Item 1.01 Entry into a Material Definitive Agreement

On May 9, Natural Gas Systems, Inc. ("NGS" or the "Company"), through our wholly-owned subsidiary NGS Sub Corp, entered into a Purchase and Sale Agreement (the "Sale Agreement") with Denbury Onshore, LLC., an indirect subsidiary of Denbury Resources, Inc. (NYSE symbol: DNR, hereinafter referred to as "Denbury") to conduct an enhanced oil recovery project in the Company's Delhi Holt Bryant Unit within the Delhi Field in northeast Louisiana (the "Delhi Unit"). NGSY will contribute its working interest in the Delhi Unit, and Denbury will contribute all development capital, technical expertise and required amounts of proven reserves of carbon dioxide that will be injected into the oil reservoirs. The principal terms of the Sale Agreement call for NGS to receive \$50 million at closing, subject to adjustments, if any, following normal due diligence inspections. The closing is subject to customary closing conditions and is scheduled to occur on May 31, 2006. At closing, NGS will deliver to Denbury an initial 100% working interest and 80% net revenue interest in the Delhi Unit, while retaining a separate 4.8% royalty interest within the Delhi Unit and a 25% working interest in other depths. After the project generates \$200 million of net cash flows before capital expenditures for Denbury, NGS will regain a 25% working interest (20% net revenue interest) in the Delhi Unit.

The foregoing description is qualified by reference to Exhibit 10.1 to this Current Report on Form 8-K, which Exhibit is incorporated herein by reference. In connection with the Sale Agreement, the Company issued a press release on May 9, 2006, which is included herewith as Exhibit 10.2.

Item 2.01 Completion of Acquisition or Disposition of Assets

See Item 1.01 above.

Item 9.01 Financial Statements and Exhibits
