Item 2.02 Results of Operation and Financial Condition

On Tuesday, November 1, 2005 the Company disseminated a press release, attached as Exhibit A, announcing the Company's operational results for the Third Quarter ending September 30, 2005.

As part of the press release there is a bridge of non-GAAP financial measurement of EBITDA (Earnings Before Interest, Taxes, Depreciation and Amortization) to reported net income. It is shown below the disclosure of the GAAP figures for Operating income, Net income and Diluted earnings per share. This reconciliation of EBITDA to Net income is for the Nine Months Ended September 30, 2005 and September 30, 2004.

The Company believes, however, that EBITDA is an important term and concept because of its use by the professional investment community, including the Company's primary lenders. The Company believes the use of this Term is necessary to a proper understanding of the changes in the Company's earnings.
