Dear Stockholder:

We are pleased to invite you to the 2013 Annual Meeting of Stockholders of MasterCard Incorporated, which will be held on Tuesday, June 18, 2013, at 8:30 a.m. (Eastern time) at the MasterCard Incorporated headquarters, 2000 Purchase Street, Purchase, New York. A notice of the meeting and a proxy statement containing information about the matters to be acted upon are attached to this letter.

In recent years, our proxy statement has included a proxy summary, a question and answer section and an enhanced Compensation Discussion & Analysis. This year, we have further improved our guide to proposals in the proxy statement and we fully review our executive compensation and business performance. We provide additional focus on some of the highlights of our corporate governance, including our completion this year of the phase-in of our declassified Board. You will continue to see detailed information about the qualifications of our director candidates in this proxy statement and why we believe they are the right people to represent you.

Once again, we are using the U.S. Securities and Exchange Commission rule that allows companies to furnish their proxy materials over the Internet. Accordingly, we are mailing to our stockholders (other than those who previously requested electronic or paper delivery) a Notice of Internet Availability of Proxy Materials (the Notice) instead of a paper copy of our proxy materials. The Notice contains instructions on how to access these online, as well as how you may request a paper copy. If you receive a paper copy of the materials, it will include a proxy card. If you receive a Notice by mail, you will not receive a paper copy of the materials unless you specifically request one. We believe electronic delivery will expedite your receipt, while lowering costs and reducing the environmental impact of our Annual Meeting by reducing printing and mailing of full sets of materials.

Your vote is important to us. While we invite you to attend the meeting and exercise your right to vote your shares in person, we recognize that many of you may not be able to attend the Annual Meeting and you are able to vote your shares even if you are unable or choose not to attend. We encourage you to promptly vote your shares by submitting your proxy on the Internet or by telephone, or by completing, signing, dating and returning your proxy card or voting form. You will find instructions both on the Notice and on the attached proxy statement.

Thank you for being a stockholder and for the trust you have in MasterCard.

Very truly yours,

Richard Haythornthwaite
Chairman of the Board

NOTICE OF 2013 ANNUAL MEETING OF STOCKHOLDERS

To be held on June 18, 2013

To the Stockholders of MasterCard Incorporated:

The 2013 Annual Meeting of Stockholders (the Annual Meeting) of MasterCard Incorporated (the Company) will be held on Tuesday, June 18, 2013, at 8:30 a.m. (Eastern time) at the MasterCard Incorporated headquarters, 2000 Purchase Street, Purchase, New York, to:

1. Elect the 12 nominees named in the accompanying proxy statement to serve on the Company's Board of Directors as directors;
2. Approve on an advisory basis the Company's executive compensation;
3. Ratify the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm for the Company for 2013; and
4. Act on any other business which may properly come before the Annual Meeting or any adjournment or postponement thereof.

The close of business on April 19, 2013 has been fixed as the record date for determining those stockholders entitled to vote at the Annual Meeting and any adjournments or postponements of the Annual Meeting. A list of eligible stockholders of record as of the close of business on the record date will be available for inspection for any purpose germane to the meeting during normal business hours 10 days prior to the Annual Meeting at the offices of the Company's Corporate Secretary at 2000 Purchase Street, Purchase, New York and at the Annual Meeting by any stockholder or the stockholder's attorney or agent.

We mailed a Notice of Internet Availability of Proxy Materials (the Notice) on or about April 25, 2013.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF STOCKHOLDERS

MasterCard Incorporated's Proxy Statement and 2012 Annual Report

are available at www.proxyvote.com.

Whether or not you plan to attend the Annual Meeting, please vote your shares by calling the toll-free telephone number or by using the Internet as described in the instructions included with your Notice or, if you receive a paper copy of the proxy materials, by completing, signing, dating and returning your proxy card or voting form. If you attend the meeting, you may vote in person, which will revoke any proxy you have already submitted. You may also revoke your proxy at any time before the meeting by notifying us in writing, or by subsequently authorizing the individuals designated by the Company to vote your interests by calling the toll-free telephone number or by using the Internet as described in the instructions included on your Notice.

If you attend the Annual Meeting in person, you will be asked to present photo identification and appropriate proof of ownership. See Questions and Answers about the Annual Meeting and Voting - What do I need to do if I would like to attend the Annual Meeting in the attached proxy statement for further instructions.

Edgar Filing: MASTERCARD INC - Form DEF 14A

The Company must receive your vote, either by telephone, Internet or proxy card or voting form by 11:59 p.m. Eastern time on June 17, 2013. Internet and telephone voting facilities will close at 11:59 p.m. Eastern time on June 17, 2013.

By Order of the Board of Directors

Bart S. Goldstein

Corporate Secretary

Purchase, New York

April 25, 2013

Your vote is very important. Please promptly vote your shares by calling the toll-free telephone number or by using the Internet as described in the instructions included on your Notice or, if you receive a paper copy of the proxy materials, by completing, signing, dating and returning your proxy card or voting form. Voting by telephone, by Internet or by returning your proxy card or voting form in advance of the Annual Meeting does not deprive you of your right to attend the Annual Meeting.

2012 Financial and Operational Highlights

In recent years, MasterCard has had strong operational and financial performance, despite challenging global economic and financial conditions. The Company's performance has resulted in the substantial appreciation of the Company's stock price, from a \$39 per share price at the time of our IPO in May 2006 to a closing stock price of approximately \$522 per share as of April 19, 2013.

In 2012, MasterCard again had strong annual operational and financial performance, including the following highlights:

<ul style="list-style-type: none"> Net revenue of \$7.4 billion, an increase of 13% versus 2011, adjusted for currency¹ (10% on an as-reported basis) Net income of \$2.8 billion, an increase of 20% versus 2011, adjusted for currency¹ and excluding special items² in both periods (on an as-reported basis, net income was \$2.8 billion, an increase of 45% versus 2011) Operating margin of 53.5%, excluding special items² in both periods (on an as-reported basis, operating margin was 53.3%) Repurchased 4.1 million shares at a cost of \$1.7 billion Maintenance of a strong capital position, including cash flow from operations of \$2.9 billion during 2012 and \$5.0 billion of cash, cash equivalents and available-for-sale securities as of December 31, 2012 	<ul style="list-style-type: none"> Cross-border volume growth of 16% on a local currency basis Diluted EPS of \$22.04, an increase of 22% versus 2011, adjusted for currency¹ and excluding special items² in both periods (on an as-reported basis, diluted EPS was \$21.94, an increase of 48% versus 2011) Gross Dollar Value, or GDV, growth of 15% on a local currency basis Processed transaction growth of 25% versus 2011

2012 Executive Compensation Highlights

MasterCard's executive compensation program is designed to attract, motivate and retain our executives, including our named executive officers, who are critical to the Company's long-term success. Our compensation program is based upon and is designed to address three core principles:

Executive officer goals are linked with stockholder interests

Pay is significantly performance-based

Compensation opportunities are competitive to attract and retain talented employees

Our Human Resources and Compensation Committee (the Compensation Committee) makes decisions on executive compensation from a total direct compensation perspective. Total direct compensation is comprised of base salary, annual cash incentive, and long-term stock based incentive compensation. A substantial majority of our named executive officers' target total direct compensation for 2012 was performance-based and at risk. In addition, our compensation program is weighted toward long-term equity awards rather than cash compensation in order to maximize retention and ensure that a substantial portion of our named executive officers' compensation is directly aligned with stockholder interests.

More than 96% of the votes cast on our 2012 Say-on-Pay proposal were in favor of our executive compensation program and policies

The Board of Directors continues to believe that our executive compensation program and policies are effective in achieving the Company's core principles. As such, our Board recommends that stockholders vote **FOR** the Company's 2013 say-on-pay proposal.

Important Dates for 2014 Annual Meeting of Stockholders

Proposals for inclusion in our proxy statement for our 2014 annual meeting of stockholders in accordance with Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the Exchange Act), must be received by the Corporate Secretary of the Company no later than December 26, 2013.

Notice of a stockholder nomination for candidates for the Board or any other business to be considered at our 2014 annual meeting of stockholders must be received by the Company between February 18, 2014 and March 20, 2014.

PROXY STATEMENT

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Why am I receiving these proxy materials?

We are providing this Proxy Statement and additional proxy materials in connection with the solicitation by the Board of Directors (the Board of Directors or the Board) of the Company of proxies to be voted at our 2013 Annual Meeting of Stockholders to be held at our headquarters at 2000 Purchase Street, Purchase, New York, on Tuesday, June 18, 2013 at 8:30 a.m. (Eastern time), or at any adjournment or postponement thereof (the Annual Meeting).

How is MasterCard distributing proxy materials? Is MasterCard using the SEC's Notice and Access rule?

Under SEC rules, we are furnishing proxy materials to our Class A Stockholders. On or about April 25, 2013, we expect to mail to our Class A Stockholders (other than those who previously requested electronic or paper delivery) a Notice of Internet Availability of Proxy Materials (the Notice) containing instructions on how to access the proxy materials online, and to make such materials available as of such date on www.proxyvote.com. If you receive a Notice by mail, you will not receive a printed copy of the proxy materials in the mail. Instead, the Notice instructs you on how to access and review all of the important information contained in the proxy materials. The Notice also instructs you on how you may submit your proxy via the Internet. If you received a Notice by mail and would like to receive a copy of our proxy materials, follow the instructions contained in the Notice about how you may request to receive a copy electronically or in printed form on a one-time or on-going basis. We encourage Class A Stockholders to take advantage of the availability of the proxy materials on the Internet as we believe electronic delivery will expedite the receipt of materials while lowering costs and reducing the environmental impact of our Annual Meeting by reducing printing and mailing of full sets of materials.

In addition to this Proxy Statement, our proxy materials which we are making available to our Class A Stockholders include our 2012 Annual Report (the Annual Report) (which includes our Annual Report on Form 10-K for the year ended December 31, 2012 (the Form 10-K)), as filed with the SEC on February 14, 2013.

Edgar Filing: MASTERCARD INC - Form DEF 14A

Copies of the Form 10-K, as well as other periodic filings by the Company with the SEC, are also available on our website at <http://www.mastercard.com> by clicking on About our Company and Investor Relations . The information included in our website is not incorporated herein by reference.

A copy of the proxy materials, including the Annual Report, will be furnished to you free of charge upon a request in writing to our Corporate Secretary or proxy solicitor at, respectively:

Who is entitled to vote at the Annual Meeting?

The Company has two classes of stock outstanding: Class A common stock and Class B common stock, par value \$0.0001 per share (the Class B common stock). Except as may be required by the General Corporation Law of the State of Delaware (Delaware Law), holders of Class B common stock have no voting power and are not entitled to vote on the proposals presented to Class A Stockholders in this Proxy Statement. The Class A Stockholders are therefore the only stockholders entitled to notice of, and to vote on, proposals at the Annual Meeting or any adjournment or postponement thereof.

Class A Stockholders of record as of the close of business on April 19, 2013 (the Record Date) are entitled to vote their shares at the Annual Meeting or any adjournment or postponement thereof. Each share of Class A common stock is entitled to one vote per share on all matters on which stockholders are entitled to vote. The Record Date is established by the Board as required by Delaware Law and the Company's amended and restated by-laws. As of the Record Date, 116,910,619 shares of Class A common stock were outstanding.

What matters will be voted on at the Annual Meeting?

The following matters are scheduled for vote by Class A Stockholders at the Annual Meeting:

1. Elect the 12 nominees named in this Proxy Statement to serve on the Company's Board of Directors as directors
2. Approve on an advisory basis the Company's executive compensation
3. Ratify the appointment of PricewaterhouseCoopers LLP (PwC) as the independent registered public accounting firm for the Company for 2013
4. Act on any other business which may properly come before the Annual Meeting or any adjournment or postponement thereof

What is the quorum requirement for the Annual Meeting?

The presence in person or by proxy at the Annual Meeting of the holders of a majority of the outstanding shares of Class A common stock entitled to vote as of the Record Date on any of the proposals to be voted upon at the Annual Meeting will constitute a quorum at the Annual Meeting.

What is the difference between holding shares as a registered stockholder and holding shares in street name?

If your shares of Class A common stock are owned directly in your name with our transfer agent, Computershare Shareowner Services LLC, you are considered a registered holder of those shares.

If your shares of Class A common stock are held by a broker, bank or nominee, you hold those shares in street name. Your broker, bank or other nominee will vote your shares as you direct.

Table of Contents

If I hold shares in street name, does my broker need instructions in order to vote my shares?

Under rules of the New York Stock Exchange (the NYSE), if you hold shares of Class A common stock in street name and do not submit specific voting instructions to your brokers, banks or other nominees, they generally will have discretion to vote your shares on routine matters such as Proposal 3, but will not have discretion to vote your shares on non-routine matters such as Proposals 1 and 2. When the broker, bank or other nominee is unable to vote on a proposal because the proposal is not routine and you do not provide any instructions, a broker non-vote occurs and, as a result, your shares will not be voted on these proposals.

Therefore:

on the non-routine proposals of election of directors (Proposal 1) and advisory approval of our executive compensation (Proposal 2), your broker, bank or nominee will not be able to vote absent instruction from you; and

on the routine proposal of ratification of the appointment of PwC as the independent registered public accounting firm for the Company for 2013 (Proposal 3), your broker, bank or nominee may vote in their discretion absent instruction from you.

What are my voting choices for each matter, and how does the Board recommend that I vote?

		Board	
Proposal		Voting Choices	Recommendation
1	Election of the 12 nominees named in this Proxy Statement to serve on the Company's Board as directors	With respect to each director nominee:	For election of all 12 director nominees
		For	
		Against	
		Abstain	
		For	
2	Advisory approval of the Company's executive compensation	Against Abstain For	For
3	Ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2013	Against Abstain	For

What vote is needed to elect directors?

Edgar Filing: MASTERCARD INC - Form DEF 14A

Each of the nominees receiving the affirmative vote of a majority of the votes cast by Class A Stockholders will be elected to serve as a director. Abstentions by Class A Stockholders and broker non-votes will have no effect on the outcome of this proposal.

The election of the nominees is subject to the Board's majority voting policy, regarding resignations by directors who do not receive a majority of For votes. Generally under this policy:

New director candidates who fail to receive a majority of votes cast in an uncontested election would fail to be elected.

To be re-nominated to serve on the Board, incumbent directors must submit irrevocable resignations to the Board that are effective only upon: (1) the director not receiving a majority of the votes cast in an uncontested election and (2) the Board's subsequent acceptance of the proffered resignation. If an incumbent director fails to receive a majority of the votes cast in an uncontested election, the Board would then evaluate and act on the proffered resignation within 90 days of the election, taking into account the recommendation of the Nominating and Corporate Governance Committee (the Nominating Committee).

Table of Contents

Any vacancies resulting from the Board’s acceptance of a contingent resignation, or from the failure of a new director candidate to receive a majority of the votes cast in an uncontested election, may be filled by the Board.

Plurality voting (by which directors receiving the greatest number of votes cast are elected) continues to apply in the case of any contested elections.

The Board has received a contingent resignation from each of the 12 director nominees included in this Proxy Statement (which constitutes every current member of the Board).

What vote is required in order for the other matters to be voted upon at the Annual Meeting to be adopted?

Proposal		Voting Requirements	Effect of Abstentions	Effect of Broker Non-Votes
2	Advisory approval of the Company’s executive compensation	Affirmative Vote of Majority of Votes Cast by Class A Stockholders (to be approved on an advisory basis)	No effect on outcome	No effect on outcome
3	Ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2013	Affirmative Vote of Majority of Votes Cast by Class A Stockholders	No effect on outcome	Not applicable failure of beneficial owner or broker to vote shares will have no effect on outcome

With respect to Proposal 2 – Advisory approval of the Company’s executive compensation, the results of this vote are non-binding and advisory in nature.

With respect to Proposal 3 – Ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2013, although ratification is not required by applicable laws, our amended and restated by-laws or otherwise, the Board is submitting the selection of PwC to our Class A Stockholders for ratification because we value your view of our independent registered public accounting firm. The Audit Committee intends to carefully consider the results of this vote.

How do I vote my shares?

You can ensure your vote is cast at the meeting by calling the toll-free telephone number or by using the Internet as described in the instructions included on the Notice. If you receive a paper copy of the proxy materials, you may also vote your shares by completing, signing, dating and returning your proxy card or voting form. When a Class A Stockholder’s vote is authorized by telephone or Internet, or a proxy card or voting form is returned properly signed and dated, the vote will be cast in accordance with the instructions authorized by telephone or Internet or included on the proxy card or voting form, as applicable. If you are a Class A Stockholder, you can also attend the Annual Meeting in person and vote or you can send a representative to the meeting with a signed proxy to vote on your behalf. If a Class A Stockholder does not authorize such vote by telephone or Internet, return a signed proxy card or voting form or attend the meeting in person or by representative and vote, no vote will be cast on behalf of that Class A Stockholder. The Notice and proxy card or voting form each indicates on its face the number of shares of Class A common stock registered in your name at the close of business on the Record Date, which number corresponds to the number of votes you will be entitled to cast at the meeting on each proposal. See – Who is entitled to vote at the Annual Meeting – above for further discussion of the voting power of Class A common stock.

You are urged to follow the instructions on your Notice, proxy card or voting form to indicate how your vote is to be cast.

Edgar Filing: MASTERCARD INC - Form DEF 14A

Pursuant to Section 212(c) of Delaware Law, Class A Stockholders may validly grant proxies over the Internet. Your Internet vote authorizes the proxies designated by the Company to vote your shares in the same manner as if you had returned a proxy card or voting form. In order to vote over the Internet, follow the instructions provided on your Notice.

Table of Contents

What can I do if I change my mind after I vote my shares?

Any Class A Stockholder who authorizes its vote by telephone or by Internet or executes and returns a proxy card or voting form may revoke the proxy before it is voted by:

notifying in writing the Office of the Corporate Secretary of MasterCard Incorporated, at 2000 Purchase Street, Purchase, New York 10577, Attention Bart S. Goldstein;

executing and returning a subsequent proxy;

subsequently authorizing the individuals designated by the Company to vote its interests by calling the toll-free telephone number or by using the Internet as described in the instructions included on its Notice; or

appearing in person or by representative with a signed proxy and voting at the Annual Meeting.

Attendance in person or by representative at the Annual Meeting will not in and of itself constitute revocation of a proxy. If you plan to vote your shares in person at the Annual Meeting, see the requirements set forth in [What do I need to do if I would like to attend the Annual Meeting](#) below.

How are my shares voted by the proxies designated by the Company?

Unless contrary instructions are indicated on the proxy, all shares represented by valid proxies received pursuant to this solicitation (and not revoked before they are voted) will be voted in accordance with the Board recommendations indicated above. With respect to director nominations, in the event that any nominee would be unable to serve, the persons designated as proxies reserve full discretion to vote for another person. In the event you specify a different choice on the proxy, your shares will be voted in accordance with the specification you made.

Who bears the cost of soliciting votes for the Annual Meeting?

We will bear the costs of solicitation of proxies, including the cost of preparing, printing and mailing the Notice, this Proxy Statement and related proxy materials. In addition to the solicitation of proxies by use of the mail, proxies may be solicited from Class A Stockholders by directors, officers, employees and agents of the Company in person or by telephone, facsimile or other appropriate means of communication. We have engaged Georgeson Inc. to solicit proxies on our behalf. The anticipated cost of Georgeson Inc.'s services is estimated to be approximately \$20,000 plus reimbursement of reasonable out-of-pocket expenses. No additional compensation, except for reimbursement of reasonable out-of-pocket expenses, will be paid to directors, officers and employees of the Company in connection with the solicitation. Any questions or requests for assistance regarding this Proxy Statement and related proxy materials may be directed to:

What is Householding ?

