IMPORTANT INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Why is the Company Soliciting My Proxy?

The board of directors of Cleveland BioLabs, Inc. is soliciting your proxy to vote at the 2011 Annual Meeting of Stockholders to be held at the Holiday Inn Buffalo Downtown, 620 Delaware Avenue, Buffalo, New York 14202, on June 7, 2011, at 10:00 a.m., Eastern Time, and any adjournments or postponements of the meeting, which we refer to as the Annual Meeting. The proxy statement along with the accompanying Notice of Annual Meeting of Stockholders summarizes the purposes of the meeting and the information you need to know to vote at the Annual Meeting.

We have sent you this proxy statement, the Notice of Annual Meeting of Stockholders, the proxy card and a copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2010 because you owned shares of Cleveland BioLabs, Inc. common stock on April 11, 2011, the record date. The Company intends to commence distribution of the proxy materials to stockholders on or about April 27, 2011.

Who Can Vote?

Only stockholders who owned our common stock at the close of business on April 11, 2011 (the “record date”) are entitled to vote at the Annual Meeting. On the record date, there were 29,387,823 shares of our common stock outstanding and entitled to vote. Our common stock is our only class of voting stock.

You do not need to attend the Annual Meeting to vote your shares. Shares represented by valid proxies, received in time for the Annual Meeting and not revoked prior to the Annual Meeting, will be voted at the Annual Meeting. For instructions on how to change or revoke your proxy, see “May I Change or Revoke My Proxy?” below.

Who can attend the Annual Meeting?

All stockholders as of the record date, or their duly appointed proxies, may attend the Annual Meeting. Seating will be limited.

What do I need to present for admission to the Annual Meeting?

You will need to present proof of your record or beneficial ownership of common stock, such as a bank or brokerage account statement, and a form of personal identification to be admitted to the Annual Meeting.

No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Annual Meeting.

How Many Votes Do I Have?

Each share of our common stock that you own entitles you to one vote.

How Do I Vote?

Whether you plan to attend the Annual Meeting or not, we urge you to vote by proxy. All shares represented by valid proxies that we receive through this solicitation, and that are not revoked, will be voted in accordance with your instructions on the proxy card or as instructed via Internet or telephone. You may specify whether your shares should be voted for or against all, some or none of the nominees for director, whether your shares should be voted for one year, two years, three years or abstain with respect to the frequency of voting on executive compensation, and whether

your shares should be voted for, against or abstain with respect to each of the other proposals. If you properly submit a proxy without giving specific voting instructions, your shares will be voted in accordance with the Board's recommendations as noted below. Voting by proxy will not affect your right to attend the Annual Meeting. If your shares are registered directly in your name through our stock transfer agent, Continental Stock Transfer & Trust Company, or you have stock certificates registered in your name, you may vote:

1

- By Internet or by telephone. Follow the instructions included in the proxy card to vote by Internet or telephone.
- By mail. If you received a proxy card by mail, you can vote by mail by completing, signing, dating and returning the proxy card as instructed on the card. If you sign the proxy card, but do not specify how you want your shares voted, they will be voted in accordance with the Board's recommendations as noted below.
- In person at the meeting. If you attend the Annual Meeting, you may deliver a completed proxy card in person or you may vote by completing a ballot, which will be available at the meeting.

Telephone and Internet voting facilities for stockholders of record will be available 24-hours a day and will close at 7:00 p.m. Eastern Time on June 6, 2011.

If your shares are held in "street name" (held in the name of a bank, broker or other holder of record), you will receive instructions from the holder of record. You must follow the instructions of the holder of record in order for your shares to be voted. Telephone and Internet voting also will be offered to stockholders owning shares through certain banks and brokers. If your shares are not registered in your own name and you plan to vote your shares in person at the Annual Meeting, you should contact your broker or agent to obtain a legal proxy or broker's proxy card and bring it to the Annual Meeting in order to vote.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with our transfer agent, Continental Stock Transfer & Trust Company, you are considered, with respect to those shares, a "stockholder of record." This proxy statement, the notice of annual meeting, the proxy card and a copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2010 have been sent directly to you by us.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the "beneficial owner" of shares held in "street name." This proxy statement, the notice of annual meeting, the proxy card and a copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2010 have been forwarded to you by your broker, bank or other holder of record who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by using the voting instruction card included in the mailing or by following their instructions for voting by telephone or on the Internet.

How Does the Board of Directors Recommend That I Vote on the Proposals?

The board of directors recommends that you vote as follows:

- "FOR" the election of the nominees for director;
- "FOR" the ratification of the selection of Meaden & Moore, Ltd. as our independent registered public accounting firm for our fiscal year ending December 31, 2011;
- "FOR" the compensation of our named executive officers, as disclosed in this proxy statement (advisory vote); and
 - "FOR" holding an advisory vote on executive compensation every year (advisory vote).

If any other matter is presented at the Annual Meeting, your proxy provides that your shares will be voted by the proxy holder listed in the proxy in accordance with his best judgment. At the time this proxy statement was first made available, we knew of no matters that needed to be acted on at the Annual Meeting, other than those described in this proxy statement.

May I Change or Revoke My Proxy?

If you give us your proxy, you may change or revoke it at any time before the Annual Meeting. You may change or revoke your proxy in any one of the following ways:

- by signing a new proxy card with a date later than your previously delivered proxy and submitting it as instructed above;
- by re-voting by Internet or by telephone as instructed above;
- by notifying the Secretary of the Company in writing before the Annual Meeting that you have revoked your proxy; or
- by attending the Annual Meeting in person and voting in person. Attending the Annual Meeting in person will not in and of itself revoke a previously submitted proxy. You must specifically request at the Annual Meeting that it be revoked.

Your most current proxy card or telephone or Internet vote is the one that will be counted.

What if I Receive More Than One Proxy Card?

You may receive more than one proxy card if you hold shares of our common stock in more than one account, which may be in registered form or held in street name. Please vote in the manner described above under “How Do I Vote?” for each account to ensure that all of your shares are voted.

Will My Shares be Voted if I Do Not Vote?

If your shares are registered in your name or if you have stock certificates, they will not be voted if you do not return your proxy card by mail or vote by Internet, telephone or at the Annual Meeting as described above under “How Do I Vote?” If your shares are held in street name and you do not provide voting instructions to the bank, broker or other nominee that holds your shares as described above, the bank, broker or other nominee that holds your shares has the authority to vote your non-voted shares only on the ratification of the appointment of our independent registered public accounting firm (Proposal 2 of this proxy statement) without receiving instructions from you. Therefore, we encourage you to provide voting instructions to your bank, broker or other nominee. This ensures your shares will be voted at the Annual Meeting and in the manner you desire.

A “broker non-vote” will occur if your broker cannot vote your shares on a particular matter because it has not received instructions from you and does not have discretionary voting authority on that matter or because your broker chooses not to vote on a matter for which it does have discretionary voting authority.

Your bank, broker or other nominee no longer has the ability to vote your uninstructed shares in the election of directors. Therefore, if you hold your shares in street name, it is critical that you cast your vote if you want your vote to be counted for the election of directors (Proposal 1 of this proxy statement). In the past, if you held your shares in street name and you did not indicate how you wanted your shares voted in the election of directors, your bank, broker or other nominee was allowed to vote your shares on your behalf in the election of directors as it felt appropriate. In addition, your bank, broker or other nominee is prohibited from voting your uninstructed shares on any matters related to executive compensation (Proposals 3 and 4 of this proxy statement). Thus, if you hold your shares in street name

and you do not instruct your bank, broker or other nominee how to vote in the election of directors or on matters related to executive compensation, no votes will be cast on these proposals on your behalf.

What Vote is Required to Approve Each Proposal and How are Votes Counted?

- Proposal 1: Elect Directors
- The nominees for director who receive the most votes (also known as a “plurality” of the votes cast) will be elected. You may vote either FOR all of the nominees, WITHHOLD your vote from all of the nominees or WITHHOLD your vote from any one or more of the nominees. Votes that are withheld will not be included in the vote tally for the election of the directors. Brokerage firms do not have authority to vote customers’ non-voted shares held by the firms in street name for the election of the directors. As a result, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes will have no effect on the results of this vote.
- Proposal 2: Ratify Selection of Independent Registered Public Accounting Firm
- The affirmative vote of a majority of the shares cast affirmatively or negatively for this proposal is required to ratify the selection of our independent registered public accounting firm. Abstentions will have no effect on the results of this vote. Brokerage firms have authority to vote customers’ non-voted shares held by the firms in street name on this proposal. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote. We are not required to obtain the approval of our stockholders to select our independent registered public accounting firm. However, if our stockholders do not ratify the selection of Meaden & Moore, Ltd. as our independent registered public accounting firm for 2011, our Audit Committee of our Board of Directors will reconsider its selection.
- Proposal 3: Advisory Vote on Executive Compensation
- The affirmative vote of a majority of the shares cast affirmatively or negatively for this proposal is required to approve the compensation of our named executive officers, as described in this proxy statement. Abstentions will have no effect on the results of this vote. Brokerage firms do not have authority to vote customers’ non-voted shares held by the firms in street name on this proposal. As a result, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes will have no effect on the results of this vote. Although the advisory vote is non-binding, the Compensation Committee and the Board of Directors will review the voting results and take them into consideration when making future decisions regarding executive compensation.
- Proposal 4: Advisory Vote on Frequency of Voting on Executive Compensation
- The frequency of holding an advisory vote on compensation of our named executive officers every year receiving the greatest number of votes (also known as a “plurality” of the votes cast) will be the frequency approved by our stockholders. Brokerage firms do not have authority to vote customers’ non-voted shares held by the firms in street name on this proposal. As a result, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes, as well as abstentions, will have no effect on the results of this vote. Although the advisory vote is non-binding, the Nominating and Corporate Governance Committee and the Board of Directors will review the voting results and take them into consideration when making future decisions regarding the frequency of holding an advisory vote on executive compensation.

