Our Executive Compensation Philosophy and Practices

We believe that the compensation programs offered to executive officers should support the achievement of our financial goals and creation of long-term stockholder value. We have endeavored to create an executive compensation program that provides a mix of short-term and long-term incentives and an appropriate balance between fixed and variable compensation that we believe retains and appropriately motivates our executive officers, including our named executive officers. In addition, our Compensation Committee and our Board of Directors strive to keep annual base salary at a competitive level while providing executive officers with performance-based equity and variable cash incentive awards in order to reward them well for superior current and long-term performance.

Table of Contents

The following factors demonstrate our continued and heightened commitment to pay-for-performance and to corporate governance best practices:

Our Compensation Governance Facts

What We Do:

We reward performance that meets our predetermined goals.

NEOs' annual incentive opportunity and 2016 long-term incentive opportunity are 100% performance-based.

Granted only performance-based long-term incentive awards to CEO and CRO in 2015.

We have implemented robust stock ownership guidelines to our executives.

Our cash compensation plans contain claw-back provisions.

We cap payouts under our plans to discourage inappropriate risk taking by our NEOs.

We have double-trigger change in control provisions for all equity awards.

Our Compensation Committee retains an independent compensation consultant.

We hold an advisory vote on executive compensation.

We seek feedback on executive compensation through stockholder engagement.

What We Do Not Do:

We do not pay bonuses if performance levels fall below pre-determined thresholds.

Our compensation plans do not have minimum guaranteed payout levels.

We do not permit short-sales, hedging or pledging of our stock.

None of our NEOs have contracts that provide for a fixed term of employment.

We do not have executive perquisites.

We do not permit repricing stock options without stockholder approval.

We do not have any pension plans, and our NEOs do not participate in any retirement programs not generally available to all employees.

Compensation Components for 2015:

Component	Key Characteristics
Base Salary	Based on talent, experience, performance, contribution levels, individual role, positioning relative to market, and our overall salary budget.
Executive Annual Incentive Award (Cash)	Our executive officers were eligible to receive performance-based compensation. NEO's annual incentive opportunity is purely performance based and tied to meeting pre-determined goals for adjusted EBITDA and revenue.
Restricted Stock Units	Restricted stock units were granted to executive officers, other than CEO and CRO, and vest over four years.
Performance-based Restricted Stock Units (PRSUs)	Our CEO and CRO were granted performance based restricted stock units, which will be earned, if at all, based upon (i) in the case of our CEO, our company's total shareholder return ranking as compared to the S&P SmallCap 600 for the period from January 1, 2015 to December 31, 2017; and (ii) in the case of our CRO, year-over-year growth in non-GAAP total operating revenue, excluding revenue generated from acquisitions made in the most recent year, for the 2015 to 2017 period. Our CEO's and CRO's long-term incentive opportunity is 100% performance-based with no minimum guaranteed payout level.
Other Awards	Through April 2015, our current CFO, Mark Shifke, served as our SVP of Corporate Development/M&A and was not an executive officer. On January 2, 2015, we awarded him 100,000 RSUs to reward his efforts in 2014 to complete our acquisition of SBBT Holdings, LLC (TPG) and the related financing in October 2014. Vesting of these RSUs is time-based to serve our retention goals and further align his interests with those of our stockholders. As a result of this award, the compensation reported for Mr. Shifke under Stock Awards and

Total in the Summary Compensation Table on page 49 includes \$2.0 million in compensation related to 2014 performance. Also, as described in CD&A, to align his compensation with his then-current role as SVP of Corporate Development/M&A, management committed to Mr. Shifke that it would recommend to our Compensation Committee that he receive a RSU in 2016 based on the revenue contribution in 2015 from acquisitions completed since the beginning of 2014 (excluding TPG). In February 2016, our CFO was granted 145,208 RSUs, subject to time-based vesting conditions, as a result of this commitment. The summary compensation table does not reflect the value of the 2014 commitment because the award was made in 2016.

Listening to Our Stockholders

We take our accountability to stockholders very seriously. Since last year's annual meeting of stockholders, we met with or have spoken to a majority of our top institutional investors representing approximately 60% of our outstanding shares to discuss, among other matters, our executive compensation program and our governance practices. From this engagement, we learned that while many investors are supportive of our executive compensation program and governance practices, we should further emphasize pay-for-performance in our executive compensation program and consider implementing changes to our corporate governance structure, such as adoption of majority voting in

Table of Contents

uncontested director elections. There were differences among these stockholders as to which changes were appropriate to make. Following these meetings, we implemented the following changes to our executive compensation program and our Board of Directors determined that it would support the stockholder proposal on majority voting in uncontested director elections (Proposal 3).

2016 Compensation Decisions

The decisions made for the compensation program in 2016 were approved by our Compensation Committee and are described in the table below.

Compensation Element	Decision for 2016
General	Except for base salary, our NEOs' executive compensation package is 100% performance-based.
Base Salary	No changes.

Our Compensation Committee believes that our NEOs' annual base salaries are currently competitive and do not need to be adjusted.

Annual Cash Incentive	Our incentive bonus plan structure has been simplified to solely reward revenue generation. Our Compensation Committee believed that this structure, combined with a new long-term incentive structure that rewards our NEOs (other than our CEO) only for non-GAAP EPS generation, appropriately incentivizes profitable growth.
-----------------------	---

Long-term Incentive	Our NEOs received 100% of their long-term incentive equity awards in the form of performance-based restricted stock units (PRSUs), further increasing our emphasis on pay for performance under our executive compensation program.
---------------------	---

We made no changes to the structure of our CEO's PRSUs, which are earned based on our three-year total shareholder return relative to the companies comprising the S&P SmallCap 600 index, because we believed that structure continued to provide appropriate incentives.

All of our other NEOs were granted PRSUs that are earned based on achievement of the same performance metric, non-GAAP diluted earnings per share, over a one-year performance period. These awards vest as to 25% of the PRSU at the end of the performance period with remainder vesting in equal annual installments over the three years thereafter based on service.

None of the earnings under our NEOs' equity awards are guaranteed until after the applicable performance period has been completed.

We granted no other equity awards to our NEOs for 2016.

PROXY STATEMENT FOR THE 2016 ANNUAL MEETING OF STOCKHOLDERS

April 18, 2016

Information About Solicitation and Voting

The accompanying proxy is solicited on behalf of the Board of Directors of Green Dot Corporation (Green Dot) for use at Green Dot 's 2016 Annual Meeting of Stockholders (the meeting) to be held on Monday, May 23, 2016 at 9:00 a.m. (Pacific Daylight Time), and any adjournment or postponement thereof. This proxy statement will be distributed to stockholders beginning on or about April 19, 2016.

Questions and Answers About the Meeting

What is the purpose of the meeting?

At the meeting, stockholders will act upon the proposals described in this proxy statement. In addition, following the meeting, management will report on the performance of Green Dot and respond to questions from stockholders.

What proposals are scheduled to be voted on at the meeting?

Stockholders will be asked to vote on three proposals. The proposals are:

1. The election to the Board of Directors of three Class III directors named in this proxy statement, to serve until the third annual meeting of stockholders following this meeting and until his successor has been elected and qualified or until his earlier resignation or removal; and
2. The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2016.
3. To consider and vote upon a stockholder proposal, if properly presented at the meeting.

Have other candidates been nominated for election as directors at the meeting in opposition to the Board 's nominees?

Yes, Harvest Capital Strategies, LLC (together with its affiliates and related parties, Harvest) has notified us that it intends to nominate three nominees for election to the Board at the meeting in opposition to the nominees recommended by the Board. The Board does not endorse the Harvest nominees and unanimously recommends that you vote **FOR ALL** of the nominees proposed by the Board by using the **WHITE** proxy card accompanying this proxy statement. The Board strongly urges you not to sign or return any proxy card sent to you by Harvest. If you have previously submitted a proxy card sent to you by Harvest, you can revoke that proxy and vote for the Board 's nominees and on the other matters to be voted on at the meeting by using the enclosed **WHITE** proxy card and issuing a later-dated vote.

Could matters other than Proposals 1-3 be decided at the meeting?

Edgar Filing: GREEN DOT CORP - Form DEFC14A

Our bylaws require that we receive advance notice of any proposal to be brought before the meeting by stockholders of Green Dot, and we have not received notice of any such proposals other than the Harvest's proposed nominees. If any other matter were to come before the meeting, the proxy holders appointed by the Board of Directors will have the discretion to vote on those matters for you.

What is the recommendation of the Board of Directors on each of the proposals scheduled to be voted on at the meeting?

The Board of Directors recommends that you vote your shares on the **WHITE** proxy card as follows: **FOR ALL** the Class III directors named in this proxy statement (Proposal 1), **FOR** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the 2016 fiscal year (Proposal 2) and **FOR** the stockholder proposal (Proposal 3).

Table of Contents

Who can vote at the meeting?

Stockholders as of the record date for the meeting, March 31, 2016, are entitled to vote at the meeting. At the close of business on the record date, there were outstanding and entitled to vote 50,383,735 shares of Green Dot Class A common stock.

Stockholder of Record: Shares Registered in Your Name

If on March 31, 2016 your shares were registered directly in your name with our transfer agent, Computershare Trust Company, N.A., then you are considered the stockholder of record with respect to those shares. As a stockholder of record, you may vote at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to vote by filling out, signing and returning a **WHITE** proxy card.

Beneficial Owner: Shares Registered in the Name of a Broker or Nominee

If on March 31, 2016 your shares were held in an account with a brokerage firm, bank or other nominee, then you are the beneficial owner of the shares held in street name. As a beneficial owner, you have the right to direct your nominee on how to vote the shares held in your account, and it has enclosed or provided voting instructions for you to use in directing it on how to vote your shares. However, the organization that holds your shares is considered the stockholder of record for purposes of voting at the meeting. Because you are not the stockholder of record, you may not vote your shares at the meeting unless you request and obtain a legal proxy from the organization that holds your shares giving you the right to vote the shares at the meeting.

Given the contested nature of the election, your nominee will only be able to vote your shares with respect to any proposals at the meeting if you have instructed them how to vote. Please instruct your nominee how to vote your shares using the voting instruction form you received from them. Please return your completed **WHITE** proxy card or voting instruction form to your nominee and contact the person responsible for your account so that your vote can be counted. If your nominee permits you to provide voting instructions by Internet or by telephone, you may vote that way as well.

How do I vote?

You may vote by mail or follow any alternative voting procedure (such as telephone or Internet voting) described on the **WHITE** proxy card. To use an alternative voting procedure, follow the instructions on each **WHITE** proxy card that you receive. The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may:

vote by telephone or through the Internet - in order to do so, please follow the instructions shown on your **WHITE** proxy card; or

vote by mail - simply complete, sign and date the enclosed **WHITE** proxy card and return it before the meeting in the pre-paid envelope provided; or

vote in person - we will provide a ballot to stockholders who attend the meeting and wish to vote in person.

Beneficial Owner: Shares Registered in the Name of a Broker or Nominee

If you are not the stockholder of record, please refer to the voting instructions provided by your nominee to direct it how to vote your shares. Your vote is important. To ensure that your vote is counted, complete and mail the voting instruction card provided by your brokerage firm, bank, or other nominee. To vote in person at the meeting, you must obtain a legal proxy from your nominee. Follow the instructions from your nominee included with our proxy materials, or contact your nominee to request a proxy form. Whether or not you plan to attend the meeting, we urge you to vote voting instruction card to ensure that your vote is counted.

How do I vote by Internet or telephone?

If you wish to vote by Internet or telephone, you may do so by following the voting instructions included on the **WHITE** proxy card. Please have each **WHITE** proxy card you received in hand when you vote over the Internet or by telephone as you will need information specified on the **WHITE** proxy card to submit your vote. The giving of such a telephonic or Internet proxy will not affect your right to vote in person should you decide to attend the meeting.

The telephone and Internet voting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been recorded properly.

Table of Contents

What shares can I vote?

Each share of Green Dot Class A common stock issued and outstanding as of the close of business on March 31, 2016 is entitled to vote on all items being voted on at the meeting. You may vote all shares owned by you as of March 31, 2016, including (1) shares held directly in your name as the stockholder of record, and (2) shares held for you as the beneficial owner in street name through a broker, bank, trustee, or other nominee.

How many votes am I entitled to per share?

Each holder of shares of Class A common stock is entitled to one vote for each share of Class A common stock held as of March 31, 2016.

What should I do if I receive a proxy card from Harvest?

Harvest has notified us that it intends to nominate three nominees for election as directors to the Board at the meeting in opposition to the nominees recommended by the Board. If Harvest proceeds with its alternative nominations, you may receive proxy solicitation materials from Harvest, including an opposition proxy statement and proxy card. Green Dot is not responsible for the accuracy of any information contained in any proxy solicitation materials used by Harvest or any other statements that it may otherwise make.

