(b) appreciate and deliberate on GVTPart's Merger Protocol and Justification Instrument, signed by the Administrators of GVTPart and of the Company in March 14, 2016, having as an object the merger of GVTPart by the Company ("Merger Protocol");

(c) appreciate and deliberate on GVTPart's Appraisal Report;

(d) deliberate on the merger of GVTPart by the Company and its implementation; and

(e) appreciate and deliberate on the statement referred to in article 1, paragraph 3, of the Act of prior approval issued on January 22, 2016 by Agência Nacional de Telecomunicações - ANATEL, No. 50,169, and published in the Official Gazette of January 28, 2016 ("Act of Prior Approval").

6. DELIBERATIONS: Beginning the Meeting, the Chairman explained that the minutes of the Meeting would be recorded as a summary of the facts, containing only the transcription of the resolutions taken, pursuant to article 130, § 1 of Law No. 6,404/76, as amended ("Law of Corporations"), and informed that the documents or proposals, declarations of vote or dissent on matters to be resolved should be submitted in writing to the Presiding Board which, for this purpose, would be represented by the Secretary. In addition, the Chairman clarified that the documents and information relating to the matters to be discussed in this Meeting were over the table and that such documents were made available to shareholders at the Company's headquarters and on the websites of *Comissão de Valores Mobiliários* (www.cvm.gov.br), *BM&FBOVESPA - Bolsa de Valores, Mercadorias e Futuros* (www.bmfbovespa.com.br) and Company (www.telefonica.com.br/ir), since the publication of the Call Notice, in accordance with the provisions of the Law of Corporations and CVM Instructions No. 481/2009 and No. 565/2015.

The Chairman explained that, as it was known to all, the Meeting had the main objective to discuss and decide on the corporate restructuring involving the Company, its wholly-owned subsidiary and its controlled companies, culminating in the merger, by the Company, of GVTPart, after the merger by GVTPart of the spun-off part of GVT concerning the assets, rights and obligations related to telecommunications activities ("Corporate Restructuring").

**MINUTES OF THE 45th EXTRAORDINARY
SHAREHOLDERS MEETING
HELD ON APRIL 1st, 2016**

He added that, at the end of the corporate restructuring, the aim is to standardize the services developed by such companies, with (i) the concentration of the provision of such services in a single company, the Company; and (ii) the migration of activities provided by GVT other than telecommunications services to POP Internet Ltda.

He also clarified that the concentration of provision of telecommunications services in a single legal entity will promote a convergence environment, facilitating the consolidation and confluence in the provision of telecommunication services and the simplification of service packages offers, as well as the consequent optimization of administrative and operational costs, and standardization of operations of the companies involved in the Corporate Restructuring.

The Chairman also clarified that the intended Corporate Restructuring was submitted for consideration and approval of *Agência Nacional de Telecomunicações* - ANATEL, which approved the terms of the Act of Prior Approval.

In addition, the Chairman stressed that the matter was previously examined by the Audit and Control Committee, Fiscal Board and Board of Directors, which opined favorably in respect of all items on the agenda that competed to them.

Finally, he informed that the intended operation of merger of GVTPart will not result in a capital increase of the Company, nor in the issue of new shares by the Company, as the Corporate Restructuring will not cause any change in the current shareholdings of the Company's shareholders, with also no need to talk about exchange of shares of minority shareholders of GVTPart for the Company's shares, as the Company is the sole shareholder of GVTPart, as well as it will not cause any withdrawal rights to shareholders. Thus, it is not produced a appraisal report of the shareholders' equity at market prices to calculate the exchange ratio of the shares of non-controlling shareholders referred to in Article 264 of the Law of Corporations and Article 8 of CVM Instruction No. 565/15, as understandings stated by CVM in similar cases and as mentioned in CVM Resolution No. 559/08.