Could other matters be decided at the Annual Meeting?

As of the date of this proxy statement, we did not know of any matters to be raised at the Annual Meeting other than those referred to in this proxy statement. If any other items or matters properly come before the Annual Meeting, the proxies received will be voted on those items or matters in accordance with the discretion of the proxy holders.

What Are the Costs of Soliciting these Proxies?

We will pay all of the costs of soliciting these proxies. Our directors and employees may solicit proxies in person or by telephone, fax or email. We will pay these employees and directors no additional compensation for these services. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward these proxy materials to their customers and to obtain authority to execute proxies. We will then reimburse them for their expenses.

What Constitutes a Quorum for the Annual Meeting?

The presence, in person or by proxy, of the holders of a majority of the voting power of all outstanding shares of our common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. Votes of stockholders of record who are present at the Annual Meeting in person or by proxy, abstentions, and broker non-votes are counted for purposes of determining whether a quorum exists.

Who are the persons selected by the Board of Directors to serve as proxies?

Michael Fonstein and John A. Marhofer, Jr., the persons named as proxies on the proxy card and voting instruction card accompanying this proxy statement, were selected by the Board of Directors to serve in such capacity. Michael Fonstein is the Chief Executive Officer and President of the Company, and John A. Marhofer, Jr. is the Chief Financial Officer of the Company.

Who will count the vote?

At the Annual Meeting, the results of stockholder voting will be tabulated by the inspector of elections appointed by us for the meeting.

Is there a list of stockholders entitled to vote at the Annual Meeting?

Yes. A list of stockholders entitled to vote at the Annual Meeting, arranged in alphabetical order, showing the address of, and number of shares registered in the name of, each stockholder, will be open to the examination of any stockholder, for any purpose germane to the Annual Meeting, during ordinary business hours, commencing May 27, 2011, and continuing through the date of the Annual Meeting, at our principal offices located at 73 High Street, Buffalo, New York 14203.

Can I access the Notice of Annual Meeting of Stockholders, Proxy Statement and Annual Report to Stockholders on the Internet?

Our Annual Report to Stockholders for the year ended December 31, 2010, containing financial and other information pertaining to us, is being furnished to stockholders with this proxy statement. The notice of annual meeting of stockholders, proxy statement, proxy card, Form 10-K and Annual Report to Stockholders are available on the Internet at <http://www.cstproxy.com/cbiolabs/2011> and are also available on our website at www.cbiolabs.com under the link "Investors."

Attending the Annual Meeting

The Annual Meeting will be held at 10:00 a.m., Eastern Time, on June 7, 2011 at the Holiday Inn Buffalo Downtown, 620 Delaware Avenue, Buffalo, New York 14202. When you arrive at the Holiday Inn Buffalo, signs will direct you to the appropriate meeting rooms. You need not attend the Annual Meeting in order to vote.

Householding of Annual Disclosure Documents

SEC rules concerning the delivery of annual disclosure documents allow us or your broker to send a single set of our proxy materials to any household at which two or more of our stockholders reside, if we or your broker believe that the stockholders are members of the same family. This practice, referred to as “householding,” benefits both you and us. It reduces the volume of duplicate information received at your household and helps to reduce our expenses. The rule applies to our annual reports, proxy statements and information statements. Once you receive notice from your broker or from us that communications to your address will be “household,” the practice will continue until you are otherwise notified or until you revoke your consent to the practice. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

If your household received a single set of proxy materials this year, but you would prefer to receive your own copy, please contact our transfer agent, Continental Stock Transfer & Trust Company, by calling their toll free number, 1-866-894-0537.

If you do not wish to participate in “householding” and would like to receive your own set of proxy materials in future years, follow the instructions described below. Conversely, if you share an address with another stockholder of CBLI and together both of you would like to receive only a single set of proxy materials, follow these instructions:

- If your shares are registered in your own name, please contact our transfer agent, Continental Stock Transfer & Trust Company, and inform them of your request by calling them at 1-866-894-0537 or writing them at 17 Battery Place, 8th Floor, New York, New York 10004, Attn: Bruce Jacoby.
- If a broker or other nominee holds your shares, please contact the broker or other nominee directly and inform them of your request. Be sure to include your name, the name of your brokerage firm and your account number.

Electronic Delivery of Company Stockholder Communications

Most stockholders can elect to view or receive copies of future proxy materials over the Internet instead of receiving paper copies in the mail.

You can choose this option and save the Company the cost of producing and mailing these documents by Continental Stock Transfer & Trust Company:

- following the instructions provided on your proxy card;
- following the instructions provided when you vote over the Internet; or
- going to <http://www.cstproxy.com/cbiolabs/2011> and following the instructions provided.

The following table sets forth certain information with respect to the beneficial ownership of our common stock as of April 1, 2011 for (a) the executive officers named in the Summary Compensation Table in the section titled "Executive Officer and Director Compensation," (b) each of our directors and director nominees, and (c) all of our current directors and executive officers as a group. As of April 1, 2011, to our knowledge, there were no stockholders that beneficially owned more than 5% of our common stock. Except as indicated in footnotes to this table, we believe that the stockholders named in this table have sole voting and investment power with respect to all shares of common stock shown to be beneficially owned by them based on information provided to us by these stockholders. Percentage of ownership is based on 29,380,093 shares of common stock outstanding on April 1, 2011.

H. Daniel Perez is currently a member of our Board of Directors and a member of each of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. The Board of Directors has decided not to nominate Dr. Perez for re-election to the Board of Directors and his term will end immediately after the completion of the Annual Meeting. David C. Hohn is being nominated to fill the vacancy created in our Board of Directors by the departure of Dr. Perez. After the Annual Meeting, Dr. Hohn is expected to serve on the committees of the Board of Directors on which Dr. Perez is currently a member.

Our Board of Directors has reviewed the materiality of any relationship that each of our directors has with us, either directly or indirectly. Based upon this review, our Board has determined that the following members of the Board are “independent directors” as defined by The NASDAQ Stock Market: Bernard L. Kasten, James J. Antal, Paul E. DiCorleto and H. Daniel Perez. Our Board has also determined that, following his election, Dr. Hohn will also qualify as an independent director as defined The NASDAQ Stock Market.

Bernard L. Kasten, M.D. Dr. Kasten became a member of our board on July 20, 2006 and was appointed Chairman of the Board on August 30, 2006. On a national level, Dr. DiCorleto has chaired multiple NIH and American Heart Association review panels, as well as several national conferences on research into heart and vascular disease. He has published over 100 articles in his field and serves on the editorial board of multiple scientific journals. Dr. DiCorleto is a Community Trustee of Cleveland State University and a member of the Association of American Medical College's Advisory Panel on Research. Dr. DiCorleto's research background, with an emphasis on cell and molecular biology, provides the Board with an experienced non-management perspective on the Company's research and development activity.

Michael Fonstein, Ph.D. Dr. Fonstein has served as our Chief Executive Officer, President, and as one of our directors since our inception in June 2003. Previously, he served as Director of the DNA Sequencing Center at the University of Chicago from its creation in 1994 to 1998, when he left to found Integrated Genomics, Inc. located in Chicago, Illinois. Dr. Fonstein's day-to-day leadership as Chief Executive Officer and President provides him with intimate knowledge of our operations.

Andrei Gudkov, Ph.D., D. Sci. Dr. Gudkov has served as one of our directors and as our Chief Scientific Officer since our inception in June 2003. Prior to 1990, he worked at The National Cancer Research Center in Moscow, where he led a broad research program focused on virology and cancer drug resistance. In 1990, he reestablished his lab at the University of Illinois at Chicago where he became a tenured faculty member in the Department of Molecular Genetics. His lab concentrated on the development of new functional gene discovery methodologies and the identification of new candidate cancer treatment targets. In 1999, he defined p53 as a major determinant of cancer treatment side effects and suggested this protein as a target for therapeutic suppression. In 2001, Dr. Gudkov moved his laboratory to the Lerner Research Institute at the Cleveland Clinic where he became Chairman of the Department of Molecular Biology and Professor of Biochemistry at Case Western Reserve University. In May 2007, Dr. Gudkov joined Roswell Park Cancer Institute, where he is the Senior Vice President of Basic Science and Chairman of the Department of Cell Stress Biology. Dr. Kogan provides the Board with a helpful blend of scientific understanding and business development that assists the Board in reviewing the revenue opportunities for its primary product candidates.

