This summary highlights selected information in this prospectus and may not contain all of the information that is important to you. To better understand this offering, you should carefully read this entire prospectus, including the Risk Factors section contained in this prospectus. You should also read the financial statements and the notes to those statements and the other information about us that is incorporated by reference into this prospectus.

Our Company

Introduction

Ampal is a New York corporation founded in 1942. The mailing address of our principal executive offices is 111 Arlozorov Street, Tel Aviv, Israel 62098, and our telephone number is (866) 447-8636 or 972-3-6080100.

We primarily acquire interests in businesses that have principal operations that are Israel-related. Our investment focus is principally on companies or ventures where we can exercise significant influence, on our own or with investment partners, and use our management experience to enhance those investments. An important objective of ours is to seek investments in companies that operate in Israel. In determining whether to acquire an interest in a specific company, we consider potential return on investment, growth potential, projected cash flow, quality of management, investment size and financing, and the reputation of our potential investment partners.

We invest principally in the following industry segments:

Energy, which is comprised solely of our holdings in East Mediterranean Gas Company, S.A.E.;

Real Estate, which is comprised of our wholly-owned subsidiaries and our investees that own, construct, or operate real estate; and

Leisure Time, which is comprised of our holdings through our investees of certain country club facilities in Israel.

We currently have 13 employees and our subsidiaries, in total, employ approximately 293 employees.

Our Class A Stock trades on the NASDAQ Global Market under the symbol AMPL and, since August 8, 2006, on the Tel Aviv Stock Exchange under the symbol אפאל .

Our Strategy

Our strategy is to invest opportunistically in undervalued assets with an emphasis on the following sectors: Energy, Real Estate and Leisure Time. We believe that past experience, current opportunities, and a deep understanding of the above-referenced sectors both within Israel and internationally will allow our management to bring high returns to our shareholders. We emphasize investments that have long-term growth potential over investments which yield only short-term returns.

Edgar Filing: AMPAL-AMERICAN ISRAEL CORP - Form S-3/A

We provide our investee companies with ongoing support through our involvement in our investees' strategic decisions and by introducing our investees to the financial community, investment bankers and other potential investors both in and outside of Israel.

RISK FACTORS

In considering whether to purchase the securities being offered by this prospectus, you should carefully consider the risks described below, together with the other information contained in this prospectus.

An investment in our securities involves risks and uncertainties. These risks and uncertainties could cause our actual results to differ materially from our historical results or the results contemplated by any forward-looking statements contained in this prospectus. The risks described below are not the only risks we face or that an investor in our securities face. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results. You should consider the following factors carefully, in addition to the other information contained in this prospectus or incorporated by reference herein, before deciding to purchase, sell or hold our securities:

Risk Factors Related to Ampal

Because most of the companies in which we invest conduct their principal operations in Israel, we may be adversely affected by the economic, political, social and military conditions in the Middle East.

Most of the companies in which we directly or indirectly invest have principal operations that are Israel-related. We may, therefore, be directly affected by economic, political, social and military conditions in the Middle East, including Israel's relationship with the Palestinian Authority and Arab countries. In addition, many of the companies in which we invest are dependent upon materials imported from outside of Israel. We also have interests in companies that export significant amounts of products from Israel. Our existing 12.5% stake in East Mediterranean Gas Company, an Egyptian joint stock company, represents a substantial portion of our investment portfolio and may be particularly sensitive to conditions in the Middle East. Accordingly, our operations could be materially and adversely affected by acts of terrorism or if major hostilities should continue or occur in the future in the Middle East or trade between Israel and its present trading partners should be curtailed, including as a result of acts of terrorism in the United States. Any such effects may impact our value and the value of our investee companies.

During the summer of 2006, Israel was engaged in a military conflict with the Hizbulla movement in Lebanon. This conflict was the most violent outbreak of hostilities in which Israel has been involved during the past several years. This situation had an adverse effect on the economy, primarily in the relevant geographic areas. Although we do not believe that this situation has had a material adverse effect on our business or financial condition, if such situation resumes and/or escalates, the adverse economic effect may deepen and spread to additional areas and may materially adversely affect the Company and its subsidiaries' business and financial condition.

