PROXY STATEMENT

INFORMATION CONCERNING VOTING AND SOLICITATION

General

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (the **Board**) of Digital Realty Trust, Inc., a Maryland corporation (the **Company**), of proxies to be exercised at the 2010 Annual Meeting of Stockholders (the **Annual Meeting**) to be held on Tuesday, April 27, 2010, at 10:30 a.m., local time, or at any postponement or adjournment thereof, for the purposes discussed in this Proxy Statement and in the accompanying Notice of 2010 Annual Meeting of Stockholders. Proxies are solicited to give all stockholders of record at the close of business on March 8, 2010 (the **Record Date**) an opportunity to vote on matters properly presented at the Annual Meeting. The Annual Meeting will be held at 560 Mission Street, 20th Floor conference center (the **Market Room**), San Francisco, CA 94105.

Pursuant to the rules of the United States Securities and Exchange Commission (the **SEC**), we have elected to provide access to our proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (a **Notice**) to our stockholders of record, while brokers and other nominees who hold shares on behalf of beneficial owners will be sending their own similar Notice. All stockholders will have the ability to access proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to request a printed copy by mail or electronically may be found on the Notice and on the website referred to in the Notice, including an option to request paper copies on an ongoing basis. We intend to make this Proxy Statement available on the Internet on or about February 26, 2010 and to mail the Notice to all stockholders entitled to vote at the Annual Meeting on or about March 17, 2010. We intend to mail this Proxy Statement, together with a proxy card, to those stockholders entitled to vote at the Annual Meeting who have properly requested paper copies of such materials, within three business days of such request.

Who Can Vote

You are entitled to vote if you were a stockholder of record of the Company's Common Stock, par value \$.01 per share (the **Common Stock**), as of the Record Date. Your shares can be voted at the Annual Meeting only if you are present in person or represented by a valid proxy.

Quorum

A majority of the outstanding shares of Common Stock represented in person or by proxy will constitute a quorum at the Annual Meeting. As of February 16, 2010, 77,881,924 shares of Common Stock were outstanding.

Voting of Shares

Stockholders of record as of the Record Date are entitled to one vote for each share of Common Stock held on all matters to be voted upon at the meeting. You may vote by attending the Annual Meeting and voting in person. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote in person at the meeting, you must obtain a proxy issued in your name from such broker, bank or other nominee. If you choose not to attend the Annual Meeting, you may still authorize your proxy via the Internet, by telephone or by mailing a proxy card.

Edgar Filing: Digital Realty Trust, Inc. - Form DEF 14A

All shares entitled to vote and represented by properly executed proxies received before the polls are closed at the Annual Meeting, and not revoked or superseded, will be voted at the Annual Meeting in accordance with the instructions indicated on those proxies. YOUR VOTE IS IMPORTANT.

Proxy Card and Revocation of Proxy

If you sign a proxy card but do not specify how you want your shares to be voted, your shares will be voted by the proxy holders named in the enclosed proxy in favor of the election of all of the director nominees and in favor of ratifying the selection of KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2010. In their discretion, the proxy holders named in the enclosed proxy are authorized to vote on any other matters that may properly come before the Annual Meeting and at any postponement or adjournment thereof. The Board knows of no other items of business that will be presented for consideration at the Annual Meeting other than those described in this Proxy Statement. In addition, no stockholder proposals or nominations were received on a timely basis pursuant to the Company's Second Amended and Restated Bylaws (the "Bylaws"), so no such matters may be brought to a vote at the Annual Meeting.

If you vote your shares by authorizing a proxy, you may revoke your proxy authorization at any time before it is voted at the Annual Meeting. You may revoke your proxy by sending to the Company's Secretary at the Company's principal executive office at 560 Mission Street, Suite 2900, San Francisco, California 94105, a written notice of revocation, or by delivering by mail, by telephone, via the Internet or in person a duly executed proxy bearing a later date, or by attending the Annual Meeting in person and voting in person. Attendance at the meeting will not, by itself, revoke a proxy.

Counting of Votes

All votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes and abstentions. Shares held by persons attending the Annual Meeting but not voting, shares represented by proxies that reflect abstentions as to a particular proposal and broker non-votes will be counted as present for purposes of determining a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner has not received instructions from the beneficial owner and does not have or chooses not to exercise discretionary authority to vote the shares.

In order to be elected as a director, a nominee must receive a plurality of the votes cast at the Annual Meeting at which a quorum is present. For purposes of calculating votes cast in the election of directors, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote on the election of the directors. The affirmative vote of a majority of the votes cast at the Annual Meeting at which a quorum is present is required for ratifying the selection of KPMG LLP as our independent registered public accounting firm. For purposes of the vote on ratifying the selection of KPMG LLP as our independent registered public accounting firm, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote.

Solicitation of Proxies

We will bear the entire cost of soliciting proxies. We may reimburse banks, brokerage houses, fiduciaries and custodians holding shares of our Common Stock in their names for their expenses incurred in forwarding the solicitation materials to beneficial owners. Solicitation of proxies may be supplemented by telephone, facsimile, electronic mail or personal solicitation by directors, officers or employees of the Company. No additional compensation will be paid to directors, officers or employees for such services.

Attendance at the Annual Meeting

In order to attend the Annual Meeting, you will need proof of ownership of our Common Stock as of the Record Date. If you hold your shares in street name (such as through a bank or broker), you should bring your statement showing your beneficial ownership of our Common Stock in order to be admitted to the meeting.

NO PERSON IS AUTHORIZED ON BEHALF OF THE COMPANY TO GIVE ANY INFORMATION OR TO MAKE ANY REPRESENTATIONS WITH RESPECT TO THE PROPOSALS OTHER THAN THE INFORMATION AND REPRESENTATIONS CONTAINED IN THIS PROXY STATEMENT, AND, IF

GIVEN OR MADE, SUCH INFORMATION AND/OR REPRESENTATIONS MUST NOT BE RELIED UPON AS HAVING BEEN AUTHORIZED. THE DELIVERY OF THIS PROXY STATEMENT SHALL UNDER NO CIRCUMSTANCES CREATE ANY IMPLICATION THAT THERE HAS BEEN NO CHANGE IN THE AFFAIRS OF THE COMPANY SINCE THE DATE HEREOF.

ITEM 1 ELECTION OF DIRECTORS

Under the Company's charter and the Bylaws, each member of the Board serves for a one-year term and until his or her successor is duly elected and qualifies or until his or her earlier death, resignation or removal. Vacancies on the Board may be filled only by individuals elected by the affirmative vote of a majority of the remaining directors, even if the remaining directors do not constitute a quorum. A director elected by the Board to fill a vacancy (including a vacancy created by an increase in the size of the Board) will serve for the remainder of the full term of the directorship and until such director's successor is duly elected and qualifies, or until such director's earlier death, resignation or removal.

Directors are elected by a plurality of the votes cast at the Annual Meeting, which means the seven nominees who receive the largest number of properly cast votes will be elected as directors. Each share of Common Stock is entitled to one vote for each of the seven director nominees. Cumulative voting is not permitted. It is the intention of the proxy holders named in the enclosed proxy to vote the proxies received by them for the election of the nominees named below unless authorization to do so is withheld. If any nominee should become unavailable for election prior to the Annual Meeting, an event which currently is not anticipated by the Board, the proxies will be voted for the election of a substitute nominee or nominees proposed by the Board.

Richard A. Magnuson, Michael F. Foust, Laurence A. Chapman, Kathleen Earley, Ruann F. Ernst, Ph.D., Dennis E. Singleton and Robert H. Zerbst are all of our nominees for election to the Board. Each nominee has consented to be named in this Proxy Statement and to serve as a director if elected, and management has no reason to believe that any nominee will be unable to serve. The information below relating to the nominees for election as director has been furnished to the Company by the respective individuals.

New York Stock Exchange (NYSE) listing standards require NYSE-listed companies to have a majority of independent board members and a nominating and corporate governance committee, compensation committee and audit committee each composed solely of independent directors. Under the NYSE listing standards, no director of a company qualifies as independent unless the board of directors of such company affirmatively determines that the director has no material relationship with such company (either directly or as a partner, stockholder or officer of an organization that has a relationship with such company).

In addition, the NYSE listing standards provide that a director is not independent if:

- (i) the director is, or has been within the last three years, an employee of the listed company, or an immediate family member is, or has been within the last three years, an executive officer of the listed company;
- (ii) the director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from the listed company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);
- (iii) (A) the director is a current partner or employee of a firm that is the company's internal or external auditor; (B) the director has an immediate family member who is a current partner of such a firm; (C) the director has an immediate family member who is a current employee of such a firm and personally works on the listed company's audit; or (D) the director or an immediate family member was within the last three years a partner or employee of such a firm and personally worked on the listed company's audit within that time;
- (iv) the director or an immediate family member is, or has been with the last three years, employed as an executive officer of another company where any of the listed company's present executive officers at the same time serves or served on that company's compensation committee; or
- (v) the director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the listed company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.

The Board by resolution has affirmatively determined that, based on the standards set forth in NYSE rules and our corporate governance documents, all nominees for election to the Board at the 2010 Annual Meeting are independent (the Independent Directors), except for Messrs. Magnuson and Foust.

Board Meetings

The Board held eight meetings and the Independent Directors met in executive session four times during 2009. At each executive session of our Independent Directors, a presiding director is selected by a majority of the directors present if those directors deem it necessary. The number of meetings for each Board committee is set forth below under the heading Board Committees. During the year ended December 31, 2009, all of the directors attended at least 75% of the total number of meetings of the Board and of the committees on which they served. All of the then-current directors attended the 2009 Annual Meeting, and the Board expects all current directors to attend the 2010 Annual Meeting barring unforeseen circumstances or unresolvable conflicts.

Board Committees

Audit Committee

Our Audit Committee has been established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the Exchange Act). The function of the Audit Committee is to assist the Board with its oversight responsibilities regarding: (i) the integrity of our financial statements, (ii) our compliance with legal and regulatory requirements, (iii) the independent registered public accounting firm's qualifications and independence and (iv) the performance of our internal audit function and independent registered public accounting firm. The Audit Committee selects, assists and meets with the independent registered public accounting firm, oversees each annual audit and quarterly review, establishes and maintains our internal audit controls and prepares the report that federal securities laws require be included in our annual Proxy Statement. The Audit Committee carries out its responsibilities in accordance with the terms of our Audit Committee Charter, which is located on our website at <http://www.digitalrealtytrust.com> and is available in print to any stockholder who requests it by writing to our Secretary, as provided for in Board Governance Documents. Mr. Chapman is Chair and Ms. Ernst and Mr. Singleton are members of the Audit Committee. The Board has determined that Mr. Chapman is an audit committee financial expert as defined by the SEC. The Audit Committee meets the NYSE composition requirements, including the requirements dealing with financial literacy and financial sophistication. The Audit Committee is composed of Independent Directors under the current NYSE listing standards. Such directors also satisfy the independence requirements of Section 10A-3(m) of the Exchange Act and Rule 10A-3(b)(i). During 2009, the Audit Committee met five times.

Before the Company's independent registered public accounting firm is engaged by the Company or its subsidiaries to render audit or non-audit services, the Audit Committee is required to pre-approve the engagement. Audit Committee pre-approval of audit and non-audit services will not be required if the engagement for the services is entered into pursuant to pre-approval policies and procedures established by the Audit Committee regarding the Company's engagement of the independent registered public accounting firm, provided the policies and procedures are detailed as to the particular service, the Audit Committee is informed of each service provided and such policies and procedures do not include delegation of the Audit Committee's responsibilities under the Exchange Act to the Company's management. Audit Committee pre-approval of non-audit services (other than review and attest services) also will not be required if such services fall within available exceptions established by the SEC and approval of such services before the completion of the audit is obtained. The Audit Committee may delegate to one or more designated members of the Audit Committee the authority to grant pre-approvals, provided such approvals are presented to the Audit Committee at a subsequent meeting. The Audit Committee delegated the authority to grant pre-approvals to Mr. Chapman, the chair of the Audit Committee.

Information regarding the specific functions performed by the Audit Committee is set forth below in Audit Matters Audit Committee Report.