David C. Hohn, M.D. Dr. Hohn, our director nominee, is currently a Professor Emeritus and the Executive Director of Health Policy at Roswell Park Cancer Institute in Buffalo, New York, a position in which he has served since April 2007. Dr. Hohn also serves as a senior advisor to the current President of the Roswell Park Cancer Institute. From March 1997 to April 2007, Dr. Hohn served as President and Chief Executive Officer of the Roswell Park Cancer Institute and Principal Investigator on Roswell Park's National Cancer Institute Cancer Center Support Grant. Prior to coming to Roswell Park, Dr. Hohn served as the Vice President for Clinical Affairs at the M.D. Anderson Cancer Center in Houston, Texas. Dr. Hohn is currently active in New York State cancer control initiatives with the American Cancer Society. He is also a former President and a current member of the Executive Committee of the National Comprehensive Cancer Network, an alliance of 21 leading cancer centers, and he serves as Vice Chair of the New York State Stem Cell Research Board. Dr. Hohn received his undergraduate degree in Chemistry in 1964 at the University of Illinois at Urbana and his Doctorate of Medicine in 1970 from the University of Illinois College of Medicine at Chicago. The Board has nominated Dr. Hohn because his significant experience in oncology and medical research, coupled with his experience leading a major cancer research center, is expected to provide valuable knowledge to the benefit of the Company.

There are no family relationships among any of our directors.

Committees of the Board of Directors and Meetings

The Board of Directors has established an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee, each comprised entirely of directors who are "independent" as that concept is defined in the corporate governance listing requirements of the NASDAQ Marketplace Rules. Each Committee has a written charter that is posted on our website, www.cbiolabs.com, under the link "Investors" and the section therein titled "Corporate Governance."

Each of Messrs. Antal, DiCorleto, Kasten and Perez is independent under The NASDAQ Marketplace Rules and the Exchange Act. Our Board has also determined that, following his election, Dr. Hohn will also qualify as an independent director as defined The NASDAQ Stock Market. As discussed above, the Board of Directors has decided not to nominate Dr. Perez for re-election to the Board of Directors and his term will end immediately after the completion of the Annual Meeting. We anticipate that, upon election, Dr. Hohn will serve on our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee.

Meeting Attendance. The Board has adopted a policy specifying that it is the responsibility of each director to attend all meetings of the Board and all meetings of the committees of the Board on which he or she serves. During the fiscal year ended December 31, 2010, there were six meetings of our Board of Directors. No director attended fewer than 75% of the total number of meetings of the Board and of committees of the Board on which he or she served during fiscal 2010, except for Dr. Gudkov, who attended four of the six meetings of the Board held in 2010.

The Board of Directors has adopted a policy requiring that each director makes every effort to attend each annual meeting of stockholders. All seven directors attended our annual meeting of stockholders held in 2010.

It is also the policy of the Board to hold executive sessions of non-employee directors at each regularly scheduled Board meeting and, if any of the non-employee directors are not independent, to hold executive sessions of the independent directors at least twice per year. Each of the non-employee directors in fiscal 2010 was determined by the Board to be independent.

Audit Committee. Our Audit Committee met four times during fiscal 2010. This committee currently has three members, Messrs. Antal (Chairman), Kasten and Perez. Dr. Hohn is expected to join our Audit Committee following his election to the Board.

All members of the Audit Committee satisfy the current independence standards promulgated by the Securities and Exchange Commission and by The NASDAQ Stock Market, as such standards apply specifically to members of audit committees, and the Board has determined that Dr. Hohn, upon his election, will satisfy such requirements. The Board has determined that Mr. Antal is an “audit committee financial expert,” as the Securities and Exchange Commission has defined that term in Item 407 of Regulation S-K. Please also see the report of the Audit Committee set forth elsewhere in this proxy statement.

The Audit Committee generally has direct responsibility and oversight for our accounting policies and internal controls, financial reporting practices, and legal and regulatory compliance. More specifically, the Audit Committee has responsibility to review and discuss the annual audited financial statements and disclosures with management and the independent auditor; review the financial statements and disclosures provided in our quarterly and periodic reports with management and the independent auditor; and oversee the external audit coverage, including appointment and replacement of the independent auditor and pre-approval of all audit and non-audit services to be performed by the independent auditor.

Compensation Committee. Our Compensation Committee met eight times during fiscal 2010. This committee currently has three members, Messrs. Antal (Chairman), Kasten and Perez. Dr. Hohn is expected to join our Compensation Committee following his election to the Board.

The Compensation Committee determines and approves the compensation level of executive officers based on an evaluation of their performance in light of our goals and objectives. When determining the long-term incentive component of executive compensation, the Compensation Committee considers our performance and relative stockholder return, the level and value of similar incentive awards prevalent in the industry, and awards given to executive officers in past years. The Compensation Committee also has the authority to recommend to the Board of Directors compensation for directors and the form of this compensation. The Compensation Committee makes recommendations to the full Board of Directors with respect to the adoption, amendment, termination, or replacement of both incentive compensation plans and equity-based plans. The Compensation Committee has the power to retain professionals to assist in the evaluation of director and executive compensation, and has the sole authority to retain and terminate any such professional and to approve the professional’s fees. The Compensation Committee may also establish subcommittees of entirely independent directors to evaluate special or unique matters.

For a discussion concerning the processes and procedures for determining executive and director compensation, see “Compensation Discussion and Analysis” and “Executive Officer and Director Compensation.”

Please also see the report of the Compensation Committee set forth elsewhere in this proxy statement.

Nominating and Corporate Governance Committee. Our Nominating and Corporate Governance Committee met twice during fiscal 2010 and has three members, Messrs. Kasten (Chairperson), DiCorleto and Perez. Dr. Hohn is expected to join our Nominating and Corporate Governance Committee following his election to the Board.

The Nominating and Corporate Governance Committee generally has responsibility for identifying candidates who are eligible under the qualification standards set forth in our Corporate Governance Guidelines and recommending such eligible individuals to serve as members of the Board of Directors. It also makes recommendations to the Board of Directors concerning the structure and membership of other Board committees. The Nominating and Corporate Governance Committee is also charged with considering matters of corporate governance generally and reviewing and

recommending to the Board of Directors, periodically, our corporate governance principles.

In addition, under our current corporate governance policies, the Nominating and Corporate Governance Committee may consider candidates recommended by stockholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. For all potential candidates, the Nominating and Corporate Governance Committee may consider all factors it deems relevant, such as a candidate's personal integrity and sound judgment, business and professional skills and experience, independence, knowledge of the industry in which we operate, possible conflicts of interest, diversity, the extent to which the candidate would fill a present need on the Board, and concern for the long-term interests of the stockholders. In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources.

If a stockholder wishes to nominate a candidate for director who is not to be included in our proxy statement, it must follow the procedures described in our Second Amended and Restated By-Laws, “—Nominating Procedures” below and “Proposals of Stockholders” at the end of this proxy statement.

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines, which it reviews from time to time, to assist the Board of Directors in fulfilling its responsibility to exercise its business judgment in what it believes to be the best interests of our stockholders. The Corporate Governance Guidelines are posted on our website, www.cbiolabs.com, under the link “Investors” and the section therein titled “Corporate Governance.”

Code of Ethics for Senior Executives and Independent Directors and Code of Conduct

The Board of Directors has adopted a Code of Ethics for Senior Executives and Independent Directors that is specifically applicable to its independent directors, executive officers and senior financial officers, including its principal executive officer and its principal financial officer. The Code of Ethics for Senior Executives and Independent Directors is posted on our website, www.cbiolabs.com, under the link “Investors” and the section therein titled “Corporate Governance.” We have also adopted a Code of Conduct in order to promote honest and ethical conduct and compliance with the laws and governmental rules and regulations to which we are subject. The Code of Conduct is applicable to all of our employees, officers and directors, and is posted on our website, www.cbiolabs.com, under the link “Investors” and the section therein titled “Corporate Governance.”

Board Leadership Structure

Our Corporate Governance Guidelines describe our policies concerning, among other things, the role of the Board of Directors and management, proper Board functions, independence, and committee matters. The positions of Chairman of the Board of Directors and Chief Executive Officer are currently held by different persons, although we do not have a policy requiring that to be the case. Instead, our Board of Directors has the authority to choose its Chairman in any way it deems best for us at any given point in time. Accordingly, our Board of Directors reserves the right to vest the responsibilities of the Chief Executive Officer and Chairman in the same person or in two different individuals depending on what it believes is in our best interest. At this time, our Board of Directors has determined that separation of these roles most appropriately suits us. Dr. Kasten is uniquely qualified to serve as our Chairman given his leadership of our Board of Directors since we became a public company in 2006, his experience as a director and member of board committees of other public biotechnology companies and his skills and experience in the biotechnology industry in both a research and commercial capacity. Further, our Board of Directors believes that this division of roles allows Dr. Fonstein to focus more of his efforts to achieving the goals and objectives of our strategic plan. Our Board of Directors believes that there is no single leadership structure that would be most effective in all circumstances and, therefore, retains the authority to modify our Board's structure to best address our circumstances as and when appropriate.

