laws. The recoupment policy aligns management’s interests with the interests of shareholders and supports good governance practices. The policy provides that the Company may, in the exercise of

its discretion (as determined by the Compensation and Talent Development Committee) take action to recoup the amount by which such award exceeded the payment that would have been made based on the restated financial results. Our right of recoupment expires three years following the year for which the inaccurate performance criteria were measured. Our right of recoupment is not subject to an expiration period in the event of fraud or misconduct.

Insider Trading and Anti-Hedging Policy

We prohibit directors, officers, employees and consultants of the Company from trading in the securities of the Company or its affiliates (e.g., customers, suppliers, etc.), directly or through family members or other persons or entities, if they are aware of material nonpublic information relating to the Company or its affiliates. Trading includes purchases and sales of stock, derivative securities such as put and call options and convertible debentures or preferred stock, and debt securities (debentures, bonds and notes). Trading also includes certain transactions under Company’s plans (e.g., sale of underlying stock acquired upon the exercise of stock options, certain transactions associated with the Company’s retirement savings plan, and voluntary additional contributions to the Company’s dividend reinvestment plan). Our insider trading policy also prohibits our directors, officers and certain other employees from engaging in any hedging or monetization transactions involving Company securities.

Stock Ownership Guidelines

Our stock ownership guidelines for our executive officers and other key employees aim to align their interests with those of our shareowners. The guidelines require executives and other employees to own Company stock in an amount equal to a multiple of base salary, as follows:

Level	Value of Stock as a Multiple of Base Salary
CEO	5x
CFO, COO and Subsidiary Presidents	3x
Corporate and Subsidiary Officers	2x
Other Selected Employees	1x

Until an executive reaches his or her applicable ownership level, he or she must retain 50% of the equity received from long-term compensation plans (after meeting tax withholding obligations), and once the ownership level is met, he or she may not sell shares if doing so would cause his or her ownership to fall below that level. The Compensation and Talent Development Committee reviews progress toward meeting the ownership guidelines on an annual basis.

The Committee has also approved stock ownership guidelines for non-management directors. See the section entitled “Director Compensation—Stock Ownership Guidelines for Non-Management Directors” on page 51 of this proxy statement for more information.

Compensation and Talent Development Committee Report

The Compensation and Talent Development Committee has reviewed and discussed the Compensation Discussion and Analysis set forth above with management. Based on such review and discussion, the Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement.

Compensation and Talent Development Committee Interlocks and Insider Participation

None of the members of the Compensation and Talent Development Committee is or has been one of our executive officers or employees. None of our executive officers served on the board of directors' compensation committee of any other company for which any of our directors served as an executive officer at any time during 2014. Except as disclosed in "Other Relationships, Transactions and Events" in this proxy statement, none of the members of the Compensation and Talent Development Committee had any relationship with us requiring disclosure under Item 404 of SEC Regulation S-K.

Risk Considerations in our Executive Compensation Program

At the Compensation and Talent Development Committee's request, management conducted a risk assessment of all the compensation programs of the Company which was completed in the first quarter of 2012. This assessment included an inventory of all compensation programs, including incentive compensation plans then in place at the Company, a review of the design and features of the Company's compensation programs with key members of management responsible for such programs, and an assessment of program design and features relative to compensation risk factors. The Compensation and Talent Development Committee reviewed the Company's risk profile and related risk management processes and the findings of the compensation risk assessment to determine if any material risks were deemed likely to arise from our compensation policies and programs and whether these risks are reasonably likely to have a material adverse effect on our business. The Compensation and Talent Development Committee determined that the Company's then-current pay plans and policies were not reasonably likely to have a material adverse effect on the Company. The Compensation and Talent Development Committee thereafter reported its findings to the Board. Risk considerations and inventory of the compensation programs have remained unchanged for 2014. We believe that our compensation programs for our executive do not encourage excessive or unnecessary risk, as they are designed to, among other thing, reinforce responsible business practices, provide a balanced distribution of compensation elements, tie compensation to short and long-term results, provide for the recovery of compensation in the event of inaccurate financial disclosures, fraud or misconduct, require moderate levels of share ownership and prohibit hedging transactions involving Company securities.

(1) Amounts represent base salary. Some of the NEOs deferred a portion of their salary under the non-qualified deferred compensation plan. The deferred amounts have been included in the Non-Qualified Deferred

Compensation Table below.