The SEC has adopted rules that allow a company to deliver a single Notice or set of proxy materials to an address shared by two or more of its stockholders. This method of delivery, known as householding, permits us to realize significant cost savings and reduces the amount of duplicate information stockholders receive. In accordance with notices sent to Class A Stockholders sharing a single address, we are sending only one Notice (or, if requested, one set of proxy materials) to that address unless we have received contrary instructions from a Class A Stockholder at that address. Any Class A Stockholders who object to, or wish to begin, householding may notify the Corporate Secretary of the Company orally or in writing at the telephone number or address, as applicable, set forth above. We will send an individual copy of the Notice and, if requested, proxy materials, to any Class A Stockholder who revokes its consent to householding within 30 days of our receipt of such revocation.

Who counts the votes?

Georgeson Inc. will act as inspector of election and certify the results.

How do I find out the voting results?

We will announce preliminary voting results at the Annual Meeting. We will disclose the final voting results in a Current Report on Form 8-K to be filed with the SEC on or before June 24, 2013. The Form 8-K will be available at <http://www.mastercard.com> and on the SEC's website at <http://www.sec.gov>.

What do I need to do if I would like to attend the Annual Meeting?

If you attend the Annual Meeting, you will be asked to present photo identification, such as a driver's license, when you arrive. If you hold your shares in street name, typically through a brokerage account, you will also need proof of ownership to be admitted to the meeting. A recent brokerage statement or a letter from your bank or broker are examples of proof of ownership. If you want to vote your shares held in street name in person at the meeting, you must get a written proxy in your name from the broker, bank or other nominee that holds your shares.

For directions to the Annual Meeting, you may visit our website at <http://www.mastercard.com> or call our Investor Relations Department at (914) 249-4564.

PROPOSAL 1

ELECTION OF DIRECTORS

Election Process and the Completion of the Declassification of the Board

The Board currently consists of 12 members, 11 of whom are independent. Each member of the Board is elected annually by the Class A Stockholders. Each of our directors must also serve as a director of our operating subsidiary, MasterCard International Incorporated (MasterCard International). When our directors are elected to the Board, they are automatically appointed as members of the board of directors of MasterCard International as well. Our directors are elected by an affirmative vote of the majority of the votes cast at an annual meeting of stockholders, subject to our majority voting policy, as described above in Questions and Answers About the Annual Meeting and Voting .

In 2010, we amended and restated our certificate of incorporation and by-laws to phase-out the classification of our Board. At the Annual Meeting, the phase-out will be completed and the Board will be fully de-classified for the first time. Accordingly, all members of the Board will be nominated for re-election at the Annual Meeting, and each member, if elected, will serve for a one-year term expiring at our next annual meeting of stockholders.

Director Nominations

Our Nominating Committee reviews and selects candidates for nominations in accordance with its charter. It identifies potential new candidates by recommendations from its members, other Board members, Company management and individual stockholders. The Nominating Committee may also, if necessary or appropriate, utilize the services of a professional search firm.

Stockholders may submit recommendations by writing to the Office of the Corporate Secretary, 2000 Purchase Street, Purchase, New York 10577, Attention Bart S. Goldstein. These recommendations must be submitted not less than ninety (90) days nor more than one hundred and twenty (120) days prior to the anniversary date of the immediately preceding annual meeting. The Corporate Secretary will forward all bona fide recommendations received by such date to the Nominating Committee for its consideration. The Nominating Committee may request such information from the recommended nominee or the stockholder as it deems appropriate. The Nominating Committee evaluates recommendations by stockholders using the same process it follows for evaluating other nominees.

For additional information on the nomination process, see the charter for the Nominating Committee and the Company's Corporate Governance Guidelines, both of which are located on the Company's website at <http://www.mastercard.com> by clicking on About our Company and Investor Relations .

Director Criteria, Qualifications and Experience

In assessing the qualities of directors to serve as members of the Board of Directors, the Nominating Committee believes that all directors should meet the highest standards of professionalism, integrity and ethics and be committed to representing the long-term interests of the Company's stockholders. The Nominating Committee further believes all directors should possess strength of character and maturity in judgment. In addition, although the Board does not have a specific diversity policy, our Corporate Governance Guidelines provide that the Nominating Committee should seek to foster diversity on the Board when nominating directors for election by taking into account geographic diversity to reflect the geographic regions in which the Company operates in a manner approximately proportional to its business activity, as well as diversity of age, gender, race, ethnicity and cultural background. In selecting directors, the Nominating Committee also endeavors to have a Board representing a range of leadership and other experiences relevant to the Company's global activities. The Nominating Committee also considers candidates in light of the current needs of the Board.

Table of Contents

The Board has identified the below key experiences, qualifications and skills that our Nominating Committee believes are desirable to be represented on the Board in light of our business and structure:

<p>Global Business Experience</p> <p>including significant experience in the geographic regions in which the Company operates</p>	<p>Leadership Experience</p> <p>including service as a chief executive officer and/or other senior executive level positions</p>
<p>Technology Experience</p>	<p>Brand and Marketing Expertise</p> <p>including experience with consumer preference</p>
<p>Regulatory Experience</p> <p>including deep engagement with regulators as part of a business and/or via positions with governments and regulatory bodies</p>	<p>Finance Experience</p>
<p>Relevant Industry Experience</p> <p>including within the retail banking and payments industries and with telecommunications, merchants and the consumer experience</p> <p>Important elements of each of the director's experiences, qualifications and skills that the Board considered in leading it to conclude that each should serve as a director of the Company is included within each such individual's biography below under the caption Director Qualifications.</p>	

Nominees for Election as Directors

At the Annual Meeting, 12 directors (constituting the entire existing Board) are to be elected to each hold office until the next annual meeting of stockholders or until his or her successor is elected and qualified. Accordingly, the Board of Directors has approved the nomination of the following directors:

Richard Haythornthwaite (Chairman)	Steven J. Freiberg	José Octavio Reyes Lagunes
Ajay Banga (President and CEO)	Nancy J. Karch	Mark Schwartz
Silvio Barzi	Marc Olivié	Jackson P. Tai
David R. Carlucci	Rima Qureshi	Edward Suning Tian

Each of the director nominees currently serves on the Board and was elected by our Class A stockholders at the 2012 annual meeting of stockholders (other than Ms. Karch and Messrs. Barzi, Reyes and Tian, who were last elected at the 2010 annual meeting of stockholders as part of the phase-in of the declassification of our Board). Each nominee was approved by the Nominating Committee and recommended to the Board for approval after evaluating their qualifications and their prior service on the Board. Each nominee has agreed to be named in this Proxy Statement and to serve if elected.

The table below summarizes the primary experiences, qualifications and skills that our nominees for director bring to the Board. An ü indicates, as further described below in each individual's biography, the key items which helped lead the Board to conclude that each director is qualified to

serve.

Table of Contents

In light of the individual qualifications and experiences of each of our director nominees and his or her contributions to our Board, our Board has concluded that each of our director nominees should be re-elected. Table of Contents**DIRECTOR COMPENSATION**

The Company uses cash and stock-based compensation to attract and retain qualified persons to serve on its Board of Directors. The Company sets compensation for non-employee directors in light of the time commitment and prior experience levels expected of directors. The form and amount of director compensation is determined by the Board, based upon the recommendation of the Compensation Committee.

Cash Compensation

Directors who are not employees of the Company, other than the Chairperson of the Board of Directors, are paid an annual retainer of \$90,000. In 2012, the Chairperson of the Board received an annual retainer of \$125,000. Effective January 1, 2013, the Chairperson of the Board will receive an annual retainer of \$140,000. Non-employee directors also receive an annual retainer for serving as a chairperson of a standing committee (\$25,000 for the Audit Committee, \$20,000 for the Compensation Committee and \$20,000 for the Nominating Committee). An annual retainer for committee service is paid to non-employee directors who serve as members (non-chairperson role) on any standing committee (\$15,000 for the Audit Committee, \$10,000 for the Compensation Committee and \$10,000 for the Nominating Committee). In addition, customary expenses for attending Board and committee meetings are reimbursed. Non-employee directors are also eligible to have MasterCard International make matching gift contributions of up to \$5,000 in the name of the director to eligible charities.

Stock-Based Compensation

Non-employee directors, including the Chairperson of the Board, also receive an annual stock grant in the form of deferred stock units, or DSUs, or restricted stock under the Company's Amended and Restated 2006 Non-Employee Director Equity Compensation Plan. In 2012, non-employee directors, other than the Chairperson of the Board, received a stock grant of approximately \$130,000 in the form of restricted stock or DSUs, at the election of each director, and the Chairperson of the Board received a grant of approximately \$180,000 in restricted stock or DSUs, at the election of the Chairperson, each of which is rounded to the nearest whole share.

Director Stock Ownership Guidelines

The Board adopted stock ownership guidelines, effective January 1, 2011, for non-employee directors for the purpose of aligning their interests with the interests of stockholders. These guidelines call for ownership of five times the non-employee director's annual cash retainer to be held in Company stock. For purposes of these guidelines, shares of the Company's Class A common stock held directly or indirectly by the non-employee director are included; DSUs are also included from the date of the grant. The non-employee directors are given six years from the time of being elected or appointed to the Board to attain these ownership levels.

Director Compensation in 2012

The following table summarizes the total compensation earned in 2012 by each of our non-employee directors who served as directors during 2012. The Company's compensation policy is to pay directors in advance in January for the period from January to June and in arrears in December for the period from July to December. In the event that a non-employee director is nominated to the Board or appointed to a committee at any other point during the year, that director will receive a pro-rated amount of the retainer fee and any committee fees from the time he or she began service on the Board or a committee until the next regularly scheduled payment.

CORPORATE GOVERNANCE

We are committed to continually enhancing our proactive approach to corporate governance, which we believe helps us sustain our success and build long-term value for our stockholders. Our Board oversees the strategic direction of the Company and the performance of our business and management. It is actively involved in risk oversight, establishing and enhancing an increasing emphasis on a risk-aware culture throughout MasterCard. Our Board focuses on ensuring processes are in place for maintaining an ethical corporate culture and setting the right tone at the top. It is also actively engaged in managing talent and long-term succession planning for executives. It is led by an independent non-executive chairperson, and 11 out of our 12 Board members (and every member of our Audit, Compensation and Nominating Committees) are independent. The Board has adopted Corporate Governance Guidelines, which provide a framework for the effective governance of the Company. Among other items, our Corporate Governance Guidelines, as well as the charters of our Board committees, our Code of Conduct and Supplemental Code of Ethics and our Political Activity Statement can be found on the Company's website at <http://www.mastercard.com> by clicking on About our Company and Investor Relations.

We have taken numerous steps since our IPO in 2006 to continually enhance our proactive approach to corporate governance. Highlights include:

This year, we completed the phase-in of our declassified Board starting at the Annual Meeting and going forward, all of our Board members will be elected annually

In 2010, we implemented majority voting for our director elections

Since our IPO in 2006, we have had an independent non-executive Chairperson of the Board

11 of our 12 Board members are independent, in accordance with New York Stock Exchange requirements and our Corporate Governance Guidelines

Our independent directors meet frequently in executive sessions

Our Board and committees engage in annual self-assessments that vary in format and approach

Our Board actively oversees risk of the Company, establishing and enhancing an increasing emphasis on a risk-aware culture throughout MasterCard and setting the right tone at the top

Our Board is actively engaged in managing talent and long-term succession planning for executives

In 2012, we provided enhanced political disclosure on our website as part of our updated Political Activity Statement

We have implemented stock ownership guidelines for executive officers and non-employee directors to further align their interests with the interests of stockholders.

Board Leadership Structure

The Company has an independent non-executive Chairperson of the Board. The role of the Chairperson is to provide governance and leadership to the Board, including helping to organize the work of the Board and ensuring that its members have information to effectively carry out their responsibilities. Specifically, the Chairperson's responsibilities include, among others things:

presiding over meetings of the Board and executive sessions of non-management and independent directors;

overseeing the adequacy of information available to directors;

coordinating feedback regarding issues discussed in executive session as well as performance to the Chief Executive Officer;

facilitating effective communication between the Board and our stockholders, including, among other things, by presiding over the annual meeting, and any special meetings, of stockholders;

Table of Contents

working with the Chief Executive Officer and Corporate Secretary to facilitate clear communications by and between directors from different regions and representing different classes of stockholders; and

providing advice and counsel to the Chief Executive Officer.

The Board does not have a specific policy regarding the separation of the roles of Chairperson and Chief Executive Officer, as it believes it is in the best interests of the Company to make that determination based on the position and direction of the Company and the membership of the Board. The Company has had a non-executive Chairperson since its IPO in May 2006, and the Board believes having separate Chief Executive Officer and Chairperson positions, and having an independent director serve as Chairperson, continues to be the appropriate leadership structure for the Company at this time. The Board believes having separate Chief Executive Officer and Chairperson positions, and having an independent director serve as Chairperson, enables the Chief Executive Officer to focus on operation of the Company's business, while the independent Chairperson focuses on leading the Board in its responsibilities of acting in the best interests of the Company and its stockholders. The Board believes that the Company's current leadership structure is supported by the Board's role in risk oversight of the Company.

The Board holds regularly scheduled meetings of independent directors in executive session without management present, and may meet more frequently upon request of any independent director. The Chairperson of the Board ordinarily presides at such sessions.

Board Risk Oversight

The Board of Directors is responsible for overseeing the Company's overall risk profile and management's processes for managing risk. Through the Board's oversight, it establishes and enhances an increasing emphasis on a risk-aware culture throughout MasterCard, and sets the right tone at the top. The Board oversees risk both as a full Board and through its committees. The Board recognizes that it is neither possible nor desirable to eliminate all risks. Hence, it encourages thoughtful risk-taking when achieving the Company's objectives. The Board meets at least annually with management to specifically discuss the Company's risk management process and assess the major risks on which the Company intends to focus in the next year (including strategic and competitive, financial, brand and reputational, legal, regulatory and operational risks). Throughout the year, the Board and appropriate committees dedicate a portion of their meetings to review and discuss specific risk topics in greater detail. The Board considers management's risk assessments and how key risks are managed as it evaluates the Company's business strategy. Strategic and operational risks are also presented and discussed in the context of presentations to the Board at regularly scheduled Board meetings and during reports to the Board and its committees by the General Counsel and other officers. Oversight of certain specific risks is delegated to designated committees of the Board. These delegations include:

Audit Committee - oversees risks relating to the financial statements and financial reporting and controls; internal controls; and legal, regulatory and compliance risks. The Audit Committee also has broader oversight of risk as described below

Compensation Committee - oversees risks arising from the Company's compensation policies and practices for all employees and non-executive directors

Nominating Committee - oversees risks related to the Company's governance structure and processes, legal and policy matters that could have a significant reputational impact on the Company and the Company's public affairs

Oversight of risk by the Board and its committees builds upon, and is part of, our Enterprise Risk Management (ERM) program. The ERM program is integrated with the business and designed to ensure appropriate and comprehensive oversight and management of end-to-end risk. The ERM program leverages our business processes to, among other things, ensure: allocation of resources to appropriately address risk; establishment of clear accountability for risk management; support for a cross-functional dialogue; and provision of transparency of risks to senior management, the Board and appropriate Board committees. Our ERM program seeks to accomplish these goals by: identifying, prioritizing and monitoring key risks; providing an independent view of our risk profile; and strengthening business operations by integrating

Edgar Filing: MASTERCARD INC - Form DEF 14A

ERM principles and continuing to create a risk-aware culture within MasterCard. MasterCard's integrated risk management structure balances risk and return by having business units and central functions (such as finance and law) identify, own and manage risks, our executive officers set policy and accountability and the Board and committees provide oversight of the process.

Table of Contents

As part of its oversight process and as set forth in its charter, the Audit Committee oversees and discusses with management and the Company's independent registered public accounting firm the Company's guidelines and policies with respect to risk assessment and risk management, as well as the Company's major financial and other risk exposures (including those related to internal controls and legal, regulatory and compliance risks) and the steps management has taken to monitor and control such exposures. The Audit Committee is provided at least annually with a report from the ERM function to monitor the status of the risk management process based on what is presented annually to the full Board. The Audit Committee also meets with management of business units and central functions on a rotating basis to discuss current and emerging risks. The Audit Committee reports to the Board with respect to internal controls, and approves internal and external audit plans based on a risk-based methodology and evaluation.

The Compensation Committee reviews and assesses the Company's compensation policies and practices for all employees. Throughout the year, when establishing compensation program elements, making awards and determining final payouts for incentive compensation, the Compensation Committee considers the relationship of the Company's risk oversight practices to employee compensation policies and practices for all employees (including non-executive officers), including whether the Company's compensation programs create or encourage excessive risk-taking that is reasonably likely to have a material adverse effect on the Company. The Compensation Committee's assessment of risk is further discussed below under Executive Compensation Compensation Discussion and Analysis Risk Assessment.

Director Independence

Pursuant to the corporate governance listing standards of the NYSE, a majority of the Board (and each member of the Audit, Compensation and Nominating Committees) must be independent. The Board has adopted director independence standards, which are contained in the Company's Corporate Governance Guidelines, to assist in its determination of director independence. No director will be considered independent unless the Board of Directors affirmatively determines that the director has no material relationship with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company). When making independence determinations, the Board broadly considers all relevant facts and circumstances, as well as any other facts and considerations specified by the NYSE, by law or by any rule or regulation of any other regulatory body or self-regulatory body applicable to the Company. When assessing the materiality of a director's relationship with the Company, the Board considers the issue not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation. Material relationships can include commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships (among others). In addition, the Board applies the independence guidelines set forth in our Corporate Governance Guidelines, which generally track the independence standards set by the NYSE.

The Board of Directors has determined that each of our directors other than Mr. Banga qualify as independent directors within the meaning of Section 303A.02 of the NYSE Listed Company Manual and under the independence requirements adopted by the Board as set forth in our Corporate Governance Guidelines.

In the course of its determination regarding the independence of each non-management director, the Board considered any transactions, relationships and arrangements as required by Section 303A.02 of the NYSE Listed Company Manual and under the independence requirements adopted by the Board. In particular, the Board considered the following relationships with respect to certain directors:

Table of Contents

Director	Relationship
Silvio Barzi	Former Senior Advisor and Executive Officer of UniCredit Group; director of SiNSYS (a subsidiary of the SIA Group)
Steven J. Freiberg	Senior Advisor to The Boston Consulting Group; Former director and Chief Executive Officer of E*TRADE Financial Corporation; Member of the Leadership Council of New York City Habitat for Humanity; member of the board of trustees of the March of Dimes
Richard Haythornthwaite	Chairman of Southbank Centre Board
Nancy J. Karch	Director Emeritus of McKinsey & Company; director of CEB; director of Kimberly-Clark Corporation
Jose Octavio Reyes Lagunes	Vice Chairman, Coca-Cola Export Corporation, The Coca-Cola Company
Mark Schwartz	Vice Chairman of the Goldman Sachs Group, Inc. and Chairman of Goldman Sachs Asia Pacific; director of SoftBank Corp.; various non-employee affiliations with Harvard University
Jackson P. Tai	Director of NYSE Euronext; director of Bank of China, Limited; director of Philips Electronics N.V.; director of Singapore Airlines (which owns SilkAir)

Although service as a director or executive officer of another company alone is not a material relationship that would impair a director's independence, the above listed relationships were reviewed by the Board. As to companies with which MasterCard has (or had) a business relationship and where a director is currently an executive officer, sales to and/or purchases from these entities amounted to less than the greater of \$1 million or 2% of that company's consolidated gross revenues during each of 2012, 2011 and 2010. Specifically, in making its independence determination, the Board considered the following facts with respect to certain directors named above and their primary employment relationships:

Third-Party Company	Payments
The Coca-Cola Company	Received payments from MasterCard in each of 2010 and 2011 for MasterCard PayPass program support, with amounts that were less than \$140,000 in each of 2010 and 2011
The Goldman Sachs Group, Inc.	Received payments from MasterCard in 2011 and 2012 with respect to asset management services, for an aggregate amount of approximately \$230,000

Accordingly, the Board determined that, during all relevant years, none of the relationships listed above were of an amount or nature to impede the exercise of independent judgment by any of Ms. Karch or Messrs. Barzi, Freiberg, Haythornthwaite, Reyes, Schwartz or Tai.

