PROXY STATEMENT

GENERAL INFORMATION

Introduction

This Proxy Statement is being furnished to the stockholders of record of Genie Energy Ltd., a Delaware corporation (the “Company” or “Genie”) as of the close of business on March 12, 2015, in connection with the solicitation by the Company’s Board of Directors (the “Board of Directors”) of proxies for use in voting at the Company’s Annual Meeting of Stockholders (the “Annual Meeting”). The Annual Meeting will be held on Tuesday, May 5, 2015 at 10:30 a.m., local time, at the Hampton Inn & Suites Newark Riverwalk Hotel, 100 Passaic Ave, Harrison, New Jersey 07029. The shares of the Company’s Class A common stock, par value \$0.01 per share (“Class A Common Stock”), Class B common stock, par value \$0.01 per share (“Class B Common Stock”) and the Series 2012-A Preferred Stock (“Preferred Stock”) present at the Annual Meeting or represented by the proxies received by telephone, Internet or mail (properly marked, dated and executed) and not revoked, will be voted at the Annual Meeting. This Proxy Statement is being mailed to the Company’s stockholders starting on or about April [___], 2015.

Solicitation and Voting Procedures

This solicitation of proxies is being made by the Company. The solicitation is being conducted by mail and by e-mail, and the Company will bear all attendant costs. These costs will include the expense of preparing and mailing proxy materials for the Annual Meeting and any reimbursements paid to brokerage firms and others for their expenses incurred in forwarding the solicitation materials regarding the Annual Meeting to the beneficial owners of the Company’s Class A Common Stock, Class B Common Stock and Preferred Stock. The Company may conduct further solicitations personally, by telephone or by facsimile through its officers, directors and employees, none of whom will receive additional compensation for assisting with the solicitation.

The close of business on Friday, March 12, 2015, has been fixed as the record date (the “Record Date”) for determining the holders of shares of Class A Common Stock, Class B Common Stock and Preferred Stock entitled to notice of, and to vote at, the Annual Meeting. As of the close of business on the Record Date, the Company had 26,480,405, shares issued and outstanding and entitled to vote at the Annual Meeting, consisting of 1,574,326 shares of Class A Common Stock, 22,988,112 shares of Class B Common Stock and 1,917,967 shares of Preferred Stock.

Stockholders are entitled to three votes for each share of Class A Common Stock held by them and one-tenth of one vote for each share of Class B Common Stock and each share of Preferred Stock held by them. The holders of Class A Common Stock, Class B Common Stock and Preferred Stock will vote as a single body on all matters presented to the stockholders. There are no dissenters’ rights of appraisal in connection with any proposal.

How do I Vote?

You can vote either in person at the Annual Meeting or by proxy without attending the meeting.

Edgar Filing: Genie Energy Ltd. - Form PRE 14A

Beneficial holders of the Company's Class A Common Stock, Class B Common Stock and Preferred Stock as of the Record Date whose stock is held of record by another party should receive voting instructions from their bank, broker or other holder of record. If a stockholder's shares are held through a nominee and the stockholder wants to vote at the meeting, such stockholder must obtain a proxy from the nominee record holder authorizing such stockholder to vote at the Annual Meeting.

Stockholders of record should receive a paper copy of our proxy materials and may vote by following the instructions on the proxy card that is included with the proxy materials. As set forth on the proxy card, there are three convenient methods for holders of record to direct their vote by proxy without attending the Annual Meeting: by telephone, on the Internet or by mail. To vote by phone, call the toll-free telephone number on the proxy card (1-800-PROXIES), and to vote by Internet, visit www.voteproxy.com. To vote by mail, mark, date and sign

the enclosed proxy card and return it in the postage-paid envelope provided. Holders of record may also vote by attending the Annual Meeting and voting by ballot.

All shares for which a proxy has been duly executed and delivered (by telephone, Internet or mail) and not revoked will be voted at the Annual Meeting. If a stockholder of record signs and returns a proxy card but does not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board of Directors. If any other matters are properly presented at the Annual Meeting for consideration and if you have voted your shares by Internet, telephone, or mail, the persons named as proxies will have the discretion to vote on those matters for you. On the date of filing this Proxy Statement with the SEC, the Board of Directors did not know of any other matter to be raised at the Annual Meeting.

How Can I Change My Vote?

A stockholder of record can revoke his, her or its proxy at any time before it is voted at the Annual Meeting by delivering to the Company (to the attention of Joyce J. Mason, Esq., Corporate Secretary) a written notice of revocation or by executing a later-dated proxy by telephone, Internet or mail, or by attending the Annual Meeting and voting in person.

If your shares are held in the name of a bank, broker, or other nominee, you must obtain a proxy executed in your favor from the holder of record (that is, your bank, broker, or nominee) to be able to vote at the Annual Meeting.

Quorum and Vote Required

The presence at the Annual Meeting of a majority of the voting power of the Company's outstanding Class A Common Stock, Class B Common Stock and Preferred Stock (voting together), either in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. Abstention votes and any broker non-votes (i.e., votes withheld by brokers on non-routine proposals in the absence of instructions from beneficial owners) will be counted as present or represented at the Annual Meeting for purposes of determining whether a quorum exists.

The affirmative vote of a majority of the voting power present (in person or by proxy) at the Annual Meeting, and casting a vote on the matter, will be required for the approval of the election of directors (Proposal No. 1), for the approval of an amendment and restatement to Genie Energy Ltd.'s 2011 Stock Option and Incentive Plan (Proposal No. 2), for the approval of an amended compensation arrangement with Howard S. Jonas, Chairman and Chief Executive Officer of the Company, providing for Mr. Jonas' purchase of 3,600,000 shares of the Company's Class B Common Stock from the Company (Proposal No. 3), for the approval, on an advisory basis, of the compensation of our Named Executive Officers (Proposal No. 4) and the ratification of the appointment of the appointment of the Company's independent registered public accounting firm (Proposal No. 5). This means that the number of votes cast "for" a director nominee must exceed the number of votes cast "against" that nominee. Abstentions are not counted as votes "for" or "against" the proposal.

If you are a beneficial owner whose shares are held of record by a broker, you must instruct the broker how to vote your shares. If you do not provide voting instructions, your shares will not be voted on any proposal on which the broker does not have discretionary authority to vote. This is called a "broker non-vote." In these cases, the broker can register your shares as being present at the Annual Meeting for purposes of determining the presence of a quorum but will not be able to vote on those matters for which specific authorization is required under the rules of the New York Stock Exchange. In the event of a broker non-vote or an abstention with respect to any proposal coming before the Annual Meeting, the shares represented by the relevant proxy will not be deemed to be present and entitled to vote on those proposals for the purpose of determining the total number of shares of which a majority is required for adoption, having the practical effect of reducing the number of affirmative votes required to achieve a majority vote for such matters by reducing the total number of shares from which a majority is calculated.

Edgar Filing: Genie Energy Ltd. - Form PRE 14A

If you are a beneficial owner whose shares are held of record by a broker, your broker has discretionary voting authority under NYSE rules to vote your shares on the ratification of the Company's independent registered public accounting firm (Proposal No. 5), even if the broker does not receive voting instructions from you. However, your broker does not have discretionary authority to vote on the election of directors (Proposal No. 1), the approval of an amendment and restatement to Genie Energy Ltd.'s 2011 Stock Option and Incentive Plan (Proposal No. 2), the approval of an amended compensation arrangement with Howard S. Jonas, Chairman and Chief Executive Officer of

Edgar Filing: Genie Energy Ltd. - Form PRE 14A

the Company, providing for Mr. Jonas' purchase of 3,600,000 shares of the Company's Class B Common Stock from the Company (Proposal No. 3), the approval, on an advisory basis, of the compensation of our Named Executive Officers (Proposal No. 4) or on any shareholder proposal without instructions from you, in which case a broker non-vote will occur and your shares will not be voted on these matters.

How Many Votes Are Required to Approve Other Matters?

Unless otherwise required by law or the Company's Bylaws, the affirmative vote of a majority of the voting power represented at the Annual Meeting and entitled to vote will be required for other matters that may properly come before the meeting.

Stockholders Sharing the Same Address

We are sending only one copy of the Annual Report and Proxy Statement to stockholders of record who share the same last name and address, unless they have notified the Company that they want to continue to receive multiple copies. This practice, known as "householding," is designed to reduce duplicate mailings and printings and postage costs. However, if any stockholder residing at such address wishes to receive a separate Annual Report or Proxy Statement in the future, he or she may contact Joyce J. Mason, Esq., Corporate Secretary, Genie Energy Ltd., 550 Broad Street, Newark, New Jersey 07102, or by phone at (973) 438-3500, and we will promptly forward to such stockholder a separate Annual Report or Proxy Statement. The contact information above may also be used by members of the same household currently receiving multiple copies of the 2014 Annual Report and Proxy Statement in order to request that only one set of materials be sent in the future.

References to Fiscal Years

The Company's fiscal year ends on December 31 of each calendar year. On January 30, 2012, the Company's Board of Directors changed the Company's fiscal year end from July 31 to December 31. Accordingly, beginning January 1, 2012, a fiscal year had become equivalent to the same calendar year (for example, Fiscal 2014 refers to the twelve month period ended December 31, 2014).

References to Interim Period

Each reference to the Interim Period refers to the period from August 1, 2011 to December 31, 2011, which is the period during which we transitioned from our previous fiscal year schedule to the current schedule.

CORPORATE GOVERNANCE

Introduction

The Company has in place a comprehensive corporate governance framework that reflects the corporate governance requirements of the Sarbanes-Oxley Act of 2002, the rules and regulations promulgated under the Securities Exchange Act of 1934, as amended, and the corporate governance-related listing requirements of the New York Stock Exchange. Consistent with the Company's commitment to strong corporate governance, the Company does not rely on the exceptions from the New York Stock Exchange's corporate governance listing requirements available to it because it is a "controlled company," except as described below with regard to (i) the composition of the Nominating Committee and (ii) the Company not having a single Nominating/Corporate Governance Committee.

In accordance with Sections 303A.09 and 303A.10 of the New York Stock Exchange Listed Company Manual, the Company has adopted a set of Corporate Governance Guidelines and a Code of Business Conduct and Ethics, the full texts of which are available for your review in the Governance section of our website at <http://genie.com/governance.php> and which also are available in print to any stockholder upon written request to the Corporate Secretary.

The Company qualifies as a "controlled company" as defined in Section 303A of the New York Stock Exchange Listed Company Manual, because more than 50% of the voting power of the Company is controlled by one individual, Howard S. Jonas, who serves as Chairman of the Board of Directors. Notwithstanding that being a "controlled company" entitles the Company to exempt itself from the requirement that a majority of its directors be independent directors and that the Compensation Committee and Corporate Governance Committee be comprised entirely of independent directors, the Board of Directors has determined affirmatively that a majority of the members of the Board of Directors and the director nominees are independent in accordance with Section 303A.02 of the New York Stock Exchange Listed Company Manual and that the Compensation Committee and the Corporate Governance Committee are in fact comprised entirely of independent directors. As a "controlled company," the Company may, and has chosen to, exempt itself from the New York Stock Exchange requirement that it have a single Nominating/Corporate Governance Committee composed entirely of independent directors. As noted above, and discussed in greater detail below, the Board of Directors maintains a separate Corporate Governance Committee comprised entirely of independent directors, and a Nominating Committee comprised of the Chairman of the Board of Directors, a non-independent director and one independent director.