Because of our significant investment in EMG, we may be adversely affected by changes in the financial condition, business, or operations of EMG.

As of December 31, 2006, the Company beneficially owns approximately 12.5% of EMG, which constitutes our single largest holding. As a result, changes in the financial condition, business or operations of EMG, including, without limitation, unexpected delays in first gas delivery, the completion of the pipeline, and the ability of EMG to utilize the pipeline, whether as a result of environmental, regulatory or political issues or otherwise, may impact our ability to receive dividends from EMG which could adversely affect our operations and financial condition. Additionally, we have a minority interest in EMG, and therefore, do not have the ability to direct the affairs of EMG.

The SEC may re-examine, suspend or modify our exemption from the Investment Company Act of 1940, as amended.

In 1947, the SEC granted us an exemption from the Investment Company Act of 1940, as amended (the "1940 Act"), pursuant to an exemptive order. The exemptive order was granted based upon the nature of our operations. There can be no assurance that the SEC will not re-examine the exemptive order and revoke, suspend or modify it. A revocation, suspension or material modification of the exemptive order could materially and adversely affect us unless we were able to obtain other appropriate exemptive relief. In the event that we become subject to the provisions of the 1940 Act, we could be required, among other matters, to make changes, which might be material, to our management, capital structure and methods of operation, including our dealings with principal shareholders and their related companies.

As most of our investee companies conduct business outside of the United States, we are exposed to foreign currency and other risks.

We are subject to the risks of doing business outside the U.S., including, among other risks, foreign currency exchange rate risks, changes in interest rates, equity price changes of our investee companies, import restrictions, anti-dumping investigations, political or labor disturbances, expropriation and acts of war. No assurances can be given that we will be protected from future changes in foreign currency exchange rates that may impact our financial condition or performance.

Edgar Filing: AMPAL-AMERICAN ISRAEL CORP - Form S-3/A

Foreign securities or illiquid securities in our portfolio involve higher risk and may subject us to higher price volatility. Investing in securities of foreign issuers involves risks not associated with U.S. investments, including settlement risks, currency fluctuations, local withholding and other taxes, different financial reporting practices and regulatory standards, high costs of trading, changes in political conditions, expropriation, investment and repatriation restrictions, and settlement and custody risks.

Changes in accounting standards and taxation requirements could affect our financial results.

New accounting standards or pronouncements that may become applicable to the Company from time to time, or changes in the interpretation of existing standards and pronouncements, could have a significant effect on our reported results for the affected periods. We are also subject to income tax in the numerous jurisdictions in which we generate revenues. Increases in income tax rates could reduce our after-tax income from affected jurisdictions.

We have had a history of losses which may ultimately compromise our ability to implement our business plan.

We have had losses in four of the past five fiscal years. The net loss for 2006 was approximately \$7.1 million. We will continue to make investments opportunistically and to divest ourselves from certain assets which we believe lack growth potential. However, if we are not able to generate sufficient revenues or we have insufficient capital resources, we will not be able to implement our business plan of investing in, and growing, companies with strong long-term growth prospectus and investors will suffer a loss in their investment. This may result in a change in our business strategies.

The loss of key executives could cause our business to suffer.

Yosef A. Maiman, the Chairman of our board of directors, President & CEO, and other key executives have been key to the success of our business to date. The loss or retirement of such key executives and the concomitant loss of leadership and experience that would occur could adversely affect us.

We are controlled by a group of investors, which includes Yosef A. Maiman, our Chairman, and this control relationship could discourage attempts to acquire us.

