Item 1.01 Entry into a Material Definitive Agreement.

On October 23, 2015, PURE Bioscience, Inc. (the “Company”), creator of the patented silver dihydrogen citrate (SDC) antimicrobial, closed a private placement financing (the “Private Placement Financing”) with Franchise Brands, LLC (the “Investor”) pursuant to a securities purchase agreement (the “Securities Purchase Agreement”), providing for the issuance and sale by the Company to the Investor of (i) an aggregate of 13,333,333 shares (collectively, the “Purchase Shares”) of the Company’s common stock (the “Common Stock”) at a purchase price of \$0.45 per share, (ii) a warrant to purchase up to an aggregate of 6,666,666 shares of Common Stock with a term of five years (the “Five-Year Warrant”) and (iii) a warrant to purchase up to an aggregate of 8,666,666 shares of Common Stock with a term of six months and only exercisable for cash (the “Six-Month Warrant”, together with the Five-Year Warrant, the “Warrants” and the shares issuable upon exercise of the Warrants, collectively, the “Warrant Shares”), for aggregate gross proceeds to the Company of \$6.0 million. The Company did not engage a placement agent or investment banker to facilitate the Private Placement Financing. The Company intends to use the aggregate net proceeds of the Private Placement Financing primarily for working capital and general corporate purposes.

Franchise Brands was created in 2005 with the support and guidance of the founders of SUBWAY® restaurants and makes long-term investments in small and mid-market companies with experienced management. It primarily focuses its investments in food and beverage, retail, business to business services and consumer products. After giving effect to the closing of the Private Placement Financing, Franchise Brands holds 18,666,666 shares of Common Stock and 17,466,665 shares of Common Stock issuable upon exercise of warrants, including the Warrants issued in the Private Placement Financing. Based on 55,192,630 shares of Common Stock outstanding after giving effect to the Private Placement Financing, Franchise Brands holds 33.8% of the Company’s Common Stock on an outstanding basis and 49.7% of the Company’s Common Stock assuming exercise of all the warrants held by Franchise Brands (such percentage being calculated on a beneficial ownership basis in accordance with the rules promulgated by the Securities and Exchange Commission (the “Commission”)).

The Warrants have an exercise price of \$0.45 per share, are exercisable immediately after their issuance and will have a term of exercise equal to the earlier of (i) five years or six months, for the Five-Year Warrant and Six-Month Warrant, respectively, after their issuance date or (ii) the consummation of an Acquisition Event (as defined in the Warrants). The Warrants are subject to a broad-based anti-dilution adjustment in the event the Company issues shares of Common Stock without consideration or for consideration per share less than the exercise price in effect immediately prior to such issuance; provided however, that such adjustment does not apply to an Excluded Issuance (as such term is defined in the Warrants). Additionally, the number of Warrant Shares issuable upon exercise of the Warrants and the applicable exercise price therefor are subject to adjustment in the event of a stock dividend, stock split or combination as set forth in the Warrants.

The Company also entered into a registration rights agreement with the Investor (the “Registration Rights Agreement”), pursuant to which the Company will be obligated, upon request of the Investor and subject to certain conditions, to file with the Commission as soon as practicable, but in any event within 60 days after receiving such applicable request, a registration statement on Form S-1 (the “Resale Registration Statement”) to register the Purchase Shares and the Warrant Shares for resale under the Securities Act of 1933, as amended (the “Securities Act”) and other securities issued or issuable with respect to or in exchange for the Purchase Shares or Warrant Shares. The Company is obligated to use its commercially reasonable efforts to cause the Resale Registration Statement to be declared effective by the Commission as promptly as reasonably practicable after the filing of the Resale Registration Statement, but no monetary penalty or liquidated damages will be imposed upon the Company if the Registration Statement is not declared effective by the Commission.

The issuance and sale of the Purchase Shares, Warrants and Warrant Shares (collectively, the “Securities”) was not registered under the Securities Act, and these Securities may not be offered or sold in the United States absent

registration under or exemption from the Securities Act and any applicable state securities laws. The Securities were issued and sold in reliance upon an exemption from registration afforded by Section 4(a)(2) of the Securities Act and Rule 506 of Regulation D promulgated under the Securities Act. The Investor represented to the Company that it was an “accredited investor” within the meaning of Rule 501 of Regulation D under the Securities Act, and that it was receiving the Securities for investment for its own account and without a view to distribute them. This Current Report on Form 8-K is not and shall not be deemed to be an offer to sell or the solicitation of an offer to buy any of the Securities.