Role of Our Board of Directors in Risk Oversight

The Board of Directors, as a whole and at the committee level, has overall responsibility for overseeing our risks, including general oversight of our executive officers' management of risks relevant to the Company. A fundamental part of risk oversight is not only understanding the material risks a company faces and the steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. The involvement of our Board of Directors in reviewing our strategic plan is an integral aspect of the Board's assessment of management's tolerance for risk and also its determination of what constitutes an appropriate level of risk for the Company.

At the committee level, the Compensation Committee oversees the management of risks relating to our executive compensation. The Audit Committee oversees our risk policies and processes related to the quality and integrity of our accounting, auditing and financial reporting practices, including our audited and unaudited financial statements and internal controls. The Audit Committee is also responsible for addressing risks arising from related party transactions. The Nominating and Corporate Governance Committee manages risks associated with the independence of the Board of Directors and potential conflicts of interest.

Nominating Procedures

As described above, we have a standing Nominating and Corporate Governance Committee and its charter is posted on our website, www.cbiolabs.com, under the link “Investors” and the section therein titled “Corporate Governance.”

The Nominating and Corporate Governance Committee considers many factors when considering candidates for the Board of Directors and strives for the Board to be comprised of directors with a variety of experience and backgrounds, who have high-level managerial experience in a complex organization, and who represent the balanced interest of stockholders as a whole rather than those of special interest groups. Other important factors in Board composition include strength of character, mature judgment, specialized expertise, relevant scientific and technical skills, diversity, level of education, broad-based business acumen, experience and understanding of strategy and policy-setting and the extent to which the candidate would fill a present need on the Board. Depending upon the current needs of the Board, certain factors may be weighed more or less heavily by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee believes that it is essential that the Board members represent diverse viewpoints, with a broad array of experiences, skills and backgrounds that, when considered as a group, provide a sufficient mix of perspectives to allow the Board to best fulfill its responsibilities to the long-term interests of our stockholders.

In considering candidates for the Board, the Nominating and Corporate Governance Committee considers the entirety of each candidate’s credentials and does not have any specific minimum qualifications that must be met by a Nominating and Corporate Governance Committee or stockholder-recommended nominee. However, the Nominating and Corporate Governance Committee does believe that all members of the Board should have the highest character and integrity, a reputation for working constructively with others, sufficient time to devote to Board matters, and no conflict of interest that would interfere with their performance as a director. In the case of current directors being considered for renomination, the Nominating and Corporate Governance Committee will also take into account the director’s history of attendance at meetings of the Board of Directors or its committees, the director’s tenure as a member of the Board of Directors, and the director’s preparation for and participation in such meetings.

The Nominating and Corporate Governance Committee considers candidates for the Board from any reasonable source, including stockholder recommendations. The Nominating and Corporate Governance Committee does not evaluate candidates differently based on who has made the proposal. The Nominating and Governance Committee has the authority under its charter to hire consultants or search firms to assist in the process of identifying and evaluating candidates. Candidates are recommended to the Board of Directors after consultation with the Chairman of the Board.

Stockholders who wish to suggest qualified candidates should write to the Office of the Secretary, Cleveland BioLabs, Inc., 73 High Street, Buffalo, New York 14203 specifying the name of the candidates and stating in detail the qualifications of such persons for consideration by the Nominating and Corporate Governance Committee. A written statement from the candidate consenting to be named as a candidate and, if nominated and elected, to serve as a director should accompany any such recommendation. Stockholders who wish to nominate a director for election at an annual meeting of stockholders must comply with our Second Amended and Restated By-Laws regarding stockholder proposals and nominations. See “Proposals of Stockholders” contained herein.

Stockholder Communications to the Board

Generally, stockholders who have questions or concerns should contact our Investor Relations department. However, any stockholders who wish to address questions regarding our business directly with the Board of Directors, or any individual director, should direct his or her questions in writing to Cleveland BioLabs, Inc. Board of Directors, c/o Office of the Secretary, 73 High Street, Buffalo, New York 14203. The Office of the Secretary will receive the correspondence and forward it to the director or directors to whom the communication is addressed. From time to time, the Board of Directors may change the process or means by which stockholders may communicate with the Board or its members. Please refer to our website, www.cbiolabs.com, for any changes in this process.

Items that are unrelated to the duties and responsibilities of the Board may be excluded, such as:

- junk mail and mass mailings;
- resumes and other forms of job inquiries;
- surveys; and
- solicitations or advertisements.

In addition, any material that is unduly hostile, threatening, or illegal in nature may be excluded, provided that any communication that is filtered out will be made available to any outside director upon request.

Executive Officers

The following table sets forth certain information regarding our executive officers who are not also directors. As of December 31, 2010, we had employment agreements with Messrs. Fonstein and Kogan and a consulting agreement with Dr. Gudkov, and Mr. Marhofer, our Chief Financial Officer, was an at-will employee.

The Board of Directors elects officers annually and such executive officers serve at the discretion of the Board of Directors. There are no family relationships among any of our directors or executive officers.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

We have prepared the following Compensation Discussion and Analysis, or CD&A, to provide you with information that we believe is necessary to understand our executive compensation policies and decisions as they relate to the compensation of our named executive officers.

We have built, and expect to continue to build, an executive leadership team with the expertise and experience that we need as we expand our capabilities in developing biodefense, tissue protection and cancer treatment drugs based on the concept of modulation of cell death for therapeutic benefit. The market for these individuals is very competitive, particularly at this stage in our growth. Many of the companies with which we compete for executive talent are much larger and better financed than we are, with longer corporate histories, and thus may appear to potential executives to present a lower risk than we do. In order to attract and retain talented executives, we provide short-term compensation elements that rival those of our competitors, such as base salary, a performance-based annual cash bonus opportunity and a generous benefits program. However, we also try to conserve our cash resources, because we require significant amounts of capital to fund our operations and are not yet profitable. We do not fund expensive perquisites for our executives. Our executive compensation program anticipates that a significant portion of each executive's annual compensation will be in the form of stock option grants. This program is designed to provide a significant return to our executive officers if we are successful, in part, to balance the perception of higher risk. Finally, the executive compensation program includes a long-term incentive plan, where a cash bonus will be earned depending on the closing stock price at December 31, 2011 as set forth in our long-term incentive plan. We believe that the combination of our long-term incentive plan and including equity-based awards in our annual compensation program attracts and motivates executives to set and achieve goals that drive us to long-term success.

The Compensation Committee determines and approves the compensation level of executive officers based on an evaluation of their performance in light of our goals and objectives. The Compensation Committee of the Board of Directors is composed entirely of independent directors as such term is defined by the rules of the NASDAQ Stock Market, Inc. The Compensation Committee is responsible for implementing the Board of Director's directives relating to the compensation of our executive officers based on an evaluation of their performance of our goals and objectives.

Our compensation policy includes:

- base salary, which is determined on an annual basis; and
- annual and long-term cash and stock option incentive compensation.

This section discusses the principles underlying our executive compensation policies, our decisions to date and the principles that we expect to use in coming years.

Our Named Executive Officers

For 2010, our Named Executive Officers and their titles were:

Name	Title
Dr. Michael Fonstein	President and Chief Executive Officer
Dr. Andrei Gudkov	Chief Scientific Officer
Dr. Yakov Kogan	Chief Operating Officer and Secretary
John A. Marhofer, Jr.	Chief Financial Officer

Our Executive Compensation Decision Process

Overview

Our Compensation Committee reviews and approves on a periodic basis the corporate goals and objectives with respect to the compensation for our executive officers.

Role of Executive Officers in Setting Compensation Decisions

Regarding most compensation matters, the Chief Executive Officer has historically provided recommendations to the Compensation Committee relying on his personal experience with respect to evaluating the contribution of our other executive officers. Dr. Michael Fonstein, our Chief Executive Officer and President, is involved in compensation recommendations, with input from the other executive officers. The Compensation Committee considers, but retains the right to reject or modify, such recommendations. Although the Chief Executive Officer may attend a portion of the meetings of the Compensation Committee, neither he nor any other member of management may be present during executive sessions of the Compensation Committee. Moreover, the Chief Executive Officer may not be present when decisions with respect to his compensation are made.

Compensation Advisors

The Compensation Committee has the authority to retain compensation consultants to advise the Compensation Committee as it deems necessary to carry out its duties. In 2010, the Compensation Committee did not engage a third-party compensation consultant.