A group of shareholders consisting of Yosef A. Maiman, our Chairman, Ohad Maiman, Noa Maiman, and Yoav Maiman, and the companies Merhav (M.N.F.) Limited, De Majorca Holdings Ltd. and Di-Rapallo Holdings Ltd. beneficially owns approximately 62.0% of the voting power of our Class A Stock. The group was formed in recognition of the Maiman family's strong connection with the Company and in furtherance of the group's common goals and objectives as shareholders, including the orderly management and operation of the Company. By virtue of its ownership of Ampal, this group is able to control our affairs and to influence the election of the members of our board of directors. This group also has the ability to prevent or cause a change in control of Ampal. Mr. Maiman owns 100% of the economic shares and one-quarter of the voting shares of De Majorca and Di-Rapallo. Merhav (M.N.F.) Limited is wholly owned by Mr. Maiman.

Because we are a controlled company, we are exempt from complying with certain listing standards of the NASDAQ Global Market (NASDAQ).

Because a group of investors who are acting together pursuant to an agreement hold more than 50% of the voting power of our Class A Stock, we are deemed to be a controlled company under the rules of NASDAQ. As a result, we are exempt from the NASDAQ rules that require listed companies to have (i) a majority of independent directors on the board of directors, (ii) a compensation committee and nominating committee composed solely of independent directors, (iii) the compensation of executive officers determined by a majority of the independent directors or a compensation committee composed solely of independent directors and (iv) a majority of the independent directors or a nominating committee composed solely of independent directors elect or recommend director nominees for selection by the board of directors. Accordingly, our directors who hold management positions or who are otherwise not independent have greater influence over our business and affairs.

We do not publish the value of our assets.

It is our policy not to publish the value of our assets or our views on the conditions of or prospects for our investee companies. To the extent the value of our ownership interests in our investee companies were to experience declines in the future, our performance would be adversely impacted.

We do not typically pay cash dividends on our Class A Stock.

We have not paid a dividend on our Class A Stock other than in 1995. Past decisions not to pay cash dividends on Class A Stock reflected our policy to apply retained earnings, including funds realized from the disposition of holdings, to finance our business activities and to redeem or repay our outstanding debt, including our \$58,000,000 unsecured debentures on which principal payments commence in 2011. The payment of cash dividends in the future will depend upon our operating results, cash flow, working capital requirements and other factors we deem pertinent.

The market price per share of our Class A Stock on NASDAQ and TASE fluctuates and has traded in the past at less than our book value per share.

Stock prices of companies, both domestically and abroad, are subject to fluctuations in trading price. Therefore, as with a company like ours that invests in stocks of other companies, our book value and market price will fluctuate, especially in the short term. As of May 31, 2007 the market price on NASDAQ was \$5.38 per share. However our shares have in the past traded below book value. You may experience a decline in the value of your investment and you could lose money if you sell your shares at a price lower than you paid for them.

Our Class A Stock may not be liquid.

Our Class A Stock is currently traded on NASDAQ and the TASE. The trading volume of our Class A Stock may be adversely affected due to the limited marketability of our Class A Stock as compared to other companies listed on NASDAQ and the TASE. Accordingly, any substantial sales of our Class A Stock may result in a material reduction in price of our Class A Stock because relatively few buyers may be available to purchase our Class A Stock.

CAUTIONARY STATEMENT CONCERNING FORWARD-LOOKING INFORMATION

This prospectus includes forward-looking statements (as such term is defined in the Private Securities Litigation Reform Act of 1995) and information relating to us that are based on the beliefs of our management as well as assumptions made by and information currently available to our management. We may also from time to time make forward-looking statements in our reports to the SEC on Form 10-K, Form 10-Q and Form 8-K, in our annual report to shareholders, in prospectuses, in press releases and other written materials, and in oral statements made by our officers, directors or employees to analysts, institutional investors, representatives of the media and others. When used in this prospectus, the words anticipate, believe, estimate, expect, intend, plan, and similar expressions, as they relate to us or our management, identify forward-looking statements. Such statements reflect our current views with respect to future events or our future financial performance, the outcome of which is subject to certain risks and other factors which could cause actual results to differ materially from those anticipated by the forward-looking statements, including among others, the economic and political conditions in Israel or the Middle East, in the global business and economic conditions in the different sectors and markets where our portfolio companies operate and other risks detailed in our SEC filings.

