HOUSEVALUES, INC.

PROXY STATEMENT

FOR

2006 ANNUAL MEETING OF SHAREHOLDERS

INFORMATION CONCERNING SOLICITATION AND VOTING

General

This proxy statement is being furnished in connection with the solicitation by the Board of Directors of HouseValues, Inc. (HouseValues) of proxies for use at the Annual Meeting of Shareholders to be held at HouseValues principal executive offices located at 11332 NE 12th Way, Kirkland, WA 98034 at 10:00 a.m. local time on May 31, 2006, or at any adjournment or postponement thereof, for purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. It is expected that this proxy statement and the accompanying proxy card will be mailed to shareholders on or about April 19, 2006.

Record Date and Outstanding Shares

Only shareholders who owned our common stock at the close of business on the record date, April 5, 2006, are entitled to notice of and to vote at the Annual Meeting. On that date, 25,852,075 shares of common stock were issued and outstanding.

Revocability of Proxies

If you give your proxy card to us, you have the power to revoke it at any time before it is exercised. Your proxy card may be revoked by:

notifying the Secretary of HouseValues in writing before the Annual Meeting;

delivering to the Secretary of HouseValues before the Annual Meeting a signed proxy card with a later date; or

attending the Annual Meeting and voting in person.

Quorum and Voting

The presence at the Annual Meeting, in person or by proxy, of the holders of at least a majority of the shares of common stock outstanding on the record date will constitute a quorum, permitting the meeting to conduct business. Abstentions and broker nonvotes will be included in determining the presence of a quorum at the Annual Meeting.

For the proposal relating to the election of directors, the nominees for election to the Board of Directors who receive the greatest number of affirmative votes cast by holders of common stock present, in person or by proxy, and entitled to vote at the Annual Meeting, will be elected to the Board of Directors. You are not entitled to cumulate votes in the election of directors.

You are entitled to one vote for each share of common stock you hold. If your shares are represented by proxy, they will be voted in accordance with your directions. If your proxy is signed and returned without any directions given, your shares will be voted in accordance with our recommendations.

Edgar Filing: HouseValues, Inc. - Form DEF 14A

We are not aware, as of the date of this Proxy Statement, of any matters to be voted on at the Annual Meeting other than as stated in this Proxy Statement and the accompanying Notice of Annual Meeting of

Shareholders. If any other matters are properly brought before the Annual Meeting, the enclosed proxy gives discretionary authority to the persons named in it to vote the shares in their best judgment.

Other than for purposes of determining the presence of a quorum, abstentions and broker nonvotes will have no effect on the proposals to be voted on at the Annual Meeting because they will not represent votes cast at the Annual Meeting for the purposes of voting on such proposals. Broker nonvotes occur when a person holding shares through a bank or brokerage account does not provide instructions as to how his or her shares should be voted and the broker either does not exercise, or is not permitted to exercise, discretion to vote those shares on a particular matter. Brokers may exercise discretion to vote shares as to which instructions are not given with respect to the election of directors.

If the Annual Meeting is postponed or adjourned for any reason, at any subsequent reconvening of the Annual Meeting, all proxies will be voted in the same manner as the proxies would have been voted at the original convening of the Annual Meeting, except for any proxies that have at that time effectively been revoked or withdrawn, notwithstanding that they may have been effectively voted on the same or any other matter at a previous meeting.

Solicitation of Proxies

Proxies may be solicited by certain of our directors, officers and regular employees, without payment of any additional compensation to them. Proxies may be solicited by personal interview, mail, electronic mail or telephone. HouseValues will bear any costs relating to such solicitation of proxies. In addition, HouseValues may reimburse banks, brokerage firms and other persons representing beneficial owners of shares of common stock for their expenses in forwarding proxy materials to such beneficial owners.

PROPOSAL 1 ELECTION OF DIRECTORS

In accordance with our Bylaws, the Board of Directors shall be composed of not less than five nor more than ten directors, the specific number to be set by resolution of the Board of Directors.

The Board of Directors is currently composed of seven directors, divided into three classes as follows: three Class 1 directors, two Class 2 directors and two Class 3 directors. Directors will be elected for three-year terms that are staggered such that approximately one-third of the directors are elected each year. Generally, one class of directors will be elected each year by our shareholders. Each director will hold office until the election and qualification of his or her successor or upon earlier resignation or removal. Additional directorships resulting from an increase in the number of directors will be distributed among the three classes, so that as nearly as possible each class will consist of an equal number of directors, to the extent permitted under our Bylaws and Washington law. This year, the terms of two Class 2 directors expire. Accordingly, two nominees for the Board of Directors will be elected at the Annual Meeting to serve as Class 2 directors for three-year terms expiring in 2009.

