Form 10-K
March 27, 2012

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION

Washington, DC 20549

FORM 10-K

(Mark One)

ANNUAL REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the fiscal year ended December 31, 2011.

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission file number: 0-30983

ADVANT-E CORPORATION

(Exact name of registrant as specified in its charter)

Edgar Filing: ADVANT E CORP - Form 10-K

DELAWARE
(State or Other Jurisdiction of
Incorporation or Organization)

88-0339012
(I.R.S. Employer
Identification No.)

2434 Esquire Dr., Beavercreek, Ohio
(Address of Principal Executive Offices)

45431
(Zip Code)

Registrant's telephone number: (937) 429-4288

Securities registered pursuant to Section 12(b) of the Exchange Act:

None

Securities registered pursuant to Section 12(g) of the Act:

Common Stock, \$.001 par value

(Title of Class)

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or 15(d) of the Act. Yes No

Indicate by check mark whether the issuer (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period than the registrant was required to submit and post such files). Yes No

Indicate by check mark if disclosure of delinquent filers to Item 405 of Regulation S-K is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this form 10-K.

Edgar Filing: ADVANT E CORP - Form 10-K

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of large accelerated filer, accelerated filer and smaller reporting company in Rule 12b-2 of the Exchange Act.

Large accelerated filer Accelerated filer
Non-accelerated filer (Do not check if a smaller reporting company) Smaller reporting company
Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

Aggregate market value of voting and non-voting common equity held by non-affiliates of the registrant as of June 30, 2011, based upon the closing price of the common stock as reported by Over the Counter Bulletin Board on such date, was \$7,353,552.

The number of shares of outstanding common stock of the issuer as of March 27, 2012 was 66,722,590.

PART I

Item 1. Business

Advant-e Corporation was incorporated in the State of Delaware on March 9, 1994. On April 10, 2000, Advant-e Corporation acquired all of the issued and outstanding shares of Edict Systems, Inc., which was incorporated in the State of Ohio in September 1994. On July 2, 2007 Advant-e Corporation acquired all the issued and outstanding shares of Merkur Group, Inc., which was incorporated in the State of Delaware on August 28, 2001.

Advant-e Corporation through its wholly-owned subsidiaries, Edict Systems, Inc. and Merkur Group, Inc. (collectively, the Company), develops, markets, resells, and hosts software and provides services that allow its customers to send and receive business documents electronically in standard and proprietary formats. Customers consist of businesses across a number of industries primarily throughout the United States, and to a much lesser extent some foreign locations, principally Canada, Mexico, and Puerto Rico.

Edict Systems specializes in providing hosted Electronic Data Interchange solutions that utilize the Internet as the primary communications method. Customers use Edict Systems solutions to connect with business partners, integrate data with internal systems, expand and manage electronic trading communities, and validate data via a hosted business rule service.

Merkur Group develops and resells software, provides professional services, and provides technical maintenance and support that enables customers to automate delivery and receipt of business documents. Merkur Group provides proprietary software that integrates and connects large Supply Chain Management (SCM), Customer Relationship Management (CRM), and Enterprise Resource Planning (ERP) systems with third party software that provides multiple delivery and document capture options.

The Market

Business-to-business (B2B) e-commerce involves the automation of business processes and transactions through the use of computers and telecommunications to exchange and electronically process commercial information and transactions between businesses. The advantages of B2B e-commerce typically include elimination of redundant data entry, a reduction in administration associated with processing paper documents, a reduction in lead-time necessary to process documents, the ability to reduce inventory based on just in time methodologies, and increased data accuracy. The use of data standards for e-commerce is important for companies with disparate computer systems to communicate business documents electronically in an effective manner.

Strategy

The Company plans to become a leading provider of hosted B2B solutions by providing services to the marketplace for the broadest possible use. By focusing on vertical markets within the B2B marketplace along with providing horizontal solutions, the Company intends to target a broad potential customer base.

The Company utilizes its many years of experience in the e-commerce industry to market EnterpriseEC, the Company's Electronic Transaction Network and Trading Community Management Platform, horizontally to companies currently doing e-commerce as well as companies that will be conducting e-commerce in the future. Because EnterpriseEC is not industry specific and utilizes both standards-based data formats as well as proprietary formats, any company doing Electronic Data Interchange or which wants to conduct business electronically is a potential customer.

The Company's Web EDI solution, a hosted, web-based system that allows small and medium size suppliers to conduct EDI, is currently widely used in the grocery industry and to a lesser but substantial extent in the automotive industry. The Company intends to duplicate the success of GroceryEC and AutomotiveEC in other vertical industries where there is a high concentration of EDI usage among large buyers, but relatively low support from small and medium size suppliers.

The strategy for Merkur Group, Inc. is to target additional customers for automating outbound documents and to increase inbound document processing installations by targeting existing outbound-only customers. Merkur also intends to identify and target specific vertical applications for both inbound and outbound document processing opportunities as well as additional ERP, MRP (Materials Requirements Planning or Manufacturing Resources Planning), and CRM packages with which it can integrate.

Competition

Edgar Filing: ADVANT E CORP - Form 10-K

The B2B e-commerce market is highly competitive and fragmented. Numerous companies supply B2B e-commerce software products, private network services, Internet value added network (VAN) services, and web EDI capabilities. The Company s competitors range from small companies with limited resources to large companies with substantially greater financial and marketing resources than the Company. The Company believes that existing competitors who compete with the Company in one segment of the

market are likely to expand the range of their e-commerce services to include other market segments that the Company has targeted or will target. In addition, barriers to entry into the Company's markets are not sizeable, so it is likely that new competitors will enter the Company's markets on an ongoing basis. Large telecommunication, media, and software companies may offer services in direct competition to the Company. The Company believes the principal competitive factors in the commercial B2B e-commerce industry include responsiveness to customer needs, efficiency in the delivery of solutions, ease of product use, and quality of service, price and value. The Company believes it competes favorably with regard to these factors.

Merkur Group, Inc. competes in a fragmented market with many competitors, both software and hosted service providers. Merkur's proprietary software that allows it to integrate deeply with several major ERP/MRP systems, and its deep knowledge of the industry and the software which it resells, provides it with what the Company believes to be a strategic competitive advantage.

Intellectual and Proprietary Rights

The Company regards portions of its internally developed software and other designs, including its web site designs, as proprietary and attempts to protect them by all available means including trade secret laws, employee and third-party nondisclosure agreements, and built-in software protections.

Although the Company believes that its current technology and designs have been independently developed, there can be no assurance that the technology does not or will not infringe on the rights of others. The Company has no patents or registered copyrights pertaining to its products, and it may be possible for unauthorized third parties to copy certain portions of the Company's products or to reverse engineer or otherwise obtain and use, to the Company's detriment, information that the Company regards as proprietary. Moreover, the laws of some countries do not offer the same protection to the Company's proprietary rights as do those of the United States and Canada. There can be no assurance that legal protections relied upon by the Company to protect its proprietary position will be adequate or that the Company's competitors will not independently develop technologies that are substantially equivalent or superior to those utilized by the Company. It is the intention of the Company to apply for patent protection of any processes or business methods determined to be patentable and in the best interest of the Company to do so.

The Company owns United States trademark rights to Merkur. Other trademarks may be acquired by the Company if and when management determines that it is in the best interest of the Company to do so.

Third Party Technology

The Company incorporates in its products certain software licensed to it by other software developers. These include software components and development objects licensed from various vendors. The Company also relies on licensed software development tools, database software, and server software from third party providers for the development and operation of its products.

