PROXY STATEMENT

March 19, 2007

GENERAL

This Proxy Statement and the accompanying Proxy Card are being mailed to Shareholders of Westamerica Bancorporation (Westamerica or the Corporation) beginning on or about March 19, 2007. The Westamerica Board of Directors is soliciting proxies to be used at the 2007 Annual Meeting of Westamerica Shareholders, which will be held at 11:00 a.m. Pacific Time, Thursday, April 26, 2007, or at any adjournment or postponement of the Meeting. Proxies are solicited to give all Shareholders of record (Record Holder) an opportunity to vote on matters to be presented at the Annual Meeting. In the following pages of this Proxy Statement, you will find information on matters to be voted on at the Annual Meeting.

Voting Information

Who Can Vote. You are entitled to vote if you were a Record Holder of Westamerica common stock as of the close of business on February 26, 2007. Your shares can be voted at the Meeting only if you are present or represented by a valid proxy. If your shares of common stock are held by a bank, broker or other nominee in street name, you are a beneficial owner and will receive voting instructions from the bank, broker or other nominee (including instructions, if any, on how to vote by telephone or through the Internet). You must follow these instructions in order to have your shares voted. To be able to vote in person at the Annual Meeting, beneficial owners must obtain and bring to the Annual Meeting a proxy from the institution that holds your shares, indicating that you were the beneficial owner of the shares on February 26, 2007, the Record Date for voting.

Proxy Card. The Board has designated Arthur C. Latno, Jr., Ronald A. Nelson and Edward B. Sylvester to serve as Proxies for the Annual Meeting. As Proxies, they will vote the shares represented by proxies at the Annual Meeting. If you sign, date and return your Proxy Card but do not specify how to vote your shares, they will be voted by the Proxies in favor of the election of all of the Director nominees. The Proxies will also have discretionary authority to vote in accordance with their judgment on any other matter that may properly come before the Meeting that we did not have notice of by February 3, 2007.

Quorum and Shares Outstanding. A quorum, which is a majority of the total shares outstanding as of the Record Date, must be present to hold the Meeting. A quorum is calculated based on the number of shares represented by Shareholders attending in person or by proxy. On February 26, 2007, 30,321,619 shares of Westamerica common stock were outstanding. We also count broker non-votes, which we describe below, as shares present or represented at the Meeting for the purpose of determining whether a quorum exists.

Required Votes Election of Director Nominees. Each share is entitled to one vote, except in the election of Directors where a Shareholder may cumulate votes as to candidates nominated prior to voting, but only when a Shareholder gives notice of intent to cumulate votes prior to the voting at the Meeting. If any Shareholder gives such notice, all Shareholders may cumulate their votes for nominees. Under cumulative voting, each share carries as many votes as the number of Directors to be elected, and the Shareholder may cast all of such votes for a single nominee or distribute them in any manner among as many nominees as desired. In the election of Directors, the nine nominees receiving the highest number of votes will be elected. If your proxy is marked **Withhold** with regard to the election of any nominee, your shares will be counted toward a quorum but they will not be voted for or against the election of that nominee.

Other Matters. Approval of any other matter considered at the Meeting will require the affirmative vote of a majority of the shares present or represented by proxy and voting at the Meeting.

Broker Non-Votes. Broker non-votes will be included as **present** for the purpose of determining the presence of a quorum. A broker non-vote occurs under the stock exchange rules when a broker is not permitted to vote on a matter without instructions from the beneficial owner of the shares and no instruction is given on a timely basis. Brokers may vote at their discretion on routine matters, such as the election of Directors, but not on non-routine matters.

How You Can Vote. Record Holders may vote by proxy or in person at the Meeting. To vote by proxy, you may select one of the following options:

Vote by Telephone. You can vote your shares by telephone by calling the toll-free telephone number shown on your Proxy Card. Telephone voting is available 24 hours a day, seven days a week. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded. Our telephone voting procedures are designed to authenticate the Shareholder by using individual control numbers, which you will find on your Proxy Card. If you vote by telephone, you should **NOT** return your Proxy Card.

Vote by Internet. You can choose to vote on the Internet. The website for Internet voting is shown on your Proxy Card. Internet voting is available 24 hours a day, seven days a week. You will be given the opportunity to confirm that your instructions have been properly recorded. Our Internet voting procedures are designed to authenticate the Shareholder by using individual control numbers, which you will find on your Proxy Card. If you vote on the Internet, you should **NOT** return your Proxy Card.

If you vote by telephone or Internet, your vote must be received by 1:00 a.m. Central Time, on April 26, 2007 to ensure that your vote is counted. For Westamerica Bancorporation Tax Deferred Savings/Retirement Plan (ESOP) participants, your vote must be received by 1:00 a.m. Central Time, on April 24, 2007.