Biographical information regarding each of the nominees for the Board of Directors is set forth below. The names of directors whose terms will continue after the Annual Meeting are also listed below. Ages listed are as of April 19, 2006.

The Board of Directors has no reason to believe that the nominees named below will be unable to serve as directors. If, however, any nominee should be unwilling or unable to serve, the persons named as proxies will have discretionary authority to vote for the election of such substitute nominees as may be designated by the Board of Directors.

Unless authority to do so is withheld, the persons named as proxies on the accompanying proxy card will vote **FOR** the election of the nominees listed below.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Independence of the Board of Directors

The Board of Directors has reviewed the relationships between HouseValues and each of its directors and has determined that all of the directors other than Mr. Powell, who formerly served as our Chief Executive Officer and currently serves as Chairman of the Board, and Mr. Morris, who currently serves as our Chief Executive Officer, are independent as that term is defined in the listing standards of the Nasdaq National Market.

Board Attendance

During 2005, there were eight meetings of the Board of Directors. The Board of Directors acted twice by written consent in 2005. Except for Mr. Mendenhall, each of our directors attended, during the term of his directorship, at least 75% of the aggregate of (a) the total number of meetings of the Board of Directors and (b) the total number of meetings held by each of the committees on which he served. HouseValues does not have a formal policy with regard to director attendance at its Annual Meeting of Shareholders, but strongly encourages each director to attend, barring unavoidable scheduling conflicts. Three directors attended the 2005 annual meeting of shareholders.

Executive Sessions

Independent directors meet in executive session on a regular basis, generally on the same date as each scheduled Board meeting. Shareholders may communicate with the non-management directors of the Board through the procedures described under the section of this proxy statement, Shareholder Communications with the Board.

Director Compensation

On February 8, 2006, the Board of Directors, upon the recommendation of the Compensation Committee, approved an equity compensation program for its non-employee directors (the NED Program). Under the NED

Program, each non-employee director was granted a nonqualified stock option to purchase 12,000 shares of our common stock at an exercise price equal to the fair market value of our common stock on the date of grant. In addition, each non-employee director in January of each calendar year, commencing January 2007, is entitled to receive under the NED Program a nonqualified stock option to purchase 10,000 shares of our common stock. The options granted under the NED Program are to be issued under our 2004 Equity Incentive Plan, will vest in full one year from the vesting base date and the unvested portion of such options will automatically become fully vested and exercisable in the event of certain corporate transactions, such as a merger or sale of assets.

On May 10, 2005, the Board of Directors, upon the recommendation of the Compensation Committee, approved a new compensation plan for its non-employee directors, effective July 1, 2005. Under the new plan, each non-employee director of the Company is entitled to receive cash remuneration as follows: non-employee directors will receive an annual retainer of \$12,000 (\$22,000 for the Chair of the Audit Committee, \$16,000 for the Chair of the Compensation Committee and \$13,000 for the Chair of the Nominating and Corporate Governance Committee), paid in quarterly installments, in addition to a fee of \$1,000 for each Board meeting attended in person and \$250 for participation in a telephonic Board meeting. Non-employee Board committee members will also receive \$500 for each committee meeting attended in person and \$250 for participating in each telephonic committee meeting.

In connection with Mr. Mendenhall's appointment to our Board of Directors in August 2004, we granted him an option to acquire 20,000 shares of common stock at an exercise price equal to the fair market value of our common stock on the date of grant as determined by the Board of Directors. Such options are subject to a four-year vesting period, with 6.25% vesting at the completion of each quarter, subject to his continued service on the Board of Directors. In connection with Mr. Gacek's appointment to our Board of Directors in November 2004, we granted him an option to acquire 50,000 shares of common stock at an exercise price equal to the fair market value of our common stock on the date of grant as determined by the Board of Directors. Such options are subject to a four-year vesting period, with 6.25% vesting at the completion of each quarter, subject to his continued service on the Board of Directors.

REPORT OF THE COMPENSATION COMMITTEE

ON ANNUAL COMPENSATION

The Compensation Committee of the Board of Directors annually establishes and reviews the compensation levels for the Company's executive officers. The Committee reviews and approves all aspects of executive compensation, including base salary, bonus, stock option grants and other benefits provided to the Company's executive officers. The Committee is comprised of Board members who are not employees of the Company and who are all independent directors, in accordance with applicable listing standards of the Nasdaq National Market.