Represents (i) annual non-performance based bonus, plus (ii) any discretionary payments made under the non-equity incentive compensation plan. Although NEOs do not receive annual non-performance based bonus since 2011, some NEOs received discretionary non-equity incentive compensation during 2014 and 2012. See (2) “Compensation Discussion and Analysis— Compensation of Named Executive Officers for 2014—Annual Cash Bonus” and “Compensation Discussion and Analysis— Compensation of Named Executive Officers for 2014—Annual Non-Equity Incentive Plan” for a detailed explanation.

The amounts shown reflect the grant date fair value of the stock awards determined in accordance with the (3) provisions of FASB Accounting Standards Codification Topic 718. See footnote 20 of the Corporation’s audited consolidated financial statements.

The amounts represent the actuarial increase in the present value of the NEOs benefits under our pension plan and the Supplemental Benefit Plan, described below under “Non-Contributory Defined Benefit Pension Plan.” The increase was calculated using the interest rate, discount rate and form of payment assumptions consistent with (4) those used in our financial statements. The calculation assumes benefit commencement at normal retirement age (65), and was calculated without respect to pre-retirement death, termination or disability. Earnings on deferred compensation are not reflected in this column because we do not provide guaranteed returns on non-qualified deferred compensation.

(5) Other annual compensation consists of the following:

	Vehicles Allowance	Sick Leave & Vacation Paid ^(a)	Contributions to Defined Contributions Plan	Total
Ramón M. Ruiz-Comas	\$30,000	-	-	\$30,000
Amílcar L. Jordán-Pérez	-	-	\$9,519	\$9,519

Pablo Almodóvar-Scalley	\$28,200	-	-	\$28,200
Eva G. Salgado-Micheo	\$28,200	-	-	\$28,200

(a) Effective January 1, 2013, executive officers of the Company, including our NEOs, accrue twenty-five days during the year which can be used as vacation days, with the option to use up to fifteen days as sick leave. Unused accrued days will be forfeited at the end of the year.

The Compensation and Talent Development Committee established the performance measures for purposes of determining the amounts payable for the year ended December 31, 2014. The amounts shown under the Threshold column assume the lowest performance level is achieved by the Company or business unit. The amount of the annual non-equity incentive bonus can be zero if the lowest level is not achieved. Awards under this plan, if any, are payable in the first quarter of the following year. Amounts approved with respect to 2014 results are reflected in the “Summary Compensation Table — Non-Equity Incentive Plan Compensation” column.

Performance awards vest at the end of a three-year period following their grant date, subject to the achievement of performance measures. The minimum threshold payout is determined at 64% when 80% of the target is met and the maximum payout is determined at 150% when 120% of the target is met.

Represents the number of restricted shares awarded on each grant date. Restricted stocks are considered issued and outstanding as of December 31, 2014; however, they have a three year vesting period, and vest in equal installments on each anniversary date. Restricted share owners have the same right as any other shareholder to receive any dividend declared by the Company on its Class B shares.

The grant date fair value of these awards was determined in accordance with the provisions of FASB Accounting Standards Codification Topic 718. See footnote 20 of the Company’s audited consolidated financial statements. There is no assurance that the value realized by NEOs, if any, will be at or near the amounts shown in this column.

Pension Benefits

We sponsor a non-contributory retirement program for certain employees of our Company. NEOs compensation covered by the pension plan is the annual salary set forth in the Summary Compensation Table. Our supplemental retirement program covers benefits in excess of the United States Internal Revenue Code (“IRC”) limits that apply to the non-contributory retirement program, which is a tax-qualified program under IRC rules. The following is a summary of the provisions of our defined benefit pension plans.

Non-Contributory Defined-Benefit Pension Plan

Employees age 21 or older with one year of service with a BCBSA organization who were hired by the Company or its subsidiaries on or before December 19, 2006 in the case of union employees (on or before September 30, 2007, in the case of non-union employees) are eligible to participate in our non-contributory defined-benefit pension plan. Union employees hired after December 19, 2006 are ineligible to participate. Non-union employees hired after September 30, 2007 are ineligible to participate.

The average earning calculated is based on the highest average annual rate of pay from any five consecutive calendar year periods out of the last ten years. Each year’s earnings are limited by IRC Section 401(a)(17) and 415. For 2014, the pension earnings are limited to \$260,000.

Since July 2012, the accrued benefit for single life benefit was calculated using the following formula: 1% of final average earnings multiplied by plan service (defined as full and partial years of employment with the Company or any of its subsidiaries) up to 30 years, minus any benefit accrued under a prior BCBSA plan. Previously, this benefit was calculated on a 2% basis of the final average earnings.

