This increase was mainly due to (i) higher research expenses related to IBOPE, (ii) higher commissions paid to the Company's sales force and to advertising agencies due to the increase in broadcasting revenue and (iii) higher maintenance expenses.

The Company's depreciation and amortization expenses for the third quarter of 2012 totaled Ps. 5,225,000, a 17.5% decrease compared to the Ps. 6,337,000 reported for the third quarter of 2011. This decrease was attributable to a reduction in the amount of depreciable assets.

Other Matters:

In August 23, 2012, the Company announced that the KXOS-FM radio station assets have been acquired by a newly-formed entity, 93.9 Holdings, Inc., pursuant to the Put and Call Agreement entered into with Emmis Communications Corporation and certain of its subsidiaries (collectively, "Emmis") in April 2009, which was amended in April of this year to reduce the purchase price to US\$85.5 million.

The acquiring entity, 93.9 Holdings, Inc., is controlled by 93.9 Investment, LLC, which is wholly owned by certain members of the Aguirre family who are U.S. citizens. GRC's wholly-owned subsidiary, Grupo Radio Centro LA, LLC ("GRC-LA"), owns a 25% equity stake in 93.9 Holdings, Inc., and GRC-LA and 93.9 Investment, LLC have entered into a shareholders' agreement relating to their interests in 93.9 Holdings, Inc. Pursuant to this shareholders' agreement, GRC-LA will have certain customary minority shareholder rights, including those relating to extraordinary corporate transactions, and has a call option to acquire, subject to compliance with the rules and regulations of the Federal Communications Commission, the equity in 93.9 Holdings, Inc. held by 93.9 Investment, LLC, at a purchase price based on the amount of capital contributed by 93.9 Investment, LLC to 93.9 Holdings, Inc.

In order to finance the acquisition, 93.9 Holdings, Inc. entered into a US\$90 million senior secured credit facility guaranteed by GRC and certain of its operating subsidiaries with a group of lenders for which Credit Suisse Securities (USA) LLC acted as the lead arranger. The credit facility provides for a term loan in two tranches, one of which has a five-year term and the other of which has a seven-year term. The principal amounts borrowed under the credit facility are required to be repaid in accordance with a graduated amortization schedule that requires 93.9 Holdings, Inc. to start repaying, on a quarterly basis, the amounts borrowed under the five-year tranche in six months and the amounts borrowed under the seven-year tranche in 18 months. In addition to being guaranteed by GRC and certain of its operating subsidiaries, the credit facility is secured by a first priority lien on substantially all of 93.9 Holdings, Inc.'s and its subsidiary's assets and substantially all of GRC's property, including its corporate headquarters. The guarantee agreement entered into by GRC and certain of its subsidiaries requires GRC to maintain certain financial ratios, and comply with other financial conditions that, among other things, limit its ability to incur additional indebtedness, pay dividends, pledge assets and enter into transactions with affiliates.

As a result of this acquisition, the Local Programming and Marketing Agreement ("LMA") for the KXOS-FM radio station entered into between GRC-LA and Emmis on April 3, 2009 has been terminated. GRC-LA and 93.9 Holdings, Inc. have entered into a new LMA effective as of August 23, 2012 pursuant to which GRC-LA will continue to provide programming to, and sell advertising time, on KXOS-FM on substantially the same terms and conditions as the LMA that had been entered into with Emmis, except that the fees payable by GRC-LA will be equal, in any period, to the debt service requirements of 93.9 Holdings, Inc. for such period under the credit facility described above. GRC-LA will also be required to reimburse 93.9 Holdings, Inc. for any expenses incurred by it with respect to the KXOS-FM radio station