Additional Director Qualifications

Our amended and restated certificate of incorporation and by-laws, as well as our Corporate Governance Guidelines, provide for additional qualifications for service as a Board member, as well as limited membership for Industry Directors and officers or employees of the Company:

Table of Contents

Provision	Description
Qualifications for Service	<p>A person shall qualify for election and continued service as a director only if the Board has determined that he or she shall not, except in the case of an Industry Director (as defined below) or a director who is an officer or employee of the Company or any of its subsidiaries, be a director, officer, employee or agent of, or represent or otherwise be affiliated with, a Member (as defined below) or a Similar Person (as defined below) or have been a director, officer, employee or agent of, or have represented or otherwise been affiliated with, a Member or Similar Person during the prior 18 months or otherwise have any business relationship with a Member or similar person that is material to such person. A Member is defined as any person that on May 30, 2006 was, or thereafter shall have become or shall become, a Class A (or principal) member or affiliate member of MasterCard International or licensee of any of the Company's or MasterCard International's brands, or an affiliate of any of the foregoing, whether or not he or she continues to retain such status. A Similar Person is defined as any person that is an operator, member or licensee of any general purpose payment card system that competes with the Company, or any affiliate of such a person;</p> <p>No director shall be a trustee, officer, employee or agent of, or represent or otherwise be affiliated with, The MasterCard Foundation, or have been a director, officer, employee or agent of, or represented, or otherwise been affiliated with The MasterCard Foundation during the prior three years or otherwise have a business relationship with The MasterCard Foundation that is material to such person; and</p> <p>No director shall be a director, regional board director, officer, employee or agent of, or represent: (1) an entity that owns and/or operates a payment card program that is competitive with any of the Company's comparable card programs, as determined in the sole discretion of the Board of Directors or (2) an institution that is represented on any board of such an entity.</p> <p>If at any time an individual fails to satisfy the above qualifications, as determined by the Board in its sole discretion, he or she automatically, without further action, ceases to be a director.</p>
Industry Directors and Officers or Employees	<p>Our amended and restated certificate of incorporation and by-laws provide for a limited number of Industry Directors, as well as officers or employees of the Company, to serve on the Board. An Industry Director is defined as any director, other than a director who is an officer or employee of the Company or any of its subsidiaries, who is presently, or who has been, within the prior 18 months, previously affiliated with a Member or Similar Person. Our amended and restated certificate of incorporation and by-laws provide for the following Board and committee composition:</p> <p>The Board will be composed of directors at least 64% of whom are not Industry Directors. Further, the number of directors who are neither Industry Directors nor officers or employees of the Company will at all times be at least two greater than the number of directors who are either Industry Directors or officers or employees of the Company.</p> <p>Up to one-third of the members of any Audit Committee, Compensation Committee, Nominating Committee or Executive Committee of the Board may be Industry Directors. No more than one Industry Director may serve on the Nominating Committee. No Industry Director shall participate in the process of nominating any person to serve as a director of the Company or selecting any person to serve as a director of The MasterCard Foundation.</p>

Edgar Filing: MASTERCARD INC - Form DEF 14A

The Board of Directors has deemed Messrs. Freiberg, Schwartz and Tai to be Industry Directors.

Quorum

Requirements

A quorum will not be constituted unless directors who are neither Industry Directors nor officers or employees of the Company or any of its subsidiaries represent a majority of the directors present. Furthermore, our amended and restated certificate of incorporation provides that any newly created directorship on the Board that results from an increase in the number of directors and any vacancy occurring in the Board will be filled only by a majority of the directors then in office who are not Industry Directors, although less than a quorum, or by a sole remaining director who is not an Industry Director, unless the Board will be composed only of Industry Directors, in which case any newly created directorship on the Board that results from an increase in the number of directors and any vacancy occurring in the Board will be filled only by a majority of the directors then in office, although less than a quorum, or by a sole remaining director.

Table of Contents**Committees of the Board of Directors**

The Company has a standing Audit Committee, Human Resources and Compensation Committee and Nominating and Corporate Governance Committee of the Board of Directors, each of which is described below. Each of these committees operates under a written charter, which is available to our stockholders through our website at <http://www.mastercard.com> by clicking on About our Company and Investor Relations .

The following table summarizes the responsibilities and current membership of each committee and the total number of meetings each committee held in 2012. Each committee member has been determined by the Board to qualify as independent within the meaning of Section 303A.02 of the NYSE Listed Company Manual.

Audit Committee

The Audit Committee assists our Board in fulfilling its oversight responsibilities with respect to, among other things, the quality and integrity of the Company's financial statements; the Company's compliance with legal and regulatory requirements; the qualifications, performance and independence of the Company's independent registered public accounting firm; the performance of the Company's internal audit function; and the quality of the Company's internal controls. The Audit Committee also oversees risk assessment and risk management of the Company.

* Each member of the Audit Committee has been determined by the Board to qualify as independent under the independence criteria established by the SEC. The Board has also determined that each of the members of the Audit Committee is financially literate within the meaning of the listing standards of the NYSE. No member of the Audit Committee simultaneously serves on the audit committees of more than three public companies as defined in the NYSE corporate governance guidelines. The Board has identified both Mr. Schwartz and Mr. Tai as audit committee financial experts under the applicable SEC rules based on their experience and qualifications.

Nominating and Corporate Governance Committee**Committee Members:**

The Nominating Committee considers and nominates or recommends to the Board individuals to serve as directors of the Company, as further described under Election of Directors Director Nominations above. The Nominating Committee also considers and recommends Board members to serve on committees. It develops and recommends to the Board a set of corporate governance principles applicable to the Company, oversees the annual process for Board and committee self-assessments, is engaged in long-term succession planning efforts for the Chief Executive Officer, considers legal and other matters that could have a significant reputational impact on the Company and otherwise takes a leadership role in shaping the Company's corporate governance with a focus on the long-term interests of the Company and its stockholders.

Table of Contents**Human Resources and Compensation Committee**

The Compensation Committee is primarily responsible for, among other things, ensuring that the compensation and benefit programs of the Company are fair and appropriate, and designed to attract, retain and motivate employees. It ensures that pay practices are consistent with the Company's stated compensation strategy. The Compensation Committee determines annual and long-term goals for the Company and ensures that compensation paid to the Chief Executive Officer, as well as other senior officers and key management through cash pay, or any type of long-term or stock-based awards, are commensurate with levels of performance. The Compensation Committee is also responsible for ensuring that the Company has a thorough succession planning process. It periodically reviews identified senior level positions and is informed of the development of viable candidates.

* Each member of the Compensation Committee (a) has been determined by the Board to be independent within the meaning of Section 303A.02(a)(ii) of the NYSE Listed Company Manual (which becomes effective July 1, 2013 and begins to apply to listed companies in 2014) and (b) is a non-employee director for purposes of Rule 16b-3 under the Exchange Act and an outside director for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Internal Revenue Code).

Approval of Executive Compensation

The Compensation Committee approves the compensation of each of the Company's executive officers, including the named executive officers listed in the Summary Compensation Table in this Proxy Statement. The Compensation Committee has exclusive authority to grant equity awards to executive officers of the Company. Our Chief Executive Officer will generally recommend to the Compensation Committee compensation decisions for the executive officers other than himself. The Compensation Committee also delegates specified administrative functions to certain officers of the Company, including the Company's Chief Executive Officer and Chief Human Resources Officer. The Compensation Committee regularly reviews the Company's executive compensation and benefits policies, programs and practices and monitors applicable new rules and evolving best practices concerning executive compensation.

Decision-Making Process for Executive Compensation

The agenda for meetings of the Compensation Committee is determined by the Chairperson of the Compensation Committee with the assistance of the Company's Chief Human Resources Officer. Compensation Committee meetings are regularly attended by the members of the Compensation Committee, Frederic W. Cook & Co. (the Compensation Committee's outside consultant), the Company's Chief Executive Officer, the Company's Chief Human Resources Officer and other representatives of management as appropriate. Generally, the Compensation Committee also meets in executive session. The Chairperson of the Compensation Committee reports to the Board on the Compensation Committee's decisions concerning, among other things, compensation of the Company's non-employee directors and executive officers. At the end of each year, the Compensation Committee reviews and makes decisions on the elements and amount of compensation for our named executive officers. Additionally, the Compensation Committee approves the funding for the long-term incentive grants and annual cash-based incentive plans. The compensation consultant is retained by and reports directly to the Compensation Committee.

For more information on the Company's processes and procedures for the consideration and determination of executive and non-employee director compensation, including the role of executive officers and the compensation consultant, see the Compensation Discussion and Analysis

section in this Proxy Statement.

Attendance at Meetings

The Board of Directors held six meetings during 2012. During 2012, each director attended 75 percent or more of the aggregate of: (a) the total number of Board meetings held during the year and (b) the total number of meetings held by all Committees of the Board on which such director served during the year. The number of meetings held by each Committee during 2012 is set forth in the chart above under Committees of the Board of Directors .

The Company encourages directors to attend its annual meeting of stockholders and endeavours to hold Board and/or committee meetings on the same date as the Company's annual meeting of stockholders in order to increase the number of directors who attend the annual meeting. All 12 members of the Board attended the 2012 annual meeting of stockholders.

Code of Conduct and Supplemental Code of Ethics

The Company has a written Code of Conduct that applies to all executive officers, employees and directors of the Company and provides a statement of the Company's policies and procedures for conducting business legally and ethically. In addition, the Company has adopted a written Supplemental Code of Ethics that applies only to the Chief Executive Officer, the President, the Chief Financial Officer, the Controller and certain other senior officers of the Company and its subsidiaries, including those who serve in financial, accounting, treasury, tax and legal advisory roles. Both the Code of Conduct and the Supplemental Code of Ethics are posted on our website at <http://www.mastercard.com> by clicking on "About our Company" and "Investor Relations" and are available free of charge to any person who requests them by writing to the Corporate Secretary, MasterCard Incorporated, 2000 Purchase Street, Purchase, NY 10577, Attention Bart S. Goldstein.

Communicating with the Board

Stockholders and other interested parties may contact any member (or all members) of the Board of Directors (including, without limitation, the director that presides over the executive sessions of non-management directors, or the non-management directors as a group), any committee of the Board or any chair of any such committee by mail or electronically. To communicate with the Board, any individual directors or any group or committee of directors, correspondence should be addressed to the Board of Directors or any such individual directors or group or committee of directors by either name or title. All such correspondence can be sent by e-mail to corporate_secretary@mastercard.com or by mail to MasterCard Incorporated, Board of Directors, c/o the Office of the Corporate Secretary at 2000 Purchase Street, Purchase, New York 10577, Attention Bart S. Goldstein.

The Corporate Secretary or, in his absence, another member of the Company's Law Department, opens all communications received for the sole purpose of determining whether the contents represent a message to the directors. All correspondence that is not in the nature of advertising, promotions of a product or service, or is not trivial, irrelevant, unduly hostile, threatening, illegal, patently offensive or similarly inappropriate will be forwarded promptly to the addressee. If no particular director is named, such communication will be forwarded, depending on the subject matter, to the chair of the Audit, Compensation or Nominating Committee, as appropriate.

If correspondence reflects a complaint or concern that involves (1) accounting, internal accounting controls and auditing matters, (2) possible violations of, or non-compliance with, applicable legal and regulatory requirements, (3) possible violations of the Company's Supplemental Code of Ethics for the Chief Executive Officer and senior officers or (4) retaliatory acts against anyone who makes such a complaint or assists in the investigation of such a complaint, the correspondence will be forwarded to the chair of the Audit Committee.

Stockholders, employees and others may also report complaints and concerns regarding accounting, internal accounting controls, auditing matters, possible violations of, or non-compliance with, applicable legal and regulatory requirements, possible violations of the Company's Supplemental Code of Ethics for the Chief Executive Officer and senior officers, or retaliatory acts against employees who make such a complaint or assist in the investigation of such a complaint in accordance with the Company's Whistleblower Procedures. The General Counsel of the Company, who is the Company's chief compliance officer, is responsible for keeping a docket of all reports received under the Company's Whistleblower Procedures and summarizing the nature of the complaint and other relevant information. The General Counsel will report any recent developments of items listed on the docket in reasonable detail to the Chairperson of the Audit Committee (and, if the Chairperson so directs, to the full Audit Committee) at or in advance of each regularly scheduled meeting. The Company's Whistleblower Procedures can be found on its website at <http://www.mastercard.com> by clicking on "About our Company" and "Investor Relations".

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and officers, and persons who beneficially own more than ten percent of a registered class of the Company's common stock, to file initial reports of ownership and reports of changes in ownership of our common stock and our other equity securities with the SEC. Based solely on its review of the copies of such forms received by it and written representations from reporting persons that no other forms were required to be filed, the Company believes that all of its directors, officers and persons who beneficially own more than ten percent of the Company's Class A common stock complied with all Section 16(a) filing requirements applicable to them with respect to events and transactions that occurred during 2012.

**CERTAIN RELATIONSHIPS AND RELATED
TRANSACTIONS**

The Code of Conduct requires that any transaction that exceeds \$120,000 between the Company and a related party, or in which a related party would have a direct or indirect material interest, be promptly disclosed to the General Counsel of the Company. The General Counsel is required to disclose such transactions promptly to the Board of Directors. Transactions with related parties must be approved or ratified by the Board of Directors or a committee of the Board of Directors consisting of at least three disinterested directors. Any director having an interest in the transaction is not permitted to vote on such transaction. Under the Code of Conduct, a related party is any of the following:

an executive officer of the Company;

a director (or director nominee) of the Company;

an immediate family member of any executive officer or director (or director nominee);

a beneficial owner of five percent or more of any class of the Company's voting securities; or

an entity in which one of the above described persons has a substantial ownership interest in or control of such entity.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis describes MasterCard's executive compensation program for 2012 as well as certain elements of the 2013 program and analyzes the total compensation for our named executive officers who appear in the Summary Compensation Table in this Proxy Statement.

Executive Summary

MasterCard's executive compensation program is designed to attract, motivate and retain our executives, including our named executive officers, who are critical to the Company's long-term success. Our compensation program is based upon and designed to address three core principles:

Executive officer goals are linked with stockholder interests

Pay is significantly performance-based

Compensation opportunities are competitive to attract and retain talented employees

Our Compensation Committee, which is composed solely of independent directors, is responsible for oversight of our executive compensation program and decides the compensation to be paid to our executives. The Compensation Committee makes decisions on executive compensation from a total direct compensation perspective. Total direct compensation is composed of base salary, annual cash incentive and long-term, stock-based incentive compensation. A significant portion of our executives' compensation is performance-based. In addition, our compensation program is weighted toward long-term equity awards rather than cash compensation in order to maximize retention and ensure that a substantial portion of our named executive officers' compensation is directly aligned with stockholder interests.

For 2012, each of our named executive officers was provided with an opportunity to earn a cash incentive award under our Senior Executive Annual Incentive Compensation Plan, or SEAICP. Funding was based upon pre-established net income and net revenue targets, with the payout amount then based upon achievement of pre-determined quantitative and qualitative corporate performance objectives and personal objectives. For 2012, each of our named executive officers also received a long-term incentive award whose value was composed of 50% stock options and 50% performance stock units, or PSUs. The stock options vest in 25% increments on each of the first four anniversaries from the date of grant. Vesting of the PSUs depends on the Company's performance against a pre-determined return on equity goal over a three-year performance period.

Financial and Operational Highlights

In recent years, MasterCard has had strong operational and financial performance, despite challenging global economic and financial conditions. The Company's performance has resulted in the substantial appreciation of the Company's stock price, from a \$39 per share price at the time of the Company's IPO in May 2006 to a closing stock price of approximately \$522 per share as of April 19, 2013.

Table of Contents

In 2012, MasterCard again had strong annual operational and financial performance, which included the following highlights:

Net revenue of \$7.4 billion, an increase of 13% versus 2011, adjusted for currency ¹ (10% on an as-reported basis)	Cross-border volume growth of 16% on a local currency basis
Net income of \$2.8 billion, an increase of 20% versus 2011, adjusted for currency ¹ and excluding special items ² in both periods (on an as-reported basis, net income was \$2.8 billion, an increase of 45% versus 2011)	Diluted EPS of \$22.04, an increase of 22% versus 2011, adjusted for currency ¹ and excluding special items ² in both periods (on an as-reported basis, diluted EPS was \$21.94, an increase of 48% versus 2011)
Operating margin of 53.5%, excluding special items ² in both periods (on an as-reported basis, operating margin was 53.3%);	Gross Dollar Value, or GDV, growth of 15% on a local currency basis
Repurchased 4.1 million shares at a cost of \$1.7 billion	Processed transaction growth of 25% versus 2011
Maintenance of a strong capital position, including cash flow from operations of \$2.9 billion during 2012 and \$5.0 billion of cash, cash equivalents and available-for-sale securities as of December 31, 2012	

- Adjusted for the impact of foreign exchange rates with respect to the Euro and the Brazilian real. The presentation of growth rates adjusted for currency represent a non-GAAP measure and are calculated by re-measuring the prior period's results using the current period's exchange rates. The Compensation Committee considered a number of quantitative and qualitative factors in determining the amount of the SEAICP bonus payout for 2012. The results outlined above demonstrate how MasterCard achieved or exceeded most of its goals despite the challenging economic environment that existed in virtually every region around the world during 2012. The Compensation Committee exercised its discretion and established the corporate score to be used for purposes of paying annual incentives under the SEAICP at 120% of target.
- Special items consist of the provisions recorded in 2011 (\$770 million pre-tax, or \$495 million on an after-tax basis) and 2012 (\$20 million pre-tax, or \$13 million on an after-tax basis) for potential settlements relating to the U.S. merchant litigations.

Key Features of our Executive Compensation Program

We believe the voting results from our 2012 say-on-pay proposal, as discussed below, shows strong shareholder support for our executive compensation approach. MasterCard's Board of Directors, the Compensation Committee and management periodically review the compensation and benefit programs for executives and other employees to align them with the three core principles discussed above. Accordingly, the Company has adopted a number of practices over the last several years that affect our executive compensation program:

What We Do	What We Don't Do
Annual say-on-pay advisory vote for stockholders	No hedging of Company stock
Pay for Performance	No new tax gross ups for executive officers
Use Peer Groups when establishing compensation	No tax gross ups for perquisites
Balance short- and long-term incentives	No new evergreen employment agreements
Align executive compensation with shareholder returns through long-term incentives	No new participants in the Supplemental Executive Retirement Plan, or SERP
Include caps on individual payouts in incentive plans	No repricing of options
Inclusion of a clawback policy in our incentive plans	No dividend equivalents on unvested equity awards
Significant stock ownership guidelines for executives and directors	
Double-trigger provisions for all plans that contemplate a change-in-control	
Condition grants of long-term incentive awards on execution of a non-solicitation, non-competition and non-disclosure agreement	
Mitigate undue risk taking in compensation programs	
Include criteria in incentive plans to maximize tax deductibility	
Retain an independent external compensation consultant

The Company's Compensation Principles

As noted above, the Compensation Committee's compensation decisions for our named executive officers are based on the following core principles:

<p>Executive officer goals are linked with stockholder interests</p>	<p>The Company's compensation policies are designed to align the interests of our executive officers with those of our stockholders.</p>
<p>Pay is significantly performance-based</p>	<p>We provide executive compensation from a total direct compensation perspective which consists of fixed and variable pay, with an emphasis on variable pay to reward short-and long-term performance measured against pre-established goals and objectives.</p>
<p>Compensation opportunities are competitive to attract and retain talented employees</p>	<p>Each year, the Compensation Committee assesses the competitiveness of total compensation levels for executives to enable the Company to successfully attract and retain executive talent.</p>

Role of Compensation Consultant

The Compensation Committee retains its own outside compensation consultant. Beginning on January 1, 2011, the Compensation Committee engaged the services of Frederic W. Cook & Co. to provide primarily the following executive compensation consulting services:

assisting with the development and analysis of peer group companies for comparison of executive compensation;

conducting benchmarking of executive officer compensation relative to the peer group; and

advising on executive compensation and equity plan design.