Director Independence

The Corporate Governance Guidelines adopted by the Board of Directors provide that a majority of the members of the Board of Directors, and each member of the Audit, Compensation and Corporate Governance Committees, must meet the independence requirements set forth therein. The full text of the Corporate Governance Guidelines, including the independence requirements, is available for your review in the Governance section of our website at <http://genie.com/governance.php>. For a director to be considered independent, the Board of Directors must determine that a director meets the Independent Director Qualification Standards set forth in the Corporate Governance Guidelines, which comply with the New York Stock Exchange definitions of independent, and is free from any material relationship with the Company and its executive officers. The Board of Directors considers all relevant facts and circumstances known to it in making an independence determination, and not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation or significant financial interest. In addition to considering all relevant information available to it, the Board of Directors uses the following categorical Independent Director Qualification Standards in determining the "independence" of its directors:

1. During the past three years, the Company shall not have employed the director, or, except in a non-officer capacity, any of the director's immediate family members;

2. During the past three years, the director shall not have received, and shall not have an immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

3. (a) The director shall not be a current partner or employee of a firm that is the Company's internal or external auditor, (b) the director shall not have an immediate family member who is a current partner of such firm, (c) the director shall not have an immediate family member who is a current employee of such firm and personally works on the Company's audit, and (d) neither the director nor any of his or her immediate family members shall have been, within the last three years, a partner or employee of such firm and personally worked on the Company's audit within that time;
4. Neither the director, nor any of his or her immediate family members, shall be, or shall have been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation (or equivalent) committee; and
5. The director shall not be a current employee and shall not have an immediate family member who is a current executive officer of a company (excluding tax exempt organizations) that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three Fiscal Years, exceeds the greater of (a) \$1 million or (b) two percent of the consolidated gross revenues of such other company. The Corporate Governance Committee will review the materiality of such relationship to tax exempt organizations to determine if such director qualifies as independent.

Based on the review and recommendation of the Corporate Governance Committee, the Board of Directors has determined that each of W. Wesley Perry, Alan Rosenthal and Allan Sass is independent in accordance with the Corporate Governance Guidelines and, thus, that a majority of the director nominees, and each member or nominee intended to become a member of the Audit, Compensation and Corporate Governance Committees is independent.

The Corporate Governance Committee considered the following relationships between the Company and W. Wesley Perry in determining Mr. Perry's independence: In April 2008, W. Wesley Perry sold a portion of his interest in EGL Oil Shale LLC to IDT Corporation for a cash payment of \$632,400. Mr. Perry joined the board of directors of the Company's subsidiary, Genie Energy International Corporation, at its inception in September 2009 and purchased a 0.2% interest in Genie Energy International Corporation, for \$400,000 in April 2010. Mr. Perry was not a director or otherwise a "Related Person" of the Company at the time of these transactions. Mr. Perry became a member of IDT Corporation's Board of Directors on September 13, 2010, resigned from IDT Corporation's Board of Directors in conjunction with the spin-off of the Company from IDT Corporation in October 2011 (the "spin-off") and became a member of the Company's board at that time. The Corporate Governance Committee determined, after considering the timing, ownership and financial interest of the transactions, that the foregoing relationships were not material relationships with the Company and would not impact Mr. Perry's independence. The Corporate Governance Committee (with Mr. Perry abstaining), therefore, recommended that the Board of Directors determine that Mr. Perry be deemed independent in accordance with the Corporate Governance Guidelines. The Board of Directors (with Mr. Perry abstaining) accepted the Corporate Governance Committee's recommendation.

As used herein, the term "non-employee director" shall mean any director who is not an employee of, or consultant to, the Company, and who is deemed to be independent by the Board of Directors. Therefore, neither Howard Jonas nor James Courter is a non-employee director. None of the other non-employee directors or director nominees had any relationships with the Company that the Corporate Governance Committee was required to consider when reviewing independence.

Director Selection Process

The Nominating Committee will consider director candidates recommended by the Company's stockholders. Stockholders may recommend director candidates by contacting the Chairman of the Board as provided under the heading "Director Communications." The Nominating Committee considers candidates suggested by its members, other directors, senior management and stockholders in anticipation of upcoming elections and actual or expected board vacancies. All candidates, including those recommended by stockholders, are evaluated on the same basis in light of

the entirety of their credentials and the needs of the Board of Directors and the Company. Of particular importance is the candidate's wisdom, integrity, ability to make independent analytical inquiries, understanding of the business environment in which the Company operates, as well as his or her potential contribution to the diversity of the Board of Directors and his or her willingness to devote adequate time to fulfill duties as a director.

Edgar Filing: Genie Energy Ltd. - Form PRE 14A

Under “Proposal No. 1 – Election of Directors” below, we provide an overview of each nominee’s experience, qualifications, attributes and skills that led the Nominating Committee and the Board of Directors to determine that each nominee should serve as a Director.

Director Communications

Stockholders and other interested persons seeking to communicate directly with the Board of Directors, with the lead independent director (currently Mr. Perry) or the independent directors as a group, should submit their written comments c/o Lead Independent Director at our principal executive offices, Genie Energy Ltd., 550 Broad Street, Newark, New Jersey 07102. The lead independent director will review any such communication at the next regularly scheduled Board meeting unless, in his or her judgment, earlier communication to the Board is warranted. If a stockholder communication raises concerns about the ethical conduct of the Company or its management, it should be sent directly to our Corporate Secretary, Joyce J. Mason, Esq. at our principal executive offices, Genie Energy Ltd., 550 Broad Street, Newark, New Jersey 07102. The Corporate Secretary will promptly forward a copy of any such communication to the Chairman of the Audit Committee and, if appropriate, our Chairman of the Board, and take such actions as they deem necessary to ensure that the subject matter is addressed by the appropriate committee of the Board of Directors, by management and/or by the full Board of Directors.

The Corporate Secretary may filter out and disregard or re-direct (without providing a copy to the directors or advising them of the communication), or may otherwise handle at his or her discretion, any director communication that falls into any of the following categories:

- Obscene materials;
- Unsolicited marketing or advertising material or mass mailings;
- Unsolicited newsletters, newspapers, magazines, books and publications;
- Surveys and questionnaires;
- Resumes and other forms of job inquiries;
- Requests for business contacts or referrals;
- Material that is threatening or illegal; or
- Any communications or materials that are not in writing.

In addition, the Corporate Secretary may handle in her discretion any director communication that can be described as an “ordinary business matter.” Such matters include the following:

- Routine questions, service and product complaints and comments that can be appropriately addressed by management; and
- Routine invoices, bills, account statements and related communications that can be appropriately addressed by management.

BOARD OF DIRECTORS AND COMMITTEES

Board of Directors

The Board of Directors held ten (10) meetings in Fiscal 2014. In Fiscal 2014, each of the Company's directors attended or participated in 75% or more of the aggregate of (i) the total number of regularly scheduled meetings of the Board of Directors held during the period in which each such director served as a director and (ii) the total number of regularly scheduled meetings held by all committees of the Board of Directors during the period in which each such director served on such committees.

Directors are encouraged to attend the Company's annual meetings of stockholders, and the Company generally schedules a meeting of the Board of Directors on the same date and at the same place as the annual meeting of stockholders to encourage director attendance. All of the members constituting the Board of Directors at the time

of the annual meeting of stockholders for Fiscal 2013 attended the 2014 annual meeting of stockholders, with the exception of Irwin Katsof who did not stand for re-election at the 2014 Annual Meeting.

Board of Directors Leadership Structure and Risk Oversight Role

Since January 2014, Howard Jonas has filled the position of Chief Executive Officer, in addition to his role as Chairman of the Board. The Board of Directors' decision was based on Howard Jonas' leadership skills and his knowledge of the Company's businesses since its inception. As Chairman of the Board, Howard Jonas provides overall leadership to the Board of Directors in its oversight function while, as Chief Executive Officer, he provides leadership in respect to the day-to-day management and operation of the Company's businesses. Howard Jonas' service as both Chairman of the Board and Chief Executive Officer creates a critical link between management and the Board of Directors. The risk management oversight roles of the Compensation, Audit and Corporate Governance Committees discussed below, which are comprised solely of independent directors, provide an appropriate and effective balance to the combined Chairman of the Board and Chief Executive Officer role.

The Board of Directors as a whole, and through its committees, has responsibility for the oversight of risk management, including the review of the policies with respect to risk management and risk assessment. The risk management oversight roles of the Compensation, Audit and Corporate Governance Committees discussed below, which are comprised solely of independent directors, provide an appropriate and effective balance to the Chairman of the Board's role. With the oversight of the full Board of Directors, the Company's senior management is responsible for the day-to-day management of the material risks the Company faces. The Board of Directors is required to satisfy itself that the risk management process implemented by management is adequate and functioning as designed.

Section 303A.03 of the New York Stock Exchange Listed Company Manual requires that the non-employee directors of the Company meet without management at regularly scheduled executive sessions. These executive sessions are held at every regularly scheduled meeting of the Board of Directors. W. Wesley Perry, an independent director and the "Lead Independent Director," serves as the presiding director of these executive sessions and has served in that capacity since October 24, 2011. The Board of Directors determined that the role of Lead Independent Director was important to maintain a well-functioning Board of Directors that objectively assesses management's proposals.

The Board of Directors and each of its committees will conduct annual self-assessments to review and monitor their respective continued effectiveness.

As stated above, each of the Audit, Compensation and Corporate Governance Committees oversees certain aspects of risk management and reports its respective findings to the full Board of Directors on a quarterly basis, and as is otherwise needed. The Audit Committee is responsible for overseeing risk management of financial matters, financial reporting, the adequacy of the risk-related internal controls, internal investigations, and security risks, generally. The Corporate Governance Committee oversees our Corporate Governance Guidelines and governance-related risks, such as board independence, as well as senior management and director succession planning. The Compensation Committee oversees risks related to compensation policies and practices.

Board Committees

The Board of Directors established an Audit Committee, a Compensation Committee, a Corporate Governance Committee, a Nominating Committee and a Technology Committee.