SHOULD ANY OF THOSE RISKS OR UNCERTAINTIES MATERIALIZE, OR SHOULD UNDERLYING ASSUMPTIONS PROVE INCORRECT, ACTUAL RESULTS OR OUTCOME MAY VARY FROM THOSE DESCRIBED THEREIN AS ANTICIPATED, BELIEVED, ESTIMATED, EXPECTED, INTENDED OR PLANNED. SUBSEQUENT WRITTEN AND ORAL FORWARD-LOOKING STATEMENTS ATTRIBUTABLE TO US OR PERSONS ACTING ON OUR BEHALF ARE EXPRESSLY QUALIFIED IN THEIR ENTIRETY BY THE CAUTIONARY STATEMENTS IN THIS PARAGRAPH AND ELSEWHERE DESCRIBED IN THIS PROSPECTUS AND OTHER DOCUMENTS. THE COMPANY ASSUMES NO OBLIGATION TO UPDATE OR REVISE ANY FORWARD-LOOKING STATEMENTS.

USE OF PROCEEDS

This prospectus relates to shares of our Class A Stock that may be offered and sold from time to time by the selling stockholder. We will not receive any proceeds from the sale of shares of Class A Stock in this offering. For information about the selling stockholders, see Selling Stockholder .

SELLING STOCKHOLDER

The following table represents information regarding Di-Rapallo Holdings Ltd. (Di-Rapallo), our selling stockholder who is offering the resale of shares of Class A Stock by this prospectus. The table lists the number of shares of Class A Stock beneficially owned by Di-Rapallo, the number of shares of Class A Stock that may be sold in this offering and the number of shares of Class A Stock Di-Rapallo will own after the offering, assuming it sells all of the shares offered. We will not receive any proceeds from the resale of the Class A Stock by the selling stockholder. No other affiliate of Ampal will offer or sell securities pursuant to this prospectus and the registration statement of which it is a part.

Di-Rapallo is a member of a group (as defined under Rule 13d-5(b)(1) of the Securities Exchange Act of 1934, as amended) beneficially owning approximately 62.0% of the voting power of our Class A Stock was formed. The members of the group include Di-Rapallo, Yosef A. Maiman, Ohad Maiman, Noa Maiman, Yoav Maiman and the companies Merhav (M.N.F.) Limited and De Majorca Holdings Ltd. By virtue of its ownership of Ampal, this group is able to control our affairs and to influence the election of the members of our board of directors. This group also has the ability to prevent or cause a change in control of Ampal. Additionally, Mr. Maiman owns 100% of Merhav and 100% of the economic shares and one-quarter of the voting shares of De Majorca Holdings Ltd. and Di-Rapallo. Di-Rapallo obtained its interest in Ampal by acquiring the shares of Y.M. Noy Investments Ltd. (YM Noy), upon the liquidation of YM Noy. YM Noy was also controlled by the Maiman family.

The selling stockholder and any of its pledgees, donees, transferees, assignees and successors-in-interest may, from time to time, sell any or all of their shares of Class A Stock on any stock exchange, market or trading facility on which the shares are traded or in private transactions. These sales may be at fixed or negotiated prices. The selling stockholder may use any one or more of the following methods when selling shares:

an exchange distribution in accordance with the rules of the applicable exchange;

privately negotiated transactions;

a combination of any such methods of sale; and

any other method permitted pursuant to applicable law.

Edgar Filing: AMPAL-AMERICAN ISRAEL CORP - Form S-3/A

The selling stockholder may also sell shares under Rule 144 under the Securities Act, if available, rather than under this prospectus.

Broker-dealers engaged by the selling stockholder may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling stockholder (or, if any broker-dealer acts as agent for the purchaser of shares, from the purchaser) in amounts to be negotiated. The selling stockholder does not expect these commissions and discounts to exceed what is customary in the types of transactions involved.