Vote by Mail. If you choose to vote by mail, simply mark your Proxy Card, date and sign it, and return it in the postage-paid envelope provided.

We have been advised by counsel that these telephone and Internet voting procedures comply with California law.

Revocation of Proxy. Record Holders who vote by proxy, whether by telephone, Internet or mail, may revoke that proxy at any time before it is voted at the Meeting. You may do this by: (a) signing another Proxy Card with a later date and delivering it to us prior to the Meeting or sending a notice of revocation

to the Corporate Secretary of Westamerica at 1108 Fifth Avenue, San Rafael, CA 94901; (b) voting at a later time by telephone or on the Internet prior to 1:00 a.m. Central Time, on April 26, 2007 (April 24, 2007 for ESOP participants); or (c) attending the Meeting in person and casting a ballot. If you hold shares in street name, you may change your vote by submitting new voting instructions to your broker or other nominee.

Additional Information

Householding. As permitted by the Securities Exchange Act of 1934 (the Exchange Act) only one copy of the Annual Report and the Proxy Statement is being delivered to Shareholders residing at the same address, unless such Shareholders have notified their bank, broker, Computershare Investor Services or other holder of record that they wish to receive separate mailings. If you are a beneficial holder and own your shares in street name, contact your broker, bank or other holder of record to discontinue householding and receive your own separate copy of Proxy Statements and Annual Reports in future years. If you are a registered holder and own your shares through Computershare Investor Services, contact Computershare toll-free at 877-588-4258 or in writing directed to Computershare Investor Services, 250 Royall Street, Mail Stop 1A, Canton, MA 02021 to discontinue householding and receive multiple Annual Reports and Proxy Statements in future years. Regardless of householding, each Shareholder will continue to receive a separate Proxy Card and return envelope.

Electronic Access to Proxy Materials and Annual Reports. This Proxy Statement and the 2006 Annual Report are available on the Corporation's Internet site at www.westamerica.com/investor_relations/index.html. Board of Directors and Committees

Director Independence

The Board of Directors has considered whether any relationships or transactions related to a Director were inconsistent with a Director's independence. Based on this review, the Board has determined that E. Allen, L.E. Bartolini, E.J. Bowler, A.C. Latno, Jr., P.D. Lynch, C.C. MacMillan, R.A. Nelson, C.R. Otto⁽¹⁾, and E.B. Sylvester are independent Directors, as defined in NASDAQ's rules.

Meetings

The Corporation expects all board members to attend all meetings, including the Annual Meeting of Shareholders, except for reasons of health or special circumstances. Last year all ten Directors attended the Annual Meeting. The Board held a total of 11 meetings during 2006. Every Director attended at least 75% of the aggregate of: (i) the Board Meetings held during that period in which they served; and (ii) the total number of meetings of any Committee of the Board on which the Director served.

Committees of the Board

Executive Committee:

Members: D.L. Payne, Chairman; A.C. Latno, Jr., P.D. Lynch and E.B. Sylvester.

Number of Meetings in 2006: Ten

Functions: The Board delegates to the Executive Committee any powers and authority of the Board in the management of the business affairs of the Corporation, which the Board is allowed to delegate under California law.

Audit Committee:

Members: R.A. Nelson, Chairman; L.E. Bartolini, C.C. MacMillan and E.J. Bowler.

The Board of Directors has determined that all members are independent, as that term is defined by applicable rules of NASDAQ. The Board has also designated Mr. Nelson as the Audit Committee financial expert as defined by the rules of the SEC and is financially sophisticated under NASDAQ rules. In concluding that Mr. Nelson is the Audit Committee financial expert, the Board determined that he has:

an understanding of generally accepted accounting principles and financial statements;

the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves;

experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Corporation's financial statements, or experience actively supervising one or more persons engaged in such activities;

an understanding of internal control over financial reporting; and

an understanding of audit committee functions.

Designation of a person as an Audit Committee financial expert does not result in the person being deemed an expert for any purpose, including under Section 11 of the Securities Act of 1933. The designation does not impose on the person any duties, obligations or liability greater than those imposed on any other Audit Committee member or any other Director and does not affect the duties, obligations or liability of any other

member of the Audit Committee or Board of Directors.

⁽¹⁾ Mr. Carl R. Otto passed away on February 11, 2007.

Number of Meetings in 2006: Five

Functions: The Audit Committee provides independent, objective oversight of the integrity of the Corporation's financial statements, the Corporation's compliance with legal and regulatory requirements, the independence and performance of the Corporation's independent auditor as it performs audit, review or attest services, and the Corporation's internal audit and control function. It selects and retains the independent auditors, reviews the plan and the results of the auditing engagement and acts pursuant to a written charter that was amended by the Board on January 25, 2007 and is attached as Exhibit A. The Audit Committee Report that follows below more fully describes the responsibilities and the activities of the Audit Committee.

