No Material Perquisites. Other than matching contributions under our retirement plan and life insurance and disability insurance premium payments, we do not provide any material perquisites to our named executive officers.

Independent Compensation Committee. The Compensation Committee of our Board of Directors makes the final decisions regarding executive compensation and is composed entirely of independent directors.

Independent Compensation Consultant. Our Compensation Committee periodically engages a compensation consultant to advise it regarding executive compensation. The compensation consultant provides no other services to us and has no affiliation with any of our named executive officers.

Executive Compensation Decision-Making

Management provides to the Compensation Committee historical compensation information relating to our executive officers to aid the deliberations of the Compensation Committee regarding executive officer compensation. The information typically includes historical and proposed base salaries, bonuses, long term incentive awards, equity-based awards, and any other material component of compensation or perquisite. The Compensation Committee takes into account the historical trend of each element of compensation and the total of all of the elements for each year in connection with its decisions about proposed compensation amounts. In addition, the Compensation Committee receives recommendations from the Chairman of the Board regarding the compensation of the Chief Executive Officer and receives recommendations from the Chief Executive Officer regarding the compensation of the other executive officers.

The Compensation Committee also considers the limitation imposed by Section 162(m) of the Internal Revenue Code on our deduction for federal income tax purposes when making decisions about compensation. The Compensation Committee uses substantially the same compensation policies and considerations with respect to all of our executive officers.

The Compensation Committee has the authority to procure the services of compensation consultants if it determines that such services are necessary or desirable. In 2010, the Compensation Committee engaged Pearl Meyer & Partners, a compensation consulting firm, to review our executive officer compensation. The Compensation Committee directed Pearl Meyer to prepare a report analyzing the level of our executive officer compensation compared to the compensation of executive officers of similarly-situated companies. Pearl Meyer issued its report in August 2010. The report covered the methodology of Pearl Meyer's review, comparisons of our executive officer compensation to market data, incentive practices among a peer group, dilution and overhang considerations with respect to equity-based awards, and recommendations regarding executive officer compensation. The Compensation Committee reviewed the report and has taken it into account in connection with the Compensation Committee's periodic analysis of executive officer compensation. Pearl Meyer did not provide any additional services to the Company during 2011, 2012 or 2013.

In January 2013, the Compensation Committee reviewed the compensation of the executive officers of the peer group listed below (which was the peer group used by Pearl Meyer in its August 2010 report) in connection with its evaluation and determination of the 2013 compensation of our executive officers. However, the Compensation Committee did not set any specific target with regard to setting the compensation of our executive officers in comparison to the executive officers of the peer group.

In August 2013, the Compensation Committee engaged Frederic W. Cook & Co., Inc., a compensation consulting firm (F.W. Cook), to perform another review of our executive officer compensation. The Compensation Committee directed F.W. Cook to prepare a report analyzing the reasonableness of the compensation of our executive officers and the appropriateness of our compensation program structure and practices in supporting our business objectives. F.W. Cook issued its report in December 2013. The report summarized our current executive compensation program, provided a comparative analysis of our executive compensation program with the executive compensation programs of a peer group of companies, and offered suggestions regarding potential adjustments to our executive compensation program. F.W. Cook compiled a new peer group for purposes of analyzing our executive compensation program. The new peer group is composed of the following companies.

Advance Auto Parts, Inc.
 Allison Transmission Holdings, Inc.
 American Axle & Manufacturing Holdings, Inc.
 Applied Industrial Technologies, Inc.
 AutoZone, Inc.
 BorgWarner Inc.
 Cooper Tire & Rubber Company

The Compensation Committee reviewed the F.W. Cook report and took it into account in connection with the Compensation Committee's analysis of 2014 executive officer compensation. Other than services relating to executive officer compensation provided in 2013, F.W. Cook did not provide any additional services to the Company during 2011, 2012 or 2013.

The Compensation Committee has considered the independence of F.W. Cook and determined that its engagement of F.W. Cook & Co. did not raise any conflicts of interest with LKQ or any of our directors or executive officers. All of F.W. Cook's work was on behalf of the Committee.