Audit Committee

The Audit Committee consists of W. Wesley Perry (Chairman), Alan Rosenthal and Allan Sass, and is responsible for, among other things, the appointment, compensation, removal and oversight of the work of the Company's independent registered public accounting firm. The Audit Committee also oversees management's performance of its responsibility

for the integrity of the Company's accounting and financial reporting and its systems of internal controls, the performance of the Company's internal audit function and the Company's compliance with legal and regulatory requirements. The Audit Committee operates under a written Audit Committee charter adopted by the Board of Directors, which can be found in the Governance section of our web site, <http://genie.com/governance.php>, and is also available in print to any stockholder upon request to the Corporate Secretary. The Audit Committee held four (4) meetings during Fiscal 2014. The Board of Directors has determined that (i) all of the members of the Audit Committee are independent within the meaning of the Section 303A.07(b) and Section 303A.02 of the

New York Stock Exchange Listed Company Manual and Rule 10A-3(b) under the Securities Exchange Act of 1934, and (ii) that Mr. Perry qualifies as an “audit committee financial expert” within the meaning of Item 407(d)(5) of Regulation S-K.

Compensation Committee

The Compensation Committee is responsible for, among other things, reviewing, evaluating and approving all compensation arrangements for the executive officers of the Company, evaluating the performance of executive officers, administering the Company’s 2011 Stock Option and Incentive Plan, and recommending to the Board of Directors the compensation for Board members, such as retainers, committee and other fees, stock option, restricted stock and other stock awards, and other similar compensation as deemed appropriate. The Compensation Committee confers with the Company’s executive officers when making the above determinations. The Compensation Committee currently consists of Messrs. Rosenthal (Chairman) and Perry. The Compensation Committee held eleven (11) meetings during Fiscal 2014. The Compensation Committee operates under a written charter adopted by the Board of Directors, which can be found in the Governance section of our web site, <http://genie.com/governance.php>, and which is also available in print to any stockholder upon request to the Corporate Secretary. The Board of Directors has determined that both of the members of the Compensation Committee are independent within the meaning of Section 303A.02 of the New York Stock Exchange Listed Company Manual and the categorical standards set forth above.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee has served as an officer or employee of the Company or has any relationship with the Company that is required to be disclosed under the heading “Related Person Transactions.” No executive officer of the Company served or serves on the compensation committee (or other board committee performing equivalent functions) of any company that employed or employs as an executive officer any member of the Company’s Compensation Committee.

Corporate Governance Committee

The Corporate Governance Committee is responsible for, among other things, reviewing and reporting to the Board of Directors on matters involving relationships among the Board of Directors, the stockholders and senior management. The Corporate Governance Committee (i) reviews the Corporate Governance Guidelines and other policies and governing documents of the Company and recommends revisions as appropriate, (ii) reviews any potential conflicts of interests of independent directors, (iii) reviews and monitors related person transactions, (iv) oversees the self-evaluations of the Board of Directors, the Audit Committee and the Compensation Committee and (v) reviews and determines director independence, and makes recommendations to the Board of Directors regarding director independence. The Corporate Governance Committee currently consists of Messrs. Rosenthal (Chairman), Perry and Sass. The Corporate Governance Committee held five (5) meetings in Fiscal 2014. The Corporate Governance Committee operates under a written charter adopted by the Board of Directors, which can be found in the Governance section of our web site, <http://genie.com/governance.php>, and which is also available in print to any stockholder upon request to the Corporate Secretary. The Board of Directors has determined that all of the members of the Corporate Governance Committee are independent within the meaning of Section 303A.02 of the New York Stock Exchange Listed Company Manual and the categorical standards set forth above.

Nominating Committee

The Nominating Committee is responsible for overseeing nominations to the Board of Directors, including: (i) developing the criteria and qualifications for membership on the Board of Directors, (ii) recommending candidates to fill new or vacant positions on the Board of Directors, and (iii) conducting appropriate inquiries into the backgrounds of potential candidates. A summary of new director qualifications can be found under the heading “Director Selection Process.” The Nominating Committee currently consists of Howard S. Jonas (Chairman), James A. A new director who becomes a member of the Board of Directors during the course of the calendar year receives an automatic grant on the date that he or she becomes a director in the amounts specified above, prorated based on the calendar quarter of the year in which such person becomes a director. The stock is granted on a going forward basis, before the director completes his or her service for the calendar year. Introduction

It is the responsibility of the Compensation Committee of our board of directors to oversee our general compensation policies; to determine the base salary and bonus to be paid each year to each of our executive officers; to oversee our compensation policies and practices as they relate to our risk management; and to determine the compensation to be paid each year to our non-employee directors for service on our board of directors and the various committees of our board of directors. In addition, the Compensation Committee administers our 2011 Stock Option and Incentive Plan with respect to stock option grants or other equity-based awards made to our executive officers. Further, from time to time, certain executives may receive grants of equity in certain of our subsidiaries. While such grants are also considered by the Boards of Directors of those subsidiaries, the Compensation Committee must approve any grant to our executive officers. Shares of restricted stock are granted to our non-employee directors automatically under our 2011 Stock Option and Incentive Plan on an annual basis.

Elements of Compensation

The three broad components of our executive officer compensation are base salary, annual cash bonus awards, and long term equity-based awards, which can be made in our Class B Common Stock or in equity of certain of our

subsidiaries under equity plans or other arrangements. The Compensation Committee periodically reviews total compensation levels and the allocation of compensation among these three components for each of the executive officers in the context of our overall compensation policy. Additionally, the Compensation Committee, in conjunction with our Board of Directors, reviews the relationship of executive compensation to corporate performance generally and with respect to specific enumerated goals that are established by the Compensation Committee early in each fiscal year. The Compensation Committee believes that our current compensation structure is serving its intended

purpose and is functioning reasonably. Below is a description of the general policies and processes that govern the compensation paid to our executive officers, as reflected in the accompanying compensation tables.

Company Performance

In Fiscal 2014, Genie's REP businesses, operated under the Genie Retail Energy, or GRE, segment, faced significant competitive and other challenges. As disclosed in the 2014 10-K, extremely cold temperatures in the Northeastern United States during the first quarter of the year exacerbated by wholesale market conditions that were not able to meet the related demand for gas and electricity for heating resulted in extraordinary spikes in the cost of electricity and natural gas. The resulting price increases led to significant churn in the first two quarters of 2014, and downward pressure on GRE's revenues, margins and results of operations. At GOGAS, Genie did not fund its portions of AMSO LLC's capital calls and IEI's application for a license to build and operate a pilot plant was denied. Genie Mongolia continued its exploration activities and expanded the area in which it is licensed to operate. Afek was granted a drilling permit for a 10-well project, successfully defended a legal challenge at the Israeli High Court of Justice and prepared for drilling, which commenced in February 2015.

In Fiscal 2013, Genie delivered strong revenue growth on performance by IDT Energy and invested in the advancement of GOGAS' development projects. IDT Energy faced competitive and market pressure and constraints on its ability to grow by adding new territories to its operational footprint, yet delivered gross profit at 95% of its 2012 levels. IDT Energy met or exceeded its internal financial targets even as its customer base shrank due to the pressures set forth above. At GOGAS, Afek Oil & Gas, or Afek, secured an exploration license covering a large portion of the Golan Heights in Northern Israel, and began resource characterization and prepared for commencement of drilling operations. GMI entered into an exclusive oil shale development agreement with the Petroleum Authority of Mongolia covering 34,470 square kilometers in Central Mongolia. IEI made progress on its permitting application and AMSO continued with key elements of its pilot test.

In Fiscal 2012, IDT Energy recorded substantial increases in revenue and gross profit, and improved gross margins while aggressively expanding its customer base and geographic reach. These results were delivered despite varying weather, fluctuating commodity prices and increased competition in the retail energy provider market. During Fiscal 2012, Genie Oil & Gas, or GOGAS, made progress on two active oil shale development projects and efforts in identifying and seeking other opportunities while attempting to bring in investors and other strategic partners. American Shale Oil, LLC, or AMSO, completed initial construction of its pilot project in Colorado and prepared for pilot operations in 2013. Israel Energy Initiatives, or IEI, achieved a positive result on two legal claims brought in the Israeli Supreme Court seeking to invalidate its license and made progress on the other regulatory approval necessary before it can commence construction of its pilot plant. Genie Mongolia, Inc., or GMI, also signed a Joint Survey Agreement with the government of Mongolia, and made substantial progress toward obtaining an exploration license in Northern Israel, which was granted to Afek, in February 2013.

Compensation Structure, Philosophy and Process

Our executive compensation structure is designed to attract and retain qualified and motivated personnel and align their interests with the goals of the Company and with the best interests of our stockholders. Our compensation philosophy is to provide compensation to attract the individuals necessary for our current needs and growth initiatives, and provide them with the proper incentives to motivate those individuals to achieve our long-term plans.

The annual base salary levels we pay to each of our Named Executive Officers is based on the responsibilities undertaken by the individuals, if applicable, the business unit managed and its complexity and role within the Company, and the market place for people of similar skill and background. The base salaries paid are determined through discussions with the covered individual and their manager as well as budgetary considerations, and are approved by the relevant members of our senior management and, in the case of executive officers, the Compensation Committee.

Incentive compensation is designed to reward contributions to achieving the Company's goals for the current period and for the longer term. Cash bonuses are awarded in the discretion of the Compensation Committee. Near the beginning of a fiscal year, the Compensation Committee establishes goals that for the Company, for specific operating divisions and for individual executives. The goals are designed to set forth achievable goals for the current performance of the Company and its business units and for current contributions to long-term initiatives. While bonus amount are not linked to specific targets, in evaluating performance and making bonus determinations, the

Compensation Committee considers, among other factors, whether the Company met or exceeded the goals outlined, the individual's contribution toward achieving those goals, if relevant, the performance of the business unit over which the individual exercised management and other accomplishments during the year that were deemed relevant in specific instances. In some instances, cash bonuses or targets are set forth in written employment agreements that are described below. Following the end of a relevant period – usually the end of a fiscal year - our management sets company-wide bonus levels for the period then ended, based on Company performance and available resources, which are presented to the Compensation Committee. The bonus amounts awarded to specific individuals are the result of subjective determinations made by the relevant members of management and the Compensation Committee with respect to each subject individual, based on Company and individual performance, with consideration given to the performance factors set by the Compensation Committee for the relevant period, and levels relative to the bonuses of other personnel and officers. Individual bonus levels are not determined based on previously established formulae, targets or ranges.

Executive officers are eligible to receive cash bonuses of up to 100% of base salary (or higher upon extraordinary performance) based upon performance, including the specific financial and other goals set by the Compensation Committee, which goals are Company-wide, specific to a business unit or specific to an executive and his area of responsibility. Specific bonuses will depend on the individual achievements of executives and their contribution to achievement of the enumerated goals. These goals will be set by the Compensation Committee. As Mr. Howard Jonas receives most of his compensation in equity, his bonus levels are set with respect to bonuses of other executives and performance factors and not linked to his annual base salary levels.

Equity grants are made in order to provide additional incentive compensation and to align the interests of our executives with our stockholders. Executives have been granted equity interests in the Company and, with regard to individuals whose areas of responsibility focus on specific operations, in those operations, so as to better reward the executives for the results of their efforts. Equity grants in subsidiaries are made to align the incentive value with those operations where the individual can have the greatest impact, so as to maximize the incentive value of the grant. When equity grants in subsidiaries are made, the recipients are generally provided with the right to obtain liquidity in those grants through conversion to cash or equity in the Company (at the Company's option) upon vesting or a later date in the future.