The compensation consultant's engagement includes reviewing and advising on all material aspects of executive compensation for the Company, including base salaries, annual incentives and equity compensation. In addition to the primary executive compensation services described above, during 2012 the compensation consultant, among other things:

reported on trends, developments and best practices in executive compensation;

discussed the merits of various performance metrics for incentive compensation;

reviewed and advised on perquisite practices among peer group companies; and

provided advice with respect to non-employee director compensation.

The compensation consultant regularly attends the meetings of the Compensation Committee. In the course of discharging its responsibilities to the Compensation Committee, the compensation consultant regularly communicates with the Chairman of the Compensation Committee outside

Edgar Filing: MASTERCARD INC - Form DEF 14A

of committee meetings. The compensation consultant also meets with management and various members of the Company's executive compensation group, and in particular both the Company's Head of Global Rewards and Chief Human Resources Officer, from time to time to, among other things, gather compensation-related information and review recommendations that the Chief Executive Officer may make to the Compensation Committee concerning executive officer compensation other than his own. The compensation consultant reports to the Compensation Committee on these matters rather than to management. The Compensation Committee considers the compensation consultant's input and advice, yet uses its own independent judgment in making final decisions concerning compensation paid to executive officers of the Company. The Compensation Committee has the full authority to retain and terminate the services of the compensation consultant.

The compensation consultant does not provide any other services to the Company unless approved by the Compensation Committee, and no such services were provided in 2012. After reviewing information provided by the compensation consultant regarding its independence and considering the relevant independence factors pursuant to SEC guidelines, the Compensation Committee determined that no conflicts of interest existed in connection with the services the compensation consultant performed for the Compensation Committee in fiscal 2012.

Table of Contents**Peer Group**

The Compensation Committee, with assistance from the compensation consultant, establishes the Company's peer group that is used for market comparisons and benchmarking.

The first step in the selection process for determining the peer group is to identify potential peer companies with the following general characteristics:

- Companies with comparable lines of business or in a related industry, such as the payments, technology or financial services industries;
- Companies of a similar size, based primarily on revenue;
- Companies with whom MasterCard competes for executive talent; and/or
- Competitors for investor capital.

The Compensation Committee then reviews the potential peer group companies identified from the general characteristics above and then refines the list based on additional criteria. Those additional criteria include:

- Companies with substantial operating margin;
- Companies that derive at least 25% of their revenue from international operations;
- Companies within a comparable range of MasterCard's market capitalization; and/or
- Companies that investors and analysts consider to be peers of MasterCard.

The general characteristics and additional criteria resulted in the selection by the Compensation Committee of the following peer group, which is unchanged from the prior year:

Adobe Systems	CA Technologies	EMC Corporation	Paychex
American Express Co.	Capital One Financial Corp.	Fidelity National Information Services Inc.	State Street
Automatic Data Processing Inc.	Cognizant Tech Solutions	Fiserv	Visa Inc.
Bank of New York Mellon Corp.	Discover Financial Services Inc.	Juniper Networks	Western Union
BB&T	eBay	Northern Trust Corp.	Yahoo!

At the time this peer group was initially approved, MasterCard's revenue approximated the median revenue of the peer group and was in the top quartile of the peer group with respect to market capitalization. As of December 31, 2012, MasterCard's revenue continued to approximate the median and its market capitalization remained in the top quartile of the peer group.

The compensation consultant used this peer group to develop the market data and benchmarking materials that were provided to the Compensation Committee to assist in the 2012 executive compensation decision making process.

While the Compensation Committee relies on the peer group analysis to provide market data and relevant trend information, it does not consider the peer group analysis as a substitute for its collective business judgment.

Executive Compensation Program Elements

The primary elements of our executive compensation program consist of base salary, annual incentive and long-term incentive compensation, which we refer to collectively as total direct compensation. The Compensation Committee makes decisions on executive compensation from a total direct compensation perspective. The elements of compensation were selected by the Compensation Committee because each element is considered by the Committee to be important in meeting one or more of the objectives of our compensation philosophy.

Primary Elements of Our Executive Compensation Program

The following table provides information regarding the primary elements of total direct compensation for our named executive officers in 2012:

Element	Form	Objectives and Basis
Base Salary	Cash	<p>Designed to attract and retain high quality executive officers</p> <p>Reviewed at time of hire and, thereafter, annually and/or at the time of promotion</p> <p>Considerations are peer group analysis, individual performance, unique position characteristics, job responsibilities, experience, retention and succession</p> <p>Generally held constant for senior level executives once market competitive levels are achieved, subject to competitive factors and/or change in job responsibilities</p>
Annual Incentive	Cash	<p>Designed to attract and retain high quality executive officers and reward the attainment of specific performance measures during a fiscal year</p> <p>Target bonus amount is set as a percentage of base salary and is reviewed annually</p> <p>Considerations are peer group analysis, Company and individual performance, unique position characteristics, job responsibilities, experience, retention and succession</p> <p>Targeted with reference to a range around the median of market competitive levels of target compensation for similar positions</p>
Long-Term Incentive	Stock options and PSUs	<p>Designed to motivate and reward the executive officers for the attainment of long-term business objectives, and to align their interests with those of our stockholders</p> <p>Targeted with reference to a range around the median of market competitive levels of target compensation for similar positions and is reviewed annually</p>

Actual awards of annual stock options and PSUs based on peer group analysis, Company and individual performance, unique position characteristics, experience, retention and succession

In assessing and establishing target total direct compensation for our named executive officers, the Compensation Committee each year examines and compares peer group data for each of the various compensation elements against the Company's executive compensation and makes decisions after considering each individual element and its effect on total direct compensation and the corresponding position in the competitive market range. Worksheets showing, for each named executive officer, the individual compensation elements, amounts of each element and target total compensation relative to the peer group data are prepared by the compensation consultant and reviewed by the Compensation Committee. With the assistance of the Compensation Committee's compensation consultant, targets are set for base salary, annual incentive and long-term equity. There is no pre-established policy or target for the allocation between cash and non-cash compensation or short-term and long-term compensation. However, these primary elements have been weighted to ensure that a substantial amount of named executive officers' pay is variable and contingent upon meeting or exceeding pre-determined performance goals.

The compensation and awards granted to our named executive officers during 2012 were based on a consistent application of our compensation policies. The variance between the compensation paid to our Chief Executive Officer and the other named executive officers arose due to the different roles and levels of responsibility between the Chief Executive Officer and the other named executive officers, and the higher level of compensation that is paid to chief executive officers generally among the peer group companies. The actual compensation paid to executives may vary based on individual performance.

Base Salary

The Compensation Committee establishes base salaries that are informed by peer group data and reflective of the contributions of the executive officer to MasterCard.

Annual Incentive

MasterCard provides named executive officers with an opportunity to earn cash incentive awards through the SEAICP for the attainment of Company, business unit and individual goals over the course of the year. Company performance goals for 2012, as well as the types of pre-defined special items (as discussed in the footnote below the chart that follows), were

Table of Contents

established by the Compensation Committee in February 2012. The metrics selected for the funding formula were net income and net revenue. The Compensation Committee has determined that net income is a key metric in measuring management's success in executing the Company's strategies and initiatives. The Compensation Committee further determined that net revenue is an appropriate secondary measurement because the named executive officers' performance can directly impact net revenue in short time horizons. The goals at minimum, target and maximum for 2012 under the SEAICP were as follows:

Measurement	Weighting (%)	Minimum	Target	Maximum	Result*
Net Income (\$millions)	66.7	\$2,046	\$2,387	\$2,731	\$2,793
Net Revenue (\$millions)	33.3	\$5,570	\$6,500	\$7,431	\$7,424

* Results shown differ from net income and net revenue under GAAP because they exclude, as applicable: (1) an approximately \$13 million after-tax charge related to the U.S. merchant litigation, (2) the impact of foreign exchange rates with respect to the Euro and the Brazilian Real and (3) the effect of the Company's acquisition of Truaxis.

Based on the Company's financial performance as set forth in the chart above, the pre-established maximum net income target for 2012 was exceeded and the net revenue result was slightly below the maximum. Accordingly, pursuant to the terms of the plan, the SEAICP could have been funded at almost 200% of target (the maximum level for the overall bonus pool). In addition to the SEAICP funding formula, the amount of the payout for each of the SEAICP participants within the funded amount was based upon achievement of pre-determined quantitative and qualitative corporate performance objectives, known as the corporate scorecard. The corporate scorecard includes objectives related to:

executing on the Company's customer strategy;

delivering stockholder value by achieving net revenue, operating margin, net income and earnings per share targets; and

enhancing organizational capabilities, strengthening leadership and developing people.

In addition to assessing performance against net income and net revenue targets, the Compensation Committee considers the corporate scorecard and uses its business judgment in determining, within the amounts payable based on performance against the net income and net revenue targets, the amount of the incentive compensation under the SEAICP to be paid to each named executive officer. The Compensation Committee does not attempt to quantify, rank or assign relative weight to the various objectives included on the corporate scorecard and no single objective on the corporate scorecard was material to the Compensation Committee's decisions. In late 2012, Mr. Banga presented to the Compensation Committee the Company's forecasted results as measured against the quantitative and qualitative corporate scorecard objectives. The Compensation Committee considered the Company's strong performance against the financial targets, as well as the information provided by Mr. Banga concerning the Company's performance against the corporate scorecard and the challenging economic and financial conditions faced by the Company's customers and consumers, with most of the annual goals achieved or exceeded. The Compensation Committee exercised its discretion and established the corporate score to be used for purposes of paying annual incentives under the SEAICP at 120% of target.

In determining the annual incentive amounts for each named executive officer, the Compensation Committee considered the shared responsibility for the corporate score as well as the personal objectives of each individual. These personal objectives are summarized below:

Name	Primary 2012 Personal Objectives
Ajay Banga	Refining the Company's overall strategy to accelerate diverse revenue growth, establishing a roadmap for continued success, operational execution and enhancing the Company's perception in the marketplace with key constituents
Martina Hund-Mejean	Strategic development, risk mitigation, progressing the tax strategy and strategic sourcing improvements
Chris A. McWilton	Revenue growth in the U.S. region and improving customer satisfaction
Gary J. Flood	Global advancement of products and organizational development
Ann Cairns	Revenue growth globally (excluding the U.S. region) and improving customer satisfaction

Table of Contents

The Compensation Committee chose to allocate the funded amount of the bonus pool under the SEAICP among the named executive officers and other Executive Committee members after discussing and considering their contribution to the overall business results, their attainment of individual objectives and their proficiency in displaying the Company's leadership principles and core competencies. As set forth in the far right column in the table below, this approach led the Compensation Committee to award SEAICP payouts within a relatively comparable range to each named executive officer, excluding the Chief Executive Officer. Mr. Banga received a payout under the SEAICP of 163% of target in recognition of the strong results he achieved in various areas, including growing market share through his involvement in key deals, leading the engagement with regulators and legislators around the world on the benefits of electronic payments, driving innovation in the Company through our efforts in emerging payments, leading the Company's expansion into new markets and guiding efforts to improve customer satisfaction, brand awareness and employee engagement.

The table below sets forth the threshold, target, maximum and actual payout under our SEAICP for 2012 for each of our named executive officers:

Name	Threshold	Target	Maximum	Actual	% of Target
Ajay Banga	\$ 750,000	\$ 1,500,000	\$ 3,750,000	\$ 2,450,000	163%
Martina Hund-Mejean	\$ 300,000	\$ 600,000	\$ 1,500,000	\$ 724,500	121%
Chris A. McWilton	\$ 345,000	\$ 690,000	\$ 1,725,000	\$ 853,475	124%
Gary J. Flood	\$ 345,000	\$ 690,000	\$ 1,725,000	\$ 809,370	117%
Ann Cairns	\$ 345,000	\$ 690,000	\$ 1,725,000	\$ 893,067	130%

Long-Term Incentive

The Compensation Committee uses equity grants as the primary means of providing long-term incentives to our named executive officers. Non-qualified stock options, PSUs and Restricted Stock Units (RSUs) were granted to employees and certain executives of the Company in March 2012 during the annual grant cycle. Information regarding the long-term awards for our named executive officers is set forth in the Grants of Plan-Based Awards in 2012 table.

The Compensation Committee determined that for the 2012 annual grant made in March 2012, all named executive officers should receive a long-term incentive award whose value was composed of 50% stock options and 50% PSUs. In making its determination on what type of awards to grant, the Compensation Committee considered the following:

peer group information;

trends in long-term incentive grants;

the deductibility of stock options and PSUs under Section 162(m) of the Internal Revenue Code for performance-based compensation;

the accounting treatment of such awards; and

the effect of having the Chief Executive Officer and other named executive officers receive a significant portion of their total direct compensation in equity awards to motivate and provide an incentive for these officers and to align their interests with those of our stockholders.

The Compensation Committee determined to utilize PSUs as part of the 2012 long-term compensation for named executive officers because the Compensation Committee desired to: (1) tie some long-term incentive compensation to the achievement of the Company's long-term objectives, (2) have the value of the award upon vesting determined by performance against specified objectives rather than solely dictated by the Company's future stock price and (3) provide an award to the named executive officers that could be treated as qualified performance-based compensation and thus exempt from the deduction limit under Section 162(m) of the Internal Revenue Code. Ultimately, the Compensation Committee determined to use an equal split of stock options and PSUs because it believed that equity compensation should be equally dependent

Edgar Filing: MASTERCARD INC - Form DEF 14A

upon stock price appreciation and upon the successful achievement of specified financial results.

On March 1, 2012, the Compensation Committee granted the following aggregate dollar amounts of stock options and PSUs under the Company's Amended and Restated 2006 Long Term Incentive Plan, or LTIP, to our named executive officers:

Table of Contents

Name	Stock Options	Performance Stock Units	Total
Ajay Banga	\$ 3,750,000	\$ 3,750,000	\$ 7,500,000
Martina Hund-Mejean	\$ 900,000	\$ 900,000	\$ 1,800,000
Chris A. McWilton	\$ 850,000	\$ 850,000	\$ 1,700,000
Gary J. Flood	\$ 900,000	\$ 900,000	\$ 1,800,000
Ann Cairns	\$ 750,000	\$ 750,000	\$ 1,500,000

The stock option awards have an exercise price of \$420.43 per share, which was the closing price of the Company's Class A common stock on the NYSE on March 1, 2012, and vest in four equal annual installments beginning on March 1, 2013. The stock option awards have a term of 10 years.

Whether, and the extent to which, the PSUs awarded in 2012 vest will be based on the Company's three-year average performance against a predetermined return on equity goal. The actual results during the performance period of January 1, 2012 through December 31, 2014, will be measured against the threshold, target and maximum performance goals. In the event the PSUs do vest on February 28, 2015, the ultimate number of shares to be issued on the vesting date will be based on the performance against the return on equity goal, with a reduction, if any, determined at the discretion of the Compensation Committee using the results of the corporate scorecard, which comprises quantitative and qualitative goals that are established at the beginning of each year during the performance period. The corporate scorecard includes goals for net income and net revenue, among other metrics, and is based upon a range of assumptions used in the Company's budgeting process. The Compensation Committee does not perform any specific analysis on the probability of achievement of the performance goals; however, it relies upon its experience and collective business judgment in establishing the goals.

The Compensation Committee established the 2012-2014 return on equity goal and the 2012 quantitative and qualitative objectives (that were included in the corporate scorecard for 2012) at the same time it authorized the PSU awards for the performance period. The Compensation Committee established the 2013 quantitative and qualitative objectives (that are included in the corporate scorecard for 2013) in the first quarter of 2013 and will establish the 2014 objectives in the first quarter of next year. The 2012 quantitative and qualitative objectives primarily include net revenue, operating margin, net income and earnings per share targets, as well as other objectives. The Compensation Committee believes that target performance against the return on equity goal and the objectives in the corporate scorecard are attainable, yet provide appropriate incentives for management to continue to grow and diversify the Company in geographic markets with diverse product offerings. The Compensation Committee believes that achievement of maximum performance goals against the return on equity metric and the corporate scorecard would require exceptional corporate performance in each year of the three-year performance period.

In its financial statements for the year ended December 31, 2012, the Company began accruing the PSU awards made in March 2012 at an amount between the target and maximum performance level based on the Company's assessment of its obligations, including after quantitative and qualitative considerations of actual and forecasted results compared to the return on equity goal and the performance targets that were part of the corporate scorecard for these awards as of December 31, 2012. As a result, columns (i) and (j) in the Outstanding Equity Awards at 2012 Fiscal Year-End table that follows this section include, for the PSUs granted on March 1, 2012, the number of shares that would be issued at the maximum performance level. The actual number of shares of Class A common stock to be issued and actual payout value of unearned shares will be determined based on the Company's performance over the three-year performance period ending December 31, 2014.

2012 Target Total Direct Compensation

The charts shown below illustrate the balance of the primary elements of total direct compensation (at the 2012 target values) for Mr. Banga and the average of the other named executive officers:

The Compensation Committee establishes the target total direct compensation for each named executive officer after reviewing peer group data for each of the various compensation elements and considering each individual element and its effect on total direct compensation and the corresponding position in the competitive market range. As the charts above demonstrate, a substantial majority of our named executive officers target total direct compensation is performance-based and at risk. Target total direct compensation for our Chief Executive Officer is weighted more toward long-term incentives than the other named executive officers, as the Compensation Committee wants to encourage our Chief Executive Officer to primarily focus on long-term growth for the Company. See the [Grants of Plan-Based Awards in 2012](#) table for additional information for each of our named executive officers with respect to their 2012 target annual and long-term incentive awards.

Role of Executive Officers in Compensation Decisions

Compensation decisions for the named executive officers for the current year are generally discussed in the fourth quarter of the prior year. The decisions are then approved in the first quarter of the current year, after audited financials for the prior year have been released.

In connection with annual compensation decisions for named executive officers, our Chief Executive Officer discusses with the Compensation Committee the Company's performance for the year. He then provides a summary of business unit and each other named executive officer's individual performance, their impact on the corporate scorecard and an assessment of their potential and core competencies. Using information compiled and supplied by the compensation consultant, including peer group compensation information, our Chief Executive Officer presents compensation recommendations for the named executive officers other than himself to the Compensation Committee for its review and discussion. Only the Chief Executive Officer discusses or makes a recommendation concerning compensation of the other named executive officers. The compensation consultant provides background information on how the peer group data has been generated and discusses the competitive positioning of each executive versus comparable executives in the peer group. When the discussion relates to the Chief Executive Officer's performance and compensation, the Chief Executive Officer meets with the Board of Directors to discuss his own performance and to outline his challenges and successes for the year. The Chairperson of the Compensation Committee then leads an executive session discussion among the Board of Directors on the Chief Executive Officer's performance and compensation. The Compensation Committee then meets in private to evaluate recommendations and ultimately makes preliminary compensation determinations for the named executive officers (including the Chief Executive Officer). The Compensation Committee considers input from the Board of Directors prior to making a recommendation concerning the Chief Executive Officer's target total direct compensation for the ensuing year (that is, base salary, annual incentive target and long-term incentive target), the annual incentive amount for the most recently-completed year and the

Table of Contents

number of PSUs that should vest for the most recently-completed performance period. The Compensation Committee also receives information from the compensation consultant, which includes CEO compensation information from the peer group companies. The recommendations are conditional and become final after audited financials for the prior year have been released.

Other Compensation

Perquisites

For 2012, perquisite allowances were approved in the same amounts (per position) as in 2011. The Compensation Committee has determined that perquisite allowances providing a discretionary amount to spend are the most effective delivery mechanism because they provide flexibility to the executive and are excluded from ordinary compensation for the purposes of determining benefits or bonuses. Additionally, the Compensation Committee determined that for productivity and security reasons, Mr. Banga be allowed to use a Company-leased automobile with a driver for commuting purposes. This enables Mr. Banga to make more efficient use of his time, while providing him with a higher level of safety and personal security. Additionally, Mr. Banga is also permitted limited use of the Company-leased aircraft for personal travel. Mr. Banga reimburses the Company, as calculated using the Standard Industry Fare Level rates published by the Internal Revenue Service, for any personal use of the airplane. The Compensation Committee continues to evaluate perquisites annually. For more information on perquisites provided to our named executive officers, refer to the All Other Compensation in 2012 table.

