Execution of a proxy will not in any way affect a stockholder's right to attend the meeting and vote in person, although the presence (without further action) of a stockholder at the annual meeting will not constitute revocation of a previously given proxy. Any stockholder delivering a proxy has the right to

Edgar Filing: NeuroMetrix, Inc. - Form DEF 14A

revoke it by either: (1) filing a written revocation with our Secretary at NeuroMetrix, Inc., 1000 Winter Street, Waltham, Massachusetts 02451; (2) submitting a new proxy by telephone, Internet, or proxy card after the date of the previously submitted proxy; or (3) appearing in person at the meeting and voting by ballot at the annual meeting. Your most current vote, whether by telephone, Internet or proxy card is the one that will be counted.

Whether you plan to attend the annual meeting or not, we urge you to vote by proxy. If you vote by proxy, the individuals named on the proxy card, or your proxies, will vote your shares in the manner you indicate. You may specify whether your shares should be voted for the nominees for director or withheld from the nominees for director and whether your shares should be voted for, against, or abstain with respect to each of the other proposals. Voting by proxy will not affect your right to attend the annual meeting. If your shares are registered directly in your name through our stock transfer agent, American Stock Transfer & Trust Company, or you have stock certificates registered in your name, you may vote:

By mail. Complete and mail the enclosed proxy card in the enclosed postage prepaid envelope. Your proxy will be voted in accordance with your instructions. If you sign the proxy card but do not specify how you want your shares voted, they will be voted as recommended by our Board of Directors.

By Internet or by telephone. Follow the instructions attached to the proxy card to vote by Internet or telephone.

In person at the meeting. If you attend the meeting, you may deliver your completed proxy card in person or you may vote by completing a ballot, which will be available at the meeting.

Telephone and Internet voting facilities for stockholders of record will be available 24-hours a day and will close at 11:59 p.m. Eastern Time on May 2, 2016.

If your shares are held in street name (held in the name of a bank, broker, or other nominee), you must provide the bank, broker, or other holder of record with instructions on how to vote your shares and can do so as follows:

By mail. Follow the instructions you receive from your broker or other nominee explaining how to vote your shares.

By Internet or by telephone. Follow the instructions you receive from your broker or other nominee to vote by Internet or telephone.

In person at the meeting. Contact the broker or other nominee who holds your shares to obtain a broker's proxy card and bring it with you to the annual meeting. You will not be able to vote at the annual meeting unless you have a proxy card from your broker.

The representation in person or by proxy of at least a majority of all shares of common stock issued, outstanding, and entitled to vote at the meeting is necessary to constitute a quorum for the transaction of business. Votes withheld from the nominees for election as director, abstentions, and broker non-votes are counted as present or represented for purposes of determining the presence or absence of a quorum for the meeting. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because, in respect of such other proposal, the nominee does not have discretionary voting power and has not received voting instructions from the beneficial owner. An automated system administered by our transfer agent tabulates the votes. The vote on each matter submitted to stockholders is tabulated separately.

Each of the persons named as proxies in the proxy is one of our officers. All properly executed proxies returned in time to be cast at the meeting will be voted. With respect to the election of two Class III directors, any stockholder submitting a proxy has a right to withhold authority to vote for the nominee to the Board of Directors in the manner provided on the proxy. The stockholders also will act upon proposals (1) to approve the Corporation's Eighth Amended and Restated 2004 Stock Option and Incentive Plan (the Eighth Amended and Restated 2004 Stock Plan) which increases the number of shares of the common stock authorized for issuance thereunder by 500,000 shares, (2) to approve the Corporation's Third Amended and Restated 2010 Employee Stock Purchase Plan which increases the number of shares of the common stock authorized for issuance thereunder by 100,000 shares, subject to further adjustment annually as provided therein, (3) to ratify the selection of the Corporation's independent registered public accounting firm, and (4) to approve by an advisory vote the compensation of our named executive officers.

If your shares are registered in your name, they will not be counted if you do not vote as described above. If your shares are held in street name and you do not provide voting instructions to the bank, broker or other holder of record that holds your shares, the bank, broker or other holder of record will have the authority to vote your unvoted shares only on proposal 3 even if it does not receive instructions from you. We encourage you to provide voting instructions. This ensures your shares will be voted at the meeting in the manner you desire. If your broker cannot vote your shares on a particular matter because it has not received instructions from you and does not have discretionary voting authority on that matter or because your broker chooses not to vote on a matter for which it does have discretionary voting authority, this is referred to as a broker non-vote .

The following sets forth the vote required to approve each proposal and how votes are counted:

Proposal 1: Election of Directors	<p>The nominees to serve as Class III directors who receive the most votes (also known as a plurality of the votes cast) will be elected. You may vote either FOR the nominees, WITHHOLD your votes from all of the nominees or WITHHOLD your vote from either of the nominees. Votes that are withheld will not be included in the vote tally for the election of the directors. Brokerage firms do not have authority to vote customers' unvoted shares held by the firms in street name for this proposal. As a result, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes will have no effect on the outcome of the election of the nominees. The affirmative vote of a majority of the votes cast for or against this proposal is required to approve the Corporation's Eighth Amended and Restated Stock Plan which increases the number of shares of the common stock authorized for issuance thereunder by 500,000 shares, thereby increasing the total reserved shares under the Eighth Amended and Restated 2004 Stock Plan from 531,570 shares to 1,031,570 shares. Abstentions will have no effect on the results of this vote. Brokerage firms do not have authority to vote customers' unvoted shares held by the firms in street name on this proposal. As a result, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes will have no effect on the results of this vote.</p>
Proposal 2: Approve Corporation's Eighth Amended and Restated 2004 Stock Plan	<p>The affirmative vote of a majority of the votes cast for or against this proposal is required to approve the Corporation's Third Amended and Restated 2010 Employee Stock Purchase Plan which increases the number of shares of the common stock authorized for issuance thereunder by 100,000 shares, thereby increasing the total reserved shares under the Third</p>
Proposal 3: Approve Corporation's Third Amended and Restated 2010 Employee Stock Purchase Plan	<p>Amended and Restated 2010 Employee Stock Purchase Plan from 50,808 shares to 150,808 shares, subject to further adjustment annually as provided therein. Abstentions will have no effect on the results of this vote. Brokerage firms do not have authority to vote customers' unvoted shares held by the firms in street name on this proposal. As a result, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes will have no effect on the results of this vote.</p>

Proposal 4: Ratify Selection of Our
Independent Registered Public
Accounting Firm

The affirmative vote of a majority of the votes cast for or against this proposal is required to ratify the selection of our independent registered public accounting firm. Abstentions will have no effect on the results of this vote. Brokerage firms do have authority to vote customers' unvoted shares held by the firms in street name on this proposal. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote. We are not required to obtain the approval of our stockholders to select our independent registered public accounting firm. However, if our stockholders do not ratify the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2016, the audit committee of our Board of Directors will reconsider its selection.

Proposal 5: Advisory Vote on Executive
Compensation

The affirmative vote of a majority of the votes cast for or against this proposal is required to approve the compensation of our named executive officers, as described in this proxy statement. Abstentions will have no effect on the results of this vote. Brokerage firms do not have authority to vote customers' unvoted shares held by the firms in street name for this proposal. As a result, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes will have no effect on the results of this vote. Although the advisory vote is non-binding, the Compensation Committee and the Board of Directors will review the voting results and take them into consideration when making future decisions regarding executive compensation.

If you hold your shares in street name it is critical that you cast your vote if you want your vote to be counted for the election of directors (Proposal 1 of this proxy statement). Your bank, broker, or other nominee no longer has the ability to vote your uninstructed shares in the election of directors on a discretionary basis. Thus, if you hold your shares in street name and you do not instruct your bank, broker, or other holder of record how to vote in the election of directors, no votes will be cast on this proposal on your behalf. In addition, your bank, broker or other holder of record will not have discretion to vote uninstructed shares on the Eighth Amended and Restated 2004 Stock Plan (Proposal 2 of this proxy statement) or on the Third Amended and Restated 2010 Employee Stock Purchase Plan (Proposal 3 of this proxy statement) or the approval of the advisory vote on executive compensation (Proposal 5 in this proxy statement). Your bank, broker, or other holder of record does, however, continue to have discretion to vote any uninstructed shares on the ratification of the appointment of the Corporation's independent registered public accounting firm (Proposal 4 of this proxy statement).

The Board of Directors knows of no other matter to be presented at the meeting. If any other matter should be presented at the meeting upon which a vote may be properly taken, shares represented by all proxies received by the Board of Directors will be voted with respect thereto in accordance with the judgment of the persons named as proxies in the proxy.

The preliminary voting results will be announced at the annual meeting, and we will publish preliminary results, or final results if available, in a Current Report on Form 8-K within four business days of the annual meeting. If final results are unavailable at the time we file the Form 8-K, then we will file an amended report on Form 8-K to disclose the final voting results within four business days after the final voting results are known.

BOARD MATTERS AND CORPORATE GOVERNANCE

Board of Directors

Our amended and restated certificate of incorporation, as amended, provides for a classified board of directors consisting of three staggered classes of directors (Class I, Class II and Class III). The members of each class of our Board of Directors serve for staggered three-year terms, with the terms of our Class III, Class I and Class II directors expiring upon the election and qualification of directors at the annual meetings of stockholders to be held in 2016, 2017, and 2018, respectively. As of the date that this proxy statement was mailed to stockholders:

our Class I directors are Allen J. Hinkle, M.D. and Timothy R. Surgenor;
our Class II directors are Shai N. Gozani, M.D., Ph.D., and David Van Avermaete; and
our Class III directors are David E. Goodman, M.D. and Nancy E. Katz.

Our Board of Directors has determined that Dr. Goodman, Dr. Hinkle, Ms. Katz, Mr. Surgenor and Mr. Van Avermaete are independent directors for purposes of the corporate governance rules contained in the NASDAQ Marketplace Rules, or the NASDAQ rules. In making the independence determination with respect to these directors, our Board of Directors has considered the materiality of any relationship that each of our directors has with us. Our Board of Directors held 11 meetings during 2015. During 2015, all of our directors attended more than 75% of the aggregate of (i) the total number of meetings of our Board of Directors and (ii) the total number of meetings held by any committees of our Board of Directors on which such director served.

Our Board of Directors has an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee.

Board Committees and Meetings

Audit Committee

Our Board of Directors currently has an Audit Committee consisting of Mr. Surgenor, Chairman, Dr. Goodman and Ms. Katz. The Audit Committee operates pursuant to a charter that was approved by our Board of Directors, a current copy of which is available on our website at <http://www.neurometrix.com> under the heading Investor Relations and subheading Corporate Governance. The role and responsibilities of our Audit Committee are set forth in the Audit Committee's written charter and include, among other functions, assisting the Board of Directors in overseeing the operation of a comprehensive system of internal controls covering the integrity of our financial statements and reports, compliance with laws, regulations and corporate policies, and the qualifications, performance and independence of our registered public accounting firm. Dr. Goodman, Ms. Katz, and Mr. Surgenor, are all independent as that term is defined in the rules of the SEC and the applicable NASDAQ rules relating to audit committee members. Our Board of Directors has determined that Mr. Surgenor qualifies as an audit committee financial expert as such term is defined in

the rules of the SEC. The Audit Committee held five meetings during 2015. Please also see the report of the Audit Committee set forth elsewhere in this proxy statement.

Compensation Committee

Our Board of Directors has a Compensation Committee consisting of Drs. Goodman and Hinkle and Mr. Van Avermaete. Drs. Goodman and Hinkle and Mr. Van Avermaete are independent directors as that term is defined in the NASDAQ rules. The Compensation Committee operates pursuant to a charter that was approved by our Board of Directors, a current copy of which is available on our website at

<http://www.neurometrix.com> under the heading *Investor Relations* and subheading *Corporate Governance*. The role and responsibilities of our Compensation Committee are set forth in the Compensation Committee's written charter and include, among other functions, having direct responsibility for the oversight of all the compensation plans, policies, and programs of the Corporation in which the directors and executive officers participate, and certain other incentive and equity plans in which all other employees of the Corporation participate. The Compensation Committee held one meeting in 2015.

The Compensation Committee typically meets at least two times each year in connection with the consideration and determination of executive compensation. Depending on the nature of the matter to be discussed, these meetings may occur at regularly scheduled times or may be special meetings. Specific agenda items are typically determined by the members of the Compensation Committee and our Chief Executive Officer. The Compensation Committee has the authority to determine all compensation payable to our executive officers. For annual and other compensation decisions, our Chief Executive Officer typically provides detailed information to the Compensation Committee regarding the performance of our executive officers, to the extent relevant, and makes detailed recommendations to the Compensation Committee regarding the compensation of all executive officers, excluding his own. The Compensation Committee relied on informal inquiries with compensation consultants to assess practices at local area life sciences companies, conducted by the Corporation's Human Resources Consultant, Jennifer Hayes, with respect to 2015 and 2016 salaries and equity awards, 2015 and 2016 bonus opportunities, and 2014 and 2015 bonus determinations. The Compensation Committee has authorized Ms. Hayes to interact with management on behalf of the Compensation Committee, as needed in connection with advising the Compensation Committee. The Compensation Committee ultimately made all determinations regarding compensation payable to our executive officers throughout the year.

The Compensation Committee also enlisted the counsel of an independent compensation expert, Radford, in the design of the incentive compensation plan for management. This plan employs quantitative metrics established early in the fiscal year in developing a corporate performance rating. The 2015 performance rating, called the *corporate factor*, was 87.45% which was used for determination of the executive officer bonuses. Further, the Compensation Committee decided that executive officer bonuses would be paid in the form of our stock, after the appropriate tax withholding. See *Compensation of Executive Officers* *Bonus Payments*. The Compensation Committee has the authority to directly retain the services of independent consultants and other experts to assist in fulfilling its responsibilities. As described above, the Compensation Committee has engaged the services of Jennifer Hayes and Radford. Ms. Hayes and Radford perform services solely on behalf of the Compensation Committee and have no relationship with the Corporation or management except as they may relate to performing such services. The Compensation Committee has assessed the independence of Ms. Hayes and Radford pursuant to SEC rules and the NASDAQ rules and concluded that no conflict of interest exists that would prevent Ms. Hayes or Radford from independently representing the Compensation Committee.

The Compensation Committee also typically reviews our director compensation on at least an annual basis. Our Chief Executive Officer may make recommendations to the Compensation Committee regarding director compensation.

Nominating and Corporate Governance Committee

Our Board of Directors currently has a Nominating and Corporate Governance Committee consisting of Mr. Surgenor and Dr. Hinkle. Mr. Surgenor and Dr. Hinkle are each independent directors as that term is defined in the NASDAQ rules. The Nominating and Corporate Governance Committee operates pursuant to a charter that was approved by our Board of Directors, a current copy of which is available on our website at <http://www.neurometrix.com> under the heading *Investor Relations* and subheading *Corporate Governance*. The role and responsibilities of our Nominating and Corporate Governance Committee are set forth in the Nominating and Corporate Governance Committee's written charter and include, among other functions, providing leadership in shaping the corporate governance of the

Corporation, leading the Board of Directors in its annual review of the Board's performance, assisting the Board by identifying individuals, consistent with the Board's criteria, who are qualified to become Board members, recommending to the Board the director nominees for the next annual meeting of shareholders or for filling newly created directorships resulting from an increase in the size of the Board or vacancies, and recommending to the Board director nominees for each

committee. During 2015 the independent Board of Directors handled the responsibilities of the Nominating and Corporate Governance Committee which did not meet separately in 2015.