Executive Compensation Policy

The Committee considers the following as its primary goals in determining executive officer compensation: (a) attracting, motivating and retaining key executives that are critical to the Company's success, (b) aligning the interests of the Company's executives with the interests of the shareholders, and (c) compensating executives based on Company performance relative to company goals and individual performance relative to individual goals set and updated throughout the course of the year.

Executive Compensation

Base Salary. In evaluating and setting salaries and bonuses, the Committee relies upon periodic proprietary third party compensation surveys that provide data by industry, geographic location and company size, as well as knowledge of local pay practices accessible to the Committee. The Committee generally targets executive compensation at the median or lower end of the range based on this survey data. The Committee also reviews this survey data in light of the executive officer's experience and performance history. The base salary for executive officers is reviewed annually, typically at the beginning of the calendar year. Adjustments in the base salary of executive officers may also be considered at other times during the year if warranted by changing responsibilities or other factors.

Bonuses. The Company has an annual Management Bonus Program in which executive officers and managers of the Company are eligible to participate. The Compensation Committee administers the Program, and sets the parameters used to calculate bonuses under the Program.

Bonuses are calculated as a percentage of each executive's base salary and are determined based on three factors: (i) the Company's performance with respect to EBITDA and revenue targets, (ii) the bonus range available to that executive, based on his or her job classification, experience, performance history and other factors, and (iii) the executive's performance as measured against his or her annual objectives. More detailed information regarding Bonus Plan payments to the named executive officers is presented above in the table captioned "Summary Compensation Table" under the heading "Bonus."

The Compensation Committee, in its sole discretion, may (i) eliminate, increase or reduce the bonus payable to any participant above or below that which otherwise would be payable under the payout formula, and (ii) determine whether or not any bonus will be paid in the event of a participant's termination of service prior to the end of the performance period. Payment of bonus amounts typically occurs in February or March of the succeeding calendar year and is paid in a single lump sum, subject to payroll taxes and tax withholding.

Stock Option Grants. The Company provides its executive officers with stock options under both the 1999 Stock Incentive Plan and under the 2004 Equity Incentive Plan. The stock option plans are a tool used to provide incentives that will attract and retain key executives and employees, thereby maximizing shareholder value. In evaluating and setting equity compensation, the Committee relies upon periodic proprietary third party equity compensation surveys by industry, geographic location and company size, as well as knowledge of local equity compensation practices accessible to the Committee. We typically grant stock options to our executives upon commencement of employment and thereafter on an annual basis, taking into account their length of employment

at the Company, the number of options currently held, and the Committee's goal of providing long term incentives for those individuals to remain with the Company. The terms of granted options are described above in the table captioned "Option Grants in Last Fiscal Year."

Chief Executive Officer Compensation

Compensation for Mr. Morris is determined by the Committee in the same manner as for other executive officers, as described above. The Committee believes that Mr. Morris' base salary, targeted bonus and other benefits are set at an amount that is below that paid to CEOs of comparable size companies in similar industries or located within the local geographic region. Based on the Company's performance in 2005, as well as current economic and job market conditions, the Committee increased Mr. Morris' base salary from \$245,000 in 2005 to \$315,000 in 2006. In addition, in 2005, the Committee approved a bonus in the amount of \$175,000 and awarded Mr. Morris an option to purchase 150,000 shares of common stock at the fair market value on the date of grant. These grants are described in the table captioned "Option Grants in Last Fiscal Year." The foregoing actions were taken in recognition of a year in which the Company performed well against its EBITDA and revenue targets, and where Mr. Morris had a dramatic impact on the success and growth of the Company and performed well with respect to his personal achievement goals that had been set by the Committee. Mr. Morris' employment agreement also provides him with a company car and with reimbursement for family medical and life insurance and certain annual tax and financial planning expenses.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), limits the tax deduction available to public companies for compensation paid to individual executive officers to \$1 million in any taxable year, unless certain performance, disclosure and shareholder approval requirements are met. The Compensation Committee does not presently expect total cash compensation payable for salaries and bonuses to exceed the \$1 million limit for any individual executive. Stock options granted to our executive officers are designed to qualify for the performance-based exemption.

Thomas G. Romary Employment Agreement. On October 14, 2005, we entered into an employment agreement with our Chief Marketing Officer, Thomas Romary. Under the terms of the employment agreement, we agreed to pay Mr. Eskenazi an annual base salary which is currently \$200,000 per year. Mr. Eskenazi is also eligible to participate in our management bonus program. The agreement provides that Mr. Eskenazi is an at-will employee. If Mr. Eskenazi's employment is terminated without cause, or if he resigns for good reason, both as defined in the agreement, he will be entitled to receive the following benefits: (i) termination payments equal to six months' annual base salary, (ii) a severance bonus equal to 50% of the most recent annual bonus paid to him, and (iii) six months' COBRA coverage, provided that he sign a separation agreement releasing any claims against HouseValues. In addition, in the event that Mr. Eskenazi terminates his employment for good reason or we terminate his employment for other than cause, the unvested portion of all options that would have been exercisable as of the fourth quarterly vesting date following termination will automatically become vested and exercisable immediately prior to termination.

