Report of Independent Auditors

To Tarsadia Hotels (as agent for the Hilton Checkers Los Angeles):

We have audited the accompanying combined balance sheets of Hilton Checkers Los Angeles (the Hotel), as of December 31, 2009 and 2008, and the related combined statements of operations, net assets and cash flows for each of the two years then ended. These financial statements are the responsibility of the Hotel's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Hotel's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Hotel's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined financial position of the Hotel at December 31, 2009 and 2008, and the results of their combined operations and their cash flows for the years then ended, in conformity with U.S. generally accepted accounting principles.

Notes to the Combined Financial Statements

March 31, 2010 (unaudited) and December 31, 2009 and 2008

1. Organization

The combined financial statements of Hilton Checkers Los Angeles (the Hotel), present the combined financial position, results from operations and cash flows of the Hotel's operations and the Land (as defined below). The Hotel is a full service hotel with 188 rooms located in downtown Los Angeles, situated on the Land that consists of approximately 0.23 acres and is leased to the owner of the Hotel (the Land) at 535 South Grand Avenue.

The Hotel is managed and operated by Tarsadia Hotels.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying combined financial statements have been prepared for purposes of enabling Chesapeake Lodging Trust to comply with certain requirements of the Securities and Exchange Commission. The combined financial statements of the Hotel and the Land are prepared in conformity with U.S. generally accepted accounting principles (GAAP). The combined financial statements include the assets, liabilities and results of operations of the Hotel and the Land and not the accounts of the limited liability companies that own the Hotel and the Land.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include the realizability of accounts receivable, useful lives of real estate for purposes of determining depreciation expense and assessments as to whether there is impairment in the value of long-lived assets. Actual results could differ from those estimates.

Hilton Checkers Los Angeles

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Real Estate

Real estate is stated at cost less accumulated depreciation. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets, which are as follows:

Classification	Years
Building	39
Building improvements	15
Furniture, fixtures and equipment	5 - 7

Maintenance, minor repairs and replacements are expensed when incurred.

The Hotel reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of the asset may not be recoverable. An impairment loss is recognized when the sum of the undiscounted future net cash flows expected to result from the use of the asset and its eventual disposal is less than its carrying amount. No impairment loss has been identified or recorded in 2010, 2009 or 2008.

Cash and Cash Equivalents

Cash and cash equivalents include all cash on hand, cash held in financial institutions and other highly liquid investments with an initial maturity of three months or less when purchased. The cash balance may at times exceed federal depository insurance limits.

Restricted Cash

Restricted cash represents utility and liquor license deposits. This restricted cash balance is not available for use in the Hotel's operations.

Revenue Recognition

Hotel income represents revenue derived from room, food, beverage and parking. Room revenue is recognized as room-stays occur. Food, beverage and parking revenue are recognized when services have been provided. Deposits received for future services are recorded within accounts

Hilton Checkers Los Angeles

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

payable and accrued expenses and are recognized as revenue when the services are provided. Ongoing credit evaluations are performed and an allowance for potential credit losses is provided against the portion of accounts receivable that is estimated to be uncollectible. The Hotel determined that no allowance for doubtful accounts was necessary as of March 31, 2010 (unaudited), December 31, 2009 and 2008.

Deferred Financing Costs

Deferred financing costs include fees and costs incurred to obtain financing and are amortized over the term of the related debt using the straight-line method, which approximates the effective-interest method. Amortization expense was \$15,235 (unaudited) and \$15,235 (unaudited) for the three months ended March 31, 2010 and 2009, respectively, and \$60,941 and \$39,670 for the years ended December 31, 2009 and 2008, respectively. Accumulated amortization was \$123,463 (unaudited) as of March 31, 2010, and \$108,228 and \$47,287 as of December 31, 2009 and 2008, respectively.

Income Taxes

The owners of the Hotel and the Land are separate limited liability companies (the LLCs) and under the existing provisions of the Internal Revenue Code, income and losses of the LLCs flow through to the members of each LLC; accordingly, no provision for income taxes has been provided for in the accompanying combined financial statements of the Hotel and the Land.

Fair Value of Financial Instruments

As cash equivalents have maturities of less than three months, the carrying value of cash and cash equivalents approximates fair value. The fair values of the Hotel's other financial instruments (including such items in the financial statement captions as accounts receivable, accounts payable and accrued expenses, and tenant deposits and prepaid rents) approximate their carrying values based on their nature and terms. Based upon management's estimate of borrowing rates and loan terms currently available for variable rate financing, the fair value of the Hotel's variable rate mortgage loans payable would approximate their carrying values as of March 31, 2010 and December 31, 2009 (see Note 5).

Hilton Checkers Los Angeles

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

New Accounting Pronouncements

Effective July 1, 2009, the Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC or Codification) is the single source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with GAAP. The adoption of the FASB ASC does not impact the Hotel's financial statements; however, the Hotel's references to accounting literature within its notes to the combined financial statements reflect the Codification as of and for the years ended December 31, 2009 and 2008.

The Hotel adopted FAS No. 157 or ASC 820, on January 1, 2008, which defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements required under other accounting pronouncements, but does not change existing guidance as to whether or not an instrument is carried at fair value. The adoption did not have a material impact on the combined financial statements.

The Hotel adopted FAS No. 141(R), or ASC 805, on January 1, 2009. This topic significantly changed how a reporting enterprise accounts for the acquisition of a business in fiscal years beginning after December 31, 2008. It applies to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008, which was the beginning of the 2009 fiscal year. The adoption of this topic did not have a material impact on the combined financial statements.

The Hotel adopted FAS No. 160 or ASC 820-10-65-1, on January 1, 2009, which establishes new accounting and reporting standards for noncontrolling interests, previously known as minority interests, in a subsidiary and for the deconsolidation of a subsidiary. This topic is applied prospectively for fiscal years and interim periods within those fiscal years, beginning with the current fiscal year, except for the presentation and disclosure requirements, which are applied retrospectively for all periods presented. The adoption of this topic did not have a material impact on the combined financial statements.

Litigation

The Hotel is subject to legal proceedings and claims that arise in the normal course of business. As of March 31, 2010, December 31, 2009 and 2008, management is not aware of any asserted or pending litigation or claims against the Hotel that it expects to have a material adverse effect on the Hotel's financial condition, results of operations or liquidity.

The Hotel evaluated subsequent events through April 28, 2010, for inclusion in the combined financial statements.

UNAUDITED PRO FORMA FINANCIAL INFORMATION OF CHESAPEAKE LODGING TRUST

Chesapeake Lodging Trust (the Company) was organized in the state of Maryland on June 12, 2009. On January 27, 2010, the Company completed its initial public offering (IPO). In conjunction with the IPO, the Company sold additional common shares through private placement transactions and through the exercise of the underwriters' over-allotment option.