The selling stockholder may from time to time pledge or grant a security interest in some or all of the Class A Stock owned by it and, if it defaults in the performance of its secured obligations, the pledgees or secured parties may offer and sell shares of Class A Stock from time to time under this prospectus, or under an amendment to this prospectus under Rule 424(b) (3) or other applicable provision of the Securities Act of 1933 amending the list of selling stockholder to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus.

Upon Ampal being notified in writing by the selling stockholder that any material arrangement has been entered into with a broker-dealer for the sale of Class A Stock through a block trade, special offering, exchange distribution or secondary distribution or a purchase by a broker or dealer, a supplement to this prospectus will be filed, if required, pursuant to Rule 424(b) under the Securities Act, disclosing (i) the name of the selling stockholder and of the participating broker-dealer(s), (ii) the number of shares involved, (iii) the price at which such the shares of Class A Stock were sold, (iv) the commissions paid or discounts or concessions allowed to such broker-dealer(s), where applicable, (v) that such broker-dealer(s) did not conduct any investigation to verify the information set out or incorporated by reference in this prospectus, and (vi) other facts material to the transaction. In addition, upon Ampal being notified in writing by the selling stockholder that a donee or pledgee intends to sell more than 500 shares of Class A Stock, a supplement to this prospectus will be filed if then required in accordance with applicable securities law.

The selling stockholder also may transfer the shares of Class A Stock in other circumstances, in which case the transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

The selling stockholder and any broker-dealers or agents that are involved in selling the shares may be deemed to be underwriters within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Discounts, concessions, commissions and similar selling expenses, if any, that can be attributed to the sale of Class A Stock will be paid by the selling stockholder and/or the purchasers. The selling stockholder has represented and warranted to Ampal that at the time it acquired the securities subject to this Registration Statement the selling stockholder had no agreements or understandings, directly or indirectly, with any person to distribute any such securities.

Ampal has advised the selling stockholder that it may not use shares registered on this Registration Statement to cover short sales of Class A Stock made prior to the date on which this Registration Statement shall have been declared effective by the Commission. If the selling stockholder uses this prospectus for any sale of the Class A Stock, it will be subject to the prospectus delivery requirements of the Securities Act. The selling stockholder will be responsible to comply with the applicable provisions of the Securities Act and Exchange Act, and the rules and regulations thereunder promulgated, including, without limitation, Regulation M, as applicable to such selling stockholder in connection with resales of its respective shares under this Registration Statement.

Special Shareholder Meetings

A special meeting of our shareholders can be called by our Chief Executive Officer, President or Secretary or by any officer, by order of our Board of Directors, or upon request in writing of shareholders holding 25% of the outstanding shares.

New York Anti-Takeover Law

We are subject to the provisions of Section 912 of the New York Business Corporation Law, or BCL, which prohibits certain business combinations with interested shareholders and prevents certain persons from making a takeover bid for a New York corporation unless certain prescribed requirements are satisfied. Section 912 of the BCL defines an interested shareholder as any person that:

is the beneficial owner of 20% or more of the outstanding voting stock of a New York corporation, or

is an affiliate or associate of the corporation and at any time during the prior five years was the beneficial owner, directly or indirectly, of 20% or more of the corporation's then outstanding voting stock.

Section 912 of the BCL provides that a New York corporation may not engage in a business combination, such as a merger, consolidation, recapitalization or disposition of stock, with any interested shareholder for a period of five years from the date that such person first became an interested shareholder unless the business combination was first approved by the board of directors prior to date such person became an interested shareholder.

Additionally, a New York corporation may not engage at any time in any business combination with an interested shareholder unless:

the business combination is approved by the board of directors prior to the date such person first became an interested shareholder,

the business combination is approved by the holders of a majority of the outstanding voting stock not beneficially owned by the interested shareholder at a meeting of shareholders occurring no earlier than five years after such person first became an interested shareholder, or

the consideration to be paid to all of the shareholders in connection with the business combination is at least equal to the greater of (i) the price paid by the interested shareholder for the interest in the corporation or (ii) the market value of the stock of the corporation equal to the greater of its value when acquired by the interested shareholder or when the announcement of the business combination was made.