Deferred Compensation

In 2012, all U.S. employees, including the named executive officers, who exceeded an annual base salary threshold of \$170,000 during 2011, were eligible to defer a portion of future compensation into a non-qualified deferred compensation arrangement, referred to as the MasterCard Incorporated Deferral Plan. None of the named executive officers elected to defer compensation in 2012.

Profit Sharing

In 2011, all U.S. employees were eligible to participate in the MasterCard Incorporated Shared Profit Plan (the SPP). As of January 1, 2012, U.S. executives, including the named executive officers, were no longer eligible to participate in the SPP. The SPP rewards all eligible employees for their contributions toward MasterCard's profitability during the year. Based upon a qualitative assessment (including a review of financial performance), the Compensation Committee determines profit sharing payments on an annual basis. Payment is a percentage of an individual employee's base salary and, pursuant to the terms of the SPP, can range from 0% to 10% of such base salary. For 2012, the profit sharing payment was 7.2% of each eligible individual employee's base salary.

Other Benefits

The Compensation Committee is responsible for reviewing specific benefit arrangements for named executive officers and other key employees to determine competitiveness in the market, as well as to ensure that these programs are consistent with management's objectives to attract, retain and motivate high-performing employees. The Company maintains several other benefit plans and programs in which named executive officers may be eligible to participate. These plans and programs include:

the MasterCard Accumulation Plan (the MAP);

the MasterCard Savings Plan (the Savings Plan);

the Restoration Program;

the SERP;

MasterCard UK Pension Plan; and

MasterCard's health and welfare programs.

The MAP is a tax-qualified defined benefit pension plan that provides benefits using a cash balance formula. Effective January 1, 2013, pay credits to MAP ceased for all employees. MAP participants continue to earn interest credits. Prior to July 1, 2007, all U.S. employees of the Company, including Messrs. McWilton and Flood, generally were eligible to participate in the

Table of Contents

MAP. MasterCard eliminated the MAP for all new hires after June 30, 2007 and froze the pay credit level (which is the credited percentage of a MAP participant's eligible compensation) for all existing employees at that date. In September 2010, pay credit levels were reduced to either 8% or 4% for all employees effective January 1, 2011. Employees whose pay credit level from July 1, 2007 through December 31, 2010 was either 14%, 12% or 10% received an 8% pay credit during 2011. Employees at the 8%, 5.75% or 4.5% pay credit level from July 1, 2007 through December 31, 2010, received a 4% pay credit during 2011. For the 2012 plan year, all eligible participating employees received a 4% pay credit.

The Savings Plan is a 401(k) retirement plan for U.S. employees, including named executive officers. For 2012, the components of the plan include employee contributions on a before-tax, Roth and/or after-tax basis and an employer matching contribution. Employees hired after June 30, 2007, including Mr. Banga and Ms. Hund-Mejean, are eligible for an enhanced 401(k) match (employer matching contribution equal to 125% of employee before-tax, Roth and/or after-tax contributions, up to 6% of eligible compensation per pay period). Prior to January 1, 2013, employees previously participating in the MAP (those who were hired prior to July 1, 2007, including Mr. McWilton and Mr. Flood) continued to receive an employer matching contribution equal to 100% of employee contributions, up to 6% of eligible compensation per pay period. Eligible compensation in the Savings Plan is limited to base salary, up to the limit on compensation under Section 401(a)(17) of the Internal Revenue Code, which was \$250,000 in 2012. Effective January 1, 2012, all participating employees were eligible to receive an annual, non-elective, discretionary Company contribution of up to 1.25% of base salary into their Savings Plan account, which was paid in the first quarter of 2013. Additionally, as of January 1, 2013 and in conjunction with the elimination of pay credits under the MAP, all Savings Plan participants are eligible for the enhanced 401(k) match of 125% of employee before-tax, Roth and/or after-tax contributions, up to 6% of eligible compensation per pay period.

The Restoration Program is an arrangement for certain highly-compensated employees, including the named executive officers, that provides for annual taxable payments intended to restore benefits that could not be earned under the MAP and Savings Plan due to limits imposed by the Internal Revenue Code. Section 415 of the Internal Revenue Code generally limits the annual benefits that can be earned or paid under the MAP (\$200,000 in 2012) and annual contributions that may be credited to a participant's account under the Savings Plan (\$50,000 in 2012). Section 401(a)(17) of the Internal Revenue Code limits the annual compensation that can be used to calculate annual pay credits under the MAP and annual contributions to the Savings Plan (\$250,000 in 2012). Under the Restoration Program, actively employed eligible employees receive an annual payment that is intended to approximately restore, for a calendar year, the difference between (1) the pay credits under the MAP and employer matching contributions in the Savings Plan an employee could have earned in the absence of the limits imposed by the Internal Revenue Code and (2) the pay credits and employer matching contributions actually earned under the MAP and the Savings Plan.

The Company also maintains the SERP, a defined benefit pension plan. Only two executives participate in the SERP—one named executive officer (Mr. McWilton) and one other member of the Executive Committee. The SERP was implemented prior to MasterCard's IPO in May 2006 and prior to MasterCard's decision to grant equity to its executives. The Compensation Committee approved a recommendation in February 2008 to discontinue the SERP. The participants in the SERP as of February 2008 remain active in the plan and retain their right to receive their vested balances in accordance with the terms of the SERP. The SERP provides that participants who have a vested benefit following their termination of employment will receive a benefit equal to a designated percentage of the participant's final 48-month average base pay (determined as of the termination date), that is the lump sum actuarial equivalent of an annuity for the life of the participant, reduced by (1) a benefit under a hypothetical prior employer benefit plan, (2) the benefits earned under the MAP as of the termination date, (3) the portion of the benefit under the Restoration Program as of the termination date related to the MAP benefit and (4) estimated Social Security benefits. The designated percentage of the final 48-month average base pay is 80% for the two participants. To the extent that the offsets are greater than the aggregate SERP benefit, a participant would not receive a payout under the SERP. Participants in the SERP generally vest in their benefits upon the attainment of age 60. For more information on the MAP and the SERP, see the section entitled "Pension Benefits in 2012" that follows this Compensation Discussion and Analysis.

The MasterCard UK Pension Plan is a defined contribution retirement scheme for U.K. employees, including Ms. Cairns. For 2012, the plan included employee and employer contributions. Employee contributions are not required and are not eligible for a company match. All participating employees, regardless of whether they contribute to the plan, receive a Company contribution equal to 16% of their pensionable salary (defined as 95% of base salary, less an offset equal to 1.5 times the basic state pension).

Table of Contents**2012 Say-on-Pay Advisory Vote on Executive Compensation**

MasterCard provided stockholders with a say-on-pay advisory vote on its executive compensation in 2012. At our 2012 annual meeting of stockholders, more than 96% of the votes cast on the say-on-pay proposal were in favor of our executive compensation program and policies. The Compensation Committee evaluated the results of the say-on-pay vote; in light of the substantial support of our executive compensation program, it did not make any significant changes to our executive compensation program and policies for 2012 compensation. The Compensation Committee will continue to consider the outcome of future say-on-pay votes when making future compensation decisions for the named executive officers.

Clawbacks

Named executive officer participation in the LTIP, our long-term incentive plan, is conditioned upon participants signing a non-solicitation, non-competition and non-disclosure agreement with the Company. The non-competition covenant is effective for 12 months and the non-solicitation covenant is effective for 24 months (18 months, in Ms. Cairns' case) after termination from the Company. The agreement also contains a provision for the recovery by the Company, in the event of a violation of the non-solicitation, non-competition or non-disclosure covenants, of gains realized from stock options exercised during the two-year period prior to the date of the violation and the value of any stock awards other than stock options that vested in the two-year period prior to the violation, or to the extent no such stock award vested during that period, the gross amount of annual incentive payouts under the SEAICP.

In addition, the SEAICP and our agreements for grants of performance stock units also include a clawback policy in which these awards are repayable to the Company in the event of a material financial restatement.

Risk Assessment

The Compensation Committee has reviewed and assessed the Company's compensation policies and practices for all employees, including our named executive officers. Throughout the year, when establishing compensation program elements, making awards and determining final payouts for incentive compensation, the Compensation Committee considers the relationship of the Company's risk oversight practices to employee compensation. The Compensation Committee believes that the Company's compensation program and policies do not create or encourage excessive risk-taking that is reasonably likely to have a material adverse effect on the Company. Several features in the Company's compensation program and policies mitigate or reduce the likelihood of excessive risk-taking by employees, including the following:

The core principles and compensation program elements discussed above are designed to align compensation goals with stockholder interests

Pay typically consists of a mix of fixed and variable compensation, with the variable compensation designed to reward both short- and long-term corporate performance

The number of shares of our Class A common stock that can be issued upon satisfaction of the performance goals in our PSUs is capped at 200% of target. Approximately 100 key managers and executives, including our named executive officers, are covered by the Company's stock ownership guidelines, which call for ownership of one to six times the individual's base salary in Company stock

The Compensation Committee has the ability to use, and has used, its discretion to reduce payouts under the SEAICP

The funded pool of our SEAICP is capped at 200% of the aggregate of all target bonuses, and individual awards in the plan may not exceed 250% of any individual's target bonus

The SEAICP and agreements for grants of PSUs contain a clawback provision for material restatements of financial results

A significant portion of our executive officers' total direct compensation is in the form of equity-based incentive awards that vest over multiple years. Grants of long-term incentive awards are conditioned on execution by participants of a non-solicitation, non-competition and non-disclosure agreement, and the grant agreements contain a clawback policy for violations of the non-solicitation, non-competition or non-disclosure covenants

Table of Contents**Stock Option Grant Practices**

The Compensation Committee has adopted a policy with respect to equity awards that contains procedures to prevent stock option backdating or other timing issues. Under the policy, the Compensation Committee has exclusive authority to grant equity awards to our named executive officers. The policy provides that annual equity grants to employees will be approved by the Compensation Committee at a meeting prior to March 1 each year, with the dollar amounts for such awards to be set at such meeting and grants to be made effective as of, and with an exercise price reflecting the closing price of our Class A common stock on the NYSE on, March 1 each year. If March 1 falls on a weekend, the exercise price for any stock options granted will be the closing price of the stock on the last business day prior to March 1. Grants of equity awards to new employees or to reflect promotions or other special events may be made at other times in the year. These off-cycle grants are issued using an exercise price that reflects the closing price of the stock on the grant effective date. Under the Company's insider trading policy, named executive officers, other employees with access to material non-public information about the Company and directors are prohibited from engaging in transactions in the Company's securities during blackout periods (other than in accordance with a Rule 10b5-1 trading plan).

Stock Ownership Guidelines; Hedging Prohibition

The Compensation Committee adopted stock ownership guidelines in December 2006 for the purpose of aligning the interests of named executive officers and key employees with the interests of stockholders. The ownership guidelines cover approximately 100 key managers and executives, including the named executive officers. The guidelines call for ownership of one to six times the individual's base salary in Company stock. Under the guidelines, Mr. Banga is expected to hold at least six times his base salary in Company stock, and the other named executive officers are expected to hold at least four times their base salary in Company stock. For purposes of these guidelines, shares of the Company's Class A common stock held directly or indirectly by the named executive officer are included; however, RSUs, PSUs and unexercised stock options held by the named executive officer are excluded. Individuals who are newly hired or promoted are given five years to attain these ownership levels. The guidelines are waived once an executive reaches the age of 62. In general, the Compensation Committee does not consider any previous awards when determining the compensation of the named executive officers. Compliance with the ownership guidelines is reviewed annually. If an executive officer does not meet the stock ownership guidelines described above, the Compensation Committee may direct a larger percentage of the executive officer's future compensation into equity-based compensation.

The Company's Code of Conduct includes various prohibitions against inappropriate trading activities in relation to MasterCard securities. Employees are not permitted to hedge their economic exposure to the Company's stock that they own, meaning that employees may not engage in trading in or writing options; buying puts, calls or other derivative securities; short selling or similar types of transactions in the Company's securities.

Tax Implications Deductibility of Executive Compensation

As part of its role, the Compensation Committee reviews and considers the limitations of the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which requires that public companies meet specific criteria in order to deduct, for federal income tax purposes, compensation over \$1,000,000 paid to the Chief Executive Officer and to each of the three highest compensated executive officers excluding the Chief Executive Officer and the Chief Financial Officer. Compensation paid under the SEAICP, stock options and PSUs awarded as part of our long-term incentive compensation are generally intended to qualify as performance-based and therefore to be fully deductible for federal income tax purposes. The Compensation Committee continues to grant RSUs, which are subject to the deduction limitations under Section 162(m), on a limited basis. The Compensation Committee believes that its primary responsibility is to provide a compensation program that attracts, retains and rewards the executive talent needed for the Company's success. Consequently, as it did in 2012, in any year the Compensation Committee may authorize compensation in excess of \$1,000,000 that is not performance-based under Section 162(m). The Compensation Committee recognizes that the loss of a tax deduction may be unavoidable in these circumstances.

Settlement in 2012 of Previously Granted PSU Awards

Edgar Filing: MASTERCARD INC - Form DEF 14A

In 2012, the Company settled PSU awards granted to named executive officers in 2009. Performance goals for the 2009-2011 performance period for the Company's named executive officers were established by the Compensation Committee in February 2009. The metric that was selected at that time for the funding formula was the average return on equity over the

Table of Contents

3-year performance period. The goals at minimum, target and maximum for the 2009-2011 performance period were as follows:

Measurement	Weighting (%)	Minimum	Target	Maximum	Result
3-year Average ROE	100	10%	15%	20%	45%

Based on the Company's performance as set forth in the chart above, the pre-established maximum average return on equity targets for the 2009-2011 performance period were exceeded so the PSU awards granted in 2009 could have been funded and allocated at the maximum level of 200% of target. However, based on their assessment of performance against various quantitative and qualitative targets included in the 2009, 2010 and 2011 corporate scorecards, the Compensation Committee exercised its discretion and approved payout of the 2009 PSU awards at 143.3% of target.

2013 Compensation Decisions

On February 25, 2013, using the methodology discussed under "Executive Compensation Program Elements", the Compensation Committee approved maintaining the current base salaries for each of our named executive officers in 2013. Additionally, the Compensation Committee approved performance targets for the year ending December 31, 2013 that will be used to determine funding for cash bonus awards that may be paid to named executive officers under the SEAICP. The funding for cash bonus awards for 2013 under the SEAICP will be based on the Company's actual achievement against predetermined net income and net revenue targets. Within that funding, the amount of the payout for each of the SEAICP participants will then be based upon achievement of pre-determined quantitative and qualitative corporate performance goals included on the corporate scorecard. The goals of the corporate scorecard are discussed above under "Executive Compensation Program Elements - Annual Incentive". The Compensation Committee believes that it established meaningful incentives for management with quantitative and qualitative performance goals set forth in the corporate scorecard, where target performance (which the Compensation Committee believed to be reasonably attainable) was established based upon internal budgets, the outlook for the economy, past Company performance and corporate objectives in geographic markets and product offerings. Additionally, as part of its qualitative analysis, the Compensation Committee considers relative performance against competitors in assessing corporate performance for the year. The Compensation Committee set the 2013 annual incentive award opportunities (as a percentage of base salary) under the SEAICP for each of our named executive officers at the same level as 2012. The threshold, target and maximum amounts for each named executive officer are as follows:

Name	Threshold	Target	Maximum
Ajay Banga	75%	150%	375%
Martina Hund-Mejean	50%	100%	250%
Chris A. McWilton	57.5%	115%	287.5%
Gary J. Flood	57.5%	115%	287.5%
Ann Cairns	57.5%	115%	287.5%

Additionally, on March 1, 2013, the Compensation Committee granted the following aggregate dollar amounts of stock options and PSUs under our LTIP to each of our named executive officers:

Name	Stock Options	Performance Stock Units	Total
Ajay Banga	\$4,250,000	\$4,250,000	\$8,500,000
Martina Hund-Mejean	\$1,250,000	\$1,250,000	\$2,500,000
Chris A. McWilton	\$1,100,000	\$1,100,000	\$2,200,000
Gary J. Flood	\$1,150,000	\$1,150,000	\$2,300,000
Ann Cairns	\$1,075,000	\$1,075,000	\$2,150,000

Table of Contents

The stock option awards have an exercise price of \$518.30 per share, which was the closing price of the Company's Class A common stock on the NYSE on March 1, 2013, and vest in four equal annual installments beginning on March 1, 2014. The stock option awards have a term of 10 years.

The number of PSUs awarded was converted from the dollar amount shown above using their grant date fair value which was based on a per share price of \$518.30 and standard valuation procedures, in accordance with GAAP. Named executive officers will not receive dividend equivalents with respect to the PSU awards prior to vesting. Vesting of the shares underlying the PSUs will occur, if at all, on February 29, 2016. The ultimate number of shares to be released on the vesting date will be based on meeting or exceeding average annual return on equity goals and achievement of net revenue, earnings per share, and relative total shareholder return targets determined by the Compensation Committee over the 3-year performance period.

Severance Agreements

The Company has entered into employment agreements with Mr. Banga, Ms. Hund-Mejean and Mr. McWilton, which provide severance under specified circumstances, and has entered into an employment agreement with Ms. Cairns, which provides for notice upon termination. Mr. Flood and Ms. Cairns are each covered by the existing severance and change-in-control plans for key executives.

When making compensation decisions for the named executive officers, the Compensation Committee generally does not consider the potential payments that may be made in the future to the named executive officers in the event of termination of employment or a change in control. The employment agreements provide a general framework for compensation, and generally set minimum levels of compensation, job responsibilities and severance arrangements governing the obligations of the parties following a termination of employment or a change in control of the Company. The potential severance payments to named executive officers with employment agreements were approved as part of the employment agreement with the named executive officer (other than Ms. Cairns' employment agreement, which does not provide for severance) after consideration by the Company of the need to attract key employees, preserve employee morale and encourage retention in the face of a potential disruptive impact of a termination of employment or a change in control of the Company. In addition, the Company believes that the severance payments provide an appropriate incentive for the executive to comply with the non-competition, non-solicitation and non-disclosure restrictions following a termination of employment. Moreover, the benefits provided to the named executive officers in the event of a change in control of the Company are designed to allow the executives to assess takeover bids objectively, without regard to potential impact on them.

For a further discussion of these severance arrangements, refer to the section entitled "Potential Payments Upon Termination or Change-in-Control" that follows this Compensation Discussion and Analysis.