Competitive Market Analysis and Benchmarking

In reviewing and recommending the compensation of the Chief Executive Officer and other executive officers, the Compensation Committee considers the compensation awarded to officers of similarly situated companies, the respective individual's performance, compensation given to our officers in past years, anticipated changes to future duties and other factors the Compensation Committee deems appropriate. As a framework for the Compensation Committee's decisions regarding the compensation of the Company's named executive officers during 2010, the Compensation Committee evaluated aggregate executive compensation data from the fiscal years 2009 and 2008 regarding the chief executive officer, chief scientific officer, chief operating officer and chief financial officer (or, in certain instances, the executive officer closest in rank and responsibility) of PharmAthene, Inc., Hemispherx Biopharma, Inc., Progenics Pharmaceuticals Inc., AVI BioPharma, Inc., Oncothyreon Inc., Enzo Biochem Inc., SIGA Technologies, Inc., Novavax, Inc., BioCryst Pharmaceuticals, Inc., Emergent BioSolutions, Inc., Rigel Pharmaceuticals, Inc., InterMune Inc., Exelixis, Inc., Seattle Genetics, Inc., Alexion Pharmaceuticals, Inc. and Human Genome Sciences Inc.

We selected these companies as similarly situated because they are all biotechnology companies with market capitalizations of under \$300 million. As an additional benchmark, we used the 2009 study titled "Executive Pay in the Biopharmaceutical Industry." This study listed 408 public biopharmaceutical companies, of which 207 were used because they had annual revenues of under \$25 million. The Compensation Committee found the aggregate compensation paid to each of our named executive officers, in general, was below the compensation paid to executive officers of the selected peer group after taking into account differences, such as total research revenue, scope of supervisory responsibility of employees and other commitments between us and the peer group. Therefore, the Compensation Committee decided to increase the aggregate compensation of our executive officers to be consistent with the peer group effective on July 1, 2010.

Evaluations

The Compensation Committee evaluates at least once a year the performance of our executive officers in light of goals and objectives proposed by the executive officers and approved by the Compensation Committee. Based upon these evaluations, the Compensation Committee determines the annual compensation for our executive officers, including base salary, cash bonus, and equity compensation. In its evaluation of the executive officers, the Compensation Committee considers, but is not limited to, the following:

- overall management of the Company;
- progress achieved by our drug candidates;
- maintaining successful relationships with the Board of Directors and our shareholders;
- our financial performance with respect to the preparation of and compliance with our budget, including capital reserves;
- success in securing new government contracts and grants and other third-party funding, and progress under such contracts and other funding arrangements once obtained;
- financial regulatory compliance (including compliance with NASDAQ rules, the securities laws and all related regulations); and
 - relationships with regulators and compliance with government contract and grant requirements.

Our Compensation Philosophy and Program Objectives

The overall objectives of our compensation program are to attract and retain the best possible executive talent, to motivate these executives to achieve the goals and objectives within our strategic plan, to maximize the link between executive and stockholder interests through a stock option plan and to recognize overall business results. To achieve these objectives, we have developed an overall compensation strategy and specific compensation plans that tie a substantial portion of an executive officer's compensation to performance.

Our Executive Compensation Plan

Overview

The key elements of our compensation plan consist of fixed compensation in the form of base salary, and the discretion to award variable compensation in the forms of cash bonuses and stock option awards. The Compensation Committee's policies with respect to each of these elements are discussed below. In addition, while the elements of compensation described below are considered separately, the Compensation Committee takes into account the full compensation package offered by us to the individual executive officers, including insurance and other benefits.

Base Salary

Our compensation philosophy is to maintain executive base salary at a competitive level to enable us to attract and retain executives needed to accomplish our strategic plan. In determining the appropriate base salary levels and, to a lesser extent, other compensation elements, the Compensation Committee considers the scope of responsibility, prior experience and past accomplishments and anticipated changes to future job responsibilities, as well as our historical practices. Economic and business conditions affecting us are also considered. The Compensation Committee also considers historical levels of salary paid by us as well as the provisions in the various employment contracts we have with our executive officers, which contracts are more fully discussed elsewhere in this proxy statement.

Periodic adjustments in base salary are based on our financial performance and condition and other competitive factors. The Compensation Committee takes into account non-financial performance measures such as our competitive position, scientific developments and improvements in relations with government funding agencies and investors.

Base salaries paid to our executive officers in 2010 were reviewed and set by our Compensation Committee. These base salary levels reflect our Compensation Committee's subjective judgment, which took into account each executive's respective position and tenure, our present needs and achievement of our pre-established scientific and business goals.

Incentive Compensation

The Compensation Committee, in its discretion, may establish incentive plans and otherwise award cash and/or equity bonuses to our executive officers. The amounts of both the cash and equity bonuses are determined based on performance, which is evaluated annually. The cash and equity bonuses for each of executive officers is based on various factors, including, among others, the achievement of various operating milestones based on scientific and business goals, our financial performance, the performance of our stock, and our establishment and compliance with satisfactory corporate governance practices. The operating milestones used in the evaluation of our annual incentive compensation are based on annual proposals made by our executive officers, which are then evaluated and approved by the Compensation Committee. We believe that the annual incentive bonuses motivate and encourage our executive officers to fulfill the goals and objectives of our strategic plan.

Cash Bonuses. The annual cash bonus for each executive officer is determined based on a percentage of such executive officer's base salary. Our target cash bonus for 2010 was set at 20% of base salary, with a threshold of 10% of base salary and a maximum of 40% of base salary, except for Dr. Gudkov, whose percentages are doubled to reflect the lesser amount paid as a consultant. These target, threshold and maximum percentages for a fiscal year are determined by our Compensation Committee during such fiscal year to reflect the current goals and objectives for the plan year as well as the financial condition of the Company. If our executive officers would be entitled to a bonus amount that is less than the threshold amount (based on the formula set forth below), our executive officers will not receive any cash bonuses. If our executive officers are eligible for more than the threshold amount, they will be entitled to a bonus based on the following formula:

$$\begin{array}{l} \text{Base Salary} \\ \text{X Bonus Target} \\ \text{(expressed as a} \\ \text{percentage of base} \\ \text{salary)} \end{array} \quad \text{X} \quad \begin{array}{l} \text{Performance Factor} \\ \text{(based on the performance} \\ \text{of our Company over the} \\ \text{past year based on the} \\ \text{evaluation factors)} \end{array} \quad = \quad \text{Annual Cash Bonus Amount}$$

Our Compensation Committee determined that our executive officers' performance for fiscal 2010 was 120% of the target.

Equity Bonuses. The Compensation Committee believes that granting stock options provides executive officers with a strong economic interest in maximizing stock price appreciation over the long term. The Compensation Committee also believes that the practice of granting stock options can be useful in retaining and recruiting the key talent necessary to ensure our continued success. This element of compensation has been governed by the Cleveland BioLabs, Inc. Equity Incentive Plan, as amended ("Equity Plan"). The Equity Plan is administered by our Compensation Committee, which reviews executive management's recommendations concerning persons to be granted stock options, and determines the number of stock options to be granted to each such person, and the terms and conditions of any stock options as permitted under the Equity Plan. The exercise price of stock options is set per Cleveland BioLabs, Inc. Guidelines for Equity Awards and has been at a price not less than the Fair Market Value of a Share on the Grant Date. The options therefore do not have any value to the executive officer unless the market price of our common stock rises, which ensures that the interests of our executive officers are aligned with those of our shareholders. Through these option grants, we seek to emphasize the importance of improving the performance of our stock price, increasing shareholder value over the long term.

Our target stock option bonus for 2010 was set at 125,000 stock options, with a threshold of 62,500 stock options and a maximum of 250,000 stock options. These target, threshold and maximum amounts for a fiscal year are determined by our Compensation Committee during such fiscal year to reflect the current goals and objectives for the plan year as well as the financial condition of the Company. If our executive officers would be entitled to a stock option grant that

is less than the threshold amount (based on the formula set forth below), our executive officers will not receive any stock option grants as a bonus. If our executive officers are eligible for more than the threshold amount, they will be entitled to a stock option bonus based on the following formula:

19

Target Option Amount (as determined by the Compensation Committee) X Performance Factor (based on the performance of our Company over the past year based on the evaluation factors) = Annual Stock Option Grant Amount

Our Compensation Committee determined that our executive officers' performance for fiscal 2010 was 120% of the target.

Additional Benefits and Perquisites

Our officers are entitled to participate in the benefit plans which are generally available to all employees, including health, dental, life, and disability insurance. For each of these benefit plans, we make contributions to the premiums paid to the plans. We also offer a 401(k) defined contribution plan and makes contribution to the 401(k) plan. In each case, we offer these benefits to our executive officers on the same basis as our other employees.

Severance and Change in Control Agreements

We also provide certain of our executive officers with severance and change of control arrangements in their employment contracts. We believe that severance and change of control packages are a common characteristic of compensation for executive officers. They are intended to provide our executive officers with a sense of security in making the commitment to dedicate their professional careers to our success. Due to our size relative to other public companies and our operating history, we believe that severance and change in control arrangements are necessary to help us attract and retain necessary skilled and qualified executive officers to continue to grow our business.