Employee Benefits and Compensation Committee:

Members: P.D. Lynch, Chairman; E. Allen, A.C. Latno, Jr., and R.A. Nelson.

The Employee Benefits and Compensation Committee of the Board of Directors (the Compensation Committee) is comprised solely of Directors who are not current or former employees of Westamerica or any of its affiliates. They are independent as defined by NASDAQ rules.

Number of Meetings in 2006: Five

Functions: The Compensation Committee administers the Corporation's stock option plan, the tax deferred savings and retirement plan and the profit sharing plan. It administers the Corporation's compensation and reviews and reports to the Board the compensation level for executive officers, including the CEO, of the Corporation and its subsidiaries.

The Compensation Committee determines annual corporate performance objectives for equity compensation and cash bonuses and their related corporate, divisional and individual targets. Based on the CEO's assessment of the extent, to which each executive officer met those objectives and targets, the Committee determines each executive officer's annual equity compensation and cash bonus. The Compensation Committee also establishes the individual goals and targets for the CEO. All compensation recommendations of the Compensation Committee must be reviewed by the full Board of Directors. The role of the Compensation Committee is described in greater detail under the section entitled Compensation Discussion and Analysis.

The Compensation Committee does not have a charter, as it is not required by NASDAQ rules. The Compensation Committee has the authority to seek assistance from officers and employees of the Corporation as well as external legal, accounting and other advisors. It has not retained outside consultants for compensation advice, but can request assistance on an as needed basis. It does not delegate authority to anyone outside of the Compensation Committee. The Human Resources Department supports the Compensation Committee by fulfilling certain administrative duties regarding the compensation programs.

Nominating Committee:

Members: A.C. Latno, Jr., Chairman; P.D. Lynch, and E.B. Sylvester.

The Board of Directors has determined that all members are independent, as defined in the rules of NASDAQ.

Number of Meetings in 2006: One

Functions: The Nominating Committee is governed by a written charter which was amended January 25, 2007 and is attached as Exhibit B.

The Nominating Committee screens and recommends qualified candidates for Board membership. This Committee recommends a slate of nominees for each Annual Meeting. As part of that process, it evaluates and considers all candidates submitted by Shareholders in accordance with the Corporation's bylaws, and considers each existing Board member's contributions. The Committee applies the same evaluation standards whether the candidate was recommended by a Shareholder or otherwise.

Nominating Directors: The Nominating Committee will consider Shareholder nominations submitted in accordance with Section 2.14 of the Bylaws of the Corporation. That section requires, among other things, that nominations be submitted in writing and must be received by the Corporate Secretary at least 45 days before the anniversary of the date on which the Corporation first mailed its proxy materials for the prior year's Annual Meeting of Shareholders. If the date for the current year's Annual Meeting changes more than 30 days from the date on which the prior year's meeting was held, the Corporation must receive notice a reasonable time before the Corporation mails its proxy materials for the current year.

Nominations must include the following information:

The name and address of proposed nominee;

The principal occupation of the nominee;

The total number of shares of capital stock of the Corporation that the Shareholder expects will be voted for the nominee;

The name and address of the notifying Shareholder; and

The number of shares of capital stock of the Corporation owned by the notifying Shareholder.

The Committee has specified the following minimum qualifications it believes must be met by a nominee for a position on the Board:

Appropriate personal and professional attributes to meet the Corporation's needs;

Highest ethical standards and absolute personal integrity;

Physical and mental ability to contribute effectively as a Director;

Willingness and ability to participate actively in Board activities and deliberations;

Ability to approach problems objectively rationally and realistically;

Ability to respond well and to function under pressure;

Willingness to respect the confidences of the Board and the Corporation;

Edgar Filing: WESTAMERICA BANCORPORATION - Form DEF 14A

Willingness to devote the time necessary to function effectively as a Board member;

Possess independence necessary to make unbiased evaluation of management performance;

Be free of any conflict of interest that would violate applicable law or regulation or interfere with ability to perform duties;

Broad experience, wisdom, vision and integrity;

Understanding of the Corporation's business environment; and

Significant business experience relevant to the operations of the Corporation.

Loan and Investment Committee:

Members: E.B. Sylvester, Chairman; E. Allen, C.R. Otto⁽¹⁾, A.C. Latno, Jr. and C.C. MacMillan.

EXECUTIVE COMPENSATION

Compensation Discussion & Analysis

The Compensation Committee governs the executive compensation program that combines three compensation elements: base salary, annual non-equity cash incentives, and long-term stock grants.

Several compensation philosophies and practices underlie this program:

Base salaries for participants in this program should be limited to foster an environment where incentive compensation motivates and rewards corporate, divisional, and individual performance.

