**Agilysys Announces Unaudited Fiscal 2011 Fourth-Quarter
and Full-Year Financial Results**

Consolidated Revenue Advances 5.8% in Fiscal 2011 Fourth Quarter Compared with Fiscal 2010 Fourth Quarter

Fiscal Year 2011 Revenue Grew 6.5% From Fiscal 2010, Led by 23% Increase in Software Sales

Cash on Hand at Fiscal Yearend Increases 13% to \$74.4 Million

Corporate Headquarters to Be Relocated to Alpharetta, Ga., in Fiscal 2012

CLEVELAND June 14, 2011 Agilysys, Inc. (**Nasdaq: AGYS**), a leading provider of innovative IT solutions, today announced unaudited financial results for the fiscal 2011 fourth quarter and full year ended March 31, 2011.

Fourth-Quarter 2011 Unaudited Results of Operations

Fourth-quarter consolidated sales increased 5.8% to \$143.8 million, compared with \$135.8 million in the final quarter of fiscal 2010. Net revenues grew 16.5% and 8.7% in the Company's Hospitality Solutions Group (HSG) and Technology Solutions Group (TSG), respectively, more than offsetting a 13.6% decline in its Retail Solutions Group (RSG).

Gross margin contracted to 25.3% of sales, compared with 26.4% of sales in the fiscal 2010 fourth quarter. Margins were negatively impacted during the quarter due to lower services margins and vendor rebates.

Selling, general and administrative (SG&A) expense was \$44.8 million for the quarter, an increase of \$2.9 million from the prior year, primarily due to higher incentive compensation.

During the quarter, the Company conducted its annual goodwill impairment test and concluded certain goodwill and intangible assets related primarily to its TSG business segment were impaired. As a result, the Company recorded a non-cash impairment charge of \$37.7 million during the fiscal 2011 fourth quarter.

The reported operating loss for the quarter, which included the impairment charge and \$0.8 million in restructuring charges, was \$46.9 million. Adjusted EBITDA (operating loss plus depreciation and amortization), excluding asset impairment and restructuring charges, from continuing operations was a loss of \$5.1 million for the quarter, compared with a loss of \$2.9 million a year ago (see table attached).

The net loss from continuing operations for the quarter was \$45.0 million, or a loss of \$1.97 per diluted share, compared with a net loss from continuing operations of \$0.5 million, or a loss of \$0.02 per diluted share, in the prior-year fourth quarter.

James Dennedy, interim president and chief executive officer, commented: Looking ahead to fiscal 2012, we are optimistic that the decisions and actions taken subsequent to the March fiscal yearend will enhance shareholder value. After the proposed divestiture of the TSG segment is completed, Agilysys will have two industry-leading businesses that will serve as a solid platform for profitable future growth.

A major theme of the ongoing restructuring is to tighten our cost controls and better align corporate functions with our operating businesses. To that end, today we also announced that the Board of Directors has approved a restructuring plan, as well as the relocation of the Company's corporate functions from Solon, Ohio, to Alpharetta, Ga., during fiscal 2012.

Fiscal 2011 Unaudited Results of Operations

Full-year revenue in fiscal 2011 increased 6.5% to \$675.5 million from \$634.3 million in fiscal 2010 due to improvement in customer demand and bundling more remarketed software with hardware purchases. Sales of hardware, software and services increased 4%, 23% and 7%, respectively, compared with the prior year.

Full-year gross profit declined 2.4% to \$157.7 million, versus \$161.5 million in fiscal 2010. Gross margin as a percentage of sales was 23.3% in fiscal 2011, compared with 25.5% last year. Gross margin was negatively impacted by lower vendor rebates and services margins.

SG&A expense increased 3.6% to \$173.2 million, compared with \$167.2 million in the prior fiscal year. The increase was primarily due to higher incentive compensation, Guest360™ development costs that were capitalized in fiscal 2010 and higher costs associated with the Company's ERP implementation in fiscal 2011.

Including the aforementioned asset impairment and restructuring charges, the operating loss for the year was \$54.4 million, compared with the operating loss of \$6.8 million in fiscal 2010. Charges related to restructuring and asset impairment totaled \$38.9 million in fiscal 2011, versus \$1.1 million in the prior year. Adjusted EBITDA from continuing operations, excluding asset impairment and restructuring charges, was a loss of \$1.9 million for fiscal 2011, compared with a positive \$10.1 million a year ago (see table attached).

The fiscal year 2011 net loss from continuing operations was \$55.5 million, or \$2.44 per diluted share. This compares with net income from continuing operations of \$3.6 million, or \$0.15 per diluted share, last year.

Liquidity

Cash on hand grew \$8.8 million during the year, reaching \$74.4 million at the end of fiscal 2011 due to lower investments in working capital. The Company remains debt free, except for certain capital leases.

Business Outlook

Management indicated that, at this time, it is not prepared to provide guidance for fiscal 2012. As soon as practicable after the close of the proposed TSG transaction, the Company intends to provide estimates regarding the cost of restructuring, as well as the expected impact of the restructuring on fiscal 2012's anticipated results.

The Company plans to file its Form 10-K with the SEC later today.