Advisory Vote on Executive Compensation

Commencing in 2011, we have submitted to our stockholders on an annual basis a proposal for a (non-binding) advisory vote to approve the compensation of our named executive officers. The table below sets forth the amount of shares that voted to approve our executive compensation as a percentage of shares that voted on the proposal in 2011, 2012, and 2013. In 2011, our Board of Directors recommended, and our stockholders approved, that the advisory vote be held every year.

YEAR	PERCENTAGE
2011	97.1%
2012	96.5%
2013	97.1%

The Compensation Committee considered, among other things, the outcome of this vote when evaluating our compensation principles, designs and practices and decided to continue for 2013 our compensation principles, designs and practices largely unchanged compared to 2012 due in part to the level of stockholder support.

Objectives of Our Compensation Programs

Our compensation programs are intended to enable us to attract, motivate, reward and retain the management talent needed to achieve our corporate objectives in a highly competitive industry, and thereby increase stockholder value. It

is our policy to provide incentives to the Company's senior management to achieve both short-term and long-term goals. To attain these goals, our policy is to provide a significant portion of executive compensation in the form of at-risk, incentive-based compensation. We believe that such a policy, which directly aligns the financial interests of management with the financial interests of our stockholders, provides the proper incentives to attract, motivate, reward and retain high quality management.

The Compensation Committee has maintained this policy since we became a public company in October 2003 and believes that the policy has been and continues to be appropriate for a growing company like ours. The Compensation Committee will reevaluate this policy in the event that our growth profile changes over time or in the event that the Compensation Committee identifies other reasons that warrant a change of policy.

What Our Compensation Programs are Designed to Reward

Our compensation programs are designed to reward the executive officers for the overall performance of our Company and the individual performance of each executive officer. Specifically, with respect to the overall performance of our Company, we have historically used the growth of the following metrics to measure performance: revenue, consolidated earnings per share, and return on equity. With respect to individual performance of an executive officer, we analyze the growth of the performance metrics that most directly relate to such individual's area of responsibility and consider certain subjective factors, including the individual's interpersonal skills, level of motivation, and ability to resolve challenges and to overcome obstacles.

Other than for purposes of determining the appropriate value of equity related awards, stock price performance has not been used as a direct factor in determining executive officer compensation because the price of our common stock is subject to a variety of factors outside of the control of management. Stock price performance, however, ultimately affects the value of equity incentive awards held by executive officers, thus aligning their interests with those of other stockholders.

Elements of Our Compensation Programs, Why We Chose Each Element, and How We Determine the Amount of Each Element

The elements of our compensation programs are base salaries, annual bonus awards, long term incentive awards, and equity incentive grants. We believe that this mix of compensation elements best achieves the objectives of our compensation programs and provides appropriate short-term and long-term motivation to our executive officers.

Base Salaries. Base salaries provide immediate rewards because they are paid periodically throughout the year. The following factors are considered in connection with the base salary of each of the executive officers: base salaries of executive officers in similar positions at comparable companies; the contributions of the executive officers to the Company's development and growth; and the executive officer's experience, responsibilities and position within the Company. No specific corporate performance measures are considered with respect to base salaries.

Annual Bonus Awards. We offer annual bonus awards under our Management Incentive Plan (MIP) to provide incentives for superior performance over a one-year time horizon. The MIP was approved by our stockholders in May 2011. Under the MIP, each participant (including each of our named executive officers) is eligible to receive a cash payment equal to a percentage of the participant's base salary. The percentage of base salary ultimately paid is dependent on the achievement of specified levels of financial performance of the Company during a particular fiscal year. In 2013, these percentages ranged from 20% to 150% for our executive officers. In 2013, the bonus payment for our executive officers was based on the Company's consolidated earnings per share. The target amounts for consolidated earnings per share are determined through our budgeting process that includes growth rates for the Company as a whole and for each region and unit, all as approved by our Board of Directors. In 2013, the earnings per share target was a range of \$0.97 (at which the threshold bonus would be earned) to \$1.06 (at which the maximum bonus would be earned). Our 2013 earnings per share for purposes of the bonus calculation (which included the cost of paying all 2013 bonuses) resulted in the maximum bonus amounts for our executive officers.

