ITEM 8.01 Other Events

On March 30, 2007, Cordia Corporation (Cordia) Cordia held a conference call, the topic of which was its year ended December 31, 2006 results. The conference call contained reference to Cordia s EBITDA for that period.

Consistent with Securities and Exchange Commission's Regulation G, the following table provides a reconciliation of Cordia's EBITDA for the periods ended December 31, 2006 and 2005, to the Generally Accepted Accounting Principles (GAAP) measure of net income. EBITDA is not a measure under GAAP, is not meant to be a replacement for GAAP and should not be considered as an alternative to net income as a measure of performance or to cash flows as a measure of liquidity. We have included EBITDA data to assist in understanding our operating results. EBITDA is a measure commonly used in the telecommunications industry, and many securities analysts use EBITDA as a way of evaluating our financial performance.

	For the Year Ended December 31	
Reconciliation of EBITDA with net (loss) income	2006	2005
Net income (loss)	\$ (3,095,291)	\$ 1,053,045
Depreciation and amortization	755,896	313,998
Net interest (income) expense	(32,308)	(26,358)
Income tax expense (benefit)	254,669	(105,359)
Minority interest in loss of subsidiary	(24,092)	-
Dividends on preferred stock	-	212,415
EBITDA	\$ (2,141,126)	\$ 1,447,741

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, as amended, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunder duly authorized.

Cordia Corporation