The Board does not endorse the Harvest nominees and unanimously recommends that you disregard any proxy card or solicitation materials that may be sent to you by Harvest. Voting to **WITHHOLD** with respect to any of Harvest's nominees on the proxy card is not the same as voting for the Board's nominees because a vote to **WITHHOLD** with respect to any of Harvest's nominees on the proxy card will revoke any proxy you previously submitted. If you have already voted using the Harvest proxy card, you have every right to change your vote by voting by Internet or by telephone by following the instructions on the **WHITE** proxy card, or by completing and mailing the enclosed **WHITE** proxy card in the enclosed pre-paid envelope. Only the latest-dated validly executed proxy that you submit will be counted. Any proxy may be revoked at any time prior to its exercise at the meeting. See **Can I change my vote after submitting my proxy?** below. If you have any questions or require any assistance with voting your shares, please contact our proxy solicitor, Innisfree M&A Incorporated, toll free at (877) 800-5186 or collect at (212) 750-5833.

What is the quorum requirement for the meeting?

The holders of a majority of the voting power of the shares of stock entitled to vote at the meeting as of the record date must be present in person or represented by proxy at the meeting in order to hold the meeting and conduct business. This presence is called a quorum. Your shares are counted as present at the meeting if you are present and vote in person at the meeting or if you have properly submitted a proxy.

How are abstentions and broker non-votes treated?

Abstentions (shares present at the meeting and voted **abstain**) are counted for purposes of determining whether a quorum is present, and have no effect on the outcome of the matters voted upon.

A broker non-vote occurs when brokers, banks or other nominees holding shares for a beneficial owner have discretionary authority to vote on routine matters brought before a stockholders meeting, but the beneficial owner of the shares fails to provide the broker, bank or other nominee with specific instructions on how to vote on any non-routine matters brought to a vote at the stockholders meeting. Broker non-votes are counted for purposes of determining whether a quorum is present, and have no effect on the outcome of the matters voted upon.

Under the rules of the New York Stock Exchange governing brokers' discretionary authority, if you receive proxy materials from or on behalf of both Green Dot and Harvest, brokers and other nominees holding your account will not be permitted to exercise discretionary authority regarding any of the proposals to be voted on at the annual meeting, whether routine or not. If you do not submit any voting instructions to your broker or other nominee, your shares will not be counted in determining the outcome of any of the proposals at the annual meeting, nor will your shares be counted for purposes of determining whether a quorum exists.

However, if you receive proxy materials only from Green Dot, brokers and other nominees will be entitled to vote your shares on routine matters without instructions from you. The only proposal that would be considered routine in such event is the proposal for the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2016. A broker or other nominee will not be entitled to vote your shares on any non-routine matters, absent instructions from you. Non-routine matters include the election of directors and any stockholder proposal presented at the meeting.

Table of Contents

What is the vote required for each proposal?

The votes required to approve each proposal are as follows:

Proposal No. 1. The director will be elected by a plurality of the votes cast, which means that the three individuals nominated for election to the Board of Directors at the meeting receiving the highest number of FOR votes will be elected. You may either vote FOR the nominee or WITHHOLD your vote with respect to the nominee.

Proposal Nos. 2 and 3. Approval of each of Proposals 2 and 3 will be obtained if the number of votes cast FOR the proposal at the meeting exceeds the number of votes AGAINST the proposal.

What if I return a WHITE proxy card but do not make specific choices?

If you return a validly executed WHITE proxy card but do not indicate your voting preferences, your shares will be voted in the manner recommended by the Board of Directors on all matters presented in this proxy statement for which no instruction was provided and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the meeting.

If you do not vote and you hold your shares in street name, and your broker does not have discretionary power to vote your shares, your shares may constitute broker non-votes (as described above) and will not be counted in determining the number of shares necessary for approval of the proposals. However, shares that constitute broker non-votes will be counted for the purpose of establishing a quorum for the meeting. Voting results will be tabulated and certified by the inspector of elections appointed for the meeting.

Who is soliciting my proxy and paying for this proxy solicitation?

We will pay the entire cost of preparing, assembling, printing, mailing, and distributing these proxy materials. We will also bear the cost of soliciting proxies on behalf of the Board. We will provide copies of these proxy materials to banks, brokerage houses, fiduciaries, and custodians holding shares of our common stock beneficially owned by others in street name so that they may forward these proxy materials to the beneficial owners.

We have retained Innisfree M&A Incorporated to aid in soliciting proxies and advise on certain matters relating to the anticipated contested annual meeting for a fee estimated not to exceed \$575,000 plus reasonable out-of-pocket expenses. We have agreed to indemnify Innisfree M&A Incorporated against certain liabilities arising under the federal securities laws. Innisfree M&A Incorporated has informed us that it expects that approximately 45 of its employees will assist in the solicitation. Proxies may be solicited on or behalf by telephone or through other means by our directors, officers, and other employees who will receive no additional compensation therefor. Appendix A sets forth information relating to our directors, nominees, executive officers and employees who are considered participants in our solicitation under SEC rules. As a result of the proxy solicitation by Harvest and the matters being considered at the Annual Meeting, we will incur additional costs related to the mailing and printing of proxy materials, telephone solicitation, data processing and tabulation costs, and other related expenses of approximately \$1.1 million in the aggregate. The Company also will incur significant additional expenses related to the solicitation (in excess of those normally spent for an annual meeting) which are expected to be approximately \$2.6 million in the aggregate. These additional expenses include the fee payable to our proxy solicitor and the fees of outside counsel and financial and other advisors advising us in connection with a contested solicitation of proxies. To date, we have incurred approximately \$900,000 of these solicitation costs.

In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners.

Solicitations may also be made by personal interview, mail, telephone, facsimile, email, other electronic channels of communication, our investor relations website, or otherwise by directors, officers, and other employees of Green Dot, but we will not additionally compensate its directors, officers, or other employees for these services. Appendix A sets forth information relating to certain of our directors, officers, and employees who are considered participants in this proxy solicitation under SEC rules by reason of their position or because they may be soliciting proxies on our behalf.

What does it mean if I receive more than one set of materials with a WHITE proxy card?

Edgar Filing: GREEN DOT CORP - Form DEFC14A

It generally means your shares are registered differently or are in more than one account. For example, you may own some shares directly as a stockholder of record and other shares through a brokerage firm, or you may own shares through more than one brokerage firm. In these situations you may receive multiple sets of proxy materials. In order to vote all the shares you own, you must complete, sign and return all of the **WHITE** proxy cards or follow the instructions for any alternative voting procedure on each of the **WHITE** proxy cards you receive. Each **WHITE** proxy card you received came with its own prepaid return envelope. If you vote by mail, make sure you return each **WHITE** proxy card in the return envelope that accompanied that **WHITE** proxy card.

Table of Contents

If Harvest proceeds with its previously announced alternative director nominations, you will likely receive multiple mailings from Harvest, and we will likely conduct multiple mailings prior to the date of the meeting so that stockholders have our latest proxy information and materials to vote. We will send you a new **WHITE** proxy card with each mailing, regardless of whether you have previously voted. Only the latest validly executed proxy you submit will be counted. If you wish to vote as recommended by the Board, you should only submit the **WHITE** proxy cards. See [What should I do if I receive a proxy card from Harvest?](#) above for more information.

How can I change my vote after submitting my proxy?

A stockholder who has given a proxy may revoke it at any time before it is exercised at the meeting by:

delivering to the Corporate Secretary of Green Dot (by any means, including facsimile) a written notice stating that the proxy is revoked;

signing and delivering a proxy bearing a later date;

voting again by telephone or through the Internet; or

attending and voting at the meeting (although attendance at the meeting will not, by itself, revoke a proxy).

Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to revoke a proxy, you must contact that firm to revoke any prior voting instructions.

If you have previously signed a proxy card sent to you by Harvest, you may change your vote by voting by Internet or by telephone by following the instructions on your **WHITE** proxy card, or by completing and mailing the enclosed **WHITE** proxy card in the enclosed pre-paid envelope. Submitting a proxy card sent to you by Harvest will revoke votes you have previously made using Green Dot's **WHITE** proxy card.

Only the latest-dated validly executed proxy that you submit will be counted.

Where can I find the voting results?

The results will be tallied by the inspector of elections and filed with the SEC in a current report on Form 8-K within four business days of the meeting.

CORPORATE GOVERNANCE STANDARDS AND DIRECTOR INDEPENDENCE

Green Dot is strongly committed to good corporate governance practices. These practices provide an important framework within which our Board of Directors and management can pursue our strategic objectives for the benefit of our stockholders.

Corporate Governance Guidelines

Our Board of Directors has adopted Corporate Governance Guidelines that set forth expectations for directors, director independence standards, board committee structure and functions and other policies for the governance of the company. Our Corporate Governance Guidelines are available on the Investor Relations section of our website, which is located at <http://ir.greendot.com>, by clicking on Corporate Governance Guidelines, under Governance. The Corporate Governance Guidelines are reviewed at least annually by our Nominating and Corporate Governance Committee, and changes are recommended to our Board of Directors with respect to changes as warranted.

Board Leadership Structure

Our Board of Directors retains the flexibility to determine on a case-by-case basis whether the Chief Executive Officer, or an independent director, should serve as Chairman. This flexibility permits our Board of Directors to organize its functions and conduct its business in a manner it deems most effective in then-prevailing circumstances.

Our Board of Directors believes that we and our stockholders currently are best served by having Steven W. Streit serve as Chairman as well as Chief Executive Officer. By combining these positions, Mr. Streit serves as a bridge between the Board of Directors and the operating organization and, with his historical knowledge and operational expertise, provides critical leadership for the strategic initiatives and challenges of the future.

During those periods in which the positions of Chairman and Chief Executive Officer are combined, the independent directors appoint an independent director as a Lead Independent Director. Kenneth C. Aldrich currently serves as the Lead Independent Director.

The position and role of the Lead Independent Director is intended to facilitate communication between the Board of Directors and the Chairman and Chief Executive Officer and other members of management. The Lead Independent Director has the following duties:

To organize, convene and preside over executive sessions of the non-management and independent directors and promptly communicate approved messages and directives to the Chairman;

To preside at all meetings of the Board of Directors at which the Chairman is not available;

To collect and communicate to the Chairman the views and recommendations of the independent directors, relating to his or her performance; and

To perform such other duties and responsibilities as may be assigned from time-to-time by the independent directors.

The Board of Directors believes that its independence and oversight of management is maintained effectively through this leadership structure, the composition of the Board of Directors and sound corporate governance policies and practices.

Our Board of Directors Role in Risk Oversight

Our Board of Directors, as a whole, has responsibility for risk oversight, although the committees of our Board of Directors oversee and review risk areas which are particularly relevant to them. The risk oversight responsibility of our Board of Directors and its committees is supported by our management reporting processes, which are designed to provide visibility to the Board of Directors and to our personnel that are responsible for risk assessment and information about the identification, assessment and management of critical risks and management's risk mitigation strategies. These areas of focus include, but are not limited to, competitive, economic, operational, financial (accounting, credit, liquidity and

tax), legal, regulatory, compliance and reputational risks.

Each committee of the Board of Directors meets in executive session with key management personnel and representatives of outside advisors to oversee risks associated with their respective principal areas of focus and reviews risks and exposures related to management succession planning. The Audit Committee reviews strategic, financial and execution risks and exposures and regulatory exposures and other current matters that may present material risk to the company. The Audit Committee also oversees our internal audit function and discusses with management and our independent registered public accounting firm our policies with respect to significant financial risk exposures and the actions management has taken to limit, monitor or control such exposures. The Audit Committee receives periodic reports from our Chief Risk Officer on our enterprise risk management program. The Compensation Committee reviews

Table of Contents

risks and exposures associated with leadership assessment and executive compensation programs and arrangements, including incentive plans. The Nominating and Corporate Governance Committee reviews risks and exposures relating to significant legal compliance risks and also monitors the steps management has to mitigate these exposures, including our legal risk assessment and legal risk management policies and guidelines.

Independence of Directors

Our Board of Directors determines the independence of our directors by applying the independence principles and standards established by the New York Stock Exchange, or the NYSE. These provide that a director is independent only if the board affirmatively determines that the director has no direct or indirect material relationship with our company. They also specify various relationships that preclude a determination of director independence. Material relationships may include commercial, industrial, consulting, legal, accounting, charitable, family and other business, professional and personal relationships.

Applying these standards, the board annually reviews the independence of the company’s directors, taking into account all relevant facts and circumstances. In its most recent review, the board considered, among other things, the absence of any employment relationships between the company and its directors (other than Steven W. Streit who is an officer of the company and their families; the absence of any of the other specific relationships that would preclude a determination of independence under the rules of the NYSE; the absence of transactions with non-employee directors (other than Mr. Brewster) and members of their families that would require disclosure in this proxy statement under SEC rules regarding related person transactions; and the absence of any other material relationships between the non-employee directors and Green Dot.

Based upon this review, our Board of Directors has determined that the following director nominees and members of our Board of Directors are currently independent as determined under the rules of the NYSE:

Kenneth C. Aldrich J. Chris Brewster Glinda Bridgforth Hodges Rajeev V. Date Mary J. Dent	Timothy R. Greenleaf William I. Jacobs Michael J. Moritz George T. Shaheen
---	---

In determining that the Mr. Brewster is independent, our board of directors considered the commercial relationship between Green Dot and Cardtronics, Inc. and found that it did not impact his independence. Prior to his appointment to the Board, Mr. Brewster served as Chief Financial Officer of Cardtronics from February 2004 to February 2016, when he became an executive advisor to that company to assist in the orderly transition to his successor. In the ordinary course of our business, we incur expenses in connection with enabling our cardholders’ use of ATMs provided by third party vendors, including Cardtronics, Inc. Our payments to Cardtronics and its affiliates were approximately \$1.0 million in 2015 and approximately \$0.1 million during the three months ended March 31, 2016. The amounts paid to Cardtronics during 2015 represented approximately 0.2% of our total operating expenses for the year and less than 0.1% of Cardtronics’ total revenues for 2015.