Compensation Approach for Fiscal 2014

Except as provided in written agreements, or where an individual assumed additional responsibility or delivered extraordinary performance, raises were restricted to employees earning under \$150,000 in base compensation or \$175,000 in total compensation, and raises were limited to three percent of base compensation. Bonuses at GRE were reflective of the lower bottom line performance of that business during fiscal 2014.

Cash Bonuses Awarded in Respect of Fiscal 2014.

In connection with such performance and accomplishments, individual bonus levels were determined and paid in the first quarter of 2015.

Howard Jonas received a bonus of \$325,000, \$25,000 more than the bonus awarded to him for Fiscal 2013. During 2014, Mr. Jonas provided active oversight and strategic guidance over all Company operations. He maintained relationships with strategic partners and was instrumental in discussions related to investments on certain of the Company's subsidiaries. Mr. Jonas was actively involved in directing and managing efforts at the two GOGAS development projects in Israel and defending the legal and regulatory challenges they faced. Mr. Jonas was essential in identifying and vetting potential acquisitions for the Company as well as other growth initiatives and areas for development. Mr. Jonas served as Chairman and Chief Executive Officer of the Company for the full year.

Mr. Rochwarger was awarded a bonus of \$321,350, a reduction from the \$553,000 bonus awarded in respect of Fiscal 2013. The reduction primarily reflects the reduced contribution of GRE to the Company's financial performance. During Fiscal 2014, Mr. Rochwarger continued to directly manage GRE as well as performing an active role in management of GOGAS' two Israel-based projects. GRE faced significant challenges related to the Polar Vortex of the 2013-2014 winter and the business, regulatory and litigation developments arising from that event. Mr. Rochwarger provided guidance and management in facing those challenges and stabilizing that segment's operations and customer acquisition efforts, including the launch of operations in Illinois. He was also directly involved in the integration and exploitation of the Diversegy and Epiq operations that were acquired in December 2013. He was instrumental in Afek's obtaining of its permit for a drilling operation, the successful defense of the legal challenge at the Israeli High Court of Justice and the efforts that led to the commencement of drilling operations in February 2014.

Mr. Goldin was awarded a bonus of \$116,667 (as his employment agreement provided for a target bonus of at least \$100,000). Mr. Goldin continued to manage the Company's internal finance functions and management of the accounting and finance staff at the Company's operations in the U.S., Israel and Mongolia. Mr. Goldin led the successful remediation of the weaknesses in internal controls identified during the audit of the Company's Fiscal 2013 financial statements. Mr. Goldin again led the budgeting process during a year when there were dramatic shifts mid-year in the stages and rates of development at all Company operating units as well as the impact of the downturn at GRE related to the impact of the Polar Vortex. In addition, Mr. Goldin was active in investment efforts at certain Company subsidiaries, business development activities and played a leading effort in investor relations in increasing the profile of the Company in the investment community. Mr. Goldin also led several internal compliance efforts.

Messrs. Michael Stein and Michael Jonas were not executive officers at the time that the Compensation Committee set goals for fiscal 2014. Accordingly, there were no specific goals set for their performance during that period.

Mr. Stein was awarded a bonus of \$25,000 in respect of fiscal 2014. Mr. Stein's responsibilities were significantly expanded during fiscal 2014, and he assumed roles at certain subsidiaries, in addition to corporate level duties. He was a lead party with respect to seeking investment capital for certain of GOGAS' development projects, led efforts with respect to cost control efforts across the Company and interfaced with outside vendors to support Company operations.

Michael Jonas was awarded a bonus of \$50,000 in respect of fiscal 2014. Mr. Jonas was the principal executive responsible for operations at Genie Mongolia where the Company was able to work with the local government, increase the area covered by its development rights and commence substantial exploratory operations. He also was involved in business development efforts in seeking complementary opportunities for the Company.

Base Salaries

Howard Jonas receives the majority of his base salary in the form of the right to purchase 3.6 million shares of the Company's Class B Common Stock, which was effected in July through August 2014 subject to stockholder approval. That right replaced the grant of options to purchase Class B Common Stock that was awarded in 2013 and which was to vest over five years. The purchase price for the 3.6 million shares of the Company's Class B Common Stock was \$6.82 per share, the fair market value at the time the agreement was approved by the Compensation Committee. The current arrangement lasts for six years beginning in 2014. The purchased shares are subject to repurchase by the Company at the original purchase price if Mr. Jonas leaves the employ of the Company under certain conditions, which

right lapses over the six-year term of the arrangement. Mr. Jonas receives a cash salary, currently \$35,000 per year, to facilitate his participation in certain employee benefit plans maintained by the Company.

Mr. Rochwarger's base salary for fiscal 2015 is \$528,650, unchanged from fiscal 2014.

Mr. Goldin's base salary for fiscal 2015 is \$275,000, in accordance with his employment agreement with the Company.

Mr. Stein's base salary for fiscal 2015 is \$175,000.

Michael Jonas' base salary for fiscal 2015 is \$250,000.

Incentive Equity Grants

In Fiscal 2014, certain of our named executive officers were granted restricted shares of Class B Common Stock of the Company and restricted shares of certain subsidiaries of the Company.

In connection with the amendment and extension of his employment agreement with the Company which is described below, subject to stockholder approval, Howard Jonas was granted the right to purchase 3.6 million shares of the Class B Common Stock at a purchase price of \$6.82 per share, the closing price of the Class B Common Stock on the trading day prior to the approval of the right by the Compensation Committee. The purchase, which was effected between July and August 2014, was in lieu of base salary (other than an amount to allow Mr. Jonas to participate in certain employee benefit programs maintained by the Company, not to exceed \$50,000 per annum) for the six-year term of the associated amended employment agreement, and the purchased shares are subject to repurchase by the Company at the original purchase price therefor if Mr. Jonas leaves the employ of the Company under certain conditions, which right lapses over the six-year term of the arrangement.

In addition, upon the vesting of deferred stock units in IDT Energy granted to Mr. Howard Jonas in Fiscal 2012, in Fiscal 2014, Mr. Jonas received 98,398 shares of the Company's Class B Common Stock, which equaled the value of the IDT Energy common stock issuable upon vesting of the deferred stock units.

In Fiscal 2014, Mr. Rochwarger was granted restricted ordinary shares of Afek, representing 0.17% of the outstanding ordinary shares of Afek, in respect of his assumption of an expanded role in management of Afek's development project. The shares vest in 5 equal installments between 2014 and 2018.

In addition, upon the vesting of deferred stock units in IDT Energy granted to Mr. Rochwarger in Fiscal 2012, in Fiscal 2014, Mr. Rochwarger received 8,192 shares of Class B Common Stock, which equaled the value of the IDT Energy common stock issuable upon vesting of the deferred stock units.

In January 2014, Mr. Stein received a grant of 29,126 shares of Class B Common Stock in connection with his performance during Fiscal 2013 and his assumption of additional responsibilities. The grant date value of the shares was \$298,833 based on the closing price of the Class B Common Stock on the trading day preceding the grant: 9,708 shares vested on January 5, 2015 and 9,709 shares will vest on each of January 5, 2016 and January 5, 2017.

In the event employment is terminated by Mr. Jonas other than for good reason, the Company's repurchase right shall be exercisable by the Company as to all purchased shares with respect to which the restrictions have not lapsed as of the date of termination.

In addition, in the event the Company terminates Mr. Jonas' employment, other than for "cause", or if Mr. Jonas terminates his employment for "good reason", the Company shall pay Mr. Jonas all unpaid amounts, if any, to which Mr. Jonas was entitled as of the date of termination and all unpaid amounts to which Mr. Jonas was then entitled under any employee benefit plans, perquisites or other reimbursements. The agreement has a term from June 30, 2014 until December 31, 2019 and shall automatically be renewed for additional one-year periods unless, not later than ninety (90) days prior to any such expiration, the Company or Mr. Jonas shall have notified the other party in writing that such renewal extension shall not take effect.

The agreement defines "cause" as: (i) Mr. Jonas' conviction for the commission of an act or acts constituting a felony under the laws of the United States or any State thereof, or (ii) Mr. Jonas' willful and continued failure to substantially perform his duties under the Jonas Employment Agreement (other than any such failure resulting from his incapacity due to physical or mental illness), after written notice has been delivered to Mr. Jonas by the Company, and Mr. Jonas'

PROPOSAL NO. 2

APPROVAL OF AN AMENDMENT AND RESTATEMENT TO THE COMPANY'S
2011 STOCK OPTION AND INCENTIVE PLAN

The Company's stockholders are being asked to approve an amendment and restatement to the Company's 2011 Stock Option and Incentive Plan (the "2011 Plan") that will increase the number of shares of the Company's Class B Common Stock available for the grant of awards thereunder by an additional 180,000 shares. The Board of Directors adopted the proposed amendment and restatement on March 10, 2015, subject to stockholder approval at the Annual Meeting.

The Board of Directors believes that the proposed amendment and restatement to increase the number of shares of the Company's Class B Common Stock available for the grant of awards thereunder by an additional 180,000 shares is necessary in order to provide the Company with a sufficient reserve of shares of Class B Common Stock for future grants needed to attract and retain the services of key employees, directors and consultants of the Company essential to the Company's long-term success.

The proposed amendment and restatement is being submitted for a stockholder vote in order to enable the Company to grant, among other equity grants permitted pursuant to the 2011 Plan, options which are incentive stock options ("ISOs") within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"); and because such approval may be required or advisable in connection with (i) the provisions set forth in Section 162(m) of the Code relating to the deductibility of certain compensation, (ii) the provisions set forth in Rule 16b-3 promulgated under the Exchange Act and (iii) the rules and regulations applicable to New York Stock Exchange-listed companies.

The following description of the 2011 Plan, as proposed to be amended and restated by this Proposal, is a summary, does not purport to be complete and is qualified in its entirety by the full text of the 2011 Plan, as proposed to be amended and restated. A copy of the 2011 Plan, as proposed to be amended and restated, is attached hereto as Exhibit A and has been filed with the SEC with this Proxy Statement.

DESCRIPTION OF THE 2011 PLAN

Pursuant to the 2011 Plan, officers, employees, directors and consultants of the Company and certain of its subsidiaries are eligible to receive awards of stock options, stock appreciation rights, limited stock appreciation rights, restricted stock and deferred stock units. There are approximately 256 employees and directors eligible for grants under the 2011 Plan. Options granted under the 2011 Plan may be ISOs or non-qualified stock options ("NQSOS"). Stock appreciation rights ("SARs") and limited stock appreciation rights ("LSARs") may be granted either alone or simultaneously with the grant of an option. Restricted stock and deferred stock units may be granted in addition to or in lieu of any other award made under the 2011 Plan.