Policy Governing Director Attendance at Annual Meetings

The Board of Directors has adopted a policy that all directors are expected to attend our annual meetings of stockholders in person, unless doing so is impracticable due to unavoidable conflicts. All of our current directors in office at the time of the 2016 Annual Meeting of Stockholders were in attendance.

Policies Governing Director Nominations

Securityholder Recommendations

The Nominating and Corporate Governance Committee's current policy with regard to the consideration of director candidates recommended by securityholders is that it will review and consider any director candidates who have been recommended by one or more of our stockholders entitled to vote in the election of directors in compliance with the procedures established from time to time by the Nominating and Corporate Governance Committee. All securityholder recommendations for director candidates must be submitted to our Secretary at 1000 Winter Street, Waltham, Massachusetts 02451, who will forward all recommendations to the Nominating and Corporate Governance Committee. All securityholder recommendations for director candidates for our 2017 annual meeting of stockholders must be submitted to our Secretary on or before November 17, 2016 and must include the following information:

the name and address of record of the stockholder;
a representation that the securityholder is a record holder of our stock entitled to vote in the election of directors, or if the securityholder is not a record holder, evidence of ownership in accordance with Rule 14a-8(b)(2) under the Securities Exchange Act of 1934, as amended;
the name, age, business and residential address, educational background, current principal occupation or employment, and principal occupation or employment for the preceding five (5) full fiscal years of the proposed director candidate;
a description of the qualifications and background of the proposed director candidate which addresses the minimum qualifications and other criteria for Board membership approved by the Board of Directors from time to time;
a description of all arrangements or understandings between the securityholder and the proposed director candidate;
the consent of the proposed director candidate (1) to be named in the proxy statement relating to our annual meeting of stockholders and (2) to serve as a director if elected at such annual meeting; and
any other information regarding the proposed director candidate that is required to be included in a proxy statement filed pursuant to the rules of the Securities and Exchange Commission.

Board Membership Criteria

The Nominating and Corporate Governance Committee has established criteria for Board membership. These criteria include the following specific, minimum qualifications that the Nominating and Corporate Governance Committee believes must be met by a Nominating and Corporate Governance Committee-recommended nominee for a position on the Board of Directors:

The nominee must have high personal and professional integrity, must have demonstrated exceptional ability and judgment, and must be expected, in the judgment of the Nominating and Corporate Governance Committee, to be highly effective, in conjunction with the other nominees to the Board of Directors, in collectively serving the interests of our company and stockholders.

In addition to the minimum qualifications for each nominee set forth above, the Nominating and Corporate Governance Committee will recommend that the Board of Directors select persons for nomination to help ensure that:

the Board of Directors will be comprised of a majority of independent directors in accordance with the NASDAQ rules;

7

each of our Audit, Compensation, and Nominating and Corporate Governance Committees shall be comprised entirely of independent directors;
each member of our Audit Committee is able to read and understand fundamental financial statements, including a company's balance sheet, income statement, and cash flow statement; and
at least one member of the Audit Committee has past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer, or other senior officer with financial oversight responsibilities.

Finally, in addition to any other standards the Nominating and Corporate Governance Committee may deem appropriate from time to time for the overall structure and composition of the Board of Directors, the Nominating and Corporate Governance Committee, when recommending that the Board of Directors select persons for nomination, may consider diversity among its members and whether the nominee has direct experience in the industry or in the markets in which we operate. The Nominating and Corporate Governance Committee strives where appropriate to achieve a diverse balance of professional expertise and backgrounds, including expertise in finance, operations, and strategy and backgrounds in health care, medical devices, and other industries.

The Nominating and Corporate Governance Committee will recommend to the Board of Directors the nomination of the director candidates who it believes will, together with the existing Board members and other nominees, best serve our interests and the interests of our stockholders.

Identifying and Evaluating Nominees

The Nominating and Corporate Governance Committee may solicit recommendations for director nominees from any or all of the following sources: non-management directors, the Chief Executive Officer, other executive officers, third-party search firms, or any other source it deems appropriate. The Nominating and Corporate Governance Committee will review and evaluate the qualifications of any proposed director candidate that it is considering or that has been recommended to it by a securityholder in compliance with the Nominating and Corporate Governance Committee's procedures for that purpose, and conduct inquiries it deems appropriate into the background of these proposed director candidates. In identifying and evaluating proposed director candidates, the Nominating and Corporate Governance Committee may consider, in addition to the minimum qualifications and other criteria for Board membership approved by the Nominating and Corporate Governance Committee from time to time, all facts and circumstances that it deems appropriate or advisable, including, among other things, the skills of each proposed director candidate, his or her depth and breadth of business experience or other background characteristics, his or her independence and the needs of the Board of Directors. Based on these considerations, the Nominating and Corporate Governance Committee will recommend to the Board of Directors the nomination of the director candidates who it believes will, together with the existing Board members and other nominees, best serve the interests of our company and stockholders. The Nominating and Corporate Governance Committee will evaluate proposed director candidates who have been recommended by securityholders in compliance with the policies and procedures established by the Nominating and Corporate Governance Committee in the same manner as all other proposed director candidates being considered by the Nominating and Corporate Governance Committee, with no regard to the source of the initial recommendation of such proposed director candidate.

Board Leadership Structure

The positions of chairman of the Board and chief executive officer of the Corporation have historically been combined, and Dr. Gozani currently holds both positions. We believe this Board leadership structure is appropriate because of the efficiencies achieved in having the role of chief executive officer and chairman combined, and because the detailed knowledge of our day-to-day operations and business that the chief executive officer possesses greatly

enhances the decision-making processes of the Board of Directors as a whole. We have a strong governance structure in place, including independent directors, to ensure the powers and duties of the dual role are handled responsibly. Furthermore, consistent with NASDAQ listing requirements, the independent directors regularly have the opportunity to meet in executive sessions without Dr. Gozani in attendance. We do not have a lead independent director.

Board's Role in Risk Oversight

Management is responsible for managing the risks that we face. The Board of Directors is responsible for overseeing management's approach to risk management that is designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. The involvement of the full Board in reviewing our strategic objectives and plans is a key part of the Board's assessment of management's approach and tolerance to risk. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for us. In setting our business strategy, our Board assesses the various risks being mitigated by management and determines what constitutes an appropriate level of risk for us. Our Board's role in risk oversight has not, to date, had any effect on the Board's leadership structure.

While the Board of Directors has ultimate oversight responsibility for overseeing management's risk management process, the Audit Committee and Compensation Committee assist the Board of Directors in fulfilling that responsibility. The Audit Committee assists the Board of Directors in its oversight of risk management in the areas of financial reporting, internal controls, and compliance with legal and regulatory requirements, and the Compensation Committee assists the Board of Directors in its oversight of the evaluation and management of risks related to our compensation policies and practices.

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics that applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or Controller and persons performing similar functions. A current copy of the Code of Business Conduct and Ethics is available on our website at <http://www.neurometrix.com> under the heading "Investor Relations" and subheading "Corporate Governance," and we intend to disclose either on this website or through the issuance of a press release any amendment to, or waiver of, any provision of the Code of Business Conduct and Ethics applicable to our directors or executive officers that would otherwise be required to be disclosed under SEC rules or, to the extent permitted, NASDAQ rules. Discussion of Summary Compensation Table

The compensation paid to the named executive officers may include salary, cash incentive compensation, and equity incentive compensation. The terms of employment agreements that we have entered into with our named executive officers are described below under Employment Agreements and Potential Payments upon Termination or Change-in-Control.

Cash Compensation

We pay our executive officers a base salary which we review and determine annually. As of December 31, 2015, base salaries for our executive officers are Dr. Gozani \$415,000, Mr. Higgins \$325,000, and Mr. McGillin \$325,000.

Bonus Payments

Each executive officer has an annual bonus target which is expressed as a percentage of base salary. For 2015, executive officer bonus targets as a percentage of base salary were as follows: Dr. Gozani 62.5%; Mr. Higgins 50%; and Mr. McGillin 40%.

The Compensation Committee has established a process for annual assessment of corporate performance which is the foundation for decisions regarding bonus payments to executive officers. Metrics are established

following approval by the Board of Directors of the annual operating budget. These are monitored quarterly during the year and assessed after the end of the year. The Compensation Committee evaluates performance against these metrics and also applies judgment in arriving at an overall corporate performance rating or factor. The Compensation Committee, in consultation with its independent compensation consultant, Radford, implemented a primarily quantitative formula for use in developing the corporate factor for the management bonus pool. In concept, the management bonus pool is activated by achievement of a single threshold or gating metric. Following activation, value is then created within the pool by achievement toward specific performance metrics.

The management pool metrics for 2015 encompassed targets for new equity funding and sales revenue. Based on their overall evaluation of performance against these metrics, including application of the quantitative formula, the Compensation Committee voted on March 10, 2016 to approve a corporate factor of 87.45% for the management bonus pool which includes the executive officers. The Compensation Committee decided that 2015 bonuses would be paid to the executive officers in the form of fully vested shares of the Company's common stock. On March 10, 2016 executive bonuses were distributed in shares of our common stock, after applicable tax withholding, based on the \$1.79 closing price of our common stock on the day preceding the Compensation Committee decision. The executive officers received the following fully-vested shares of common stock, after applicable tax withholding: Dr. Gozani 67,910 shares; Mr. Higgins 42,335 shares; Mr. McGillin 33,728 shares.

Long-Term Incentive Compensation

We grant long-term equity incentive awards in the form of stock options and restricted shares to executives as part of our total compensation package. During 2015 there were no equity grants to the executive officers. The Compensation Committee awarded in July 2014 the following equity grants comprised of stock options, to our named executive officers under our 2004 Stock Plan in the following amounts: Dr. Gozani 50,000 options; and Mr. Higgins 22,000 options. Mr. McGillin received a stock option grant of 50,000 under our Inducement Plan in connection with joining the Company.

Stock options referred to above have a term of ten years and vest over four years with 25% of the total award vesting after one year and the remainder vesting in equal quarterly installments thereafter. Generally, to the extent vested, each stock option is exercisable during the term of the option while the grantee is employed by us and for a period of three months thereafter, unless such termination is upon death or disability, in which case the grantee may continue to exercise the option for a period of 12 months, or for cause, in which case the option terminates immediately. Vesting of stock options is also subject to acceleration in some certain circumstances in connection with a change-in-control as described below in Employment Agreements and Potential Payments upon Termination or Change-in-Control.

Management Retention and Incentive Plan

Our board of directors implemented the Management Retention and Incentive Plan, or the MRIP, under which a portion of the consideration payable upon a change of control transaction, as defined in the MRIP, would be paid to our executive officers and certain other key employees. The MRIP was designed to retain these individuals during the critical, early commercialization phases of our diabetes and pain initiatives while providing management with an incentive to rapidly build corporate value potentially leading to a change of control transaction. The MRIP has been structured to work in conjunction with, and not replace, our other incentive programs such as our equity plans, severance arrangements, compensation and bonus plan, and other benefits. The MRIP is designed to provide an appropriate, market-based incentive to our executive officers and key employees which will be reduced over time as a result of any future equity grants to participants. Effectively, the MRIP has an embedded self-liquidation feature.

In the event of a change of control transaction, subject to the participant's continued employment or service with us, the participant shall receive cash consideration equal to a fixed percentage of the value of the change of control transaction to be received by the Corporation or our stockholders, net of expenses. Each participant's payment shall be reduced by (i) any payments to be made to the participant in the change of control transaction as a result of securities issued pursuant to our equity plans, (ii) the value then held by the participant of securities previously issued to the participant under our equity plans; and (iii) the then current value of shares issued to the participant under our equity plans and previously sold by the participant, excluding any founders shares.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information concerning beneficial ownership as of March 10, 2016, except as noted below, of our common stock by:

each of our directors;

each of our named executive officers;

all of our directors and executive officers as a group; and

each stockholder known by us to beneficially own more than five percent of our common stock.

The number of common shares beneficially owned by each stockholder is determined under rules issued by the SEC regarding the beneficial ownership of securities. This information is not necessarily indicative of beneficial ownership for any other purpose. Under these rules, beneficial ownership of common stock includes (1) any shares as to which the person or entity has sole or shared voting power or investment power and (2) any shares as to which the person or entity has the right to acquire beneficial ownership within 60 days after March 10, 2016, including any shares that could be purchased by the exercise of options or warrants on or within 60 days after March 10, 2016. We deem shares of common stock that may be acquired by an individual or group within 60 days of March 10 pursuant to the exercise of options or warrants to be outstanding for the purpose of computing the percentage ownership of such individual or group, but are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person shown in the table. Each stockholder's percentage ownership is based on 4,227,886 shares of our common stock outstanding as of March 10, 2016 plus the number of shares of common stock that may be acquired by such stockholder upon exercise of options or warrants that are exercisable on or within 60 days after March 10, 2016.

Unless otherwise indicated in footnotes to this table, we believe that the stockholders named in this table have sole voting and investment power with respect to all shares of common stock shown to be beneficially owned by them based on information provided to us by these stockholders, except to the extent authority is shared by spouses under community property laws.

PROPOSAL 2: APPROVAL OF AN EIGHTH AMENDED AND RESTATED 2004 STOCK PLAN, WHICH RESERVES AN ADDITIONAL 500,000 SHARES OF COMMON STOCK FOR ISSUANCE, THEREBY INCREASING THE TOTAL RESERVED SHARES UNDER THE 2004 STOCK PLAN FROM 531,570 SHARES TO 1,031,570 SHARES

General

Our Eighth Amended and Restated 2004 Stock Option and Incentive Plan, or herein referred to as the 2004 Stock Plan, currently authorizes the grant of stock options and other stock-based awards to officers, employees, non-employee directors, consultants and prospective employees of the Corporation and its subsidiaries. Currently, 531,570 shares of common stock are reserved for issuance pursuant to awards granted under the 2004 Stock Plan. As of March 10, 2016, there were 93,975 shares available for future grant under the 2004 Stock Plan. On March 11, 2016, the Board of Directors approved the Eighth Amended and Restated 2004 Stock Plan, subject to stockholder approval, which increases the aggregate number of shares authorized for issuance under the 2004 Stock Plan by 500,000 shares to 1,031,570 shares of common stock (the Plan Amendment).

Our Board of Directors, the Compensation Committee, and management believe that the effective use of stock-based short-term and long-term incentive compensation is vital to our ability to achieve strong performance in the future. The Eighth Amended and Restated 2004 Stock Plan will maintain and enhance the key policies and practices adopted by our management and Board of Directors to align employee and stockholder interests. In addition, our future success depends, in large part, upon our ability to maintain a competitive position in attracting, retaining and motivating key personnel. There is currently an inadequate number of shares available in the 2004 Stock Plan for future grant of incentive compensation to expand management and employee ownership in the Company. We believe that the Plan Amendment set forth above is essential to permit our management to provide short-term and long-term, equity-based incentives to present and future key employees, consultants and directors. Accordingly, our Board of Directors believes approval of the Plan Amendment set forth above is in the best interests of us and our stockholders and recommends a vote FOR the approval of the Eighth Amended and Restated 2004 Stock Plan. In the event that this is not approved by our stockholders, the 2004 Stock Plan will continue in effect without the amendment described above.

The Eighth Amended and Restated 2004 Stock Plan is being submitted to you for approval at the annual meeting in order to (i) ensure favorable federal income tax treatment for grants of incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended, or the Code, and (ii) continued eligibility to receive a federal income tax deduction for certain compensation paid under the Eighth Amended and Restated 2004 Stock Plan by complying with Rule 162(m) of the Code. Approval by our stockholders of the Eighth Amended and Restated 2004 Stock Plan is also required by NASDAQ rules.