Compensation Committee

Our Compensation Committee establishes, reviews, modifies and approves the compensation and benefits of our named executive officers, administers the First Amended and Restated Digital Realty Trust, Inc., Digital Services, Inc. and Digital Realty Trust, L.P. 2004 Incentive Award Plan, as amended (the Incentive Award

Plan), and any other incentive programs and produces an annual report on executive compensation for inclusion in our Proxy Statement. Our Compensation Committee Charter is located on our website at <http://www.digitalrealtytrust.com> and is available in print to any stockholder who requests it by writing to our Secretary, as provided for in Board Governance Documents. Mr. Singleton is Chair and Ms. Earley, Ms. Ernst and Mr. Zerbst (effective 2010) are members of the Compensation Committee. All members of the Compensation Committee are Independent Directors. During 2009, the Compensation Committee met six times.

The Compensation Committee exercises all powers delegated to it by the Board related to compensation matters, including approval of incentive compensation and administration of benefit plans for employees of the Company. The Compensation Committee has authority to grant awards under our Incentive Award Plan. The Compensation Committee is primarily responsible for determining cash and non-cash compensation for our Chief Executive Officer, Chief Financial Officer, Chairman and other named executive officers.

In fulfilling its responsibilities, the Compensation Committee may delegate any or all of its responsibilities to a subcommittee of the Compensation Committee, except for:

the review and approval of compensation for our Chief Executive Officer and all other named executive officers;

the management or review of all annual bonus, long-term incentive compensation, stock option, employee pension or welfare benefit plans; and

any matters that involve executive compensation or any matters where the Compensation Committee has determined such compensation is intended to comply with Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), by virtue of being approved by a committee of outside directors or is intended to be exempt from Section 16(b) under the Exchange Act pursuant to Rule 16b-3 by virtue of being approved by a committee of non-employee directors.

To aid the Compensation Committee in making its determination, management provides recommendations annually to the Compensation Committee regarding the compensation of all named executive officers. Each named executive officer participates in an annual performance review either with the Board, in the case of our Chairman and our Chief Executive Officer, or with our Chief Executive Officer, in the case of all other named executive officers, to obtain input about their contributions to our success for the period being assessed. The performance of our named executive officers is also reviewed annually by the Compensation Committee.

For 2009, the Compensation Committee retained the services of Watson Wyatt Worldwide, Inc., now known as Towers Watson & Co. (Watson Wyatt), a human capital consulting firm, to serve as the Compensation Committee's independent compensation consultant. Watson Wyatt was engaged to assist the Compensation Committee, among other things, in conducting and presenting the annual review of the total compensation packages for our executive officers, including base salary, total cash compensation, target bonuses, long term incentives and total direct compensation; performing equity dilution and overhang analysis; assessing the current annual incentive plan; assessing the current potential value of long-term incentives for executives and modifying/designing a plan for 2009 and future awards; understanding trends and best practices to carry out the Compensation Committee's duties; aligning and testing performance-related pay; and understanding stakeholder interests.

Nominating and Corporate Governance Committee

We have a standing Nominating and Corporate Governance Committee, whose function is to assist the Board in discharging the Board's responsibilities regarding (i) the identification of qualified candidates to become Board members, (ii) the selection of nominees for election as directors, (iii) the selection of candidates to fill any vacancies on the Board, (iv) the development and recommendation to the Board of a set of corporate governance guidelines and principles applicable to the Company and (v) oversight of the evaluation of the Board and management. Our Nominating and Corporate Governance Committee Charter is located on our website at <http://www.digitalrealtytrust.com> and is available in print to any stockholder who requests it by writing to our

Secretary, as provided for in Board Governance Documents. Ms. Earley is Chair and Ms. Ernst, Mr. Chapman and Mr. Zerbst (effective 2010) are members of the Nominating and Corporate Governance Committee. All members of the Nominating and Corporate Governance Committee are Independent Directors. During 2009, the Nominating and Corporate Governance Committee met three times. Further information regarding the Nominating and Corporate Governance Committee is set forth below in Qualifications of Director Nominees, Nominating and Corporate Governance Committee's Process for Considering Director Nominees and Manner by which Stockholders May Recommend Director Nominees.

Qualifications of Director Nominees

The Nominating and Corporate Governance Committee has not set forth minimum qualifications for Board nominees. However, pursuant to its charter, in identifying candidates to recommend for election to the Board, the Nominating and Corporate Governance Committee considers the following criteria:

- (i) personal and professional integrity, ethics and values;
- (ii) experience in corporate governance, for example as an officer or former officer of a publicly held company;
- (iii) experience in the Company's industry;
- (iv) experience as a board member of another publicly held company;
- (v) academic expertise in an area of the Company's operations; and
- (vi) practical and mature business judgment, including an ability to make independent analytical inquiries.

Nominating and Corporate Governance Committee's Process for Considering Director Nominees

The Nominating and Corporate Governance Committee, at least annually, evaluates the performance of each current director and considers the results of such evaluation when determining whether to recommend the nomination of such director for an additional term. At an appropriate time prior to each annual meeting at which directors are to be elected or re-elected, the Nominating and Corporate Governance Committee recommends to the Board for nomination by the Board such candidates as the Nominating and Corporate Governance Committee, in the exercise of its judgment, has found to be well qualified and willing and available to serve.

At an appropriate time after a vacancy arises on the Board or a director advises the Board of his or her intention to resign, the Nominating and Corporate Governance Committee recommends to the Board for election by the Board to fill such vacancy, such prospective member of the Board as the Nominating and Corporate Governance Committee, in the exercise of its judgment, has found to be well qualified and willing and available to serve. In determining whether a prospective member is qualified to serve, the Nominating and Corporate Governance Committee will consider the factors listed above in Qualifications of Director Nominees.

The foregoing notwithstanding, if the Company is legally required by contract or otherwise to permit a third party to designate one or more of the director nominees to be elected (for example, pursuant to rights contained in the Articles Supplementary of each class of our outstanding preferred stock, voting together, to elect two directors upon a dividend default), then the nomination or election of such directors will be governed by such requirements. Additionally, recommendations received from stockholders will be considered and are subject to the same criteria as are candidates nominated by the Nominating and Corporate Governance Committee.

Manner by which Stockholders May Recommend Director Nominees

The Nominating and Corporate Governance Committee will consider director nominees recommended by stockholders of the Company. All recommendations must be directed to Kathleen Earley, Chair of the Nominating and Corporate Governance Committee, care of A. William Stein, Secretary, Digital Realty Trust, Inc., 560 Mission Street, Suite 2900, San Francisco, California 94105. Recommendations for director nominees to be considered at the

2011 Annual Meeting must be received in writing not later than 5:00 p.m., Pacific Time, on October 29, 2010 and not earlier than September 29, 2010. In the event that the date of the 2011 Annual Meeting is advanced or delayed by more than 30 days from the first anniversary of the date of the 2010 Annual Meeting, notice by the stockholder must be received not earlier than the 150th day prior to the date of the meeting and not later than 5:00 p.m., Pacific Time, on the later of the 120th day prior to the date of the meeting or the 10th day following the date of the first public announcement of the meeting. Each stockholder recommending a person as a director candidate must provide the Company with the following information for the Nominating and Corporate Governance Committee to determine whether the recommended director candidate is independent from the stockholder, or each member of the stockholder group, that has recommended the director candidate:

If the recommending stockholder or any member of the recommending stockholder group is a natural person, whether the recommended director candidate is the recommending stockholder, a member of the recommending stockholder group or a member of the immediate family of the recommending stockholder or any member of the recommending stockholder group;

If the recommending stockholder or any member of the recommending stockholder group is an entity, whether the recommended director candidate or any immediate family member of the recommended director candidate is, or has been at any time during the current or preceding calendar year, an employee of the recommending stockholder or any member of the recommending stockholder group;

Whether the recommended director candidate or any immediate family member of the recommended director candidate has accepted, directly or indirectly, any consulting, advisory or other compensatory fees from the recommending stockholder or any member of the group of recommending stockholders, or any of their respective affiliates, during the current or preceding calendar year;

Whether the recommended director candidate is an executive officer or director (or person fulfilling similar functions) of the recommending stockholder or any member of the recommending stockholder group, or any of their respective affiliates; and

Whether the recommended director candidate controls the recommending stockholder or any member of the recommending stockholder group.

The recommending stockholder must also provide supplemental information that the Nominating and Corporate Governance Committee may request to determine whether the recommended director candidate (i) is qualified to serve on the Audit Committee, (ii) meets the standards of an independent director and (iii) satisfies the standards for our directors set forth above in Qualifications of Director Nominees. In addition, the recommending stockholder must include the consent of the recommended director candidate in the information provided to the Company and the recommended director candidate must make himself or herself reasonably available to be interviewed by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee will consider all recommended director candidates submitted to it in accordance with these established procedures, though it will only recommend to the Board as potential nominees those candidates it believes are most qualified. However, the Nominating and Corporate Governance Committee will not consider any director candidate if the candidate's candidacy or, if elected, Board membership, would violate controlling state law or federal law.

Stockholder and Interested Party Communications with the Board

Stockholders and interested parties may send correspondence directed to the Board, care of Joshua A. Mills, General Counsel and Assistant Secretary, Digital Realty Trust, Inc., 560 Mission Street, Suite 2900, San Francisco, California 94105. Mr. Mills will review all correspondence addressed to the Board, or any individual Board member, for any inappropriate correspondence and correspondence more suitably directed to management. Mr. Mills will summarize all correspondence not forwarded to the Board and make the correspondence available to the Board for its review at the Board's request. Mr. Mills will forward stockholder communications to the Board prior to the next regularly scheduled meeting of the Board following the receipt of the communication, as appropriate. Correspondence intended for our Independent Directors as a group should be addressed to the Company at the address above, Attention: Independent Directors.

ITEM 2 RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has selected KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2010 and has further directed that management submit the selection of KPMG LLP for ratification by the stockholders at the Annual Meeting. KPMG LLP has audited the Company's financial statements since the Company's inception in 2004. A representative of KPMG LLP is expected to be present at the Annual Meeting and will have an opportunity to make a statement if he or she so desires and will be available to respond to appropriate questions.

Stockholder ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm is not required by the Bylaws or otherwise. However, the Board is submitting the selection of KPMG LLP to the stockholders for ratification as a matter of corporate practice. If the stockholders fail to ratify the selection, the Audit Committee may reconsider whether or not to retain KPMG LLP in the future. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company.

The affirmative vote of a majority of the votes cast at the Annual Meeting on the matter is required to ratify the selection of KPMG LLP as our independent registered public accounting firm.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFYING THE SELECTION OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2010.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis section discusses the compensation policies and programs for our named executive officers, which consist of our Chief Executive Officer, our Chief Financial Officer and our three other most highly compensated executive officers, as determined under the rules of the SEC.

Overview of Our Executive Compensation Program

Objectives of Our Executive Compensation Program

The Compensation Committee is responsible for establishing, modifying and approving the compensation program for our executive officers. The objective of our executive compensation program is to attract, retain and motivate experienced and talented executives who can help maximize stockholder value. We believe that a significant portion of the compensation paid to executive officers should be closely aligned with our performance on both a short-term and long-term basis. In order to achieve this objective, in addition to annual base salaries, our executive compensation program uses a combination of annual incentives through cash bonuses and long-term incentives through equity-based compensation. We use equity-based awards as long-term incentives because we view our company-wide performance and growth as the relevant long-term metric, while our annual cash awards can be targeted to reward the attainment of narrower, short-term performance objectives. The program is intended to encourage high performance, promote accountability and ensure that the interests of the executives are aligned with the interests of our stockholders by linking a significant portion of executive compensation directly to achievement of corporate goals and increases in stockholder value. We seek to provide total compensation to our executive officers that is competitive with the total compensation paid by comparable REITs and other real estate companies in our peer group, as discussed in more detail below.

The following are our principal objectives in establishing compensation for executive officers:

Attract and retain individuals with superior ability, managerial talent and leadership capability;

Ensure that executive officer compensation is aligned with our corporate strategies, business objectives and the long-term interests of our stockholders;

Incentivize management to achieve key strategic and financial performance measures by linking incentive award opportunities to the achievement of performance goals in these areas; and

Enhance the officers' incentive to increase our stock price and maximize stockholder value, as well as promote retention of key executives, by providing a portion of total compensation opportunities for senior management in the form of direct ownership in our Company through equity awards, including awards of long-term incentive units in our operating partnership.

Elements of Compensation

The major elements of compensation for our named executive officers are (1) a base salary, intended to provide a stable annual income for each executive officer at a level consistent with such officer's individual contributions, (2) annual cash performance bonuses, intended to link each executive officer's compensation to the Company's performance and to such officer's performance, and (3) long-term compensation, which includes grants of long-term incentive units in our operating partnership and other equity-based compensation intended to encourage actions to maximize stockholder value. Each of these elements is discussed in more detail below.

