Item 11. Executive Compensation

Executive Compensation

The Summary Compensation Table and the tables that follow provide compensation information for James T. Healy, as President and Chief Executive Officer, the two most highly compensated executive officers of the Company who were serving as executive officers at the end of 2008, which in 2008 were Fadi Maamari and Mei Song, and Ronald H. Mabry, a former executive officer of the Company.

Summary Compensation Table

(1) Mr. Maamari was appointed Chief Operating Officer effective October 14, 2008.

(2) Ms. Song was appointed Vice President, Finance and Chief Financial Officer effective October 14, 2008.

(3) On October 24, 2008, the Company entered into a separation agreement with Ronald H. Mabry.

(4) Amounts listed in this column represent the compensation expense of option awards recognized by the Company under FAS 123R for the corresponding fiscal year, rather than amounts paid to or realized by a

Edgar Filing: LOGICVISION INC - Form 10-K/A

named individual, and includes expense recognized for awards granted prior to such year. Please refer to Note 8 to our consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2008 for the underlying assumptions for this expense. There can be no assurance the options will be exercised (in which case no value will be realized by the individual) or that the value on exercise will approximate the compensation expense recognized by the Company.

- (5) Amounts listed in this column represent bonuses paid under the annual incentive compensation plan for 2007. These amounts are not reported in the Bonus column because the award is tied to corporate performance goals.
- (6) Represents \$43,333 in separation payments and \$7,200 in payments made with respect of an auto allowance.
- (7) Represents payments made with respect of an auto allowance.

Salary

The annual salaries of the named executive officers are reflected under the Salary column of the Summary Compensation Table. The Compensation Committee reviews salaries on an annual basis, and may recommend to the independent members of the Board of Directors adjustments to each executive officer's salary from time to time based on the individual's contributions and responsibilities on a case-by-case basis.

Incentive Compensation

None of our named executive officers earned a bonus under our cash bonus plan for the 2008 fiscal year. Under the cash bonus plan for the 2008 fiscal year, which was based upon both qualitative and quantitative goals, bonuses to executive officers were based upon the achievement of specified targets relating to bookings, revenues, net income/net loss, net end-of-period cash and qualitative objectives. The independent members of the Board of Directors, taking into account the recommendations of the Compensation Committee of the Board of Directors, approved the 2008 cash bonus plan. Achievement of each of the target objectives for bookings, revenues, net income/net loss, and net end-of-period cash would have resulted in payment of up to 20% of the target bonus, provided that the Company met or exceeded minimum threshold targets of bookings, revenues, net income/net loss, and net end-of-period cash. Executive officers were eligible to receive 120% of their target bonuses if the Company met or exceeded the highest threshold targets for bookings, revenues, net income/net loss, net end-of-period cash and qualitative objectives.

Stock Option Awards

In 2008, all named executive officers received grants of options to purchase Common Stock. The exercise price was the fair market value of the Company's Common Stock on the grant date. Although these awards will generally vest and become exercisable over a four-year period, the amounts disclosed in the Option Awards column of the Summary Compensation Table attributable to the 2008 awards reflect the portion of these awards expensed by the Company in the 2008 fiscal year under FAS 123R. The balance of the amount set forth in the Option Awards column is attributable to the amounts expensed by the Company in the 2008 fiscal year for outstanding stock option awards from previous years under FAS 123R.

The amounts, if any, actually realized by the named executive officers for the 2008 awards will vary depending on the vesting of the award and the price of the Company's Common Stock in relation to the exercise price at the time of exercise. Detail regarding the number of exercisable and unexercisable options held by each named executive officer at year-end is set forth in the Outstanding Equity Awards at Fiscal Year-End Table below.

Employment Contracts, Termination of Employment and Change-in-Control Arrangements

In 2003, the Compensation Committee recommended, and the Board of Directors approved, the amendment of the outstanding stock option agreements then in effect and the form of stock option agreement used under the Company's 2000 Stock Incentive Plan to provide for acceleration of vesting in full in certain circumstances following a change in control of the Company. Because the amendment applied to all outstanding stock option agreements and the form of stock option agreement, the provision regarding acceleration of vesting applies to options that are held by, or may be issued to, the named executive officers.

In October 2008, the Company entered into a separation agreement with Ronald H. Mabry, its former Vice President, Field Operations and Application Engineering. Under the separation agreement, Mr. Mabry continued receiving as separation payments his base salary until April 14, 2009 or, if earlier, until commencing new employment. In addition, the Company agreed to pay 75% of the premium payments for coverage under COBRA through April 30, 2009.