Incentive compensation (annual non-equity cash incentives and long-term stock grants) is based on measurement of performance against pre-established objective measurable goals. Specific criteria for each objective are established for threshold, target, and outstanding performance. On any one measure, performance below threshold results in no credit for that objective. Threshold performance results in a 75% achievement, target performance results in 100% achievement, and outstanding performance results in 150% achievement. The performance achievement level determines the size of incentive compensation awards.

Short-term annual target non-equity cash incentives should bring total cash compensation (salary plus cash incentive) to average total cash compensation for the relevant job position. Actual cash incentives depend on achievement of corporate, divisional, and individual objectives. Above average performance, as measured by achievement of objectives, will result in above target cash incentives bringing total cash compensation above average through cash incentives, rather than base salary. This minimizes the effect of fixed base salary and clearly ties annual cash incentive amounts to achievement of objectives. Failure on a significant element of performance, especially the individual component, may result in no cash incentive. The cash incentive formula has the following components:

$$\begin{array}{rcccl} \text{Target} & & \text{Composite Corporate,} & & \text{Cash} \\ \text{Cash} & & \text{Divisional and Individual} & & \text{Incentive} \\ \text{Incentive} & \times & \text{Performance Level}^{(1)} & = & \text{Award} \end{array}$$

Long-term incentive stock grants will be awarded to senior management if the corporate performance level is rated threshold or better. The purpose of long-term incentive grants is to:

motivate senior management to focus on long-term performance;

build equity ownership among Westamerica's senior management;

link Shareholder interests to management incentives, and

create ownership mentality among senior management.

The size of stock grants is determined by Westamerica's corporate performance. Specific criteria for each corporate objective are established for threshold, target, and outstanding performance. The level of performance determines the size of incentive compensation awards.

⁽¹⁾ Weighting of objectives varies by position; higher level positions have higher relative weighting on corporate objectives, and divisional leadership positions will have significant weighting on divisional objectives.

Establishing Incentive Levels, Determining Objectives and Measuring Performance

In administering the executive compensation program, the Compensation Committee determines target incentives for each position annually, expressed as a percentage of base pay. The Compensation Committee exercises discretion in establishing target incentives in an effort to provide competitive pay practices while motivating and rewarding performance that benefits the Corporation's long-term financial performance and Shareholder interests.

At the beginning of each calendar year, the Compensation Committee establishes annual corporate performance objectives. In establishing corporate performance objectives, the Compensation Committee takes into consideration the current operating environment for the commercial banking industry as well as internal management policies and practices which would, in the Compensation Committee's opinion, benefit the long-term interests of the Corporation and its Shareholders. The Compensation Committee monitors the banking industry's operating environment throughout the ensuing year, and may exercise discretion in adjusting corporate performance objectives during the year.

The operating environment for the commercial banking industry is impacted by a myriad of factors including, but not limited to, local, national and global economic conditions, interest rate levels and trends, monetary policies of the Federal Reserve Board and its counterparts in other countries, fiscal policies of the United States government and other global political conditions, liquidity in capital markets, the demand for capital by commercial enterprises and consumers, new financial products, competitive response to changing conditions within the industry, trade balances, the changing values of real estate, currencies, commodities, and other assets, and other factors.

Management policies and practices the Board considers in establishing corporate performance objectives include, but are not limited to, management of the Corporation's balance sheet and product pricing in a manner which will provide consistent growth in long-term financial results for Shareholders, growth in financial products offered by the Corporation's, adherence to internal controls, management of the credit risk of Corporation's loan portfolio, the results of internal, regulatory and external audits, service quality delivered to the Corporation's customers, service quality of back office support departments provided to those offices and departments directly delivering products and services to the Corporation's customers, maintenance of operating policies and procedures which remain appropriate for risk management in a dynamic environment, timely and efficient integration of acquired companies, operational efficiencies, and capital management practices.

RPS shares represent awards of Westamerica's common stock subject to achievement of performance objectives established by the Compensation Committee. The Amended and Restated Plan of 1995 (Amended Stock Option Plan) defines the performance factors the Board must use in administering RPS grants as one or more of the following: earnings, diluted earnings per share, revenue and revenue per diluted share, expenses, share price, return on equity, return on equity relative to the average return on equity for similarly sized institutions, return on assets, return on assets relative to the average return on assets for similarly sized institutions, efficiency ratio (operating expenses divided by operating revenues), net loan losses as a percentage of average loans outstanding, nonperforming assets, and nonperforming assets as a percentage of total assets.

In addition to establishing corporate performance objectives, the Compensation Committee also establishes individual goals for the CEO. In regard to the other executives named in the accompanying tables, the CEO recommends divisional and individual performance objectives to the Compensation Committee, which considers, discusses, adjusts as necessary, and adopts such performance objectives.

