Those adjustments were audited by other auditors.

As discussed in Notes 1, 20 and 22 to the consolidated financial statements included in the 2005 Form 10-K (not separately presented herein), on February 22, 2000, The Babcock & Wilcox Company ("B&W"), a wholly owned subsidiary of the Company, filed a voluntary petition with the U.S. Bankruptcy Court to reorganize under Chapter 11 of the U.S. Bankruptcy Code. On January 17, 2006 the United States District Court for the Eastern District of Louisiana issued an order confirming B&W's Chapter 11 Joint Plan of Reorganization and associated settlement agreement and on February 22, 2006, B&W's Plan and associated settlement agreement became effective and B&W emerged from Chapter 11.

NOTES TO CONDENSED FINANCIAL INFORMATION
DECEMBER 31, 2007

NOTE 1 - BASIS OF PRESENTATION

The accompanying financial statements have been prepared to present the uncon-solidated financial position, results of operations and cash flows of McDermott International, Inc. (Parent Company Only). Investments in subsidiaries and other investees are stated under the equity basis of accounting, which is at cost plus equity in undistributed earnings from date of acquisition. These Parent Company Only financial statements should be read in conjunction with McDermott International, Inc.'s consolidated financial statements filed in the Annual Report on Form 10-K.

Effective January 1, 2007 and pursuant to Financial Accounting Standards Board ("FASB") Staff Position ("FSP") AUG AIR-1, "Accounting for Planned Major Maintenance Activities," our consolidated subsidiaries changed their accounting policy from the accrue-in-advance method to the deferral method. Under the deferral method, drydocking costs are recognized as a prepaid asset when incurred, and the costs are amortized over the period of time between drydockings, generally three to five years. This Staff Position requires that all periods presented in our consolidated financial statements reflect the period-specific adjustments of applying the new accounting principle. As a result of applying this change, we have restated our consolidated balance sheet at January 1, 2006 to reflect an increase of approximately \$66.5 million to both investments in subsidiaries and other investees, at equity and stockholders' equity. Additionally, we have restated our consolidated statements of income for the years ended December 31, 2006 and 2005 to reflect an increase (decrease) in our equity in income of subsidiaries and other investees of approximately \$(11.8) million and \$7.7 million, respectively.

Certain of our subsidiaries are restricted in their ability to transfer funds to McDermott International, Inc. ("MII"). Such restrictions principally arise from debt covenants, insurance regulations, national currency controls and the existence of minority shareholders. We refer to the proportionate share of net assets, after intercompany eliminations, that may not be transferred to MII as a result of these restrictions as "restricted net assets." At December 31, 2007, the restricted net assets of our consolidated subsidiaries were approximately \$596 million.

NOTE 2 - CONTINGENCIES

As of December 31, 2007, MII had outstanding performance guarantees for two contracts executed by one of Babcock & Wilcox Power Generation Group, Inc.'s (B&W PGG") Canadian subsidiaries. The total contract value of these projects was approximately \$300 million, and the warranty periods extend to the years 2023 and 2024. These projects have also been completed and are in the warranty periods.

Additionally, as of December 31, 2007, MII had an outstanding performance guarantee for a contract executed by B&W PGG with TXU Corp. The total contract value of this project is approximately \$277 million, and the warranty period is expected to expire during or before 2014.

Also, as of December 31, 2007, MII had an outstanding performance guarantee for an operating and management contract executed by one of B&W PGG's subsidiaries. The original contract was entered into in 1989 and will expire in September 2009. B&W PGG is also a guarantor on this contract. The estimated revenues subject to the guarantee are approximately \$30 million per year. In June 2007, the contract was extended for two consecutive ten year periods, with some opt out provisions, and the full renewal of the contract will occur in 2009.

MII has agreed to indemnify certain surety companies for obligations of various subsidiaries of MII under surety bonds issued to meet various contracting and statutory requirements. As of December 31, 2007, the aggregate outstanding amount of surety bonds that were guaranteed by MII and issued in connection with the business operations of its subsidiaries was approximately \$8.0 million.

Table of Contents

One of B&W PGG's Canadian subsidiaries has received notice of a possible warranty claim on one of its projects on a contract executed in 1998. This situation relates to technical issues concerning components associated with nuclear steam generators. Data collection and analysis, which can only be performed at specific time periods when the power plant is scheduled to be off-line for maintenance, is continuing. The next outage of this facility is scheduled for the spring of 2008 when additional testing will be performed. These tests require detailed engineering study and comprehensive analysis. This project included a limited-term performance bond totaling approximately \$140 million for which MII entered into an indemnity arrangement with the surety underwriters. At this time, B&W PGG's subsidiary continues to analyze the facts and circumstances surrounding this issue. It is possible that B&W PGG's subsidiary may incur warranty costs in excess of amounts provided for as of December 31, 2007. It is also possible that a claim could be initiated by the B&W PGG subsidiary's customer against the surety underwriter should certain events occur. If such a claim were successful, the surety could seek to recover from B&W PGG's subsidiary the costs incurred in satisfying the customer claim. If the surety seeks recovery from B&W PGG's subsidiary, we believe that B&W PGG's subsidiary would have adequate liquidity to satisfy its obligations. However, if claims are made by the surety against B&W PGG's subsidiary, and B&W PGG's subsidiary is unable to satisfy its obligations, MII could ultimately have to satisfy any claims. This surety bond is not included in our disclosures above as the project is deemed complete and in the warranty phase. In addition, The Babcock & Wilcox Company has provided a parent company guarantee to the customer of the B&W PGG subsidiary for contract performance associated with this project.

NOTE 3 - DIVIDENDS RECEIVED

MII received dividends from its consolidated subsidiaries of \$122.7 million and \$0.3 million for the years ended December 31, 2006 and 2005, respectively. No such dividends were received during the year ended December 31, 2007.

NOTE 4 – DISCONTINUED OPERATIONS

In April 2006, J. Ray McDermott, S.A., a wholly owned subsidiary of MII, completed the sale of its Mexican subsidiary, Talleres Navales del Golfo, S.A. de C.V. (“TNG”). Income (loss) from discontinued operations related to TNG of \$12.9 million and \$0.1 million was included in equity in income of subsidiaries and other investees for the years ended December 31, 2006 and 2005, respectively.

NOTE 5 – COMMON STOCK SPLIT

On August 7, 2007, the Board of Directors declared a two-for-one stock split effected in the form of a stock dividend. The dividend was paid on September 10, 2007 to stockholders of record as of the close of business on August 20, 2007. On May 3, 2006, the Board of Directors declared a three-for-two stock split effected in the form of a stock dividend. The dividend was paid on May 31, 2006 to stockholders of record as of the close of business on May 17, 2006. All balance sheets presented have been restated to reflect the effects of these stock splits.