Our named executive officers are also entitled to certain benefits upon a change in control of the Company, including severance benefits and full vesting of all long-term incentive units (other than certain performance-based vesting units that have not met their performance-based vesting requirement) and stock options. We provide these benefits to our named executive officers in order to give them the personal security and stability

necessary for them to focus on the performance of their duties and responsibilities to us and to encourage retention through a potential change in control. These items are described below under Executive Compensation Potential Payments upon Termination or Change in Control.

We believe that each of these elements plays an important role in our overall executive compensation program and together serve to achieve our compensation objectives. The Compensation Committee allocates total compensation between the cash components and equity compensation based on review of the practices of our peer group, while considering the balance among providing stability, short-term incentives and long-term incentives to align the interests of management with our stockholders. In 2009, the percentage of salary and cash bonus (including annual cash incentive awards paid under our Incentive Award Plan) to total compensation ranged from 40% to 65% for our named executive officers and is set forth for each named executive officer in footnote 6 to our Summary Compensation Table below.

Determination of Compensation Awards

The Compensation Committee annually reviews and determines the total compensation to be paid to our named executive officers. Our management, after reviewing competitive market data and advice from compensation consultants engaged by the Compensation Committee, makes recommendations regarding the compensation packages for our officers. The Compensation Committee in its review of these recommendations and in establishing the total compensation for each of our named executive officers considers several factors, including each executive's roles and responsibilities, each executive's performance, any significant accomplishments of the executive, our financial and operating performance and competitive market data applicable to each executive's position and functional responsibilities.

Competitive Market Data and Compensation Consultant

In December 2008 and January and February 2009, the Compensation Committee reviewed the salary, bonus and equity compensation paid to our named executive officers and directors. In conducting this review, the Compensation Committee retained the services of Watson Wyatt as the Compensation Committee's independent compensation consultant. Watson Wyatt does not provide any other services to our Company.

For its consulting services, Watson Wyatt was instructed to review the Company's existing compensation program, provide current data with regard to industry trends, provide information regarding long-term compensation plan alternatives, identify and provide commentary on a peer group and provide cash and equity incentive award information for the peer group and to provide recommendations as to possible modification to the design and implementation of the long-term incentive program.

Peer Group Review

The Compensation Committee reviews total cash and long-term compensation levels against those of our peer group companies in order to ensure executive compensation is set at levels that will attract and motivate qualified executives while rewarding performance based on corporate objectives. However, the Compensation Committee does not target compensation levels against any particular percentile within our peer group of companies. The Compensation Committee sets compensation levels for each executive officer on the basis of several factors, including the executive officer's level of experience, tenure with the Company, competitive market data applicable to the executive officer's positions and functional responsibilities, the performance of the executive officer and our Company's annual and long-term performance.

The peer group used to review 2009 base salaries, bonus targets and long-term equity awards consisted of the following 23 companies: Alexandria Real Estate Equities, Inc., AMB Property Corporation, AvalonBay Communities, Inc., BioMed Realty Trust, Inc., Boston Properties, Inc., Brandywine Realty Trust, CBL & Associates Properties Inc., Corporate Office Properties Trust Inc., Duke Realty Corporation, DuPont Fabros

Technology, Inc., Essex Property Trust, Inc., Federal Realty Investment Trust, Health Care REIT, Inc., Kilroy Realty Corporation, KIMCO Realty Corporation, Lexington Realty Trust, Liberty Property Trust, Mack-Cali Realty Corporation, Nationwide Health Properties, Inc., PS Business Parks, Inc., Simon Property Group, Inc., Washington Real Estate Investment Trust and Weingarten Realty Investors. In reviewing Mr. Magnuson's 2009 base salary, bonus targets and long-term incentive awards, we did not rely on information from the peer group, in part because we did not expect to, nor did we, modify Mr. Magnuson's compensation levels (except for a minimal increase to Mr. Magnuson's base salary which was generally provided to all employees without regard to performance and market criteria), and in part because it is difficult to identify positions within the peer group that are truly comparable to Mr. Magnuson's position of Chairman of our Board.

In order to review 2009 base salaries, bonus targets and long-term incentive awards, we adjusted our 2008 peer group. Additions to and deletions from our peer group resulted from an in-depth review of our 2008 peer group with advice from our compensation consultant. The Compensation Committee and management, along with the consultant, reviewed a wide array of publicly-traded REITs and co-location service providers in order to select appropriate and comparable peers based on their industries, their business focus and their size, as measured by sales, market capitalization and enterprise value. Based on this review, we deleted the following companies from our peer group: Akamai Technologies, Inc., Equinix, Inc., Healthcare Realty Trust Incorporated, Infospace, Inc., Internap Network Services Corporation, Switch & Data Facilities Company, Inc., Savvis, Inc. and Terremark Worldwide, Inc. In addition, we added the following companies to our peer group: AMB Property Corporation, AvalonBay Communities, Inc., Boston Properties, Inc., Essex Property Trust, Inc., Federal Realty Investment Trust, Health Care REIT, Inc., PS Business Parks, Inc., Simon Property Group, Inc., Washington Real Estate Investment Trust and Weingarten Realty Investors.

Annual Performance Reviews

To aid the Compensation Committee in setting base salaries, cash incentive targets and long-term equity awards, management provides recommendations annually to the Compensation Committee regarding the compensation of all named executive officers. The Board annually reviews the performance of our Chairman and our Chief Executive Officer, and our Chief Executive Officer reviews the performance of the remaining named executive officers. All of these reviews are presented to the Compensation Committee to provide input about their contributions to our success for the period being assessed.

Description of Individual Elements of Compensation

During the year ended December 31, 2009, compensation for our named executive officers was composed of base salary, annual performance-based cash bonuses and equity compensation awards.

Annual Base Salary

We provide named executive officers and other employees with base salaries to compensate them for services rendered each year. Base salaries comprise the stable part of the compensation program that is not dependent on our performance. This compensation element is necessary to provide the financial certainty that our executives seek when they are considering whether to join or remain with our Company. Our Compensation Committee approved new base salaries for each of our named executive officers in February 2009. The new base salaries became effective in March 2009. The base salaries for 2009 were determined based in part on the analysis by Watson Wyatt of the compensation practices of companies in our peer group. The Compensation Committee also considered the performance of each of our named executive officers and their contributions to our overall success. Based on their review, the Compensation Committee increased the salaries of our named executive officers for 2009. The 2009 salaries are set forth below under the heading "Executive Compensation Summary Compensation Table."

Annual Incentive Bonuses

Our annual incentive bonus program is structured to reward named executive officers based on our performance and the individual executive's contribution to that performance. Annual incentive bonuses are paid in cash if and to the extent performance objectives established by the Compensation Committee at the beginning of the year are achieved. The Compensation Committee believes that the payment of the annual incentive bonus in cash provides the incentive necessary to retain executive officers and reward them for short-term Company performance.

Each named executive officer's annual incentive bonus opportunity for 2009 was established by our Compensation Committee and is described in Executive Compensation Grants of Plan-Based Awards. Each named executive officer's bonus opportunity provides for target and maximum bonus amounts, expressed as a percentage of base salary. In setting these amounts, our Compensation Committee considers, among other factors, each executive's roles and responsibilities within our Company, the total compensation package associated with that position and competitive market data applicable to that position.

For 2009, the target and maximum bonus amounts, expressed as a percentage of base salary, were 150% and 200% for Mr. Magnuson, 100% and 150% for Mr. Foust, 75% and 100% for Mr. Stein and 100% and 100% for Mr. Peterson. The target bonus for Mr. Crosby was equal to 50% of base salary, plus a bonus based on leasing results up to a maximum of \$300,000.

For 2009, based on the recommendations of management, a review of the Company's business plan and the analysis provided by Watson Wyatt, the Compensation Committee established financial and operating goals and organizational development goals for each named executive officer. The financial and operating goals included funds from operations (FFO) targets, financing objectives, acquisitions targets, leasing and marketing objectives, operations objectives and organizational development objectives. FFO is used by industry analysts and investors as a supplemental performance measure of a REIT. FFO represents net income (loss) available to common stockholders and unitholders (computed in accordance with U.S. GAAP), excluding gains (or losses) from sales of property, real estate-related depreciation and amortization (excluding amortization of deferred financing costs), after adjustments for unconsolidated partnerships and joint ventures. In excluding real estate-related depreciation and amortization and gains and losses from property dispositions, FFO provides a performance measure that, when compared year over year, captures trends in occupancy rates, rental rates and operating costs.

The target and maximum levels of FFO established by the Compensation Committee were \$2.81 and \$2.86, respectively, per diluted share and unit and were equivalent to the midpoint and high end of the range of our initial guidance for 2009. These amounts were set by the Compensation Committee based on a number of factors, including expectations surrounding acquisitions and leasing assumptions, financing assumptions, earnings growth, general economic conditions, real estate and technology fundamentals and other specific circumstances facing the Company. For the purpose of determining bonuses, the Compensation Committee may adjust FFO to exclude profits, losses or expenses which the Compensation Committee determines to be non-recurring to give a more accurate picture of our annual performance. 2009 FFO, as adjusted by the Compensation Committee, was \$2.93 per diluted share and unit. The financing objective included many factors, including those related to ensuring adequate liquidity to comfortably meet our business needs, achieving the lowest cost of capital for market conditions, maximizing risk-adjusted equity returns while maintaining financial flexibility, obtaining debt or equity financing appropriate for business needs, seeking out equity joint venture opportunities for the Company's portfolio assets and ensuring timely and accurate financial reporting, tax and forecasting. The acquisitions target set by the Compensation Committee for 2009 included completion of \$50 to \$100 million of income producing properties at an average cash capitalization rate of 10%, completion of the acquisition of certain redevelopment assets and assistance in underwriting prospective joint venture opportunities for the Company's assets.

For 2009, the Company completed \$196.5 million of income producing properties at a cash capitalization rate in excess of 10.5%. The Company calculates cash capitalization rate by dividing the expected net operating income to be derived from the property by the total purchase price of the property. Net operating income represents rental revenue and tenant reimbursement revenue from the acquired property less rental property operating and maintenance, property taxes and insurance expense. The leasing objective was based on achieving certain leasing targets in 2009. Management met each of the objectives in 2009 and exceeded the maximum FFO target.

The organizational development goals for 2009 included achievement of certain organizational targets, leadership, development and motivation of employees to achieve high performance and to focus on Company goals and the fostering of cross-organizational teamwork. The operations objectives for 2009 included implementation of consistent operations reporting and forecasting, continued implementation of the customer service program and web-based tenant portal and implementation of an appropriate staffing plan. The operations objectives for 2009 also included meeting or exceeding property level operating budgets, meeting or exceeding a portfolio level gross operating margin target and the achievement of tenant retention goals.

The specific financial and operating goals and organizational development goals for each named executive officer were established by the Compensation Committee based on their areas of responsibility. Mr. Foust's bonus was based 70% on financial and operating goals and 30% on organizational development goals. Mr. Stein's bonus was based 80% on financial and operating goals and 20% on organizational development goals. Mr. Peterson's bonus was based 90% on financial and operating goals and 10% on organizational development goals. The portion of Mr. Crosby's bonus that was not based on leasing results was based 80% on financial and operating goals and 20% on organizational development goals. Mr. Magnuson's bonus was based on the same criteria, however, the percentages for each category were not specified.

The Compensation Committee, based in part on the recommendations of management, determined each named executive officer's bonus based on the achievement of the established goals. For 2009, the Compensation Committee determined that all established goals had been achieved or exceeded. Accordingly, the Compensation Committee awarded Mr. Magnuson, Mr. Foust, Mr. Stein and Mr. Peterson their maximum bonus for 2009 plus an additional amount in consideration of their performance under challenging economic conditions.

Equity Incentive Compensation

We have historically granted to our executive officers stock options and long-term incentive units in our operating partnership under our Incentive Award Plan. We believe that a significant portion of the compensation paid to executive officers should be closely aligned with our performance on both a short-term and long-term basis. The Compensation Committee believes that, while our annual bonus program provides awards for positive short-term performance, equity participation creates a vital long-term partnership between executive officers and stockholders. The program is intended to encourage high performance, promote accountability and ensure that the interests of the executives are aligned with the interests of our stockholders by linking a significant portion of executive compensation directly to increases in stockholder value.

2009 Long-Term Incentive Unit Awards

The Compensation Committee believes that long-term incentive units are an effective incentive to retain our executive officers and increase their performance and closely align the interests of our executive officers with the long-term interests of our stockholders. Long-term incentive units may be issued to eligible participants for the performance of services to or for the benefit of our operating partnership. Long-term incentive units, other than class C profits interest units, whether vested or not, receive the same quarterly per-unit distributions as common units in our operating partnership, which equal the per-share distributions on our Common Stock.