If the Company was deprived of the right to use software incorporated in its products for any reason, or if the tools utilized in the development of its products were discontinued or the capabilities contained in future releases did not meet the standards set by the Company, there could be serious disruptions to its business.

Merkur Group, Inc. buys its software for resale almost exclusively from a single supplier. The Company has a contract with that supplier that is renewable annually unless cancelled by either party. While this software is somewhat unique, similar software that includes substantially the same capabilities is available from other sources at competitive prices. The loss of the current source of supply, however, could result in disruption to the business and could have an adverse impact on the Company's revenue and net income.

Employees

The Company believes its success depends to a significant extent on its ability to attract, motivate and retain highly skilled vision-oriented management and employees. To this end, the Company focuses on incentive programs for its employees and endeavors to create a corporate culture that challenges and rewards employees and encourages development of their careers, professionalism, and entrepreneurship. As of March 27, 2012, the Company had a total of sixty-eight (68) full-time employees. Forty-seven (47) employees are technical personnel engaged in developing, maintaining or providing technical support for the Company's products and services, twelve (12) employees are marketing and sales personnel and nine (9) are involved in administration and finance.

Research and Development

Expenditures for research and development were nominal in 2011 and 2010.

Government Regulation

Based upon its experience and knowledge of the industry, the Company believes that its products comply substantially with applicable regulations in the markets which the Company has targeted. There can be no assurances, however, that future regulations or laws will not be adopted that would have an adverse effect on the Company. The Company cannot predict the extent or impact of future legislation or regulation by federal, state or local authorities.

Reports to Security Holders

We are currently subject to the reporting requirements of the Securities Exchange Act, and we file periodic reports including annual Form 10-K and quarterly Form 10-Q, and other information with the Securities and Exchange Commission (Commission). In addition, we will, upon request, furnish shareholders with annual reports containing audited financial statements certified by our independent registered public accounting firm and interim reports containing unaudited financial information. We will provide without charge to each person who receives a copy of this Form 10-K, upon written or oral request, a copy of any information that is incorporated by reference in this Form 10-K (not including exhibits to the information that is incorporated by reference unless the exhibits are themselves specifically incorporated by reference). Such request should be directed to Advant-e Corporation, Attention: Investor Relations, 2434 Esquire Dr., Beavercreek, OH 45431, telephone 937-429-4288.

For further information with respect to the Company, reference is made to all other reports and information that we have filed with the Commission, which may be inspected and copied at the public reference facilities of the Commission in Washington D.C. Copies of such material can be obtained from the Public Reference Room, 100 F Street, N.E., Washington, D.C. 20549, on official business days during the hours of 10 a.m. to 3 p.m. Further information on the operation of the Public Reference Room may be obtained by calling the Commission at 1-800-SEC-0330. The Commission maintains an Internet site, <http://www.sec.gov>, that contains reports, proxy and information statements and other information regarding issuers that file electronically with the Commission. Visitors to the site may access such information by searching the EDGAR database. Our Internet addresses (web sites) are www.advant-e.com, www.edictsystems.com, and www.merkur.com.

Item 1A. Risk Factors

Not required for a smaller reporting company.

Item 1B. Unresolved Staff Comments

Not required for a smaller reporting company.

Item 2. Properties.

Effective November 1, 2011, Edict Systems, Inc. leases a 19,000 square foot building located in Beavercreek, Ohio that serves as the corporate office and principal place of business of the Registrant and both its subsidiaries, Edict Systems, Inc. and Merkur Group, Inc. Payments are \$12 per square foot, or \$228,000 per year, plus all building expenses including interior and exterior maintenance, structural repairs, taxes, insurance, utilities and all other related expenses. The lease expires on October 31, 2016 and has no renewal options.

Item 3. Legal Proceedings.

None.

Item 4. Mine Safety Disclosures

None.

PART II

Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities

The following table sets forth, during the periods indicated, the range of high and low bid prices for the Company's Common Stock (symbol ADVC) on the OTC Bulletin Board. Such high and low bid information reflects inter-dealer quotes, without retail mark-up, mark-down or commissions and may not represent actual transactions:

Edgar Filing: ADVANT E CORP - Form 10-K

	Dividends	High	Low
2011			
Quarter ended:			
March 31, 2011	\$.000	0.250	0.200
June 30, 2011	.020	0.280	0.200
September 30, 2011	.000	0.300	0.200
December 31, 2011	.000	0.250	0.030
2010			
Quarter ended:			
March 31, 2010	.000	0.270	0.160
June 30, 2010	.000	0.220	0.150
September 30, 2010	.000	0.220	0.160
December 31, 2010	.000	0.240	0.160

As of March 27, 2012 the Company had approximately 290 registered holders of record of common stock. Some of those registered holders are brokers who are holding shares for multiple clients in street name. Accordingly, the Company believes the number of actual shareholders of common stock exceeds the number of registered holders of record.

On May 12, 2011, the Company's Board of Directors declared a special dividend of \$0.02 per share, totaling \$1,334,452, paid in two equal installments of \$667,226, or \$.01 per share, on June 21, 2011 and December 19, 2011.

The 2011 and other prior dividend declarations, however, are not meant to indicate that the Company will necessarily declare and pay a dividend in 2012 and beyond on a regular basis. Any dividend payments are at the discretion of the Board of Directors. Dividend payments depend on various facts and circumstances including, but not limited to, the Company's earnings and financial position, general economic conditions, opportunities for the Company's development and expansion, and other pertinent factors

No securities are authorized for issuance under share-based compensation plans.

Item 6. Selected Financial Data

Not required for a smaller reporting company.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Forward looking statements

This Form 10-K contains forward-looking statements, including statements regarding the expectations of future operations. For this purpose, any statements contained in this Form 10-K that are not statements of historical fact may be deemed to be forward-looking statements. Without limiting the foregoing, words such as may, will, expect, believe, anticipate, estimate, or continue or comparable terminology are intended to identify forward-looking statements. These statements by their nature involve substantial risks and uncertainties, and actual results may differ materially depending on a variety of factors, many of which are not within the Company's control. These factors include, but are not limited to, economic conditions generally and in the industries in which the Company may participate, competition within the chosen industry, including competition from much larger competitors, technological advances, and the failure to successfully develop business relationships. In light of these risks and uncertainties, you are cautioned not to place undue reliance on these forward-looking statements. The Company acknowledges that the safe harbor contained in the Litigation Reform Act of 1995 is not applicable to the disclosure in this Form 10-K.

This item should be read in conjunction with Item 8. Financial Statements and Supplementary Data and other items contained elsewhere in this Form 10-K.

2011 Results Compared to 2010

Executive Summary

Revenue for 2011 of \$9,588,535 increased by \$285,924, or 3%, compared to 2010 due primarily to increased revenue in GroceryEC for Edict Systems.

Net income for 2011 of \$1,711,380 increased by \$126,041, or 8%, due primarily to increased revenue from grocery and automotive customers.

The Company generated net cash flows from operating activities of \$1,961,435 in 2011, compared to \$1,896,713 in 2010, primarily on the strength of net income in both years.

Edgar Filing: ADVANT E CORP - Form 10-K

On May 12, 2011 the Company's Board of Directors declared a special dividend of \$.02 per share, totaling \$1,334,452, paid in two equal installments of \$667,226, or \$.01 per share, on June 21, 2011 and December 19, 2011.

Revenue

Revenue for the Company in 2011 increased by 3% compared to 2010. Revenue for Edict Systems increased by 6% and revenue for Merkur Group decreased by 12%.

