Agenda: **1.** Exclude the limit on indebtedness established in item 3 of letter (m) of item 4.12.1 of the Private for the Fourth Issue of Simple Debentures by Gafisa S.A., as amended on September 18, 2005 (Deed of Issue) worth R\$ 1.000.000.000,00 (one billion Brazilian Reais), as the stipulation of this ceiling in absolute values is no longer an adequate criterion for proving the payment capacity of Gafisa; **2.** Substitute the SFH Debt concept established in line (b) of line (m) of item 4.12.1 of the Deed of Issue by the Project Debt concept, with the following definition: Project Debt is the sum of all loan agreements signed by Gafisa in order to finance construction, funded through the Housing Finance System (SFH) or the Length of Service Guarantee Fund (FGTS), including loan agreements signed by its subsidiaries, calculated in proportion to the stakes held by Gafisa in each of them ; **3.** Alter the formula set forth in item 1 of line (m) of item 4.12.1 of the Deed of Issue, including Project Debt in the numerator and Stakes held by Minority Shareholders in the denominator, as follows: $\frac{\text{Total Debt} - \text{Project Debt} - \text{Cash \& Banks}}{\text{Net Worth} + \text{Stakes held by Minority Shareholders}} = 75\%$. The amounts posted in the Minority Shareholders account under the Gafisa Credit Rights Investment Fund Real Estate Credit will not be taken into consideration for the calculation purposes of this covenant; **4.** Include an Early Redemption Clause in the Deed of Issue for debentures in circulation, through payment of the unit face value of the debentures plus remuneration, with no payment of premium; and **5.** Through approval of the matters presented in items 1 to 4 above, to deliberate on (i) an increase in the remuneration of the debentures as set forth in item 4.9 of the Deed of Issue, pursuant to the proposal to be presented by the Issuer, or (ii) payment of a premium.