The maximum number of shares reserved for the grant of awards under the 2011 Plan is 1,320,000 shares of Class B Common Stock (including the 180,000 shares of Class B Common Stock reserved subject to approval of the stockholders of this Proposal and grants of options and restricted stock issued to holders of options and restricted stock of IDT Corporation in connection with the spin-off of the Company from IDT), of which no shares of Class B Common Stock are currently available for issuance. Such share reserves are subject to further adjustment in the event of specified changes to the capital structure of the Company. The shares may be made available either from the Company's authorized but unissued capital stock or from capital stock reacquired by the Company.

The Compensation Committee of the Board of Directors administers the 2011 Plan. Subject to the provisions of the 2011 Plan, the Compensation Committee determines the type of awards, when and to whom awards will be granted, the number and class of shares covered by each award and the terms, provisions and kind of consideration payable (if any), with respect to awards. The Compensation Committee may interpret the 2011 Plan and may at any time adopt such rules and regulations for the 2011 Plan as it deems advisable, including the delegation of certain of its authority.

In determining the persons to whom awards shall be granted and the number of shares covered by each award, the Compensation Committee takes into account the duties of the respective persons, their present and potential contributions to the success of the Company and such other factors as the Compensation Committee deems relevant.

An option may be granted on such terms and conditions as the Compensation Committee may approve, and generally may be exercised for a period of up to ten years from the date of grant. Generally, ISOs will be granted with an exercise price equal to the “Fair Market Value” (as defined in the 2011 Plan) on the date of grant. In the case of ISOs, certain limitations will apply with respect to the aggregate value of option shares which can become exercisable for the first time during any one calendar year, and certain additional limitations will apply to ISOs granted to “Ten Percent Stockholders” of the Company (as defined in the 2011 Plan). The Compensation Committee may provide for the payment of the option price in cash, by delivery of Class B Common Stock having a Fair Market Value equal to such option price, by a combination thereof or by any other method. Options granted under the 2011 Plan will become exercisable at such times and under such conditions as the Compensation Committee shall determine, subject to acceleration of the exercisability of options in the event of, among other things, a “Change in Control,” a “Corporate Transaction” or a “Related Entity Disposition” (in each case, as defined in the 2011 Plan).

Each non-employee director will receive 2,920 shares of Class B Common Stock annually. New non-employee directors will receive a pro-rata amount (based on projected quarters of service for such calendar year following the grant date) of such annual grant on their date of initial election and qualification as a non-employee director. The grant date for incumbent annual non-employee director grants will be each January 5th (or the next business day).

The 2011 Plan also provides for the granting of restricted stock awards, which are awards of Class B Common Stock that may not be disposed of, except by will or the laws of descent and distribution, for such period as the Compensation Committee determines (the “restricted period”). The Compensation Committee may also impose such other conditions and restrictions, if any, on the shares as it deems appropriate, including the satisfaction of performance criteria. All restrictions affecting the awarded shares lapse in the event of a Change in Control, a Corporate Transaction or a Related Entity Disposition.

During the restricted period for a restricted stock award, the grantee will be entitled to receive dividends with respect to, and to vote, the shares of restricted stock awarded to him or her. If, during the restricted period, the grantee’s service with the Company terminates, any shares remaining subject to restrictions will be forfeited. The Compensation Committee has the authority to cancel any or all outstanding restrictions prior to the end of the restricted period, including cancellation of restrictions in connection with certain types of termination of service.

The 2011 Plan also permits the Compensation Committee to grant SARs and/or LSARS. Generally, SARs may be exercised at such time or times and only to the extent determined by the Compensation Committee and LSARS may be exercised only (i) during the 90 days immediately following a Change in Control or (ii) immediately prior to the effective date of a Corporate Transaction (as defined in the 2011 Plan). LSARS will be exercisable at such time or times and only to the extent determined by the Compensation Committee. An LSAR granted in connection with an ISO is exercisable only if the Fair Market Value per share of Class B Common Stock on the date of grant exceeds the purchase price specified in the related ISO.

Upon exercise of an SAR, a grantee will receive for each share for which an SAR is exercised, an amount in cash or Class B Common Stock, as determined by the Compensation Committee, equal to the excess, if any, of (i) the Fair Market Value of a share of Class B Common Stock on the date the SAR is exercised, over (ii) the exercise or other base price of the SAR or, if applicable, the exercise price per share of the option to which the SAR relates.

Upon exercise of an LSAR, a grantee will receive for each share for which an LSAR is exercised, an amount in cash equal to the excess, if any, of (i) the greater of (x) the highest Fair Market Value of a share of Class B Common Stock, during the 90-day period ending on the date the LSAR is exercised, and (y) whichever of the following is applicable: (1) the highest per share price paid in any tender or exchange offer which is in effect at any time during the 90 days ending on the date of exercise of the LSAR; (2) the fixed or formula price for the acquisition of shares of Class B Common Stock in a merger in which the Company will not continue as the surviving corporation, or upon a consolidation, or a sale, exchange or disposition of all or substantially all of the Company’s assets, approved by the Company’s stockholders (if such price is determinable on the date of exercise); and (3) the highest price per share of

Class B Common Stock shown on Schedule 13D, or any amendment thereto, filed by the holder of the specified percentage of Class B Common Stock, the acquisition of which gives rise to the exercisability of the LSAR over (ii) the exercise or other base price of the LSAR or, if applicable, the exercise price per share of the option to which the LSAR relates. In no event, however, may the holder of an LSAR granted in connection with an ISO receive an amount in excess of the maximum amount which will enable the option to continue to qualify as an ISO.

Edgar Filing: Genie Energy Ltd. - Form PRE 14A

When an SAR or LSAR is exercised, the option to which it relates, if any, will cease to be exercisable to the extent of the number of shares with respect to which the SAR or LSAR is exercised, but will be deemed to have been exercised for purposes of determining the number of shares available for the future grant of awards under the 2011 Plan.

The 2011 Plan further provides for the granting of deferred stock units, which are awards providing a right to receive shares of Class B Common Stock on a deferred basis, subject to such restrictions and a restricted period as the Compensation Committee determines. The Compensation Committee may also impose such other conditions and restrictions, if any, on the payment of shares as it deems appropriate, including the satisfaction of performance criteria. All deferred stock awards become fully vested in the event of a Change in Control, a Corporate Transaction or a Related Entity Disposition.

The grantee of a deferred stock unit will not be entitled to receive dividends or vote the underlying shares until the underlying shares are delivered to the grantee. The Compensation Committee has the authority to cancel any or all outstanding restrictions prior to the end of the restricted period, including cancellation of restrictions in connection with certain types of termination of service.

The Board of Directors may at any time, and from time to time, suspend, amend, modify or terminate the 2011 Plan; provided, however, that, to the extent required by any other law, regulation or stock exchange rule, no such change shall be effective without the requisite approval of the Company's stockholders. In addition, no such change may adversely affect an award previously granted, except with the prior written consent of the grantee.

No awards may be granted under the 2011 Plan after October 24, 2021, ten years from the Board's approval of the 2011 Plan.

ISOs (and any related SARs) are not assignable or transferable except by the laws of descent and distribution. Non-qualified stock options (and any SARs or LSARs related thereto) may be transferred to the extent permitted by the Compensation Committee. Holders of NQSOs (and any SARs or LSARs related thereto) are permitted to transfer such NQSOs for no consideration to such holder's "family members" (as defined in Form S-8) with the prior approval of the Compensation Committee.

Except as set forth in the table below, the Company cannot now determine the number of options or other awards to be granted in the future under the 2011 Plan to officers, directors, employees and consultants. Actual awards under the 2011 Plan to Named Executive Officers for Fiscal 2014 are reported under the heading "Grant of Plan-Based Awards."

New Plan Benefits

Name and Principal Position	Number of Shares of Stock
Non-Employee Director Group	8,760 (1)

(1) Each of the three non-employee directors of the Company will receive an annual grant of 2,920 shares of restricted Class B Common Stock for being a director. In 2014, this automatic grant was made on January 6, 2014. Calculation is based upon the number of non-employee directors nominated for election at the Annual Meeting.

Federal Income Tax Consequences of Awards Granted under the 2011 Plan

The Company believes that, under present law, the following are the U.S. federal income tax consequences generally arising with respect to awards under the 2011 Plan:

Incentive Stock Options. ISOs granted under the 2011 Plan are intended to meet the definitional requirements of Section 422(b) of the Code for “incentive stock options.” A participant who receives an ISO does not recognize any taxable income upon the grant of such ISO. Similarly, the exercise of an ISO generally does not give rise to federal taxable income to the participant, provided that (i) the federal “alternative minimum tax,” which depends on the participant’s particular tax situation, does not apply and (ii) the participant is employed by the Company from the date of grant of the option until three months prior to the exercise thereof, except where such employment or service terminates by reason of disability or death (where the three month period is extended to one year).

Further, if after exercising an ISO, a participant disposes of the Class B Common Stock so acquired more than two years from the date of grant and more than one year from the date of transfer of the Class B Common Stock pursuant to the exercise of such ISO (the “applicable holding period”), the participant will normally recognize a long-term

capital gain or loss equal to the difference, if any, between the amount received for the shares and the exercise price. If, however, the participant does not hold the shares so acquired for the applicable holding period — thereby making a “disqualifying disposition” — the participant would realize ordinary income on the excess of the fair market value of the shares at the time the ISO was exercised over the exercise price, and the balance of income, if any, would be long-term capital gain (provided the holding period for the shares exceeded one year and the participant held such shares as a capital asset at such time).

A participant who exercises an ISO by delivering Class B Common Stock previously acquired pursuant to the exercise of another ISO is treated as making a “disqualifying disposition” of such Class B Common Stock if such shares are delivered before the expiration of their applicable holding period. Upon the exercise of an ISO with previously acquired shares as to which no disqualifying disposition occurs, the participant would not recognize gain or loss with respect to such previously acquired shares. The Company will not be allowed a federal income tax deduction upon the grant or exercise of an ISO or the disposition, after the applicable holding period, of the Class B Common Stock acquired upon exercise of an ISO. In the event of a disqualifying disposition, the Company generally will be entitled to a deduction in an amount equal to the ordinary income recognized by the participant, provided that such amount constitutes an ordinary and necessary business expense to the Company and is reasonable and the limitations of Sections 280G and 162(m) of the Code (discussed below) do not apply.

Non-Qualified Stock Options and Stock Appreciation Rights. Non-qualified stock options granted under the 2011 Plan are options that do not qualify as ISOs. A participant who receives an NQSO or an SAR (including an LSAR) will not recognize any taxable income upon the grant of such NQSO or SAR. However, the participant generally will recognize ordinary income upon exercise of an NQSO in an amount equal to the excess of (i) the fair market value of the shares of Class B Common Stock at the time of exercise over (ii) the exercise price. Similarly, upon the receipt of cash or shares pursuant to the exercise of an SAR, the individual generally will recognize ordinary income in an amount equal to the sum of the cash and the fair market value of the shares received.