	2011		2010		Increase (Decrease)	
	Amount	% of Total	Amount	% of Total	Amount	%
Edict Systems	\$ 8,244,583	86	7,768,896	84	475,687	6
Merkur Group	1,343,952	14	1,533,715	16	(189,763)	(12)
Revenue	\$ 9,588,535	100	9,302,611	100	285,924	3

Edict Systems Revenue

Revenue from the sale of Internet-based Electronic Data Interchange (EDI) products and services sold by Edict Systems in 2011 and 2010 is summarized below:

	2011		2010		Increase (Decrease)	
	Amount	% of Total	Amount	% of Total	Amount	%
Web EDI						
GroceryEC	\$ 5,597,272	68	5,359,002	69	238,270	4
AutomotiveEC	705,569	9	626,423	8	79,146	13
Other Web EDI	183,002	2	198,491	3	(15,489)	(8)
EnterpriseEC	1,520,365	18	1,422,464	18	97,901	7
Other products and services	238,375	3	162,516	2	75,859	47
Total	\$ 8,244,583	100	7,768,896	100	475,687	6

Revenue from GroceryEC and Automotive EC increased by 4% and 13%, respectively, due to an increase in the volume of transactions processed.

Revenue from EnterpriseEC, the Company's value added network (VAN), increased by 7% compared to 2010 due to increased volume of EDI transactions processed for large grocery companies. Despite this increase, pricing pressures and the availability of alternate connectivity options continue to adversely affect revenue growth for EnterpriseEC.

Revenue from other products and services increased by \$75,859, or 47%, primarily due to increased web-based testing and certification fees from suppliers of large grocery companies.

Merkur Group Revenue

Revenue from the sale of software based products and services sold by Merkur Group in 2011 and 2010 is summarized below:

	2011		2010		Increase (Decrease)	
	Amount	% of Total	Amount	% of Total	Amount	%
Software	\$ 119,570	9	215,785	14	(96,215)	(45)
Hardware	61,701	5	137,983	9	(76,282)	(55)
Maintenance contracts	936,269	70	890,281	58	45,988	5
Professional services	177,570	13	262,080	17	(84,510)	(32)
On-demand solutions	34,022	2	15,535	1	18,487	119
Other	14,820	1	12,051	1	2,769	23
Total	\$ 1,343,952	100	1,533,715	100	(189,763)	(12)

Revenue from software, hardware, and professional services, totaling \$358,841 in 2011, declined \$257,007, or 42%, compared to 2010 as customers continued to postpone software decisions due to the sluggish economy and general business uncertainty. Revenue from Merkur's on-demand (pay-as-you-use) solutions, introduced in 2009, however, grew from \$15,535 in 2010 to \$34,022 in 2011. Recurring revenue from maintenance contracts grew by 5% to \$936,269 in 2011.

Revenue from customers in foreign locations

Although the Company has no facilities or operations in foreign locations, the Company derived in 2011 and 2010 less than 3% of revenue from customers located in areas outside the United States, principally in Canada, Mexico, and Puerto Rico.

Net Income

Net income for 2011 compared to 2010 is summarized below:

	2011	2010	Increase (Decrease)	
			Amount	%
Edict Systems	\$ 1,596,895	1,413,875	183,020	13
Merkur Group	170,392	227,371	(56,979)	(25)
Amortization of intangible assets, net of income tax effects	(55,907)	(55,907)		
Net Income	\$ 1,711,380	1,585,339	126,041	8

The increase for Edict Systems was primarily due to revenue growth from grocery and automotive customers, which was partially offset by increased technical personnel-related expenses as Edict continued to implement its new Web EDI version, and increased rental and moving expenses pertaining to the Company's new administrative and corporate office.

Net income for Merkur Group declined due to decreased revenue and office closing expenses, which were partially offset by reductions in personnel related expenses.

Gross margin and cost of revenue

The Company's gross margin, as a percent of revenue, was 61% in 2011 and 2010. The gross margin for Edict Systems was 64% for both years as revenue increased sufficiently to offset increased technical personnel-related and other technical expenses. The gross margin for Merkur Group declined from 45% to 42% due to reduced revenue from the sale of software, hardware, and professional services that did not cover fixed technical personnel related expenses.

Marketing, general and administrative expenses

Marketing, general and administrative expenses decreased by \$21,289, or 1%, in 2011 compared to 2010, due to reduced personnel related expenses, which were partially offset by increased rent and the incurrence of moving expenses associated with the move to a new corporate office.

On November 1, 2011 the Company moved into a 19,000 square foot building in Beavercreek, Ohio, which serves as its corporate and administrative offices. This move was dictated by the need to provide sufficient space for all employees to work in one building, ample parking for all employees and visitors, capacity for expansion, improved offices and working conditions for employees, better location, increased fire protection, and improved infrastructure. Management expects these enhancements will result in improved employee efficiency, communication, morale and improved customer service levels. Concurrently, Merkur Group, Inc. closed its office in West Chester, Ohio, enabled its employees to work remotely from their home offices, and consolidated its administrative offices with the new office building in Beavercreek, Ohio. Management expects no loss in operational efficiency as all Merkur employees have suitable home offices and adequate workspace when needed at the Beavercreek office.

The lease for the new office building requires payments on an annual basis of \$12 per square foot, or \$228,000 per year, plus payments for all building expenses including interior and exterior maintenance, structural repairs, taxes, insurance, utilities, and all other related expenses, estimated at \$6.84 per square feet, or \$130,000 per year, for a total of \$18.84 per square foot, or \$358,000 per year. This represents an increase of \$253,000 on an annual basis compared to rental expenses in the previous year for Edict. Offsetting this increase, however, is a reduction of Merkur's rental-related expenses and other operating expenses of approximately \$111,000 beginning in 2012. On a consolidated basis, therefore, rental-related expenses are estimated to increase by the net amount of \$142,000.

The lease for the former Merkur office expires on March 31, 2012, and the cost to close the Merkur Group office and to consolidate into the new office includes \$22,410 for the remaining rental obligation and related expenses that were charged to expense in 2011 but which will not be paid until 2012.

Edgar Filing: ADVANT E CORP - Form 10-K

As a result of the above, lease expense, including payments for taxes, insurance, maintenance and other operating expenses, increased from \$224,457 in 2011 from \$183,126 in 2010, an increase of \$41,331.

Pre-tax profitability

The Company strives to achieve a minimum 20% pre-tax profitability (income before income taxes as a percent of revenue) for its operating segments. Although Edict Systems performed to that desired level in both years (29% in 2011 and 28% in 2010), Merkur Group fell short in 2011 (19% compared to 22% in 2010), due to decreased revenue that could not cover fixed expenses.

Liquidity and Capital Resources

In 2011, the Company generated net cash flows from operating activities of \$1,961,435 compared to \$1,896,713 in 2010. The cash flows from operating activities in both years were due largely to net income adjusted for non-cash expenses. The Company paid dividends of \$1,334,452 and invested \$130,753 for infrastructure improvements and software development costs for the new version of Web EDI.

Management believes that the Company will have sufficient financial resources to meet business requirements for the next 12 months and to fund growth and other business and financial initiatives. The Company has available an unused line of credit in the amount of \$1.5 million. Borrowings under the line of credit accrue interest at the bank's prime commercial rate, are collateralized by substantially all of the assets of the Company's subsidiaries, and are payable in full when the line of credit expires on April 25, 2012, when it is expected to be renewed. The line of credit is guaranteed by the Company's Chief Executive Officer and majority shareholder.