Change in Control Arrangements. We have entered into stock option letter agreements with certain of our current executive officers, including our chief executive officer. Pursuant to these agreements, in the event of certain corporate transactions, such as a merger or sale of assets, 50% of the unvested portion of the options subject to these agreements will automatically become vested and exercisable, and the remaining portion of these options will vest in equal quarterly increments over the shorter of (i) two years immediately following such corporate transaction or (ii) the amount of time remaining under the option's original vesting schedule.

Change in Control Provisions under the 1999 Stock Incentive Plan. Unless otherwise provided in the instrument evidencing a stock option, in the event of certain corporate transactions, such as a merger or sale of assets, each outstanding stock option will be assumed or substituted by the successor corporation. In the event the successor corporation refuses to assume or substitute for outstanding stock options, such stock options will become fully vested and exercisable. If awards are assumed, continued or substituted in the corporate transaction and do not otherwise accelerate, an optionee (i) will be credited with additional vesting on a monthly basis for each full month of employment or service rendered between the date such award was granted and the corporate transaction and (ii) will be credited with an additional six months of continuous employment or service with us or one of our affiliates for purposes of the award's vesting schedule in the event the optionee's employment or service relationship terminates within two years following the corporate transaction, unless the optionee is terminated by the successor corporation for cause or the optionee terminates his or her services voluntarily without good reason. Unless otherwise provided in the instrument evidencing a stock award, in the event of a corporate transaction, the vesting of shares subject to a stock award will accelerate and the forfeiture provisions for such award will lapse, if and to the same extent that the vesting of outstanding stock options accelerates. If unvested stock options are to be assumed, continued or substituted by the successor corporation without acceleration, the forfeiture provisions to which stock awards are subject will continue with respect to shares of the successor corporation that may be issued in exchange for such shares.

Change in Control Provisions under the 2004 Equity Incentive Plan. Unless the Compensation Committee provides otherwise, in the event of certain corporate transactions, such as a merger or sale of assets, each outstanding stock option, stock appreciation right and restricted stock or stock unit award generally will automatically accelerate and become fully vested and, to the extent applicable, exercisable immediately before the corporate transaction, unless the award is assumed, continued or replaced with a comparable award by the successor entity or the parent of the successor entity. Any stock option, stock appreciation right and restricted stock or stock unit award that is assumed, continued or replaced with a comparable award in the corporate transaction will retain its original vesting schedule. Unless otherwise provided by the Compensation Committee, in the event of a corporate transaction, all performance shares or performance units earned and outstanding will be payable in full at the target level in accordance with the payout schedule provided in the award agreement, and any remaining performance shares or performance units for which the payout level has not been determined will be prorated at the target payout level up to and including the date of the corporate transaction and will be payable in full at the target level in accordance with the payout schedule provided in the award agreement. Notwithstanding the above, we may instead provide that awards will be terminated and exchanged for cash in

connection with a corporate transaction, either to the extent then vested and exercisable or whether or not then vested and exercisable, as determined by the Compensation Committee in its sole discretion.

NED Program. As discussed above under the heading Director Compensation the options granted to non-employee directors under the NED Program will automatically become fully vested and exercisable in the event of certain corporate transactions, such as a merger or sale of assets.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely on our review of the copies of such forms that we received, or written representations from certain reporting persons that no forms were required for those persons, we believe that, during fiscal year 2005, all filing requirements applicable to our officers, directors and greater than 10% beneficial owners were complied with by such persons, with the exception of Nikesh Parekh who untimely filed a Form 4 in relation with an option exercise on February 3, 2005. Nikesh Parekh filed a Form 4 relating to the option exercise on February 24, 2005.

The Audit Committee has adopted a policy for the pre-approval of all audit and non-audit services provided by the Company's independent auditor. The policy is designed to ensure that the provision of these services does not impair the auditor's independence. Under the policy, unless a type of service to be provided by the independent auditor has received general pre-approval, it will require specific pre-approval by the Audit Committee. In addition, any proposed services exceeding pre-approved cost levels will require specific pre-approval by the Audit Committee. Under the policy, the Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated is required to report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee does not delegate responsibilities to pre-approve services performed by the independent auditor to management.

For 2004 and 2005, all audit and non-audit services were pre-approved.