At the beginning of each calendar year, the Compensation Committee reviews corporate, divisional, and individual performance against the performance objectives for the year just completed. After thorough review and deliberation, the Compensation Committee determines the recommended amount of individual cash incentives and stock-based incentive awards. The Compensation Committee reports such incentives to the Board of Directors. Meetings of the Compensation Committee and Board of Directors routinely occur in January, immediately following the closure of the calendar year for which performance is measured for incentive compensation purposes.

Stock Grants

Long-term stock grants may only be awarded under Shareholder approved stock-based incentive compensation plans. The Amended Stock Option Plan was approved by Shareholders on April 24, 2003. The Amended Stock Option Plan amended the Corporation's Stock Option Plan of 1995, which was previously approved by Shareholders on April 25, 1995. The Corporation's Proxy Statement dated March 17, 2003, as filed with the Securities and Exchange Commission (the "SEC") on that date, summarizes the Amended Stock Option Plan's changes from the predecessor plan. Such changes included:

disallowing re-pricing stock options for poor stock performance;

limiting the number of shares that may be awarded, and;

requiring the Compensation Committee to meet the definition of independence to enable any award intended to qualify as performance based compensation to meet Section 162(m) of the Internal Revenue Code.

The Amended Stock Option Plan allows four types of stock-based compensation awards:

Incentive Stock Options ("ISO") allow the optionee to buy a certain number of shares of Westamerica common stock at a fixed price which is established on the date of the option grant. ISOs are intended to meet the requirements of Section 422 of the Internal Revenue Code which provide advantages if certain conditions are met. If the optionee holds the acquired stock for the designated holding period, the optionee defers the timing of recognizing taxable income related to exercising the ISO. If the optionee complies with the ISO requirements, the Corporation does not receive a corporate tax deduction related to the shares issued.

Nonqualified Stock Options ("NQSO") also give the optionee the option to buy a certain number of shares of Westamerica common stock at a fixed price which is established on the date of grant. Unlike ISOs, NQSO do not allow deferral of taxable income for the optionee. At the time NQSO are exercised, the optionee incurs taxable income equal to the spread between the exercise price and the market price of the stock, and the Corporation receives a corporate tax deduction in the same amount.

Stock Appreciation Rights ("SAR") provide the holder a cash payment equal to the difference between the fair market value of the Corporation's common stock on the date the SAR is surrendered and the fair market value of the Corporation's common stock on the date the SAR was granted. The optionee incurs taxable income at the time the SAR is settled and the Corporation gets a corporate tax deduction in the same amount.

Restricted Performance Share Grants (RPS), as noted above, awards of the Corporation's common stock is subject to the achievement of performance objectives. Award recipients receive shares at the end of the performance measurement period only if performance objectives are achieved. The number of shares received is subject to the level of performance achieved. The award recipient incurs taxable income at the time any RPS vests and the Corporation receives a corporate tax deduction in the same amount.

Determination of Awards to Grant

In determining which type of stock-based compensation awards to grant, the Compensation Committee considers the attributes of each form of incentive. For example, the ability to motivate management to make decisions based on the long-term interests of Shareholders, the desire to compensate with shares rather than cash, and the tax consequences of each type of award. The Compensation Committee retains the latitude to utilize all forms of incentives provided under the Amended Stock Option Plan. In the current and preceding years, the Compensation Committee has utilized NQSO and RPS based on the motivational aspects of stock price appreciation, the settlement in shares rather than cash, and the preservation of tax deductions for the Corporation. At February 26, 2007, the Corporation had no ISO or SAR awards outstanding.

Determination of Option Exercise Price

The Amended Stock Option Plan also requires the exercise price of each NQSO or ISO to be no less than one hundred percent (100%) of the fair market value of the Corporation's common stock on the date of grant. As described above, the Amended Stock Option Plan does not allow re-pricing stock options for poor stock performance.

Stock-based compensation awards are submitted by the Compensation Committee to the full Board of Directors for review. As described above, these meetings have routinely occurred in the January immediately following the closure of the calendar year for which performance is measured for incentive compensation purposes. The Compensation Committee meeting has routinely been held during the same week as the related Board of Directors meeting. These January meetings follow by no more than ten business days, the Corporation's public disclosure of its financial earnings results for the preceding year. As a result, stock option grants are awarded, and the exercise price of such grants are determined, at a time when the Corporation has broadly disseminated its financial condition and current operating results to the public. The Corporation's outstanding stock option grants are dated, and related stock option exercise prices are determined, on the January dates the Compensation Committee and Board of Directors meet approve such grants.⁽¹⁾

Long-Term Incentive Attributes

The Board of Directors has designated the Compensation Committee as the administrator of the Amended Stock Option Plan. The Compensation Committee reports to the Board the terms and conditions of stock option awards. In carrying out this responsibility, the Compensation Committee designs such awards as long-term incentives. The terms and conditions of currently outstanding awards include:

NQSO vest one-third (1/3) on each anniversary of the grant date. As such, NQSO grants become fully vested over a three-year period. NQSO grants expire on the tenth anniversary of the grant date. The Corporation does not pay dividends on shares underlying NQSO grants until the optionee exercises the option and the shares are outstanding on a dividend record date.