Long Term Incentive Awards. We grant performance awards under our Long Term Incentive Plan (LTIP) to certain of our key employees (including our named executive officers). The LTIP was approved by our stockholders in 2006 and re-approved by our stockholders in 2011. Long term incentive awards are designed to reward performance over a

three-year period and to create retention incentives. The Compensation Committee administers the LTIP. Performance periods begin on January 1 and end on December 31 of the third calendar year thereafter. Performance awards are equal to the participant's base salary multiplied by an award percentage. The award percentage is determined by the growth from the year before the commencement of the performance period (base year) to the final year of the performance period of three components: our earnings per share, our total revenue, and our return on equity. We determine for each participant the range of award percentages based on different growth scenarios of the components.

One-half of any performance award achieved is payable promptly after the end of the applicable performance period. A participant must be an employee or other key person of the Company at the end of the performance period to be eligible for the first 50% payment. The other half of the performance award is deferred and payable in three equal installments (plus interest) on each one year anniversary of the end of the performance period over a total of three years. A participant must be an employee or other key person of the Company on each such anniversary date to be eligible for the respective deferred payment, unless the participant is not an employee or key person as a result of death, total disability or normal retirement at age 65, in which case the participant (or his or her estate) will be entitled to all of the deferred payments upon such death, disability or retirement. Interest on the deferred portion of

the performance award will accrue at the prime rate and be payable to the participant at the same time as the deferred installments are paid. Upon a change in control, the LTIP provides for acceleration of payments as described below under Potential Payments Upon Termination or Change in Control.

A new three-year performance period commenced on January 1, 2012 and will end on December 31, 2014. The performance awards for the current performance period range from 70% to 275% of base salary for our executive officers. The target growth ranges of the three components of these awards for that performance period were 45% to 60% for earnings per share, 30% to 40% for revenue, and 210 basis points to 300 basis points for return on equity. We weighted each of the three components of these awards as follows: 47.5% for earnings per share growth; 47.5% for revenue growth; and 5.0% for return on equity growth. Higher percentages were assigned to earnings per share growth and revenue growth because they were considered relatively more important measures of the success of our Company. The Summary Compensation Table on page 15 sets forth under the column entitled Non-Equity Incentive Plan Compensation the amounts recorded by us to the income statement relating to the LTIP for the years presented with respect to our named executive officers.

Equity Incentive Grants. Equity-based awards provide incentives over multi-year time horizons, with vesting schedules of up to five years. Generally, equity-based awards are forfeited upon separation of service, providing an incentive to the employee to remain with the Company. Equity based awards are granted under our 1998 Equity Incentive Plan (the Equity Incentive Plan). The Compensation Committee administers the Equity Incentive Plan. Under the Equity Incentive Plan, the Compensation Committee may grant qualified and non-qualified stock options, restricted stock, restricted stock units, stock appreciation rights (SARs), performance shares and performance units. During the life of the Equity Incentive Plan, not more than 69,888,834 shares of common stock in the aggregate may be issued under the Equity Incentive Plan. As of March 12, 2014, a total of 13,285,126 shares of our common stock remained available for issuance under the Equity Incentive Plan. Shares subject to awards granted under the Equity Incentive Plan that are returned as payment for the exercise price or tax withholding amount relating to the award or with respect to which awards expire or are forfeited or are paid in cash, would again be available for grant under the Equity Incentive Plan.

The Compensation Committee has the power to set the terms and conditions to which each award is subject, including the times at which it is exercisable. Notwithstanding the foregoing: (i) the exercise price of a stock option or SAR may not be less than the fair market value of our common stock on the date the award is granted; and (ii) the performance period for performance shares and performance units must be a minimum of one year.