All members of our Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee must be independent directors as defined by our Corporate Governance Guidelines. Members of the Audit Committee must also satisfy a separate SEC independence requirement, which provides that they may not accept directly or indirectly any consulting, advisory or other compensatory fee from Green Dot or any of its subsidiaries other than their directors’ compensation. No member of any committee may be a partner, member or principal of a law firm, accounting firm or investment banking firm that accepts consulting or advisory fees from Green Dot or any of its subsidiaries. Our Board of Directors has determined that all members of our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee are independent and all members of our Audit Committee satisfy the relevant SEC additional independence requirements for the members of such committee.

Committees of Our Board of Directors

Our Board of Directors has established an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. Each of these committees has a written charter approved by our Board of Directors. The composition and responsibilities of each committee are described below. Copies of the charters for each committee are available, without charge, upon request in writing to Green Dot Corporation, 3465 East Foothill Blvd., Pasadena, California 91107, Attn: Corporate Secretary or by clicking on Governance in the investor relations section of our website, <http://ir.greendot.com>. Members serve on these committees until their resignations or until otherwise determined by our Board of Directors.

Table of Contents

Audit Committee

Our Audit Committee is comprised of Mr. Greenleaf, who is the chair of the Audit Committee, and Ms. Dent and Mr. Shaheen. The composition of our Audit Committee meets the requirements for independence under the current NYSE and SEC rules and regulations. Each member of our Audit Committee is financially literate as required by current NYSE listing standards. In addition, our Board of Directors has determined that Mr. Greenleaf is an Audit Committee financial expert within the meaning of Item 407(d) of Regulation S-K based on his experience in the areas of venture capital and private equity investment (including strategic financial analysis), finance and business generally. Pursuant to its charter, our Audit Committee, among other things:

appoints our independent auditors;

approves the audit and non-audit services to be performed by our independent auditors;

assesses the qualifications, performance and independence of our independent auditors;

monitors the integrity of our financial statements and our compliance with legal and regulatory requirements as they relate to financial statements or accounting matters;

reviews the integrity, adequacy and effectiveness of our accounting and financial reporting processes and the adequacy and effectiveness of our systems of internal control;

discusses the results of the audit with the independent auditors and reviews with management and the independent auditors our interim and year-end operating results; and

prepares the Audit Committee report that the SEC requires in our annual proxy statement.

Compensation Committee

Our Compensation Committee is comprised of Mr. Aldrich, who is the chair of the Compensation Committee, and Messrs. Greenleaf, Moritz and Shaheen. The composition of our Compensation Committee meets the requirements for independence under the current NYSE and SEC rules and regulations. Pursuant to its charter our Compensation Committee, among other things:

reviews, approves and makes recommendations to our Board of Directors (as our Compensation Committee deems appropriate) regarding the compensation of our executive officers;

administers and interprets our stock and equity incentive plans;

reviews, approves and makes recommendations to our Board of Directors (as our Compensation Committee deems appropriate) with respect to equity and non-equity incentive compensation plans; and

Edgar Filing: GREEN DOT CORP - Form DEFC14A

establishes and reviews general strategies relating to compensation and benefits of our employees.

From time to time, in accordance with the provisions of its charter, our Compensation Committee reviews and makes recommendations to the Board of Directors regarding compensation for non-employee directors using a process similar to the one used for determining compensation for our executive officers, which is discussed in detail in the Executive Compensation-Compensation Discussion and Analysis below. Our Compensation Committee periodically reviews the market practice for non-employee directors for companies in our peer group in consultation with its independent compensation consultant.

Under its charter, our Compensation Committee has the authority to retain outside counsel or other advisors. Our Compensation Committee oversees the engagement of its independent compensation consultant and any other consultants it engages in addition to or in replacement of its independent consultant. Representatives of our Compensation Committee's independent compensation consultant meet informally with the chair of our Compensation Committee and, from time to time, with our Compensation Committee during its regular meetings. The independent compensation consultant selected by our Compensation Committee works directly with our Compensation Committee (and not on behalf of management) to assist our Compensation Committee in satisfying its responsibilities and will not undertake projects for management without our Compensation Committee's approval. Our Compensation Committee selected Deloitte Consulting LLP (Deloitte Consulting) to provide advice and ongoing recommendations on executive compensation matters for 2015. In 2015, our Compensation Committee considered Deloitte Consulting's independence as its independent compensation consultant by taking into account the factors prescribed by the NYSE listing rules. Based on this evaluation, the Committee determined that no conflict of interest exists.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee is comprised of Mr. Aldrich, who is the chair of the Nominating and Corporate Governance Committee, and Mses. Bridgforth Hodges and Dent. The composition of our Nominating and Corporate Governance Committee meets the requirements for independence under the current NYSE and SEC rules and regulations. Pursuant to its charter, our Nominating and Corporate Governance Committee, among other things:

identifies, evaluates and recommends nominees to our Board of Directors and its committees;

oversees the evaluation of the performance of our Board of Directors and its committees and of individual directors;

considers and makes recommendations to our Board of Directors regarding the composition of our Board of Directors and its committees;

reviews our legal compliance policies; and

makes recommendations to our Board of Directors concerning our corporate governance guidelines and other corporate governance matters.

Presiding Director of Non-Employee Director Meetings

The non-employee directors meet in regularly scheduled executive sessions without management to promote open and honest discussion. The Lead Independent Director, currently Mr. Aldrich, is the presiding director at these meetings.

Board and Committee Meetings and Attendance

The Board of Directors and its committees meet throughout the year on a set schedule, and also hold special meetings and act by written consent from time to time. During 2015, the Board of Directors met four times, including telephonic meetings, the Audit Committee held nine meetings, the Compensation Committee held five meetings and the Nominating and Corporate Governance Committee held four meetings. During 2015, a former director, Samuel Altman, and a continuing director, Mr. Moritz, each attended fewer than 75% of the aggregate of the total number of meetings held by the Board of Directors and the total number of meetings held by all committees of the Board of Directors on which such director served (during the period which such director served).

Board Attendance at Annual Stockholders Meeting

Our policy is to invite and encourage each member of our Board of Directors to be present at our annual meetings of stockholders. Excluding directors who were not standing for re-election at the meeting, seven of our directors attended our 2015 Annual Meeting of Stockholders.

Communication with Directors

Stockholders and interested parties who wish to communicate with our Board of Directors, non-employee members of our Board of Directors as a group, a committee of the Board of Directors or a specific member of our Board of Directors (including our Lead Independent Director, if any) may do so by letters addressed to the attention of our Corporate Secretary.

All communications are reviewed by the Corporate Secretary and provided to the members of the Board of Directors consistent with a screening policy providing that unsolicited items, sales materials and other routine items and items unrelated to the duties and responsibilities of the Board of Directors not be relayed on to directors. Any communication that is not relayed is recorded in a log and made available to our Board of Directors.

The address for these communications is:

NOMINATIONS PROCESS AND DIRECTOR QUALIFICATIONS

Nomination to the Board of Directors

Candidates for nomination to our Board of Directors are selected by our Board of Directors based on the recommendation of the Nominating and Corporate Governance Committee in accordance with the committee's charter, our certificate of incorporation and bylaws and our corporate governance guidelines. In recommending candidates for nomination, the Nominating and Corporate Governance Committee considers candidates recommended by directors, officers, employees, stockholders and others, using the same criteria to evaluate all candidates. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates as appropriate and, in addition, the committee may engage consultants or third-party search firms to assist in identifying and evaluating potential nominees.

Additional information regarding the process for properly submitting stockholder nominations for candidates for membership on our Board of Directors is set forth below under [Additional Information - Stockholder Proposals to be Presented at Next Annual Meeting](#).

Director Qualifications

With the goal of developing an experienced and highly-qualified Board of Directors, the Nominating and Corporate Governance Committee is responsible for developing and recommending to the Board of Directors the desired qualifications, expertise and characteristics of members of our Board of Directors, including the specific minimum qualifications that the committee believes must be met by a committee-recommended nominee for membership on the Board of Directors and any specific qualities or skills that the committee believes are necessary for one or more of the members of the Board of Directors to possess.

Since the identification, evaluation and selection of qualified directors is a complex and subjective process that requires consideration of many intangible factors, and will be significantly influenced by the particular needs of the Board of Directors from time to time, our Board of Directors has not adopted a specific set of minimum qualifications, qualities or skills that are necessary for a nominee to possess, other than those that are necessary to meet U.S. legal, regulatory and NYSE listing requirements and the provisions of our certificate of incorporation, bylaws, corporate governance guidelines and charters of the Board of Directors' committees. In addition, neither the Board of Directors nor the Nominating and Corporate Governance Committee has a formal policy with regard to the consideration of diversity in identifying nominees. When considering nominees, the Nominating and Corporate Governance Committee may take into consideration many factors including, among other things, a candidate's independence, integrity, skills, financial and other expertise, breadth of experience and knowledge about our business or industry and willingness and ability to devote adequate time and effort to responsibilities of the Board of Directors in the context of its existing composition. Through the nomination process, the Nominating and Corporate Governance Committee seeks to promote Board of Directors membership that reflects a diversity of business experience, expertise, viewpoints, personal backgrounds and other characteristics that are expected to contribute to the Board of Directors' overall effectiveness. The brief biographical description of each director set forth in Proposal No. 1 below includes the primary individual experience, qualifications, qualities and skills of each of our directors that led to the conclusion that each director should serve as a member of our Board of Directors at this time.

BACKGROUND TO THE SOLICITATION

The following describes material contacts Green Dot has had with Harvest Capital Strategies, LLC (together with its affiliates and related parties, Harvest) leading up to the current proxy contest. Harvest has nominated three directors to serve in place of the three directors who are recommended by our Board for election. During these contacts, our representatives provided only publicly available information, as Harvest refused to sign confidentiality agreements that would have enabled us to discuss our strategies and plans in more depth. The following does not include ordinary course contacts between Harvest and us relating to our quarterly conference calls and investor events. The Board does not endorse the Harvest nominees and unanimously recommends you use the WHITE proxy card to vote FOR the election of each of the nominees proposed by the Board.

On March 25, 2015, at Harvest's request, two of our directors, Mr. Aldrich and Ms. Dent, met in person with Jeffrey Osher, Managing Director of Harvest, and Craig Baum, Director of Harvest. During this meeting, Messrs. Osher and Baum asked questions regarding our business and strategy for the future and raised concerns about our company's performance and the leadership and integrity of our CEO, Mr. Streit, many of which had been highlighted in a letter, dated March 23, 2015, that Harvest submitted to Mr. Aldrich and Ms. Dent.

On March 30, 2015, at the request of Mr. Aldrich and Ms. Dent, Harvest submitted another letter to further detail the concerns Messrs. Osher and Baum raised during the meeting on March 25, 2015.

On May 22, 2015, with the Board's knowledge and consent, David Battaglia, a lawyer at Gibson Dunn, Mr. Streit's attorney, sent a letter to Joe Jolson, JMP Group's CEO. Among other things, the letter acknowledged that it was appropriate for Mr. Osher to freely and passionately voice his criticisms, served to call to Mr. Jolson's attention concerning behavior on the part of Mr. Osher and have Mr. Jolson take appropriate action, and invited communication between the principals with the goal of promoting further engagement, including offering an in-person meeting among Mr. Streit, other Board members and Mr. Jolson at his offices.

On June 1, 2015, following the Company's next regularly scheduled meeting of the Board on May 28, 2015, on behalf of the Board, Mr. Aldrich and Ms. Dent submitted a letter to Messrs. Osher and Baum, responding to some of their concerns.

On November 16, 2015, following Mr. Osher's e-mail request to meet with the Board, Mr. Aldrich and Ms. Dent sent an e-mail to Mr. Osher offering to arrange a meeting and offering to provide Harvest with access to a wide range of information, subject to a confidentiality agreement, to make an informed assessment of our company's future prospects.

On December 10, 2015, after rejecting Green Dot's offer of access to confidential information, Mr. Osher, Mr. Baum and Kevin Lynch, Harvest's President and Chief Operating Officer, met with the independent members of the Board (other than Ms. Bridgforth Hodges who missed the meeting due to illness) and our General Counsel, Mr. Ricci. During this meeting, Harvest's representatives presented their views and concerns regarding our company's performance and the leadership and integrity of our CEO, Mr. Streit.