⁽¹⁾ Due to merger and acquisition activity, the Corporation converts stock option grants outstanding for acquired companies based on the terms and conditions of related merger agreements. The dating of such converted stock options generally remains as originally dated by the acquired company. As a result, the Corporation at times has options outstanding related to acquisitions with grant dates different from its routine stock option granting practices.

RPS awards vest three years following the grant date, only if corporate performance objectives are achieved over the three-year period. The Corporation does not pay dividends on RPS shares until vesting occurs and shares awarded become outstanding on a dividend record date.

Nonqualified Deferred Compensation Programs

The Corporation maintains nonqualified deferred compensation programs to provide senior and mid-level executives facilities to defer compensation in excess of the annual limits imposed on the Corporation's 401(k) plan. The Corporation believes these tax deferral programs enhance loyalty and motivate retention of executives. These programs allow executives to defer cash pay and RPS shares upon vesting. The programs also allow Directors to defer Director fees.

Cash pay deferred in the program accumulates in accounts in the names of the participating Directors and executives. The Corporation credits the balance of these accounts with interest using an interest rate that approximates the crediting rate on corporate-owned life insurance policies, which finance the cash pay deferral program. Deferrals and interest credits represent general obligations of the Corporation.

The common stock the Corporation issues to executives upon the vesting of RPS grants may be deferred into the program and deposited into a Rabbi Trust. Since these shares are outstanding shares of Corporation's common stock, the Corporation pays dividends on these shares. The shares held in the Rabbi Trust are subject to claims by the Corporation's creditors.

Compensation in the Event of a Change in Control

The banking industry has significant merger and acquisition activity. To promote retention of senior executives, unvested NQSO and RPS grants contain change in control provisions, which trigger full vesting upon a change in control.

The Corporation also maintains a Severance Payment Plan covering all employees to promote employee retention. The Severance Payment Plan provides salary continuation benefits for employees in the event of a change in control. The amount of salary continuation benefits is based on years of service and corporate title, but in no event exceed the equivalent of one times annual salary. All named executive officers are eligible for one year's salary under the plan.

Employment Contracts

None of the executives named in the accompanying tables have employment contracts with the Corporation.

Other

Internal Revenue Code (IRC) Section 162(m) places a limit of \$1,000,000 on the amount of compensation that may be deducted by the Corporation in any year with respect to certain of the Corporation's highest-paid executives. Certain performance-based compensation is not counted toward this limit. The Corporation intends generally to qualify compensation paid to executive officers for deductibility under the IRC, including Section 162(m), but reserves the right to pay compensation that is not deductible under Section 162(m).

(1) Stock awards represent RPS shares as described in Compensation Discussion & Analysis - Stock Grants. The amounts shown represent the amount of employee compensation expense recognized in the Corporation's financial statements during 2006 for grants outstanding during 2006. The amount expensed is based on the market value of Westamerica common stock at December 31, 2006. The Corporation recognizes expense for RPS grants over each grant's three-year vesting period.

(2) The Corporation adopted the fair value recognition provisions of Financial Accounting Standards 123 (revised 2004) (SFAS 123(R)) on a modified retrospective basis effective January 1, 2006. The amounts shown represent the amount of employee compensation expense recognized in the Corporation's financial statements during 2006 for unexercisable grants outstanding during 2006. The amount expensed is based on fair values determined at dates of grant. To derive the fair values, a trinomial option-pricing model was used. See Note 9 in the Corporation's 2006 financial statements for the assumptions used and derived fair values.

(3) The amounts shown are non-equity incentive compensation only. No interest or other form of earnings was paid on the compensation.

(4) The amounts shown include earnings and investment performance on cash and equity compensation deferred under the Non Qualified Deferred Compensation Programs described on page 15. The amounts include: appreciation (depreciation) in the value of and dividends paid on common stock deferrals, and interest paid on deferred cash compensation to the extent the interest exceeds 120% of the long-term Applicable Federal Rates with compounding. The Corporation has no defined benefit pension plan. Mr. Payne has a pension agreement, which is discussed under Pension Benefits.