Changes in Consolidated Balance Sheet from December 31, 2010 to December 31, 2011

Some balance sheet changes that occurred in 2011 that are not described elsewhere in this Management's Discussion and Analysis of Financial Condition and Results of Operations are described below:

Accounts receivable increased \$41,219 due primarily to increased billings in the fourth quarter of 2011 compared to 2010 for the development of applications designed to meet customer specifications.

Accounts payable increased \$32,416 due to the timing of payments within terms.

Other intangible assets decreased \$84,712 due to the amortization of the costs associated with the purchase of Merkur Group.

Deferred revenue increased \$75,018 due to increased deferral of revenue resulting from customer payments for the development of applications designed to meet customer specifications.

Capitalized development costs

The following table sets forth the cost and accumulated amortization of the products comprising the Software Development Costs asset at December 31, 2011:

Product	Cost	Accumulated Amortization	Net
Web EDI, new version	\$ 579,459	317,357	262,102

The unamortized costs relate exclusively to internal use software and costs associated with website development and related enhancements.

The ongoing assessment of recoverability of capitalized software development costs requires considerable judgment by management with respect to certain external factors, including, but not limited to, anticipated future revenues, estimated economic life and changes in software and hardware technologies. Impairment of asset value is considered whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable.

Fourth Quarter Results

The Company's operating results in the fourth quarter of 2011 compared to the fourth quarter of 2010 are as follows:

	Fourth Quarter 2011	Fourth Quarter 2010
Revenue	\$ 2,480,817	2,384,464
Cost of revenue	928,376	891,613
Gross margin	1,552,441	1,492,851
Marketing, general and administrative expenses	826,923	759,057
Operating income	725,518	733,794
Other income (expense), net	(403)	2,541
Income before income taxes	725,115	736,335

Edgar Filing: ADVANT E CORP - Form 10-K

Income tax expense	246,824	249,346
Net income	\$ 478,291	486,989
Earnings per share basic and diluted	\$ 0.008	0.008

Note: Earnings per share on a quarterly basis in 2011 do not add to earnings per share for the year due to rounding.

Revenue

Revenue for the Company in the fourth quarter of 2011 increased 4% compared to the fourth quarter of 2010. Revenue for Edict Systems increased 9% and revenue for Merkur Group decreased by 20%.

	Q4 2011		Q4 2010		Increase (Decrease)	
	Amount	% of Total	Amount	% of Total	Amount	%
Edict Systems	\$ 2,152,624	87	1,973,605	87	179,019	9
Merkur Group	328,193	13	410,859	13	(82,666)	(20)
Revenue	\$ 2,480,817	100	2,384,464	100	96,353	4

Edict Systems Revenue

Revenue from the sale of Internet based Electronic Data Interchange (EDI) products and services sold by Edict Systems in the fourth quarter of 2011 and 2010 is summarized below:

	Q4 2011		Q4 2010		Increase (Decrease)	
	Amount	% of Total	Amount	% of Total	Amount	%
Web EDI						
GroceryEC	\$ 1,430,380	67	1,353,084	68	77,296	6
AutomotiveEC	202,082	9	161,365	8	40,717	25
Other Web EDI	41,392	2	49,826	3	(8,434)	(17)
EnterpriseEC	427,805	20	365,466	19	62,339	17
Other products and services	50,965	2	43,864	2	7,101	16
Total	\$ 2,152,624	100	1,973,605	100	179,019	9

Revenue from GroceryEC and AutomotiveEC increased 6% and 25%, respectively, compared to the fourth quarter of 2010 due to an increase in the volume of transactions processed.

Revenue from EnterpriseEC increased in the fourth quarter of 2011 due to an increased volume of transactions processed for large grocery companies.

Merkur Group Revenue

Revenue from the sale of software based products and services sold by Merkur Group in the fourth quarter of 2011 and 2010 is summarized below:

	Q4 2011		Q4 2010		Increase (Decrease)	
	Amount	% of Total	Amount	% of Total	Amount	%
Software	\$ 22,439	7	40,738	10	(18,299)	(45)
Hardware	3,412	1	56,250	13	(52,838)	(94)
Maintenance contracts	246,214	75	233,160	57	13,054	6
Professional services	37,800	12	72,600	18	(34,800)	(48)
Other	18,328	5	8,111	2	10,217	126
Total	\$ 328,193	100	410,859	100	(82,666)	(20)

Edgar Filing: ADVANT E CORP - Form 10-K

Revenue from software, hardware, and professional services, totaling \$63,651 in the fourth quarter of 2011, declined \$105,937, or 62%, compared to the fourth quarter of 2010 as customers continued to postpone software decisions due to the sluggish economy and business uncertainty. Recurring revenue from maintenance contracts grew by 6% to \$246,214 in the fourth quarter of 2011.

Revenue from customers in foreign locations

The Company derived approximately 3.5% of revenue in the fourth quarter of 2011 and 2.7% of revenue in the fourth quarter of 2010 from customers located in areas outside the United States.

Net Income

Net income for the fourth quarter of 2011 compared to the fourth quarter in 2010 is summarized below:

	Q4 2011	Q4 2010	Increase (Decrease)	
			Amount	%
Edict Systems	\$ 455,042	429,388	25,654	6
Merkur Group	37,226	71,578	(34,352)	(48)
Amortization of intangible assets, net of income tax effects	(13,977)	(13,977)		
Net Income	\$ 478,291	486,989	(8,698)	(2)

The increase for Edict Systems was due to the revenue growth described above, which was partially offset by increased technical personnel related costs and increased marketing, general and administrative increases.

The decrease for Merkur Group was due primarily to the revenue decrease described above.

Gross Margin and cost of revenue

The Company's gross margin, as a percent of revenue, was 63% in the fourth quarter of 2011 and 2010. Increased revenue was sufficient to partially offset increased technical personnel related costs and to maintain margins.

Marketing, general and administrative expenses

Marketing, general and administrative expenses increased by \$67,866, or 9%, in the fourth quarter of 2011 compared to the fourth quarter of 2010 due primarily to increased rent, the incurrence of moving expenses related to the move to the Company's new headquarters, and estimated costs of \$22,410 for the closure of the Merkur Group office in West Chester, Ohio.

Critical Accounting Policies and Estimates

Revenue Recognition

The Company recognizes revenues when, in addition to other criteria, delivery has occurred or services have been rendered.

Revenue from Internet-based products and services are comprised of four components: account activation and trading partner set-up fees, monthly subscription fees, usage-based transactional fees and customer payments for the Company's development of applications designed to meet specific customer specifications.

Revenue earned from account activation and trading partner set-up fees are recognized after the Company performs consultative work required in order to establish an electronic trading partnership between the customer and their desired trading partners. Trading partnerships, once established, require no ongoing effort on the part of the Company and customers are able to utilize the electronic trading partnerships either directly with their customers or via a service provider other than the Company.

Revenue from monthly subscription fees is recognized over the period to which the subscription applies.

Revenue from usage based transaction fees is recognized in the period in which the transactions are processed.

Revenue from customer payments for the Company's development of applications designed to meet specific customer specifications is recognized over the contract period, generally twelve months.

Revenue from the sale of software and related products contains multiple element arrangements, and is recognized in accordance with the provisions of ASC Topic 985-605, Software Industry Revenue Recognition. The multiple elements include the sale of software, hardware,

Edgar Filing: ADVANT E CORP - Form 10-K

professional services and software maintenance contracts. The relative selling price of each element is based on vendor-specific objective evidence, and the elements in the arrangements qualify as separate units of accounting. Revenue from the sale of software and hardware is recognized when title and risk of loss are transferred, which generally occurs upon delivery. Revenue from the sale of professional services is recognized when the services are completed, which is generally soon after the delivery of the software and hardware. Even though customers have a 30-day period in which they can return the software, historically returns have not been significant. Revenue from maintenance contracts is recognized over the life of the maintenance and support contract period, generally twelve months. Revenue from the sale of software and related products are record at gross, and any related purchases are included in cost of revenue.