On January 25, 2016, Harvest filed a Schedule 13D with the SEC disclosing it beneficially owned 6.2% of the outstanding shares of our Class A common stock and issued a letter to the Board and published presentation materials noting Harvest's concerns regarding Mr. Streit, demanding immediate leadership change and outlining its plans for enhancing long-term shareholder value at Green Dot. In particular, Harvest's Schedule 13D, letter and presentation material call for: (i) the removal of Mr. Streit as CEO; (ii) the reconstitution of the Board; (iii) the realignment of strategic initiatives for the purpose of balancing growth targets and profitability; (iv) rightsizing the cost-structure and optimizing the capital structure; and (v) unlocking inherent earnings power.

On February 12, 2016, the Board submitted a letter to Harvest, advising it that the Board was seeking to add to its membership and would be reaching out to its ten largest stockholders to identify suitable candidates. The letter invited Harvest to be part of this search process and noted that the Board was prepared to collaborate in good faith with Harvest on the selection of appropriate candidates.

On February 18, 2016, Harvest submitted a letter to the Board, rejecting the Board's invitation and stating the offer to identify additional director candidates was inconsistent with the change Harvest is seeking.

On March 3, 2016, Harvest issued a public letter addressed to the Board, in which it reiterated many of the same concerns and criticisms it raised in prior communications and addressed the six-step plan introduced during Green Dot's earnings call. In addition, Harvest announced it was in the process of recruiting three directors for election at the Annual Meeting, whom it would announce subsequently.

On March 9, 2016, Mr. Streit e-mailed Mr. Osher and, on behalf of the Board, offered Harvest the opportunity to name one Board member to be appointed immediately in an effort to reach a settlement and Mr. Streit personally proposed to take no equity compensation for two years and to

work with our Compensation Committee to further align his cash compensation with Green Dot's stated performance objectives.

Table of Contents

On March 11, 2016, Mr. Osher rejected the Board's settlement offer and Mr. Streit's personal offers regarding his compensation.

On March 13, 2016, Mr. Streit e-mailed Mr. Osher, expressing the Board's disappointment with Mr. Osher's response to its offer and reminding him that the Board and Mr. Streit continued to be willing to engage with Harvest.

On March 14, 2016, Harvest publicly announced and delivered a letter to us nominating three nominees for election to the Board at the Annual Meeting.

On March 25, 2016, on behalf of the Board, Don Duffy, our outsourced IR leader, called one of Harvest's nominees, George Gresham, advising him that the Board in good faith wished to appoint him as a director immediately to a class of the Board that is not up for election at the Annual Meeting, and inviting him to meet with the Board and accept its invitation.

On March 28, 2016, Mr. Gresham contacted Mr. Duffy to decline the Board's offer.

On March 29, 2016, we filed with the SEC a preliminary proxy statement with respect to the Annual Meeting.

On April 1, 2016, Harvest filed with the SEC a preliminary proxy statement with respect to the Annual Meeting.

On April 11, 2016, we filed with the SEC amendment no. 1 to our preliminary proxy statement.

On April 12, 2016, Harvest filed with the SEC amendment no. 1 to its preliminary proxy statement.

On April 15, 2016, we filed with the SEC amendment no. 2 to our preliminary proxy statement.

On April 18, 2016, we filed with the SEC our definitive proxy statement with respect to the Annual Meeting.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our Board of Directors currently consists of ten directors and is divided into three classes. Each class serves for three years, with the terms of office of the respective classes expiring in successive years. The term of the directors in Class III expire at this meeting. The terms of office of directors in Class I and Class II do not expire until the annual meetings of stockholders held in 2017 and 2018, respectively.

Biographical information for each of the nominees and each director whose term of office will continue after the upcoming meeting is set forth in the section titled *Continuing Directors* below. We have highlighted in that section, the specific experience, qualifications, and skills that led the Board to conclude that each individual should continue to serve as a director of Green Dot. In addition to the information set forth in that section, Appendix A sets forth information relating to certain of our directors, officers, and employees who are considered *participants* in this proxy solicitation under the rules of the SEC by reason of their position as Green Dot directors or because they may be soliciting proxies on our behalf.

Board Recommendation. The Board unanimously recommends that you vote on the enclosed **WHITE** proxy card or voting instruction form **FOR ALL** of the Board's nominees for election: Timothy R. Greenleaf, Michael J. Moritz and Steven W. Streit.

Background to the Board's Recommendation in Favor of its Nominees. The Nominating and Corporate Governance Committee and the Board consider a number of factors and principles in determining the slate of director nominees for election to the Board. In particular, the Nominating and Corporate Governance Committee and the Board considered the following factors and principles to evaluate and select nominees:

The Board should be composed of directors chosen on the basis of their competence, integrity, skills, business acumen, financial and other expertise, breadth of experience and knowledge about our business or industry.

Other factors relevant to applicable regulatory authorities, including reputation and record of compliance with laws and regulations and of fulfilling any commitments to, and any conditions imposed by, such authorities.

Willingness and ability to devote adequate time and effort to responsibilities of the Board in the context of its existing composition.

Directors should also represent the balanced, best interests of the stockholders as a whole rather than special interest groups or constituencies.

Demonstrated interest in our company and its long-term success.

Ability to work productively with others.

In addressing the overall composition of the Board, characteristics, such as diversity of business experience, expertise, viewpoints and personal backgrounds, that are expected to contribute to the Board of Directors' overall effectiveness.

The Nominating and Corporate Governance Committee and Board have evaluated each of Messrs. Greenleaf, Moritz and Streit and each of Harvest's proposed nominees against the factors and principles Green Dot uses to select nominees for director. Based on this evaluation, our Nominating and Corporate Governance Committee and the Board concluded that it is in the best interests of Green Dot and its stockholders to vote **FOR ALL** of the Board's nominees to continue to serve as directors of Green Dot. However, as explained below, the Nominating and Corporate Governance Committee also determined that among Harvest's proposed nominees, only George Gresham was suitable for appointment as a director through its search process. Mr. Gresham was then approached directly and offered an immediate appointment as a director to a class of the Board that is not up for election at the Annual Meeting. He declined the Board's offer.

Director Search Process and Recent Board Appointments. During our earnings call in February 2016, Green Dot announced that Harvest was fair to note that we could benefit from different perspectives on the Board and, to that end, we had commenced an open search process under the oversight of our Nominating and Corporate Governance Committee to identify experienced and highly-qualified independent directors to expand the Board with. The search process was conducted in a manner that included the solicitation of input and potential director candidates from our ten largest unaffiliated stockholders, primarily through conference calls with each investor and Ms. Dent, a member of our Audit Committee and Nominating and Corporate Governance Committee, and members of management. In addition to meetings and calls with our investors, the Nominating and Corporate Governance Committee sought and obtained recommendations from our financial advisors, communications consultants and other third parties. Furthermore,

following Harvest's announcement of its proposed nominees, our Nominating and Corporate Governance Committee convened a meeting for the purpose of evaluating Harvest nominees in order to determine whether or not any or all of those nominees would be suitable members to add to the Board as part of its search process.

In connection with its evaluation of Harvest's proposed nominees, the Nominating and Corporate Governance Committee determined that one of those proposed nominees, George Gresham, would be a suitable addition to an expanded Board. In reaching this conclusion, the Nominating and Corporate Governance Committee determined that Mr. Gresham would complement the Board's existing composition with his industry experience and background as a chief financial officer, and that Mr. Gresham's personal references and industry background checks were positive. Upon the recommendation of the Nominating and Corporate Governance Committee, on March 25, 2016, the Board sought in good faith to appoint Mr. Gresham to the Board immediately to a class of the Board that is not up for election at the Annual Meeting. In addition to helping accomplish the goal of the search process, the Board also hoped that appointing Mr. Gresham would help achieve what it previously attempted to do directly through settlement offers to Harvest. Given a long standing personal relationship between Mr. Gresham and Green Dot's outsourced IR leader, Don Duffy of the firm ICR, the Board directed Mr. Duffy to contact Mr. Gresham on its behalf to extend its offer of immediate appointment. Mr. Duffy contacted Mr. Gresham and discussed with him the Board's offer. Mr. Gresham was, in Mr. Duffy's view, cordial and appreciative of the contact and asked for some time to consider the offer. Three days later, Mr. Gresham notified Mr. Duffy that he would decline the Board's offer.

After numerous candidates had been identified, interviewed and evaluated, Samuel Altman, a non-independent Class I director, voluntarily agreed to step down from the Board, effective immediately prior to the new director appointments, in order to facilitate the appointment of three independent directors without necessitating the expansion of the Board beyond two new seats. Thereafter, the Board appointed the following new directors: J. Chris Brewster, former Chief Financial Officer of Cardtronics, Inc.; Rajeev V. Date, Managing Partner of Fenway Summer LLC and former Deputy of the CFPB; and William I. Jacobs, Chairman of Global Payments, Inc. and former executive of MasterCard International. Please see - Continuing Directors below for the biographies and other information concerning our newly appointed directors, including the primary individual experience, qualifications, qualities and skills of each new director that led to the conclusion that he should serve as a member of the Board at this time.

Director Stock Ownership Guidelines. Since April 2015, upon the recommendation of the Compensation Committee, our Board has instituted the following stock ownership guidelines for its non-employee directors to better align our directors' interests with those of our stockholders. Director guidelines are determined as a multiple of the annual cash retainer for board membership (excluding any fees received for board leadership and committee chairmanship). The director guidelines are established as four times a director's annual cash retainer. Shares that count toward meeting the stock ownership guidelines include shares owned outright, full value awards (e.g., restricted stock and RSUs) and shares owned directly by the director's spouse, dependent children and/or trust. Directors have 5 years from appointment of the board to acquire and hold the pre-determined level of shares. As of December 31, 2015, Messrs. Aldrich, Greenleaf and Moritz reached the stated ownership requirements for 2015. The other directors have until April 2020 to meet the stated thresholds.

Table of Contents**PROPOSAL NO. 2****RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our Audit Committee has appointed Ernst & Young LLP as Green Dot's principal independent registered public accounting firm to perform the audit of Green Dot's consolidated financial statements for fiscal year ending December 31, 2016. As a matter of good corporate governance, our Audit Committee has decided to submit its selection of principal independent registered public accounting firm to stockholders for ratification. In the event that this appointment of Ernst & Young LLP is not ratified by our stockholders, the Audit Committee will review its future selection of Ernst & Young LLP as Green Dot's independent registered public accounting firm.

Our Audit Committee first approved Ernst & Young LLP as our independent auditors in 2005, and Ernst & Young LLP audited Green Dot's financial statements for the year ended December 31, 2015. Representatives of Ernst & Young LLP are expected to be present at the meeting, in which case they will be given an opportunity to make a statement at the meeting if they desire to do so, and will be available to respond to appropriate questions.

Principal Accountant Fees and Services

We regularly review the services and fees from the independent registered public accounting firm. These services and fees are also reviewed with our Audit Committee annually. In accordance with standard policy, Ernst & Young LLP periodically rotates the individuals who are responsible for Green Dot's audit.

In addition to performing the audit of Green Dot's consolidated financial statements, Ernst & Young LLP provided various other services during the years ended December 31, 2015 and 2014. Our Audit Committee has determined that Ernst & Young LLP's provisioning of these services, which are described below, does not impair Ernst & Young LLP's independence from Green Dot. The aggregate fees billed for the years ended December 31, 2015 and 2014 for each of the following categories of services are as follows:

Fees Billed to Green Dot	2015	2014
Audit fees ⁽¹⁾	\$ 1,302,295	\$ 1,098,695
Audit related fees ⁽²⁾	114,747	467,200
Tax fees ⁽³⁾	450,840	472,390
All other fees		
Total fees	\$ 1,867,882	\$ 2,038,285

- (1) *Audit fees* include fees for audit services primarily related to the audit of our annual consolidated financial statements; the review of our quarterly consolidated financial statements; consents, and other accounting and financial reporting consultation and research work billed as audit fees or necessary to comply with the standards of the Public Company Accounting Board (United States).
- (2) *Audit related fees* include fees for benefit plan audits and due diligence services related to completed or potential acquisitions.
- (3) *Tax fees* include fees for tax compliance and advice. Tax advice fees encompass a variety of permissible services, including technical tax advice related to federal and state income tax matters; assistance with sales tax; and assistance with tax audits.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Our Audit Committee's policy is to pre-approve all services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date.

All of the services relating to the fees described in the table above were approved by our Audit Committee.

STOCKHOLDER PROPOSAL

Proposal 3 is a stockholder proposal submitted by CalSTRS. If the stockholder proponent, or representative who is qualified under state law, is present at the Annual Meeting and submits the proposal for a vote, then the proposal will be voted upon. The stockholder proposal is included in this proxy statement exactly as submitted by the stockholder proponent. Our Board's recommendation on the proposal is presented immediately following the proposal. We will promptly provide you with the name, address and, to Green Dot's knowledge, the number of voting securities held by the proponent of the stockholder proposal, upon receiving a written or oral request directed to: Green Dot Corporation, Attn: John C. Ricci, Corporate Secretary, 3465 E. Foothill Blvd., Pasadena, CA 91107, telephone: (626) 765-2000.

PROPOSAL NO. 3

STOCKHOLDER PROPOSAL REGARDING MAJORITY VOTING IN UNCONTESTED DIRECTOR ELECTIONS

BE IT RESOLVED:

That the shareholders of Green Dot Corporation hereby request that the Board of Directors initiate the appropriate process to amend the Company's articles of incorporation and/or bylaws to provide that director nominees shall be elected by the affirmative vote of the majority of votes cast at an annual meeting of shareholders, with a plurality vote standard retained for contested director elections, that is, when the number of director nominees exceeds the number of board seats.