Each of the above named executive officers received less than \$10,000 of aggregate perquisites and personal benefits, except Mr. Hansen who received a car allowance of \$12,000. All other compensation includes company contributions to defined contribution plans (401(k) and Profit Sharing), and amounts added to taxable wages using IRS tables for the cost of providing group term life insurance coverage that is more than the cost of \$50,000 of coverage. It also includes the dollar value of the benefit to Mr. Payne for the portion of the premium payable by the Corporation with respect to a split dollar life insurance policy (projected on an actuarial basis), and a bonus paid to Mr. Payne in the amount of his portion of the split dollar life insurance premium.

Based on the compensation disclosed in the Summary Compensation Table, approximately 24% of total compensation comes from base salaries. See Compensation Analysis and Discussion for more details.

⁽¹⁾ During 1997, the Corporation entered into a nonqualified pension agreement with Mr. Payne in consideration of Mr. Payne's agreement that RPS awards granted in 1995, 1996 and 1997 would be canceled. In January 2000, the Compensation Committee, based on the Corporation's achievement of certain performance goals which had first been established for Mr. Payne's 1995, 1996 and 1997 RPS awards, determined Mr. Payne's annual pension would be \$511,950. The pension will be paid to Mr. Payne for 20 years commencing at age 55.

⁽²⁾ The discount rate used to determine the present value is 6.00%, as used by the Corporation in determining benefit obligations for its post employment retirement benefits as of December 31, 2006. The obligation is an unfunded general obligation of the Corporation.

RPS deferred upon vesting in 2006 were recognized as compensation expense in the Corporation's financial statements prior to 2006 and are therefore excluded from the Summary Compensation Table for Fiscal Year 2006. Non-equity incentive plan compensation deferred in 2006 was earned in 2005 and is therefore excluded from the Summary Compensation Table for Fiscal Year 2006.

(3) Includes change in value of deferred RPS shares, dividends earned on deferred RPS shares, and interest earned on deferred cash compensation. The amounts included in Summary Compensation Table for Fiscal Year 2006 on page 17 are as follows: Ms. Finger \$7,124; Messrs. Thorson \$9,286; Zbacnik \$11,235; and Hansen \$6,559.

(4) Includes dividends paid on deferred RPS shares and delivery of RPS shares pursuant to executives' elections at the time of deferral. Under the Westamerica Bancorporation and Subsidiaries Deferred Compensation Plan (the "Deferred Compensation Plan"), officers and Directors may defer up to 100% of their Director's compensation, salary and/or non-equity incentive compensation (cash bonus) into a nonqualified, unfunded deferred compensation program. The interest rate paid during 2006 was 7.5%. The interest rate may be changed annually. Interest is compounded semi-monthly. Participants chose from the following distribution commencement dates: termination of employment, January 1 following termination of employment, or a specific date at least five years from date of deferral. Payment is made in a lump sum unless the participant chooses a four-year, five-year, or ten-year annual installment.

Under the Deferral Plan, 100% of vested RPS shares may be deferred. Dividends paid on such issued and outstanding shares are paid in cash to the deferral participants, and are paid at the same rate as is paid to all other Shareholders. The distribution of deferred shares occurs at least two years after deferral, one month following termination, or the January 1 immediately following termination as elected by the participant at the time of deferral.

Potential Payments Upon Termination or Change In Control

Payments to be made to the named executive officers in the event of termination of employment or change in control are described below.

Termination

Vested options may be exercised within 90 days of termination and within one year of death or disability.

Deferred compensation account balances are distributed upon termination, the January 1 following termination, or a specific date at least five years from the date of deferral. Payment is made in a lump sum or in annual payments for four, five or ten years as elected by the participant at the time of deferral. RPS deferrals are delivered two years from date of deferral, one month following termination, or the January 1 immediately following termination as elected by the participant at the time of deferral.

Change in Control

A change in control is defined under the Amended Stock Option Plan as Shareholder approval of a dissolution or liquidation of the Corporation or a sale of substantially all of the Corporation's assets to another corporation, or a tender offer for 5% or more of the Corporation's outstanding common stock.

In the event of a change in control, unvested NQSOs and RPS immediately vest. The value of in-the-money options and RPS subject to accelerated vesting for each of the named executive officers is as follows: Ms. Finger: \$398,264; Messrs. Payne: \$85,000, Thorson: \$289,235, Zbacnik: \$323,236, and Hansen: \$106,274. The value is computed by multiplying the difference between the market value on December 29, 2006, the last business day of 2006, and the exercise price of each option by the number of shares subject to accelerated vesting.

Under the Company's Severance Payment Plan executive officers receive six weeks pay for every year or partial year of service up to a maximum of one year's base salary (see Summary Compensation Table for Fiscal Year 2006 for annual base salary for all named executive officers). All named executive officers have met the service requirement for one year's base salary. Severance pay is paid on a semi-monthly basis, but a lump sum may be paid at the discretion of the Corporation.

