Item 2.01 Completion of Acquisition or Disposition of Assets.

On November 6, 2018, we completed our previously announced acquisition of opTricon GmbH, or opTricon, pursuant to a share purchase agreement dated October 17, 2018, which we refer to as the Purchase Agreement. Under the terms of the Purchase Agreement, we acquired all of the outstanding equity shares of opTricon for a purchase price of \$5.5 million in cash, of which (a) \$100,000 was deposited in escrow for a potential purchase price adjustment based on the working capital of opTricon and (b) \$750,000 was deposited in escrow to satisfy certain claims that we may make against the sellers in accordance with the terms of the Purchase Agreement.

In accordance with the Purchase Agreement, each of Lutz Melchior and Volker Plickert, the founders of opTricon, entered into a managing director services agreement pursuant to which he agreed, among other things, to serve as an employee of opTricon through November 5, 2021.

opTricon, which is based in Berlin, Germany, is a developer and manufacturer of handheld analyzers for rapid diagnostic tests. Since 2015 we and opTricon have been parties to an agreement under which we have collaborated in developing our DPP Micro Reader, a handheld, battery-operated analyzer that uses an innovative image sensor to provide, when combined with our DPP tests, a quantitative interpretation of diagnostic results. We intend that opTricon will become a Chembio Center-of-Excellence for optical technology and will serve as our European headquarters. As part of its ongoing business, opTricon will continue to develop and manufacture hand-held analyzers for original equipment manufacturers that do not compete with us. The DPP Micro Reader is included in most of our new product development initiatives and regulatory approvals and submissions. As a result of the acquisition, we secured global commercial rights to opTricon's offerings and technology and will be able to produce DPP Micro Readers at a reduced cost, which we believe will enable us to promote DPP tests and DPP Micro Readers more actively across global markets. We cannot assure you that we will achieve the intended benefits from the opTricon acquisition.

DPP is our registered trademark, and our logo design is our trademark. For convenience, these trademarks appear in this report without ® and ™ symbols, but that practice does not mean that we will not assert, to the fullest extent under applicable law, our rights to the trademarks.