The ordinary income recognized with respect to the receipt of shares or cash upon exercise of a NQSO or an SAR will be subject to both wage withholding and other employment taxes. In addition to the customary methods of satisfying the withholding tax liabilities that arise upon the exercise of an SAR for shares or upon the exercise of a NQSO, the Company may satisfy the liability in whole or in part by withholding shares of Class B Common Stock from those that otherwise would be issuable to the participant or by the participant tendering other shares owned by him or her, valued at their fair market value as of the date that the tax withholding obligation arises.

A federal income tax deduction generally will be allowed to the Company in an amount equal to the ordinary income recognized by the individual with respect to his or her NQSO or SAR, provided that such amount constitutes an ordinary and necessary business expense to the Company and is reasonable and the limitations of Sections 280G and 162(m) of the Code do not apply.

If a participant exercises an NQSO by delivering shares of Class B Common Stock to the Company, other than shares previously acquired pursuant to the exercise of an ISO which is treated as a “disqualifying disposition” as described above, the participant will not recognize gain or loss with respect to the exchange of such shares, even if their then fair market value is different from the participant’s tax basis. The participant, however, will be taxed as described above with respect to the exercise of the NQSO as if he or she had paid the exercise price in cash, and the Company likewise generally will be entitled to an equivalent tax deduction.

Other Awards. With respect to other awards under the 2011 Plan that are settled either in cash or in shares of Class B Common Stock that are either transferable or not subject to a substantial risk of forfeiture (as defined in the Code and the regulations thereunder), participants generally will recognize ordinary income equal to the amount of cash or the fair market value of the Class B Common Stock received. Participants also will not recognize income upon the grant of a deferred stock unit, and will instead recognize ordinary income when shares of Class B Common Stock are delivered in satisfaction of such award.

With respect to restricted stock awards under the 2011 Plan that are restricted to transferability and subject to a substantial risk of forfeiture — absent a written election pursuant to Section 83(b) of the Code filed with the Internal Revenue Service within 30 days after the date of transfer of such shares pursuant to the award (a “Section 83(b) election”) — a participant will recognize ordinary income at the earlier of the time at which (i) the shares become transferable or (ii) the restrictions that impose a substantial risk of forfeiture of such shares (the “Restrictions”) lapse, in an amount equal to the excess of the fair market value (on such date) of such shares over the price paid

for the award, if any. If a Section 83(b) election is made, the participant will recognize ordinary income, as of the transfer date, in an amount equal to the excess of the fair market value of the Class B Common Stock as of that date over the price paid for such award, if any.

The ordinary income recognized with respect to the receipt of cash, shares of Class B Common Stock or other property under the 2011 Plan will be subject to both wage withholding and other employment taxes. In addition to the customary methods of satisfying withholding tax liabilities that arise with respect to the delivery of cash or property (or vesting thereof), the Company may satisfy the liability in whole or in part by withholding shares of Class B Common Stock from those that would otherwise be issuable to the participant or by the participant tendering other shares owned by him or her, valued at their fair market value as of the date that the tax withholding obligation arises.

The Company generally will be allowed a deduction for federal income tax purposes in an amount equal to the ordinary income recognized by the participant, provided that such amount constitutes an ordinary and necessary business expense and is reasonable and the limitations of Sections 280G and 162(m) of the Code do not apply.

Change in Control. In general, if the total amount of payments to a participant that are contingent upon a “change in control” of the Company (as defined in Section 280G of the Code), including awards under the 2011 Plan that vest upon a “change in control,” equals or exceeds three times the individual’s “base amount” (generally, such participant’s average annual compensation for the five calendar years preceding the change in control), then, subject to certain exceptions, the payments may be treated as “parachute payments” under the Code, in which case a portion of such payments would be non-deductible to the Company and the participant would be subject to a 20% excise tax on such portion of the payments.

Certain Limitations on Deductibility of Executive Compensation. With certain exceptions, Section 162(m) of the Code denies a deduction to publicly held corporations for compensation paid to certain executive officers in excess of \$1 million per executive per taxable year (including any deduction with respect to the exercise of an NQSO or SAR or the disqualifying disposition of stock purchased pursuant to an ISO). One such exception applies to certain performance-based compensation provided that such compensation has been approved by stockholders in a separate vote and certain other requirements are met. The Company believes that Stock Options, SARs and LSARs granted under the 2011 Plan should qualify for the performance-based compensation exception to Section 162(m).

On March 27, 2015, the last reported sale price of the Company’s Class B Common Stock on the New York Stock Exchange was \$7.49 per share.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE
2011 PLAN AS DESCRIBED ABOVE.

PROPOSAL NO. 3

APPROVAL OF AN AMENDED COMPENSATION ARRANGEMENT WITH HOWARD S. JONAS

The Company's stockholders are being asked to approve an amended compensation arrangement with Howard S. Jonas, Chairman and Chief Executive Officer of the Company, providing for Mr. Jonas' purchase of 3,600,000 shares of the Company's Class B Common Stock from the Company.

On July 28, 2014, the Compensation Committee of the Board of Directors approved an amendment to Howard S. Jonas' compensation arrangement with the Company, subject to approval of the stockholders of the Company. In connection therewith, options to purchase 3,000,000 shares of Class B Common Stock previously granted to Mr. Jonas, with an exercise price of \$10.30 per share (which was the closing price of the Class B Common Stock on the trading day prior to the grant) were cancelled (the "Cancelled Options"). The Cancelled Options were approved by the stockholders at the 2014 Annual Meeting and served as Mr. Jonas' base salary (other than an amount to allow Mr. Jonas to participate in certain employee benefit programs maintained by the Company, not to exceed \$50,000 per annum) for the five year term of the associated employment agreement.

In exchange for the Cancelled Options, Mr. Jonas entered into a Restricted Stock Sale Agreement (the "Sale Agreement") with the Company, pursuant to which Mr. Jonas committed to purchase an aggregate of 3,600,000 shares of Class B Common Stock from the Company at a price per share of \$6.82, the closing price on July 28, 2014 (the "Purchase Price"). On July 30, 2014, Mr. Jonas purchased 3,466,275 shares of Class B Common Stock at a price of \$6.82 per share for an aggregate purchase price of \$23,640,000, and on August 4, 2014, Mr. Jonas purchased an additional 133,725 shares of Class B Common Stock for the purchase price of \$912,000. The purchased shares are subject to repurchase by the Company at the original purchase price if Mr. Jonas leaves the employ of the Company under certain conditions, which right lapses over the six-year term of the arrangement. The purchased shares are also restricted from transfer. Such restrictions lapsed, as to 600,000 shares, immediately upon purchase, 600,000 shares on December 31, 2014 and as to an additional 600,000 shares on each of December 31, 2015, 2016, 2017 and 2018. In connection with this Second Amended and Restated Employment Agreement, dated March 25, 2014, between the Company and Mr. Jonas was amended to extend the term thereof for an additional one year period, expiring on December 31, 2019.

The shares purchased by Mr. Jonas are restricted from transfer by Mr. Jonas and will be subject to repurchase by the Company at the Purchase Price if Mr. Jonas resigns from his employment with the Company. Those restrictions will lapse over the term of his amended Employment Agreement.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE AMENDED
COMPENSATION ARRANGEMENT WITH HOWARD S. JONAS.

PROPOSAL NO. 4

ADVISORY VOTE ON EXECUTIVE COMPENSATION

As required by Section 14A of the Securities Exchange Act of 1934, we are asking our stockholders to cast an advisory vote on the compensation of the “Named Executive Officers” identified in the 2014 Summary Compensation Table in the “Executive Compensation” section of this Proxy Statement. This vote is advisory and not binding on the Company; however, it will provide feedback concerning our executive compensation program. We hold advisory votes on executive compensation every three years. Our Board decided on votes every three years and a majority of our stockholders voted for that preference in 2012. We will continue to hold advisory votes on executive compensation every three years until our next vote on the frequency of stockholder votes on executive compensation, which will occur at our 2018 annual meeting.

As noted in the Compensation Discussion and Analysis included in the “Executive Compensation” section of this Proxy Statement, the Compensation Committee believes that our executive compensation program implements and achieves the goals of our executive compensation philosophy. That philosophy, which is set by the Compensation Committee, is designed to attract and retain qualified and motivated personnel and align their interests with the short-term and long-term goals of the Company and with the best interests of our stockholders. Our compensation philosophy is to provide compensation to attract the individuals necessary for our current needs and growth initiatives, and provide them with the proper incentives to motivate those individuals to achieve our long-term plans.

The three broad components of our executive officer compensation are base salary, annual cash incentive bonuses awards, and long term equity-based incentive awards. The Compensation Committee periodically reviews total compensation levels and the allocation of compensation among these three components for each of the executive officers in the context of our overall compensation policy. Additionally, the Compensation Committee, in conjunction with our board, reviews the relationship of executive compensation to corporate performance generally and with respect to specific enumerated goals that are established by the Compensation Committee early in each fiscal year. The Compensation Committee believes that our current compensation plans are competitive and reasonable.

Further details concerning how we implement our philosophy and goals, and how we apply the above principles to our compensation program, are provided in the Compensation, Discussion and Analysis above. In particular, we discuss how we set compensation targets and other objectives and evaluate performance against those targets and objectives to assure that performance is appropriately rewarded.

Stockholders are urged to read the Compensation, Discussion and Analysis and other information in the “Executive Compensation” section of this Proxy Statement. The Compensation Committee and the Board of Directors believe that the information provided in that section demonstrates that our executive compensation program aligns our executives’ compensation with Genie’s short-term and long-term performance and provides the compensation and incentives needed to attract, motivate and retain key executives who are crucial to Genie’s long-term success. Accordingly, the following resolution will be submitted for a stockholder vote at the Annual Meeting:

“RESOLVED, that the stockholders of Genie Energy Ltd. (the “Company”) approve, on an advisory basis, the compensation of the Company’s Named Executive Officers, as disclosed pursuant to Item 402 of Securities and Exchange Commission Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and narrative disclosures.”

Although the advisory vote is non-binding, the Compensation Committee and the Board of Directors will review the results of the vote. The Compensation Committee will consider stockholders’ concerns and take them into account in future determinations concerning our executive compensation program.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL, ON AN ADVISORY BASIS,
OF THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS, AS STATED IN THE
ABOVE RESOLUTION.

PROPOSAL NO. 5

**RATIFICATION OF THE APPOINTMENT OF BDO USA, LLP AS THE COMPANY'S
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Company's stockholders are being asked to ratify the Board of Directors' appointment of BDO USA, LLP ("BDO") for the Fiscal Year ending December 31, 2015.

BDO has served the Company as its independent registered public accounting firm since 2013. The Audit Committee of the Board of Directors has appointed BDO as the Company's independent registered public accounting firm for Fiscal 2015. Neither the Company's governing documents nor applicable law require stockholder ratification of our independent registered public accounting firm. However, the Audit Committee will consider the results of the stockholder vote for this proposal and, in the event of a negative vote, will review any future selection of BDO. Even if BDO's appointment is ratified by the stockholders, the Audit Committee may, in its discretion, appoint a new independent registered public accounting firm at any time if it determines that such a change would be in the best interests of the Company and its stockholders.