Initially, long-term incentive units do not have full parity with common units with respect to liquidating distributions. If such parity is reached, vested long-term incentive units may be converted into an equal number of common units of our operating partnership at any time, and thereafter enjoy all the rights of common units of our operating partnership, including redemption rights.

In order to achieve full parity with common units, long-term incentive units must be fully vested and the holder's capital account balance in respect of such long-term incentive units must be equal to the capital account balance of a holder of an equivalent number of common units. (The capital account balance attributable to each common unit is generally expected to be the same, in part because of the amount credited to a partner's capital account upon their contribution of property to the operating partnership, and in part because the partnership agreement provides, in most cases, that allocations of income, gain, loss and deduction (which will adjust the partners' capital accounts) are to be made to the common units on a proportionate basis. As a result, with respect to a number of long-term incentive units, it is possible to determine the capital account balance of an equivalent number of common units by multiplying the number of long-term incentive units by the capital account balance with respect to a common unit.)

A partner's initial capital account balance is equal to the amount the partner paid (or contributed to the operating partnership) for its units and is subject to subsequent adjustments, including with respect to the partner's share of income, gain or loss of the operating partnership. Because a holder of long-term incentive units generally will not pay for the long-term incentive units, the initial capital account balance attributable to such long-term incentive units will be zero. However, the operating partnership is required to allocate income, gain, loss and deduction to the partners' capital accounts in accordance with the terms of the partnership agreement, subject to applicable Treasury Regulations. The partnership agreement provides that holders of long-term incentive units will receive special allocations of gain in the event of a sale or hypothetical sale of assets of our operating partnership prior to the allocation of gain to the Company or other limited partners with respect to their common units. The amount of such allocation will, to the extent of any such gain, be equal to the difference between the capital account balance of a holder of long-term incentive units attributable to such units and the capital account balance attributable to an equivalent number of common units. If and when such gain allocation is fully made, a holder of long-term incentive units will have achieved full parity with holders of common units. To the extent that, upon an actual sale or a hypothetical sale of the operating partnership's assets as described above, there is not sufficient gain to allocate to a holder's capital account with respect to long-term incentive units, or if such sale or hypothetical sale does not occur, such units will not achieve parity with common units.

The term "hypothetical sale" refers to circumstances that are not actual sales of the Company's assets but that require certain adjustments to the value of the operating partnership's assets and the partners' capital account balances. Specifically, the partnership agreement provides that, from time to time, in accordance with applicable Treasury Regulations, the operating partnership will adjust the value of its assets to equal their respective fair market values, and adjust the partners' capital accounts, in accordance with the terms of the partnership agreement, as if the operating partnership sold its assets for an amount equal to their value. Times for making such adjustments generally include the liquidation of the operating partnership, the acquisition of an additional interest in the operating partnership by a new or existing partner in exchange for more than a de minimis capital contribution, the distribution by the operating partnership to a partner of more than a de minimis amount of partnership property as consideration for an interest in the operating partnership, in connection with the grant of an interest in the operating partnership (other than a de minimis interest) as consideration for the performance of services to or for the benefit of the operating partnership (including the grant of a long-term incentive unit), and at such other times as may be desirable or required to comply with the Treasury Regulations.

The Compensation Committee approves awards of long-term incentive units on the basis of several factors, including the executive officer's total compensation package, the executive officer's roles and responsibilities within our Company, the executive officer's performance, any significant accomplishments of the executive officer, our Company's financial and operating performance and competitive market data applicable to each executive officer's position and functional responsibilities.

On February 24, 2009, the Compensation Committee approved an award of long-term incentive profits interest units in our operating partnership to all of our named executive officers, other than Mr. Magnuson, as set forth below in the "Executive Compensation Grants of Plan-Based Awards" table. The awards were granted to the executives on March 2, 2009. Except for accelerated vesting in the event of a change in control of our

Company, long-term incentive units awarded in 2009 were subject to either time-based vesting or both time-based and performance-based vesting. Each executive received a number of performance-based long-term incentive units equal to 125% of the number of time-based long-term incentive units received by the executive. Based on the recommendations of management and a review of the Company's business plan, the vesting of the performance-based long-term incentive units was based on our achievement of FFO per diluted share and unit results for the fiscal year ended December 31, 2009 (the Performance Condition). The Compensation Committee may adjust FFO to exclude profits, losses or expenses which the Compensation Committee determines to be non-recurring to give a more accurate picture of our annual performance. If our 2009 FFO had been less than \$2.76 per diluted share and unit, none of the long-term incentive units would have satisfied the Performance Condition. If our 2009 FFO per diluted share and unit had been between \$2.76 and \$2.86, then a number of performance-based long-term incentive units equal to between 75% and 125% of the time-based long term incentive units would have satisfied the Performance Condition. Based on our 2009 FFO per diluted share and unit, as adjusted by the Compensation Committee, of \$2.93, all of these long-term incentive units satisfied the Performance Condition. All of the long-term incentive units granted in 2009 are subject to time-based vesting based on the executive's satisfaction of certain service conditions. The time-based service conditions of the awards provide for 20% vesting on each of the first and second anniversaries of the grant date and 30% vesting on each of the third and fourth anniversaries of the grant date, provided the executive continues to be employed with our Company on each anniversary date.

Employment Agreements

We have entered into employment agreements with our named executive officers to help provide stability and security and encourage them to remain with us. These agreements include severance and change in control benefits, among other things. The terms of these severance and change in control arrangements are described below in more detail under the caption Executive Compensation Potential Payments upon Termination or Change in Control. We provide these benefits to our named executive officers in order to give them the personal security and stability necessary for them to focus on the performance of their duties and responsibilities to us and to encourage retention through a potential change in control.

Perquisites

We generally provide our named executive officers with perquisites and other personal benefits that apply uniformly to all of our employees. The Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to named executive officers. In 2009, we provided the named executive officers other than Mr. Magnuson with basic life insurance, medical, dental, vision and disability plan benefits, for which our named executive officers were charged the same rates as all other employees, 401(k) matching funds and parking. We provided Mr. Magnuson with basic life insurance benefits. Other than these standard benefits, we do not provide any other perquisites.

Tax and Accounting Considerations

Internal Revenue Code Section 162(m)

Section 162(m) of the Code disallows a tax deduction for any publicly held corporation for individual compensation of more than \$1.0 million in any taxable year to certain executive officers other than compensation that is performance-based under a plan that is approved by the stockholders and that meets certain other technical requirements. Despite the fact that our annual incentive bonuses and certain equity-based compensation awards are determined based on the evaluation of our performance and take into consideration certain financial and strategic goals, the Compensation Committee does not apply these factors on a strict formulaic basis. As a result, this compensation may not satisfy the requirements of Section 162(m) of the Code. We believe that we qualify as a REIT under the Code and generally are not subject to federal income taxes, provided we distribute to our stockholders at least 100% of our taxable income each year. As a result, we do not expect that the payment of compensation that does not satisfy the requirements of Section 162(m) of the Code will have a material adverse

federal income tax consequence to us, provided we continue to distribute at least 100% of our taxable income each year. In appropriate circumstances, the Compensation Committee therefore may elect to implement programs that recognize a full range of performance criteria important to our success and to ensure our executive officers are compensated in a manner consistent with our best interests and those of our stockholders, even where the compensation paid under such programs may not be deductible under Section 162(m) of the Code.

ASC Topic 718

Accounting Standards Codification Topic 718, Compensation - Stock Compensation (ASC Topic 718) (formerly known as Financial Accounting Standard No. 123(R), Share-Based Payments) requires us to recognize an expense for the fair value of equity-based compensation awards. Grants of stock-based compensation are accounted for under ASC Topic 718. The Compensation Committee regularly considers the accounting implications of significant compensation decisions, especially in connection with decisions that relate to equity compensation awards. As accounting standards change, we may revise certain programs to appropriately align accounting expenses of our equity awards with our overall executive compensation philosophy and objectives.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

2007 Outperformance Awards

On May 2, 2007, the Compensation Committee approved the grant to each of our named executive officers of an award of class C profits interest units of our operating partnership under our Incentive Award Plan. If the performance condition and the other vesting conditions are satisfied with respect to a class C profits interest unit, the class C profits interest unit will be treated in the same manner as the existing long-term incentive units issued by our operating partnership. Initially, class C profits interest units, like other long-term incentive units, will not have full parity with common units with respect to liquidating distributions. If such parity is reached, vested class C profits interest units may be converted into an equal number of common units of our operating partnership at any time, and thereafter enjoy all the rights of common units of our operating partnership, including redemption rights. For a discussion of the manner in which class C profits interest units may achieve parity with common units, see Compensation Discussion and Analysis Description of Individual Elements of Compensation 2009 Long-Term Incentive Unit Awards.

The class C profits interest units subject to each 2007 award will satisfy the performance condition based on the achievement of a total stockholder return (which we refer to as the performance condition) as measured on November 1, 2008 (which we refer to as the first measurement date) and May 1, 2010 (which we refer to as the second measurement date). If:

with respect to the first measurement date, we achieve a total stockholder return equal to at least 18% over a period commencing on May 2, 2007 and ending on November 1, 2008; and

with respect to the second measurement date, we achieve a total stockholder return equal to at least 36% over a period commencing on May 2, 2007 and ending on the earlier of May 1, 2010 and the date of a change in control of our Company, the performance condition will be deemed satisfied with respect to a number of class C profits interest units that is based on the executive's allocated percentage of an aggregate performance award pool. For purposes of calculating the total stockholder return during this period, the initial value of our Common Stock will be equal to \$40.51 (which represents the five day trailing average of the closing prices of our Common Stock ending on May 1, 2007) and the ending value of our Common Stock will be based on the thirty day trailing average as of the applicable measurement date and will include an amount that would have been realized if all cash dividends paid during the performance period were reinvested in Common Stock on the applicable dividend payment date. We did not satisfy the performance condition at the first measurement date.

The aggregate amount of the performance award pool will be equal to 8% of the excess stockholder value created during the applicable performance period, but in no event will the amount of the pool exceed:

\$17 million for the first measurement date; or

\$40 million (less the amount of the performance award pool as of the first measurement date) for the second measurement date. Excess stockholder value is equal to the excess of:

the aggregate market value of the total number of shares of Common Stock and units outstanding at the end of the performance period, plus the cumulative value of dividends paid during the performance period (assuming reinvestment in our Common Stock), over

an increase in the aggregate market value of the Common Stock and units as of May 1, 2007 of 18% with respect to the first measurement date and 36% with respect to the second measurement date, plus in each case a prorated increase in the aggregate market value of new shares of Common Stock and units issued by our Company or our operating partnership during the performance period.

The first and second measurement dates may be accelerated as follows:

in the event that during any 60 consecutive calendar days ending prior to November 1, 2008 the performance award pool, if calculated on each trading day during such period, equals or exceeds \$17 million on each such trading day, the first measurement date will be accelerated to the last calendar day of the 60-day period; and

in the event that during any 60 consecutive calendar days ending prior to May 1, 2010, the performance award pool, if calculated on each trading day during such period, equals or exceeds \$40 million on each such trading day, the second measurement date will instead be accelerated to the last calendar day of the 60-day period.

Except in the event of a change in control of our Company, 60% of the class C profits interest units that satisfy the performance condition will vest at the end of the three-year performance period ending on May 1, 2010 and an additional 1/60th of such class C profits interest units will vest on the date of each monthly anniversary thereafter, provided that the executive's service has not terminated prior to the applicable vesting date. If, however, a change in control of our Company occurs on or before April 30, 2010 and we achieve a total annual stockholder return (based on the price per share paid in the change in control transaction) equivalent to at least 36% (prorated to the date of the change of control), 100% of the class C profits interest units that satisfy the performance condition as of the change in control date will vest immediately prior to the change in control. In addition, if a change in control of our Company occurs after the second measurement date and the executive remains a service provider, the class C profits interest units that satisfied the performance condition will fully vest immediately prior to the change in control.

If the executive's service is terminated due to death or disability (or without cause or for good reason if the executive's employment agreement defines cause or contemplates a good reason termination) prior to the end of the performance period or change in control date and we later satisfy the performance condition, a pro rata portion of the class C profits interest units will then vest based on the executive's length of service during the performance period (20% if the executive remained in service through May 1, 2008 and 1/60th on each subsequent monthly anniversary thereafter).