Normal retirement

To be eligible for normal retirement benefits, termination of employment must occur after both (i) the attainment of age 65 and (ii) after five years of participation in the plan. The accrued benefit is payable at the normal retirement date.

Early retirement

To be eligible for early retirement benefits, termination of employment must occur after both (i) the attainment of age 55 and (ii) five years of participation in the plan. The benefit will be the accrued benefit at normal retirement date minus a reduction factor for each year prior to age 62. There is no reduction if retirement occurs after age 62.

The plan also has a special early retirement provision. To be eligible, the termination of employment must occur after attaining 30 years of benefit service and election of immediate benefit commencement.

Table of ContentsForms of payment

The standard form of payment for a single participant is a straight life annuity; for a married participant, a reduced qualified joint and survivor annuity begins at the benefit commencement date, with 50% of the benefit continuing to the surviving spouse upon the earlier death of the participant. In lieu of the standard form of payment, a participant may elect, with the proper spousal consent, one of the optional forms of annuity payment or, alternatively, a single lump sum payment.

Supplemental Retirement Plan

Employees with non-contributory retirement program benefits limited by the IRC maximum compensation and benefit limits are eligible to participate in a supplemental retirement plan. The accrued benefit is calculated by the same formula used in the defined-benefit plan using the amount of salary in excess of the IRC limit.

Normal retirement, early retirement, and special early retirement provisions are the same as provided for the non-contributory defined-benefit plan, described above.

Forms of payment

The standard form of payment for a single participant is a straight life annuity; for a married participant, a reduced qualified joint and survivor annuity begins at the benefit commencement date, with 50% of the benefit continuing to the surviving spouse upon the earlier death of the participant. The lump sum payment is not available in the Supplemental Retirement Plan.

The following table presents pension plan information as of December 31, 2014 for the NEOs under our non-contributory retirement and supplemental retirement plans.

(3) Participant is eligible for early retirement under both plans. Additional details on early retirement payments and benefit formula and eligibility standards can be found in the sections titled “Non-Contributory Defined Benefit Pension Plan” and “Supplemental Retirement Plan” above.

401(k) Defined Contribution Savings Plans

The Company maintains four tax-qualified 401(k) savings plans for employees not eligible for our non-contributory retirement plan or the supplemental retirement plan. For all its business units except two, the Company matches fifty percent of participant’s contribution of up to six percent of the participant’s pre-tax compensation. Company match for the other two business units is as follows: (i) twenty-five cents of each dollar contributed by the participant up to 4% of the participant’s pre-tax compensation and (ii) one-hundred cents of each dollar contributed by the participant up to the first 1% of the participant’s compensation and fifty cents of each dollar contributed by the participant up to 3% of the participant’s compensation. For participant union employees, Company match is twenty cents of each dollar up to the first 6% of the participant’s pre-tax compensation. Messrs. Jordán-Pérez and García-Rodríguez are the only NEOs who participate in the defined contribution savings plan.

Under our non-qualified deferred compensation plan, participants may elect to defer up to 20% of their gross annual cash compensation. The deferred compensation and accumulated interest will be paid on the occurrence of the following events: termination of employment, retirement, six months of continued disability, death, or an elected fixed date occurring after the 5th but not later than the 25th anniversary of deferral.

Deferred compensation accumulates interest at an annual rate equivalent to the actual annual yield of the fixed income portion of the Company's investment portfolio for the corresponding year. Except as described below, no amounts are payable to NEOs upon termination of employment other than amounts payable in accordance with law or policies of the Company applicable to all employees, or as a result of a change in control of the Company.

AUDIT COMMITTEE MATTERS

Report of the Audit Committee

The following is the report of the Audit Committee with respect to the Company's audited financial statements for the year ended December 31, 2014. The information in this report shall not be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended (the "Securities Act"), or Exchange Act, or otherwise considered "filed" with the Securities and Exchange Commission, except to the extent that the Company specifically incorporates this report or a portion of it by reference.

The Audit Committee reports to and acts on behalf of the Board. The committee operates under a written charter adopted by the Board. The committee reviews the charter annually. The Board has determined that each member of the committee is independent. In making this determination, the Board follows the audit committee independence standards set forth in the NYSE's director independence rules. The members of the committee are not our employees or employees of any of our subsidiaries.