Upon a change in control as defined in the plan, awards under the Equity Incentive Plan become immediately exercisable, restrictions thereon lapse, and maximum payout opportunities are deemed earned, as the case may be, as of the effective date of the change in control. The Board of Directors may amend or terminate the Equity Incentive Plan in whole or in part at any time, subject to applicable laws, rules, or regulations; provided, however, that the Board may not, without stockholder approval, (i) materially increase the benefits accruing to participants, (ii) materially increase the number of securities that may be issued under the Equity Incentive Plan, or (iii) materially modify the requirements for participation in the Equity Incentive Plan. No amendment, modification, or termination of the Equity Incentive Plan can adversely affect in any material way any award previously granted, without the written consent of the participant holding such award.

We grant equity awards to named executive officers and other key employees typically upon their commencement of employment, in some cases upon their promotion, and annually near the beginning of each year. The annual grants are made on the second Friday of January each year. When making equity awards, we consider factors specific to each employee such as salary, position and responsibilities. We also consider factors such as the rate of the Company's development and growth and an estimate of the value of each award. In addition, we determine the amount of dilution that we believe would be generally acceptable to our stockholders and correspondingly limit the aggregate number of awards granted each year. Award grants typically are recommended by management.

In March 2013, the Compensation Committee approved the cancellation of 671,400 unvested RSUs held by our executive officers and approved the issuance of 946,800 RSUs containing both a performance-based vesting condition and a time-based vesting condition. Of the 946,800 RSUs, 671,400 were granted as a replacement of the canceled RSUs and included a performance-based condition that the Company report positive diluted earnings per share, subject to certain adjustments, during the year ending December 31, 2013. In addition, these RSUs retained the same remaining time-based vesting conditions as the canceled RSUs (vesting in equal tranches each six months beginning July 2013 through either January 2016 or January 2017). The remaining 275,400 RSUs granted in March 2013 included a performance-based condition that the Company reports positive diluted earnings per share, subject to certain adjustments, during any fiscal year period within five years following the grant date. In addition, these RSUs included a time-based vesting condition, vesting in equal tranches each six months beginning July 2013 through January 2016. In all cases, both conditions must be met before any RSUs vest. If the applicable performance-based condition of an RSU is not met, the RSU is forfeited. If and when the performance-based condition is met, all applicable RSUs that had previously met the time-based vesting condition will vest immediately and the remaining RSUs will vest according to the remaining schedule of the time-based condition.

The table entitled Grants of Plan-Based Awards for Fiscal Year Ended December 31, 2013 on page 16 sets forth additional information about the grants made in 2013 under the Equity Incentive Plan to our named executive officers.

Compensation of Our Chief Executive Officer

Robert L. Wagman has been our President and Chief Executive Officer since January 1, 2012. The annual compensation, including base salary, bonus potential, long term incentive award and equity incentive awards, of Mr. Wagman was determined for 2013 using substantially the same criteria that were used to determine the compensation of other executive officers. Mr. Wagman's base salary for 2013 was \$650,000. Based on the Company's consolidated earnings per share in 2013, Mr. Wagman received a bonus payment in February 2014 of \$975,000.

In March 2009, Mr. Wagman received a performance award under our LTIP for the three-year performance period that ended on December 31, 2011. Based upon the financial performance of the Company during the three-year period ended December 31, 2011, Mr. Wagman earned a cash award under the plan equal to 2.5 times his base salary as of December 31, 2011. We paid 50% of the award in March 2012, and we paid or will pay the remaining 50% in three equal installments (plus interest) in late 2012, 2013 and 2014. Mr. Wagman must be employed by us at the time such payments become payable to receive them (subject to certain exceptions relating to death, disability or normal retirement).

In December 2011, Mr. Wagman received a performance award under our LTIP for the performance period beginning as of January 1, 2012 and ending December 31, 2014. Based upon the financial performance of the Company during the three-year period ending December 31, 2014, Mr. Wagman may be entitled to a cash payment under the LTIP equal to as much as 2.75 times his base salary. Any such payment would be made to Mr. Wagman 50% when the award is determined (in early 2015) and 50% over the succeeding three years in equal installments (plus interest). Mr. Wagman must be employed by us at the time such payments become payable to receive them (subject to certain exceptions relating to death, disability or normal retirement).