On March 10, 2016, the closing market price per share of our common stock was \$1.82, as reported by The NASDAQ Capital Market.

Material Features of the Eighth Amended and Restated 2004 Stock Plan

The following description of certain material features of the Eighth Amended and Restated 2004 Stock Plan is intended to be a summary only. This summary is qualified in its entirety by the full text of the Eighth Amended and Restated 2004 Stock Plan that is attached hereto as Appendix A.

Shares Available. The maximum number of shares authorized for issuance under the Eighth Amended and Restated 2004 Stock Plan will be 1,031,570 shares of common stock, which is an increase of 500,000 shares from the number of shares currently authorized for issuance under the 2004 Stock Plan. The shares underlying any awards that are forfeited, canceled or are otherwise terminated (other than by exercise) under the Eighth Amended and Restated 2004 Stock Plan will be added back to the shares authorized for issuance under the Eighth Amended and Restated 2004 Stock Plan. Shares tendered or held back upon exercise of an option or settlement of an award to cover the exercise price or tax withholding will not be available for future issuance under the Eighth Amended and Restated 2004 Stock Plan. In addition, upon exercise of stock appreciation rights, the gross number of shares exercised shall be deducted from the total number of shares remaining available for issuance under the Eighth Amended and Restated 2004 Stock Plan.

Types of Awards. The Eighth Amended and Restated 2004 Stock Plan permits us to make grants of incentive stock options, non-qualified stock options, stock appreciation rights, deferred stock awards, restricted stock awards, unrestricted stock awards, cash-based awards and dividend equivalent rights.

Plan Administration. The Eighth Amended and Restated 2004 Stock Plan will be administered by the Compensation Committee of the Board of Directors. The administrator of the Eighth Amended and Restated 2004 Stock Plan has the power and authority to select the participants to whom awards will be granted; to determine the time or times of grant; to determine the extent, if any, to which any award or any combination of awards is granted to participants; to determine the number of shares of stock to be covered by any award; to accelerate the exercisability or vesting of any award; and to determine the specific terms and conditions of each award, subject to the provisions of the Eighth Amended and Restated 2004 Stock Plan. The administrator may delegate to the Chief Executive Officer the authority to grant awards to employees, other than our executive officers, provided that the administrator includes a limitation as to the number of shares that may be awarded and provides specific guidelines regarding such awards.

Eligibility and Limitations on Grants. All full-time and part-time officers, employees, non-employee directors, and other key persons are eligible to participate in the Eighth Amended and Restated 2004 Stock Plan subject to the discretion of the administrator. Approximately 47 people are currently eligible to participate in the Eighth Amended and Restated 2004 Stock Plan.

Performance-Based Compensation. To ensure that certain awards granted under the Eighth Amended and Restated 2004 Stock Plan, including awards of cash, restricted stock and deferred stock, to a Covered Employee (as defined in the Code) qualify as performance-based compensation under Section 162(m) of the Code, the Eighth Amended and Restated 2004 Stock Plan provides that the Compensation Committee may require that the vesting of such awards be conditioned on the satisfaction of performance criteria including (1) return on equity, assets, capital or investment; (2) pre-tax or after-tax profit levels; (3) cash flow, funds from operations or similar measure; (4) total shareholder return; (5) changes in the market price of the stock; (6) revenues, sales or market share; (7) net income (loss) or earnings per share; (9) expense margins or operating efficiency (including budgeted spending limits) or (10) project development and sales milestones, any of which may relate to the Corporation or any subsidiary, division, operating unit or business segment of the Corporation, or any combination of the foregoing, and may be measured either in absolute terms or as compared to any incremental increase or as compared to results of a peer group and, for financial measures, may be based on numbers calculated in accordance with U.S. generally accepted accounting principles or on an as adjusted basis. The Compensation Committee will select the particular performance criteria within 90 days following the commencement of a performance cycle, and each performance cycle must be at least three months long. Subject to adjustments for stock splits and similar events, the maximum award of restricted stock or deferred stock (or combination thereof) granted to any one individual that is intended to qualify as performance-based compensation under Section 162(m) of the Code will not exceed 150,000 shares for any performance cycle or \$1,000,000 in the case of a performance-based award that is a cash based award, and options or stock appreciation rights with respect to no more than 150,000 shares may be granted to any one individual during any calendar year period.

Stock Options. The exercise price of stock options awarded under the Eighth Amended and Restated 2004 Stock Plan may not be less than the fair market value of the common stock on the date of the option grant. The term of each stock option may not exceed 10 years from the date of grant. The administrator will determine at what time or times each option may be exercised and, subject to the provisions of the Eighth Amended and Restated 2004 Stock Plan, the period of time, if any, after retirement, death, disability or termination of employment during which options may be exercised.

To qualify as incentive stock options, stock options must meet additional federal tax requirements, including a \$100,000 limit on the value of shares subject to incentive stock options which first become exercisable in any one calendar year, and a shorter term and higher minimum exercise price in the case of certain large stockholders.

Stock Appreciation Rights. The administrator may award a stock appreciation right independently of a stock option. The administrator may award stock appreciation rights subject to such conditions and restrictions as the administrator may determine, provided that the exercise price may not be less than the fair market value of the common stock on the date of grant and no stock appreciation right may be exercisable more than 10 years after the date of grant. Additionally, all stock appreciation rights are exercisable during the participant's lifetime only by the participant or the participant's legal representative.

Restricted Stock. The administrator may award shares to participants subject to such conditions and restrictions as the administrator may determine. These conditions and restrictions may include the achievement of certain performance goals and/or continued employment with the Corporation through a specified restricted period.

Deferred Stock. The administrator may award phantom stock units to participants subject to such conditions and restrictions as the administrator may determine. These conditions and restrictions may include the achievement of certain performance goals and/or continued employment with the Corporation through a specified restricted period. At the end of the deferral period, the participants shall be paid, to the extent vested, in shares.

Unrestricted Stock. The administrator may grant shares (at par value or for a purchase price determined by the administrator) that are free from any restrictions under the Eighth Amended and Restated 2004 Stock Plan. Unrestricted stock may be issued to participants in recognition of past services or other valid consideration, and may be issued in lieu of cash compensation to be paid to such individuals.

Cash-Based Awards. The administrator may grant cash-based awards to any grantee in an amount, upon such terms, and subject to such conditions as the administrator may determine. The administrator shall determine the maximum duration of the cash-based award, the amount of cash to which the cash-based award pertains, the conditions upon which the cash-based award shall become vested or payable, and such other provisions as the administrator shall determine. Each cash-based award shall specify a cash-denominated payment amount, formula or payment ranges as determined by the administrator. Payment, if any, with respect to a cash-based award may be made in cash or in shares of common stock, as the administrator determines.

Dividend Equivalent Rights. The administrator may award dividend equivalent rights under the Eighth Amended and Restated 2004 Stock Plan subject to such conditions and restrictions as the administrator may determine, provided that dividend equivalent rights may only be granted in tandem with restricted stock awards, deferred stock awards or unrestricted stock awards. Dividend equivalents credited to the holder may be paid currently or may be deemed to be reinvested in additional shares of stock, which may thereafter accrue additional equivalents. Any such reinvestment shall be at fair market value on the date of the reinvestment or such other price as may then apply under a dividend reinvestment plan sponsored by us, if any.

Tax Withholding. Participants in the Eighth Amended and Restated 2004 Stock Plan are responsible for the payment of any federal, state or local taxes that the Corporation is required by law to withhold upon any option exercise or vesting of other awards. Subject to approval by the administrator, participants may elect to have the minimum tax withholding obligations satisfied either by authorizing the Corporation to withhold shares to be issued pursuant to an option exercise or other award, or by transferring to the Corporation shares having a value equal to the amount of such taxes.

Change of Control Provisions. In the event of a merger, sale or dissolution of the Corporation, or a similar sale event, (as defined in the Eighth Amended and Restated 2004 Stock Plan) all outstanding awards under the Eighth Amended and Restated 2004 Stock Plan unless otherwise provided for in a particular award, will terminate unless the parties to the transaction, in their discretion, provide for assumption, continuation or appropriate substitutions or adjustments of these awards. In the event that the outstanding awards under the Eighth Amended and Restated 2004 Stock Plan

terminate in connection with a sale event, all stock options and stock appreciation rights granted under the Eighth Amended and Restated 2004 Stock Plan will automatically become fully exercisable and all other awards granted under the Eighth Amended and Restated 2004 Stock Plan will become fully vested and non-forfeitable as of the effective time of the sale event, except as may be otherwise provided in the relevant award agreement, and each holder of an option or a stock

appreciation right will be permitted to exercise such award for a specified period prior to the consummation of the sale event. The administrator may also provide for a cash payment with respect to outstanding options and stock appreciation rights in exchange for the cancellation of such awards.

Term. No awards may be granted under the Eighth Amended and Restated 2004 Stock Plan after the 10-year anniversary of the date that the 2004 Stock Plan is approved by stockholders and no incentive stock option may be granted after the 10-year anniversary of the date that the 2004 Stock Plan was approved by the Board of Directors.

Amendments. The Eighth Amended and Restated 2004 Stock Plan may not be amended without stockholder approval to the extent required by the NASDAQ rules or necessary to ensure that incentive stock options qualify as such under the Code and compensation earned under awards qualifies as performance-based compensation under the Code. Generally, under the NASDAQ rules, all material amendments to the Eighth Amended and Restated 2004 Stock Plan will be subject to approval by our stockholders including (1) any material increase in the number of shares to be issued under the Eighth Amended and Restated 2004 Stock Plan; (2) any material increase in benefits to participants under the Eighth Amended and Restated 2004 Stock Plan including any material change to: (i) permit a repricing (or decrease in exercise price) of outstanding stock options, (ii) reduce the price at which shares of common stock or stock options may be offered, or (iii) extend the duration of the Eighth Amended and Restated 2004 Stock Plan; (3) any material expansion of the class of participants eligible to participate in the Eighth Amended and Restated 2004 Stock Plan; and (4) any expansion in the types of awards provided under the Eighth Amended and Restated 2004 Stock Plan. Otherwise, the Board of Directors may amend or discontinue the Eighth Amended and Restated 2004 Stock Plan at any time, provided that no such amendment may adversely affect the rights under any outstanding award without the holder's consent.

Repricing. Except in connection with a corporate transaction involving the Corporation (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding awards may not be amended to reduce the exercise price of outstanding stock options or stock appreciation rights, or SARs, or cancel, exchange, buyout or surrender outstanding stock options or SARs in exchange for cash, other awards or stock options or SARs with an exercise price that is less than the exercise price of the original stock options or SARs without stockholder approval.

Effective Date of the Eighth Amended and Restated 2004 Stock Plan. On March 11, 2016, the Board of Directors approved the Eighth Amended and Restated 2004 Stock Plan, subject to stockholder approval. The Eighth Amended and Restated 2004 Stock Plan will become effective on the date it is approved by the stockholders. If the Eighth Amended and Restated 2004 Stock Plan is not approved by the stockholders, the 2004 Stock Plan will continue in effect without the amendments to the 2004 Stock Plan and awards may be granted thereunder in accordance with its terms.

New Plan Benefits

The number of shares that may be granted to the Corporation's Chief Executive Officer, executive officers, non-employee directors and non-executive officers under the Eighth Amended and Restated 2004 Stock Plan is not determinable at this time, as such grants are subject to the discretion of the Compensation Committee. The following table provides information with respect to the number of shares granted under the 2004 Plan as of March 10, 2016 to each of our named executive officers, our executive officers, our non-executive officer directors and our employees, excluding our executive officers.

Tax Aspects Under the Code

The following is a summary of the principal federal income tax consequences of certain transactions under the Eighth Amended and Restated 2004 Stock Plan. It does not describe all federal tax consequences under the Eighth Amended and Restated 2004 Stock Plan nor does it describe state or local tax consequences.

Incentive Stock Options. Incentive stock options are intended to qualify for treatment under Section 422 of the Code. An incentive stock option does not result in taxable income to the optionee or deduction to us at the time it is granted or exercised, provided that no disposition is made by the optionee of the shares acquired pursuant to the option within two years after the date of grant of the option nor within one year after the date of issuance of shares to the optionee (referred to as the "ISO holding period"). However, the difference between the fair market value of the shares on the date of exercise and the option price will be an item of tax preference includible in alternative minimum taxable income of the optionee. Upon disposition of the shares after the expiration of the ISO holding period, the optionee will generally recognize long term capital gain or loss based on the difference between the disposition proceeds and the option price paid for the shares. If the shares are disposed of prior to the expiration of the ISO holding period, the optionee generally will recognize taxable compensation, and we will have a corresponding deduction, in the year of the disposition, equal to the excess of the fair market value of the shares on the date of exercise of the option over the option price. Any additional gain realized on the disposition will normally constitute capital gain. If the amount realized upon such a disqualifying disposition is less than fair market value of the shares on the date of exercise, the amount of compensation income will be limited to the excess of the amount realized over the optionee's adjusted basis in the shares.

Non-Qualified Options. Options otherwise qualifying as incentive stock options, to the extent the aggregate fair market value of shares with respect to which such options are first exercisable by an individual in any calendar year exceeds \$100,000, and options designated as non-qualified options will be treated as options that are not incentive stock options.

A non-qualified option ordinarily will not result in income to the optionee or deduction to us at the time of grant. The optionee will recognize compensation income at the time of exercise of such non-qualified option in an amount equal to the excess of the then value of the shares over the option price per share. Such compensation income of optionees may be subject to withholding taxes, and a deduction may then be allowable to us in an amount equal to the optionee's compensation income.

An optionee's initial basis in shares so acquired will be the amount paid on exercise of the non-qualified option plus the amount of any corresponding compensation income. Any gain or loss as a result of a subsequent disposition of the shares so acquired will be capital gain or loss.

Stock Grants. With respect to stock grants under our Eighth Amended and Restated 2004 Stock Plan that result in the issuance of shares that are either not restricted as to transferability or not subject to a substantial risk of forfeiture, the grantee must generally recognize ordinary income equal to the fair market value of shares received. Thus, deferral of the time of issuance will generally result in the deferral of the time the grantee will be liable for income taxes with respect to such issuance. We generally will be entitled to a deduction in an amount equal to the ordinary income recognized by the grantee.

With respect to stock grants involving the issuance of shares that are restricted as to transferability and subject to a substantial risk of forfeiture, the grantee must generally recognize ordinary income equal to the fair market value of the shares received at the first time the shares become transferable or are not subject to a substantial risk of forfeiture, whichever occurs earlier. A grantee may elect to be taxed at the time of receipt of shares rather than upon lapse of restrictions on transferability or substantial risk of forfeiture, but if the grantee subsequently forfeits such shares, the grantee would not be entitled to any tax deduction, including as a capital loss, for the value of the shares on which he previously paid tax. The grantee must file such election with the Internal Revenue Service within 30 days of the receipt of the shares. We generally will be entitled to a deduction in an amount equal to the ordinary income recognized by the grantee.

Stock Units. The grantee recognizes no income until the issuance of the shares. At that time, the grantee must generally recognize ordinary income equal to the fair market value of the shares received. We generally will be entitled to a deduction in an amount equal to the ordinary income recognized by the grantee.