- (1) For Mr. Banga in 2011, and for Ms. Hund-Mejean and Messrs. McWilton and Flood in 2010 and 2011, amount represents profit sharing payment pursuant to the SPP. For Ms. Cairns in 2011, amount represents a signing bonus paid to her in October 2011. For Mr. Banga in 2010, amount represents (a) a pro-rated profit sharing payment pursuant to the SPP and (b) the portion of Mr. Banga's signing bonus of \$2,100,000 paid to him in 2010. Beginning in 2012, the named executive officers were no longer eligible to participate in the SPP.
- (2) Represents the aggregate fair value as of the service inception date of stock-based awards made to each named executive officer. Except for Mr. Banga in 2010, Ms. Hund-Mejean in 2011 and Ms. Cairns in 2011, each amount represents aggregate grant date fair value reported for stock-based awards made with performance conditions. For Ms. Hund-Mejean in 2011 and Mr. Banga in 2010, amount represents aggregate grant date fair value reported for both stock-based awards made with performance conditions and a grant of restricted stock units which were not subject to performance conditions. For Ms. Cairns in 2011, amount represents aggregate grant date fair value for a grant of restricted stock units, which were not subject to performance conditions. Aggregate grant date fair value reported for stock-based awards made with performance conditions are based on target performance, which was the probable outcome of the performance conditions as of the grant date. Assuming maximum performance level were to be achieved with respect to awards with performance conditions, the aggregate grant date fair value of the stock-based awards made with performance conditions granted to each of the named executive officers as of the grant date for 2012 awards are as follows: Mr. Banga \$7,500,471; Ms. Hund-Mejean \$1,800,281; Mr. McWilton \$1,700,219; Mr. Flood \$1,800,281; Ms. Cairns \$1,500,094. Further details with respect to these awards are included in Note 15 (Share Based Payments and Other Benefits) to the Company's audited financial statements for the year ended December 31, 2012 included in the Form 10-K.
- (3) Represents the aggregate grant date fair value of stock option awards computed in accordance with GAAP made to each named executive officer. Further details with respect to these awards are included in Note 15 (Share Based Payments and Other Benefits) to the Company's audited financial statements for the year ended December 31, 2012 included in the Form 10-K.
- (4) Amount represents performance-based incentive compensation paid in March of the next fiscal year but earned by the named executive officers in the year indicated pursuant to the SEAICP.
- (5) See the All Other Compensation in 2012 table following the Summary Compensation Table for information with respect to this amount.
- (6) For Messrs. McWilton and Flood, amounts reflect the actuarial increase in the present value of the named executive officer's benefits under the SERP and the MAP determined using interest rate and mortality rate assumptions consistent with those used in the Company's financial statements and include amounts which the named executive officer may not currently be entitled to receive because such amounts are not vested. Amounts in 2012 reflect: (a) changes to SERP (Mr. McWilton \$697,000) and (b) increases to MAP balances (Mr. McWilton \$14,232; Mr. Flood \$29,927). For Ms. Cairns, amount in 2012 reflects a contribution made by the Company under the MasterCard UK Pension Plan.

Table of Contents**ALL OTHER COMPENSATION IN 2012**

The following table sets forth certain information with respect to the All Other Compensation column of the Summary Compensation Table for 2012 for the named executive officers.

Ajay Banga	\$ 255,371	\$ 90,447	\$ 2,223
Martina Hund-Mejean	\$ 25,000	\$ 48,646	\$ 1,340
Chris A. McWilton	\$ 25,000	\$ 99,495	\$ 1,340
Gary J. Flood	\$ 25,000	\$ 94,693	\$ 1,476
Ann Cairns	\$	\$	\$ 2,404

(1) Amounts represent (a) payment in lieu of perquisites (Mr. Banga \$45,000; Ms. Hund-Mejean and Messrs. McWilton and Flood \$25,000 each), (b) aggregate incremental cost to the Company for personal use of a leased corporate aircraft by Mr. Banga of \$141,847, which is based on the variable costs to the Company for operating the aircraft and includes fuel costs, hourly flight charges, associated taxes and flat fees (generally, costs associated with the personal use of a leased corporate aircraft are not deductible for income tax purposes; Mr. Banga reimburses the Company for his personal travel on the corporate aircraft at the Standard Industry Fare Level, or SIFL, rate); and (c) aggregate incremental cost to the Company of \$68,524 with respect to personal use of a Company-leased car by Mr. Banga, which is based on the allocation between personal and business use (based on mileage), for the cost of lease payments made in 2012, driver compensation, insurance premiums and fuel expense.

(2) Amounts represent (a) matching contributions under the 401(k) matching component of the Savings Plan (Mr. Banga \$18,750; Ms. Hund-Mejean \$18,750; Messrs. McWilton and Flood \$15,000 each); and (b) Company contributions to the Restoration Program (Mr. Banga \$71,697; Ms. Hund-Mejean \$29,896; Mr. McWilton \$84,495; Mr. Flood \$79,693).

(3) Amounts represent 2012 premiums paid by the Company for executive life insurance coverage.

- (1) On February 6, 2012, the Compensation Committee approved grants of stock options and PSUs under the LTIP to the specified named executive officer that were granted on March 1, 2012. The grants of stock options were approved by the Compensation Committee and made in accordance with the Company's policy for grants of stock options. See "Stock Option Grant Practices" in the Compensation Discussion and Analysis that precedes these tables.
- (2) On February 6, 2012, the Compensation Committee established threshold, target, and maximum payouts for all named executive officers under our SEAICP for 2012. Actual payout amounts under the SEAICP for 2012 are included in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table. See "Executive Compensation Program Elements-Annual Incentive" in the Compensation Discussion and Analysis that precedes these tables.
- (3) Represents an award of PSUs granted on March 1, 2012. The PSUs vest in full, if at all, on February 28, 2015. The actual number of shares of Class A common stock to be issued and actual payout value of unearned shares with respect to the PSU awards granted on March 1, 2012 has not been determined and will be determined based on the Company's performance over the three-year period ending December 31, 2014.
- (4) Represents a grant of stock options having a ten-year term and vesting in 25% increments on each of March 1, 2013, 2014, 2015 and 2016.
- (5) Represents, as applicable, the grant date fair value or the fair value as of the service inception date. Further details with respect to these awards are included in Note 15 (Share Based Payments and Other Benefits) to the Company's audited financial statements for the year ended December 31, 2012 included in the Form 10-K. PSUs are reflected at target value.

Table of Contents**OPTION EXERCISES AND STOCK VESTED IN 2012**

The following table sets forth certain information with respect to stock awards that vested for, and stock options which were exercised by, each of our named executive officers during the year ended December 31, 2012.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$) ⁽¹⁾	Number of Shares Acquired on Vesting (#) ⁽²⁾	Value Realized on Vesting (\$) ⁽³⁾
(a)	(b)	(c)	(d)	(e)
Ajay Banga		\$	13,207	\$ 6,066,305
Martina Hund-Mejean	7,500	\$ 1,608,810	4,534	\$ 1,918,653
Chris A. McWilton	1,990	\$ 523,530	4,988	\$ 2,110,772
Gary J. Flood	19,613	\$ 4,713,546	4,534	\$ 1,918,653
Ann Cairns		\$	883	\$ 400,418

(1) The value realized on exercise is calculated as the number of shares acquired upon exercise, multiplied by the difference between the per share market value on the date of exercise (the average of the high and low market price per share of Class A common stock on the NYSE on that date), less the option exercise price paid for the shares of Class A common stock.

(2) For Mr. Banga and Ms. Cairns, represents the number of RSUs that vested during 2012. For the other specified named executive officers, represents the number of PSUs that vested during 2012.

(3) Value realized upon vesting based on the average of the high and low market price per share of Class A common stock on the NYSE on the respective vesting date.

PENSION BENEFITS IN 2012

MAP

The Company maintains the MAP, a tax-qualified defined benefit pension plan, to provide retirement income to all U.S. employees, including the named executive officers, who were participants in the plan on or prior to June 30, 2007. MasterCard eliminated the MAP for all new hires after June 30, 2007 and froze the pay credit level (which is the credited percentage of a MAP participant's eligible compensation) for all existing employees at that date. In addition to the pay credits, a participant's account under the MAP receives investment credits based on the yield on 30-Year Treasury securities.

Under the MAP's cash balance formula, a notional account is established for each participant, to which a percentage of the participant's eligible compensation was credited. In September 2010, pay credit levels were reduced to either 8% or 4% for all participants effective January 1, 2011. Participants whose pay credit level from July 1, 2007 through December 31, 2010 was either 14%, 12% or 10% received an 8% pay credit during 2011. Participants at the 8%, 5.75% or 4.5% pay credit level from July 1, 2007 through December 31, 2010, received a 4% pay credit during 2011. All participants received a 4% pay credit during 2012. Effective January 1, 2013, pay credits to MAP ceased for all participants. MAP participants continue to earn interest credits.

In addition to the pay credit described above, the MAP in effect as of December 31, 2012 provided that participants whose base salary and annual cash bonus exceed the limit under Section 401(a)(17) of the Internal Revenue Code, but do not exceed \$400,000, receive a pay credit with respect to the amount above the Section 401(a)(17) limit, which is determined in the manner described above.

A participant's vested notional account balance under the MAP generally may be paid at any time (subject to restrictions imposed by the Internal Revenue Code) following termination of employment with the Company for any reason, regardless of the age of the participant. At the participant's election, the account balance can be paid as a lump sum or in an annuity form that is approximately the actuarial equivalent of the notional account balance.

SERP

The SERP in effect during 2012 provided that:

In the event of a participant's disability, retirement or termination of employment for any reason other than death, in each case, after attaining age 60 and four years of SERP participation, the SERP pays out a lump sum present value of the net SERP benefit actuarially increased from the date of attainment of age 60 and four years of SERP participation to termination of employment.

In the event a participant dies while employed and after attaining age 60 and at least four years of SERP participation, the SERP pays out a lump sum equal to the present value of an immediate net SERP benefit actuarially increased from the date of attainment of age 60 and four years of SERP participation to termination of employment.

The SERP benefit is generally payable six months after a termination of employment. The SERP was amended, effective January 1, 2008, to conform with Section 409A of the Internal Revenue Code and to make certain other changes. Following a review of the SERP by the Compensation Committee during 2007, the Compensation Committee approved a recommendation in February 2008 to discontinue the SERP. The current participants at that time remain active in the plan and retain their right to receive their vested balance in accordance with the terms of the SERP.

MasterCard UK Pension Plan

The MasterCard UK Pension Plan is a defined contribution retirement scheme for U.K. employees, including Ms. Cairns. For 2012, the plan included employee and employer contributions. Employee contributions are not required and are not eligible for a company match. All participating employees, regardless of whether they contribute to the plan, receive a Company contribution equal to 16% of their pensionable salary (defined as 95% of base salary, less an offset equal to 1.5 times the basic state pension).

Edgar Filing: MASTERCARD INC - Form DEF 14A

The following table shows the present value of accumulated benefits payable, as applicable, to each of our named executive officers, including the number of years of service credited to such named executive officer under the MAP, the SERP and/or the MasterCard UK Pension Plan (as applicable), determined using interest rate and mortality rate assumptions consistent with those used in our financial statements. For the SERP, the pension benefit discount rate used was 3.5%. Information

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

Employment Agreements

MasterCard International is party to an employment agreement with each of the named executive officers, other than Mr. Flood. The employment agreements for Mr. Banga, Ms. Hund-Mejean, Mr. McWilton and Ms. Cairns, as well as the employment arrangement with Mr. Flood, were previously publicly filed by the Company with the SEC.

Mr. Banga

MasterCard International entered into an employment agreement with Mr. Banga on June 16, 2009 (as well as an offer letter on June 15, 2009), pursuant to which he served as the Company and MasterCard International's President and Chief Operating Officer. Pursuant to an offer letter which the Company entered into with Mr. Banga on April 12, 2010, Mr. Banga was appointed as Chief Executive Officer of the Company and MasterCard International, effective July 1, 2010. The offer letter sets forth a summary of modifications to Mr. Banga's then-existing employment agreement, which modifications were also effective as of July 1, 2010. On July 1, 2010, MasterCard International and Mr. Banga entered into an amended and restated employment agreement which is consistent with the terms of the April 12, 2010 offer letter and consolidates the remaining relevant terms of Mr. Banga's initial employment agreement and offer letter.

Term

Under Mr. Banga's agreement, he initially was to be employed for a fixed term through December 31, 2011. The agreement provides for automatic one-year renewals, unless either party gives at least 90-days prior written notice not to renew.

Compensation

During the term of employment, Mr. Banga will:

receive a base salary (which has been increased to \$1 million, effective March 12, 2012), to be reviewed annually by the Compensation Committee and which will be subject to increase at the discretion of the Compensation Committee following review of his performance;

be eligible to participate in such annual and/or long term bonus or incentive plan(s) generally made available to other Executive Committee members, based on performance goals or other criteria, terms and conditions as may be established by MasterCard International; and

be eligible to participate in the Company and MasterCard International's employee compensation and benefit plans and programs generally made available to other Executive Committee members.

Termination of Employment

Pursuant to the agreement, Mr. Banga's employment terminates:

upon his death;

Edgar Filing: MASTERCARD INC - Form DEF 14A

at the option of MasterCard International, upon his disability (as defined under the MasterCard Long-Term Disability Benefits Plan);

upon his termination by MasterCard International for Cause (as defined in the agreement and described below);

upon his termination by MasterCard International without Cause effective 90 days after giving written notice (MasterCard International may, at its option, provide 90 days base salary payable in a lump sum in lieu of such notice period);

at his option upon an event constituting Good Reason (as defined in the agreement and described below) effective 90 days after giving written notice;

upon his voluntary resignation effective 90 days after giving written notice (which notice requirement MasterCard International may waive in whole or in part);

upon either party giving the other 90 days prior written notice of non-renewal (if by MasterCard International, at its option, by providing 90 days base salary payable in a lump sum in lieu of such notice period); or

on the last day of the calendar year in which he attains the age of 65.

Termination Payments

Death. In the event of Mr. Banga's death, his estate or beneficiaries are entitled to receive the following payments in a lump sum within 30 days following the date of termination: (1) base salary earned but not paid through the date of his death; (2) payment for all accrued but unused vacation time; (3) the target annual incentive bonus payable for the year in which his death occurs (if not already paid); and (4) such additional benefits, if any, that he may be entitled to under the Company or MasterCard International's plans and programs on account of death.

Disability. If Mr. Banga's employment is terminated on account of his disability, he will be entitled to the payments set forth above in the event of his death, except that his annual incentive bonus will be pro-rated for the year of his termination and will be based upon the actual performance, rather than the target level of performance, of MasterCard International for the applicable performance period (and taking into account the terms of the then applicable annual incentive bonus plan including, but not limited, to the discretion of the Compensation Committee to reduce such bonus amount) with such amount payable when the incentive bonus is regularly paid to similarly situated employees for such year.

For Cause. If MasterCard International terminates Mr. Banga's employment for Cause, he will be entitled to the payments set forth in items (1) and (2) above in the event of his death and such additional benefits, if any, that he would be entitled to under the Company or MasterCard International's plans and programs on account of termination for Cause. Cause means: (a) the willful failure by Mr. Banga to perform his duties or responsibilities (other than due to disability); (b) Mr. Banga's engaging in serious misconduct that is injurious to the Company including, but not limited to, damage to its reputation or standing in its industry; (c) Mr. Banga's having been convicted of, or entered a plea of guilty or *nolo contendere* to, a crime that constitutes a felony or a crime that constitutes a misdemeanor involving moral turpitude; (d) the material breach by Mr. Banga of any written covenant or agreement with MasterCard International not to disclose any information pertaining to MasterCard International; or (e) the breach by Mr. Banga of the Company's code of conduct, the supplemental code of ethics, any material provision of his employment agreement or any material provision of other specified Company or MasterCard International policies. MasterCard International's notice of termination for Cause must state the date of termination and identify the grounds upon which the termination is based.

Voluntary Resignation or Non-Renewal by Mr. Banga. If Mr. Banga voluntarily resigns other than with Good Reason or provides notice of non-renewal of the agreement, he will be entitled to the payments set forth in items (1) and (2) above in the event of his death and such additional benefits, if any, that he would be entitled to under the Company or MasterCard International's plans and programs on account of his voluntary resignation other than with Good Reason.

Without Cause, With Good Reason or Upon Non-Renewal by MasterCard International. During the term of the agreement (including any renewal thereof) ending on or before December 31, 2014, if Mr. Banga's employment is terminated by MasterCard International (other than for Cause or disability), by him with Good Reason, or upon non-extension of the term of the agreement by MasterCard International, he will be entitled to the following payments:

base salary earned but not paid prior to the date of termination;

accrued but unused vacation time payable within 30 days following the date of termination;

a pro-rata portion of the annual incentive bonus payable for the year in which his termination occurs based upon the actual performance of MasterCard International for the applicable performance period as determined by the Compensation Committee and payable in accordance with the regular bonus pay practices of MasterCard International and, to the extent not already paid, the annual incentive bonus for the year immediately preceding the year in which his date of termination occurs, payable in the amount and at the time it would have been paid per the terms of the then applicable annual incentive bonus plan;

severance payable over 24 months in an amount equal to base salary continuation for 24 months following the date of termination plus an amount equal to two times the average annual incentive bonus received by him with respect to the two years of employment prior to the year of termination, payable on a schedule in accordance with the regular payroll practices of MasterCard International (collectively, the Severance Pay);

Edgar Filing: MASTERCARD INC - Form DEF 14A

payment of the monthly cost of the premium for COBRA medical coverage for the applicable COBRA period (or the severance period if shorter), or if he is eligible for the MasterCard Retiree Health Plan, the full cost of the Retiree Health coverage for the severance pay period and thereafter the retiree contribution levels shall apply;

reasonable outplacement services; and

such additional benefits, if any, that he would be entitled to under the Company or MasterCard International's plans and programs for the above captioned events of termination.

Table of Contents

Good Reason means: (a) the assignment to a position for which Mr. Banga is not qualified or a materially lesser position than the position held by him; (b) a material reduction in annual base salary other than a 10 percent or less reduction, in the aggregate, over the term of employment; (c) the relocation of Mr. Banga's principal place of employment to a location more than 50 miles from his principal place of employment; or (d) the failure by MasterCard International to obtain an agreement from any successor to MasterCard International to assume and agree to perform any employment agreement between Mr. Banga and MasterCard International.

If Mr. Banga's term of employment ends after December 31, 2014 because either his employment is terminated by MasterCard International (other than for Cause or disability), he terminates his employment with Good Reason, or MasterCard International elects not to further extend the term of employment, then the term of employment shall end as of the date of termination and Mr. Banga shall be entitled to only those payments and benefits provided in the first, second, third and seventh bullets above.

Release of Claims. Mr. Banga's right to receive the Severance Pay and certain other payments on account of termination without Cause, with Good Reason or non-renewal is subject to him entering into (without revocation) a separation agreement and release of claims against MasterCard International.

Mandatory Retirement. In the event Mr. Banga's employment ends upon mandatory retirement (that is, the last day of the calendar year in which he attains the age of 65), he will be eligible for the following payments: (1) a lump sum within 30 days following the date of termination base salary earned but not paid prior to the date of termination; (2) a lump sum within 30 days following the date of termination equal to all accrued but unused vacation time; (3) the annual incentive bonus payable for the year in which his termination occurs and the prior year, if not already paid, based upon the actual performance of MasterCard International for the applicable performance period; and (4) such additional vested benefits which he is entitled to following the termination of his employment under the Company or MasterCard International's plans and programs.

Restrictive Covenants

The agreement subjects Mr. Banga to MasterCard International's standard restrictive covenants for executive employees, including confidentiality, non-compete and non-solicit obligations. In addition, in order to be eligible for long-term incentive awards in 2012 and in subsequent years, Mr. Banga signed a separate non-compete agreement which provides for a 12-month period of non-competition and a 24-month period of non-solicitation following termination. In the event of a violation of the non-compete agreement, the agreement provides for Mr. Banga's repayment of specified stock option exercise gains and either other vested equity awards or SEAICP bonuses from the two-year period preceding the violation. Because Mr. Banga has received at least two years of vested equity awards, any repayment under this agreement would come from such awards and not from SEAICP bonuses.

Incentive Awards and Other Benefits.

Mr. Banga is eligible to participate in the SEAICP. This bonus program is based on corporate, business unit and individual performance. His target payout will be 150% (range 0% - 375%) of his base salary. Bonus amounts are based upon an assessment of results against established performance goals. Receipt of any bonus payment is at the discretion of the Compensation Committee.

Mr. Banga is also eligible to participate in the LTIP.

Mr. Banga was eligible to participate in the SPP after one year of employment with MasterCard International. Beginning in 2012, the named executive officers were no longer eligible to participate in the SPP; the Compensation Committee's intent is to reflect the value of the profit sharing payment in long-term incentive awards.

Mr. Banga also participates in MasterCard International's executive perquisite program in accordance with the terms and conditions of such program, as approved by the Compensation Committee. In accordance with MasterCard International's policy for providing perquisite allowances in lieu of specific perquisites, Mr. Banga was provided with a cash allowance of \$45,000 (less lawful deductions) for 2012. The allowance is subject to review on an annual basis by the Compensation Committee, and may be modified or eliminated, based on competitive assessment. Additional perquisites and related benefits received by Mr. Banga in 2012 are described above in the All Other Compensation in 2012 table.