Certain Relationships and Related Party Transactions

In accordance with the Audit Committee Charter, the Audit Committee is responsible for reviewing and approving or disapproving all related party transactions required to be disclosed by Item 404 of Regulation S-K for potential conflicts of interest. Additionally, the Corporation's Code of Conduct and Ethics provides rules that restrict transactions with affiliated persons.

Certain of the Directors, executive officers and their associates have had banking transactions with subsidiaries of the Corporation in the ordinary course of business. With the exception of the Corporation's Employee Loan Program, all outstanding loans and commitments included in such transactions were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, did not involve more than a normal risk of collectibility, and did not present other favorable features. As part of the Employee Loan Program, all employees, including executive officers, are eligible to receive mortgage loans at one percent (1%) below Westamerica Bank's prevailing interest rate at the time of loan origination. All loans to executive officers under the Employee Loan Program are made by Westamerica Bank in compliance with the applicable restrictions of Section 22(h) of the Federal Reserve Act.

INDEPENDENT AUDITORS

The Audit Committee intends to appoint KPMG LLP (KPMG) as the Corporation's independent auditors for the 2007 fiscal year. KPMG has served as auditors of the Corporation since 1987. In making the determination to reappoint KPMG as the Corporation's independent auditors, the Audit Committee will consider whether the providing of services by KPMG, other than audit services, is compatible with maintaining the independence of the outside auditors.

The Corporation expects representatives of KPMG to attend the Annual Meeting of Shareholders. KPMG will respond to appropriate questions from Shareholders and have the opportunity to make a statement if they desire to do so.

Audit Fees

The aggregate fees billed to the Corporation by KPMG with respect to services performed for fiscal 2006 and 2005 are as follows:

	2006	2005
Audit fees ⁽¹⁾	\$ 790,900	\$ 800,000

Pre-Approval Policies and Procedures

The Audit Committee is responsible for the appointment, compensation, retention and oversight of the work of any public accounting firm engaged by the Corporation for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Corporation. Any accounting firm appointed by the Corporation reports directly to the Audit Committee.

The Audit Committee must pre-approve all auditing services and permitted non-audit services by its independent auditors and the fees to be paid by the Corporation for these services, except for those fees qualifying for the de minimis exception which provides that the pre-approval requirement for certain non-audit services may be waived if certain expressed standards and requirements are satisfied prior to completion of the audit. During fiscal year 2006, there were no non-audit services that were approved using this exception.

The Audit Committee may delegate to one or more members of the committee the authority to grant pre-approvals of non-audit services and fees. In such event, the decisions of the member or members of the committee regarding pre-approvals are presented to the full Audit Committee at its next meeting. The Audit Committee pre-approved 100% of all services performed on behalf of the Corporation by KPMG during fiscal year 2006.

⁽¹⁾ Audit fees consisted of fees billed by KPMG for professional services rendered for the audit of the Corporation's consolidated financial statements, reviews of the consolidated financial statements included in the Corporation's quarterly reports on Form 10-Q, and the audit of the Corporation's internal controls over financial reporting in 2006. The audit fees also relate to services such as consents, and audits of mortgage banking subsidiaries during fiscal 2006 and 2005.

AUDIT COMMITTEE REPORT

The material in this report is not soliciting material and is not deemed filed with the SEC. It is not incorporated by reference in any of the Corporation's filings under the Securities Act of 1933 or the Exchange Act, whether made in the past or in the future even if any of those filings contain any general incorporation language.

The Audit Committee is composed of four Directors who are neither officers nor employees of the Corporation, and who meet the NASDAQ independence requirements for Audit Committee members. The Audit Committee selects, appoints and retains the Corporation's independent auditors and is responsible for their compensation and oversight.

In performing its functions, the Audit Committee acts only in an oversight capacity and necessarily relies on the work and assurances of the Corporation's management, which has the primary responsibility for financial statements and reports, and of the independent auditors. The auditors express an opinion on the conformity of the Corporation's annual financial statements to generally accepted accounting principles. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited consolidated financial statements for the fiscal year 2006 and discussed them with management and with KPMG, the Corporation's independent auditors.

Management represented to the Audit Committee that the Corporation's consolidated financial statements were prepared in accordance with generally accepted accounting principles. Management also represented that it performed an assessment of the effectiveness of internal control over financial reporting as of December 31, 2006, and that internal control over financial reporting was effective. The Audit Committee discussed with the auditors matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees) as amended, including the auditors' judgment about the quality as well as the acceptability of the Corporation's accounting principles, as applied in its financial reporting.

The auditors also provided to the Audit Committee the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with the Audit Committees). The Audit Committee discussed with auditors the firm's independence.

Based on the Audit Committee's discussion with management and the independent auditors, the Audit Committee's review of the representations of management and the report of the independent auditors to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2006, for filing with the SEC.