Limitation on the Corporation's Deductions. As a result of Section 162(m) of the Code, the Corporation's deduction for certain awards under the Eighth Amended and Restated 2004 Stock Plan may be limited to the extent that the Chief Executive Officer or other executive officer whose compensation is required to be reported in the summary compensation table receives compensation in excess of \$1 million a year (other than performance-based compensation that otherwise meets the requirements of Section 162(m) of the Code). The Eighth Amended and Restated 2004 Stock Plan is structured to allow grants to qualify as performance-based compensation. However, the deductibility of compensation is but one of the critical factors in the design and implementation of any compensation arrangement, and our Board of Directors and Compensation Committee reserve the right to pay non-deductible compensation when appropriate.

Vote Required

The Eighth Amended and Restated 2004 Stock Plan will be approved upon the affirmative vote of a majority of the votes properly cast for and against such matter. Abstentions and broker non-votes are not included in the number of votes cast for and against a matter and therefore have no effect on the vote on such matter.

Our Second Amended and Restated 2010 Employee Stock Purchase Plan, or 2010 ESPP, provides our eligible employees and those of our participating subsidiaries with the opportunity to purchase shares of our common stock at a discount, on a tax-favored basis, through regular payroll deductions in compliance with Section 423 of the Code.

Currently, 50,808 shares of common stock are reserved for issuance under the 2010 ESPP of which approximately 23,959 shares are available under the 2010 ESPP. Our Board of Directors, or the Board, has determined that in order to continue to allow participation in the 2010 ESPP as a means to attract and retain talented employees, the number of shares available for issuance under the 2010 ESPP should be increased. Therefore, on March 11, 2016, our Board of Directors approved further amending and restating 2010 ESPP, which we refer to as the Third Amended and Restated 2010 ESPP. The Board of Directors, the Compensation Committee and management believe it is in the best interest of us and our stockholders that the ESPP Amendments, as defined below, be approved. The Board recommends approval of this proposal. If the Third Amended and Restated 2010 ESPP is approved, the number of shares available under the

Third Amended and Restated 2010 ESPP will be increased from 23,959 to 123,959, subject to further adjustment annual as provided in the Third Amended and Restated 2010 ESPP (collectively, the ESPP Amendments). Assuming approval of the Third Amended and Restated 2010 ESPP by the stockholders, the number of shares authorized for issuance under the Amended and Restated 2010 ESPP will increase by 100,000 shares to a total of 150,808 shares, subject to further adjustment annually as provided therein.

The following is a brief summary of the Third Amended and Restated 2010 ESPP. This summary is qualified in its entirety by reference to the text of the Third Amended and Restated 2010 ESPP, a copy of which is attached as Appendix B to this proxy statement.

Summary of the Third Amended and Restated 2010 ESPP

Administration. The Third Amended and Restated 2010 ESPP is administered under the direction of the Compensation Committee of the Board of Directors. The Compensation Committee has authority to interpret the Third Amended and Restated 2010 ESPP and to make all other determinations necessary or advisable in administering it.

Eligibility. All full-time employees and certain part-time employees are eligible to participate in the Third Amended and Restated 2010 ESPP. For part-time employees to be eligible, they must have customary employment of more than five months in any calendar year and more than 20 hours per week. Employees who, after exercising their rights to purchase shares under the Third Amended and Restated 2010 ESPP, would own shares representing 5% or more of the voting power of our common stock, are also ineligible to participate. Approximately 46 employees will be eligible to participate in the Third Amended and Restated 2010 ESPP. Participation in the Third Amended and Restated 2010 ESPP is at the election of each eligible employee and the amounts received by a participant under the Third Amended and Restated 2010 ESPP depend on the fair market value of our common stock on future dates; therefore, the benefits or amounts that will be received by any participant if the increase in the number of shares available under the Third Amended and Restated 2010 ESPP is approved by our stockholders, are not currently determinable.

Shares Available for Issuance. Assuming the increase in the number of shares available under the 2010 ESPP is approved by our stockholders at the annual meeting, there will be 123,959 shares of our common stock available for issuance under the Third Amended and Restated 2010 ESPP, subject to an annual increase on the first day of each of the Corporation's fiscal years, equal to the lesser of (i) 4,167 shares, (ii) 1 percent of the shares of common stock outstanding on the last day of the immediately preceding fiscal year, or (iii) such lesser number of shares as is determined by the Board.

Participation. To participate in the Third Amended and Restated 2010 ESPP, an eligible employee authorizes payroll deductions in an amount not less than 1% nor greater than 10% of his or her eligible earnings (i.e., regular base pay, not including overtime pay, bonuses, employee benefit plans or other additional payments) for each full payroll period in the offering period. To ensure that IRS share limitations are not exceeded, we do not accept contributions from an individual participant in excess of \$25,000 per calendar year.

Purchases. Eligible employees enroll in a six month offering period during the open enrollment period prior to the start of that offering period. A new offering period begins approximately every July 1 and January 1. At the end of each offering period, the accumulated deductions are used to purchase up to a maximum of 12,500 shares of our common stock for each employee during an offering period. Shares are purchased at a price equal to 85% of the lower of the fair market value of our common stock on the first business day or the last business day of an offering period. On March 10, 2016, the closing market price per share of our common stock was \$1.82 as reported by the NASDAQ Capital Market.

Termination of Employment. If a participating employee voluntarily resigns or is terminated by us prior to the last day of an offering period, the employee's option to purchase terminates and the amount in the employee's account is returned to the employee.

Adjustments upon Change in Capitalization. Subject to any required action by the stockholders of the Corporation, the number of shares of common stock covered by unexercised options under the Third Amended and Restated 2010 ESPP and the number of shares of common stock which have been authorized for issuance under the Third Amended and Restated 2010 ESPP but are not yet subject to options plus any annual increase in the number of shares authorized, as well as the maximum number of shares that may be purchased by a participant and the price per share of common stock covered by each unexercised option under the Third Amended and Restated 2010 ESPP, shall be proportionately adjusted for any increase or decrease in the number of issued shares of common stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the common stock.

Participation Adjustment. If the number of unsold shares that are available for purchase under the Third Amended and Restated 2010 ESPP is insufficient to permit exercise of all rights deemed exercised by all participating employees, a participation adjustment will be made, and the number of shares purchasable by all participating employees is reduced proportionately. Any funds remaining in a participating employee's account after such exercise are refunded to the employee, without interest.

Amendment. The Board of Directors may amend the Third Amended and Restated 2010 ESPP at any time and in any respect unless shareholder approval of the amendment in question is required under Section 423 of the Code, any national securities exchange or system on which the common stock is then listed or reported, or under any other applicable laws, rules, or regulations.

Termination. The Board of Directors may terminate the Third Amended and Restated 2010 ESPP at any time and for any reason or for no reason, provided that no termination shall impair any rights of participating employees that have vested at the time of termination. Without further action of the Board of Directors, the Third Amended and Restated 2010 ESPP shall terminate twenty years after the date of its adoption by the Board of Directors or, if earlier, at such time as all shares of common stock that may be made available for purchase under the Third Amended and Restated 2010 ESPP have been issued.

U.S. Federal Income Tax Consequences. The Third Amended and Restated 2010 ESPP, and the rights of participant employees to make purchases thereunder, qualify for treatment under the provisions of Sections 421 and 423 of the Internal Revenue Code. Under these provisions, no income will be taxable to a participant until the shares purchased under the Third Amended and Restated 2010 ESPP are sold or otherwise disposed of.

Upon sale or other disposition of the shares, the participant will generally be subject to tax and the amount of the tax will depend upon the holding period. If the shares are sold or otherwise disposed of more than two years from the first day of the relevant offering period (and more than one year from the date the shares are purchased), then the participant generally will recognize ordinary income measured as the lesser of:

- i. the excess of the fair market value of the shares at the time of such sale or disposition over the purchase price, or
 - ii. an amount equal to 15% of the fair market value of the shares as of the first day of the applicable offering period.
- Any additional gain should be treated as long-term capital gain.

If the shares are sold or otherwise disposed of before the expiration of this holding period, the participant will recognize ordinary income at the time of such disposition generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on the holding period.

We are not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent ordinary income is recognized by participants upon a sale or disposition of shares prior to the expiration of the holding period(s) described above. In all other cases, no deduction is allowed to us.

The foregoing tax discussion is a general description of certain expected federal income tax results under current law. No attempt has been made to address any state, local, foreign or estate and gift tax consequences that may arise in connection with participation in the Third Amended and Restated 2010 ESPP.

New Plan Benefits

Because benefits under the Third Amended and Restated 2010 ESPP will depend on employees' elections to participate and to purchase shares under the Third Amended and Restated 2010 ESPP at various future dates, it is not possible to determine the benefits that will be received by executive officers and other employees. Non-employee directors are not eligible to participate in the Third Amended and Restated 2010 ESPP.

Vote Required

The Third Amended and Restated 2010 ESPP will be approved upon the affirmative vote of a majority of the votes properly cast for and against such matter. Abstentions and broker non-votes are not included in the number of votes cast for and against a matter and therefore have no effect on the vote on such matter.

Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF THE THIRD AMENDED AND RESTATED 2010 ESPP WHICH RESERVES AN ADDITIONAL 100,000 SHARES OF COMMON STOCK FOR ISSUANCE UNDER THE THIRD AMENDED AND RESTATED 2010 EMPLOYEE STOCK PURCHASE PLAN THEREBY INCREASING THE TOTAL RESERVED SHARES UNDER THE THIRD AMENDED AND RESTATED 2010 ESPP FROM 50,808 SHARES TO 150,808 SHARES, SUBJECT TO FURTHER ADJUSTMENT ANNUALLY AS PROVIDED THEREIN. PROPERLY AUTHORIZED PROXIES SOLICITED BY THE BOARD WILL BE VOTED FOR THE THIRD AMENDED AND RESTATED 2010 ESPP, UNLESS A STOCKHOLDER INDICATES OTHERWISE ON THE PROXY.

PROPOSAL 4: RATIFICATION OF SELECTION OF AUDITORS

Introduction

The Audit Committee of the Board of Directors has selected the firm of PricewaterhouseCoopers LLP, independent registered public accounting firm, to serve as our auditors for the year ending December 31, 2016. It is expected that a representative of PricewaterhouseCoopers LLP will be present at the annual meeting with the opportunity to make a statement, if so desired, and will be available to respond to appropriate questions.

In deciding to appoint PricewaterhouseCoopers LLP, the Audit Committee reviewed auditor independence issues and existing commercial relationships with PricewaterhouseCoopers LLP and concluded that PricewaterhouseCoopers LLP has no commercial relationship with the Company that would impair its independence for the fiscal year ending December 31, 2016.

Vote Required

The selection of our independent registered public accounting firm for the year ending December 31, 2016 will be ratified upon the affirmative vote of a majority of the votes properly cast for and against such matter. Abstentions will have no effect on the vote on such matter. However, brokerage firms have authority to vote customers' unvoted shares held by the firms in street name on this proposal. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote. The ratification of this selection by our stockholders is not required under the laws of the State of Delaware, where we are incorporated, but the results of this vote will be considered by the Audit Committee in selecting auditors for future years.

Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR RATIFICATION OF THE SELECTION OF PRICEWATERHOUSECOOPERS LLP TO SERVE AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2016. PROPERLY AUTHORIZED PROXIES SOLICITED BY THE BOARD WILL BE VOTED FOR THE RATIFICATION UNLESS A STOCKHOLDER INDICATES OTHERWISE ON THE PROXY.

PROPOSAL 5: ADVISORY VOTE ON APPROVAL OF EXECUTIVE COMPENSATION AS DISCLOSED IN THIS PROXY STATEMENT

General

As required by Section 14A of the Securities Exchange Act, we are seeking your advisory vote of the compensation of our named executive officers as disclosed in the section of this proxy statement titled "Compensation of Executive Officers." Because your vote is advisory, it will not be binding on our Compensation Committee or our Board of Directors. However, the Compensation Committee and the Board will review the voting results and take them into consideration when making future decisions regarding executive compensation. You are being asked to vote on the following advisory resolution:

RESOLVED, the compensation paid to the Corporation's named executive officers as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Summary Compensation Table and the related compensation tables, notes and narrative to the proxy statement, is hereby approved.

The compensation of our named executive officers is based on a design that ties a substantial percentage of an executive's compensation to the attainment of financial and other performance measures that, the Board of Directors believes, promote the creation of long-term shareholder value and position the Corporation for long-term success. The mix of fixed and performance based compensation and the terms of long-term incentive awards as well as the terms of executives' employment agreements, are all designed to enable the Corporation to attract and maintain top talent while, at the same time, creating a close relationship between performance and compensation. The Compensation Committee and the Board of Directors believe that the design of the program, and hence the compensation awarded to named executive officers under the current program, fulfills this objective.

We pay our executive officers a base salary, which we review and determine annually. We have not increased the base salaries of our executive officers since 2014. Each executive officer has an annual bonus target which is expressed as a percentage of base salary. The annual short term incentive targets for executive officers also have not been increased since 2014. For 2015, executive officer short term incentive targets ranged from 40% to 62.5%, the highest of which was for our Chief Executive Officer.

The Compensation Committee has established a process for annual assessment of corporate performance which is the foundation for decisions regarding short term incentive payments to executive officers. Quantitative metrics are established following approval by the Board of Directors of the annual operating budget. These are monitored quarterly during the year and assessed after the end of the year. The Compensation Committee evaluates performance against metrics and also applies qualitative judgment in arriving at an overall corporate performance percentage. The most significant performance metrics for 2015 included the following:

To secure new equity funding of \$10 million to support launch and commercialization of our new medical device, Quell, for the management of chronic pain which was launched in the second quarter of 2015. During 2015 the Company exceeded this metric by raising equity funding in excess of \$17 million, net of stock redemptions and prior to underwriting and placement agent discounts and fees.

To achieve revenues of \$7.5 million representing a growth rate exceeding 35% over 2014 revenues. In 2015 the Company reported revenues of \$7.3 million which was 97 percent of the metric.

The Compensation Committee utilized a valuation model developed by an independent compensation expert, Radford, in the 2015 review of short term incentive compensation. They considered performance against metrics and other qualitative factors, including our product and business positioning going into 2016 and our market capitalization, in arriving at their decision that a corporate performance factor of 87.45%, the product of the Radford valuation model, would be used for 2015 executive officer short term incentive compensation. Further, as a means to incentivize and retain our current executive officers, the Compensation Committee decided that each of the executive officers would receive fully vested shares of our common stock in lieu of cash payment for short term incentive compensation. This decision of the Compensation Committee was reviewed and approved by the Board of Directors.

For additional details, stockholders are urged to read the *Compensation of Executive Officers* section of this proxy statement, which discusses certain components of our executive compensation. The Compensation Committee and the Board of Directors believe that its policies and procedures are effective in implementing our compensation philosophy and in achieving its goals.

Vote Required

The advisory vote on executive compensation will be approved upon the affirmative vote of a majority of the votes properly cast for and against such matter. Abstentions and broker non-votes are not included in the number of votes cast for and against this matter and therefore have no effect on the vote on such matter.

Recommendation

THE BOARD OF DIRECTORS RECOMMENDS A VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AND PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR OF SUCH APPROVAL UNLESS A STOCKHOLDER INDICATES OTHERWISE ON THE PROXY.

STOCKHOLDER PROPOSALS

Any stockholder proposals submitted pursuant to Exchange Act Rule 14a-8 for inclusion in our proxy statement and form of proxy for our 2017 Annual Meeting of Stockholders must be received by us on or before November 17, 2016 in order to be considered for inclusion in our proxy statement and form of proxy. Such proposals must also comply with the requirements as to form and substance established by the SEC if such proposals are to be included in the proxy statement and form of proxy. Any such proposal should be mailed to: NeuroMetrix, Inc., 1000 Winter Street, Waltham, Massachusetts 02451, Attention: Secretary.