HELD ON APRIL 1st, 2016**

WHEREAS this merger transaction is part of a larger corporate restructuring process also involving other companies controlled by Telefônica;

Whereas, in accordance with the Material Fact disclosed on September 22, 2015, GVTPart is a holding company, wholly owned by Telefônica, directly controlling Global Village Telecom S.A., headquartered in the City of Maringá, State of Paraná, at Rua João Paulino Vieira Filho, 752, 2nd floor, enrolled in the CNPJ/MF under No. 03.420.926/0001-24 ("GVT"), and indirectly controlling Pop Internet Ltda., a company headquartered in the City of Curitiba, State of Paraná, at Rua Lourenço Pinto, 299, 10th floor ("POP");

Whereas GVT currently provides telecommunication services and also other non-telecommunication services;

Whereas (i) concentrating the provision of telecommunication services in a single legal entity shall promote a convergence environment, facilitating consolidation and confluence in the provision of telecommunication services and simplifying the service packages offered, and jointly, (ii) migrating the non-telecommunication services provided by GVT to POP shall allow both companies to optimize their administrative and

operational costs, and to standardize the operations of the companies involved in the Corporate Restructuring.

WHEREAS the corporate restructuring aims to unify the telecommunication services in Telefônica, through the total spin-off of GVT and merger of its spun off parcels into GVTPart (concerning the net asset spun-off from GVT related to telecommunication services) and into POP (concerning the net asset spun off from GVT related to non-telecommunication services), and merger of GVTPart into Telefônica, so that at the end of the process, the services currently provided by GVT, other than the telecommunication services, shall be concentrated in POP and the telecommunication services shall be concentrated in Telefônica;

The Parties believe that the merger of GVTPart into Telefônica, pursuant to the terms and conditions of this Protocol, is justified because, in addition to standardizing the provision of services, it aims to simplify the current organizational structure of Telefônica and to assist in the business integration of Telefônica with GVT.

2. PRIOR TRANSACTION AND SHARE CAPITAL OF TELEFÔNICA AND GVTPART

(A) As an act preceding the merger under this Protocol ("Merger"), on the same date and immediately prior to the resolution on the merger of GVTPart by Telefônica, GVT, currently a subsidiary of GVTPart (and indirectly controlled by Telefônica itself, which is also the other sole shareholder in GVT), shall be spun off and its net assets shall be transferred to GVTPart and to POP ("Total Spin-off") and, together with the Merger, the "Corporate Restructuring").

(B) Thus, to enable the understanding of the Companies' information, since the Merger under this Protocol is part of a Corporate Restructuring to be implemented through previous acts on the same date involving Telefônica and GVTPart, as well as GVT and POP, the information to be considered in relation to the net assets object of the Merger shall be that existing and valid on the date of its review, on December 31, 2015 ("Base Date").

2.2.1. Given that on the same date and prior to the submission of the transaction under this Protocol to the Companies' shareholders, GVT's total spin-off shall be determined, with the transfer of the spun-off portions to GVTPart and POP. GVTPart's subscribed and paid-up capital on the date of its merger by Telefônica, should it be approved, shall be thirteen billion, four hundred ninety-nine million, six hundred fifty-seven thousand, nine hundred eighty-one Brazilian Reais (R\$13,499,657,981.00), represented by thirteen billion, four hundred ninety-eight million, seven hundred ninety thousand, five hundred forty-nine (13,498,790,549) common shares, all with no par value, in accordance with the Independent Auditors' Reasonable Assurance Report on the Combined Accounting Information of GVTPart and the spun-off portion of GVT's net assets to be absorbed by GVTPart ("Assurance Report"), issued on the Base Date, and the Protocol of Total Spin-off and Instrument of Justification of GVT, concluded between the managements of GVTPart, POP and GVT, on the date hereof. Therefore, once the Total Spin-off is approved, GVTPart's share capital on the date of its merger by Telefônica shall be the one referred to in this item 2.2.1.

3. MERGED COMPANY'S MERGER, APPRAISAL AND NET ASSETS.

3.1. Merger: In view of GVTPart's Merger and the fact that Telefônica is the sole shareholder of GVTPart, all shares issued by GVTPart shall be canceled under item 4 of this Protocol.