Mr. McWilton and Ms. Hund-Mejean

On December 24, 2012, MasterCard International entered into an amended and restated employment agreement with each of Mr. McWilton and Ms. Hund-Mejean. Pursuant to these agreements, Mr. McWilton serves as President, North America and Ms. Hund-Mejean serves as Chief

Financial Officer.

Term

Each agreement provides for automatic one-year renewals, unless the executive or MasterCard International gives a notice of non-renewal at least 90 days prior to the end of the term.

Compensation

During the term of employment, the executives each will:

receive a base salary, which is subject to increase based on an annual performance review by the Compensation Committee;

be eligible to participate in the annual and/or long term bonus or incentive plans as are generally available to other employees of MasterCard International at the executive's level, based on performance goals or other criteria as may be established by MasterCard International; and

be eligible to participate in the Company and MasterCard International's benefit and perquisite programs generally made available to members of the Executive Committee (excluding the Chief Executive Officer) in accordance with the terms and conditions of such programs.

Termination of Employment

Pursuant to the agreement, the executive's employment terminates: upon death; upon disability (at the option of MasterCard International); upon termination by MasterCard International for Cause (as defined in the agreements and described below); upon voluntary resignation; upon either party giving the other notice of non-renewal; upon termination by MasterCard International without Cause; upon termination by the executive for Good Reason (as defined in the agreements and described below); or on the last day of the calendar year in which the executive attains the age of 65.

Termination Payments

Death. In the event of Mr. McWilton's or Ms. Hund-Mejean's death, his or her estate and/or beneficiaries are entitled to receive the following payments: (1) base salary earned but not paid through the date of the executive's death; (2) payment for all accrued but unused vacation time; (3) the target annual incentive bonus payable for the year in which death occurs, and the prior year if not already paid; and (4) such additional benefits, if any, the executive may be entitled to under the Company or MasterCard International's plans and programs on account of death.

Disability. In the event of Mr. McWilton's or Ms. Hund-Mejean's termination of employment on account of disability, the executive will receive the same payments as noted above in the event of his or her death except that the executive's target annual incentive bonus will be pro-rated for the year of his or her termination.

For Cause. If MasterCard International terminates the executive's employment for Cause, he or she will be entitled to: (1) a payment with respect to base salary earned but not paid through the date of his or her termination, (2) payment for all accrued but unused vacation time and (3) additional benefits, if any that the executive would be entitled to under the Company or MasterCard International's plans and programs on account of termination for Cause. The agreements define Cause to generally mean: (a) the willful failure by the executive to perform his or her duties or responsibilities (other than due to disability); (b) engaging in serious misconduct that is injurious to MasterCard International, including, but not limited to, damage to its reputation or standing in its industry; (c) having been convicted of, or entered a plea of guilty or *nolo contendere* to, a crime that constitutes a felony or a crime that constitutes a misdemeanor involving moral turpitude; (d) the material breach of any written covenant or agreement with MasterCard International not to disclose any information pertaining to the Company or MasterCard International; or (e) the breach of the Company's Code of Conduct, the Supplemental Code of Ethics, any material provision of the employment agreement or any material provision of specified Company or MasterCard International policies.

Voluntary Resignation or Non Renewal by Executive. If Mr. McWilton or Ms. Hund-Mejean voluntarily resigns other than with Good Reason or provides notice of non-renewal of the agreement, the executive will receive the same payments of unpaid base salary and accrued but unused vacation time noted above and such additional benefits, if any that such executive would be entitled to under the Company's or MasterCard International's plans and programs on account of his or her voluntary termination other than with Good Reason.

Edgar Filing: MASTERCARD INC - Form DEF 14A

Without Cause, With Good Reason or Upon Non-Renewal by MasterCard International. In the event of the executive's termination by MasterCard International without Cause, by the executive with Good Reason, or upon non-renewal of the executive's employment agreement by MasterCard International, he or she will be entitled to:

base salary earned but not paid prior to the date of termination;

accrued but unused vacation time;

Table of Contents

a pro-rata portion of the annual incentive bonus payable for the year in which the executive's termination occurs based upon the actual performance of MasterCard International for the applicable performance period and payable in accordance with the regular bonus pay practices of MasterCard International and, to the extent not already paid, the annual incentive bonus for the year immediately preceding the year in which the executive's date of termination occurs, payable in the amount and at the time it would have been paid had the executive remained employed;

severance payable over 24 months in an amount equal to base salary continuation for 24 months following the date of termination plus an amount equal to two times the average annual bonus earned by the executive with respect to the two years of employment prior to the year of termination, payable in accordance with the annual incentive pay practices of MasterCard International;

payment of the monthly cost of the premium for COBRA medical coverage for the applicable COBRA period (or 24 months if shorter), or if he or she is eligible for the MasterCard Retiree Health Plan, the full cost of the retiree health coverage for 24 months and thereafter the retiree contribution levels shall apply;

outplacement services for the shorter of 24 months or the period of unemployment;

for Mr. McWilton, full and immediate vesting under the SERP;

for Mr. McWilton, be treated as if such termination were a retirement for awards outstanding under the LTIP (but only if the termination is before November 18, 2013); and

such additional benefits, if any that the executive would be entitled to under the Company or MasterCard International's plans and programs for the above captioned events of termination.

Good Reason for this purpose generally means: (a) the assignment to a position for which the executive is not qualified or a materially lesser position than the position held by the executive; (b) a material reduction in the executive's annual base salary other than a 10 percent or less reduction, in the aggregate, over the term of employment; (c) the relocation of the executive's principal place of employment by more than 50 miles; or (d) the failure by MasterCard International to obtain an agreement from any successor to MasterCard International to assume and agree to perform any employment agreement between the executive and MasterCard International.

Mandatory Retirement. In the event Mr. McWilton's or Ms. Hund-Mejean's employment ends upon mandatory retirement (that is, the last day of the calendar year in which he or she attains the age of 65), he or she will be entitled to: (1) a lump sum within 30 days following the date of termination of all base salary earned but not paid prior to the date of termination; (2) a lump sum within 30 days following the date of termination equal to all accrued but unused vacation time; (3) a pro-rata portion of the annual incentive bonus payable for the year in which his or her termination occurs and the prior year, if not already paid, based upon the actual performance of MasterCard International for the applicable performance period and payable in accordance with the regular bonus pay practices of MasterCard International; and (4) such additional vested benefits which he or she is expressly entitled following the termination of his or her employment under the Company or MasterCard International's plans and programs.

Tax Gross-Up Payments, Release of Claims and Restrictive Covenants

Mr. McWilton's and Ms. Hund-Mejean's employment agreements also contain provision for tax gross-up payments in connection with golden parachute excise taxes. Mr. McWilton's and Ms. Hund-Mejean's right to receive a gross-up payment or specified payments on account of termination without Cause, with Good Reason or non-renewal is subject to entering into a separation agreement and release of claims against MasterCard International. Also, each agreement contains several covenants regarding confidentiality, non-competition, and non-solicitation of MasterCard International's employees, customers or suppliers. In addition, in order to be eligible for long-term incentive awards in subsequent years, each of Mr. McWilton and Ms. Hund-Mejean signed a separate non-compete agreement which provides for a 12-month period of non-competition and a 24-month period of non-solicitation following termination. In the event of a violation of the non-compete agreement, the agreement provides for Mr. McWilton's and Ms. Hund-Mejean's repayment of specified stock option exercise gains and either other vested equity awards or SEAICP bonuses from the two-year period preceding the violation. Because Mr. McWilton and Ms. Hund-Mejean each have received

at least two years of vested equity awards, any repayment under this agreement would come from such awards and not from SEAICP bonuses.

Mr. Flood and Ms. Cairns

Mr. Flood serves as President, Global Products and Solutions of MasterCard International pursuant to an employment arrangement with MasterCard International. On July 6, 2011, a subsidiary of MasterCard International, MasterCard UK Management Services Limited (MasterCard UK), entered into an employment agreement with Ms. Cairns pursuant to which she serves as President, International Markets of MasterCard International. Ms. Cairns commenced employment on August 22, 2011.

Term

Both Mr. Flood and Ms. Cairns are employed at will by MasterCard International and MasterCard UK, respectively.

Under her agreement, Ms. Cairns is employed by MasterCard UK for an indefinite term (but not past her 65th birthday), subject to termination by her on six months notice or by MasterCard UK on the longer of six months or the statutory notice period. However, MasterCard UK may elect, in lieu of providing notice, to pay Ms. Cairns her base salary and the value of any other contractual benefits she would have otherwise received during the notice period. In addition, MasterCard UK may terminate Ms. Cairns' employment at any time without notice in the event that she engages in gross misconduct. Examples of gross misconduct include, but are not limited to, theft, damage to company property, fraud, conviction of certain crimes, incapacity for work due to being under the influence of alcohol or illegal drugs, the loading onto the company hardware of unlicensed or illegal software, deliberate breach of the company's policy on the use of computer systems and software, physical assault, gross insubordination, unauthorized use or disclosure of confidential information, repeated material breach by Ms. Cairns of her obligations to MasterCard UK, personal bankruptcy and mental disability as a patient under the UK Mental Health Act of 1983.

Compensation

Mr. Flood receives a base salary and is eligible to participate in the LTIP and in the Company or MasterCard International's employee compensation and benefit programs as may be generally made available to other employees of the Company or MasterCard International at the executive's level, including the SEAICP.

Pursuant to Ms. Cairns' employment agreement and an offer letter dated as of June 15, 2011, she:

receives a base salary of British pounds (£) 375,000 per year, which is subject to review annually;

is eligible to participate in the SEAICP;

is eligible to participate in the LTIP, in 2011 received a restricted stock unit grant thereunder in the amount of \$1,250,000 (vesting 25% on the first anniversary of the grant date, 25% on the second anniversary and the final 50% vesting on the third anniversary), and in 2012 received a grant of approximately \$1,500,000, consisting of stock options and PSUs;

is eligible to participate in a core package of benefits, including life insurance, long term disability insurance, healthcare insurance, personal accident insurance and pension arrangements in accordance with the terms of such plans and, where applicable, UK Inland Revenue requirements; and

is eligible to participate in the MasterCard UK Flexible Benefits Plan and MasterCard UK Pension Plan.

Cash amounts received by Ms. Cairns pursuant to her agreement are paid in British pounds. In calculating the U.S. dollar equivalent for amounts that are not denominated in U.S. dollars, the Company converts each payment to Ms. Cairns into U.S. dollars based on an average exchange rate as of the first business day for each month during the applicable year. The average exchange rate for 2012 was 1.58713 British pounds per U.S. dollar.

Termination of Employment

Edgar Filing: MASTERCARD INC - Form DEF 14A

Upon termination of employment, Mr. Flood or Ms. Cairns, as applicable, will receive payments pursuant to either the MasterCard International Incorporated Executive Severance Plan (the Executive Severance Plan) or the MasterCard International Incorporated Change in Control Severance Plan (the CIC Plan).

Termination Payments

Death. In the event of Mr. Flood or Ms. Cairns' death, his or her estate and/or beneficiaries are entitled to a lump sum payment within 30 days following the date of termination of: (1) base salary earned but not paid through the date of his or her death; (2) payment for all accrued but unused vacation time; (3) the target annual incentive bonus payable for the year in which death occurs, and the prior year if not already paid; and (4) such additional benefits, if any, he or she may be entitled to under MasterCard International's plans and programs on account of death.

Table of Contents

Disability. In the event of Mr. Flood or Ms. Cairns' termination of employment on account of disability, he or she will be entitled to receive the same payments as noted above in the event of his or her death, except that his or her target annual incentive bonus will be pro-rated for the year of his or her termination.

For Cause or Voluntary Resignation. If MasterCard International terminates Mr. Flood or Ms. Cairns' employment for Cause (as defined in the Executive Severance Plan and described below) or he or she voluntarily resigns other than with Good Reason, he or she will be entitled to, within 30 days of the date of termination: (1) a payment with respect to base salary earned but not paid through the date of his or her termination, (2) payment for all accrued but unused vacation time and (3) additional benefits, if any, that he or she would be entitled to under MasterCard International's plans and programs on account of termination for Cause or his or her voluntary resignation other than with Good Reason.

Without Cause or With Good Reason. In the event of Mr. Flood's or Ms. Cairns' termination by MasterCard International without Cause or by such executive with Good Reason (as defined in the Executive Severance Plan and described below), he or she will be entitled to (in addition to any severance payments described below): (1) a lump sum within 30 days following the date of termination of all base salary earned but not paid prior to the date of termination; (2) a lump sum within 30 days following the date of termination equal to all accrued but unused vacation time; and (3) a pro-rata portion of the annual incentive bonus payable for the year in which his or her termination occurs and the prior year, if not already paid, based upon the actual performance of MasterCard International for the applicable performance period as determined by the Compensation Committee and payable in accordance with the regular bonus pay practices of MasterCard International.

Mandatory Retirement. In the event Mr. Flood's or Ms. Cairns' employment ends upon mandatory retirement (that is, for Mr. Flood the last day of the calendar year in which he attains the age of 65, and for Ms. Cairns the date on which she attains the age of 65), he or she will be entitled to receive the same payments as noted above in the event of his or her death, except that such executive's annual incentive bonus will be pro-rated for the year in which his or her termination occurs, and will be based upon the actual performance of MasterCard International for the applicable performance period (and taking into account the terms of the annual incentive plan, including but not limited to the discretion of the Compensation Committee to reduce the bonus amount).

Severance Payments Under the Executive Severance Plan. In addition to any payments described above, in the event of Mr. Flood or Ms. Cairns' termination either by MasterCard International without Cause or the executive for Good Reason, and in each case unless otherwise disqualified as described below, Mr. Flood or Ms. Cairns' will be entitled to:

base salary continuation for 18 months (and, in MasterCard International's sole discretion, up to an additional six months) following the date of termination;

an amount equal to 1.5 times the annual incentive bonus paid to the executive for the year prior to the year during which termination occurs, payable ratably over an 18-month period in accordance with the annual incentive bonus pay practices of MasterCard International (or, at MasterCard International's discretion, an amount equal to up to two times the bonus for the prior year, payable over up to 24 months);

payment of the monthly cost of the premium for COBRA medical coverage for the applicable COBRA period, or 18 months if shorter, or if the executive is eligible for the MasterCard Retiree Health Plan, the full cost of the retiree health coverage for 18 months, and thereafter the retiree contribution levels shall apply (premiums for COBRA medical coverage are not applicable for Ms. Cairns);

reasonable outplacement services for the shorter of 18 months or the period of unemployment; and

such additional benefits, if any, that Mr. Flood or Ms. Cairns would be entitled to under MasterCard International's plans and programs for the above captioned events of termination (other than any severance payments payable under the terms of any benefit plan).

Under the Executive Severance Plan, Mr. Flood and Ms. Cairns are only entitled to receive severance payments in the events described above, and would not be entitled to receive such severance payments in the event of termination of employment with MasterCard International due to (1) death, (2) disability, (3) voluntary resignation for any reason other than for Good Reason or mandatory retirement or (4) termination for Cause, or in the event that he or she fails to give notice of termination for Good Reason within 60 days of the events constituting Good Reason.

Edgar Filing: MASTERCARD INC - Form DEF 14A

MasterCard International's obligation to make the severance payments described in the first four bullets above is conditioned upon Mr. Flood's and Ms. Cairns' execution of a separation agreement and release, within 60 days following the date of termination, of all claims related to his or her employment or the termination of such employment. Such an agreement would include non-competition and non-solicitation restrictions for an 18-month period (or for the length of the severance payments, if longer as described above).

Table of Contents

CIC Payments Under the CIC Plan. In the event that, within six months preceding or two years following a Change-in-Control, or CIC (as determined in the CIC Plan and as described below), Mr. Flood or Ms. Cairns either: (1) is terminated by MasterCard International or MasterCard International's successor without Cause (as defined in the CIC Plan and described below) or (2) terminates his or her employment with MasterCard International or MasterCard International's successor for Good Reason (as defined in the CIC Plan and described below), and in each case unless otherwise ineligible as described below, the executive will be entitled to:

a lump sum within 30 days following the date of termination of all base salary earned but not paid prior to the date of termination;

a lump sum within 30 days following the date of termination equal to all accrued but unused vacation time;

a pro-rata portion of the annual incentive bonus payable for the year in which the executive's termination occurs and the prior year, if not already paid, based upon the actual performance of MasterCard International for the applicable performance period as determined by the Compensation Committee and payable in accordance with the regular bonus pay practices of MasterCard International;

base salary continuation for 24 months following the date of termination;

annual bonus payments following the date of termination with the aggregate bonus amount for the executive equivalent to the average annual bonus received by the executive with respect to the prior two years of employment, payable ratably over a 24-month period in accordance with the regular payroll practices and annual incentive bonus pay practices of MasterCard International;

payment of the monthly cost of the premium for COBRA medical coverage for the applicable COBRA period or 24 months if shorter, or if the executive is eligible for the MasterCard Retiree Health Plan, the full cost of the retiree health coverage for 24 months and thereafter the retiree contribution levels shall apply (premiums for COBRA medical coverage are not applicable for Ms. Cairns);

reasonable outplacement services for the shorter of 24 months or the period of unemployment; and

such additional benefits, if any that the executive would be entitled to under MasterCard International's plans and programs for the above captioned events of termination (other than any severance payments payable under the terms of any benefit plan).

Mr. Flood and Ms. Cairns are only entitled to receive Change-in-Control payments in the events described above, and would not be entitled to receive such payments in the event of termination of employment with MasterCard International or MasterCard International's successor due to: (1) death, (2) disability, (3) voluntary resignation for any reason other than for Good Reason or (4) termination for Cause at any time preceding or following a Change-in-Control, or in the event that the executive fails to give notice of termination for Good Reason within 60 days of the events constituting Good Reason. The CIC Plan expressly provides that a Change-in-Control alone, without a related termination of employment, will in no event give rise to any Change-in-Control payments or benefits under the CIC Plan.

MasterCard International's obligation to make the Change-in-Control payments described above in the fourth through seventh bullets above is conditioned upon Mr. Flood's and Ms. Cairns' execution of a separation agreement and release, within 60 days following the date of termination, of all claims to his or her employment or the termination of such employment, which would include a two-year non-competition restriction and a two-year non-solicitation restriction.

Particular Definitions in Executive Severance Plan or CIC Plan

Each of the Executive Severance Plan and the CIC Plan defines Cause to generally mean: (a) the willful failure by the executive to perform his or her duties or responsibilities (other than due to disability); (b) engaging in serious misconduct that is injurious to MasterCard International including, but not limited to, damage to its reputation or standing in its industry; (c) having been convicted of, or entered a plea of guilty or *nolo*

contendere to, a crime that constitutes a felony or a crime that constitutes a misdemeanor involving moral turpitude; (d) the material breach of any written covenant or agreement with MasterCard International not to disclose any information pertaining to MasterCard International; or (e) the breach of MasterCard International's Code of Conduct, the Supplemental Code of Ethics or any material provision of specified MasterCard International policies.