SUPPORTING STATEMENT:

In order to provide shareholders a meaningful role in director elections, the Company's current director election standard should be changed from a plurality vote standard to a majority vote standard. The majority vote standard is the most appropriate voting standard for director elections where only board nominated candidates are on the ballot, and it will establish a challenging vote standard for board nominees to improve the performance of individual directors and entire boards. Under the Company's current voting system, a nominee for the board can be elected with as little as a single affirmative vote, because withheld votes have no legal effect. A majority vote standard would require that a nominee receive a majority of the votes cast in order to be re-elected and continue to serve as a representative for the shareholders.

In response to strong shareholder support, a substantial number of the nation's leading companies have adopted a majority vote standard in company bylaws or articles of incorporation. In fact, more than 94% of the companies in the S&P 500 have adopted majority voting for uncontested elections. We believe the Company needs to join the growing list of companies that have already adopted this standard.

CalSTRS is a long-term shareholder of the Company and we believe that accountability is of utmost importance. We believe the plurality vote standard currently in place at the Company completely disenfranchises shareholders and makes the shareholder's role in director elections meaningless. Majority voting in director elections will empower shareholders with the ability to remove poorly performing directors and increase the directors' accountability to the owners of the Company, its shareholders. In addition, those directors who receive the majority support from shareholders will know they have the backing of the very shareholders they represent. We, therefore, ask you to join us in requesting that the Board of Directors promptly adopt the majority vote standard for director elections.

Please vote FOR this proposal.

Our Board of Directors' Statement in Support of Proposal 3

Our Board is committed to effective corporate governance practices and values the input of our stockholders. Accordingly, upon receiving the CalSTRS proposal discussed above, our Board and Nominating and Corporate Governance Committee undertook a full review of the proposal, the practices of other publicly-traded companies who have adopted majority voting standards in the election of directors and the anticipated consequences of our adoption of a majority voting standard. In the course of their review, our Board and Nominating and Corporate Governance Committee noted, consistent with CalSTRS' supporting statement above, that over 90% of large-cap companies have adopted majority voting practices in the election of directors. Our Board and Nominating and Corporate Governance Committee also noted that shareholders of publicly-traded companies in the U.S. have generally supported proposals to require majority voting in the election of directors.

Based upon the information gathered in its review of the CalSTRS proposal, and our Board's desire to maintain good corporate governance practices, the Board concluded that the implementation of a majority voting standard in the election of directors would likely benefit our stockholders. Accordingly, our Board determined to recommend that our stockholders vote in favor of Proposal 3.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis section, or CD&A, is designed to provide our stockholders with an explanation of our executive compensation philosophy and objectives, our 2015 executive compensation program and the compensation paid by the company to the following named executive officers in 2015, referred to throughout this proxy statement as our named executive officers, or NEOs:

Steven W. Streit, Chairman, President and Chief Executive Officer, or CEO;

Mark L. Shifke, Chief Financial Officer, or CFO;

Konstantinos Sgoutas, Chief Revenue Officer, or CRO;

Kuan Archer, Chief Operating Officer, or COO;

Lewis B. Goodwin, President and Chief Executive Officer, Green Dot Bank; and

Grace T. Wang, former Chief Financial Officer.

Green Dot's 2015 Financial Performance and Executive Compensation

2015 was a transitional year for us. While Green Dot had double-digit growth in non-GAAP revenue and adjusted EBITDA driven by acquisitions, our non-GAAP diluted earnings per share were relatively flat due to the offsetting impact of a significant year-over-year revenue decline related to the discontinuation of our MoneyPak product and lower revenue from our private label portfolio. By no means were we satisfied with these financial results, but we believe they represented major achievements in light of the headwinds we experienced. The actual compensation paid to our NEOs under our regular annual executive compensation program reflected these mixed results:

We have frozen base salaries at 2014 levels for all NEOs other than our COO, who received an increase in connection with his January 2015 promotion.

Based on achievement of 95.1% and 93.2% of our targets for adjusted EBITDA and non-GAAP annual revenue under our variable cash incentive plan, our NEOs were paid 70.9% of their at-target bonus opportunity.

Our CRO, whose entire equity award for 2015 was performance-based, forfeited one-third of the shares underlying that award due to failure to meet the revenue goals for 2015, with the remainder subject to achievement of revenue goals for 2016 and 2017. In March 2016, in connection with setting the executive officer compensation program for 2016, our Compensation Committee granted our CRO and other NEOs performance-based restricted stock units that are earned on the basis of achievement of targeted annual non-GAAP diluted earnings per share (EPS) and vest 25% on the date any shares are earned with the remainder vesting over three thereafter based on service. Our CRO's award entitles him to 27,097 shares at target, and depending on our non-GAAP EPS performance, he could earn as little as 0% (below 93.5% of our non-GAAP EPS target) and as much as 150% (at or above 107.5% of our non-GAAP EPS target) of the target shares.

Edgar Filing: GREEN DOT CORP - Form DEFC14A

Our CEO's equity compensation for 2015 was also 100% performance-based. While this award is measured over and vests at the end of a three-year performance period, based on the results in the first year, his award is on pace to vest as to roughly half of the at-target number of shares thereunder.

We also changed organizationally during this year of transition, elevating two non-executive officers to the positions of COO and CFO. Our COO received a pay raise and equity award in January 2015 in connection with his promotion. While we did not increase Mr. Shifke's compensation package as a result of his May 2015 promotion to CFO, his pre-existing compensation package as our SVP of Corporate Development/M&A (which was established prior to his becoming an executive officer) resulted in equity awards and commitments to grant equity awards that had a material impact on his compensation. In December 2014, management committed to Mr. Shifke that it would recommend to our Compensation Committee that he receive an RSU in 2016 based on our revenue performance in 2015, and on January 2, 2015 we granted Mr. Shifke an equity award to reward his efforts in 2014 to complete the acquisition of our tax processing business and the related financing in October 2014. For information on the equity awards to our COO and current CFO and the reasons therefor, please see the next table and Executive Compensation Decisions for the 2015 Performance Year-Long-Term Equity-Based Awards below.

Compensation Philosophy and Objectives

We believe that the compensation programs offered to NEOs should support the achievement of our financial goals and creation of long-term stockholder value. Accordingly, our executive compensation program is designed to:

attract and retain talented and experienced executives;

Table of Contents

motivate and reward executives whose knowledge, skills and performance are critical to our success;

link compensation to company and individual performance;

link cash incentives to our financial performance;

align the interests of our NEOs with those of our stockholders, by providing our NEOs with long-term incentives; and

promote an ownership culture.

We have endeavored to create an executive compensation program that provides a mix of short-term and long-term incentives and an appropriate balance between fixed and variable compensation that we believe retains and appropriately motivates our executive officers, including our NEOs. In addition, our Compensation Committee and our Board of Directors strive to keep annual base salary at a competitive level while providing executive officers with performance-based equity and variable cash incentive awards in order to reward them well for superior current and long-term performance. Our executive compensation program also has the following features that demonstrate our continued commitment to pay-for-performance and to corporate governance best practices:

Our incentive compensation plans do not have guaranteed payout levels, and our NEOs do not receive any payouts under performance-based equity or variable cash incentive awards if the goals are not met. Our executive compensation plans are also capped to discourage inappropriate risk taking.

We began granting performance-based restricted stock units (PRSUs) to certain of our NEO in 2015 and in 2016 our annual executive compensation program for all NEOs has been modified to be entirely performance-based. We no longer award any stock options to our executive officers.

Our various incentive plans use non-duplicative measures that correlate to stockholder value, such that no single metric is overly emphasized in determining payouts.

We have implemented robust stock ownership guidelines for our NEOs, requiring them to hold a minimum value in shares so that they have an even greater financial stake in our company, thereby further aligning the interests of our executive officers with those of our stockholders.

We have clawback provisions in our cash compensation plans (providing for the return of any excess compensation received by an executive officer if our financial statements are the subject of a restatement due to fraud or intentional illegal conduct).

Our executive officers are prohibited from acquiring, selling, or trading in any interest or position relating to the future price of Green Dot securities, such as a short sale. In addition, executive officers are prohibited from holding Green Dot securities in a margin account or pledging Company securities as collateral for a loan.

Our equity incentive plan prohibits the repricing or exchange of equity awards without stockholder approval.

Our Compensation Committee considers a variety of factors when setting and evaluating executive officer pay levels, including: tenure, experience, institutional knowledge, retention risk, marketability, replacement cost, leadership skills, and job performance. In addition, the

Edgar Filing: GREEN DOT CORP - Form DEFC14A

Compensation Committee utilizes competitive market data as a reference point and not as a determinative factor for structuring and determining the amount of compensation to be awarded to our executive officers. The following table presents, for the continuing NEOs, target total direct compensation (i.e., the sum of annual base salary, target annual cash incentive award value and grant date value of long-term equity-based incentive awards) and the value of each pay component for 2015. For more detail regarding our Compensation Committee's decisions, see the narrative under "Executive Compensation Decisions for the 2015 Performance Year" below.

* These amounts are not a substitute for the amounts disclosed in the Summary Compensation Table, which are disclosed in accordance with SEC rules.

- (1) Excludes the grant date fair value of \$2,034,000 for 100,000 RSUs that were granted on January 2, 2015, while Mr. Shifke was not an executive officer, to reward his efforts in 2014 to complete our acquisition of TPG and the related financing in October 2014, as well as to serve our retention goals and further align his interests with those of our stockholders. Additionally, to align his compensation with his then-current role as SVP of Corporate Development/M&A, prior to his becoming an executive officer, management committed to Mr. Shifke that it would recommend to our Compensation Committee that he receive a RSU in 2016 based on the revenue contribution in 2015 from acquisitions completed since the beginning of 2014 (excluding TPG). In February 2016, our CFO was granted 145,208 RSUs, subject to time-based vesting conditions, as a result of this commitment. The grant date fair value of this award was \$3,000,000. This table does not reflect any value of this 2014 commitment because the associated award was not made until 2016.
- (2) Excludes the grant date fair value of \$1,017,000 for 50,000 RSUs that were granted in 2015 in connection with Mr. Archer's promotion to Chief Operating Officer as of January 1, 2015.

From time to time, special business conditions may warrant additional compensation, such as sign-on bonuses, or equity awards in connection with promotions or in recognition of significant accomplishments, to attract, retain or motivate executive officers. In these situations, we consider our business needs and the potential costs and benefits of special rewards.

Our Compensation Committee believed that the allocation between salary, cash incentives and long-term incentives reflected above encouraged our NEOs to work toward our company's financial success, drive long-term stockholder value over time and did not promote inappropriate risk taking. Additionally, our NEOs' 2015 target pay mix was aligned with competitive market practices.

The following graphs reflect the mix of target compensation of our CEO and our other NEOs in 2015:

Say-on-Pay Results

At our 2011 and 2014 annual meeting of stockholders, we requested stockholders to cast a non-binding advisory vote on the compensation of our NEOs, the so-called "say-on-pay" vote. These proposals passed with approximately 99% and 67% of the votes cast in favor of the say-on-pay proposals presented at the meetings held in 2011 and 2014, respectively. As a result of the 2014 vote results, our Compensation Committee engaged a new compensation consultant and began a comprehensive review of our executive compensation program with the goal of identifying changes to ensure that our incentive compensation remains consistent with Green Dot's compensation philosophy and objectives on executive compensation. In 2015, a series of changes were introduced to our executive compensation

Table of Contents

program, including first-time grants of PRSUs to our Chief Executive Officer and Chief Revenue Officer and adoption of stock ownership guidelines. PRSUs are subject to the achievement of pre-determined goals over a three-year period. Consistent with our pay-for-performance philosophy, our CEO and CRO received 100% of his 2015 equity grant in the form of PRSUs.

Risk Considerations

We believe that the design and objectives of our executive compensation program provide an appropriate balance of incentives for our NEOs, thereby discouraging them from taking inappropriate risks. Among other things, our executive compensation program includes the following design features:

a balanced mix of cash and equity; as well as appropriately balanced fixed (base salary) and variable compensation (cash incentives and equity-based awards);

a mix of short-term and long-term incentives, with short-term incentives currently representing a significantly lower proportion of the total mix;

cash incentives solely based on achieving company performance objectives of adjusted EBITDA and annual revenue and subject to our clawback right under certain circumstances;

maximum award limits for annual cash incentives and PRSUs;

stock ownership guidelines which align the interests of our executive officers with those of our stockholders; and

general alignment with prevalent low-risk pay practices.

Our Compensation Committee has assessed our compensation philosophy and objectives and forms of compensation and benefits for all employees, including executives, and has concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on our company.