Mr. Wagman has been awarded RSUs, restricted shares and stock options under the Equity Incentive Plan. In March 2013, he received a grant under the Equity Incentive Plan of 80,000 new RSUs (258,000 additional RSUs were granted as replacements for an equal number of previously-granted RSUs that were canceled). Of the total RSUs and restricted shares held by Mr. Wagman, 45,000 vested in 2013 with an aggregate value, based on the market value of LKQ common stock on the applicable vest dates, of \$1,012,730. As of December 31, 2013, Mr. Wagman held options to purchase a total of 224,000 shares, of which 195,200 were exercisable. The value of the options to purchase the 195,200 shares, measured by the amount that the market value of LKQ common stock on the last trading day in 2013 (\$32.90) exceeded each option's exercise price, was \$4,757,645.

In 2013, Mr. Wagman did not receive any material perquisites, any deferred compensation (other than pursuant to our retirement plans), or any reimbursements for the payment of taxes. In our view, Mr. Wagman's total compensation for 2013 properly reflected the Company's performance and his performance, and was in proper proportion to the compensation of our other executive officers.

Retirement Plans

We have a 401(k) plan covering substantially all of our employees, including our named executive officers, who have been employed for at least six months. The 401(k) plan allows participants to defer their eligible compensation in amounts up to the statutory limit each year. We currently make matching contributions equal to 50% of the portion of the participant's contributions that does not exceed 6% of the participant's eligible compensation. We may, at our sole discretion, make annual profit-sharing contributions on behalf of participants. Each participant is fully vested in such participant's contributions and any earnings they generate. Each 401(k) participant becomes vested in our matching contributions, and any earnings they generate, in the amounts of 50%, 75% and 100% after two, three and four years of service, respectively. Each participant becomes vested in our profit sharing contributions, if any, and any earnings they generate, in the amounts of 25%, 50%, 75% and 100% after one, two, three and four years of service, respectively.

We also have a plan for highly compensated employees, or HCEs, that supplements the 401(k) plan. All of our named executive officers are HCEs. The tax laws impose a maximum percentage of salary that can be contributed each year by HCEs to our 401(k) plan depending on the participation level of non-HCEs. We adopted the supplemental plan to provide an alternative retirement plan for the HCEs when the participation level of non-HCEs restricts the amount the HCEs would otherwise have been permitted to contribute to the 401(k) plan. The supplemental plan operates similarly to the 401(k) plan except that contributions by HCEs to the supplemental plan are not subject to the statutory maximum percentage, the balance in each HCE's account in the supplemental plan is a general asset of ours, and in the event of our insolvency, the HCE would be a general, unsecured creditor with respect to such amount.

The terms of the supplemental plan limit the maximum annual contribution by each participant to 100% of the HCE's salary (including commissions), bonuses and long term incentive awards. In addition, the plan authorizes the Compensation Committee to set an aggregate maximum annual contribution amount. There is no such current aggregate maximum annual contribution. We periodically transfer from the plan to the 401(k) plan, on behalf of each HCE who so elects, the maximum amount (if any) that could have been contributed directly to the 401(k) plan.

Potential Payments Upon Termination or Change in Control

Upon a change in control, the terms of our LTIP provide that each performance period that has not ended ends as of the last day of the next calendar quarter, the performance award relating to the shortened performance period is calculated taking into account the shortened performance period, and all unpaid performance awards (relating to the shortened performance period and any other performance periods) become promptly payable. Upon a change in control, the terms of our Equity Incentive Plan provide that equity awards become fully vested.

We have Change of Control Agreements with certain of our employees, including each of our named executive officers. The terms of the agreements as in effect as of December 31, 2013 are described below.

The agreements have an initial term of three years and will automatically renew for a two-year period, unless notice of termination is given by the Company at least 60 days before any such renewal date. The operative provisions of the agreements will apply, however, only if a Change of Control, as defined in the agreements, occurs during the period the agreement is in effect.

