APPROVAL OF TERMS OF AWARDS FOR FISCAL 2006 PURSUANT TO THE STANLEY WORKS 2006 MANAGEMENT INCENTIVE COMPENSATION PLAN

The Compensation and Organization Committee of the Board of Directors and the Board of Directors approved the performance goals and criteria and the range of potential bonus payments for fiscal 2006 under The Stanley Works 2006 Management Incentive Compensation Plan.

Under the Plan, each participant has the opportunity to earn a threshold, target or maximum bonus amount that is contingent upon achieving the financial and individual performance goals established under the Program and described below. A significant percentage of the potential 2006 bonus for participants based in specific divisions is tied to the performance of that division, with the balance of such bonus tied to corporate performance. 2006 Bonuses for participants fulfilling corporate, but not divisional, functions, are dependent on achieving the established corporate goals and will not be affected by results of particular divisions. Bonus amounts based on results that fall below threshold, between the threshold and the target level or between the target and the maximum level are prorated.

The performance criteria under the Program are based on achievement in fiscal 2006 of corporate earnings per share, sales growth and cash flow multiple targets, as well as individual performance goals and, for participants based in specific divisions, additional divisional performance criteria and goals.

The range of potential bonus payments for 2006 to our Chief Executive Officer and other four most highly compensated executive officers, expressed as a percentage of their eligible salary, for achievement of threshold performance is 25%-50%, for achievement of target performance is 50%-100%, and for achievement of maximum performance is 100%-200%.