Compensation Committee Decision Process

Our Compensation Committee oversees the compensation of our NEOs and our executive compensation programs and initiatives. Our Compensation Committee typically reviews executive officer compensation (including base salary, short-term incentives and long-term incentives), in the first half of each fiscal year, in order to understand competitive market compensation levels and practices based on the most recently completed year. In connection with this review, our Compensation Committee considers any input it may receive from our CEO in evaluating the performance of each executive officer and sets each executive officer's total target direct compensation for the current year based on this review and the other factors described below. We pay cash incentive awards under our Executive Officer Incentive Plan, which is designed to compensate our NEOs for their contribution to achieving financial goals contained in our company financial plan, as explained in further detail below. Authority to make equity award grants to our NEOs currently rests with our Compensation Committee.

We have based most, if not all, of our prior compensation determinations, including those made for 2015, on a variety of factors, including our performance, our financial condition and available resources, individual performance, our need for a particular position to be filled and the recommendations of our CEO (other than with respect to his own compensation). As discussed under *Role of Compensation Consultant* below, for 2015, the Compensation Committee engaged a compensation consultant and once again conducted a formal benchmarking review. In establishing compensation for executive officers other than our CEO, our Compensation Committee gives weight to the recommendations of our CEO, but final decisions about the compensation of our NEOs are typically made solely by our Compensation Committee.

Role of Compensation Consultant

Edgar Filing: GREEN DOT CORP - Form DEFC14A

The Compensation Committee generally retains an independent compensation consultant to help understand competitive compensation levels and incentive designs. The independent compensation consultant is solely hired by, and reports directly to the Compensation Committee. The Committee has sole authority to retain and terminate the independent compensation consultant. At the Committee's discretion, the independent compensation consultant:

attends Committee meetings;

assists the Committee in determining peer companies and evaluating compensation proposals;

assists with the design of incentive compensation programs; and

conducts compensation-related research.

Our Compensation Committee retained Deloitte Consulting LLP (Deloitte Consulting), to help in the selection of an appropriate peer group for executive compensation benchmarking purposes, review the company’s executive compensation programs, assist our Compensation Committee in designing its executive compensation program and provide the Committee an understanding in executive compensation trends. For 2015, our Compensation Committee did not make any changes to the peer groups it established in 2014, based on input from Deloitte Consulting. The primary peer group used to inform our Compensation Committee of pay levels and practices most relevant for the labor market in which Green Dot competes included:

Blackhawk Network Holdings, Inc.	EZCORP, Inc.	Regional Management Corp.
Cardtronics, Inc.	Global Cash Access Holdings, Inc.	WEX, Inc.
Cash America International, Inc.	Heartland Payment Systems, Inc.	World Acceptance Corp.
Cass Information Systems, Inc.	Jack Henry & Associates, Inc.	
Euronet Worldwide, Inc.	MoneyGram International, Inc.	

Our Compensation Committee also uses a secondary peer group to monitor for pay practice insights and trends, but not for purposes of benchmarking compensation levels. This group consists of the thirteen companies above, as well as three larger companies in the U.S. payment processor industry: Western Union, Global Payments and Total System Services.

Deloitte Consulting conducted a compensation benchmarking study to assist our Compensation Committee with understanding competitive pay levels and design practices. While our Compensation Committee generally considers market data when determining the competitiveness of the executive compensation program, as discussed above, and generally evaluates competitiveness with reference to the 50th percentile of total direct compensation paid to comparable executives within the primary peer group, it uses the findings as a reference point and does not target individual pay elements at a specific percentile.

Elements of Compensation

The key components of our current compensation program for our NEOs are summarized in the table below. The Compensation Committee considers each compensation component individually and all compensation components in the aggregate when making decisions regarding amounts that may be awarded under each other compensation component.

Compensation Element	Form of Compensation	Purpose
Base Salary	Cash	Provide fixed compensation to attract and retain key executives and to offset external factors that may impact incentive pay.
Annual Cash Incentive	Cash	To provide incentives for the achievement of financial performance goals and to reward our NEOs for the achievement of these goals.
Long-term Incentive	Restricted stock units or Performance-based RSUs	To create a strong incentive for our NEOs to achieve our long-term financial performance targets (PRsUs only); to align management’s interests with those of our stockholders; and to create an incentive for management to remain employed with the company.

Executive Compensation Decisions for the 2015 Performance Year

Base Salary. We seek to provide our NEOs with a base salary that is appropriate for his or her roles and responsibilities, and that provides him or her with a level of income stability. Our Compensation Committee reviews the base salaries of our NEOs annually, with significant input from our CEO (other than with respect to his own compensation), to determine whether any adjustment is warranted. In considering a base salary adjustment, our Compensation Committee considers our company’s overall performance and the NEO’s performance, individual contribution, changes in responsibilities and prior experience. Our Compensation Committee may also take into account the NEO’s current salary, equity ownership and internal equity.

The annual base salaries of our NEOs other than Mr. Archer were not increased based on our Compensation Committee’s assessment that the salaries of our NEOs remained market competitive. In connection with his promotion to Chief Operating Officer, Mr. Archer’s annual base salary was increased to \$440,000 in recognition of the increase in his responsibilities.

Table of Contents

The actual base salaries paid to our NEOs in 2015 are set forth in the Summary Compensation Table below.

Annual Cash Incentive Awards. We utilize cash bonuses to incentivize our NEOs to achieve company performance goals on an annual basis and to reward extraordinary accomplishments. We establish bonus targets for cash incentive awards annually, following the end of the year, and we pay bonuses following the end of the performance period (i.e., 2015). Each NEO's target bonus amount is a pre-determined amount that is intended to provide a competitive level of compensation if the executive officer achieves performance goals that are established in the beginning of the performance year. Performance goals consist of two company financial objectives. In general, we use company performance goals to ensure that our executive compensation program aligns the interests of each of our NEOs with those of our stockholders. Additionally, our annual cash incentive awards are intended to compensate our NEOs for their contribution to achieving financial goals for the performance period contained in our company financial plan. We determine the actual bonus award for each of our NEOs according to the level of achievement of company performance objectives. For more information about our cash incentive awards, see 2015 Executive Officer Incentive Bonus Plan.

Our Compensation Committee may award other cash bonuses at any time during the year to reward a NEO in connection with promotions or other achievements. In 2015, the company did not grant any such bonuses to the NEOs.

2015 Executive Officer Incentive Bonus Plan. Our Compensation Committee evaluated target bonus amounts with reference to the 2015 peer group, using its subjective judgment to determine the amount of bonus sufficient to continue to align the interests of each NEO with those of our stockholders while providing incentives to maximize their efforts throughout the year. For 2015, our Compensation Committee set individual target bonus amounts for the NEOs ranging from 70% to 100% of their respective base salaries. Our NEOs who are responsible for revenue generation-related functions had targets set at a higher level than the other NEOs, reflecting our compensation philosophy to link compensation to company performance where doing so would have the greatest impact on revenue generation. The target bonus amounts for our NEOs for 2015 were as follows: Mr. Streit \$666,000; Mr. Shifke \$450,000; Mr. Sgoutas \$440,000; Mr. Archer \$352,000, Mr. Goodwin \$252,000 and Ms. Wang (former CFO) \$300,000.

For 2015, our Compensation Committee maintained the same incentive bonus plan structure it used in 2014. The 2015 Executive Officer Incentive Bonus Plan provides for annual payments based on two company performance measures, with a threshold level of performance to be achieved in order to receive a minimum payout (for threshold performance) and an opportunity to earn up to 150% of the target bonus amount (for superior performance). Our Compensation Committee believed this plan to be consistent with prevailing market practices among companies within our peer group and with our compensation philosophy and objectives. As explained below, the actual payout amount to each NEO is determined by multiplying the target bonus payment by a multiplier (which could be more or less than 100% but cannot exceed 150%) that will vary depending on the percentage of achievement for the two company performance objectives.

Our Board of Directors approves a financial plan for our company for each fiscal year and, in practice, that action resets the financial performance goals used in the Executive Officer Incentive Bonus Plan for that year. For 2015, our NEOs were eligible to earn bonuses based upon attainment of the annual goals contained in our company financial plan for:

Adjusted EBITDA, which is calculated as earnings before interest, taxes, depreciation and amortization, employee stock-based compensation expense, stock-based retailer incentive compensation expense and other non-recurring items, reflected in our consolidated statements of operations; and

Annual revenue, which is calculated by adding the amount of stock-based retailer incentive compensation to the amount of total operating revenues reflected in our consolidated statements of operations.

Adjusted EBITDA and annual revenue were chosen as corporate objectives under the plan because we believed them to be the best indicators of financial success and stockholder value creation for our company at that time. Our Compensation Committee also selected these measures because improvement in these measures aligns with our overall growth strategy, we see these measures as among the most critical of our financial information for the delivery of long-term stockholder value, and these measures balance growth and profitability. We also believe that the focus on adjusted EBITDA as a corporate objective discourages inappropriate risk taking by our executives as it encourages them to take a balanced approach that focuses on corporate profitability.

We believe that, to provide for an appropriate incentive effect, the performance goals should be such that to achieve 100% of the objective, performance over the performance period must be aligned with our company financial plan and that our NEOs should not be awarded for performance that did not approximate our company financial plan. Accordingly, our cash incentive compensation plan was designed to pay our NEOs nothing if our company failed to achieve at least 90% of both company performance objectives. The fact that this threshold level was not

Edgar Filing: GREEN DOT CORP - Form DEFC14A

achieved at all, during one out of the four years ending December 31, 2015 resulting in no amounts being paid to participants under the plan - and was funded at under 100% in three of those years reflects the general degree of difficulty our Compensation Committee seeks to establish when setting performance goals under the Executive Officer Incentive Bonus Plan.

Table of Contents

For 2015, the adjusted EBITDA and annual revenue targets under the plan were \$160.0 million (22.5% year-over-year growth) and \$750.0 million (26.9% year-over-year growth), respectively. Actual adjusted EBITDA and annual revenue results, in each case as adjusted for the items below, were \$152.2 million (16.5% year-over-year growth) and \$699.2 million (18.3% year-over-year growth), respectively. We determined that the multiplier was 70.9% (95.1% achievement of adjusted EBITDA target and 93.2% achievement of annual revenue target) for 2015. Accordingly, 70.9% of the target bonus amounts were paid to our NEOs per the bonus plan formula. Our Compensation Committee evaluated this outcome and, taking into account its philosophy of linking payment to company performance, determined not to exercise its negative discretion and awarded the NEOs in accordance with the formula.

2015 Performance Component	Threshold (\$M)	Target (\$M)	Maximum (\$M)	Actual (\$M)	Actual as a % of Target	Bonus Payout Multiplier (%)
Adjusted EBITDA	\$ 144.0	\$ 160.0	\$ 192.0	\$ 152.2	95.1%	70.9%
Annual Revenue	\$ 675.0	\$ 750.0	\$ 900.0	\$ 699.2	93.2%	

The actual cash incentive awards paid to our NEOs in 2015 are set forth in the Summary Compensation Table below under the column captioned Non-Equity Incentive Plan Compensation.

Long-Term Equity-Based Awards. We utilize equity awards to ensure that our NEOs have a continuing stake in our long-term success. Historically, we used two forms of equity for long-term equity incentive compensation: stock options and restricted stock units (RSUs). Since 2014, our Compensation Committee has not awarded stock options due to the volatility in our stock price and its desire to manage our burn rate, as discussed below. The switch to RSU only grants was made to closely align the executive compensation program with long-term incentive grant practices across the peer group and the broader market, and also served as a response to the volatility in our stock price. In 2015, we introduced performance-based restricted stock units (PRSUs) for our Chief Executive Officer and Chief Revenue Officer. With this change, we allocated 100% of the values of CEO s and CRO s target total long-term incentive in the form of PRSUs. For other NEOs, time-vested restricted stock units were granted as part of our regular annual executive compensation program. We believe these allocations strike the appropriate balance for long-term equity incentive awards between performance and retention.

Equity awards improve our ability to attract executives by providing a total compensation package that is competitive with market practices, while also serving as a retention tool due to their multi-year vesting requirements. We grant equity awards to NEOs on an annual basis. Outside of the annual grant cycle, we typically make grants in connection with hiring, promotions, significant changes in responsibilities, extraordinary performance, or to achieve internal equity. Our Compensation Committee takes into account, on a subjective basis, various factors in connection with making its determination. These factors include the responsibilities, past performance and anticipated future contributions of the NEO, the competitiveness of the NEO s overall compensation package with reference to peer group practices, the NEO s existing equity holdings, the extent to which these holdings are vested and the recommendations of our CEO (other than with respect to his own compensation). Beginning in 2012, our Compensation Committee began taking into account burn rate in relation to our industry burn rate guidelines , per certain stockholder and proxy advisor methodology, as an additional factor in making its determinations with respect to long-term equity awards. In 2015, after taking into account the long-term incentive and total direct compensation reference levels of the primary peer group as well as our CEO s recommendations (other than with respect to his own compensation), our Compensation Committee used its judgment to determine the value of equity awards that it believed would provide those NEOs sufficient incentive to help us achieve our long-term growth objectives and likely meet our near-term retention objectives in light of the contributions of those executive officers in 2015.