Our Compensation Policies

Section 162(m) Policy

The Compensation Committee has found it unnecessary to consider the applicability of Section 162(m) of the Code because no executive officer receives compensation in excess of one million dollars.

Common Share Ownership Requirements

While we have not adopted a formal written policy on common share ownership requirements, part of our compensation philosophy involves common share ownership by our executive officers, because we believe that it helps to align their financial interests with those of our shareholders. We also recognize, on the other hand, that our executive officers cannot acquire more than 10% of our common shares without triggering adverse tax consequences. In addition, we expect our executive officers to abide by the provisions of our Disclosure Policy and Insider Trading Policy.

Timing of Awards

The Compensation Committee has the authority to issue equity awards under our Equity Plan. We expect that the Compensation Committee will continue making option awards to our executive officers when appropriate. The Compensation Committee strives to ensure that any award is made in such a manner to avoid even the appearance of manipulation because of its award date.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of our Board of Directors has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K, which appears elsewhere in this proxy statement, with our management. Based on this review and discussion, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in our proxy statement.

RISKS RELATED TO COMPENSATION PRACTICES AND POLICIES

Our company regularly assesses risks related to our compensation programs, including our executive compensation programs, and we do not believe that the risks arising from our compensation policies and practices are reasonably likely to have a material adverse effect on our company. At the Compensation Committee's direction, management provides ongoing information to the Compensation Committee regarding compensation factors which could mitigate or encourage excessive risk-taking. In its discussions, the Compensation Committee considered the attributes of our programs, including:

- significant management oversight over employee compensation;
- a balance of annual and long-term, milestone-based incentives for senior executives;
- the use of multiple objective performance metrics; and
- stock ownership guidelines that are reasonable and align executives' interests with those of our shareowners.

Potential Payments Upon Termination Or Change-In-Control

The following descriptions are based on the employment agreements of Messrs. Fonstein and Kogan and the consulting agreement of Dr. Gudkov that were in effect as of December 31, 2010.

Pursuant to Dr. Fonstein's employment agreement, if Dr. Fonstein is terminated for "cause" or resigns, we would not have any further obligations, except the payment of any base salary and reimbursable expenses accrued through the date of termination. If Dr. Fonstein is terminated by us without cause as described in the employment agreement, he would be entitled to severance pay equal to six months of his annual salary (based on his annual base salary of \$320,000 as of December 31, 2010, this amount would have been \$160,000). If Dr. Fonstein is terminated due to a permanent disability or death, Dr. Fonstein would be entitled to receive severance pay equal to the base salary that would have been payable if Dr. Fonstein had continued his employment for the remaining term under his employment agreement. However, if Dr. Fonstein becomes permanently disabled or dies as a result of, or in conduct of, his employment duties under his employment agreement, Dr. Fonstein would be entitled to severance pay equal to his base salary that would have been payable had Dr. Fonstein continued his employment for a period of no less than eighteen months (based on his annual base salary of \$320,000 as of December 31, 2010, eighteen months of severance would have been \$480,000). Pursuant to amendments to Dr. Fonstein's employment agreement to effect compliance with Section 409A of the Internal Revenue Code, such severance would not be paid until the earlier of six months and one day after termination or Dr. Fonstein's death.

Pursuant to Dr. Kogan's employment agreement, if Dr. Kogan is terminated for "cause" or resigns, we would not have any further obligations, except the payment of any base salary and reimbursable expenses accrued through the date of termination. If Dr. Kogan is terminated by us without cause as described in his employment agreement, he would be entitled to severance pay equal to six months of his annual salary (based on his annual base salary of \$250,000 as of December 31, 2010, this amount would have been \$125,000). If Dr. Kogan is terminated due to a permanent disability or death, Dr. Kogan would be entitled to receive severance pay equal to the base salary that would have been payable if Dr. Kogan had continued his employment for the remaining term under his employment agreement. However, if Dr. Kogan becomes permanently disabled or dies as a result of, or in conduct of, his employment duties under his employment agreement, Dr. Kogan would be entitled to severance pay equal to his base salary that would have been payable had Dr. Kogan continued his employment for a period of no less than eighteen months (based on his annual base salary of \$250,000 as of December 31, 2010, eighteen months of severance would have been \$375,000). Pursuant to amendments to Dr. Kogan's employment agreement to effect compliance with Section 409A of the Internal Revenue Code, such severance would not be paid until the earlier of six months and one day after termination or Dr. Kogan's death.

Under the employment agreements for Dr. Fonstein and Dr. Kogan, a "permanent disability" will be deemed to occur if such executive suffers a physical or mental illness, injury or infirmity that prevents him from performing, with or without reasonable accommodations, his essential job functions, for a total period of 120 days in any 360-day period. "Cause," as defined in the employment agreements, includes, among others, the following events, as determined in the reasonable good faith judgment of the Board of Directors:

- the failure of such executive to perform his duties or comply with reasonable directions of the Board of Directors which continues for ten days after the Board of Directors has given written notice to such executive, specifying in reasonable detail the manner in which such executive has failed to perform such duties or comply with such directions;
- the determination by the Board of Directors in the exercise of its reasonable judgment that such executive has committed an act or acts constituting a felony, dishonesty or disloyalty with respect to the Company or fraud;

- the determination by the Board of Directors in the exercise of its reasonable judgment that such executive has committed an act, or has failed to take action, which act or failure to take action adversely affects the Company's business or reputation or indicates alcohol abuse or drug use by such executive that adversely affects his performance of the essential job functions hereunder; or

- the breach, non-performance or non-observance of any of the terms of such executive’s employment agreement (other than as described in the first bullet above) or any other agreement to which such executive and the Company are parties, by such executive, if such breach, non-performance or non-observance shall continue beyond a period of ten business days immediately after written notice thereof by the Company to such executive.

Pursuant to Dr. Gudkov’s consulting agreement, Dr. Gudkov may be terminated by us, effective immediately, if he (a) breaches or threatens to breach the provisions relating to inventions and proprietary information, (b) engages in any malfeasance, misconduct or conduct likely to cause reputational harm to the Company, (c) enters into a relationship with a third party that creates a conflict of interest with his consulting services to the Company, (d) fails to perform or neglects his duties after written notice from the chief executive officer, or (e) dies or becomes physically or mentally disabled such that in the Company’s reasonable judgment, Dr. Gudkov cannot perform his duties. The consulting agreement permits either Dr. Gudkov or us to terminate the consulting agreement upon 14 days notice. Following termination, we are been required to pay Dr. Gudkov all fees owing for services rendered prior to the termination date.

The following table summarizes the payments that would have been made to our named executive officers under the employment or consulting agreements, as applicable, upon a termination on December 31, 2010.

	Voluntary Termination/ Termination for Cause	Termination Without Cause	Death or Disability In Performance of Duty
Michael Fonstein	-	\$ 160,000	\$ 480,000
Yakov Kogan	-	\$ 125,000	\$ 375,000
Andrei Gudkov	-	-	-

Actual amounts that the named executive officers could receive in the future as a result of a termination of employment could differ materially from the amounts set forth above as a result of, among other things, changes in their base salaries, changes in our stock price and the vesting and grants of additional equity awards.

Director Compensation

The following is a description of the standard compensation arrangements under which our directors are compensated for their service as directors, including as members of the various committees of our board. Each of our directors whose compensation is disclosed above is not compensated in addition to the compensation they receive as an executive officer of the Company.

For their service during 2010, each of our independent directors was entitled to receive an annual retainer of \$50,000. Each of our independent directors elected, however, to receive a portion of his annual retainer in the form of shares of our common stock rather than cash. Specifically, each of Messrs. Kasten, Perez, Antal and DiCorleto elected to receive common stock with a value equivalent to \$25,000, with the remaining \$25,000 portion of the retainer to be received by each in cash.

In addition to the annual retainer, the chairperson of the Audit Committee (Mr. Antal) received an annual fee of \$15,000 and the other members of the Audit Committee (Messrs. Kasten and Perez) each received an annual fee of \$10,000. The chairperson of the Compensation Committee (Mr. Antal) received an annual fee of \$7,500 and the other members of the Compensation Committee (Messrs. Antal and Perez) each received \$5,000. Each member of the Nominating and Corporate Governance Committee (Messrs. Kasten, DiCorleto, and Perez), including the chairperson, received an annual fee of \$2,500. For the year ending December 31, 2010, we granted to each of our independent directors options to purchase 35,000 shares of common stock at an exercise price of \$2.98 per share. All of those options were awarded on June 8, 2010, vested immediately upon grant and are exercisable for ten years. Each of our independent directors is also reimbursed for reasonable out-of-pocket expenses incurred in attending Board or Board committee meetings.

The following table shows the total compensation paid or accrued during the fiscal year ended December 31, 2010 to each of our directors.