The Audit Committee assists the Board in its oversight of our financial reporting process, internal control over financial reporting, as well as our internal and external audit processes, and independent registered public accounting firm's qualifications and performance of the internal audit function. The committee also is responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm and the establishment of procedures for handling complaints. The committee appoints or terminates the engagement of the independent registered public accounting firm and reviews the proposed audit scope and approach, including coordination of the audit effort with the Internal Audit Office. The committee does not itself prepare the financial statements or perform audits of the Company's financial statements.

In the performance of its oversight function, the Audit Committee has considered and discussed our audited consolidated financial statements for the fiscal year ended December 31, 2014—including critical accounting policies, reasonableness of significant estimates and judgment and financial statements disclosures—with management and PwC, our independent registered public accounting firm.

The Audit Committee has also discussed with the independent registered public accounting firm the matters required to be discussed by AU Section 380, Communications with Audit Committee. The committee has also discussed with PwC the matters required by the Public Company Accounting Oversight Board Rule 3526 regarding "Communication with Audit Committee Concerning Independence". In addition, the committee has received the written disclosures and the letter from PwC required by applicable requirements of the Public Accounting Oversight Board regarding the independent registered public accounting firm's communications with the committee concerning independence, and has discussed with PwC its independence. The committee has also considered whether the provision of non-audit services by the independent registered public accounting firm to us is compatible with maintaining the auditors' independence. The committee has evaluated PwC's qualifications, performance and independence, including that of the lead partner. As part of its auditor engagement process, the committee considers whether to rotate the independent audit firm.

Based on the Audit Committee's consideration of the audited consolidated financial statements and the discussions referred to above with management and the independent registered public accounting firm, and subject to the limitations on the role and responsibilities of the committee set forth in the charter and those discussed above, the committee recommended and the Board approved that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2014 for filing with the SEC.

Prior Independent Registered Public Accounting Firm

PwC previously served as our independent auditor. As previously reported on our Current Report on Form 8-K dated January 15, 2015, we dismissed PwC as our independent registered public accounting firm. We have engaged Deloitte & Touche LLP as the Company's independent registered public accountants for the fiscal year ending December 31, 2015.

The Audit Committee requested proposals from several independent public accounting firms for the Company's 2015-2017 audits. The Audit Committee believes that a periodic review of the appointment of the Company's external firm is beneficial to the Company and its shareholders. PwC has acted as our independent registered accounting firm since 2009. The Audit Committee invited PwC and other major U.S. international accounting firms to participate in the process. The Audit Committee received proposals of four firms, including PwC. As a result of this competitive process and after careful deliberation of the proposals submitted by these four firms, on February 12, 2015, the Audit Committee engaged Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending December 2015, and dismissed PwC from that role, effective upon the issuance by PwC of its reports on the consolidated financial statements as of and for the year ended December 31, 2014 and the effectiveness of internal control over financial reporting as of December 31, 2014 included in the filing of the related Form 10-K.

Table of Contents

The audit reports of PwC on the Company's consolidated financial statements for the fiscal years ended December 31, 2014 and 2013, respectively, did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the fiscal years ended December 31, 2013 and 2014 and the subsequent interim period through January 12, 2015, there have been no disagreements with PwC on any matters of accounting principles or practices, financial statement disclosure or auditing scope or procedures which disagreements if not resolved to the satisfaction of PwC would have caused PwC to make reference to the matter in their reports on the financials statement for such years.

During the fiscal years ended December 31, 2013 and 2014, respectively, and the subsequent interim period through January 12, 2015, there were no "reportable events" as that term is described in Item 304(a)(1)(v) of Regulation S-K.

The Company provided PwC with a copy of the above disclosures and requested that PwC furnish a letter addressed to the Securities and Exchange Commission stating whether or not it agrees with the statements contained in our Current Report on Form 8-K dated January 15, 2015. A copy of such letter is filed as Exhibit 16 to our Current Report on Form 8-K dated January 15, 2015.

During the two fiscal years ended December 2013 and 2014, respectively, and the subsequent period through February 12, 2015, the date of the execution of our engagement with Deloitte & Touche LLP's, the Company did not consult with Deloitte & Touche LLP regarding the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered to the Company's financial statement, and Deloitte & Touche LLP did not provide either a written report or oral advice to the Company's that Deloitte & Touche LLP concluded was an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issue. The Company did not consult with Deloitte & Touche LLP regarding any of the matters set forth in Item 304(a)(2)(ii) of Regulation S-K.