Stockholder proposals to be presented at our 2017 Annual Meeting of Stockholders, other than stockholder proposals submitted pursuant to Exchange Act Rule 14a-8 for inclusion in our proxy statement and form of proxy for our 2017 Annual Meeting of Stockholders, must be presented and received in accordance with the provisions of our by-laws.

Our by-laws state that the stockholder must provide timely written notice of any nomination or proposal and supporting documentation. A stockholder's notice will be timely if received by us at our principal executive office not less than 90 days (or February 2, 2017) nor more than 120 days (or January 3, 2017) prior to the anniversary date of the immediately preceding annual meeting (the Anniversary Date); provided, however, that in the event the annual meeting is scheduled to be held on a date more than 30 days before the Anniversary Date (or April 3, 2017) or more than 60 days after the Anniversary Date (or July 2, 2017), a stockholder's notice shall be timely if received by us at its principal executive office not later than the close of business on the later of (1) the 90th day prior to the scheduled date of such annual meeting or (2) the 10th day following the day on which public announcement of the date of such annual meeting is first made by us. In the event that the number of directors to be elected to our Board of Directors is increased and there is no public announcement naming all of the nominees for director or specifying the size of the increased Board of Directors made by us at least 85 days prior to the first anniversary of the preceding year's annual meeting, a stockholder's notice will also be considered timely, but only with respect to nominees for any new positions created by such increase, if it is delivered to us at our principal executive offices not later than the close of business on the 10th day following the day on which such public announcement is first made by us. Proxies solicited by our Board of Directors will confer discretionary voting authority with respect to these proposals, subject to SEC rules and regulations governing the exercise of this authority. Any such proposals shall be mailed to: NeuroMetrix, Inc., 1000 Winter Street, Waltham, Massachusetts 02451, Attention: Secretary.

EXPENSES AND SOLICITATION

The cost of solicitation of proxies will be borne by us, and in addition to soliciting stockholders by mail through our regular employees, we may request banks, brokers, and other custodians, nominees and fiduciaries to solicit their customers who have stock of our company registered in the names of a nominee and, if so, we will reimburse such banks, brokers, and other custodians, nominees and fiduciaries for their reasonable out-of-pocket costs. Solicitation by our officers and employees may also be made of some stockholders in person or by mail, telephone, e-mail, or other form of electronic communication following the original solicitation. We have engaged Alliance Advisors LLC (Alliance) to advise us on certain proposals and to manage the production and distribution of this proxy statement. We may engage them to assist with the solicitation of proxies for the annual meeting. We expect to pay Alliance approximately \$26,000 for their services.

MULTIPLE STOCKHOLDERS SHARING THE SAME ADDRESS

SEC rules concerning the delivery of annual disclosure documents allow us or stockholders brokers to send a single notice or, if applicable, a single set of our proxy materials to any household at which two or more of our stockholders reside, if we or stockholders brokers believe that the stockholders are members of the same family. This practice, referred to as householding, benefits both stockholders and us. It reduces the volume of duplicate information received by stockholders in the same household and helps to reduce our expenses. The rule applies to our notices, annual reports, proxy statements and information statements.

As such, owners of common stock in street name may receive a notice from their broker or bank stating that only one annual report or proxy statement will be delivered to multiple security holders sharing an address. However, if any stockholder residing at such an address wishes to receive a separate annual report or proxy statement, the Corporation will promptly deliver a separate copy to any stockholder upon written or oral request to the Corporation's investor relations department at NeuroMetrix, Inc, 1000 Winter Street, Waltham, MA 02451 or by telephone at (781) 890-9989 or by e-mail at neurometrix.ir@neurometrix.com.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers and holders of more than 10% of our common stock (collectively, Reporting Persons) to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock. Such Reporting Persons are required by regulations of the SEC to furnish us with copies of all such filings. Our records reflect that all reports which were required to be filed pursuant to Section 16(a) of the Exchange Act were filed on a timely basis. We received a written statement from our directors, officers, and 10% stockholders or know from other means that any required Forms 5 were filed or that no Forms 5 were required to be filed.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Except as otherwise set forth below, we did not engage in any related person transactions during the years ended December 31, 2015 and December 31, 2014. Pursuant to our audit committee charter currently in effect, the audit committee is responsible for reviewing and approving, prior to our entry into any such transaction, all transactions in which we are a participant and in which any parties related to us has or will have a direct or indirect material interest.

Public Offering of Convertible Preferred Stock and Warrants; Repurchase of Series B Convertible Preferred Stock and Series A-4 Convertible Preferred Stock and Forfeiture of Warrants

In December 2015, we completed a private equity offering, or the 2015 December Offering, with entities affiliated with Sabby Management, LLC and its affiliates, or Sabby, a principal stockholder, providing for the issuance of (i) 13,800 shares of Series C convertible preferred stock at a price of \$1,000 per share, and (ii) warrants to purchase up to 10,823,528 shares of our common stock, at an exercise price of \$2.30 per share. The 2015 December Offering resulted in approximately \$6.7 million in net proceeds after deducting placement agent fees and expenses and the redemption of \$6.3 million of Series B convertible preferred stock. Each share of Series C convertible preferred stock has a stated value of \$1,000 and is convertible, at any time at the option of the holder thereof, into a number of shares of our common stock determined by dividing the stated value by the initial conversion price of \$2.55, subject to a 4.99% beneficial ownership limitation.

In May 2015, we completed an underwritten public offering, or the 2015 May Offering, of (i) 147,000 shares of Series B convertible preferred stock at a price of \$100 per share, which is the stated value, and (ii) five year warrants to purchase up to 3,638,250 shares of common stock with an exercise price of \$5.00 per share. As part of the 2015 May Offering, Sabby agreed to purchase 122,000 units at the public offering price of \$100 per unit. Simultaneous with the closing of the 2015 May Offering, we repurchased from Sabby the then outstanding 3,206,357 shares of the Series A-4 convertible preferred stock for an aggregate purchase price of \$3.2 million, which we refer to as the Repurchase. Additionally, as part of the Repurchase, Sabby agreed to forfeit warrants to purchase 392,936 shares of our common stock that were issued in connection with the original issuance of the Series A-4 convertible preferred stock, which warrants had an exercise price of \$8.16.

Private Offerings of Preferred Stock and Warrants

During June 2014 and June 2013, we and entities affiliated with Sabby entered into securities purchase agreements for two equity offerings that were similar in structure and in terms. The purchase agreement entered into in June 2014, or the 2014 Offering provided for the issuance of (i) 166,150 shares of common stock at a price of \$8.16 per share, (ii) 2,621,859 shares of Series A-3 convertible preferred stock at a price of \$1,000 per share, (iii) 4,022,357 shares of Series A-4 convertible preferred stock at a price of \$1,000 per share, and (iv) five year warrants to purchase up to 980,393 shares of common stock with an exercise price of \$8.16 per share. The 2014 offering resulted in approximately \$8.0 million in gross proceeds, before deducting expenses.

The purchase agreement entered into in June 2013, or the 2013 Offering, provided for the issuance of (i) 62,037 shares of common stock at a price of \$8.38 per share, (ii) 1,066,254 shares of Series A-1 convertible preferred stock at a price of \$1,000 per share, (iii) 3,370,510 shares of Series A-2 convertible preferred stock at a price of \$1,000 per share, and (iv) five year warrants to purchase up to 591,484 shares of common stock with an exercise price of \$8.00 per share. The 2013 Offering resulted in approximately \$5.0 million in gross proceeds, before deducting placement agent fees and other expenses.

In these private equity offerings, each share of preferred stock has or had a stated value of \$1,000 and is convertible at the option of the holder into the number of shares of common stock determined by dividing the stated value by the conversion price which is subject to adjustment as provided in each Certificate of Designation for the Preferred Stock. As of December 31, 2015, all of the shares of Series A-1 convertible preferred stock, Series A-2 convertible preferred stock, Series A-3 convertible preferred stock and Series A-4 convertible preferred stock have either been converted into shares of common stock or repurchased by us and retired.

SECTION 2. ADMINISTRATION OF PLAN; ADMINISTRATOR AUTHORITY TO SELECT GRANTEES AND DETERMINE AWARDS

(a) *Committee.* The Plan shall be administered by the Compensation Committee (the Administrator).

(b) *Powers of Administrator.* The Administrator shall have the power and authority to grant Awards consistent with the terms of the Plan, including the power and authority:

(i) to select the individuals to whom Awards may from time to time be granted;

(ii) to determine the time or times of grant, and the extent, if any, of Incentive Stock Options, Non-Qualified Stock Options, Stock Appreciation Rights, Restricted Stock Awards, Deferred Stock Awards, Unrestricted Stock Awards and Dividend Equivalent Rights, or any combination of the foregoing, granted to any one or more grantees;

(iii) to determine the number of shares of Stock to be covered by any Award;

(iv) to determine and modify from time to time the terms and conditions, including restrictions, not inconsistent with the terms of the Plan, of any Award, which terms and conditions may differ among individual Awards and grantees, and to approve the form of written instruments evidencing the Awards;

(v) to accelerate at any time the exercisability or vesting of all or any portion of any Award;

(vi) subject to the provisions of Section 5(a)(ii), to extend at any time the period in which Stock Options may be exercised; and

(vii) at any time to adopt, alter and repeal such rules, guidelines and practices for administration of the Plan and for its own acts and proceedings as it shall deem advisable; to interpret the terms and provisions of the Plan and any Award (including related written instruments); to make all determinations it deems advisable for the administration of the

Plan; to decide all disputes arising in connection with the Plan; and to otherwise supervise the administration of the Plan.

All decisions and interpretations of the Administrator shall be binding on all persons, including the Company and Plan grantees.

(c) *Delegation of Authority to Grant Awards.* The Administrator, in its discretion, may delegate to the Chief Executive Officer of the Company all or part of the Administrator's authority and duties with respect to the granting of Awards, to individuals who are not subject to the reporting and other provisions of Section 16 of the Exchange Act or covered employees within the meaning of Section 162(m) of the

Code. Any such delegation by the Administrator shall include a limitation as to the amount of Awards that may be granted during the period of the delegation and shall contain guidelines as to the determination of the exercise price of any Stock Option or Stock Appreciation Right, the conversion ratio or price of other Awards and the vesting criteria. The Administrator may revoke or amend the terms of a delegation at any time but such action shall not invalidate any prior actions of the Administrator's delegate or delegates that were consistent with the terms of the Plan.

(d) *Indemnification.* Neither the Board nor the Committee, nor any member of either or any delegatee thereof, shall be liable for any act, omission, interpretation, construction or determination made in good faith in connection with the Plan, and the members of the Board and the Committee (and any delegatee thereof) shall be entitled in all cases to indemnification and reimbursement by the Company in respect of any claim, loss, damage or expense (including, without limitation, reasonable attorneys' fees) arising or resulting therefrom to the fullest extent permitted by law and/or under the Company's organizational documents or any directors' and officers' liability insurance coverage which may be in effect from time to time and/or any indemnification agreement between such individual and the Company.

SECTION 3. STOCK ISSUABLE UNDER THE PLAN; MERGERS; SUBSTITUTION

(a) *Stock Issuable.* Subject to adjustment as provided in Section 3(b), the maximum number of shares of Stock reserved and available for issuance under the Plan shall be 1,031,570 shares of Stock, which number includes the 5,727 shares originally reserved under the Plan, plus an aggregate of 841 shares added pursuant to an evergreen provision in 2004 and 2005 plus 6,945 shares added to the Plan in 2006, 2008 and 2009, 41,667 shares added to the Plan in 2012, 75,000 shares added to the Plan in 2013, 175,000 shares added to the Plan in 2014, 212,500 shares added to the Plan in 2015 and 500,000 shares added to the Plan in 2016.¹ For purposes of this limitation, the shares of Stock underlying any Awards that are forfeited, canceled or otherwise terminated (other than by exercise) shall be added back to the shares of Stock available for issuance under the Plan. Shares tendered or held back upon exercise of an Option or settlement of an Award to cover the exercise price or tax withholding shall not be available for future issuance under the Plan. In addition, upon exercise of Stock Appreciation Rights, the gross number of shares exercised shall be deducted from the total number of shares remaining available for issuance under the Plan.

Subject to such overall limitations, shares of Stock may be issued up to such maximum number pursuant to any type or types of Award; provided, however, that Stock Options or Stock Appreciation Rights with respect to no more than 150,000 shares of Stock may be granted to any one individual grantee during any one calendar year period. The shares available for issuance under the Plan may be authorized but unissued shares of Stock or shares of Stock reacquired by the Company.

(b) *Changes in Stock.* Subject to Section 3(c) hereof, if, as a result of any reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split or other similar change in the Company's capital stock, the outstanding shares of Stock are increased or decreased or are exchanged for a different number or kind of shares or other securities of the Company, or additional shares or new or different shares or other securities of the Company or other non-cash assets are distributed with respect to such shares of Stock or other securities, or, if, as a result of any merger or consolidation, sale of all or substantially all of the assets of the Company, the outstanding shares of Stock are converted into or exchanged for a different number or kind of securities of the Company or any successor entity (or a parent or subsidiary thereof), the Administrator shall make an appropriate or proportionate adjustment in i) the maximum number of shares reserved for issuance under the Plan, including the maximum number of shares that may be issued in the form of Unrestricted Stock Awards, Restricted Stock Awards or Deferred Stock Awards, (ii) the number of Stock Options or Stock Appreciation Rights that can be granted to any one individual grantee and the maximum number of shares that may be granted under a Performance-based Award, (iii) the number and kind of shares or other securities subject to any then

The number of shares reserved and available for issuance under the Plan, as well as all other share numbers in the Plan have been adjusted to reflect the one-for-four reverse stock split on July 15, 2004, the one-for-six reverse stock split on September 1, 2011, the one-for-six reverse stock split on February 15, 2013, and the one-for-four reverse stock split on December 1, 2015.

A-3

outstanding Awards under the Plan, (iv) the repurchase price, if any, per share subject to each outstanding Restricted Stock Award, (v) the number of Stock Options automatically granted to Non-Employee Directors, and (vi) the price for each share subject to any then outstanding Stock Options and Stock Appreciation Rights under the Plan, without changing the aggregate exercise price (i.e., the exercise price multiplied by the number of Stock Options and Stock Appreciation Rights) as to which such Stock Options and Stock Appreciation Rights remain exercisable. The adjustment by the Administrator shall be final, binding and conclusive. No fractional shares of Stock shall be issued under the Plan resulting from any such adjustment, but the Administrator in its discretion may make a cash payment in lieu of fractional shares.

The Administrator shall also adjust the number of shares subject to outstanding Awards and the exercise price and the terms of outstanding Awards to take into consideration material changes in accounting practices or principles, extraordinary dividends, acquisitions or dispositions of stock or property or any other event if it is determined by the Administrator that such adjustment is appropriate to avoid distortion in the operation of the Plan, provided that no such adjustment shall be made in the case of an Incentive Stock Option, without the consent of the grantee, if it would constitute a modification, extension or renewal of the Option within the meaning of Section 424(h) of the Code.