The effect of Section 912 of the BCL may be to delay or prevent the consummation of a transaction which is favored by a majority of shareholders.

Limitation of Liability of Directors

Section 402(b) of the BCL permits a New York corporation to include in its certificate of incorporation a provision eliminating the potential monetary liability of a director to the corporation or its shareholders for breach of fiduciary duty as a director, provided that such provision shall not eliminate the liability of a director (i) for any breach of the director's duty of loyalty to the corporation or its shareholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for improper payment of dividends, or (iv) for any transaction from which the director receives an improper personal benefit. Our certificate of incorporation provides that our directors shall not be liable to us or our shareholders for a breach of their duties to the fullest extent in which elimination or limitation of the liability of directors are permitted by the BCL.

Indemnification of Officers and Directors

Our By-laws contain provisions requiring indemnification of our directors and officers to the fullest extent authorized by the laws and statutes of the State of New York. Our By-laws require us to indemnify any person by reason of the fact that such person, his testator, or intestate is or was a director or officer of Ampal against any reasonable expenses (including attorneys' fees), actually and necessarily incurred by him in connection with any action or proceeding (or any appeal therein) brought (or threatened to be brought) by third parties except if such person breached his duty to us. The By-laws require us to indemnify any person by reason of the fact that such person, his testator or intestate is or was a director or officer of Ampal against any and all judgments, fines, amounts paid in settlement, and reasonable expenses (including attorney's fees) actually and necessarily incurred by him in connection with any action or proceeding (or any appeal therein) brought (or threatened to be brought) by third parties including, without limitation, one by or in the right of any other corporation which such person served in any capacity at our request, if such person acted in good faith, for a purpose which he believed to be in our best interests, and in criminal actions or proceedings in which he had no reasonable cause to believe that his conduct was unlawful. Our By-laws further provide that indemnification for expenses as described above may be paid in advance of the final disposition of such action or proceeding in the manner authorized by the laws and statutes of the State of New York subject to repayment by the person, his testator or intestate, to the extent such advances exceed the indemnification to which such person is entitled or if such person is ultimately found not entitled to indemnification under the laws and statutes of the State of New York.

Effective January 29, 2007, we purchased a Directors and Officers Liability Policies in the aggregate amount of \$35,000,000 issued by XL Specialty Insurance Company. The cost of the policies, which expire January 29, 2008, was \$575,000.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers, and controlling persons of registrant pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

LEGAL MATTERS

The validity of the common stock offered hereby will be passed upon for us by Bryan Cave LLP, New York, New York.

ENFORCEMENT OF CIVIL LIABILITIES

There is doubt concerning the enforceability of civil liabilities under the Securities Act and the Exchange Act in original actions instituted in Israel. However, subject to specified time limitations, Israeli courts may enforce a United States final executory judgment in a civil matter, including a monetary or compensatory judgment in a non-civil matter, obtained after due process before a court of competent jurisdiction according to the laws of the state in which the judgment is given and the rules of private international law currently prevailing in Israel. The rules of private international law currently prevailing in Israel do not prohibit the enforcement of a judgment by Israeli courts provided that:

the judgment is enforceable in the state in which it was given;

adequate service of process has been effected and the defendant has had a reasonable opportunity to present his arguments and evidence;

the judgment and the enforcement of the judgment are not contrary to the law, public policy, security or sovereignty of the state of Israel;

the judgment was not obtained by fraud and does not conflict with any other valid judgment in the same matter between the same parties; and

Edgar Filing: AMPAL-AMERICAN ISRAEL CORP - Form S-3/A

an action between the same parties in the same matter is not pending in any Israeli court at the time the lawsuit is instituted in the foreign court.