To the extent that any class C profits interest units fail to satisfy the performance condition at the end of the performance period (or the change in control date, if earlier), such class C profits interest units will automatically be cancelled and forfeited by the executive. In addition, any class C profits interest units which are not eligible for pro rata vesting in the event of a termination of the executive's employment due to death or disability (or without cause or for good reason, if applicable) will automatically be cancelled and forfeited upon a termination of the executive's employment.

In the event that the value of the executive's allocated portion of the award pool that satisfies the performance condition equates to a number of class C profits interest units that is greater than the number of class C profits interest units awarded to the executive, we will make an additional payment to the executive in the form of a number of shares of our restricted stock equal to the difference. Sixty percent of the shares of restricted stock will be vested at the time of issuance and 1/60th of such shares will vest on each monthly anniversary thereafter, subject to full accelerated vesting in the event of a subsequent change in control of our Company. If, however, this additional payment is made in connection with a change in control of our Company that satisfies the performance condition, all of the shares issued will be fully vested at the time of issuance. If the executive's service is terminated due to death or disability (or without cause or for good reason, if applicable) prior to the end of the performance period or change in control date, the executive will be entitled to receive a similar pro rata payment, based on his service during the performance period, in the form of shares of fully vested Common Stock rather than restricted stock, subject to compliance with applicable federal and state securities laws.

All determinations, interpretations and assumptions relating to the vesting and calculation of the awards under the class C profits interest units agreements will be made by the administrator of our Incentive Award Plan

(presently the Compensation Committee). In addition, the administrator may, in its discretion, adjust or modify the methodology for calculating the vesting of the awards (other than the executive's allocated percentage of the performance award pool) to account for events affecting the value of our Common Stock which the administrator of our Incentive Award Plan does not consider indicative of our performance, such as the issuance of new Common Stock, stock repurchases, stock splits, issuances and/or exercises of stock grants or stock options, and similar events.

Employment Agreements

Michael F. Foust

On August 7, 2008, we entered into a new employment agreement with Mr. Foust, our Chief Executive Officer. On December 24, 2008, the employment agreement was amended for further compliance with Section 409A of the Code. The current term of Mr. Foust's employment agreement extends until August 6, 2011, subject to automatic renewal for successive one-year periods unless either party provides notice of such party's intention not to renew the employment agreement not less than 60 days prior to August 6, 2011.

Mr. Foust's annual base salary pursuant to the employment agreement, as adjusted, is currently \$700,000, subject to increase in accordance with our policies in effect from time to time. Mr. Foust is eligible for an annual cash performance bonus under our incentive bonus plan based on the satisfaction of performance criteria established in accordance with the terms of such plan. The target and maximum annual bonuses for Mr. Foust are currently 100% and 150%, respectively, of his base salary. Mr. Foust is eligible to participate in all incentive, savings and retirement plans, practices, policies and programs, and medical and other group welfare plan coverage and fringe benefits provided to similarly-situated executives.

Mr. Foust's employment agreement provides that if his employment is terminated (i) by us without cause, (ii) by Mr. Foust for good reason (each as defined in the employment agreement) or (iii) by Mr. Foust for any reason on or within 30 days after the six month anniversary of a change in control (as defined in our Incentive Award Plan), then, subject to Mr. Foust's execution and non-revocation of a general release of claims, he will be entitled to a lump-sum termination payment within 30 days after the date of such termination in an amount equal to the sum of (a) three times the sum of his then-current annual base salary plus his maximum annual bonus for the fiscal year in which the termination date occurs, (b) the prorated portion of 150% of his then-current annual base salary for the partial fiscal year in which the termination date occurs (the stub year bonus) and (c) if the termination occurs after a fiscal year-end but before annual bonuses are paid or determined for such preceding fiscal year, an amount equal to such unpaid bonus, if determined, or 150% of his base salary actually paid for such preceding year (the prior year bonus), if any. In addition, all outstanding unvested stock options and other equity-based awards held by Mr. Foust, other than any equity award that is subject to performance-based vesting (including unvested class C profits interest units and 2009 long-term incentive unit awards), shall become fully vested and exercisable. With respect to any outstanding unvested stock options and other equity-based awards subject to performance-based vesting (including unvested class C profits interest units and 2009 long-term incentive unit awards), Mr. Foust will continue to be deemed a service provider under the applicable award agreements until all such awards that ultimately satisfy the performance conditions, if any, vest. Further, in the event of any such termination described in this paragraph, Mr. Foust will be entitled to continued health insurance coverage at least equal to the coverage that would have been provided to him if his employment had not been terminated, for a period ending on the earlier of the first anniversary of such termination or the date on which he becomes eligible to receive comparable health insurance under a subsequent employer's plan.

Mr. Foust's employment agreement further provides that upon death or disability, he will be entitled to a lump-sum severance payment in an amount equal to the sum of (i) his then-current annual base salary, (ii) his maximum annual bonus for the fiscal year in which the termination date occurs, (iii) the stub year bonus and (iv) the prior year bonus, if any. In addition, all equity-based awards held by Mr. Foust will be subject to the severance provisions described in the preceding paragraph.

Mr. Foust is entitled to an additional tax gross-up payment under his employment agreements if any amounts paid or payable to him would be subject to the excise tax on certain so-called excess parachute payments under Section 4999 of the Code. However, if a reduction in the payments of 10% or less would render the excise tax inapplicable, then the payments will be reduced by such amount and we will not be required to make the gross-up payment.

The employment agreement of Mr. Foust contains confidentiality provisions which apply indefinitely and non-solicitation provisions which will apply during the term of his employment and for a one-year period thereafter. In addition, the employment agreement provides that, except in limited circumstances, Mr. Foust generally may not compete with us through the acquisition or ownership of technology-related real estate properties in the United States or Europe during the term of his employment with us.

A. William Stein

On August 7, 2008, we entered into a new employment agreement with Mr. Stein, our Chief Financial Officer and Chief Investment Officer. On December 24, 2008, the employment agreement was amended for further compliance with Section 409A of the Code. The current term of Mr. Stein's employment agreement extends until August 6, 2011, subject to automatic renewal for successive one-year periods unless either party provides notice of such party's intention not to renew the employment agreement not less than 60 days prior to August 6, 2011.

Mr. Stein's annual base salary pursuant to the employment agreement, as adjusted, is currently \$445,000, subject to increase in accordance with our policies in effect from time to time. Mr. Stein is eligible for an annual cash performance bonus under our incentive bonus plan based on the satisfaction of performance criteria established in accordance with the terms of such plan. Subject to amendment of his employment agreement, the target annual bonus for Mr. Stein will be 100% of his base salary. Mr. Stein is eligible to participate in all incentive, savings and retirement plans, practices, policies and programs, and medical and other group welfare plan coverage and fringe benefits provided to similarly-situated executives.

Mr. Stein's employment agreement provides that if his employment is terminated by us without cause or by Mr. Stein for good reason (each as defined in the employment agreement), then, subject to Mr. Stein's execution and non-revocation of a general release of claims, he will be entitled to receive a lump-sum severance payment within 60 days after the date of such termination in an amount equal to the sum of (i) his then-current annual base salary, (ii) the prorated portion of the maximum annual bonus for the partial fiscal year in which the termination date occurs (the stub year bonus) and (iii) if the termination occurs after a fiscal year-end but before annual bonuses are paid or determined for such preceding fiscal year, an amount equal to such unpaid bonus, if determined, or the maximum bonus (the prior year bonus), if any.

Pursuant to Mr. Stein's employment agreement, in the event of a termination of Mr. Stein's employment by us without cause or by the executive for good reason on or within one year after a change in control (as defined in our Incentive Award Plan), in lieu of the severance payment set forth in the preceding paragraph, Mr. Stein will be entitled to receive a lump-sum severance payment within 60 days after the date of such termination in an amount equal to the sum of (i) two times the amount of his then-current base salary, (ii) two times the greater of (a) his target annual bonus for the fiscal year in which the termination date occurs or (b) the annual bonus paid for the immediately preceding fiscal year, (iii) the stub year bonus and (iv) the prior year bonus, if any. Mr. Stein will also be entitled to continued health insurance coverage at least equal to the coverage that would have been provided to him if his employment had not been terminated, for a period ending on the earlier of the first anniversary of such termination or the date on which he becomes eligible to receive comparable health insurance under a subsequent employer's plan. In addition, all outstanding unvested stock options and other equity-based awards held by Mr. Stein, other than any equity award that is subject to performance-based vesting (including unvested class C profits interest units and other outperformance awards), shall become fully vested and exercisable; provided, that with respect to any stock options and other equity-based

awards that were subject to a performance condition (including unvested class C profits interest units and 2009 long-term incentive unit awards), such stock options or other equity-based awards shall only vest to the extent provided in the applicable award agreement.

Mr. Stein's employment agreement further provides that upon death or disability, he will be entitled to a lump-sum severance payment in an amount equal to the sum of (i) his then-current annual base salary, (ii) his maximum annual bonus for the fiscal year in which the termination date occurs, (iii) the stub year bonus and (iv) the prior year bonus, if any. In addition, all equity-based awards held by Mr. Stein will be subject to the severance provisions described in the preceding paragraph, except that with respect to any outstanding unvested stock options and other equity-based awards subject to performance-based vesting (including unvested class C profits interest units and 2009 long-term incentive unit awards), Mr. Stein will continue to be deemed a service provider under the applicable award agreements until all such awards that ultimately satisfy the performance conditions, if any, vest.

Mr. Stein is entitled to an additional tax gross-up payment under his employment agreements if any amounts paid or payable to him would be subject to the excise tax on certain so-called excess parachute payments under Section 4999 of the Code. However, if a reduction in the payments of 10% or less would render the excise tax inapplicable, then the payments will be reduced by such amount and we will not be required to make the gross-up payment.

The employment agreement of Mr. Stein contains confidentiality provisions which apply indefinitely and non-solicitation provisions which will apply during the term of his employment and for a one-year period thereafter. In addition, the employment agreement provides that, except in limited circumstances, Mr. Stein generally may not compete with us through the acquisition or ownership of technology-related real estate properties in the United States or Europe during the term of his employment with us.

Scott E. Peterson

On December 24, 2008, we entered into an amended and restated employment agreement with Mr. Peterson, Senior Vice President, Acquisitions. Mr. Peterson's employment under this agreement is at-will and either party may terminate his employment for any reason or for no reason by giving 30 days notice to the other party.

Mr. Peterson's annual base salary pursuant to the employment agreement, as adjusted, is currently \$350,940, subject to increase in accordance with our policies in effect from time to time. Mr. Peterson is eligible for an annual cash performance bonus under our incentive bonus plan based on the satisfaction of performance criteria established in accordance with the terms of such plan. The target and maximum annual bonuses for Mr. Peterson are currently 100% and 100%, respectively, of his base salary. Mr. Peterson is eligible to participate in all incentive, savings and retirement plans, practices, policies and programs, and medical and other group welfare plan coverage and fringe benefits provided to similarly-situated employees.

Mr. Peterson's employment agreement provides that if his employment is terminated by us without cause (as defined in the employment agreement), then, subject to Mr. Peterson's execution and non-revocation of a general release of claims, he will be entitled to receive a lump-sum severance payment within 60 days after the date of such termination in an amount equal to 50% of the sum of (i) his then-current annual base salary and (ii) his target bonus for the fiscal year in which the termination date occurs.

Pursuant to Mr. Peterson's employment agreement, in the event of a termination of Mr. Peterson's employment by us without cause on or within one year after a change in control (as defined in our Incentive Award Plan), in lieu of the severance payment set forth in the preceding paragraph, Mr. Peterson will be entitled to receive a lump-sum severance payment within 60 days after the date of such termination in an amount equal to the sum of (i) his then-current base salary and (ii) the greater of (a) his target annual bonus for the fiscal year in which the termination date occurs or (b) the annual bonus paid for the immediately preceding fiscal year. Mr. Peterson's employment agreement further provides that in the event of a termination of Mr. Peterson's

employment by us without cause within the six-month period immediately preceding a change in control in connection with such change in control, Mr. Peterson will be entitled to receive a lump-sum severance payment, within the earlier of (i) the six-month anniversary of his date of termination or (ii) the date on which the change in control occurs, in an amount equal to the excess of the amount of severance payable under the preceding sentence over the amount of severance payable under the preceding paragraph. Further, in the event of any such termination described in this paragraph, all outstanding unvested stock options and other equity-based awards held by Mr. Peterson, other than any equity award that is subject to performance-based vesting (including unvested class C profits interest units), shall become fully vested and exercisable; provided, that with respect to any stock options and other equity-based awards that were subject to a performance condition (including unvested class C profits interest units and 2009 long-term incentive unit awards), such stock options or other equity-based awards shall only vest to the extent provided in the applicable award agreement.