(c) *Mergers and Other Transactions.* In the case of and subject to the consummation of (i) the dissolution or liquidation of the Company, (ii) the sale of all or substantially all of the assets of the Company on a consolidated basis to an unrelated person or entity, (iii) a merger, reorganization or consolidation in which the outstanding shares of Stock are converted into or exchanged for a different kind of securities of the successor entity and the holders of the Company's outstanding voting power immediately prior to such transaction do not own a majority of the outstanding voting power of the successor entity immediately upon completion of such transaction, or (iv) the sale of all of the Stock of the Company to an unrelated person or entity (in each case, a "Sale Event"), the Plan and all outstanding Awards granted hereunder shall terminate, unless provision is made in connection with the Sale Event in the sole discretion of the parties thereto for the assumption or continuation of Awards theretofore granted by the successor entity, or the substitution of such Awards with new Awards of the successor entity or parent thereof, with appropriate adjustment as to the number and kind of shares and, if appropriate, the per share exercise prices, as such parties shall agree. In the event of such termination, all Options and Stock Appreciation Rights that are not exercisable immediately prior to the effective time of the Sale Event shall become fully exercisable as of the effective time of the Sale Event and all other Awards shall become fully vested and nonforfeitable as of the effective time of the Sale Event, except as the Administrator may otherwise specify with respect to particular Awards in the relevant Award documentation, and each grantee shall be permitted, within a specified period of time prior to the consummation of the Sale Event as determined by the Administrator, to exercise all outstanding Options and Stock Appreciation Rights held by such grantee, including those that will become exercisable upon the consummation of the Sale Event; provided, however, that the exercise of Options and Stock Appreciation Rights not exercisable prior to the Sale Event shall be subject to the consummation of the Sale Event.

Notwithstanding anything to the contrary in this Section 3(c), in the event of a Sale Event pursuant to which holders of the Stock of the Company will receive upon consummation thereof a cash payment for each share surrendered in the Sale Event, the Company shall have the right, but not the obligation, to make or provide for a cash payment to the grantees holding Options and Stock Appreciation Rights, in exchange for the cancellation thereof, in an amount equal to the difference between (A) the value as determined by the Administrator of the consideration payable per share of Stock pursuant to the Sale Event (the "Sale Price") times the number of shares of Stock subject to outstanding Options and Stock Appreciation Rights (to the extent then exercisable at prices not in excess of the Sale Price) and (B) the aggregate exercise price of all such outstanding Options and Stock Appreciation Rights.

(d) *Substitute Awards.* The Administrator may grant Awards under the Plan in substitution for stock and stock based awards held by employees, directors or other key persons of another corporation in connection with the merger or consolidation of the employing corporation with the Company or a Subsidiary or the acquisition by the Company or a Subsidiary of property or stock of the employing corporation. The Administrator may direct that the substitute awards be granted on such terms and conditions as the Administrator considers appropriate in the circumstances. Any substitute Awards granted under the Plan shall not count against the share limitation set forth in Section 3(a).

SECTION 4. ELIGIBILITY

Grantees under the Plan will be such full or part-time officers and other employees, Non-Employee Directors and key persons (including consultants and prospective employees) of the Company and its Subsidiaries as are selected from time to time by the Administrator in its sole discretion.

SECTION 5. STOCK OPTIONS

Any Stock Option granted under the Plan shall be in such form as the Administrator may from time to time approve.

Stock Options granted under the Plan may be either Incentive Stock Options or Non-Qualified Stock Options. Incentive Stock Options may be granted only to employees of the Company or any Subsidiary that is a subsidiary corporation within the meaning of Section 424(f) of the Code. To the extent that any Option does not qualify as an Incentive Stock Option, it shall be deemed a Non-Qualified Stock Option.

(a) *Stock Options Granted to Employees and Key Persons.* The Administrator in its discretion may grant Stock Options to eligible employees and key persons of the Company or any Subsidiary. Stock Options granted pursuant to this Section 5(a) shall be subject to the following terms and conditions and shall contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Administrator shall deem desirable. If the Administrator so determines, Stock Options may be granted in lieu of cash compensation at the optionee's election, subject to such terms and conditions as the Administrator may establish.

(i) *Exercise Price.* The exercise price per share for the Stock covered by a Stock Option granted pursuant to this Section 5(a) shall be determined by the Administrator at the time of grant but shall not be less than 100 percent of the Fair Market Value on the date of grant. If an employee owns or is deemed to own (by reason of the attribution rules of Section 424(d) of the Code) more than 10 percent of the combined voting power of all classes of stock of the Company or any parent or subsidiary corporation and an Incentive Stock Option is granted to such employee, the option price of such Incentive Stock Option shall be not less than 110 percent of the Fair Market Value on the grant date.

(ii) *Option Term.* The term of each Stock Option shall be fixed by the Administrator, but no Stock Option shall be exercisable more than 10 years after the date the Stock Option is granted. If an employee owns or is deemed to own (by reason of the attribution rules of Section 424(d) of the Code) more than 10 percent of the combined voting power of all classes of stock of the Company or any parent or subsidiary corporation and an Incentive Stock Option is granted to such employee, the term of such Stock Option shall be no more than five years from the date of grant.

(iii) *Exercisability; Rights of a Stockholder.* Stock Options shall become exercisable at such time or times, whether or not in installments, as shall be determined by the Administrator at or after the grant date. The Administrator may at any time accelerate the exercisability of all or any portion of any Stock Option. An optionee shall have the rights of a stockholder only as to shares acquired upon the exercise of a Stock Option and not as to unexercised Stock Options.

(iv) *Method of Exercise.* Stock Options may be exercised in whole or in part, by giving written notice of exercise to the Company, specifying the number of shares to be purchased. Payment of the purchase price may be made by one or more of the following methods to the extent provided in the Option Award agreement:

(A) In cash, by certified or bank check or other instrument acceptable to the Administrator;

A-5

(B) Through the delivery (or attestation to the ownership) of shares of Stock that have been purchased by the optionee on the open market or that have been beneficially owned by the optionee for at least six months and are not then subject to restrictions under any Company plan. Such surrendered shares shall be valued at Fair Market Value on the exercise date; or

(C) By the optionee delivering to the Company a properly executed exercise notice together with irrevocable instructions to a broker to promptly deliver to the Company cash or a check payable and acceptable to the Company for the purchase price; provided that in the event the optionee chooses to pay the purchase price as so provided, the optionee and the broker shall comply with such procedures and enter into such agreements of indemnity and other agreements as the Administrator shall prescribe as a condition of such payment procedure.

Payment instruments will be received subject to collection. The transfer to the optionee on the records of the Company or of the transfer agent of the shares of Stock to be purchased pursuant to the exercise of a Stock Option will be contingent upon receipt from the optionee (or a purchaser acting in his stead in accordance with the provisions of the Stock Option) by the Company of the full purchase price for such shares and the fulfillment of any other requirements contained in the Option Award agreement or applicable provisions of laws (including the satisfaction of any withholding taxes that the Company is obligated to withhold with respect to the optionee). In the event an optionee chooses to pay the purchase price by previously-owned shares of Stock through the attestation method, the number of shares of Stock transferred to the optionee upon the exercise of the Stock Option shall be net of the number of attested shares. In the event that the Company establishes, for itself or using the services of a third party, an automated system for the exercise of Stock Options, such as a system using an Internet website or interactive voice response, then the paperless exercise of Stock Options may be permitted through the use of such an automated system.

(v) *Annual Limit on Incentive Stock Options.* To the extent required for incentive stock option treatment under Section 422 of the Code, the aggregate Fair Market Value (determined as of the time of grant) of the shares of Stock with respect to which Incentive Stock Options granted under this Plan and any other plan of the Company or its parent and subsidiary corporations become exercisable for the first time by an optionee during any calendar year shall not exceed \$100,000. To the extent that any Stock Option exceeds this limit, it shall constitute a Non-Qualified Stock Option.

(b) *Non-transferability of Options.* No Stock Option shall be transferable by the optionee otherwise than by will or by the laws of descent and distribution and all Stock Options shall be exercisable, during the optionee's lifetime, only by the optionee, or by the optionee's legal representative or guardian in the event of the optionee's incapacity. Notwithstanding the foregoing, the Administrator, in its sole discretion, may provide in the Award agreement regarding a given Option that the optionee may transfer his Non-Qualified Stock Options to members of his immediate family, to trusts for the benefit of such family members, or to partnerships in which such family members are the only partners, provided that the transferee agrees in writing with the Company to be bound by all of the terms and conditions of this Plan and the applicable Option.

SECTION 6. STOCK APPRECIATION RIGHTS

(a) *Nature of Stock Appreciation Rights.* A Stock Appreciation Right is an Award entitling the recipient to receive shares of Stock having a value equal to the excess of the Fair Market Value of the Stock on the date of exercise over the exercise price of the Stock Appreciation Right, which price shall not be less than 100 percent of the Fair Market Value of the Stock on the date of grant multiplied by the number of shares of Stock with respect to which the Stock Appreciation Right shall have been exercised.

(b) *Grant and Exercise of Stock Appreciation Rights.* Stock Appreciation Rights may be granted by the Administrator independently of any Stock Option granted pursuant to Section 5 of the Plan.

(c) *Terms and Conditions of Stock Appreciation Rights.* Stock Appreciation Rights shall be subject to such terms and conditions as shall be determined from time to time by the Administrator, provided that all Stock Appreciation Rights shall be exercisable during the grantee's lifetime only by the grantee or the grantee's legal representative.

A-6

(d) *Stock Appreciation Rights Term.* The term of each Stock Appreciation Right shall be fixed by the Administrator, but no Stock Appreciation Right shall be exercisable more than ten years after the date the Stock Appreciation Right is granted.

SECTION 7. RESTRICTED STOCK AWARDS

(a) *Nature of Restricted Stock Awards.* A Restricted Stock Award is an Award entitling the recipient to acquire, at such purchase price (which may be zero) as determined by the Administrator, shares of Stock subject to such restrictions and conditions as the Administrator may determine at the time of grant (Restricted Stock). Conditions may be based on continuing employment (or other service relationship) and/or achievement of pre-established performance goals and objectives. The grant of a Restricted Stock Award is contingent on the grantee executing the Restricted Stock Award agreement. The terms and conditions of each such agreement shall be determined by the Administrator, and such terms and conditions may differ among individual Awards and grantees.

(b) *Rights as a Stockholder.* Upon execution of a written instrument setting forth the Restricted Stock Award and payment of any applicable purchase price, a grantee shall have the rights of a stockholder with respect to the voting of the Restricted Stock, subject to such conditions contained in the written instrument evidencing the Restricted Stock Award. Unless the Administrator shall otherwise determine, (i) uncertificated Restricted Stock shall be accompanied by a notation on the records of the Company or the transfer agent to the effect that they are subject to forfeiture until such Restricted Stock are vested as provided in Section 7(d) below, and (ii) certificated Restricted Stock shall remain in the possession of the Company until such Restricted Stock is vested as provided in Section 7(d) below, and the grantee shall be required, as a condition of the grant, to deliver to the Company such instruments of transfer as the Administrator may prescribe.

(c) *Restrictions.* Restricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered or disposed of except as specifically provided herein or in the Restricted Stock Award agreement. Except as may otherwise be provided by the Administrator either in the Award agreement or, subject to Section 15 below, in writing after the Award agreement is issued, if any, if a grantee's employment (or other service relationship) with the Company and its Subsidiaries terminates for any reason, any Restricted Stock that has not vested at the time of termination shall automatically and without any requirement of notice to such grantee from or other action by or on behalf of, the Company be deemed to have been reacquired by the Company at its original purchase price from such grantee or such grantee's legal representative simultaneously with such termination of employment (or other service relationship), and thereafter shall cease to represent any ownership of the Company by the grantee or rights of the grantee as a shareholder. Following such deemed reacquisition of unvested Restricted Stock that are represented by physical certificates, grantee shall surrender such certificates to the Company upon request without consideration.

(d) *Vesting of Restricted Stock.* The Administrator at the time of grant shall specify the date or dates and/or the attainment of pre-established performance goals, objectives and other conditions on which the non-transferability of the Restricted Stock and the Company's right of repurchase or forfeiture shall lapse. Subsequent to such date or dates and/or the attainment of such pre-established performance goals, objectives and other conditions, the shares on which all restrictions have lapsed shall no longer be Restricted Stock and shall be deemed vested. Except as may otherwise be provided by the Administrator either in the Award agreement or, subject to Section 15 below, in writing after the Award agreement is issued, a grantee's rights in any shares of Restricted Stock that have not vested shall automatically terminate upon the grantee's termination of employment (or other service relationship) with the Company and its Subsidiaries and such shares shall be subject to the provisions of Section 7(c) above.

SECTION 8. DEFERRED STOCK AWARDS

(a) *Nature of Deferred Stock Awards.* A Deferred Stock Award is an Award of phantom stock units to a grantee, subject to restrictions and conditions as the Administrator may determine at the time of grant. Conditions may be based on continuing employment (or other service relationship) and/or achievement of pre-established performance goals and objectives. The grant of a Deferred Stock Award is contingent on the grantee executing the Deferred Stock Award agreement. The terms and conditions of each such agreement shall be determined by the Administrator, and such terms and conditions may differ among individual Awards and grantees. At the end of the deferral period, the Deferred Stock Award, to the extent vested, shall be paid to the grantee in the form of shares of Stock. To the extent that a Deferred Stock Award is subject to Section 409A, it may contain such additional terms and conditions as the Administrator shall determine in its sole discretion in order for such Award to comply with the requirements of Section 409A.

(b) *Election to Receive Deferred Stock Awards in Lieu of Compensation.* The Administrator may, in its sole discretion, permit a grantee to elect to receive a portion of the cash compensation or Restricted Stock Award otherwise due to such grantee in the form of a Deferred Stock Award. Any such election shall be made in writing and shall be delivered to the Company no later than the date specified by the Administrator and in accordance with Section 409A and such other rules and procedures established by the Administrator. The Administrator shall have the sole right to determine whether and under what circumstances to permit such elections and to impose such limitations and other terms and conditions thereon as the Administrator deems appropriate.

(c) *Rights as a Stockholder.* During the deferral period, a grantee shall have no rights as a stockholder; provided, however, that the grantee may be credited with Dividend Equivalent Rights with respect to the phantom stock units underlying his Deferred Stock Award, subject to such terms and conditions as the Administrator may determine.

(d) *Restrictions.* A Deferred Stock Award may not be sold, assigned, transferred, pledged or otherwise encumbered or disposed of during the deferral period.

(e) *Termination.* Except as may otherwise be provided by the Administrator either in the Award agreement or, subject to Section 15 below, in writing after the Award agreement is issued, a grantee's right in all Deferred Stock Awards that have not vested shall automatically terminate upon the grantee's termination of employment (or cessation of service relationship) with the Company and its Subsidiaries for any reason.

SECTION 9. UNRESTRICTED STOCK AWARDS

Grant or Sale of Unrestricted Stock. The Administrator may, in its sole discretion, grant (or sell at par value or such higher purchase price determined by the Administrator) an Unrestricted Stock Award to any grantee pursuant to which such grantee may receive shares of Stock free of any restrictions (Unrestricted Stock) under the Plan. Unrestricted Stock Awards may be granted in respect of past services or other valid consideration, or in lieu of cash compensation due to such grantee.