If a foreign judgment is enforced by an Israeli court, it generally will be payable in Israeli currency, which can then be converted into non-Israeli currency and transferred out of Israel. The usual practice in an action before an Israeli court to recover an amount in a non-Israeli currency is for the Israeli court to issue a judgment for the equivalent amount in Israeli currency at the rate of exchange in force on the date of the judgment, but the judgment debtor may make payment in foreign currency. Pending collection, the amount of the judgment of an Israeli court stated in Israeli currency ordinarily will be linked to the Israeli consumer price index plus interest at an annual statutory rate set by Israeli regulations prevailing at the time. Judgment creditors must bear the risk of unfavorable exchange rates.

Item 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 722 of the Business Corporation Law of the State of New York (BCL), Article EIGHTH of our certificate of incorporation, and Sections 7.1 and 7.2 of our By-laws, provide for the indemnification of our directors and officers in a variety of circumstances, which may include liabilities under the Securities Act of 1933, as amended.

Article EIGHTH of our certificate of incorporation provides that the personal liability of our directors shall be limited to the fullest extent permitted by law, including limitations contained in the provisions of paragraph (b) of Section 402 of the BCL.

Article 7 of our By-laws provide for the indemnification of directors and officers as follows:

7.1. Indemnification of Certain Persons. To the fullest extent permitted by the laws and statutes of the State of New York:

(a) The corporation shall indemnify any person, made, or threatened to be made, a party to an action or proceeding (other than one by or in the right of the corporation to procure a judgment in its favor), whether civil or criminal, including an action by or in the right of any other corporation of any type or kind, domestic or foreign, or any partnership, joint venture, trust, employee benefit plan or other enterprise, which any director or officer of the corporation served in any capacity at the request of the corporation, by reason of the fact that he, his testator or intestate, was a director or officer of the corporation, or served such other corporation, partnership, joint venture, trust, employee benefit plan or other enterprise in any capacity, against judgments, fines, amounts paid in settlement and reasonable expenses, including attorney's fees actually and necessarily incurred as a result of such action or proceeding, or any appeal therein, if such director or officer acted, in good faith, for a purpose which he reasonably believed to be in, or, in the case of service for any other corporation or any partnership, joint venture, trust, employee benefit plan or other enterprise, not opposed to, the best interests of the corporation and, in criminal actions or proceedings, in addition, had no reasonable cause to believe that his conduct was unlawful.

Edgar Filing: AMPAL-AMERICAN ISRAEL CORP - Form S-3/A

(b) The corporation shall indemnify any person made, or threatened to be made, a party to an action by or in the right of the corporation to procure a judgement in its favor by reason of the fact that he, his testator or intestate, is or was a director or officer of the corporation, or is or was serving at the request of the corporation as a director or officer of any other corporation of any type or kind, domestic or foreign, of any partnership, joint venture, trust, employee benefit plan or other enterprise, against amounts paid in settlement and reasonable expenses, including attorney's fees, actually and necessarily incurred by him in connection with the defense or settlement of such action, or in connection with an appeal therein, if such director or officer acted, in good faith, for a purpose which he reasonably believed to be in, or, in the case of service for any other corporation or any partnership, joint venture, trust, employee benefit plan or other enterprise, not opposed to, the best interests of the corporation, except that no indemnification under this paragraph shall be made in respect of (1) a threatened action, or a pending action which is settled or otherwise disposed of, or (2) any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation, unless and only to the extent that the court in which the action was brought, or if no action was brought, any court of competent jurisdiction, determines upon application that, in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnity for such portion of the settlement amount and expenses as the court deems proper.

7.2. Indemnification for Expenses. Indemnification for expenses incurred in any civil or criminal action or proceeding as authorized under Section 7.1 (a) and (b) may be paid by the corporation in advance of the final disposition of such action or proceeding in the manner authorized by the laws and statutes of the State of New York subject to repayment by the person, his testator or intestate, to the extent the expenses so advanced by the corporation exceed the indemnification to which such person is entitled or if such person is ultimately found not entitled to indemnification under the laws and statutes of the State of New York.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended, may be permitted to directors, officers or persons controlling the registrant pursuant to the foregoing provisions, we have been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.