Mr. Peterson's employment agreement does not provide for any payments or benefits upon death or disability, or additional tax gross-up payment on so-called excess parachute payments under Section 4999 of the Code.

The employment agreement of Mr. Peterson contains confidentiality provisions which apply indefinitely and non-solicitation provisions which will apply during the term of his employment and for a six-month period thereafter.

Christopher J. Crosby, Jr.

On August 7, 2008, we entered into a new employment agreement with Mr. Crosby, Senior Vice President, Corporate Development. On December 24, 2008, the employment agreement was amended for further compliance with Section 409A of the Code. The current term of Mr. Crosby's employment agreement extends until August 6, 2011, subject to automatic renewal for successive one-year periods unless either party provides notice of such party's intention not to renew the employment agreement not less than 60 days prior to August 6, 2011.

Mr. Crosby's annual base salary pursuant to the employment agreement, as adjusted, is currently \$300,000, subject to increase in accordance with our policies in effect from time to time. Mr. Crosby is eligible for an annual cash performance bonus under our incentive bonus plan based on the satisfaction of performance criteria established in accordance with the terms of such plan. Subject to amendment of his employment agreement in connection with his new role as Senior Vice President, Corporate Development, the target annual bonus for Mr. Crosby will be 75% of his base salary. Mr. Crosby is eligible to participate in all incentive, savings and retirement plans, practices, policies and programs, and medical and other group welfare plan coverage and fringe benefits provided to similarly-situated executives.

Mr. Crosby's employment agreement provides that if his employment is terminated by us without cause or by Mr. Crosby for good reason (each as defined in the employment agreement), then, subject to Mr. Crosby's execution and non-revocation of a general release of claims, he will be entitled to receive a lump-sum severance payment within 60 days after the date of such termination in an amount equal to the sum of (i) his then-current annual base salary, (ii) the prorated portion of the maximum annual bonus for the partial fiscal year in which the termination date occurs (the stub year bonus) and (iii) if the termination occurs after a fiscal year-end but before annual bonuses are paid or determined for such preceding fiscal year, an amount equal to such unpaid bonus, if determined, or the maximum bonus (the prior year bonus), if any.

Pursuant to Mr. Crosby's employment agreement, in the event of a termination of Mr. Crosby's employment by us without cause or by the executive for good reason on or within one year after a change in control (as defined in our Incentive Award Plan), in lieu of the severance payment set forth in the preceding paragraph, Mr. Crosby will be entitled to receive a lump-sum severance payment within 60 days after the date of such termination in an amount equal to the sum of (i) two times the amount of his then-current base salary, (ii) two times the greater of (a) his target annual bonus for the fiscal year in which the termination date occurs or (b) the

annual bonus paid for the immediately preceding fiscal year, (iii) the stub year bonus and (iv) the prior year bonus, if any. Mr. Crosby will also be entitled to continued health insurance coverage at least equal to the coverage that would have been provided to him if his employment had not been terminated, for a period ending on the earlier of the first anniversary of such termination or the date on which he becomes eligible to receive comparable health insurance under a subsequent employer's plan. In addition, all outstanding unvested stock options and other equity-based awards held by Mr. Crosby, other than any equity award that is subject to performance-based vesting (including unvested class C profits interest units and other outperformance awards), shall become fully vested and exercisable; provided, that with respect to any stock options and other equity-based awards that were subject to a performance condition (including unvested class C profits interest units and 2009 long-term incentive unit awards), such stock options or other equity-based awards shall only vest to the extent provided in the applicable award agreement.

Mr. Crosby's employment agreement further provides that upon death or disability, he will be entitled to a lump-sum severance payment in an amount equal to the sum of (i) his then-current annual base salary, (ii) his maximum annual bonus for the fiscal year in which the termination date occurs, (iii) the stub year bonus and (iv) the prior year bonus, if any. In addition, all equity-based awards held by Mr. Crosby will be subject to the severance provisions described in the preceding paragraph, except that with respect to any outstanding unvested stock options and other equity-based awards subject to performance-based vesting (including unvested class C profits interest units and 2009 long-term incentive unit awards), Mr. Crosby will continue to be deemed a service provider under the applicable award agreements until all such awards that ultimately satisfy the performance conditions, if any, vest.

Mr. Crosby is entitled to an additional tax gross-up payment under his employment agreements if any amounts paid or payable to him would be subject to the excise tax on certain so-called excess parachute payments under Section 4999 of the Code. However, if a reduction in the payments of 10% or less would render the excise tax inapplicable, then the payments will be reduced by such amount and we will not be required to make the gross-up payment.

The employment agreement of Mr. Crosby contains confidentiality provisions which apply indefinitely and non-solicitation provisions which will apply during the term of his employment and for a one-year period thereafter. In addition, the employment agreement provides that, except in limited circumstances, Mr. Crosby generally may not compete with us through the acquisition or ownership of technology-related real estate properties in the United States or Europe during the term of his employment with us.

The current term of Mr. Magnuson's employment agreement extends until August 6, 2011, subject to automatic renewal for successive one-year periods unless either party provides notice of such party's intention not to renew the employment agreement not less than 60 days prior to August 6, 2011.

Mr. Magnuson has agreed to waive his right to receive all cash compensation payable to him for serving as a member of our Board. Mr. Magnuson's annual base salary pursuant to the employment agreement, as adjusted, is currently \$215,280, subject to increase in accordance with our policies in effect from time to time. The target and maximum annual bonuses for Mr. Magnuson are currently 150% and 200%, respectively, of his base salary.

Mr. Magnuson's employment agreement provides that if he is terminated (i) by us without cause, (ii) by Mr. Magnuson for good reason (each as defined in the employment agreement) or (iii) by Mr. Magnuson for any reason on or within 30 days after the six month anniversary of a change in control (as defined in our

Incentive Award Plan), then, subject to Mr. Magnuson's execution and non-revocation of a general release of claims, he will be entitled to a lump-sum termination payment within 30 days after the date of such termination in an amount equal to the sum of (a) three times the sum of his then-current annual base salary plus his target annual bonus for the fiscal year in which the termination date occurs, (b) the prorated portion of the target annual bonus for the partial fiscal year in which the termination date occurs (the "stub year bonus") and (c) if the termination occurs after a fiscal year-end but before annual bonuses are paid or determined for such preceding fiscal year, an amount equal to such unpaid bonus, if determined, or the target bonus (the "prior year bonus"), if any. In addition, all outstanding unvested stock options and other equity-based awards held by Mr. Magnuson, other than any equity award that is subject to performance-based vesting (including unvested class C profits interest units), shall become fully vested and exercisable. With respect to any outstanding unvested stock options and other equity-based awards subject to performance-based vesting (including unvested class C profits interest units), Mr. Magnuson will continue to be deemed a service provider under the applicable award agreements until all such awards that ultimately satisfy the performance conditions, if any, vest. Further, termination of Mr. Magnuson as an employee of our Company or operating partnership will not automatically affect his status as a director or as the Chairman of our Board.

Mr. Magnuson's employment agreement further provides that upon death or disability, he will be entitled to a lump-sum severance payment in an amount equal to the sum of (i) his then-current annual base salary, (ii) his target annual bonus for the fiscal year in which the termination date occurs, (iii) the stub year bonus and (iv) the prior year bonus, if any. In addition, all equity-based awards held by Mr. Magnuson will be subject to the severance provisions described in the preceding paragraph.

Mr. Magnuson is entitled to an additional tax gross-up payment under his employment agreements if any amounts paid or payable to him would be subject to the excise tax on certain so-called "excess parachute payments" under Section 4999 of the Code. However, if a reduction in the payments of 10% or less would render the excise tax inapplicable, then the payments will be reduced by such amount and we will not be required to make the gross-up payment.

Mr. Magnuson's employment agreement contains confidentiality provisions which apply indefinitely and fiduciary duty provisions that will apply during the term of his employment.

With respect to Messrs. Foust, Stein, Crosby and Magnuson: (i) willful and continued failure to substantially perform the executive's duties with our Company (other than any such failure resulting from the executive's incapacity due to physical or mental illness); (ii) willful commission of an act of fraud or dishonesty resulting in economic or financial injury to our Company or its subsidiaries or affiliates; (iii) conviction of, or entry of a guilty or no contest plea to, the commission of a felony or a crime involving moral turpitude; (iv) willful breach by the executive of any fiduciary duty owed to our Company which results in economic or other injury to our Company or its subsidiaries or affiliates; (v) willful and gross misconduct in the performance of the executive's duties that results in economic or other injury to our Company or its subsidiaries or affiliates; (vi) willful and material breach of the restrictive covenants set forth in the employment agreement; or (vii) material breach by the executive of any of his other obligations under the employment agreement. Solely with respect to Messrs. Foust and Magnuson, each of their employment agreements provides that in the event of a termination of employment by our Company (other than by reason of death or disability or pursuant to clause (iii) of this paragraph) on or within one year after a change in control or within the six month period immediately preceding a change in control in connection with such change in control, it shall be presumed that such termination was effected by our Company other than for cause unless the contrary is established by our Company.

With respect to Mr. Peterson: (i) willful and gross misconduct which materially injures the general reputation of any member of our Company or interferes with contracts or operations of any member of our Company; (ii) conviction of, or entry of a guilty or no contest plea to, a felony or any crime involving moral turpitude; (iii) fraud, misrepresentation, or breach of trust by him in the course of his employment which adversely affects any member of our Company; (iv) willful and gross misconduct in the performance of his duties hereunder that results in economic or other injury to our Company or its subsidiaries or affiliates; (v) a material breach of the restrictive covenants set forth in the employment agreement; or (vi) a material breach by him of any of his obligations under the employment agreement.

As used in the employment agreements of Messrs. Foust, Stein, Crosby and Magnuson, disability shall mean a disability that qualifies or, had the executive been a participant, would qualify him to receive long-term disability payments under our Company's group long-term disability insurance plan or program, as it may be amended from time to time.

As used in the employment agreements of Messrs. Foust, Stein, Crosby and Magnuson, good reason shall generally mean the occurrence of any one or more of the following events without the executive's prior written consent, along with our Company's failure to cure within 30 days after the receipt of notice thereof:

With respect to Messrs. Foust, Stein and Crosby: (i) assignment of any duties materially inconsistent with his position (including status, offices, titles and reporting requirements), authority, duties or responsibilities as contemplated by the employment agreement, or any other action by our Company which results in a material diminution in such position, authority, duties or responsibilities, excluding for this purpose an isolated, insubstantial and inadvertent action not taken in bad faith and which is remedied by our Company; (ii) reduction in the case of Mr. Foust, and material reduction in the case of Messrs. Stein and Crosby, of annual base salary or bonus opportunity, each as in effect on the date of the employment agreement or as the same may be increased from time to time; (iii) the relocation of our offices at which the executive is principally employed to a location more than 45 miles from such location, or our Company's requiring him to be based at a location more than 45 miles from such principal place of employment, except for required travel on company business; or (iv) failure to obtain a satisfactory agreement from any successor to assume and agree to perform our Company's obligations under the employment agreement.

With respect to Mr. Magnuson: (i) assignment of any duties materially inconsistent with those duties or responsibilities as contemplated by the employment agreement, or any other action by our Company which results in a material diminution in his position, duties or responsibilities, excluding for this purpose an isolated, insubstantial and inadvertent action not taken in bad faith and which is remedied by our Company; (ii) reduction of annual base compensation or bonus opportunity, each as in effect on the date of the employment agreement or as the same may be increased from time to time; (iii) the relocation of our offices at which he is principally employed to a location more than 45 miles from such location, or our Company's requiring him to be based at a location more than 45 miles from such principal place of employment, except for required travel on company business; (iv) failure to obtain a satisfactory agreement from any successor to assume and agree to perform our Company's obligations under the employment agreement; or (v) the failure of our Company's stockholders to re-elect him to the Board (other than by reason of his choosing not to stand for re-election), or our Company's (or a successor's) removal of him from, or failure to nominate him to, the Board (unless cause exists for such removal or failure).