Restricted Stock Units (RSUs). RSUs represent the right to receive one share of Class A common stock for each RSU that vests upon the settlement date, which is the date on which certain conditions, such as continued employment with us for a pre-determined length of time, are satisfied. Our Compensation Committee believes that RSUs align the interests of the NEOs with the interests of the stockholders because the value of these awards appreciate only if the trading price of our common stock appreciates. A summary of the equity awards to NEOs is set forth below, as well as in the Grants of Plan-Based Awards - 2015 table, which provides additional information including grant date fair values of each reward.

As part of our regular annual program of awarding equity incentives to our executive officers, following annual review cycle in the first half of 2015 and in consideration of the factors mentioned above for each NEO, our

Table of Contents

Compensation Committee determined to grant annual equity awards to each of our NEOs other than our CEO and CRO in May 2015, all in the form of RSUs. The award values were based on the grant date fair value of the shares of common stock underlying the RSUs, computed in accordance with FASB ASC Topic 718. In May 2015, our Compensation Committee made regular annual awards of RSUs representing a total of 21,227, 23,097 and 44,619 shares of our Class A common stock to Messrs. Shifke, Archer and Goodwin, respectively. Ms. Wang was not granted an RSU in light of the transition in her role as CFO. The RSU awards were made under our 2010 Equity Incentive Plan. The vesting schedule for RSUs granted to our NEOs in 2015 provided that each award vests in four equal annual installments.

In addition, our Compensation Committee made two awards to executive officers outside our regular annual program. On January 2, 2015, prior to his becoming an executive officer and while he was serving as our Senior Vice President of Corporate Development/M&A, our Compensation Committee awarded Mr. Shifke 100,000 RSUs to reward his efforts in 2014 to complete our acquisition of TPG and the related financing in October 2014, as well as to serve our retention goals and further align his interests with those of our stockholders. On the same date, our Compensation Committee awarded Mr. Archer 50,000 RSUs in connection with his promotion to Chief Operating Officer. The award was made in recognition of his additional responsibilities in serving in that role. As a result, the amounts reported under Stock Awards and Total in the Summary Compensation Table on page 34 include \$2,034,000 in compensation related to 2014 performance for Mr. Shifke and \$1,017,000 in promotional compensation for Mr. Archer.

Also, to align Mr. Shifke's compensation with his then-current role as SVP of Corporate Development/M&A, management committed to Mr. Shifke that it would recommend to our Compensation Committee that he receive an RSU in 2016 based on the revenue contribution in 2015 from acquisitions completed since the beginning of 2014 (excluding TPG). In February 2016, our CFO was granted 145,208 RSUs, subject to time-based vesting conditions, as a result of this commitment. The grant date fair value of this award was \$3,000,000. None of the tables below reflect the value of this 2014 commitment because the award was made in 2016. However, the existence of this commitment was taken into account during our Compensation Committee's deliberations and decisions regarding Mr. Shifke's compensation for 2015.

Performance-Based Restricted Stock Units (PRSUs). For 2015, our Compensation Committee granted PRSUs for the first time in furtherance of our pay for performance philosophy. The implementation of this program represents an important step taken by our Compensation Committee to continue to drive a pay-for-performance culture. Unlike RSUs, the shares underlying the PRSUs awarded for 2015 are subject to pre-defined performance requirements over a three-year period. The performance metric for Mr. Streit is our company's total shareholder return ranking as compared to the S&P SmallCap 600 for the period from January 1, 2015 to December 31, 2017. The performance metric for Mr. Sgoutas is year-over-year growth in non-GAAP total operating revenue, excluding revenue generated from acquisitions made in the most recent year, for the 2015 to 2017 period. Subject to certain, limited exceptions, the award shall vest, if at all, only at the end of the applicable performance period and the NEO must be employed by us at the end of such period in order to vest in the award. Assuming 100% achievement of the applicable performance metrics, Mr. Streit would earn 142,587 shares and Mr. Sgoutas would earn 100,000 shares. In addition, Mr. Streit has the opportunity to earn 150% of his target award for superior performance. A summary of the equity awards to NEOs is set forth below, as well as in the Grants of Plan-Based Awards - 2015 table, which provides additional information, including grant date fair values for each award.

The following table summarizes the number of shares underlying long-term equity incentive awards granted to our NEOs in 2015:

Severance and Change in Control Agreements

In connection with our initial public offering in 2010, we entered into severance arrangements with our then-current named executive officers. These arrangements included severance pay and accelerated vesting of equity awards. These arrangements were designed to promote retention of our senior executive team. As our organization has matured and there have been transitions in management, we have not offered these arrangements to newly-hired executive officers. As a result, for 2015, only the CEO and another executive officer continued to have these arrangements. Additionally, in 2015, upon our Compensation Committee's recommendation, the Board of Directors approved and adopted a policy applicable to all employees that provides for "double trigger" acceleration of vesting of equity awards in connection with a qualifying change in control of our company. For purposes of the policy, any outstanding and unvested performance-based equity awards will accelerate. Receipt of benefits under the policy is conditioned upon the employee's delivery of a release of claims in our favor. Details of each of our NEO's severance arrangements, including estimates of amounts payable in specified circumstances, are disclosed under "Severance and Change of Control Agreements" below. The value of our severance arrangements for our NEOs was not a material factor in our Compensation Committee's or our Board of Directors' determination of the level of any other element of their compensation.

In connection with her May 2015 transition from her former position as Chief Financial Officer to her new position of Senior Vice President, Corporate Finance and Business Intelligence, in November 2015, we entered into a letter agreement with Grace T. Wang that provided for the payments that are disclosed under "Severance and Change of Control Agreements" below.

Other Executive Benefits and Perquisites

In 2015, we did not provide perquisites to our executives that are generally unavailable to other employees. During 2015, we provided the following benefits to our NEOs on the same basis as our other eligible employees:

health insurance;

vacation, personal holidays and sick days;

life insurance and supplemental life insurance;

short-term and long-term disability insurance; and

a 401(k) retirement plan.

We believe these benefits are generally consistent with those offered by other companies and specifically with those companies with which we compete for employees.

Other Compensation Practices and Policies

Tax Considerations. Section 162(m) of the Internal Revenue Code of 1986, as amended disallows a tax deduction by any publicly-held corporation for individual compensation exceeding \$1.0 million in any taxable year for its chief executive officer and each of the other named executive officer (other than its chief financial officer), unless compensation is performance-based. Prior to the time we became a publicly-held company, our Board of Directors had not taken the deductibility limit imposed by Section 162(m) into consideration in setting compensation. Our 2010 Equity Incentive Plan is structured so that performance-based equity compensation deemed paid to covered officers in connection with the exercise of stock option grants made under the plan will qualify as performance-based compensation that will not be subject to the \$1.0 million limitation. Although our Compensation Committee generally seeks to structure compensation payable to covered officers to meet the deductibility requirements under Section 162(m), in order to maintain flexibility in compensating NEOs in a manner designed to promote varying corporate goals, our Compensation Committee has not adopted a policy that all compensation payable to covered officers must be deductible on our federal income tax returns. In addition, our Compensation Committee cannot ensure that compensation intended to qualify for deductibility under Section 162(m) will in fact be deductible because a number of requirements must be satisfied in order for the compensation to qualify, and uncertainties as to the application and interpretation surrounding this section currently exist.

Stock Ownership Guidelines. Since April 2015, upon the recommendation of the Compensation Committee, our Board has instituted the following stock ownership guidelines for its NEOs to promote stock ownership in the company and to more closely align the interest of our NEOs with those of our stockholders. Guidelines are determined as a multiple of each executive's base salary—five times base salary for the CEO and two times base salary for all other NEOs. Shares that count toward meeting the stock ownership guidelines include shares owned outright, full value awards (e.g., restricted stock and RSUs) and shares owned directly by the executive's spouse, dependent children and/or trust. NEOs have five years from their designation as a NEO to acquire and hold the pre-determined level of shares. As of December 31, 2015, all NEOs reached the stated ownership requirements for 2015.

Anti-Hedging and Anti-Pledging. In its commitment to promoting high standards of ethical business conduct and compliance with applicable laws, rules and regulations, the company has adopted a policy that prohibits insider trading. Under this policy, no employee, officer or director may acquire, sell or trade in any interest or position relating to the future price of the company's securities, such as a put option, a call option or a short sale. In addition, covered persons are prohibited from holding company securities in a margin account or pledging company securities as collateral for a loan.

Policy Regarding the Timing of Equity Awards. We do not time the granting of equity awards to take advantage of the release of material nonpublic information. Beginning in 2016, we adopted a practice whereby the granting of annual time-vested equity awards to all employees will be on the same date.

Edgar Filing: GREEN DOT CORP - Form DEFC14A

Policy Regarding Restatements. Our Executive Officer Incentive Bonus Plan provides for a clawback right in the event that (i) achievement of the EBITDA and annual revenue metrics under the plan is based on financial results that were subsequently the subject of a substantial restatement of our financial statements and (ii) a participant's fraud or intentional illegal conduct materially contributed to such financial restatement. In the event of a restatement or other adjustment other than under our Executive Officer Incentive Bonus Plan, our Board of Directors or our Compensation Committee would evaluate whether adjustments or recoveries of awards were appropriate based upon the facts and circumstances surrounding the restatement or adjustment. We have not yet adopted other policy regarding adjustment or recovery of awards or payments if the relevant performance measures upon which they are based are restated or otherwise adjusted in a manner that would reduce the size of the award or payment while current rule-making on this topic is in progress.

Listening to Our Stockholders. We take our accountability to stockholders very seriously. Since last year's annual meeting, we met with or have spoken to a majority of our top institutional investors representing 60% of our outstanding shares to discuss, among other matters, our executive compensation program and our governance practices. From this engagement, we learned that while many investors are supportive of our executive compensation program and governance practices, we should further emphasize pay-for-performance in our executive compensation program and consider implementing changes to our corporate governance structure, such as adoption of majority voting in uncontested director elections. There were differences among these stockholders as to which changes were appropriate to make. Following these meetings, we implemented the following changes to our executive compensation program.

2016 Compensation Decisions

The decisions made for the compensation program in 2016 were approved by our Compensation Committee and are described in the table below.

Compensation Element	Decision for 2016
General	Except for base salary, our NEOs' executive compensation package is 100% performance-based.
Base Salary	No changes. Our Compensation Committee believes that our NEOs' annual base salaries are currently competitive and do not need to be adjusted.
Annual Cash Incentive	Our incentive bonus plan structure has been simplified to solely reward revenue generation. Our Compensation Committee believed that this structure, combined with a new long-term incentive structure that rewards our NEOs (other than our CEO) only for non-GAAP EPS generation, appropriately incentivizes profitable growth.
Long-term Incentive	Our NEOs received 100% of their long-term incentive equity awards in the form of performance-based restricted stock units (PRSUs), further increasing our emphasis on pay for performance under our executive compensation program. We made no changes to the structure of our CEO's PRSUs, which are earned based on our three-year total shareholder return relative to the companies comprising the S&P SmallCap 600 index, because we believed that structure continued to provide appropriate incentives. All of our other NEOs were granted PRSUs that are earned based on achievement of the same performance metric, non-GAAP diluted earnings per share, over a one-year performance period. These awards vest as to 25% of the PRSU at the end of the performance period with remainder vesting in equal annual installments over the three years thereafter based on service. None of the earnings under our NEOs' equity awards are guaranteed until after the applicable performance period has been completed. We granted no other equity awards to our NEOs for 2016.

- (1) The amounts in this column represents the aggregate grant date fair value, computed in accordance with FASB ASC Topic 718, of awards of restricted stock units during the applicable period, as discussed in note 12 of our notes to consolidated financial statements contained in our annual report on Form 10-K for the year ended December 31, 2015. The grant date fair value is calculated using the estimated fair value of our common stock, as determined by our Board of Directors on the date of the award.
- (2) The amounts in this column represent the aggregate grant date fair values, computed in accordance with FASB ASC Topic 718, of stock option awards issued during the applicable period. For information on the valuation assumptions with respect to stock option grants, refer to note 12 of our notes to consolidated financial statements contained in our annual report on Form 10-K for the year ended December 31, 2015. There can be no assurance that these grant date fair values will ever be realized by the NEOs.
- (3) The amounts in this column represent total performance-based bonuses under our 2015, 2014 and 2013 Executive Officer Incentive Bonus Plans earned for services rendered in the applicable period. See the Grants of Plan-Based Awards - 2015 table below for information on

- awards made under our 2015 Executive Officer Incentive Bonus Plan.
- (4) The amounts in this column represent the aggregate grant date fair values, computed in accordance with FASB ASC Topic 718, of PRSUs awarded during the applicable period. The performance conditions for Mr. Streit's PRSUs differed from those for Mr. Sgoutas' PRSUs, resulting in the application of different methodologies to determine the grant date fair value for each award in accordance with FASB ASC Topic 718. The PRSUs awarded to Mr. Streit are based on a three-year performance period from January 1, 2015 to December 31, 2017. 0% to 150% of the target shares are eligible to be earned at the end of the performance period depending on the total shareholder return (TSR) achieved relative to the companies comprising

the S&P SmallCap 600 index. In our view, the TSR performance condition of Mr. Streit's award constitutes a market condition under FASB ASC Topic 718 because the vesting is tied to a calculated stock return and therefore, his PRSU constitutes a performance grant with market conditions under Topic 718. Consistent with FASB ASC Topic 718, the full grant date fair value for the market-related component, or the TSR, for the entire three-year performance cycle is included in the amounts shown for the year of grant and was determined using a Monte Carlo simulation option pricing model (Monte Carlo model) on the date the PRSUs were awarded in 2015. The PRSUs awarded to Mr. Sgoutas are based on achieving year-over-year growth of not less than 10% in our non-GAAP total operating revenue (excluding revenue generated from acquisitions made in the most recent year) for each of the annual periods from January 1, 2015 to December 31, 2017. The shares are eligible to be earned in equal installments during each year of the three-year performance period in the event that the year-over-year revenue growth targets are achieved. In our view, the revenue-based conditions of Mr. Sgoutas' PRSU do not constitute a market condition under FASB ASC Topic 718. Accordingly, unlike Mr. Streit's award, the Monte Carlo model does not apply to the PRSU for Mr. Sgoutas. Instead, we determined the fair value of his award based on the grant date fair value of our Class A common stock consistent with FASB ASC Topic 718.

