**Item 2.05 Costs Associated with Exit or Disposal Activities.**

In light of the continued decline in overall capital markets activity experienced in 2008 and the uncertainty surrounding current economic conditions, the Company reduced its workforce by approximately 200 positions, or 6% of the Company's total headcount. The reduction in workforce was substantially completed on January 23, 2009, and included a broad range of functions and was enterprise wide. The Company estimates that the related restructuring charges, primarily severance and other employee-related costs, resulting from these actions will result in a first quarter 2009 pre-tax charge of \$4.0 million, and will result in annualized cost savings of \$12.0 million.