SECTION 10. CASH-BASED AWARDS

The Administrator may, in its sole discretion, grant Cash-Based Awards to any grantee in such number or amount and upon such terms, and subject to such conditions, as the Administrator shall determine at the time of grant. The Administrator shall determine the maximum duration of the Cash-Based Award, the amount of cash to which the Cash-Based Award pertains, the conditions upon which the Cash-Based Award shall become vested or payable, and such other provisions as the Administrator shall determine. Each Cash-Based Award shall specify a cash-denominated payment amount, formula or payment ranges as determined by the Administrator. Payment, if any, with respect to a

Cash-Based Award shall be made in accordance with the terms of the Award and may be made in cash or in shares of Stock, as the Administrator determines.

A-8

SECTION 11. PERFORMANCE-BASED AWARDS TO COVERED EMPLOYEES

Notwithstanding anything to the contrary contained herein, if any Restricted Stock Award, Cash-Based Award or Deferred Stock Award granted to a Covered Employee is intended to qualify as Performance-based Compensation under Section 162(m) of the Code and the regulations promulgated thereunder (a Performance-based Award), such Award shall comply with the provisions set forth below:

(a) *Performance Criteria.* The Administrator shall define in an objective fashion the manner of calculating the Performance Criteria it selects to use for any Performance Cycle. The Administrator, in its discretion, may adjust or modify the calculation of Performance Goals for such Performance Cycle in order to prevent the dilution or enlargement of the rights of an individual (x) in the event of, or in anticipation of, any unusual or extraordinary corporate item, transaction, event or development, (y) in recognition of, or in anticipation of, any other unusual or nonrecurring events affecting the Company, or the financial statements of the Company, or (z) in response to, or in anticipation of, changes in applicable laws, regulations, accounting principles, or business conditions provided however, that the Administrator may not exercise such discretion in a manner that would increase the Performance-Based Award granted to a Covered Employee. The performance criteria used in performance goals governing Performance-based Awards granted to Covered Employees may include any or all of the following: (i) return on equity, assets, capital or investment; (ii) pre-tax or after-tax profit levels; (iii) cash flow, funds from operations or similar measure; (iv) total shareholder return; (v) changes in the market price of the Stock; (vi) revenues, sales or market share; (vii) net income (loss) or earnings per share; (viii) computer support availability; (ix) expense margins or operating efficiency (including budgeted spending limits) or (x) project development milestones, any of which may relate to the Company or any Subsidiary, division, operating unit or business segment of the Company, or any combination of the foregoing, and may be measured either in absolute terms or as compared to any incremental increase or as compared to results of a peer group and, for financial measures, may be based on numbers calculated in accordance with U.S. generally accepted accounting principles or on an as adjusted basis.

(b) *Grant of Performance-based Awards.* With respect to each Performance-based Award granted to a Covered Employee, the Committee shall select, within the first 90 days of a Performance Cycle (or, if shorter, within the maximum period allowed under Section 162(m) of the Code) the performance criteria for such grant, and the achievement targets with respect to each performance criterion (including a threshold level of performance below which no amount will become payable with respect to such Award). Each Performance-based Award will specify the amount payable, or the formula for determining the amount payable, upon achievement of the various applicable performance targets. The performance criteria established by the Committee may be (but need not be) different for each Performance Cycle and different goals may be applicable to Performance-based Awards to different Covered Employees.

(c) *Payment of Performance-based Awards.* Following the completion of a Performance Cycle, the Committee shall meet to review and certify in writing whether, and to what extent, the performance criteria for the Performance Cycle have been achieved and, if so, to also calculate and certify in writing the amount of the Performance-based Awards earned for the Performance Cycle. The Committee shall then determine the actual size of each Covered Employee's Performance-based Award, and, in doing so, may reduce or eliminate the amount of the Performance-based Award for a Covered Employee if, in its sole judgment, such reduction or elimination is appropriate.

(d) *Maximum Award Payable.* The maximum Performance-based Award payable to any one Covered Employee under the Plan for a Performance Cycle is 150,000 Shares (subject to adjustment as provided in Section 3(b) hereof) or \$1,000,000 in the case of a Performance-Based Award that is a Cash-Based Award.

SECTION 12. DIVIDEND EQUIVALENT RIGHTS

(a) *Dividend Equivalent Rights.* A Dividend Equivalent Right is an Award entitling the grantee to receive credits based on cash dividends that would have been paid on the shares of Stock specified in the Dividend Equivalent Right (or other award to which it relates) if such shares had been issued to and held by the grantee. A Dividend Equivalent Right may be granted hereunder to any grantee only as a component of an Unrestricted Stock Award, a Restricted Stock Award or a Deferred Stock Award.

A-9

The terms and conditions of Dividend Equivalent Rights shall be specified in the Award agreement. Dividend equivalents credited to the holder of a Dividend Equivalent Right may be paid currently or may be deemed to be reinvested in additional shares of Stock, which may thereafter accrue additional equivalents. Any such reinvestment shall be at Fair Market Value on the date of reinvestment or such other price as may then apply under a dividend reinvestment plan sponsored by the Company, if any. Dividend Equivalent Rights may be settled in cash or shares of Stock or a combination thereof, in a single installment or installments. A Dividend Equivalent Right granted as a component of another Award may provide that such Dividend Equivalent Right shall be settled upon exercise, settlement, or payment of, or lapse of restrictions on, such other award, and that such Dividend Equivalent Right shall expire or be forfeited or annulled under the same conditions as such other award. A Dividend Equivalent Right granted as a component of another Award may also contain terms and conditions different from such other award.

(b) *Interest Equivalents.* Any Award under this Plan that is settled in whole or in part in cash on a deferred basis may provide in the grant for interest equivalents to be credited with respect to such cash payment. Interest equivalents may be compounded and shall be paid upon such terms and conditions as may be specified by the grant.

(c) *Termination.* Except as may otherwise be provided by the Administrator either in the Award agreement or, subject to Section 15 below, in writing after the Award agreement is issued, a grantee's rights in all Dividend Equivalent Rights or interest equivalents granted as a component of another Award that has not vested shall automatically terminate upon the grantee's termination of employment (or cessation of service relationship) with the Company and its Subsidiaries for any reason.

SECTION 13. TAX WITHHOLDING

(a) *Payment by Grantee.* Each grantee shall, no later than the date as of which the value of an Award or of any Stock or other amounts received thereunder first becomes includable in the gross income of the grantee for Federal income tax purposes, pay to the Company, or make arrangements satisfactory to the Administrator regarding payment of, any Federal, state, or local taxes of any kind required by law to be withheld with respect to such income. The Company and its Subsidiaries shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the grantee. The Company's obligation to deliver stock certificates to any grantee is subject to and conditioned on tax obligations being satisfied by the grantee.

(b) *Payment in Stock.* Subject to approval by the Administrator, a grantee may elect to have the minimum required tax withholding obligation satisfied, in whole or in part, by (i) authorizing the Company to withhold from shares of Stock to be issued pursuant to any Award a number of shares with an aggregate Fair Market Value (as of the date the withholding is effected) that would satisfy the withholding amount due, or (ii) transferring to the Company shares of Stock owned by the grantee with an aggregate Fair Market Value (as of the date the withholding is effected) that would satisfy the withholding amount due.

SECTION 14. TRANSFER, LEAVE OF ABSENCE, ETC.

For purposes of the Plan, the following events shall not be deemed a termination of employment:

(a) a transfer to the employment of the Company from a Subsidiary or from the Company to a Subsidiary, or from one Subsidiary to another; or

(b) an approved leave of absence for military service or sickness, or for any other purpose approved by the Company, if the employee's right to re-employment is guaranteed either by a statute or by contract or under the policy pursuant to which the leave of absence was granted or if the Administrator otherwise so provides in writing.

A-10

SECTION 15. AMENDMENTS AND TERMINATION

The Board may, at any time, amend or discontinue the Plan and the Administrator may, at any time, amend or cancel any outstanding Award for the purpose of satisfying changes in law or for any other lawful purpose, but no such action shall adversely affect rights under any outstanding Award without the holder's consent. Except as provided in

Section 3(b) or 3(c), in no event may the Administrator exercise its discretion to reduce the exercise price of outstanding Stock Options or Stock Appreciation Rights or effect repricing through cancellation and re-grants or by exchanging a Stock Option or Stock Appreciation Right for any other Award. To the extent required under the rules of any securities exchange or market system on which the Stock is listed, to the extent determined by the Administrator to be required by the Code to ensure that Incentive Stock Options granted under the Plan are qualified under Section 422 of the Code or to ensure that compensation earned under Awards qualifies as performance-based compensation under Section 162(m) of the Code, Plan amendments shall be subject to approval by the Company stockholders entitled to vote at a meeting of stockholders. Nothing in this Section 15 shall limit the Administrator's authority to take any action permitted pursuant to Section 3(c).

SECTION 16. STATUS OF PLAN

With respect to the portion of any Award that has not been exercised and any payments in cash, Stock or other consideration not received by a grantee, a grantee shall have no rights greater than those of a general creditor of the Company unless the Administrator shall otherwise expressly determine in connection with any Award or Awards. In its sole discretion, the Administrator may authorize the creation of trusts or other arrangements to meet the Company's obligations to deliver Stock or make payments with respect to Awards hereunder, provided that the existence of such trusts or other arrangements is consistent with the foregoing sentence.

SECTION 17. SECTION 409A AWARDS

To the extent that any Award is determined to constitute nonqualified deferred compensation within the meaning of Section 409A (a 409A Award), the Award shall be subject to such additional rules and requirements as specified by the Administrator from time to time in order to comply with Section 409A. In this regard, if any amount under a 409A

Award is payable upon a separation from service (within the meaning of Section 409A) to a grantee who is then considered a specified employee (within the meaning of Section 409A), then no such payment shall be made prior to the date that is the earlier of (i) six months and one day after the grantee's separation from service, or (ii) the grantee's death, but only to the extent such delay is necessary to prevent such payment from being subject to interest, penalties and/or additional tax imposed pursuant to Section 409A. Further, the settlement of any such Award may not be accelerated except to the extent permitted by Section 409A.

SECTION 18. GENERAL PROVISIONS

(a) *No Distribution; Compliance with Legal Requirements.* The Administrator may require each person acquiring Stock pursuant to an Award to represent to and agree with the Company in writing that such person is acquiring the shares without a view to distribution thereof.

No shares of Stock shall be issued pursuant to an Award until all applicable securities law and other legal and stock exchange or similar requirements have been satisfied. The Administrator may require the placing of such stop-orders and restrictive legends on certificates for Stock and Awards as it deems appropriate.

(b) *Delivery of Stock Certificates.* Stock certificates to grantees under this Plan shall be deemed delivered for all purposes when the Company or a stock transfer agent of the Company shall have mailed such certificates in the United States mail, addressed to the grantee, at the grantee's last known address on file with the Company.

Uncertificated Stock shall be deemed delivered for all purposes when the Company or a Stock transfer agent of the Company shall have given to the grantee by electronic mail (with proof of receipt) or by United States mail, addressed to the grantee, at the grantee's last known address on file with the Company, notice of issuance and recorded the issuance in its records (which may include electronic book entry records). Notwithstanding anything herein to the contrary, the Company shall not be required to issue or deliver any certificates evidencing shares of Stock pursuant to the exercise of any Award, unless and until the Administrator has determined, with advice of counsel (to the

A-11

extent the Administrator deems such advice necessary or advisable), that the issuance and delivery of such certificates is in compliance with all applicable laws, regulations of governmental authorities and, if applicable, the requirements of any exchange on which the shares of Stock are listed, quoted or traded. All Stock certificates delivered pursuant to the Plan shall be subject to any stop-transfer orders and other restrictions as the Administrator deems necessary or advisable to comply with federal, state or foreign jurisdiction, securities or other laws, rules and quotation system on which the Stock is listed, quoted or traded. The Administrator may place legends on any Stock certificate to reference restrictions applicable to the Stock. In addition to the terms and conditions provided herein, the Administrator may require that an individual make such reasonable covenants, agreements, and representations as the Administrator, in its discretion, deems necessary or advisable in order to comply with any such laws, regulations, or requirements. The Administrator shall have the right to require any individual to comply with any timing or other restrictions with respect to the settlement or exercise of any Award, including a window-period limitation, as may be imposed in the discretion of the Administrator.

(c) *Stockholder Rights.* Until Stock is deemed delivered in accordance with Section 18(b), no right to vote or receive dividends or any other rights of a stockholder will exist with respect to shares of Stock to be issued in connection with an Award, notwithstanding the exercise of a Stock Option or any other action by the grantee with respect to an Award.

(d) *Other Compensation Arrangements; No Employment Rights.* Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, including trusts, and such arrangements may be either generally applicable or applicable only in specific cases. The adoption of this Plan and the grant of Awards do not confer upon any employee any right to continued employment with the Company or any Subsidiary.

(e) *Trading Policy Restrictions.* Option exercises and other Awards under the Plan shall be subject to such Company's insider trading policy and procedures, as in effect from time to time.

(f) *Designation of Beneficiary.* Each grantee to whom an Award has been made under the Plan may designate a beneficiary or beneficiaries to exercise any Award or receive any payment under any Award payable on or after the grantee's death. Any such designation shall be on a form provided for that purpose by the Administrator and shall not be effective until received by the Administrator. If no beneficiary has been designated by a deceased grantee, or if the designated beneficiaries have predeceased the grantee, the beneficiary shall be the grantee's estate.

SECTION 19. EFFECTIVE DATE OF PLAN

This Plan shall become effective upon approval by the holders of a majority of the votes cast at a meeting of stockholders at which a quorum is present. Subject to such approval by the stockholders and to the requirement that no Stock may be issued hereunder prior to such approval, Stock Options and other Awards may be granted hereunder on and after adoption of this Plan by the Board. No Incentive Stock Option may be granted under the Plan after the 10-year anniversary of the most recent prior date on which the Plan was approved by the Board of Directors (provided that the Plan was approved by stockholders within one year of such date) and no other Award may be granted under the Plan after the 10-year anniversary of the most recent prior date on which the Plan was approved by stockholders.

SECTION 20. GOVERNING LAW

This Plan and all Awards and actions taken thereunder shall be governed by, and construed in accordance with, the laws of the State of Delaware, applied without regard to conflict of law principles.

1. Purpose. The purpose of the Plan is to provide Employees of the Company and its Designated Subsidiaries with an opportunity to purchase Common Stock of the Company. It is the intention of the Company to have the Plan qualify as an Employee Stock Purchase Plan under Section 423 of the Code. The provisions of the Plan shall, accordingly, be construed so as to extend and limit participation in a manner consistent with the requirements of that section of the Code.

2. Definitions.

- (f) Continuous Status as an Employee shall mean the absence of any interruption or termination of service as an Employee. Continuous Status as an Employee shall not be considered interrupted in the case of a leave of absence agreed to in writing by the Company, provided that such leave is for a period of not more than 90 days or reemployment upon the expiration of such leave is guaranteed by contract or statute.

(l) Offering Date shall mean the first business day of each Offering Period of the Plan.

(m) Offering Period shall mean a period of six months as set forth in paragraph 4 of the Plan.

B-1

- (o) Subsidiary shall mean a corporation, domestic or foreign, of which not less than 50% of the voting shares are held by the Company or a Subsidiary, whether or not such corporation now exists or is hereafter organized or acquired by the Company or a Subsidiary.