Software Development Costs

The Company accounts for the costs of computer software that it develops for internal use and costs associated with operation of its web sites in accordance with the Accounting Standards Codification (ASC) Topic 350, Intangibles-Goodwill and Other by capitalizing those costs. Such capitalized costs represent solely the salaries and benefits of employees working on the graphics and content development stages, or adding functionality or features. In accordance with ASC Topic 350, overhead, general and administrative and training costs are not capitalized. The Company accounts for the costs of computer software that it sells, leases and markets as a separate product in accordance with ASC Topic 985, Software . Capitalized costs are amortized by the straight-line method over the remaining estimated economic lives of the software application, generally three years, and are reported at the lower of unamortized cost or net realizable value.

The ongoing assessment of recoverability of capitalized software development costs requires considerable judgment by management with respect to certain external factors, including, but not limited to, anticipated future revenues, estimated economic life and changes in software and hardware technologies. Impairment of asset value is considered whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable.

Software Maintenance Costs

Prepaid software maintenance costs represent amounts paid to the primary software supplier of Merkur Group, Inc. for providing program upgrades and software modifications to remediate programming errors during the lives of the related customer maintenance and support contracts. These costs are charged to expense over the lives of the maintenance and support contract periods, generally twelve months.

Goodwill and Other Intangible Assets

Management assesses goodwill for impairment on an annual basis at year-end, and between annual tests if an event occurs or circumstances change that may more likely than not reduce the fair value of the reporting unit below its carrying value. Significant management judgment is required in assessing the impairment of goodwill, including the assignment of assets and liabilities and determination of fair value. Management uses the discounted cash flow method, which requires significant judgments and assumptions for estimates of future cash flows, growth rate, and useful life of the cash flows, and determination of the cost of capital. Changes in these estimates and assumptions could materially affect the determination of fair value and goodwill impairment, if any. Management completed the required annual impairment test and determined that goodwill was not impaired at December 31, 2011.

Recently Issued Accounting Pronouncements

For a description of recently issued accounting pronouncements, including the expected dates of adoption and estimated effects, if any, on the Company's consolidated financial statements, see Note 1: Recently Issued Accounting Pronouncements in the Notes to Consolidated Financial Statements in Item 8 of this Form 10-K.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk.

Not required for a smaller reporting company.

Item 8. Financial Statements and Supplementary Data.

Notes to Consolidated Financial Statements

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders

Advant-e Corporation

Dayton, Ohio

We have audited the accompanying consolidated balance sheets of Advant-e Corporation and subsidiaries as of December 31, 2011 and 2010, and the related consolidated statements of income, shareholders' equity, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Advant-e Corporation and subsidiaries as of December 31, 2011 and 2010, and the consolidated results of their operations and their cash flows for the years then ended in conformity with U. S. generally accepted accounting principles.

ADVANT-E CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2011

Note 1: Basis of Presentation, Organization and Other Matters

Nature of Operations

Advant-e Corporation through its wholly-owned subsidiaries, Edict Systems, Inc. and Merkur Group, Inc. (collectively, the Company), develops, markets, resells, and hosts software and provides services that enable its customers to send and receive business documents electronically in standard and proprietary formats. Edict Systems specializes in providing hosted Electronic Data Interchange solutions that utilize the Internet as the primary communications method. Customers use Edict Systems solutions to connect with business partners, integrate data with internal systems, expand and manage electronic trading communities, and validate data via a hosted business rule service. Merkur Group, Inc. develops and resells software, provides professional services, and provides technical maintenance and support that enables customers to automate delivery and receipt of business documents. Merkur Group, Inc. provides proprietary software that integrates and connects large Supply Chain Management (SCM), Customer Relationship Management (CRM), and Enterprise Resource Planning (ERP) systems with third party software that provides multiple delivery and document capture options. Customers consist of businesses across a number of industries primarily throughout the United States, and to a much lesser extent some foreign locations, principally Canada, Mexico, and Puerto Rico.

Principles of Consolidation

The consolidated condensed financial statements include the accounts of Advant-e Corporation and its wholly-owned subsidiaries, Edict Systems, Inc., and Merkur Group, Inc. Inter-company accounts and transactions are eliminated in consolidation. Management evaluates related party relationships for variable interest entity considerations.

Use of Estimates

The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates used in preparing these financial statements include those considered in the assessment of recoverability of capitalized software development costs, the assessment of potential impairment of goodwill, the assessment of the collectability of accounts receivable and the recording of prepaid software maintenance costs and deferred revenue. A reasonable possibility exists that estimates used will change within the next year.

Cash and Cash Equivalents

The Company classifies as cash equivalents all highly liquid investments with original maturities of three months or less.

Accounts Receivable and Credit Policies

Accounts receivable are uncollateralized customer obligations due under normal trade terms generally requiring payment upon receipt of invoice or within thirty days.

Accounts receivable include amounts billed to customers and amounts that are unbilled at the end of the period for services that were performed before the end of the period. Customer account balances with invoices dated over 30 days old are considered delinquent.

The carrying amount of accounts receivable is reduced by a valuation allowance that reflects management's best estimate of the amounts that will not be collected. Management considers account balances that are over 90 days old as having a high probability of uncollectibility and generally includes those amounts in the valuation allowance. In addition, management individually reviews accounts receivable balances and, based on an assessment of current creditworthiness, estimates the account balances that will not be collected and includes those amounts, if any, in the valuation allowance. Accounts deemed uncollectible are charged off to the valuation allowance.

The allowance for uncollectible accounts was \$29,000 and \$27,000 at December 31, 2011 and 2010, respectively.

Software Maintenance Costs

Prepaid software maintenance costs represent amounts paid to the primary software supplier of Merkur Group, Inc. for providing program upgrades and software modifications to remediate programming errors during the lives of the related customer maintenance and support contracts. These costs are charged to expense over the lives of the maintenance and support contract periods, generally twelve months.

Software Development Costs

The Company accounts for the costs of computer software that it develops for internal use and costs associated with operation of its web sites in accordance with the Accounting Standards Codification (ASC) Topic 350, *Intangibles-Goodwill and Other* by capitalizing those costs. Such capitalized costs represent solely the salaries and benefits of employees working on the graphics and content development stages, or adding functionality or features. In accordance with ASC Topic 350, overhead, general and administrative and training costs are not capitalized. The Company accounts for the costs of computer software that it sells, leases and markets as a separate product in accordance with ASC Topic 985, *Software*. Capitalized costs are amortized by the straight-line method over the remaining estimated economic lives of the software application, generally three years, and are reported at the lower of unamortized cost or net realizable value.

The ongoing assessment of recoverability of capitalized software development costs requires considerable judgment by management with respect to certain external factors, including, but not limited to, anticipated future revenues, estimated economic life and changes in software and hardware technologies. Impairment of asset value is considered whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable.

Property and Equipment

Property and equipment is carried at cost. Depreciation is provided using the straight line method over the estimated useful lives of the assets of three to seven years. Costs of normal maintenance and repairs are charged to expense as incurred.

Goodwill and Other Intangible Assets

Goodwill represents the excess of the Company's purchase price over the fair value of the net identifiable assets of Merkur Group, Inc., acquired on July 2, 2007.