If the employee's employment with the Company is terminated within two years following a Change of Control (or within 12 months prior to a Change of Control in certain circumstances) as a result of an Involuntary Termination (as defined in the agreements), then the employee will be entitled to receive payments and benefits that include the following:

Payment of salary and other compensation accrued through the termination date;

Payment of a pro rata bonus;

A severance payment equal to a multiple (two-and-one-half times in the case of Mr. Wagman, two times in the case of Mr. Quinn, Mr. Hanley and Mr. Casini, and one-and-one-half times in the case of Mr. Greenspan) of the sum of the employee's (a) salary and (b) the greater of the employee's target bonus or average annual bonus over the preceding three years;

If applicable, all unreimbursed relocation expenses;

Continuing coverage of the employee and the employee's dependents under the Company's health and dental care plans (for a period of 30 months in the case of Mr. Wagman, 24 months in the case of Mr. Quinn, Mr. Hanley and Mr. Casini, and 18 months in the case of Mr. Greenspan);

Outplacement services; and

The employee's outstanding equity-based compensation awards shall become vested and exercisable. If the employee's employment with the Company is terminated as a result of death or disability, the employee will be entitled to receive salary and other compensation accrued through the termination date and a pro rata bonus. If the employee's employment with the Company is terminated for Cause or the employee resigns for other than Good

Reason (as those terms are defined in the agreement) the employee will be entitled to receive salary and other compensation accrued through the termination date.

The agreement also contains confidentiality obligations on the part of the employee and requires that the employee deliver a release to the Company as a condition to receiving payments of benefits under the agreement. The agreement also provides that in the event of a dispute concerning an agreement, the Company will pay the legal fees of the employee.

Under the agreements, a Change of Control would include any of the following events:

any person, as defined in the Exchange Act, acquiring 30% or more of our outstanding common stock or combined voting power of our outstanding securities, subject to certain exceptions;

during a two-year period, our current directors (or new directors approved by them) cease to constitute a majority of our board; and

a merger, consolidation, share exchange, reorganization or similar transaction involving the Company or any of its subsidiaries, a sale of substantially all the Company's assets, or the acquisition of assets or stock of another entity by the Company (unless following such business combination transaction a majority of the Company's directors continue as directors of the resulting entity, the holders of the outstanding voting securities of the Company immediately prior to such an event continue to own shares or other securities that represent more than 50% of the combined voting power of the resulting entity after such event in substantially the same proportions as their ownership prior to such business combination transaction, and no person owns 30% or more of the resulting entity's common stock or voting securities).

The following table summarizes the value of the termination payments and benefits that our named executive officers would have received if they had terminated employment on December 31, 2013 under the circumstances described above. The table excludes amounts accrued through December 31, 2013 that would be paid in the normal course of continued employment, such as accrued but unpaid salary and earned annual bonus for 2013.

	Robert L. Wagman	John S. Quinn	Walter P. Hanley	Victor M. Casini	Steven Greenspan
Cash severance	\$ 3,250,000	\$ 1,691,050	\$ 1,446,667	\$ 1,441,111	\$ 675,000

Unvested and Accelerated Share Based Awards	11,799,448	7,573,460	6,521,093	6,054,660	1,906,840
Long-Term Incentive Plan	1,906,565	1,327,208	1,126,290	1,126,290	627,789
Benefits and Perquisites (1)					
Medical and Dental Benefits (2)	48,123	58,268	58,268	58,268	43,701

- (1) In addition to the benefits shown, each named executive officer is entitled to receive outplacement services at the expense of the Company. The amounts to be incurred by the Company for such services would be dependent on the terms and conditions of the services, which would be determined prior to the Change of Control date.
- (2) Medical and dental benefits reflect the lump sum payment to each named executive officer in the event that the terms of the Company's Health Plans (as defined in the agreement) do not allow participation subsequent to a Change of Control. In the event the Health Plans do allow participation, such benefits paid by the Company will be dependent on actual claims incurred due to the self-insured nature of the Company's plans. Under the terms of the agreements, medical and dental benefits are reduced to the extent that the individual becomes covered under a group health or dental plan providing comparable benefits.
- Other than as described above, we do not have any pension, change in control, severance or other post-termination plans or arrangements applicable to our executive officers.