Change-in-Control for purposes of the CIC Plan has the meaning as set forth in the LTIP. Accordingly, it generally means the occurrence of any of the following events (other than by means of a public offering of MasterCard Incorporated's equity securities):

Table of Contents

- (a) The acquisition by any person of beneficial ownership of more than 30 percent of the voting power of the then outstanding equity securities of the Company (the Outstanding Registrant Voting Securities), subject to specified exceptions; or
- (b) A change in the composition of the Board of Directors of the Company that causes less than a majority of the directors of the Company then in office to be members of the Board, subject to specified exceptions; or
- (c) Consummation of a reorganization, merger, or consolidation or sale or other disposition of all or substantially all of the assets of the Company or the purchase of assets or stock of another entity (a Business Combination), in each case, unless immediately following such Business Combination, (1) all or substantially all of the persons who were the beneficial owners of the outstanding registrant voting securities immediately prior to such Business Combination will beneficially own more than 50 percent of the then outstanding voting power of the then outstanding voting securities entitled to vote generally in the election of directors of the entity resulting from such Business Combination in substantially the same proportions as their ownership, immediately prior to such Business Combination of the outstanding registrant voting securities, (2) no person will beneficially own more than a majority of the voting power of the then outstanding voting securities of such entity except to the extent that such ownership of the Company existed prior to the Business Combination, and (3) at least a majority of the members of the board of directors of the entity resulting from such Business Combination will have been members of the incumbent Board of the Company at the time of the initial agreement, or action of the Board of the Company, providing for such Business Combination; or
- (d) Approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

Good Reason for the purpose of each of the Executive Severance Plan and the CIC Plan generally means: (a) the assignment to a position for which the executive is not qualified or a materially lesser position than the position held by the executive; (b) a material reduction in the executive's annual base salary other than a 10 percent or less reduction, in the aggregate, over the term of employment; or (c) the relocation of the executive's principal place of employment by more than 50 miles.

Restrictive Agreements

In addition to agreements Mr. Flood and Ms. Cairns would enter in order to be eligible to receive the payments described above, each of them has entered into an agreement providing for restrictions with respect to non-competition and non-solicitation of the employees, customers or suppliers of MasterCard International or MasterCard UK, as the case may be, for 12 months in the case of Mr. Flood and six months in the case of Ms. Cairns, following termination. In addition, in order to be eligible for long-term incentive awards in subsequent years, each of Mr. Flood and Ms. Cairns signed a separate non-compete agreement which provides for repayment of certain compensation in the event of a violation of such non-compete agreement. In Mr. Flood's case, the agreement provides for a 12-month period of non-competition and a 24-month period of non-solicitation following termination, while in Ms. Cairns' case, the agreement provides for a 12-month period of non-competition and an 18-month period of non-solicitation following termination. In the event of a violation of such non-compete agreement, the agreement provides for Mr. Flood's and Ms. Cairns' repayment of certain stock option exercise gains and either other vested equity awards or SEAICP bonuses from the two-year period preceding the violation. Because Mr. Flood has received at least two years of vested equity awards, any repayment under his agreement would come from such awards and not from SEAICP bonuses.

Potential Payments Tables

Below are tables showing the potential payments upon termination of employment or a change in control of the Company for each of the named executive officers assuming the event took place on December 31, 2012, the last business day of our 2012 fiscal year. Following the tables are footnotes that provide additional information with respect to other potential payments and benefits.

In the tables, the equity awards shown for the named executive officer represent the value of unvested RSUs and stock options that would vest in the event of termination or change in control, as applicable, based on the \$491.28 per share closing price of our Class A common stock on the NYSE on December 31, 2012. In the event of termination by the Company without cause or by the executive with good reason in connection with a change in control, all unvested RSUs and stock options held by a named executive officer would immediately become vested. Except for Mr. McWilton, if a named executive officer who is retirement-eligible is terminated without cause or terminates his employment for good reason (other than in connection with a change in control), all unvested RSUs and stock options would vest according to the terms of the award. Mr. McWilton would be treated as retirement-eligible for purposes of the LTIP so long as the termination without cause occurs before November 18, 2013. If a named executive officer who is not retirement-eligible is terminated without cause or

Table of Contents

terminates his employment for good reason (other than in connection with a change in control), all unvested RSUs and stock options would not become vested.

In the event of a change in control, the PSUs would continue to vest in accordance with the terms of the grant to the extent the achievement of the relevant performance goals could continue to be measured subsequent to the change in control. To the extent achievement of the relevant performance goals could no longer be measured, all of the named executive officer's unvested PSUs would vest in accordance with the terms of such grants on February 29, 2012, February 28, 2013 and February 28, 2014, respectively, conditioned upon the named executive officer's continued employment with the Company, as of those dates, and would be paid at a target level of performance. In the event that, within six months preceding, or two years following, a change in control, the named executive officer is terminated without cause or with good reason, all of the named executive officer's then unvested PSUs would vest immediately and be payable at a target level of performance, conditioned upon the named executive officer's compliance with his or her non-competition and non-solicitation agreement.

Retirement benefits indicated below include values from the MAP and SERP.

MAP

The MAP values represent the vested notional account balance at the time of termination due to death, termination for cause, voluntary termination, termination without cause, termination for good reason and change in control termination. Because the MAP allows a period of disability to be included in the calculation of vesting service, the MAP value shown for disability termination is the MAP balance regardless of current vested status.

SERP

The SERP in effect during 2012 provided that upon a participant's termination of employment prior to attaining age 60 and at least four years of SERP participation, the participant is not entitled to any benefit under the SERP, unless the participant died while employed or there has been a change in control. (Additionally, the SERP benefit vests upon the participant's termination without cause or for good reason, if such vesting is provided for in the participant's employment agreement.) Accordingly, in the event a participant dies while employed and prior to attaining age 60 and four years of SERP participation, the SERP pays out a lump sum present value of 75% of a deferred net SERP benefit payable at age 60. In the event a participant's employment is terminated without cause or the participant resigns for good reason within two years after a change in control, the SERP benefit is fully vested and paid as a lump sum determined in the same manner as in a termination of employment due to death, except that 100% of the net SERP benefit is paid if the change in control occurs before attainment of age 60.

MasterCard UK Pension Plan

The MasterCard UK Pension Plan is a defined contribution retirement scheme for U.K. employees, including Ms. Cairns. For 2012, the plan included employee and employer contributions. Employee contributions are not required and are not eligible for a company match. All participating employees, regardless of whether they contribute to the plan, receive a Company contribution equal to 16% of their pensionable salary (defined as 95% of base salary, less an offset equal to 1.5 times the basic state pension).

For additional information on the MAP, the SERP and the MasterCard UK Pension Plan, please refer to the Compensation and Discussion and Analysis under the heading "Other Benefits" and to the section entitled "Pension Benefits in 2012."

- (1) For each of Mr. Banga, Ms. Hund-Mejean and Mr. McWilton, the amount would be paid over a 24-month period and is equal to two times the sum of his or her 2012 base salary and a two year average of bonus paid for services in 2010 and 2011, whether the termination was in connection with a change in control or not. Ms. Hund-Mejean's cash severance reflects a reduction so that the amount is below the limit under Section 280G of the Internal Revenue Code. For Ms. Hund-Mejean, in the event of termination without cause or for good reason without a change in control, the amount would be paid over a 24-month period and is equal to two times the sum of her 2012 base salary and the average of bonus paid to her for services in 2010 and 2011. The cash severance amount would be \$2,856,064 for Ms. Hund-Mejean without a reduction for the limit under Section 280G of the Internal Revenue Code. For Mr. Flood, the amount payable in connection with a change in control would be paid over a 24-month period and is equal to two times the sum of his 2012 base salary and the average of bonus paid to him for services in 2010 and 2011. For Mr. Flood, in the event of termination without cause or for good reason without a change in control, the amount would be paid over an 18-month period and is equal to 1.5 times the sum of his 2012 base salary and the bonus paid to him for services in 2011. The cash severance amount would be \$2,440,986 for Mr. Flood. For Ms. Cairns, the amount payable in connection with a change in control would be paid over a 24-month period and is equal to two times the sum of her 2012 base salary and the bonus paid to her for services in 2011 (in lieu of an average bonus for the prior two years since she was not employed by the Company in 2010). For Ms. Cairns, in the event of termination without cause or for good reason without a change in control, the amount would be paid over an 18-month period and is equal to 1.5 times the sum of her 2012 base salary and the bonus paid to her for services in 2011. The cash severance amount would be \$1,493,649 for Ms. Cairns. For all named executive officers, cash severance reflects the present value of this calculation using discount rate of 0.29%, equal to 120% of the semiannual applicable federal rates for December 2012.
- (2) For the unvested equity in the "Without Cause / With Good Reason" column, assumes termination occurs within either six months prior to or two years following a change in control of the Company. In the event that termination does not occur within either six months prior to, or two years following, a change in control of the Company, the values for the named executive officers who are not retirement-eligible or deemed retirement-eligible would be zero. For the PSUs in the "Change in Control" column, the amount reflects a change in control of the Company in which the Company thereafter is unable to assess the Company's performance against the specified objectives. Accordingly, consistent with the terms of the PSU awards, the amounts represented in the "Change in Control" column represent target level of performance. For the PSUs in the "Disability" column, the amount reflects the performance level at which the Company accrued the PSUs in its 2012 year-end financial statements based on the Company's assessment of its obligations based on quantitative and qualitative considerations of actual and forecasted results as compared to performance targets for net income and operating margin improvement (with respect to the awards granted in 2010, 2011 and 2012). Further details with respect to these awards are included in Note 15 (Share Based Payments and Other Benefits) to the Company's audited financial statements for the year ended December 31, 2012 included in the Form 10-K.
- (3) Includes continued health and welfare benefits, namely: health coverage, dental coverage, vision coverage, individual life insurance and individual disability insurance for 18 months following termination, outplacement assistance and, with respect to Ms. Hund-Mejean and Mr. McWilton, excise tax gross-ups. The excise tax gross-up is applicable only if termination of employment is in connection with a change in control and the payout limit under Section 280G of the Internal Revenue Code is exceeded.
- (4) For Mr. McWilton, the SERP amount differs from the amount indicated in the Pension Benefits in 2012 table due to modified actuarial assumptions (the 2012 lump sum interest rates for termination due to a change in control event versus the assumed valuation rate and pre-commencement discount rate used in the Pension Benefits in 2012 table).

Table of Contents**EQUITY COMPENSATION PLAN INFORMATION**

The table below presents information as of December 31, 2012 for the LTIP and the Director Plan, both of which previously have been approved by stockholders. MasterCard does not have any equity compensation plans that have not been approved by stockholders.

Total	1,357,421 ⁽¹⁾⁽²⁾		6,687,694

- (1) The LTIP authorizes the issuance of stock options, restricted stock, RSUs, PSUs and other stock-based awards and the Director Plan authorizes the issuance of DSUs and other awards provided for by the LTIP, such as restricted stock. Of the total number of shares, (a) 641,465 shares may be issued pursuant to outstanding stock options; (b) 545,569 shares may be issued pursuant to outstanding RSUs; (c) 152,169 shares may be issued pursuant to outstanding PSUs (see footnote (2) below); and (d) 18,218 shares may be issued pursuant to outstanding DSUs.
- (2) The number of shares to be issued pursuant to outstanding PSUs represents the aggregate number of PSUs granted in each of 2010, 2011 and 2012, corresponding to the number of shares of our Class A common stock that (a) for 2010, were issued pursuant to an actual performance level of 138.3% and (b) for 2011 and 2012, would be issued for such PSUs at maximum performance level of 200% because actual performance through December 31, 2012 was either at maximum level or between target and maximum levels for each of these awards. As of December 31, 2012, the actual number of PSUs and actual payout of unearned shares with respect to the PSU awards granted in 2010 had not been determined, but were determined in February 2013 (after audited financials for the prior year were released) at the actual performance level of 138.3% based on the Company's performance over the three-year performance period ended December 31, 2012. The actual number of PSUs granted in each of 2011 and 2012 has not been determined and will be determined based on the Company's performance over the three-year performance periods ending December 31, 2013 and December 31, 2014, respectively.
- (3) The weighted-average exercise price of outstanding options, warrants and rights exclude the RSUs, PSUs and DSUs.

PROPOSAL 2

ADVISORY APPROVAL OF THE COMPANY'S

EXECUTIVE COMPENSATION

In accordance with Section 14A of the Exchange Act (enacted by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010) and SEC rules, we are asking stockholders to approve an advisory (non-binding) resolution on the compensation of our named executive officers.

As described in detail in the Compensation Discussion and Analysis section, our compensation and benefit programs are significantly performance-based, and are designed to attract, retain and motivate our named executive officers, who are critical to our success, and to align their interests with those of our stockholders.

The Compensation Committee routinely reviews the compensation and benefit programs for our named executive officers to ensure that they achieve the desired goals of closely aligning our executive compensation with performance and with our stockholders' interests. These reviews have resulted in a number of changes over the last several years, in particular since our IPO. Stockholders are urged to read the Compensation Discussion and Analysis beginning on page 38 and ending on page 52 for additional details about our executive compensation programs, including information about the 2012 compensation of our named executive officers. Please also refer to the 2012 Summary Compensation Table and other related disclosures beginning on page 54 and ending on page 55.

We are asking Class A Stockholders to indicate their support for our named executive officer compensation as described in this Proxy Statement. This proposal, commonly known as a "say-on-pay" proposal, gives stockholders the opportunity to endorse or not endorse our executive compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we are asking Class A Stockholders to vote FOR the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in this Proxy Statement pursuant to the SEC rules, including the Compensation Discussion and Analysis, compensation tables and any related narrative discussion, is hereby approved.

Because this vote is advisory, it will not be binding on the Company, the Compensation Committee or the Board. However, the Board and the Compensation Committee value the opinions of our stockholders and will review and consider the voting results when considering our executive compensation program.

Our Board has determined to hold annual say-on-pay advisory votes. Unless the Board determines otherwise, the next say-on-pay advisory vote will be held at our 2014 annual meeting of stockholders.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT CLASS A STOCKHOLDERS VOTE FOR THE
ADVISORY APPROVAL OF OUR EXECUTIVE COMPENSATION AS DISCLOSED IN THIS PROXY STATEMENT.**

PROPOSAL 3

RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2013

The Audit Committee has appointed PwC, 300 Madison Avenue, New York, New York 10017, as the Company's independent registered public accounting firm to audit the financial statements of MasterCard Incorporated and its subsidiaries for the year ending December 31, 2013. PwC has served as our independent auditor for many years. The firm is a registered public accounting firm.

A resolution will be presented at the Annual Meeting to ratify PwC's appointment. Although ratification is not required by applicable laws, our amended and restated by-laws or otherwise, the Board is submitting the selection of PwC to our stockholders for ratification because we value our stockholders' views on the Company's independent registered public accounting firm. If the stockholders do not ratify the appointment of PwC, the selection of the independent registered public accounting firm will be reconsidered by the Audit Committee. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

A representative of PwC will be present at the Annual Meeting and will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT CLASS A STOCKHOLDERS VOTE FOR RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2013.

Table of Contents**AUDITOR'S SERVICES AND FEES****Audit Committee Pre-Approval of Audit and Non-Audit Services**

The Audit Committee and the Company have adopted policies and procedures pertaining to the provision by the Company's independent registered public accounting firm of any audit or non-audit services. The policies and procedures in place for 2011 and 2012 specifically required Audit Committee pre-approval of all audit and non-audit services. In addition, proposed services of the independent registered public accounting firm materially exceeding any pre-approved project scope, terms and conditions, or cost levels required specific pre-approval by the Audit Committee. The Audit Committee delegated power to the Chairperson of the Audit Committee to pre-approve, in certain circumstances, any engagements or changes in engagements by the independent registered public accounting firm for audit or non-audit services. The Company paid no fees to its independent registered public accounting firm in 2012 in connection with engagements that were not pre-approved by the Audit Committee or the Audit Committee Chairperson in accordance with the Company's policies and procedures. To help ensure the independence of the Company's independent registered public accounting firm, the Company has also adopted policies and procedures relating to, among other things, the engagement of the independent registered public accounting firm and the hiring of employees of the independent registered public accounting firm.

Prospectively, the Audit Committee, when applicable, will pre-approve certain defined audit fees, audit related fees and tax fees with specific dollar value limits for each category of service. The Audit Committee will also continue to consider on a case-by-case basis specific engagements that are not otherwise pre-approved or that exceed pre-approved fee amounts. On an interim basis, any proposed engagement that does not fit within the definition of a pre-approved service may be presented to the Audit Committee Chairperson and to the full Audit Committee at its next regular meeting.

Audit Fees and All Other Fees

Set forth below are the aggregate audit and non-audit fees billed to the Company by PwC for 2012 and 2011.

Type of Fees	Description	2012	2011
Audit Fees	For the integrated audit of the Company's annual consolidated financial statements and review of the Company's quarterly financial statements and associated out-of-pocket expenses. AUDIT COMMITTEE REPORT

The Audit Committee of the Company's Board of Directors is composed of six directors and operates under a written charter adopted by the Board of Directors. The Audit Committee assists the Board in, among other things, the oversight of: (1) the quality and integrity of the Company's financial statements, (2) the Company's compliance with legal and regulatory requirements, (3) the independent registered public accounting firm's qualifications, performance and independence, (4) the performance of the Company's internal audit function and independent registered public accounting firm, (5) the quality of the Company's internal controls and (6) risk assessment and risk management of the Company.

Management is responsible for the Company's internal controls, the financial reporting process and preparation of the consolidated financial statements of the Company. The independent registered public accounting firm is responsible for conducting an independent audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee has met and held discussions with management and the independent registered public accounting firm. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The Audit Committee reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee further discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees) as amended (AICPA, Professional Standards, Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee has received from the Company's independent registered public accounting firm the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the firm's communications with the Audit Committee concerning independence, and the Audit Committee has discussed with the independent registered public accounting firm that firm's independence.

Based upon the Audit Committee's discussions with management and the independent registered public accounting firm and the Audit Committee's review of the representations of management and the report and letter of the independent registered public accounting firm provided to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2012 for filing with the SEC.

STOCKHOLDER PROPOSALS AND DIRECTOR

NOMINATIONS

If a stockholder intends to submit any proposal for inclusion in the Company's proxy statement for the Company's 2014 annual meeting of stockholders in accordance with Rule 14a-8 under the Exchange Act (Rule 14a-8), the proposal must be received by the Corporate Secretary of the Company no later than December 26, 2013. To be eligible to submit such a proposal for inclusion in the Company's proxy materials for an annual meeting of stockholders pursuant to Rule 14a-8, a stockholder must be a holder of either: (1) at least \$2,000 in market value or (2) 1% of the Company's securities entitled to be voted on the proposal (the Voting Stock), and must have held such shares of Voting Stock for at least one year, and continue to hold those shares of Voting Stock through the date of such annual meeting. Such proposal must also meet the other requirements of the rules of the SEC relating to stockholders' proposals, including Rule 14a-8, including the permissible number and length of proposals, the circumstances in which the Company is permitted to exclude proposals and other matters governed by such rules and regulations.

Separate and apart from the requirements of Rule 14a-8, relating to the inclusion of a stockholders' proposal in the Company's proxy statement, the Company's amended and restated by-laws require advance notice for a stockholder to bring nominations of directors or any other business before any annual meeting of stockholders. In order for a stockholder to properly bring director nominations and other business before an annual meeting of stockholders, notice of such nominations or business, in order to be timely, must be received by the Corporate Secretary of the Company not less than ninety (90) days nor more than one hundred and twenty (120) days prior to the first anniversary date of the immediately preceding annual meeting, and must contain the information required as set forth in Article I, Section 12 of the Company's amended and restated by-laws. In the event that the annual meeting is advanced by more than twenty (20) days or delayed by more than seventy (70) days from the first anniversary of the immediately preceding annual meeting, notice by the stockholder, in order to be timely, must be received no earlier than the 120th day prior to the annual meeting and not later than the close of business on the later of the ninetieth (90th) day prior to such annual meeting or the tenth (10th) day following the day on which such notice of the date of the annual meeting was first publicly announced. If a stockholder's nomination or proposal is not in compliance with the requirements set forth in the Company's amended and restated by-laws, the Company may disregard such nomination or proposal.

As a result, if the Company's annual meeting of stockholders for 2014 is not advanced by more than twenty (20) days or delayed by more than (70) days from the anniversary date of the Annual Meeting, then notice of a stockholder nomination for candidates for the Board of Directors or any other business to be considered at the Company's 2014 annual meeting of stockholders must be received by the Company between February 18, 2014 and March 20, 2014 and must also comply with the additional requirements of the Company's amended and restated by-laws.

Copies of our current amended and restated by-laws are available through the Company's website at <http://www.mastercard.com> by clicking on About our Company and Investor Relations , or may be obtained from the Corporate Secretary.