Other intangible assets, which arose from the acquisition of Merkur Group, Inc., consist of contractual vendor relationships, customer relationships, and proprietary computer software, and were initially recorded at fair values using the income or cost approach. Other intangible assets are amortized on a straight-line basis over their estimated useful lives of five to seven years.

Management assesses goodwill for impairment on an annual basis at year-end, and between annual tests if an event occurs or circumstances change that may more likely than not reduce the fair value of the reporting unit below its carrying value. Significant management judgment is required in assessing the impairment of goodwill, including the assignment of assets and liabilities and determination of fair value. Management uses the discounted cash flow method, which requires significant judgments and assumptions for estimates of future cash flows, growth rate, and useful life of the cash flows, and determination of the cost of capital. Changes in these estimates and assumptions could materially affect the determination of fair value and goodwill impairment, if any. Management completed the required annual impairment test and determined that goodwill was not impaired at December 31, 2011.

Revenue Recognition

The Company recognizes revenues when, in addition to other criteria, delivery has occurred or services have been rendered.

Revenue from Internet-based products and services are comprised of four components: account activation and trading partner set-up fees, monthly subscription fees, usage-based transactional fees and customer payments for the Company's development of applications designed to meet specific customer specifications.

Revenue earned from account activation and trading partner set-up fees are recognized after the Company performs consultative work required in order to establish an electronic trading partnership between the customer and their desired trading partners. Trading partnerships, once established, require no ongoing effort on the part of the Company and customers are able to utilize the electronic trading partnerships either directly with their customers or via a service provider other than the Company.

Revenue from monthly subscription fees is recognized over the period to which the subscription applies.

Edgar Filing: ADVANT E CORP - Form 10-K

Revenue from usage based transaction fees is recognized in the period in which the transactions are processed.

Revenue from customer payments for the Company's development of applications designed to meet specific customer specifications is recognized over the contract period, generally twelve months.

Revenue from the sale of software and related products contains multiple element arrangements, and is recognized in accordance with the provisions of ASC Topic 985-605, Software Industry Revenue Recognition. The multiple elements include the sale of software, hardware, professional services and software maintenance contracts. The relative selling price of each element is based on vendor-specific objective evidence, and the elements in the arrangements qualify as separate units of accounting. Revenue from the sale of software and hardware is recognized when title and risk of loss are transferred, which generally occurs upon delivery. Revenue from the sale of professional services is recognized when the services are completed, which is generally soon after the delivery of the software and hardware. Even though customers have a 30-day period in which they can return the software, historically returns have not been significant. Revenue from maintenance contracts is recognized over the life of the maintenance and support contract period, generally twelve months. Revenue from the sale of software and related products are record at gross, and any related purchases are included in cost of revenue.

Income Taxes

Deferred income taxes are determined using the liability method of accounting. Under this method, the net deferred tax asset or liability is determined based on the enacted laws and rates applied to the temporary differences between the financial statement and tax bases of assets and liabilities.

The Company recognizes the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination. In determining its tax positions, the Company assumes that the positions will be examined by the appropriate taxing authority and the taxing authority would have full knowledge of all relevant information. The measurement of tax positions is based on managements' best judgment of the amount the Company would ultimately accept in a settlement with taxing authorities. Tax years subsequent to 2007 remain subject to examination by the Internal Revenue Service. At December 31, 2011 there were no uncertain tax positions.

Earnings Per Share

Earnings per share is computed by dividing net income by the weighted average number of shares outstanding during the year.

Advertising

Advertising costs are expensed as incurred. Advertising expense was \$20,133 and \$15,260 in 2011 and 2010, respectively.

Recently Issued Accounting Pronouncements

In October 2009, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2009-13, Multiple-Deliverable Revenue Arrangements, which amends Accounting Standards Codification (ASC) Topic 605, Revenue Recognition. ASU 2009-13 amends the ASC to eliminate the residual method of allocation for multiple-deliverable revenue arrangements, and requires that arrangement consideration be allocated at the inception of an arrangement to all deliverables using the relative selling price method. The ASU also establishes a selling price hierarchy for determining the selling price of a deliverable, which includes: (1) vendor-specific objective evidence if available, (2) third-party evidence if vendor-specific objective evidence is not available, and (3) estimated selling price if neither vendor-specific nor third-party evidence is available. Additionally, ASU 2009-13 expands the disclosure requirements related to a vendor's multiple-deliverable revenue arrangements. The changes to the ASC as a result of this update are effective prospectively for revenue arrangements entered into or materially modified in fiscal years beginning on or after June 15, 2010. The adoption of this guidance had no material impact on the Company's consolidated financial statements.

In October 2009, the FASB issued ASU No. 2009-14, Certain Revenue Arrangements That Include Software Elements, which amends ASC Topic 985, Software. ASU 2009-14 amends the ASC to change the accounting model for revenue arrangements that include both tangible products and software elements, such that tangible products containing both software and non-software components that function together to deliver the tangible product's essential functionality are no longer within the scope of software revenue guidance. The changes to the ASC as a result of this update are effective prospectively for revenue arrangements entered into or materially modified in fiscal years beginning on or after June 15, 2010. The adoption of this guidance had no material impact on the Company's consolidated financial statements.

In December 2010, the FASB issued ASU No. 2010-28, Intangibles-Goodwill and Other: When to Perform Step 2 of the Goodwill Impairment Test for Reporting Units with Zero or Negative Carrying Amounts. ASU 2010-28 amends ASC Topic 305 requiring an entity that has recognized goodwill and has one or more reporting units whose carrying amount for the purposes of performing Step 1 of the impairment test is zero or negative to perform Step 2 of the goodwill impairment test. The changes to the ASC as a result of this update are effective for interim periods and fiscal years beginning after December 15, 2010. The adoption of this guidance had no material impact on the Company's consolidated financial statements.

Edgar Filing: ADVANT E CORP - Form 10-K

In September 2011, the FASB issued ASU No. 2011-08, Intangibles-Goodwill and Other: Testing Goodwill for Impairment. This standard was issued to address concerns about the cost and complexity of performing the first step of the two-step goodwill impairment test required under Topic 350, Intangibles-Goodwill and Other. The objective of this Update is to simplify how entities, both public and nonpublic, test goodwill for impairment. The amendments in the Update permit an entity to first assess qualitative factors to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount as a basis

for determining whether it is necessary to perform the two-step goodwill impairment test described in Topic 350. The more-likely-than-not threshold is defined as having a likelihood of more than 50 percent. Under the amendments in this Update, an entity is not required to calculate the fair value of a reporting unit unless the entity determines that it is more likely than not that its fair value is less than its carrying amount. The guidance is effective for impairment tests for fiscal years beginning after December 15, 2011. The Company believes the adoption of this guidance will not have a material impact on the Company's consolidated financial statements.

Note 2: Software Development costs

Software development costs at December 31, 2011 and 2010 and the changes during the years then ended are summarized as follows:

	Cost	Accumulated Amortization	Net
Balance, January 1, 2010	\$ 1,632,022	1,482,066	149,956
Additions	189,545		189,545
Amortization expense		30,669	(30,669)
Balance, December 31, 2010	1,821,567	1,512,735	308,832
Additions	40,636		40,636
Amortization expense		87,366	(87,366)
Balance, December 31, 2011	\$ 1,862,203	1,600,101	262,102

Software development costs are for internal use software and for website development and related enhancements. The balance consists primarily of development costs related to the latest version of the Company's Web EDI service. The majority of the enhancements related to this upgrade have been completed.