We expect that representatives for BDO will be present at the Annual Meeting, will be available to respond to appropriate questions and will have the opportunity to make such statements as they may desire.

During the Company's two most recent fiscal years, the Company did not consult with BDO with respect to any of the matters or events listed in Regulation S-K Item 304(a)(2).

BDO's report on the Company's consolidated financial statements for the past two fiscal years did not contain an adverse opinion or a disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope or accounting principles.

During the two most recent fiscal years there were no disagreements between the Company and BDO on any matter of accounting principles or practices, consolidated financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of BDO, would have caused BDO to make reference to the subject matter of the disagreements in connection with its report on the Company's consolidated financial statements for such years.

During the two most recent fiscal years there were no "reportable events", as defined in Regulation S-K Item 304(a)(1)(v).

Grant Thornton LLP ("GT") was the Company's independent registered public accounting firm for Fiscal Year 2012. On July 29, 2013, the Company notified GT that the Company was dismissing GT as its independent registered public accounting firm, effective immediately. The Audit Committee of the Board of Directors approved the dismissal of GT as the Company's independent registered public accounting firm.

GT's report on the Company's consolidated financial statements as of December 31, 2012 and 2011 and for the year ended December 31, 2012 and for the five-month transition period ended December 31, 2011 did not contain an adverse opinion or a disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope or accounting principles, except for referring to the work of other auditors, for the audits of the financial statements of American Shale Oil, LLC, (an entity in which the Registrant owns an interest and with respect to which the Registrant employs an equity method) as of December 31, 2012 and 2011 and for the year ended December 31, 2012 and for the five-month transition period ended December 31, 2011.

During the year ended December 31, 2012, the five-month transition period ended December 31, 2011, and the subsequent period through July 29, 2013, there were no disagreements between the Registrant and GT on any matter

of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of GT, would have caused GT to make reference to the subject matter of the disagreements in connection with its report on the Registrant's financial statements for such periods.

During the year ended December 31, 2012, the five-month transition period ended December 31, 2011, and the subsequent period through July 29, 2013, there were no "reportable events", as defined in Regulation S-K Item 304(a)(1)(v).

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF
BDO USA, LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR
THE FISCAL YEAR ENDING DECEMBER 31, 2015.**

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of the Independent Registered Public Accounting Firm

The Audit Committee is responsible for appointing, setting compensation for, and overseeing the work of the Company's independent registered public accounting firm. The Audit Committee has established a policy regarding pre-approval of all audit and permissible non-audit services provided by the independent registered public accounting firm, and all such services were approved by the Audit Committee in Fiscal 2014 and Fiscal 2013.

The Audit Committee assesses requests for services by the independent registered public accounting firm using several factors. The Audit Committee will consider whether such services are consistent with the PCAOB's and SEC's rules on auditor independence. In addition, the Audit Committee will determine whether the independent registered public accounting firm is best positioned to provide the most effective and efficient service based upon the members' familiarity with the Company's business, people, culture, accounting systems, risk profile and whether the service might enhance the Company's ability to manage or control risk or improve audit quality.

Report of the Audit Committee

The purpose of the Audit Committee is to assist the Board of Directors in its general oversight of the Company's financial reporting process, internal controls, and audit functions. The Audit Committee's purpose is more fully described in its charter, which can be found on the Company's website at genie.com/governance.php. The Audit Committee reviews its charter on an annual basis. The Board of Directors annually reviews the NYSE listing standards' definition of independence for Audit Committee members, questionnaires completed by the members and all information regarding relationships that could reasonably be expected to impact independence in accordance with those standards, and has determined that each member of the Audit Committee meets that standard. The Board of Directors has also determined that W. Wesley Perry qualifies as an "audit committee financial expert" within the meaning of Item 407(d)(5) of Regulation S-K.

The Company's management is responsible for the preparation, presentation, and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls, and procedures designed to reasonably assure compliance with accounting standards, applicable laws, and regulations. The Company utilizes the services of the full-time Internal Audit department or a related entity (pursuant to a definitive agreement) that reports to the Audit Committee and to the Company's management. This department is responsible for objectively reviewing and evaluating the adequacy, effectiveness, and quality of the Company's system of internal controls related to, for example, the reliability and integrity of the Company's financial information and the safeguarding of the Company's assets.

The Company's independent registered public accounting firm for Fiscal 2014, BDO LLP, is responsible for performing an independent audit of the consolidated financial statements in accordance with generally accepted auditing standards and expressing an opinion on the conformity of those financial statements with U.S. generally accepted accounting principles. In accordance with law, the Audit Committee has the ultimate authority and responsibility for selecting, compensating, evaluating, and, when appropriate, replacing the Company's independent audit firm, and evaluates its independence. The Audit Committee has the authority to engage its own outside advisors, including experts in particular areas of accounting, as it determines appropriate, apart from counsel or advisors hired by the Company's management.

Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of the Company's management or the independent audit firm; nor can the Audit Committee certify that the independent audit firm is "independent" under applicable rules. The Audit Committee serves a Board-level oversight role in which it provides advice, counsel, and direction to the Company's management and to the auditors on the basis of the information it receives, discussions with the Company's management and the auditors, and the experience of the Audit Committee's members in business, financial, and accounting matters.

The Audit Committee's agenda for the year includes reviewing the Company's financial statements, internal controls over financial reporting, and audit and other matters. The Audit Committee meets each quarter with BDO LLP and the Company's management to review the Company's interim financial results before the publication of the Company's quarterly earnings news releases. The Company's management's and the independent audit firm's presentations to, and discussions with, the Audit Committee cover various topics and events that may have significant financial impact or are the subject of discussions between the Company's management and the independent audit firm. The Audit Committee reviews and discusses with the Company's management the Company's major financial risk exposures and the steps that the Company's management has taken to monitor and control such exposures. In accordance with law, the Audit Committee is responsible for establishing procedures for the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters, including confidential, anonymous submission by the Company's employees, received through established procedures, of any concerns regarding questionable accounting or auditing matters.

Among other matters, the Audit Committee monitors the activities and performance of the Company's internal auditors and independent registered public accounting firm, including the audit scope, external audit fees, auditor independence matters, and the extent to which the independent audit firm can be retained to perform non-audit services. The Company's independent audit firm has provided the Audit Committee with the written disclosures and the letter required by the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence, and the Audit Committee has discussed with the independent audit firm and the Company's management that firm's independence. In accordance with Audit Committee policy and the requirements of law, the Audit Committee pre-approves all services to be provided by BDO LLP. Pre-approval includes audit services, audit-related services, tax services, and other services.

The Committee has reviewed and discussed with the Company's management the audited financial statements of the Company for the Fiscal Year ended December 31, 2014, as well as the effectiveness of the Company's internal controls over financial reporting as of December 31, 2014. The Committee has also reviewed and discussed with BDO LLP the matters required to be discussed with the independent registered public accounting firm by applicable

PCAOB rules regarding “Communication with Audit Committees.”

In reliance on these reviews and discussions, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2014, for filing with the Securities and Exchange Commission.

2011 STOCK OPTION AND INCENTIVE PLAN
(Amended and Restated March 10, 2015)

The purpose of the Genie Energy Ltd. 2011 Stock Option and Incentive Plan (the “Plan”) is to provide incentives to executive officers, employees, directors and consultants of Genie Energy Ltd. In addition, the Plan permits the issuance of awards in partial substitution of incentive awards that covered shares of the Class B common stock of IDT Corporation immediately prior to the spin-off of Genie Energy Ltd. by IDT Corporation (the “Spin-Off”). The provisions of the Plan are intended to satisfy the requirements of Section 16(b) of the Securities Exchange Act of 1934, as amended, and of Section 162(m) of the Internal Revenue Code of 1986, as amended, and shall be interpreted in a manner consistent with the requirements thereof.

An approved leave of absence shall include sick leave, maternity leave, military leave (including without limitation service in the National Guard or the Army Reserves) or any other personal leave approved by the Committee. Each award of Deferred Stock Units under the Plan shall be evidenced by a written Agreement between the Company and the Grantee, in such form as the Committee shall from time to time approve, which Agreement shall comply with and be subject to the following terms and conditions, unless otherwise

specifically provided in such Agreement:

- (a) NUMBER OF SHARES. Each Agreement for Deferred Stock Units shall state the number of shares of Class B Common Stock to be subject to an award.

A-10

(b) **RESTRICTIONS.** Deferred Stock Units may not be sold, assigned, transferred, pledged, hypothecated or otherwise disposed of, except by will or the laws of descent and distribution, until shares of Class B Common Stock are payable with respect to an award. The Committee may impose such vesting restrictions and conditions on the payment of shares as it deems appropriate including the satisfaction of performance criteria. Such performance criteria may include sales, earnings before interest and taxes, return on investment, earnings per share, any combination of the foregoing or rate of growth of any of the foregoing, as determined by the Committee.

(c) **FORFEITURE.** Subject to such exceptions as may be determined by the Committee, if the Grantee's Continuous Service with the Company or any Subsidiary shall terminate for any reason prior to the Grantee becoming fully vested in the award, then the Grantee's rights under any unvested Deferred Stock Units shall be forfeited without cost to the Company or such Subsidiary.

(d) **OWNERSHIP.** Until shares are delivered with respect to Deferred Stock Units, the Grantee shall not possess any incidents of ownership of such shares, including the right to receive dividends with respect to such shares and to vote such shares.

(e) **ACCELERATED LAPSE OF RESTRICTIONS.** Upon the occurrence of any of the events specified in Section 15 of the Plan (and subject to the conditions set forth therein), all restrictions then outstanding on any Deferred Stock Units awarded under the Plan shall lapse as of the applicable date set forth in Section 15. The Committee shall have the authority (and the Agreement may so provide) to cancel all or any portion of any outstanding restrictions prior to the expiration of any restricted period with respect to any or all of the shares of Deferred Stock Units awarded on such terms and conditions as the Committee shall deem appropriate.

14. Effect of Certain Changes.

(a) **ADJUSTMENTS UPON CHANGES IN CAPITALIZATION.** In the event of any extraordinary dividend, stock dividend, recapitalization, merger, consolidation, stock split, warrant or rights issuance, or combination or exchange of such shares, or other similar transactions, the Committee shall equitably adjust (i) the maximum number of Options or shares of Restricted Stock that may be awarded to a Grantee in any calendar year (as provided in Section 5 hereof), (ii) the number of shares of Class B Common Stock available for awards under the Plan, (iii) the number and/or kind of shares covered by outstanding awards and (iv) the price per share of Options or the applicable market value of Stock Appreciation Rights or Limited Rights, in each such case so as to reflect such event and preserve the value of such awards; provided, however, that any fractional shares resulting from such adjustment shall be eliminated.