REPORT OF AUDIT COMMITTEE

The Board of Directors maintains an Audit Committee comprised of three non-employee members of the Board of Directors. After reviewing the qualifications of the current members of the committee, and any relationships they may have with the Company that might affect their independence from the Company, the Board of Directors has determined that (1) all current members of the Audit Committee are “independent” as that concept is defined in Section 10A of the Exchange Act, (2) all current members of the Audit Committee are “independent” as that concept is defined in The NASDAQ Marketplace Rules, (3) all current members of the Audit Committee are financially literate, and (4) Mr. Antal qualifies as an audit committee financial expert under the applicable rules promulgated pursuant to the Securities Exchange Act of 1934, as amended.

The Audit Committee’s role and responsibilities are set forth in our charter adopted by the Board of Directors, which is available on our website at www.cbiolabs.com. The Audit Committee reviews and reassesses our charter annually and recommends any changes to the Board of Directors for approval. The Audit Committee is responsible for overseeing our overall financial reporting process, and for the appointment, compensation, retention, and oversight of the work of Meaden & Moore, Ltd. The members of the Audit Committee are not professional auditors, and their functions are not intended to duplicate or to certify the activities of management or the independent auditors, nor can the Audit Committee certify that the independent auditors are “independent” under applicable rules. The Audit Committee serves in a board-level oversight role in which it provides advice, counsel and direction to management and the auditors based on the information it receives, on discussions with management and the auditors, and on the members of the Audit Committee’s experience in business, financial and accounting matters. The Audit Committee has the authority to engage its own outside advisors, apart from counsel or advisors hired by management, as it determines appropriate, including experts in particular areas of accounting. Management is responsible for the reporting processes and preparation and presentation of financial statements and the implementation and maintenance of internal controls. The Company’s independent auditors are responsible for expressing an opinion on the conformity of the Company’s audited financial statements to generally accepted accounting principles in the United States.

In fulfilling its responsibilities for the financial statements for fiscal year 2010, the Audit Committee took the following actions:

- Reviewed and discussed the audited financial statements for the fiscal year ended 2010 with management and Meaden & Moore, Ltd., our independent registered public accounting firm;
- Discussed with Meaden & Moore, Ltd. the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T, relating to the conduct of the audit; and
- Received written disclosures and the letter from Meaden & Moore, Ltd. regarding its independence as required by applicable requirements of the Public Company Accounting Oversight Board regarding Meaden & Moore, Ltd. communications with the Audit Committee and the Audit Committee further discussed with Meaden & Moore, Ltd. their independence. The Audit Committee also considered the status of pending litigation, taxation matters and other areas of oversight relating to the financial reporting and audit process that the committee determined appropriate.

Based on the Audit Committee’s review of the audited financial statements and discussions with management and Meaden & Moore, Ltd., the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended 2010 for filing with the SEC.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Our records reflect that all reports which were required to be filed pursuant to Section 16(a) of the Exchange Act were filed on a timely basis, except that three reports, covering an aggregate of three transactions, were filed late by Yakov Kogan, all of which related to stock options granted to Ms. Leah Brownlee, the spouse of Dr. Kogan, who is employed by us as corporate counsel. The following transactions were reported late: (i) Ms. Brownlee was granted 30,000 stock options on March 2, 2010, for which a report by Mr. Kogan was filed on April 20, 2010; (ii) Ms. Brownlee was granted 3,856 stock options on August 18, 2010, for which a report by Mr. Kogan was filed on September 1, 2010; and (iii) Ms. Brownlee was granted 4,255 stock options on November 17, 2010, for which a report by Mr. Kogan was filed on November 22, 2010.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Pursuant to our Code of Conduct, the Audit Committee must approve in advance any transaction that could involve an actual, potential or perceived conflict of interest, including transactions where employees or directors have a substantial financial interest in any of our competitors, customers or suppliers, or where gifts or loans of value in excess of \$200 are received in a year from our suppliers, customers or competitors. The policy also requires disclosure or approval where an employee or director owns a substantial interest in an entity that has a prospective business relationship with, or is a competitor of, us.

On or around May 31, 2006, we entered into a Collaboration Agreement with one of our stockholders, ChemBridge Corporation (“ChemBridge”), which at the time beneficially owned approximately 6.12% of our common stock. Pursuant to the Collaboration Agreement, we and ChemBridge agreed to collaborate on efforts to research and develop pharmaceutical compounds targeting renal cell carcinoma (a highly fatal form of kidney disease) and other cancers. The financial commitment from each party depends on the success of each step of the project. As part of the agreement, ChemBridge has agreed to provide 5.25 full-time equivalent personnel in exchange for a 50% interest in all developed pharmaceutical compounds.

Pursuant to our existing license agreement with The Cleveland Clinic Foundation (“CCF”), we have paid, as of December 31, 2010, \$350,000 in milestone payments. Since our inception, we have also subcontracted with CCF for grants, and lab and other services, in the approximate amount of \$3,210,000, of which approximately \$3,500 was paid in 2010. As of December 31, 2010, CCF beneficially owned approximately 4.37% of our common stock. Dr. DiCorleto, one of our directors, is the Chairman of the Lerner Research Institute of the Cleveland Clinic. In making the determination of independence with respect to Dr. DiCorleto, the Nominating and Corporate Governance Committee of the Board of Directors, with Dr. DiCorleto abstaining from the determination, considered Dr. DiCorleto’s affiliation with the Cleveland Clinic and satisfied itself that this affiliation does not detract or interfere with Dr. DiCorleto’s ability to exercise independent judgment in carrying out his responsibilities as director and serving the best interests of our stockholders.

Our Chief Scientific Officer and Board member, Dr. Andrei Gudkov, is the Senior Vice President of Basic Science and the Chairman of the Department of Cell Stress Biology at Roswell Park Cancer Institute (“RPCI”). We provide funding to Dr. Gudkov’s laboratory at RPCI, and also purchase certain core services from RPCI, including mice, the housing and storage of mice, irradiator services, and other core services such as DNA sequencing and blood analysis. In 2010, we paid RPCI approximately \$1,375,000 for funding Dr. Gudkov’s laboratory and \$437,000 for core services. There was a balance in accounts payable for approximately \$202,000 for Dr. Gudkov’s laboratory funding as of December 31, 2010.

In addition to the above, Incuron, LLC, our majority-owned subsidiary, provided a loan of \$121,400 during fiscal 2010 to an entity in which Dr. Gudkov has a minority stake. This entity is not related to the Company. The loan

carries no interest, a borrowing limit of \$121,400, and expires on June 30, 2011. The proceeds of the loan were used by such entity to fund research at Dr. Gudkov's laboratory.

Dr. Hohn, our director nominee, is the Executive Director of Health Policy at the Cancer Center at RPCI. In making the determination of independence with respect to Dr. Hohn, the Nominating and Corporate Governance Committee of the Board of Directors considered Dr. Hohn's affiliation with the Roswell Institute and satisfied itself that this affiliation does not detract or interfere with Dr. Hohn's ability to exercise independent judgment in carrying out his responsibilities as director upon his election and serving the best interests of our stockholders.

Effective March 1, 2010, we hired Leah Brownlee to serve in the position of Corporate Counsel and Vice President-Operations. Ms. Brownlee is the spouse of Dr. Yakov Kogan, a member of our Board and our Chief Operating Officer and Secretary. Ms. Brownlee was paid a base salary at an annual rate of \$145,000 from March 2010 through June 2010 and at an annual rate of \$160,000 from July 2010 through December 2010 and also received options exercisable for 30,000 shares of common stock at an exercise price of \$3.79 per share on March 2, 2010, options exercisable for 3,856 shares of common stock at an exercise price of \$3.91 per share on August 18, 2010, and options exercisable for 4,255 shares of common stock at an exercise price of \$6.09 per share on November 17, 2010.

ELECTION OF DIRECTORS

(Notice Item 1)

Our Board of Directors consists of seven directors, six of whom is a nominee in the current election. H. Daniel Perez is currently a member of our Board of Directors and a member of each of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. The Board of Directors has decided not to nominate Dr. Perez for re-election to the Board of Directors and his term will end immediately after the completion of the Annual Meeting. David C. Hohn is being nominated to fill the vacancy created in our Board of Directors by the departure of Dr. Perez. After the Annual Meeting, Dr. Hohn is expected to serve on the committees of the Board of Directors on which Dr. Perez is currently a member.

If elected, the seven nominees for election as directors at our 2011 Annual Meeting of Stockholders will serve for one year terms expiring at our 2012 Annual Meeting of Stockholders. The Board of Directors recommends that the stockholders vote in favor of the election of the nominees named in this proxy statement to serve as our directors. See “Management and Corporate Governance—The Board of Directors” above.

In accordance with NASDAQ Marketplace Rule 5605(b)(1), and the standard of independence defined in NASDAQ Marketplace Rule 5605(a)(2), “independent directors” currently make up a majority of our Board of Directors. Our independent directors who are nominees are James J. Antal, Paul E. DiCorleto and Bernard L. Kasten. Our Board has also determined that, following his election, Dr. Hohn will also qualify as an independent director as defined The NASDAQ Stock Market. In making the determination of independence with respect to Dr. DiCorleto, the Nominating and Corporate Governance Committee of the Board of Directors, with Dr. DiCorleto abstaining from the determination, considered Dr. DiCorleto’s affiliation with the Cleveland Clinic and satisfied itself that this affiliation does not detract or interfere with Dr. DiCorleto’s ability to exercise independent judgment in carrying out his responsibilities as director and serving the best interests of our stockholders. In making the determination of independence with respect to Dr. Hohn, the Nominating and Corporate Governance Committee of the Board of Directors considered Dr. Hohn’s affiliation with the Roswell Park Center Institute and satisfied itself that this affiliation will not detract or interfere with Dr. Hohn’s ability to exercise independent judgment in carrying out his responsibilities as director upon his election and serving the best interests of our stockholders.