As used in the employment agreements of each of our named executive officers, change in control means the occurrence of any of the following events:

the acquisition, directly or indirectly, by any person or group of beneficial ownership of securities entitled to vote generally in the election of directors (referred to as voting securities) that represent 35% or more of the combined voting power of our then outstanding voting securities, subject to certain exceptions;

individuals who, as of the date of the closing of our initial public offering constitute the Board cease for any reason to constitute at least a majority of the Board, provided that any individual becoming a director subsequent to the date of the agreement whose election by our stockholders, or nomination for election by the Board, was approved by a vote of at least a majority of the directors then comprising the incumbent Board will be considered as though such individual were a member of the incumbent Board;

our consummation (whether directly or indirectly through one or more intermediaries) of a merger, consolidation, reorganization or business combination or a sale or other disposition of all or substantially all of our assets or the acquisition of assets or stock of another entity, in each case, other than a transaction;

which results in our voting securities outstanding immediately before the transaction continuing to represent (either by remaining outstanding or by being converted into voting securities of the Company or the person that, as a result of the transaction, controls, directly or indirectly, us or owns, directly or indirectly, all or substantially all of our assets or otherwise succeeds to our business) directly or indirectly, at least a majority of the combined voting power of the successor entity's outstanding voting securities immediately after the transaction, and

after which no person or group, other than Global Innovation Partners, LLC or CALPERS, or any affiliate thereof, beneficially owns voting securities representing 35% or more of the combined voting power of the successor entity; or

approval by our stockholders of our liquidation or dissolution.

Potential Payments upon Termination or Change in Control

Our named executive officers are entitled to certain benefits upon a change in control of the Company, including that all long-term incentive units (other than certain performance-based vesting units) and stock options held by them will become fully vested and exercisable upon a change in control, even absent a termination of employment. In addition, class C profits interest units will vest to the extent that specified performance targets are satisfied at the time of the change in control. Our named executive officers are also entitled to severance payments pursuant to the terms of their employment agreements, as set forth under Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements above.

Edgar Filing: Digital Realty Trust, Inc. - Form DEF 14A

The following table sets forth an estimate of the payments to be made to our named executive officers in the event any of the terminations described above or a change in control occurs, assuming that the triggering event took place on December 31, 2009.

- (1) Pursuant to the executive's employment agreement, this includes a resignation by the executive for any reason on or within 30 days after the six month anniversary of a change in control (as defined in our Incentive Award Plan).
- (2) Pursuant to the executive's employment agreement, the executive will continue to be deemed a service provider under all performance-based vesting awards, including the 2007 class C profits interest units, until all such awards that ultimately satisfy their performance conditions, if any, vest. Table assumes no further vesting of the 2007 class C profits interest units subsequent to December 31, 2009. Determination of the number and value of class C units that meet the performance condition is subject to calculation by our Compensation Committee based on numerous factors and considerations. For purposes of this table, we have assumed that none of the class C units met the performance condition assuming a termination as a result of a change of control as of December 31, 2009. We will need to include the value of any class C units that satisfy the performance condition in connection with calculating any gross-up payment we are required to make upon the termination of an executive, and these amounts may be significant. For a discussion of how the Compensation Committee will calculate the number of class C units that will meet the performance condition, see Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table 2007 Outperformance Awards.
- (3) Mr. Peterson's employment agreement does not provide for any benefits upon termination by Mr. Peterson for good cause.
- (4) Pursuant to the terms of Mr. Crosby's employment agreement, the tax gross-up payment to which Mr. Crosby is entitled may be reduced if a reduction in the payments to him upon a change of control of 10% or less would render the excise tax inapplicable. Accordingly, we estimate that Mr. Crosby's payments upon a change of control on December 31, 2009 would have been reduced by \$116,570 had the triggering event taken place on December 31, 2009.

2010 Salary and Bonus Targets

In February 2010, the Compensation Committee set the following salaries for our named executive officers. The 2010 salaries became effective March 1, 2010, except with respect to Mr. Crosby whose salary became effective retroactive to January 1, 2010.

Name	2010 Salary
Michael F. Foust	\$ 700,000
A. William Stein	445,000
Scott E. Peterson	350,940
Christopher J. Crosby	300,000
Richard A. Magnuson	215,280

The Compensation Committee increased Mr. Stein's target bonus amount to 100% of base salary, subject to amendment of his employment agreement. In addition, the Compensation Committee fixed Mr. Crosby's target bonus amount at 75%, subject to amendment of his employment agreement. Target and maximum bonus amounts were not changed for Mr. Foust, Mr. Peterson and Mr. Magnuson.

For 2010, based on the recommendations of management, a review of the Company's business plan and the analysis provided by the Compensation Committee's compensation consultant, the Compensation Committee established financial and operating goals and organizational development goals for each named executive officer. The financial and operating goals include FFO, financing objectives, acquisitions targets, leasing and marketing objectives and operations objectives. For the purpose of determining bonuses, the compensation committee may adjust FFO to exclude profits, losses or expenses which the Compensation Committee determined to be non-recurring to give a more accurate picture of our annual performance.

The organizational development goals for 2010 include the achievement of certain organizational targets, leadership, development and motivation of employees to achieve high performance and to focus on Company goals, and the fostering of cross-organizational teamwork. The operations objectives for 2010 include integration of the customer service organization into Europe, reduction of the cost of certain national contracts and transfer of the West region property management in house by year end. The operations objectives for 2010 also include meeting or exceeding property level operating budgets, meeting or exceeding a portfolio level gross operating margin target and the achievement of tenant retention goals.

The specific financial and operating goals and organizational development goals for each named executive officer were established by the Compensation Committee based on their areas of responsibility. Mr. Foust's bonus will be based 70% on financial and operating goals and 30% on organizational development goals. Mr. Stein's bonus will be based 85% on financial and operating goals and 15% on organizational development goals. Mr. Peterson's bonus will be based 80% on financial and operating goals and 20% on organizational development goals. Mr. Crosby's bonus will be based 80% on financial and operating goals and 20% on organizational development goals. Mr. Magnuson's bonus will be based on the same criteria, however, the percentages for each category were not specified.

NON-EMPLOYEE DIRECTOR COMPENSATION

We use a combination of cash and equity-based incentive compensation to attract and retain qualified non-employee director candidates to serve on our Board. In setting non-employee director compensation, we consider the significant amount of time that directors spend in fulfilling their duties to our Company as well as the skill level we require of members of our Board.

Compensation of Directors

On October 27, 2009, our Board approved certain changes to our director compensation program. Each of our directors who is not an employee of our Company or any of our subsidiaries receives an annual cash retainer of \$40,000 for services as a director. Directors receive annual fees for service on the following committees, in addition to the foregoing retainer of \$40,000: Audit Committee (\$7,500), Compensation Committee (\$10,000) and Nominating and Corporate Governance Committee (\$2,500). The director who serves as the chair of the Audit Committee receives an additional annual retainer of \$15,000; the director who serves as the chair of the Compensation Committee receives an additional annual retainer of \$10,000; and the director who serves as the chair of the Nominating and Corporate Governance Committee receives an additional annual retainer of \$5,000. Directors are reimbursed separately for out-of-pocket expenses incurred while performing their duties.

Prior to October 27, 2009, each of our directors who was not an employee of our Company or any of our subsidiaries received an annual fee of \$25,000 for services as a director and received \$1,500 for each meeting attended in person and \$750 for each meeting attended telephonically. Directors who served on the Audit, Nominating and Corporate Governance and/or Compensation Committees received a fee of \$1,000 for each committee meeting attended in person and \$750 for each committee meeting attended telephonically. The director who served as the chair of the Audit Committee received an additional annual retainer of \$15,000; the director who served as the chair of the Compensation Committee received an additional annual retainer of \$7,500; and the director who served as the chair of the Nominating and Corporate Governance Committee received an additional annual retainer of \$5,000.

Directors who are also our employees or employees of any of our subsidiaries do not receive compensation for their services as directors.

Our Incentive Award Plan was amended on October 27, 2009 to provide for new formula grants of long-term incentive units to non-employee directors as follows:

Pro Rata Grant. Commencing after the 2009 Annual Meeting of Stockholders, each person who first becomes a non-employee director on a date other than the date of an annual meeting of stockholders will, on the date of such person first becoming a non-employee director, be granted a number of long-term incentive units equal to the product of (A) the quotient obtained by dividing (x) \$70,000 by (y) the fair market value of a share of Common Stock on such date, multiplied by (B) the quotient obtained by dividing (x) 12 minus the number of months that have elapsed since the immediately preceding annual meeting of stockholders, by (y) 12. The award will be fully vested on the date of grant.

Annual Grant. Commencing as of the 2010 Annual Meeting of Stockholders, each person who first becomes a non-employee director at such annual meeting and each person who otherwise continues to be a non-employee director immediately following such annual meeting will, on the date of such annual meeting, be granted a number of long-term incentive units equal to the quotient obtained by dividing (x) \$70,000 by (y) the fair market value of a share of Common Stock on the date of such annual meeting. The award will be fully vested on the date of grant.

In addition, effective for any grant of long-term incentive units to a non-employee director after the 2009 Annual Meeting of Stockholders, the director may elect in advance to receive in lieu thereof an equivalent number of shares in the form of a stock payment or restricted stock, as applicable, subject to the same vesting schedule (if any) as would have applied to the corresponding grant of long-term incentive units. If a non-employee director does not qualify as an accredited investor within the meaning of Regulation D of the Securities Act of 1933, as amended (the Act), on the date of any grant of long-term incentive units to such director, then the director will not receive such grant of long-term incentive units, and in lieu thereof will automatically be granted an equivalent number of shares in the form of a stock payment or restricted stock, as applicable, subject to the same vesting schedule (if any) as would have applied to the corresponding grant of long-term incentive units.

Prior to the October 27, 2009 amendment, our Incentive Award Plan provided for formula grants of long-term incentive units to non-employee directors as follows:

Each person who was a non-employee director as of the date of the pricing of our initial public offering in 2004 (the pricing date) was granted 6,448 fully vested long-term incentive units on that date. Pursuant to the terms of the Incentive Award Plan, each person who was a non-employee director as of the pricing date will automatically be granted 1,000 long-term incentive units on the date of each annual meeting of stockholders after the date of our initial public offering at which the director is re-elected to our Board, commencing with the third annual meeting after the date of our initial public offering. Pursuant to the terms of the Incentive Award Plan, each person who is initially elected to our Board after the pricing date and who is a non-employee director at the time of his or her initial election will automatically be granted (i) 6,448 fully vested long-term incentive units on the date of the initial election and (ii) 1,000 long-term incentive units on the date of each annual meeting of stockholders after the initial election at which the director is re-elected to our Board, commencing with the third annual meeting after the initial election. If a non-employee director does not qualify as an accredited investor within the meaning of Regulation D of the Act on the date of any grant of long-term incentive units to the director, then he or she will not receive a grant of long-term incentive units, and instead will automatically be granted an equivalent number of shares of our Common Stock at a per share purchase price equal to the par value of the stock, and subject to the same vesting schedule as would have applied to the corresponding grant of long-term incentive units.

All initial grants of long-term incentive units awarded to non-employee directors as described above will be vested in full as of the date of grant. On May 5, 2008, our Incentive Award Plan was amended to provide that, effective for all subsequent annual grants awarded to non-employee directors on or after the fourth annual meeting of our stockholders following our initial public offering, each award will vest with respect to 20% of the long-term incentive units subject thereto on each of the first and second anniversaries of the date of grant, and with respect to 30% of the long-term incentive units subject thereto on each of the third and fourth anniversaries of the date of grant. Any subsequent annual grants made prior to the amendment will continue to vest with respect to 20% of the long-term incentive units subject thereto on the first anniversary of the grant date and with respect to an additional 1/60th of the long-term incentive units subject thereto on each monthly anniversary thereafter.

Effective for any grant of long-term incentive units to a non-employee director on or after the 2009 Annual Meeting of Stockholders, the director was entitled to elect in advance to receive in lieu thereof an equivalent number of shares of restricted stock, subject to the same vesting schedule as would have applied to the corresponding grant of long-term incentive units.

The table below summarizes the compensation we paid to non-employee directors for the year ended December 31, 2009.

Stock Ownership Guideline

Effective 2009, our Board adopted guidelines encouraging each director to hold shares of the Company's stock, which may include long-term incentive units in our operating partnership, in an amount equal to 2.5 times the aggregate number of shares and units granted to such director pursuant to the Incentive Award Plan during the preceding fiscal year, and to achieve this ownership level by the sixth year of such director's Board membership. This guideline is non-binding and the number of shares of the Company's stock owned by any director is a personal decision.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

200 Paul Avenue and 1100 Space Park Drive Contribution Agreement

In connection with the consummation of our initial public offering, our operating partnership entered into a contribution agreement with San Francisco Wave Exchange, LLC, Santa Clara Wave Exchange, LLC and Exchange Colocation, LLC, referred to below as the eXchange parties, pursuant to which the eXchange parties contributed their interests in 200 Paul Avenue, 1100 Space Park Drive, the eXchange colocation business and other specified assets and liabilities to our operating partnership in exchange for cash, units and the assumption of debt.