(b) **CHANGE IN CLASS B COMMON STOCK.** In the event of a change in the Class B Common Stock as presently constituted that is limited to a change of all of its authorized shares of Class B Common Stock, into the same number of shares with a different par value or without par value, the shares resulting from any such change shall be deemed to be the Class B Common Stock within the meaning of the Plan.

15. Corporate Transaction; Change in Control; Related Entity Disposition.

(a) **CORPORATE TRANSACTION.** In the event of a Corporate Transaction, each award which is at the time outstanding under the Plan shall automatically become fully vested and exercisable and, in the case of an award of Restricted Stock or an award of Deferred Stock Units, shall be released from any restrictions on transfer (except with regard to the Insider Trading Policy and such other agreements between the Grantee and the Company) and repurchase or forfeiture rights, immediately prior to the specified effective date of such Corporate Transaction. Effective upon the consummation of the Corporate Transaction, all outstanding awards of Options, Stock Appreciation Rights and Limited Rights under the Plan shall terminate, unless otherwise determined by the Committee. However, all such awards shall not terminate if the awards are, in connection with the Corporate Transaction, assumed by the successor corporation or Parent thereof.

(b) **CHANGE IN CONTROL.** In the event of a Change in Control (other than a Change in Control which is also a Corporate Transaction), each award which is at the time outstanding under the Plan automatically shall become fully vested and exercisable and, in the case of an award of Restricted Stock or an award of Deferred Stock Units, shall be released from any restrictions on transfer and repurchase or forfeiture rights, immediately prior to the specified effective date of such Change in Control.

A-11

(c) **RELATED ENTITY DISPOSITION.** The Continuous Service of each Grantee (who is primarily engaged in service to a Related Entity at the time it is involved in a Related Entity Disposition) shall terminate effective upon the consummation of such Related Entity Disposition, and each outstanding award of such Grantee under the Plan shall become fully vested and exercisable and, in the case of an award of Restricted Stock or an award of Deferred Stock Units, shall be released from any restrictions on transfer (except with regard to the Insider Trading Policy and such other agreements between the Grantee and the Company). Unless otherwise determined by the Committee, the Continuous Service of a Grantee shall not be deemed to terminate (and each outstanding award of such Grantee under the Plan shall not become fully vested and exercisable and, in the case of an award of Restricted Stock or an award of Deferred Stock Units, shall not be released from any restrictions on transfer) if (i) a Related Entity Disposition involves the spin-off of a Related Entity, for so long as such Grantee continues to remain in the service of such entity that constituted the Related Entity immediately prior to the consummation of such Related Entity Disposition (“SpinCo”) in any capacity of officer, employee, director or consultant or (ii) an outstanding award is assumed by the surviving corporation (whether SpinCo or otherwise) or its parent entity in connection with a Related Entity Disposition.

(d) **SUBSTITUTE AWARDS.** The Committee may grant awards under the Plan in substitution of stock-based incentive awards held by employees, consultants or directors of another entity who become employees, consultants or directors of the Company or any Subsidiary by reason of a merger or consolidation of such entity with the Company or any Subsidiary, or the acquisition by the Company or a Subsidiary of property or equity of such entity, upon such terms and conditions as the Committee may determine, and such awards shall not count against the share limitation set forth in Section 5 of the Plan.

16. Period During which Awards May Be Granted.

Awards may be granted pursuant to the Plan, from time to time, until October 24, 2021 which is within a period of ten (10) years from the date the Board adopted the Plan.

17. Transferability of Awards.

(a) Incentive Stock Options and Stock Appreciation Rights may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by the laws of descent and distribution and may be exercised, during the lifetime of the Grantee, only by the Grantee or his or her guardian or legal representative.

(b) Nonqualified Stock Options shall be transferable in the manner and to the extent acceptable to the Committee, as evidenced by a writing signed by the Company and the Grantee. Nonqualified Stock Options (together with any Stock Appreciation Rights or Limited Rights related thereto) shall be transferable by a Grantee as a gift to the Grantee’s “family members” (as defined in Form S-8) under such terms and conditions as may be established by the Committee; provided that the Grantee receives no consideration for the transfer. Notwithstanding the transfer by a Grantee of a Nonqualified Stock Option, the transferred Nonqualified Stock Option shall continue to be subject to the same terms and conditions as were applicable to the Nonqualified Stock Option immediately before the transfer (including, without limitation, the Insider Trading Policy) and the Grantee will continue to remain subject to the withholding tax requirements set forth in Section 18 hereof.

(c) The terms of any award granted under the Plan, including the transferability of any such award, shall be binding upon the executors, administrators, heirs and successors of the Grantee.

(d) Restricted Stock shall remain subject to the Insider Trading Policy after the expiration of the Restricted Period. Deferred Stock Units shall remain subject to the Insider Trading Policy after payment thereof.

18. Agreement by Grantee regarding Withholding Taxes.

If the Committee shall so require, as a condition of exercise of an Option, Stock Appreciation Right or Limited Right, the expiration of a Restricted Period or payment of a Deferred Stock Unit (each, a “Tax Event”), each Grantee shall agree that no later than the date of the Tax Event, the Grantee will pay to the Company or make arrangements satisfactory to the Committee regarding payment of any federal, state or local taxes of any kind required by law to be withheld upon the Tax Event. Unless determined otherwise by the Committee, a Grantee shall permit, to the extent permitted or required by law, the Company to withhold federal, state and local taxes of any kind required by law to

A-12

be withheld upon the Tax Event from any payment of any kind due to the Grantee. Unless otherwise determined by the Committee, any such above-described withholding obligation may, in the discretion of the Company, be satisfied by the withholding by the Company or delivery to the Company of Class B Common Stock.

19. Rights as a Stockholder.

Except as provided in Section 11(d) of the Plan, a Grantee or a transferee of an award shall have no rights as a stockholder with respect to any shares covered by the award until the date of the issuance of such shares to him or her. No adjustment shall be made for dividends (ordinary or extraordinary, whether in cash, securities or other property) or distribution of other rights for which the record date is prior to the date such shares are issued, except as provided in Section 14(a) of the Plan.

20. No Rights to Employment; Forfeiture of Gains.

Nothing in the Plan or in any award granted or Agreement entered into pursuant hereto shall confer upon any Grantee the right to continue as a director of, in the employ of, or in a consultant relationship with, the Company or any Subsidiary or to be entitled to any remuneration or benefits not set forth in the Plan or such Agreement or to interfere with or limit in any way the right of the Company or any such Subsidiary to terminate such Grantee's employment or consulting relationship. Awards granted under the Plan shall not be affected by any change in duties or position of a Grantee as long as such Grantee continues to be employed by, or in a consultant relationship with, or a director of the Company or any Subsidiary. The Agreement for any award under the Plan may require the Grantee to pay to the Company any financial gain realized from the prior exercise, vesting or payment of the award in the event that the Grantee engages in conduct that violates any non-compete, non-solicitation or non-disclosure obligation of the Grantee under any agreement with the Company or any Subsidiary, including, without limitation, any such obligations provided in the Agreement.

21. Beneficiary.

A Grantee may file with the Committee a written designation of a beneficiary on such form as may be prescribed by the Committee and may, from time to time, amend or revoke such designation. If no designated beneficiary survives the Grantee, the executor or administrator of the Grantee's estate shall be deemed to be the Grantee's beneficiary.

22. Approval; Amendment and Termination of the Plan.

(a) **APPROVAL.** The Plan initially became effective when adopted by the Board on October 24, 2011 and shall terminate on the tenth anniversary of such date. The Plan was ratified by the Company's sole stockholder on October 25, 2011.

(b) **AMENDMENT AND TERMINATION OF THE PLAN.** The Board, or the Committee if so delegated by the Board, at any time and from time to time may suspend, terminate, modify or amend the Plan; however, unless otherwise determined by the Board, or the Committee if applicable, an amendment that requires stockholder approval in order for the Plan to continue to comply with any law, regulation or stock exchange requirement shall not be effective unless approved by the requisite vote of stockholders. Except as provided in Section 14(a) of the Plan, no suspension, termination, modification or amendment of the Plan may adversely affect any award previously granted, unless the written consent of the Grantee is obtained.

23. Governing Law.

The Plan and all determinations made and actions taken pursuant hereto shall be governed by the laws of the State of Delaware.

24. Section 409A of the Code.

It is the intention of the Company that no award shall be “deferred compensation” subject to Section 409A of the Code, unless and to the extent that the Committee specifically determines otherwise as provided in this Section 24, and the Plan and the terms and conditions of all awards shall be interpreted accordingly. The terms and conditions governing any awards that the Committee determines will be subject to Section 409A of the Code shall be set forth in the applicable award Agreement and shall comply in all respects with Section 409A of the Code. Notwithstanding

A-13

any provision of this Plan to the contrary, if one or more of the payments or benefits received or to be received by a Grantee pursuant to an award would cause the Grantee to incur any additional tax or interest under Section 409A of the Code, the Committee may reform such provision to maintain to the maximum extent practicable the original intent of the applicable provision without violating the provisions of Section 409A of the Code. Although the Company intends to administer the Plan so that Awards will be exempt from, or will comply with, the requirements of Section 409A of the Code, the Company does not warrant that any Award under the Plan will qualify for favorable tax treatment under Section 409A of the Code or any other provision of federal, state, local or foreign law. The Company shall not be liable to any Grantee for any tax, interest, or penalties that Grantee might owe as a result of the grant, holding, vesting, exercise, or payment of any award under the Plan.

25. Converted IDT Awards

(a) As a result of the spin-off transaction contemplated by the Separation Agreement, certain awards (“Conversion Awards”) may be issued under this Plan in connection with the equitable adjustment by IDT of certain stock options, restricted stock awards and other equity-based awards previously granted by IDT (collectively, the “IDT Awards”). Notwithstanding any other provision of the Plan to the contrary and subject to the terms of the Separation Agreement, (i) the number of shares to be subject to each Conversion Award shall be determined by the Compensation Committee of the Board of Directors of IDT (the “IDT Committee”), and (ii) the other terms and conditions of each Conversion Award, including option exercise price, shall be determined by the IDT Committee, provided that such determinations are made prior to the “Distribution” (as such term is defined in the Separation Agreement). Solely for purposes of any Conversion Award, the term “Grantee” shall also include any person who holds an “IDT Option” or “IDT Restricted Share” (as those terms are defined in the Separation Agreement) that remains outstanding immediately prior to the Separation Date and receives a Conversion Award under this Section 25.

(b) With respect to any Conversion Award held by an employee, consultant, or director in the employ or service of IDT (an “IDT Holder”), the Committee shall, upon written notification from IDT, provide that any such Conversion Award shall vest upon the terms and conditions set forth in such notification, to the extent permitted by the Plan.

(c) IDT shall be an intended third party beneficiary of, and shall have standing to enforce the terms of, this Section 25 as if it were a party hereto.