In November 2008, the Company entered into Change of Control Severance Agreements with each of James T. Healy, Fadi Maamari and Mei Song. The agreements entered into with Messrs. Healy and Maamari replaced existing Change of Control Severance Agreements between each of them and the Company. Each agreement provides that in the event of an involuntary termination of the executive within three months before or twelve months after a change of control of the Company, the executive will be entitled to (i) a cash payment based on the executive's annual base salary as of the termination date (equal to 150% of such annual base salary for Mr. Healy, and equal to 100% of such annual base salary for each of Mr. Maamari and Ms. Song), (ii) a cash payment based on the executive's target bonus and target commission for the year in which the executive is terminated (equal to 150% of such target bonus and target commission for Mr. Healy, and equal to 100% of such target bonus and target commission for each of Mr. Maamari and Ms. Song), (iii) the immediate acceleration of vesting and exercisability of the executive's outstanding options to acquire the Company's common stock and (iv) reimbursement of health insurance premiums for the executive and eligible dependents for up to twelve months measured from the date of termination. The executives have agreed not to solicit employees of the Company for a period of time (18 months for Mr. Healy, and 12 months for each of Mr. Maamari and Ms. Song) following termination of employment giving rise to severance payments, and not to compete with the Company for the period during which they receive severance payments. A "change of control" includes a merger or consolidation involving the Company in which the Company's stockholders immediately prior to such merger or consolidation own 50% or less of the voting power of the surviving entity's voting securities, sale of all or substantially all of the Company's assets, the approval by the Company's stockholders of a plan of complete liquidation or dissolution, and the acquisition by a person or related group of persons of 50% or more of the voting power of the Company's voting securities.

- (1) The number of shares and the exercise price for certain options listed in this table has been adjusted to reflect a 1-for 2.5 reverse split of the Company's Common Stock effected on March 12, 2008.
- (2) Except as otherwise noted in note (3), all options listed in this table become exercisable as to 25% of the shares on the first anniversary of the grant date, with the remaining shares vesting ratably each six-month period thereafter over the following three years. Except as otherwise noted, the options have a term of ten years, subject to earlier termination in certain events relating to termination of employment. Vesting of the options is subject to acceleration under the circumstances described under "Employment Contracts, Termination of Employment and Change-in-Control Arrangements."
- (3) On March 8, 2007, the Company completed an exchange offer with its eligible employees, including its executive officers, to exchange some or all of their outstanding stock options to purchase Common Stock that had with an exercise price greater than \$3.70 per share (as adjusted for a 1-for 2.5 reverse split of the Company's Common Stock effected on March 12, 2008) for replacement options. Each of our executive officers exchanged all of their eligible options for replacement options. The exchange ratio applicable to our executive officers was one-for-1.25. The exercise price per share of each replacement option granted was \$2.50 and each replacement option has a one year vesting period, one-half of which vested on the date that was six months after the replacement option's issuance date and the remainder vesting in equal monthly installments over the next six months. Each replacement option has an expiration term of ten years.

Options that did not have an exercise price greater than \$3.70 per share were not eligible for exchange, and such options vest as to 25% of the shares on the first anniversary of the grant date, with the remaining shares vesting ratably each six-month period thereafter over the following three years.

Compensation of Directors

The Company's non-employee directors each receive a cash retainer of \$10,000 per year, payable in equal quarterly installments. The Chairman of the Board receives an additional cash retainer of \$10,000 per year, payable in equal quarterly installments. The Chair of the Audit Committee receives an additional cash retainer of \$5,000 per year, payable in equal quarterly installments, and the Chairs of the other Committees of the Board of Directors receive an additional cash retainer of \$2,000 per year, payable in equal quarterly installments. In addition, the Company reimburses directors for reasonable expenses in connection with attendance at meetings of the Board of Directors and committee meetings. Directors who are employees of the Company do not receive any cash compensation for their services as directors.

In addition to cash compensation for services as a member of the Board, under the Company's 2000 Stock Incentive Plan, directors who are not employees also receive an initial grant of an option to purchase 8,000 shares of Common Stock at the fair market value of the Common Stock on the date of grant, which vests in two equal annual installments on each of the first two anniversaries of the date of grant, or, if earlier, immediately prior to the next two regular annual meetings of the Company's stockholders following the date of grant. On the first business day following each regular annual meeting of the Company's stockholders after appointment or election to the Board, each non-employee director receives an option to purchase 4,000 shares of Common Stock at the fair market value of the Common Stock on the date of grant, which vests in full on the first anniversary of the date of grant, or if earlier, immediately prior to the next regular annual meeting of the Company's stockholders following the date of grant. Each non-employee director who is not initially elected at a regular annual meeting of stockholders receives an option to purchase a pro rata portion of 4,000 shares based on the number of full months remaining from the date of election until the next regular annual meeting, which vests in full immediately prior to the next regular annual meeting of the Company's stockholders following the date of grant. Each director option that has been outstanding at least six months will vest in full upon a change in control.

The table below shows the compensation paid to each non-employee director for their service in 2008.

Please refer to Note 8 to our consolidated financial statements in our 2008 Annual Report on Form 10-K for the underlying assumptions for this expense.