Indemnification

Each of our named executive officers is a party to an indemnification agreement with us that assures the officer of indemnification and advancement of expenses to the fullest extent permitted by Delaware law and our Certificate of Incorporation.

Impact of Regulatory Requirements

Section 162(m) of the Internal Revenue Code limits the deduction for federal income tax purposes of certain compensation paid in any fiscal year by a publicly-held corporation to its chief executive officer and its three other highest compensated officers (other than its chief financial officer) to \$1 million per executive (the "\$1 million cap"). The \$1 million cap does not apply to performance-based compensation as defined under Section 162(m). We believe that annual bonuses paid under our MIP, awards issued under our LTIP, stock options issued under our Equity Incentive Plan, and RSUs issued under our Equity Incentive Plan that include an appropriate performance-based

vesting condition qualify as performance-based compensation.

The 2013 compensation that was not exempt under Section 162(m) for Mr. Wagman, our Chief Executive Officer at December 31, 2013, exceeded the \$1 million cap by \$664,421. The compensation that is subject to the \$1 million cap paid to our other named executive officers did not exceed the cap in 2013, except in the case of Mr. Hanley whose compensation exceeded the cap by \$16,149. We currently believe that the compensation subject to the \$1 million cap paid to our named executive officers will not exceed the \$1 million cap in 2014. Although the Compensation Committee takes into consideration Section 162(m) when making decisions about executive compensation, there is no formal policy regarding the \$1 million cap and the compensation of our named executive officers.

Risks Relating to our Compensation Policies and Practices

We have undertaken an analysis of our compensation policies and practices to assess whether risks arising from such policies and practices are reasonably likely to have a material adverse effect on our company. The analysis was performed by our management with oversight by the Compensation Committee of our Board of Directors. We analyzed risks relating to the different components of our compensation structure, to the time horizons of our compensation components, to the goals and objectives used to determine performance-based compensation, to the disparate treatment, if any, among compensation policies and practices of our business units, and to any contractual obligations by us to accelerate the payment of compensation. Based on that analysis, we have concluded that the risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on our company.

Compensation Committee Report

We have reviewed and discussed with management the Compensation Discussion and Analysis to be included in Amendment No. 1 on Form 10-K/A (Amendment No. 1) to the Company's Annual Report on Form 10-K for the year ended December 31, 2013 and in the Company's 2014 Annual Stockholder Meeting Schedule 14A Proxy Statement, to be filed pursuant to Section 14(a) of the Exchange Act (the Proxy Statement). Based on the review and discussions referred to above, we recommend to the Board of Directors that the Compensation Discussion and Analysis referred to above be included in Amendment No. 1 and in the Proxy Statement.

- (1) The amounts shown related to our MIP represent payments that were possible for the 2013 annual performance period. Awards under the MIP are calculated as a percentage of the NEO's base salary. A minimum amount is paid if a threshold level of performance is achieved, and a maximum award is paid if a specified higher level of performance is achieved. Performance between these two levels results in a proportionate payment of the award. The 2013 MIP awards for our NEOs have been earned and paid, and the actual amount earned by each NEO is included in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.

(2) The amounts shown represent the number of shares to be paid out upon the vesting of performance based RSUs granted during the year. There is a single performance condition, so no threshold or maximum payouts are disclosed, and there is either a full payout of the amount shown or no payout. The amounts shown do not include RSUs granted to replace previously reported RSUs that were cancelled during the years as described on page 10.

(3) The amounts disclosed under the Grant Date Fair Value of Stock and Option Awards column represent the grant date fair value calculated in accordance with FASB ASC Topic 718.

DIRECTOR COMPENSATION

Director Fees

Compensation of each non-employee director includes (a) quarterly cash compensation of \$25,000, and (b) an annual grant of restricted stock units (RSUs) with a value on the grant date of approximately \$100,000. The equity grant vests one year after the date of issuance.