Under the eXchange parties' contribution agreement, we agreed to indemnify each eXchange party against adverse tax consequences in the event our operating partnership directly or indirectly, sells, exchanges or otherwise disposes of (whether by way of merger, sale of assets or otherwise) in a taxable transaction any interest in 200 Paul Avenue or 1100 Space Park Drive until the earlier of November 3, 2013 and the date on which these contributors hold less than 25% of the units issued to them in the formation transactions consummated concurrently with our initial public offering. These tax indemnities do not apply to the disposition of a restricted property pursuant to a transaction described in Section 721, 1031 or 1033 of the Code, or other applicable non-recognition provision under the Code.

Under the eXchange parties' contribution agreement, we also agreed to make \$17.8 million of indebtedness available for guaranty by these parties until the earlier of November 3, 2013 and the date on which these contributors or certain transferees hold less than 25% of the units issued to them in the formation transactions consummated concurrently with our initial public offering.

Registration Rights

We have granted those persons who received units in the formation transactions, including Cambay Tele.com, LLC and Wave Exchange, LLC (affiliates of the eXchange parties), certain registration rights with respect to the shares of our Common Stock that may be acquired by them in connection with the exercise of the redemption/exchange rights under the partnership agreement of our operating partnership. These registration rights require us to use our commercially reasonable efforts to keep effective a shelf registration statement covering all such shares of Common Stock. In addition, Cambay Tele.com, LLC and Wave Exchange, LLC have the right, on one occasion, to require us to undertake a demand registration.

tel(x) Agreements

In December 2006, we entered into ten leases with tel(x), in which tel(x) provides enhanced meet-me-room services to customers, and during 2008 we entered into two turn-key datacenter leases with tel(x). tel(x) was acquired by GI Partners Fund II, LLP in November 2006. Richard Magnuson, our Chairman, is also the chief executive officer of the advisor to GI Partners Fund II, LLP. Our consolidated statements of operations include rental revenues of approximately \$20.6 million from tel(x) for the year ended December 31, 2009. In connection with the lease agreements, we entered into an operating agreement with tel(x), effective as of December 1, 2006, with respect to joint sales and marketing efforts, designation of representatives to manage the national relationship between us and tel(x) and future meet-me-room facilities. Under the operating agreement, tel(x) has a sixty-day option to enter into a meet-me-room lease for certain future meet-me-room buildings acquired by us or any buildings currently owned by us that are converted into a meet-me-room building.

Indemnification Agreements

We have entered into indemnification agreements with all of our named executive officers and other executive officers and with each of our directors that obligate us to indemnify them to the maximum extent permitted by Maryland law. The indemnification agreements provide that:

If a director or executive officer is a party or is threatened to be made a party to any proceeding, other than a proceeding by or in the right of our Company, by reason of such director's or executive officer's

status as a director, officer or employee of our Company, we must indemnify such director or executive officer for all expenses and liabilities actually and reasonably incurred by him or her, or on his or her behalf, unless it has been established that:

the act or omission of the director or executive officer was material to the matter giving rise to the proceeding and was committed in bad faith or was the result of active and deliberate dishonesty;

the director or executive officer actually received an improper personal benefit in money, property or other services; or

with respect to any criminal action or proceeding, the director or executive officer had reasonable cause to believe that his or her conduct was unlawful.

If a director or executive officer is a party or is threatened to be made a party to any proceeding by or in the right of our Company to procure a judgment in our Company's favor by reason of such director's or executive officer's status as a director, officer or employee of our Company, we must indemnify such director or executive officer for all expenses and liabilities actually and reasonably incurred by him or her, or on his or her behalf, unless it has been established that:

the act or omission of the director or executive officer was material to the matter giving rise to the proceeding and was committed in bad faith or was the result of active and deliberate dishonesty; or

the director or executive officer actually received an improper personal benefit in money, property or services; provided, however, that we will have no obligation to indemnify such director or executive officer for all expenses and liabilities actually and reasonably incurred by him or her, or on his or her behalf, if it has been adjudged that such director or executive officer is liable to us with respect to such proceeding.

Upon application of a director or executive officer of our Company to a court of appropriate jurisdiction, the court may order indemnification of such director or executive officer if:

the court determines that such director or executive officer is entitled to indemnification under the applicable section of the Maryland General Corporation Law (the "MGCL"), in which case the director or executive officer shall be entitled to recover from us the expenses of securing such indemnification; or

the court determines that such director or executive officer is fairly and reasonably entitled to indemnification in view of all the relevant circumstances, whether or not the director or executive officer has met the standards of conduct set forth in the applicable section of the MGCL or has been adjudged liable for receipt of an improper personal benefit under the applicable section of the MGCL;

provided, however, that our indemnification obligations to such director or executive officer will be limited to the expenses actually and reasonably incurred by him or her, or on his or her behalf, in connection with any proceeding by or in the right of our Company or in which the officer or director shall have been adjudged liable for receipt of an improper personal benefit under the applicable section of the MGCL.

Notwithstanding, and without limiting any other provisions of the agreements, if a director or executive officer is a party or is threatened to be made a party to any proceeding by reason of such director's or executive officer's status as a director, officer or employee of our Company, and such director or executive officer is successful, on the merits or otherwise, as to one or more but less than all claims, issues or matters in such proceeding, we must indemnify such director or executive officer for all expenses actually and reasonably incurred by him or her, or on his or her behalf, in connection with each successfully resolved claim, issue or matter,

Edgar Filing: Digital Realty Trust, Inc. - Form DEF 14A

including any claim, issue or matter in such a proceeding that is terminated by dismissal, with or without prejudice.

We must pay all indemnifiable expenses in advance of the final disposition of any proceeding if the director or executive officer furnishes us with a written affirmation of the director's or executive officer's good faith belief that the standard of conduct necessary for indemnification by our Company has been met and a written undertaking to reimburse us if a court of competent jurisdiction determines that the director or executive officer is not entitled to indemnification.

We must pay all indemnifiable expenses to the director or executive officer within 20 calendar days following the date the director or executive officer submits proof of the expenses to us.

Insofar as indemnification for liabilities arising under the Act may be permitted to directors, officers or persons controlling the registrant pursuant to the foregoing provisions, the registrant has been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Act and is therefore unenforceable.

ANNUAL REPORT ON FORM 10-K

Stockholders may obtain without charge a copy of the Company's Annual Report on Form 10-K, including financial statements and financial statement schedules, required to be filed with the SEC pursuant to the Exchange Act for the fiscal year ended December 31, 2009, by downloading the report from the Investor Relations section of the Company's Internet site at www.digitalrealtytrust.com, from the Company's e-proxy website at <http://www.proxyvote.com> or by writing to Investor Relations, Digital Realty Trust, Inc., 560 Mission Street, Suite 2900, San Francisco, California 94105.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's executive officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities (Reporting Persons), to file reports of ownership and changes in ownership with the SEC. Reporting Persons are required by SEC regulations to furnish us with copies of all forms they file pursuant to Section 16(a). Based solely on our review of the copies of such reports received by us, and written representations from certain Reporting Persons that no other reports were required for those persons, we believe that, during the year ended December 31, 2009, the Reporting Persons met all applicable Section 16(a) filing requirements.

Stockholder Proposals and Nominations

Pursuant to Rule 14a-8 under the Exchange Act, stockholders may present proper proposals for inclusion in our Proxy Statement and for consideration at our 2011 Annual Meeting. To be eligible for inclusion in our 2011 Proxy Statement, your proposal must be received in writing not later than November 17, 2010 and must otherwise comply with Rule 14a-8 under the Exchange Act. While the Board will consider stockholder proposals, we reserve the right to omit from our Proxy Statement stockholder proposals that we are not required to include under the Exchange Act, including Rule 14a-8 of the Exchange Act.

In addition, our Bylaws contain an advance notice provision with respect to matters to be brought before an annual meeting, including nominations, whether or not included in our Proxy Statement. If you would like to nominate a director or bring any other business before the stockholders at the 2011 Annual Meeting, you must comply with the procedures contained in our Bylaws, including notifying us in writing in a timely manner, and such business must otherwise be a proper matter for action by our stockholders. To be timely under our current Bylaws, the notice must be delivered to our Secretary at our principal executive office at 560 Mission Street, Suite 2900, San Francisco, California 94105 not earlier than September 29, 2010 and not later than 5:00 p.m., Pacific Time, on October 29, 2010. In the event that the date of the 2011 Annual Meeting is advanced or delayed by more than 30 days from the first anniversary of the date of the 2010 Annual Meeting, notice by the stockholder to be timely must be delivered not earlier than the 150th day prior to the date of the meeting and not later than 5:00 p.m., Pacific Time, on the later of the 120th day prior to the date of the meeting or the 10th day following the date of the first public announcement of the meeting. If we have not received notice of a stockholder proposal or nomination within the time period specified above, the persons entitled to vote the proxies solicited by this proxy statement will have the ability to vote on such matters in their discretion pursuant to Rule 14a-4(c)(1) and Rule 14a-5(e)(2) under the Exchange Act.

Our Bylaws provide that nominations of individuals for election to the Board and the proposal of business to be considered by our stockholders may be made at an annual meeting pursuant to the our notice of meeting, by or at the direction of the Board or by any stockholder of the Company who was a stockholder of record both at the time of giving of notice provided for in our Bylaws and at the time of the annual meeting, who is entitled to vote at the meeting and who complied with the notice procedures set forth in our Bylaws. A stockholder's notice regarding a director nomination shall set forth:

as to each individual whom the stockholder proposes to nominate for election or re-election as a director;

the name, age, business address and residence address of such individual,

the class, series and number of any shares of stock of the Company that are beneficially owned by such individual,

the date such shares were acquired and the investment intent of such acquisition, and

all other information relating to such individual that is required to be disclosed in solicitations of proxies for election of directors in an election contest (even if an election contest is not involved), or

is otherwise required, in each case pursuant to Regulation 14A (or any successor provision) under the Exchange Act and the rules thereunder (including such individual's written consent to being named in the Proxy Statement as a nominee and to serving as a director if elected),

as to any other business that the stockholder proposes to bring before the meeting, a description of the business desired to be brought before the meeting, the reasons for proposing such business at the meeting and any material interest in such business of such stockholder and any Stockholder Associated Person (as defined below), individually or in the aggregate, including any anticipated benefit to the stockholder and the Stockholder Associated Person therefrom,

as to the stockholder giving the notice and any Stockholder Associated Person;

the class series and number of all shares of stock of the Company which are owned by such stockholder and such Stockholder Associated Person, if any, and the nominee holder for, and number of, shares owned beneficially but not of record by such stockholder and by such Stockholder Associated Person, and

the name and address of such stockholder, as they appear on the Company's stock ledger and current name and address, if different, and of such Stockholder Associated Person; and

to the extent known by the stockholder giving the notice, the name and address of any other stockholder supporting the nominee for election or re-election as a director or the proposal of other business on the date of such stockholder's notice. Stockholder Associated Person of any stockholder means:

any person controlling, directly or indirectly, or acting in concert with, such stockholder;

any beneficial owner of shares of stock of the Company owned of record or beneficially by such stockholder; and

any person controlling, controlled by or under common control with such Stockholder Associated Person.

Any director nominations received from stockholders will be evaluated in the same manner that nominees suggested by Board members, management or other parties are evaluated.

You may write to our Secretary at our principal executive office, 560 Mission Street, Suite 2900, San Francisco, California 94105, to deliver the notices discussed above and for a copy of the relevant Bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (such as banks and brokers) to satisfy the delivery requirements for proxy materials with respect to two or more stockholders sharing the same address by delivering a single copy of the proxy statement, annual report or Notice of Internet Availability of Proxy Materials, as applicable, addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are our stockholders will be householding our proxy materials. A single Notice of Internet Availability of Proxy Materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the impacted stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive separate proxy materials, please notify

your broker, direct your written request to Investor Relations, Digital Realty Trust, Inc., 560 Mission Street, Suite 2900, San Francisco, California 94105, or contact Investor Relations by telephone at (415) 738-6500. Stockholders who currently receive multiple copies of proxy materials at their address and would like to request householding of their communications should contact their broker.