The table below sets forth the grant date fair value determined in accordance with FASB ASC Topic 718 pertaining to the market-related component or the TSR for the award to Mr. Streit, and significant inputs and assumptions used in the Monte Carlo model determined upon grant in 2015. Consistent with FASB ASC Topic 718, the full grant date fair value for the market-related TSR component for the entire three-year performance cycle is included in the amounts shown for the year of grant and was determined using a Monte Carlo simulation model. Also set forth is the grant date fair value for the performance-related component of the award to Mr. Sgoutas (i) based upon the probable outcome of the 2015 performance-related component as of the grant date, and (ii) based upon achieving the maximum level of performance under the 2015 performance-related component as of the grant date. While the PRSUs for both Mr. Streit and Mr. Sgoutas have the same grant date, the grant date fair value of each award differs on a per share basis because they were derived under different fair value methodologies consistent with FASB ASC Topic 718.

- (5) Includes the grant date fair value of \$2,034,000 for 100,000 RSUs that were granted on January 2, 2015, while Mr. Shifke was not an executive officer, to reward his efforts in 2014 to complete our acquisition of TPG and the related financing in October 2014, as well as to serve our retention goals and further align his interests with those of our stockholders. Additionally, to align his compensation with his then-current role as SVP of Corporate Development/M&A, prior to his becoming an executive officer, management committed to Mr. Shifke that it would recommend to our Compensation Committee that he receive a RSU in 2016 based on the revenue contribution in 2015 from acquisitions completed since the beginning of 2014 (excluding TPG). In February 2016, Mr. Shifke was granted 145,208 RSUs, subject to time-based vesting conditions, as a result of this commitment. The grant date fair value of this award was \$3,000,000. This table does not reflect any value of this 2014 commitment because the associated award was not made until 2016. For information on the equity awards to our CFO and the reasons therefor, please see the next table and Executive Compensation Decisions for the 2015 Performance Year-Long-Term Equity-Based Awards below.
- (6) Includes the grant date fair value of \$1,017,000 for 50,000 RSUs that were granted in 2015 in connection with Mr. Archer's promotion to Chief Operating Officer as of January 1, 2015. For information on the equity awards to our COO and the reasons therefor, please see the next table and Executive Compensation Decisions for the 2015 Performance Year-Long-Term Equity-Based Awards below.

- (1) Represents possible cash incentive awards under our 2015 Executive Officer Incentive Bonus Plan upon our achievement of adjusted EBITDA and annual revenue goals. Actual awards are equal to the executive officers' target bonus multiplied by a percentage (which may be more or less than 100% but shall not exceed 150%) that varies depending upon achievement of the corporate objectives (i.e., adjusted EBITDA and annual revenue). Each of the corporate objectives is given equal weight, except that no bonus is payable if both corporate objectives are not achieved at a level of at least 90%. Under the terms of the plan, the actual award could range from 50% of the NEOs target bonus amounts if both corporate objectives are achieved at the 90% level, to 150% of those amounts if both corporate objectives are achieved at the 120% level, with the potential for an incrementally larger or smaller actual award within the range based on higher or lower levels of achievement, respectively. Bonuses are payable at the end of the annual performance period.
- (2) Represents awards of PRSUs. The shares underlying these awards will vest, if earned, at the end of the applicable performance period. For additional detail on the grant date fair value of the PRSUs, see footnote 5 to the Summary Compensation Table above. See also footnote 6 which describes a commitment made to Mr. Shifke in December 2014 that management would recommend to our Compensation Committee that he receive a RSU in 2016 based on the revenue contribution in 2015 from acquisitions completed since the beginning of 2014 (excluding TPG). This commitment did not provide for threshold or target payouts, but was subject to a maximum payout equal to a grant date fair value of \$3,000,000. This table does not reflect any value of this 2014 commitment because the associated award was not made until 2016.
- (3) Represents awards of RSUs. The shares underlying these awards vest in four equal annual installments on the anniversary of the grant date. All awards were granted under our 2010 Equity Incentive Plan.
- (4) For additional detail on the grant date fair value of stock awards, see footnotes 2 and 4 to the Summary Compensation Table above.
- (5) As discussed in detail in the CD&A, Mr. Shifke received an award of 100,000 RSUs for 2014 performance.
- (6) As discussed in detail in the CD&A, Mr. Archer was awarded 50,000 RSUs in relation to his promotion.

The number of shares and the payout value for the PRSUs reflect the target potential payout since Green Dot's relative TSR performance for the period of January 1, 2015 through December 31, 2015 exceeded the threshold level but not the target level. The target potential payout represents 100% of the target number of PRSUs. The PRSU is subject to the Compensation Committee's negative discretion when approving the settlement thereof.
- (5) Half of the award vests on or about March 15, 2017 and the balance vests on March 15, 2018, in each case based on Green Dot's achievement of annual revenue milestones set forth in the PRSU over the period starting January 1, 2016 through the December 31, 2017. The number of shares and the payout value for the PRSUs reflect the threshold potential payout since Green Dot's performance for the period of January 1, 2015 through December 31, 2015 did not exceed the threshold. The threshold potential payout represents 50% of the target number of PRSUs. The PRSU is subject to the Compensation Committee's negative discretion when approving the settlement thereof.

Transition, Separation and Consultancy Arrangement. In connection with her May 2015 transition from her former position as Chief Financial Officer to her new position of Senior Vice President, Corporate Finance and Business Intelligence, in November 2015, we entered into a letter agreement with Grace T. Wang. The agreement establishes the terms of her transition from Chief Financial Officer to Senior Vice President, Corporate Finance and Business Intelligence. Under the agreement, she continued to serve in her current position, with no change in her base salary, through January 1, 2016, on which date she would have the option to be engaged as a consultant by us for the next seven months and receive monthly consulting fees of \$33,333.33 during the period of her consultancy. In addition, Ms. Wang would be eligible for a 2015 executive bonus pursuant to the same terms and criteria that would have applied had she remained our Chief Financial Officer for the entire year and we agreed to accelerate the vesting of unvested restricted stock units held by Ms. Wang as of January 1, 2016 and to reimburse the cost of COBRA premiums for up to seventeen months after January 1, 2016. Pursuant to the agreement, each party agreed to a general release and waiver of claims against the other party. Her engagement as a consultant and entitlement to vesting acceleration and reimbursement for COBRA premiums was conditioned on the execution of an additional release and satisfaction of the terms of the agreement.

Change in Control Arrangements. On April 3, 2015, we adopted a Corporate Transaction Policy pursuant to which all our employees, including our named executive officers, are entitled to 100% acceleration of vesting of all of their outstanding and unvested equity awards in the event of qualifying termination in connection with a change in control of our company (i.e., double-trigger acceleration). For purposes of the policy, any outstanding and unvested performance-based equity awards will accelerate at target or if no target is specified, any and all outstanding shares still subject to the award will accelerate. Values are based upon the closing price for a share of our Class A common stock of \$16.42 on December 31, 2015, the last trading day of 2015.

TRANSACTIONS WITH RELATED PARTIES, FOUNDERS AND CONTROL PERSONS

From January 1, 2015 to the present, there have been no transactions, and there are currently no proposed transactions, in which the amount involved exceeds \$120,000 to which we or any of our subsidiaries was (or is to be) a party and in which any director, executive officer, holder of more than 5% of our capital stock, or any immediate family member of or person sharing the household with any of these individuals, had (or will have) a direct or indirect material interest, except as provided below and for payments set forth under Executive Compensation or Proposal No. 1, Election of Directors - Director Compensation, above.

Transactions with Cardtronics

In the ordinary course of our business, we incur expenses in connection with enabling our cardholders use of ATMs provided by third party vendors, including Cardtronics, Inc., a public company for which J. Chris Brewster, a member of our board of directors, currently is an employee and for which he served as Chief Financial Officer from February 2004 to February 2016. Our payments to Cardtronics and its affiliates were approximately \$1.0 million in 2015 and approximately \$0.1 million during the three months ended March 31, 2016. The amounts paid to Cardtronics during 2015 represented approximately 0.2% of our total operating expenses for the year and less than 0.1% of Cardtronics total revenues for 2015.

Review, Approval or Ratification of Transactions with Related Parties

We have adopted a written related-party transactions policy which sets forth our policies and procedures regarding the identification, review, consideration and approval or ratification of related person transactions. Our Audit Committee reviews transactions that may be related person transactions, which are transactions between us and any related persons in which the aggregate amount involved exceeds or may be expected to exceed \$120,000, and in which the related person has or will have a direct or indirect material interest. For purposes of the policy, a related person is any executive officer, director, nominee for director or stockholder of ours holding more than 5% of any class of our voting securities, in each case since the beginning of the previous fiscal year, and their immediate family members.

Under the policy, absent any facts or circumstances indicating special or unusual benefits to the related person, the following transactions, arrangements or relationships need not be approved by our Audit Committee pursuant to the policy:

employment by us of an executive officer if:

the related compensation is required to be reported in our proxy statement, or

the executive officer is not an immediate family member of another of our executive officers or directors, the related compensation would be reported in our proxy statement if the executive officer were a named executive officer, and our Compensation Committee approved or recommended that our Board of Directors approve the compensation;

any compensation paid to a director if the compensation is required to be reported in our proxy statement;

any transaction where the related person's interest arises solely from the ownership of our common stock and all holders of our common stock received the same benefit on a pro-rata basis;

any transaction where the rates or charges involved are determined by competitive bids;

any transaction involving the rendering of services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or government authority;

any transaction involving services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture or similar services;

any charitable contribution, grant or endowment by us to a charitable organization, foundation or university at which a related person's only relationship is as an employee (other than as an executive officer);

any charitable contribution, grant or endowment by us to a charitable organization, foundation or university at which a related person is a trustee, director or executive officer, if the aggregate amount involved in any fiscal year does not exceed \$120,000;

any non-discretionary matching contribution, grant or endowment made pursuant to a matching gift program;

ordinary course business travel expenses, advances and reimbursements; and

any indemnification payments made pursuant to our insurance policies, certificate of incorporation or bylaws or as otherwise approved by our Board of Directors.

Table of Contents

Under the policy, members of our legal department review transactions involving related persons that do not fall into one of the above categories. If they determine that a related person could have a significant interest in a transaction, the transaction is referred to our Audit Committee. In addition, transactions may be identified through our code of business conduct and ethics or our other policies and procedures, and reported to the Audit Committee. The Audit Committee determines whether the related person has a material interest in a transaction and may approve, ratify, reject, rescind or take other action with respect to the transaction.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY

MATERIALS FOR THE ANNUAL MEETING TO BE HELD

ON MAY 23, 2016

Green Dot Corporation's proxy statement for the annual meeting and its annual report on Form 10-K for the year ended December 31, 2015 are available at <http://ir.greendot.com>.

Householding - Stockholders Sharing the Same Last Name and Address

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to implement a delivery procedure called "householding." Under this procedure, multiple stockholders who reside at the same address may receive a single copy of our annual report and proxy materials, including the Notice of Internet Availability, unless the affected stockholder has provided contrary instructions. This procedure reduces printing costs and postage fees, and helps protect the environment as well.

Edgar Filing: GREEN DOT CORP - Form DEFC14A

This year, a number of brokers with account holders who are Green Dot stockholders will be householding our annual report and proxy materials, including the Notice of Internet Availability. A single Notice of Internet Availability and, if applicable, a single set of annual report and other proxy materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from one or more of the affected stockholders. Once you have received notice from your broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. Stockholders may revoke their consent at any time by contacting Broadridge, either by calling toll-free (800) 542-1061, or by writing to Broadridge, Household Department, 51 Mercedes Way, Edgewood, New York, 11717.

Upon written or oral request, Green Dot will undertake to promptly deliver a separate copy of the Notice of Internet Availability and, if applicable, annual report and other proxy materials to any stockholder at a shared address to which a single copy of any of those documents was delivered. To receive a separate copy of the Notice of Internet Availability

Any stockholders who share the same address and currently receive multiple copies of Green Dot's Notice of Internet Availability or annual report and other proxy materials who wish to receive only one copy in the future can contact their bank, broker or other holder of record to request information about householding or Green Dot's Investor Relations department at the address or telephone number listed above.