3.2. Base Date and Appraisal: With the Merger, GVTPart's net worth (already considering the absorption of GVT's spun-off portion by GVTPart as a result of GVT's total spin-off), shall be fully absorbed by Telefônica. GVTPart's net worth to be merged into Telefônica were first appraised based on their book value, on the Base Date, in accordance with the accounting practices adopted in Brazil ("Appraisal Report"), and were also presented in the Assurance Report, which was issued also considering the accounting information of GVT and GVTPart on the Base Date. The Appraisal Report and the Assurance Report, in accordance with Article 227 of the Brazilian Corporation Law, were prepared by the independent auditing and appraisal firm, Ernst & Young Auditores Independentes S.S., enrolled in the CNPJ/MF under No. 61.366.936/0001-25, *ad referendum* of the shareholders of the Parties to this Protocol, and are attached hereto as Annex A and Annex B, respectively.

3.3. Equity Variations: In compliance with Article 224, III of the Brazilian Corporation Law, any equity variations in GVTPart (which shall absorb the equity variations in the portion of GVT's net assets transferred to GVTPart, occurring between the Base Date and the date of implementation of the Total Spin-off) between the Base Date and the date of implementation of the Merger shall be absorbed by Telefônica.

3.4. Net Worth: According to the Appraisal Report, together with the Assurance Report, the total value of GVTPart's net worth on the Base Date, consolidated with the value of the portion of GVT's spun-off net assets to be transferred to GVTPart, both appraised at their book value on the Data Base and to be merged into Telefônica, sums up to eleven billion, nine million, nine hundred forty-two thousand, five hundred sixty-seven Brazilian Reais and eighty-five cents (R\$11,009,942,567.85).

3.5. Extinguishment of GVTPart: With the Merger and the consequent transfer of all its equity to Telefônica, GVTPart shall be extinguished under Article 227 of the Brazilian Corporation Law, being Telefônica's directors and executive officers responsible for registering and publishing the documents relating to the transaction.

4. MERGING COMPANY'S SHARE CAPITAL, EXCHANGE OF SHARES, POLITICAL AND SHAREHOLDERS' RIGHTS.

4.2. Treatment of the Merged Company's Shares: Given that GVTPart is currently a wholly-owned subsidiary of Telefônica (there not being, therefore, any minority shareholders in GVTPart), as a result of the Merger, GVTPart's shares shall be canceled and extinguished, pursuant to Article 226, Paragraph 1 of the Brazilian Corporation Law.

4.3. No Exchange Ratio: Since there are no minority shareholders in GVTPart, given it is a wholly-owned subsidiary of Telefônica, there is no need to talk about any exchange ratio of shares held by minority shareholders of GVTPart with shares of the Merging Company.

4.4. No Appraisal of net worth at market price for the purposes of Article 264 of the Brazilian Corporation Law: Since the Merger shall not cause changes in its shareholders' equity interest, given GVTPart is a wholly-owned subsidiary of Telefônica, there is no need to talk about any exchange ratio of shares held by the Merged Company's shareholders with the Merging Company's shares, and consequently, there are no interests of minority shareholders to be protected and, thus, according to CVM's understanding in prior similar cases and pursuant to CVM Resolution No. 559/08, Article 264 of the Brazilian Corporation Law and Article 8 of CVM Ruling No. 565/15 shall not apply.

5. OTHER CONDITIONS APPLICABLE TO THE MERGER.

5.1. Corporate Documents: Extraordinary General Meetings shall be held by GVTPart and Telefônica, to review and decide on the Merger set forth in this Protocol.

Succession: The Merging Company shall succeed GVTPart in its rights and obligations, accounting for GVTPart's obligations under Articles 227 and 232 of the Brazilian Corporation Law, including as regards the rights and obligations arising out of the portion of GVT's net assets spun off and transferred to GVTPart immediately prior to the Merger.

5.4. Authorization: The Executive Officers of the Merging Company and of the Merged Company shall be responsible for, and authorized to take, the necessary steps to implement the terms and conditions agreed to in this Protocol, in accordance with the applicable legislation.