The Nominating and Corporate Governance Committee of the Board has reviewed the performance of the Board, and has recommended that all nominees be approved for reelection. Unless authority to vote for any of these nominees is withheld, the shares represented by the enclosed proxy will be voted FOR the election as directors of Messrs. Kasten, Antal, DiCorleto, Fonstein, Gudkov, Kogan and Hohn. In the event that either nominee becomes unable or unwilling to serve, the shares represented by the enclosed proxy will be voted for the election of such other person as the Board of Directors may recommend in that nominee’s place. We have no reason to believe that any nominee will be unable or unwilling to serve as a director.

A plurality of the shares voted For each nominee at the Meeting is required to elect each nominee as a director.

The Board of Directors recommends the Election of Messrs. Kasten, Antal, DiCorleto, Fonstein, Gudkov, Kogan and Hohn as directors, and proxies solicited by the Board of Directors will be voted in favor of such approval unless a stockholder indicates otherwise on the proxy.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

(Notice Item 2)

The Audit Committee has appointed Meaden & Moore, Ltd. as our independent registered public accounting firm to audit our financial statements for the fiscal year ending December 31, 2011. The Board proposes that the stockholders ratify this appointment. Meaden & Moore, Ltd. audited our financial statements for the fiscal year ended December 31, 2010. We expect that representatives of Meaden & Moore, Ltd. will be present at the Annual Meeting, will be able to make a statement if they so desire, and will be available to respond to appropriate questions.

In the event the stockholders do not ratify the appointment of Meaden & Moore, Ltd. as our independent registered public accounting firm, the Audit Committee will reconsider its appointment. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of us and our stockholders.

The affirmative vote of a majority of the shares cast affirmatively or negatively at the Annual Meeting is required to ratify the appointment of the independent registered public accounting firm.

The Board of Directors recommends a vote For the appointment of Meaden & Moore, Ltd. as our independent registered public accounting firm, and proxies solicited by the Board of Directors will be voted in favor of such approval unless a stockholder indicates otherwise on the proxy.

Principal Accountant Fees and Services

Meaden & Moore, Ltd. acts as the principal auditor for us and also provides certain audit-related services. We have entered into an engagement agreement with Meaden & Moore, Ltd. that sets forth the terms by which Meaden & Moore, Ltd. will perform audit services for us. That agreement is subject to alternative dispute resolution procedures and an exclusion of punitive damages.

The Audit Committee pre-approves all services provided by Meaden & Moore, Ltd. to us. In pre-approving services, the Audit Committee considers whether such services are consistent with the SEC's rules on auditor independence. The fees for the services provided by Meaden & Moore, Ltd. to us are set forth below:

ADVISORY VOTE ON EXECUTIVE COMPENSATION AS DISCLOSED IN THIS PROXY STATEMENT

(Notice Item 3)

In accordance with recent legislation, we are seeking your advisory vote on our executive compensation arrangements. More specifically, we ask that you support the compensation of our named executive officers as disclosed in the “Compensation Discussion and Analysis” section and the accompanying tables contained in this proxy statement with respect to our executive officers named in the Summary Compensation Table. Because your vote is advisory, it will not be binding on our Compensation Committee or our Board of Directors. However, the Compensation Committee and the Board will review the voting results and take them into consideration when making future decisions regarding executive compensation.

Our compensation philosophy is designed to align each executive’s compensation with our short-term and long-term performance and to provide the compensation and incentives needed to attract, motivate and retain key executives who are crucial to our long-term success. Consistent with this philosophy, a significant portion of the total compensation opportunity for each of our executives is directly related to performance factors that measure our progress against the goals of our strategic and operating plans, as well as our performance against that of our peer companies. Furthermore, a significant proportion of our executive compensation is paid in the form of stock options, aligning our executive’s interests with those of our stockholders. We believe that our executive compensation is designed to promote the creation of long-term stockholder value and position the Company for long-term success.

Stockholders are urged to read the “Compensation Discussion and Analysis” section of this proxy statement, which discusses how our compensation policies and procedures implement our compensation philosophy. The Compensation Committee and the Board of Directors believe that these policies and procedures are effective in implementing our compensation philosophy and in achieving its goals.

In accordance with the rules recently adopted by the SEC, the following resolution, commonly known as a “say-on-pay” vote, is being submitted for a stockholder vote at the 2011 Annual Meeting:

“RESOLVED, that the compensation paid to the named executive officers of Cleveland BioLabs, Inc., as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and any related material disclosed in the proxy statement, is hereby APPROVED.”

The affirmative vote of a majority of the shares cast affirmatively or negatively at the Annual Meeting is required to approve this resolution.

The Board of Directors recommends a vote to Approve the compensation of our Named Executive Officers, and proxies solicited by the Board of Directors will be voted in favor of such approval unless a stockholder indicates otherwise on the proxy.

ADVISORY VOTE ON FREQUENCY OF HOLDING AN ADVISORY VOTE ON EXECUTIVE
COMPENSATION

(Notice Item 4)

In accordance with recent legislation, we are seeking your input with regard to the frequency of future stockholder advisory votes on the compensation of our named executive officers. In particular, we are asking whether the advisory vote (see Notice Item 3) should occur every year, every two years or every three years. Because your vote is advisory, it will not be binding on our Board of Directors or the committees thereof. However, the Board (and/or an appropriately delegated committee of the Board) will review the voting results and take them into consideration when making future decisions regarding how frequently it should present the advisory vote on executive compensation to our stockholders.

After careful consideration of this Proposal, our Nominating and Corporate Governance Committee, which has been delegated by our Board of Directors to make this determination, has determined that an advisory vote on executive compensation that occurs every year is the most appropriate alternative for our Company, and therefore our Nominating and Corporate Governance Committee recommends that you vote for a one-year interval for the advisory vote on executive compensation.

In formulating its recommendation, our Nominating and Corporate Governance Committee considered that an annual advisory vote on executive compensation will allow our stockholders to provide us with their direct input on our compensation philosophy, policies and practices as disclosed in the proxy statement every year. Additionally, an annual advisory vote on executive compensation is consistent with our desire to seek input from, and engage in discussions with, our stockholders on certain corporate governance matters and our executive compensation philosophy, policies and practices. However, stockholders should note that because the advisory vote on executive compensation occurs well after the beginning of the compensation year, and because the different elements of our executive compensation programs are designed to operate in an integrated manner and the complement one another, in many cases it may not be appropriate or feasible to change our executive compensation programs in consideration of any one year's advisory vote on executive compensation by the time of the following year's annual meeting of stockholders.

We understand that our stockholders may have different views as to what is the best approach for our Company, and we look forward to hearing from our stockholders on this Proposal.

The proxy card provides stockholders with the opportunity to choose among four options (holding the vote every one, two or three years, or abstaining) and, therefore, stockholders will not be voting to approve or disapprove the Board's recommendation. The frequency option receiving the greatest number of votes (also known as a "plurality" of the votes cast) will be the frequency approved by our stockholders.

The Board of Directors recommends a vote to Approve the frequency of holding an advisory vote on executive compensation every year, and proxies solicited by the Board of Directors will be voted in favor of such approval unless a stockholder indicates otherwise on the proxy.

OTHER MATTERS

The Board of Directors knows of no other business which will be presented to the annual meeting. If any other business is properly brought before the annual meeting, proxies will be voted in accordance with the judgment of the persons named therein.

PROPOSALS OF STOCKHOLDERS

To be considered for inclusion in the proxy statement relating to our 2012 Annual Meeting of Stockholders, we must receive stockholder proposals (other than for director nominations) no later than 120 days prior to April 27, 2011. In accordance with our Second Amended and Restated By-Laws, to be considered for presentation at the 2012 Annual Meeting, although not included in the proxy statement, proposals (including director nominations that are not requested to be included in our proxy statement) must be received no earlier than 120 days prior to, and no later than 90 days prior to, June 7, 2012. Proposals that are not received in a timely manner will not be voted on at the 2012 Annual Meeting. If a proposal is received on time, the proxies that management solicits for the meeting may still exercise discretionary voting authority on the proposal under circumstances consistent with the proxy rules of the SEC. Any such notice must include information specified in our Second Amended and Restated By-Laws, including information concerning the nominee or proposal, as the case may be, and information about the stockholder's ownership of our stock. All stockholder proposals should be marked for the attention of the Office of the Secretary, Cleveland BioLabs, Inc., 73 High Street, Buffalo, New York 14203.
