Item 1.02. Termination of a Material Definitive Agreement.

On October 26, 2005, Golden Triangle Energy, a Texas corporation ("GTE") and Norwest Energy NL ("NWE"), an Australian corporation, provided notice to Miller Petroleum, Inc. (the "Company") that they were exercising their option, pursuant to Section 2.5 of the Participation Agreement (the "Agreement") dated April 1, 2005 among the parties, to terminate the Agreement.

Under the Agreement, GTE and NWE were given the right to participate, subject to funding, in an initial drilling program involving 20 well on identified oil and gas leases. GTE and NWE were to pay an estimated \$235,000 per well, for the drilling and completion of the wells on a turnkey basis, for which they would receive 75% of the Company's working interest in certain oil and gas leases.

Edgar Filing: MILLER PETROLEUM INC - Form 8-K

On April 20, 2005, GTE and NWE deposited \$1,175,000 into escrow in satisfaction of the funding requirements for the initial five wells. Upon drilling and completion of the initial five wells, GTE and NWE determined that, pursuant to the Agreement, they would not participate in future drilling of additional wells and would terminate the Agreement and assign all of their rights thereunder, except for interests already earned, to the Company.

No termination penalties were incurred by the Company.