Note 3: Property and Equipment

Property and equipment consists of the following at December 31:

	2011	2010
Computer and office equipment	\$ 1,386,131	1,317,412
Computer software	273,321	268,498
Leasehold improvements	16,575	51,136
	1,676,027	1,637,046
Accumulated depreciation	(1,504,828)	(1,408,925)
Property and equipment, net	\$ 171,199	228,121

Note 4: Intangible Assets

Other intangible assets consist of the following at December 31:

	2011	2010
Contractual vendor relationships	\$ 130,000	130,000
Customer relationships	185,000	185,000
Proprietary computer software	226,000	226,000

Edgar Filing: ADVANT E CORP - Form 10-K

Accumulated amortization	541,000 (381,204)	541,000 (296,492)
Other intangible assets, net	\$ 159,796	244,508

Related amortization expense was \$84,712 in 2011 and 2010. Amortization over the next three years will be \$71,714 in 2012, \$58,714 in 2013, and \$29,368 in 2014 when the assets will be fully amortized.

Note 5: Income Taxes

Income tax expense consists of the following:

	2011	2010
Current expense	\$ 984,470	851,874
Deferred benefit	(99,718)	(31,042)
Total income tax expense	\$ 884,752	820,832

Deferred income taxes consisted of the following at December 31:

	2011	2010
Deferred income tax assets:		
Deferred revenue	254,602	229,096
Other reserves and allowances	17,479	9,180
Total deferred income tax assets	272,081	238,276
Deferred income tax liabilities:		
Capitalized software costs, net of accumulated amortization	89,117	105,003
Depreciation for tax purposes in excess of depreciation for financial reporting purposes	55,018	56,353
Prepaid software maintenance costs	64,745	59,164
Other intangible assets	54,321	83,126
Change to the accrual method of accounting for income taxes		25,468
Total deferred income tax liabilities	263,201	329,114
Net deferred income tax asset (liability)	\$ 8,880	(90,838)

Note 6: Line of Credit

At December 31, 2011, the Company has a \$1,500,000 bank line of credit. Borrowings under the line of credit accrue interest at the bank's prime commercial rate, are collateralized by substantially all of the assets of the Company's subsidiaries, and are payable in full when the line of credit expires on April 25, 2012. Interest is payable monthly. Borrowings under the line of credit are guaranteed by the Company's Chief Executive Officer. No borrowings were outstanding throughout 2010 and 2011.

Note 7: Dividends

On May 12, 2011 the Company's Board of Directors declared a dividend of \$0.02 per share, totaling \$1,334,452, paid in two equal installments of \$667,226 on June 21, 2011 and December 19, 2011.

In 2010, the Company made dividend payments totaling \$1,334,452, which represented the final two of three equal dividend payment installments of the total \$2,001,678 dividend (\$.03 per share) declared in 2009.

Note 8: Profit Sharing Plan

The Company has 401(k) plans covering employees who choose to participate in the plans. The Company's contributions to the plans, made in accordance to the terms of the plans, were \$23,919 and \$20,542 in 2011 and 2010, respectively.

Note 9: Financial Instruments and Concentration of Risks

Financial instruments, which potentially subject the Company to concentrations of credit risk, consist principally of accounts receivable and cash deposits in high quality financial institutions that include large regional and national banks. While bank deposits at times exceeded federally insured limits, the Company's current policy is to manage those accounts so that the balances do not exceed federally insured limits. Credit risk with respect to trade accounts receivable is limited due to the large number of primarily domestic customers who are geographically dispersed.

Merkur Group, Inc. buys its software for resale and certain maintenance and support contracts predominantly from a single supplier. Purchases from this supplier were \$477,799 and \$535,149 during 2011 and 2010, respectively. Currently, the Company has a contract with that supplier that is renewable annually unless cancelled by either party. Similar software is available from other sources.

Note 10: Operating Leases

Edgar Filing: ADVANT E CORP - Form 10-K

The Company has three non-cancellable operating leases at December 31, 2011, consisting of a lease for the corporate and administrative office of the Company that requires rental payments and payments for taxes, insurance, maintenance and structural repairs, and other operating expense, expiring on October 31, 2016; a lease on a building that was used for the office of Merkur Group, Inc. until November 1, 2011 that will expire on March 31, 2012; and an equipment lease that expires on June 30, 2013.

The lease for the Company's corporate and administrative offices, which became effective on November 1, 2011, is between Edict Systems, Inc. and a related party entity that is wholly-owned by the Company's CEO and majority shareholder.

The cost to close the Merkur Group office and to consolidate into the new office includes \$22,410 for the remaining rental obligation and related expenses that were charged to expense in 2011 but which will not be paid until 2012.

Edgar Filing: ADVANT E CORP - Form 10-K

Lease expense, including payments for taxes, insurance, maintenance and other operating expenses, was \$224,457 in 2011 and \$183,126 in 2010, including \$63,334 in 2011 pertaining to the building lease with the related party.

Total minimum annual lease payments under these three non-cancellable operating lease agreements are as follows:

	Related Party	Other	Total
2012	\$ 228,000	19,871	247,871
2013	228,000	1,064	229,064
2014	228,000		228,000
2015	228,000		228,000
2016	190,000		190,000
Total	\$ 1,102,000	20,935	1,122,935

Note 11: Segment Reporting

The Company has two reportable segments: Internet-based electronic commerce document processing (Edict Systems, Inc.) and software-based electronic commerce document processing (Merkur Group, Inc.). The Company evaluates the performance of each reportable segment on income before income taxes excluding the effects of acquisition-related amortization of other intangible assets and related income taxes. The accounting policies of the segments are the same as those for the Company. The Company's reportable segments are managed as separate business units.

The following is segment information for the years ended December 31, 2011 and 2010:

	Year Ended December 31, 2011			Total Consolidated
	Internet-based	Software	Reconciling Items (a)	
Revenue from external customers	\$ 8,244,583	1,343,952		9,588,535
Revenue from inter-segment transactions		23,913	(23,913)	
Total revenue	8,244,583	1,367,865	(23,913)	9,588,535
Income before income taxes	2,422,661	258,183	(84,712)	2,596,132
Income tax expense	825,766	87,791	(28,805)	884,752
Net income	1,596,895	170,392	(55,907)	1,711,380
Expenditures for property and equipment	90,117			90,117
Depreciation and amortization	229,937	3,465	84,712	318,114
Interest income	2,177	1,356		3,533
Segment assets at December 31, 2011	3,349,447	1,845,422	1,624,030	6,818,899

	Year Ended December 31, 2010			Total Consolidated
	Internet-based	Software	Reconciling Items (a)	
Revenue	\$ 7,768,896	1,533,715		9,302,611
Income before income taxes	2,146,277	344,606	(84,712)	2,406,171
Income tax expense	732,402	117,235	(28,805)	820,832
Net income	1,413,875	227,371	(55,907)	1,585,339
Expenditures for property and equipment	123,540			123,540
Depreciation and amortization	223,440	10,781	84,712	318,933
Interest income	3,315	1,919		5,234
Segment assets at December 31, 2010	3,111,429	1,559,445	1,718,284	6,389,158

Edgar Filing: ADVANT E CORP - Form 10-K

(a) Reconciling items generally consist of the elimination of revenue for intersegment transactions and goodwill, other intangible assets and related amortization in connection with the Merkur Group, Inc. acquisition.

Revenue from customers located in areas outside the United States, principally in Canada, Mexico, and Puerto Rico, totaled less than 3% of consolidated revenue in both 2011 and 2010.