Non-employee directors also received the following quarterly cash payments for serving on committees of the board: \$6,250 and \$3,750 by each of the chairman and the other members of the Audit Committee, respectively; \$3,750 and \$2,500 by each of the chairman and the other members of the Compensation Committee, respectively; \$3,000 and \$2,000 by each of the chairman and the other members of the Governance/Nominating Committee, respectively; and \$3,000 and \$2,000 by each of the chairman and the other members of the Government Affairs Committee, respectively. In addition, the Chairman of the Board received a quarterly compensation amount of \$12,500, and our Lead Independent Director received a quarterly compensation amount of \$6,250. Mr. Holsten does not receive compensation for serving on the Government Affairs Committee.

Each director has the option, by making an election by December 31 of each year, to receive the cash portion of director compensation for the following calendar year in shares of our common stock instead of cash. None of our directors elected to receive his or her cash compensation for 2013 in shares of our common stock. Directors are also reimbursed for their out-of-pocket expenses incurred in connection with serving on our Board.

Stock Option and Compensation Plan for Non-Employee Directors

In 2003, our Board of Directors adopted and our stockholders approved the Stock Option and Compensation Plan for Non-Employee Directors (the Director Plan). On March 5, 2012, our Board of Directors approved, and on May 7, 2012, our stockholders approved, an amendment to the Equity Incentive Plan (1) to explicitly allow non-employee directors to be eligible participants thereunder, (2) to add a provision giving non-employee directors the right to receive shares of our common stock under the Equity Incentive Plan in lieu of director cash compensation, (3) to increase the shares available for issuance under the Equity Incentive Plan by 1,088,834 (representing the remaining shares available under the Director Plan), and (4) to make certain updating amendments to the Equity Incentive Plan. The Board of Directors further approved the termination of the Director Plan other than with respect to any options outstanding under the Director Plan, which became effective upon approval by our stockholders of the Equity Incentive Plan amendment.

Indemnification

Each member of our Board of Directors is a party to an indemnification agreement with us that assures the director of indemnification and advancement of expenses to the fullest extent permitted by Delaware law and our Certificate of Incorporation.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

Transactions With Related Persons, Promoters, and Certain Control Persons

We have a Related Party Transactions Policy that provides, and our Audit Committee charter specifies, that the Audit Committee's responsibilities include the review and approval of all transactions between us and any persons affiliated with us that would be required to be disclosed pursuant to the rules and regulations of the SEC. We have had no such related party transactions since the beginning of fiscal year 2013, and no such related party transactions are currently proposed.

Director Independence

The Board, following consideration of all relevant facts and circumstances and upon recommendation of the Governance/ Nominating Committee, has affirmatively determined that each nominee for election as a director (except Messrs. Holsten and Wagman) is independent in that each such person has no material relationship with the Company, our management or our independent registered public accounting firm, and otherwise meets the independence and other requirements of the listing standards of NASDAQ, the rules and regulations of the SEC and applicable law. The Board determined that Mr. Holsten is not independent due to his status as an executive officer of the Company through December 31, 2011 and his ongoing consulting arrangement, and that Mr. Wagman is not independent due to his status as a current executive officer of the Company.

Policy on Audit Committee Approval of Audit and Non-Audit Services

The Audit Committee's policy is to approve all audit and permissible non-audit services prior to the engagement of our independent registered public accounting firm to provide such services. The Audit Committee approves, at the beginning of each year, pursuant to detailed approval procedures, certain specific categories of permissible non-audit services. Such procedures include the review of (i) a detailed description by our independent registered public accounting firm of the particular services to be provided and the estimated fees for such services and (ii) a report to the committee on at least a quarterly basis regarding the services provided and the fees paid for such services. The Audit Committee must approve on a project-by-project basis any permissible non-audit services that do not fall within a pre-approved category and any fees for pre-approved permissible non-audit services that materially exceed the previously approved amounts. In making the determinations about non-audit services, the Audit Committee considers whether the provision of non-audit services is compatible with maintaining the auditor's independence.