3. Eligibility.

- (a) Any person who has been continuously employed as an Employee for 60 days as of the Offering Date of a given Offering Period shall be eligible to participate in such Offering Period under the Plan and further, subject to the requirements of paragraph 5(a) and the limitations imposed by Section 423(b) of the Code. All Employees granted options under the Plan with respect to any Offering Period will have the same rights and privileges under the Plan except for any differences that may be permitted pursuant to Section 423.
- (b) Any provisions of the Plan to the contrary notwithstanding, no Employee shall be granted an option under the Plan
- (i) if, immediately after the grant, such Employee (or any other person whose stock would be attributed to such Employee pursuant to Section 424(d) of the Code) would own stock and/or hold outstanding options to purchase stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or of any Subsidiary of the Company, (ii) which permits his or her rights to purchase stock under all employee stock purchase plans (described in Section 423 of the Code) of the Company and its Subsidiaries to accrue at a rate which exceeds \$25,000 of fair market value of such stock as defined in paragraph 7(b) (determined at the time such option is granted) for each calendar year in which such option is outstanding at any time, or (iii) to purchase more than 12,500 shares (subject to any adjustment pursuant to paragraph 18) of Common Stock in any one Offering Period. Any option granted under the Plan shall be deemed to be modified to the extent necessary to satisfy this paragraph 3(b).

4. Offering Periods. The Plan shall be implemented by a series of Offering Periods, with a new Offering Period commencing on January 1 and July 1 of each year or the first business day thereafter (or at such other time or times as may be determined by the Board). The initial Offering Period shall commence on July 1, 2010.

5. Participation.

- (a) An eligible Employee may become a participant in the Plan by completing an Enrollment Form provided by the Company and filing it with the Company or its designee prior to the applicable Offering Date, unless a later time for filing the Enrollment Form is set by the Board for all eligible Employees with respect to a given Offering Period. The Enrollment Form and its submission may be electronic as directed by the Company. The Enrollment Form shall set forth the percentage of the participant's Compensation (which shall be not less than 1% and not more than 10%) to be paid as Contributions pursuant to the Plan.
- (b) Payroll deductions shall commence with the first payroll following the Offering Date, unless a later time is set by the Board with respect to a given Offering Period, and shall end on the last payroll paid on or prior to the Exercise Date of the Offering Period to which the Enrollment Form is applicable, unless sooner terminated as provided in paragraph 10.

6. Method of Payment of Contributions.

- (a) Each participant shall elect to have payroll deductions made on each payroll during the Offering Period in an amount not less than 1% and not more than 10% of such participant's Compensation on each such payroll; provided that the aggregate of such payroll deductions during the Offering Period shall not exceed 10% of the participant's

aggregate Compensation during said Offering Period (or such other percentage as the Board may establish from time to time before an Offering Date). All payroll deductions made by a participant shall be credited to his or her account under the Plan. A participant may not make any additional payments into such account.

B-2

(b) A participant may discontinue his or her participation in the Plan as provided in paragraph 10, or, on one occasion only during the Offering Period, may decrease, but may not increase, the rate of his or her Contributions during the Offering Period by completing and filing with the Company a new Enrollment Form authorizing a change in the deduction rate. The change in rate shall be effective as of the beginning of the next payroll period following the date of filing of the new Enrollment Form, if the Enrollment Form is completed at least ten business days prior to such date, and, if not, as of the beginning of the next succeeding payroll period.

(c) Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b)(8) of the Code and paragraph 3(b), a participant's payroll deductions may be decreased to 0% at such time during any Offering Period which is scheduled to end during the current calendar year that the aggregate of all payroll deductions accumulated with respect to such Offering Period and any other Offering Period ending within the same calendar year equals \$21,250. Payroll deductions shall recommence at the rate provided in such participant's Enrollment Form at the beginning of the first Offering Period which is scheduled to end in the following calendar year, unless terminated by the participant as provided in paragraph 10.

7. Grant of Option.

(a) On the Offering Date of each Offering Period, each eligible Employee participating in such Offering Period shall be granted an option to purchase on the Exercise Date of such Offering Period a number of shares of the Common Stock determined by dividing such Employee's Contributions accumulated prior to such Exercise Date and retained in the participant's account as of the Exercise Date by the applicable Exercise Price; provided however, that such purchase shall be subject to the limitations set forth in paragraphs 3(b) and 12. The fair market value of a share of the Common Stock shall be determined as provided in paragraph 7(b).

(b) The fair market value of the Common Stock on a given date shall be determined by the Board based on (i) if the Common Stock is listed on a national securities exchange or traded in the over-the-counter market and sales prices are regularly reported for the Common Stock, the closing or last sale price of the Common Stock for such date (or, in the event that the Common Stock is not traded on such date, on the immediately preceding trading date), on the composite tape or other comparable reporting system or (ii) if the Common Stock is not listed on a national securities exchange and such price is not regularly reported, the mean between the bid and asked prices per share of the Common Stock at the close of trading in the over-the-counter market.

8. Exercise of Option. Unless a participant withdraws from the Plan as provided in paragraph 10, his or her option for the purchase of shares will be exercised automatically on the Exercise Date of the Offering Period, and the maximum number of full shares subject to the option will be purchased for him or her at the applicable Exercise Price with the accumulated Contributions in his or her account. If a fractional number of shares results, then such number shall be rounded down to the next whole number and any unapplied cash shall be carried forward to the next Exercise Date, unless the participant requests a cash payment. The shares purchased upon exercise of an option hereunder shall be deemed to be transferred to the participant on the Exercise Date. During a participant's lifetime, a participant's option to purchase shares hereunder is exercisable only by him or her.

9. Delivery. Upon the written request of a participant, certificates representing the shares purchased upon exercise of an option will be issued as promptly as practicable after the Exercise Date of each Offering Period to participants who wish to hold their shares in certificate form. Any payroll deductions accumulated in a participant's account which are not sufficient to purchase a full Share shall be retained in the participant's account for the subsequent Offering Period, subject to earlier withdrawal by the participant as provided in paragraph 10 below. Any other amounts left over in a participant's account after an Exercise Date shall be returned to the participant.

10. Withdrawal; Termination of Employment.

- (a) A participant may withdraw all but not less than all the Contributions credited to his or her account under the Plan at any time prior to the Exercise Date of the Offering Period by giving written

B-3

notice to the Company or its designee. All of the participant's Contributions credited to his or her account will be paid to him or her promptly after receipt of his or her notice of withdrawal and his or her option for the current period will be automatically terminated, and no further Contributions for the purchase of shares will be made during the Offering Period.

(b) Upon termination of the participant's Continuous Status as an Employee prior to the Exercise Date of the Offering Period for any reason, including retirement or death, the Contributions credited to his or her account will be returned to him or her or, in the case of his or her death, to the person or persons entitled thereto under paragraph 14, and his or her option will be automatically terminated.

(c) In the event an Employee fails to remain in Continuous Status as an Employee for at least 20 hours per week during the Offering Period in which the Employee is a participant, he or she will be deemed to have elected to withdraw from the Plan and the Contributions credited to his or her account will be returned to him or her and his or her option terminated.

(d) A participant's withdrawal from an Offering Period will not have any effect upon his or her eligibility to participate in a succeeding offering or in any similar plan which may hereafter be adopted by the Company.

11. Interest. No interest shall accrue on the Contributions of a participant in the Plan.

12. Stock.

(a) The maximum number of shares of Common Stock which shall be made available for sale under the Plan shall be 150,808 shares, which number includes 1,736 shares originally reserved under the Plan in 2010, 1,611 shares added pursuant to the evergreen provision in 2011, 1,626 shares added pursuant to the evergreen provision in 2012, 4,167 shares added to the Plan in 2012, 4,167 shares added pursuant to the evergreen provision in 2013, 4,167 shares added to the evergreen provision in 2014, 25,000 shares added to the Plan in 2014, 4,167 shares added pursuant to the evergreen provision in 2015, and 100,000 shares added to the Plan in 2016, plus an annual increase on the first day of each of the Company's fiscal years beginning on the first day of each of the Company's fiscal years beginning in 2016, equal to the lesser of (i) 4,167 shares, (ii) 1 percent of the shares of Common Stock outstanding on the last day of the immediately preceding fiscal year, or (iii) such lesser number of shares as is determined by the Board, subject to adjustment upon changes in capitalization of the Company as provided in paragraph 18.2.¹ If the total number of shares which would otherwise be subject to options granted pursuant to paragraph 7(a) on the Offering Date of an Offering Period exceeds the number of shares then available under the Plan (after deduction of all shares for which options have been exercised), the Company shall make a pro rata allocation of the shares remaining available for option grants in as uniform a manner as shall be practicable and as it shall determine to be equitable. Any amounts remaining in an Employee's account not applied to the purchase of shares pursuant to this paragraph 12 shall be refunded on or promptly after the Exercise Date. In such event, the Company shall give written notice of such reduction of the number of shares subject to the option to each Employee affected thereby and shall similarly reduce the rate of Contributions, if necessary.

(b) The participant will have no interest or voting right in shares covered by his or her option until such option has been exercised.

13. Administration. The Board shall supervise and administer the Plan and shall have full power to adopt, amend and rescind any rules deemed desirable and appropriate for the administration of the Plan and not inconsistent with the Plan, to construe and interpret the Plan, and to make all other determinations necessary or advisable for the administration of the Plan.

The number of shares reserved and available for issuance under the Plan as well as all other share numbers in the Plan have been adjusted for the one-for-four reverse stock split on July 15, 2004, the one-for-six reverse stock split¹ on September 1, 2011, the one-for-six reverse stock split on February 15, 2013, and the one-for-four reverse stock split on December 1, 2015.

B-4

14. Designation of Beneficiary.

(a) A participant may designate a beneficiary who is to receive any shares and cash, if any, from the participant's account under the Plan in the event of such participant's death subsequent to the end of the Offering Period but prior to delivery to him or her of such shares and cash. In addition, a participant may designate a beneficiary who is to receive any cash from the participant's account under the Plan in the event of such participant's death prior to the Exercise Date of the Offering Period. If a participant is married and the designated beneficiary is not the spouse, spousal consent shall be required for such designation to be effective. Beneficiary designations shall be made either in writing or by electronic delivery as directed by the Company.

(b) Such designation of beneficiary may be changed by the participant (and his or her spouse, if any) at any time by submission of the required notice, which may be electronic. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company shall deliver such shares and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such shares and/or cash to the spouse or to any one or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

15. Transferability. Neither Contributions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in paragraph 14) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds in accordance with paragraph 10.

16. Use of Funds. All Contributions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such Contributions.

17. Reports. Individual accounts will be maintained for each participant in the Plan. Statements of account will be given to participating Employees promptly following the Exercise Date, which statements will set forth the amounts of Contributions, the per share purchase price, the number of shares purchased and the remaining cash balance, if any.

18. Adjustments Upon Changes in Capitalization. Subject to any required action by the stockholders of the Company, the number of shares of Common Stock covered by unexercised options under the Plan and the number of shares of Common Stock which have been authorized for issuance under the Plan but are not yet subject to options under paragraph 12(a), the number of shares of Common Stock set forth in paragraph 12(a)(i) (collectively, the Reserves), the maximum number of shares of Common Stock that may be purchased by a participant in an Offering Period set forth in paragraph 3(b), as well as the price per share of Common Stock covered by each unexercised option under the Plan, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock. Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive.

In the event of the proposed dissolution or liquidation of the Company, an Offering Period then in progress will terminate immediately prior to the consummation of such proposed action, unless otherwise provided by the Board. In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger, consolidation or other capital reorganization of the Company with or into another corporation, each option outstanding under the Plan shall be assumed or an equivalent option shall be substituted by such successor corporation or a parent or subsidiary of such successor corporation, unless the Board determines, in the exercise of its sole discretion and in lieu of such assumption or substitution, to shorten the Offering Period then in progress by setting a new Exercise Date (the New

Exercise Date). If the Board shortens the Offering Period then in progress in lieu of assumption or substitution in the event of a merger or sale of assets, the Board shall notify each participant in writing, at least ten days prior to the New Exercise Date, that

the Exercise Date for his or her option has been changed to the New Exercise Date and that his or her option will be exercised automatically on the New Exercise Date, unless prior to such date he or she has withdrawn from the Offering Period as provided in paragraph 10. For purposes of this paragraph, an option granted under the Plan shall be deemed to be assumed if, following the sale of assets, merger or other reorganization, the option confers the right to purchase, for each share of Common Stock subject to the option immediately prior to the sale of assets, merger or other reorganization, the consideration (whether stock, cash or other securities or property) received in the sale of assets, merger or other reorganization by holders of Common Stock for each share of Common Stock held on the effective date of such transaction (and if such holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares of Common Stock); provided, however, that if such consideration received in such transaction was not solely common stock of the successor corporation or its parent (as defined in Section 424(e) of the Code), the Board may, with the consent of the successor corporation, provide for the consideration to be received upon exercise of the option to be solely common stock of the successor corporation or its parent equal in fair market value to the per share consideration received by holders of Common Stock in the sale of assets, merger or other reorganization.

The Board may, if it so determines in the exercise of its sole discretion, also make provision for adjusting the Reserves, as well as the price per share of Common Stock covered by each outstanding option, in the event that the Company effects one or more reorganizations, recapitalizations, rights offerings or other increases or reductions of shares of its outstanding Common Stock, and in the event of the Company being consolidated with or merged into any other corporation.

19. Amendment or Termination.

(a) The Board may at any time terminate or amend the Plan. Except as provided in paragraph 18, no such termination may affect options previously granted, nor may an amendment make any change in any option theretofore granted which adversely affects the rights of any participant provided that an Offering Period may be terminated by the Board on an Exercise Date or by the Board's setting a new Exercise Date with respect to an Offering Period then in progress if the Board determines that termination of the Offering Period is in the best interests of the Company and the stockholders or if continuation of the Offering Period would cause the Company to incur adverse accounting charges in the generally-accepted accounting rules applicable to the Plan. In addition, to the extent necessary to comply with Section 423 of the Code (or any successor rule or provision or any applicable law or regulation), the Company shall obtain stockholder approval in such a manner and to such a degree as so required.

(b) Without stockholder consent and without regard to whether any participant rights may be considered to have been adversely affected, the Board shall be entitled to change the Offering Periods, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each participant properly correspond with amounts withheld from the participant's Compensation, and establish such other limitations or procedures as the Board determines in its sole discretion advisable that are consistent with the Plan.

20. Notices. All notices or other communications by a participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

21. Conditions Upon Issuance of Shares. Shares shall not be issued with respect to an option unless the exercise of such option and the issuance and delivery of such shares pursuant thereto shall comply with all applicable provisions

of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which the shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

B-6

As a condition to the exercise of an option, the Company may require the person exercising such option to represent and warrant at the time of any such exercise that the shares are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

22. Information Regarding Disqualifying Dispositions. By electing to participate in the Plan, each participant agrees to provide any information about any transfer of shares of Common Stock acquired under the Plan that occurs within two years after the first business day of the Offering Period in which such shares were acquired as may be requested by the Company or any Subsidiaries in order to assist it in complying with the tax laws.

23. Right to Terminate Employment. Nothing in the Plan or in any agreement entered into pursuant to the Plan shall confer upon any Employee the right to continue in the employment of the Company or any Subsidiary, or affect any right which the Company or any Subsidiary may have to terminate the employment of such Employee.

24. Rights as a Stockholder. Neither the granting of an option nor a deduction from payroll shall constitute an Employee the owner of shares covered by an option. No Employee shall have any right as a stockholder unless and until an option has been exercised, and the shares underlying the option have been registered in the Company's share register.

25. Term of Plan. The Plan became effective upon its adoption by the Board on April 6, 2010 and shall continue in effect for a term of twenty years unless sooner terminated under paragraph 19.

26. Applicable Law. This Plan shall be governed in accordance with the laws of the State of Delaware, applied without giving effect to any conflict-of-law principles.