Item 9. Changes in and Disagreements With Accountants on Accounting and Financial Disclosure.

None.

Item 9A. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures.

We have conducted an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of December 31, 2011 pursuant to Exchange Act Rule 13a-14. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective in timely alerting them to material information relating to the Company required to be included in our periodic Securities and Exchange Commission filings. No significant changes were made in our internal controls or in other factors that could significantly affect these controls subsequent to the date of their evaluation.

Management's Report on Internal Control Over Financial Reporting.

Our management is responsible for establishing and maintaining adequate internal control over financial reporting. Internal control over financial reporting is defined in Rule 13a-15(f) and 15d-15(f) promulgated under the Exchange Act as a process designated by, or under the supervision of, our principal executive officer and principal financial officer and effected by our board of directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with U. S. generally accepted accounting principles.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Our management assessed the effectiveness of our internal control over financial reporting as of December 31, 2011. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control Integrated Framework, specifically the Internal Control over Financial Reporting Guidance for Smaller Public Companies. Based on our assessment, management believes that, as of December 31, 2011, our internal control over financial reporting is effective based on those criteria.

Changes in Internal Control Over Financial Reporting.

There was no change in our internal control over financial reporting during the quarter ended December 31, 2011 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Item 9B. Other Information.

None.

PART III

Item 10. Directors, Executive Officers, and Corporate Governance.

The names of the directors and executive officers of Advant-e Corporation as of December 31, 2011 their ages and the nature of all positions with Advant-e Corporation presently held by them are as follows:

Jason K. Wadzinski 47 President/CEO/Chairman of the Board of Directors

James E. Lesch 66 Chief Financial Officer/Director

Jason K. Wadzinski is Chairman of the Board of Directors, CEO and President of Advant-e Corporation and has served in those capacities since the merger of Edict Systems, Inc. and Advant-e Corporation in 2000. He also serves as Chairman and CEO of Edict Systems, Inc. and has served in those capacities since he founded the Company in 1990. He has served as CEO of Merkur Group, Inc. since its acquisition on July 2, 2007.

Edgar Filing: ADVANT E CORP - Form 10-K

James E. Lesch is Chief Financial Officer of Advant-e Corporation and has served in that capacity since January 1, 2005. He is a member of the Company's Board of Directors and has served in that capacity since April 25, 2005.

No family relationship exists among directors and executive officers. No legal proceedings occurred during the last five years that are material to an evaluation of the ability or integrity of any director or executive officer.

The Company's Code of Ethics for its principal executive officer, principal financial officer, or controller is available on the Company's website at www.advant-e.com. The Company will provide any person, without charge, a copy of the code of ethics upon receipt of a written request addressed to Advant-e Corporation, Attention: Investor Relations, 2434 Esquire Dr. Beavercreek, OH 45431.

Item 11. Executive Compensation.

Name and Title	Year	Annual Salary	Board of Directors Fees	Employer 401(k) Contribution	Total Compensation
Jason K. Wadzinski	2011	\$ 180,000	20,000	1,800	201,800
President/CEO/Chairman of the Board of Directors	2010	160,000	20,000	1,600	181,600
James E. Lesch	2011	180,000	20,000	1,800	201,800
Chief Financial Officer/Member of the Board of Directors	2010	180,000	20,000	1,800	201,800

Jason K. Wadzinski and James E. Lesch are the executive officers of the Company. No payments classified as long-term compensation, other annual compensation, or all other compensation were made. The Company has no long-term incentive plans.

Fees to Directors are paid at the discretion of the Board of Directors.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters.

The following tables set forth as of March 27, 2012, the number and percentage of the outstanding shares of Common Stock which, according to the information supplied to the Company, were beneficially owned by (i) each person who is currently a director of the Company, (ii) each executive officer, (iii) all current directors and executive officers of the Company as a group, and (iv) each person who, to the knowledge of the Company, is the beneficial owner of more than 5% of the outstanding Common Stock.

Except as otherwise indicated, the persons named in the table have sole voting and dispositive power with respect to all shares beneficially owned, subject to community property laws where applicable.

(i) The following table has been completed for each Director of the Company who owns Advant-e shares:

Name and Address	Common Shares	Options	Percent of Class
Jason Wadzinski	36,585,080	0	54.8
C/O Edict Systems, Inc.			
2434 Esquire Dr.			
Beavercreek, OH 45431			

(ii) The following table has been completed for each Executive Officer of the Company who owns Advant-e shares:

Name and Address	Common Shares	Options	Percent of Class
Jason Wadzinski	36,585,080	0	54.8
C/O Edict Systems, Inc.			
2434 Esquire Dr.			
Beavercreek, OH 45431			

(iii) The following table has been completed for all Directors and Executive Officers of the Company as a group:

Edgar Filing: ADVANT E CORP - Form 10-K

	Common Shares	Options	Percent of Class
All Officers and Directors as a Group (1 person)	36,585,080	0	54.8

(iv) The following table has been completed for those persons known to the Company as beneficial owners of five percent or more of the Company's voting Common Stock:

Name and Address	Common Shares	Options	Percent of Class
Jason Wadzinski	36,585,080	0	54.8
C/O Edict Systems, Inc.			
2434 Esquire Dr.			
Beavercreek, OH 45431			
Total shares outstanding at March 27, 2012	66,722,590		

Item 13. Certain Relationships and Related Transactions, and Director Independence.

On November 1, 2011 the Company moved its corporate and administrative offices to Beavercreek, Ohio to a building owned by Jon Asian, LLC, an entity that is wholly-owned by Jason K. Wadzinski, the CEO and majority shareholder of Advant-e Corporation. In connection with this arrangement, Edict Systems, Inc. entered into an agreement with Jon Asian, LLC to lease the entire 19,000 square feet of the building for \$12 per square foot, or \$228,000 per year, plus payments for all building expenses including interior and exterior maintenance, structural repairs, taxes, insurance, utilities, and all other related expenses, estimated at \$6.84 per square foot, or \$130,000 per year, for a total of \$18.84 per square foot, or \$358,000 per year, over a 5-year period from November 1, 2011 to October 31, 2016, the lease expiration date. The lease has no renewal options.

Based on an internally prepared building and rate comparison study, management believes that the rent approximates current market rental rates for comparable buildings in the same location in a preferred area of Beavercreek, Ohio. The Company and the Landlord entered into a separate agreement requiring the approval by more than 75% of the shareholders of the Company to alter or amend the terms and conditions of the Lease.

This move and lease were dictated by the need to provide sufficient space for all employees to work in one building, ample parking for all employees and visitors, capacity for expansion, improved offices and working conditions for employees, better location, increased fire protection, and improved infrastructure. Management expects these enhancements will result in improved employee efficiency, communication, morale, and improved customer service levels.

The Company's two members of its Board of Directors, as indicated in item 10 above, are not independent as defined by NASDAQ Corporate Governance rules.

Item 14. Principal Accountant Fees and Services.

Aggregate fees billed for each of the last two fiscal years for professional services rendered by the Registrant's principal accountants were as follows:

	2011	2010
Audit Fees for the audit of the registrant's annual financial statements and review of financial statements included in the registrant's form 10-Q	\$ 68,545	69,205
Audit-Related Fees		
Research and consultation on various financial reporting and accounting matters	1,410	1,320
Tax Fees preparation of federal tax returns and tax advice on various issues	6,500	6,780
Total	\$ 76,455	77,305

Professional services rendered by the Registrant's principal accountants are pre-approved by the Company's Chief Executive Officer and majority shareholder.
