MG Advantage 401(k) Plan

We have audited the accompanying statements of net assets available for plan benefits of the MG Advantage 401(k) Plan (the Plan), as of December 31, 2002 and 2001, and the related statements of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan at December 31, 2002 and 2001, and the changes in its net assets available for plan benefits for the years then ended, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets held for investment purposes at end of year as of December 31, 2002, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

**Notes to Financial Statements**

**December 31, 2002**

**1. General**

Effective January 1, 2001, Media General, Inc. (the Company) selected Fidelity Management Trust Company (Fidelity) to become the trustee, recordkeeper, and investment manager of the MG Advantage 401(k) Plan (the Plan), pursuant to a trust agreement dated January 1, 2001. The investment fund options include eleven Fidelity funds, a Dreyfus Corporation fund, and the Media General Stock Fund.

**2. Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Valuation of Investments**

All investments, other than guaranteed investment contracts and loans to participants, are carried at market value. Deposits under guaranteed investment contracts are carried at contract value which approximates fair value. Loans to participants are carried at the original amount of the loan less repayments received. Investments in securities traded on national securities exchanges are valued at the last reported sales price or at the last reported bid quotation if not traded on that day. Investments in commingled equity and balanced funds are valued at their redemption value. Dividends are recorded on the ex-dividend date and interest is accrued as earned.

**Use of Estimates**

## Edgar Filing: MEDIA GENERAL INC - Form 11-K

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from these estimates.

### 3. Contributions

The Plan allows pretax contributions by means of regular payroll deductions up to 20% of a participant's total compensation subject to limitations prescribed by the Internal Revenue Code. After-tax contributions are not allowed. The Company matches 100% of contributions up to a total of 4% of a participant's total pay. Participants may rollover account balances from a prior employer's qualified retirement plan or conduit IRA that holds only prior qualified plan balances. Participant contributions are invested in accordance with Plan terms directed by participants in the thirteen fund options mentioned in **NOTE 1**. Company matching contributions are invested in Company stock, subject

**3. Contributions (continued)**

to transfer provisions discussed in the following paragraph. The Plan also includes, among other things, a loan feature (see **NOTE 7**). Under specified guidelines, a participant may request the trustee to transfer a portion of the participant's balance in other funds into a loan account for disbursement as a loan to the participant. Repayment of principal and interest is generally made by payroll deduction and the loans are fully secured by the participant's account balance.

Participants may change their investment elections directly with Fidelity at any time. Participants over age 55 may also transfer 100% of the market value of their account among all fund options. Participants under age 55 may transfer 100% of the market value of their account among all fund options, except from the Media General Common Stock Fund, at any time. These participant transfers from the Media General Common Stock Fund are limited to 25% of the participant's fund balance once a quarter to any of the other funds.

**4. Vesting, Withdrawals, and Terminations**

In the event of termination of employment or withdrawal from the Plan, participants receive the total value of their account either directly or by rollover to another qualified account. The vesting provisions of the Plan provide for immediate 100% vesting of the value of Company pretax matching contributions and the value of after-tax matching contributions that occurred prior to the Plan changes effective January 1, 2001, which eliminated after-tax contributions.

The Company has established the Plan with the intention that it will continue. The Company has the right at any time to terminate the Plan. The value of the participants' accounts would be distributed to the participants in a manner consistent with the Summary Plan Document.

The above descriptions are provided for informational purposes. Readers should refer to the most recently updated Summary Plan Document for more complete information on Plan provisions both before and after the noted Plan changes.

**5. Income Taxes**

The Internal Revenue Service ruled on February 27, 2003 that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) as of January 1, 2002, and, therefore, the related trust is not subject to tax under present income tax law. Employee contributions qualify as cash or deferred contributions under Section 401(k) of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Company believes the Plan continues to qualify under the IRC and the related trust is tax exempt.

**7. Loans to Participants**

## Edgar Filing: MEDIA GENERAL INC - Form 11-K

The Plan has a loan feature available to all Plan participants. Loans are made from the participant's account, reducing the investment balance and creating a receivable in the Loan Fund. Loans are secured by the participant's vested account balance. Loans to terminated participants and loans in default are treated as distributions to the participant. Loans are generally repaid through payroll deduction including principal and interest. The principal portion reduces the receivable from participants and both principal and interest are transferred to the participant's investment account as repayments are received.

Participants may obtain loans based on the vested value of their accounts. New loans cannot exceed 50% of the participant's account value or a maximum of

**7. Loans to Participants (continued)**

\$50,000 in accordance with the Department of Labor's regulations on loans to participants. Loans are limited to one loan per participant per twelve-month period with a maximum of two loans outstanding at any one time. Loans shall bear a reasonable rate of interest and must be repaid over a period not to exceed 5 years unless used to purchase the participant's primary residence, in which case the loan must be repaid over a period not to exceed 10 years.

**8. Related Party Transactions**

Recurring administrative expenses of the Plan, which include trustee fees, are paid by Media General, Inc. Administrative expenses for the years ended December 31, 2002 and 2001 were approximately \$275,000 and \$526,000, respectively.

**9. Comparison to Form 5500**

Form 5500 requires the recording of a liability for distributions allocated to participants as of year end, but for which disbursement of those funds from the Plan has not yet been made. This requirement is different from the presentation of such funds in the financial statements where they remain in net assets available for plan benefits. The liability per Form 5500 was \$0 and \$19,546 as of December 31, 2002, and 2001, respectively.
