99.1 News Release dated November 2, 2010 - ENTRÉE GOLD FILES
PRELIMINARY BASE SHELF PROSPECTUS

ENTRÉE GOLD FILES PRELIMINARY BASE SHELF PROSPECTUS

Vancouver, B.C., November 2, 2010 – Entrée Gold Inc. (TSX:ETG; NYSE AMEX:EGI; Frankfurt:EKA – “Entrée” or the “Company”) has today filed a preliminary short form base shelf prospectus with the securities commissions in each of the provinces of Canada, except Quebec, and a corresponding shelf registration statement with the United States Securities and Exchange Commission on Form F-10.

These filings, when made final, will allow the Company to make offerings of common shares, warrants, subscription receipts or any combinations of such securities (collectively, the “Securities”) up to an aggregate offering price of C\$100,000,000 during the 25-month period that the final short form base shelf prospectus, including any amendments thereto, remains effective. The Securities may be offered separately or together, in such amounts, at prices and on terms to be determined based on market conditions at the time of sale and set forth in an accompanying shelf prospectus supplement.

Greg Crowe, President and Chief Executive Officer of Entrée, commented “Filing a base shelf prospectus provides the Company with the flexibility to quickly raise funds or facilitate strategic investments should the need or opportunity arise. It is important to note that the filings in no way commit us to undertake any particular financing.”

The net proceeds from the sale of the Securities, if any, are expected to be used by the Company for acquisitions, development of acquired mineral properties, working capital requirements and/or for other general corporate purposes.

The shelf registration statement filed today on Form F-10 relating to the Securities has not yet become effective. The Securities may not be sold nor may offers to buy be accepted prior to the time the registration statement becomes effective and the final short form base shelf prospectus is filed, along with a prospectus supplement describing the specific terms of an offering of securities. This news release shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of the Securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of any such jurisdiction.

A copy of the preliminary short form base shelf prospectus may be obtained from the Company by contacting the Manager, Investor Relations at the address below. A copy is also available electronically on SEDAR at www.sedar.com and EDGAR at www.sec.gov.

ABOUT ENTRÉE GOLD INC.

Entrée Gold Inc. is a Canadian mineral exploration company focused on the worldwide exploration and development of copper and gold prospects. The Company’s flagship Lookout Hill property in Mongolia completely surrounds the 8,500-hectare Oyu Tolgoi project of Ivanhoe Mines. A portion of the Lookout Hill property is subject to a joint venture with Ivanhoe Mines, through its subsidiary Oyu Tolgoi LLC. The joint venture property hosts the Hugo North Extension copper-gold deposit and the Heruga copper-gold-molybdenum deposit. Excellent exploration potential remains on the joint venture property for the discovery of additional mineralized zones.

In North America, the Company is exploring for porphyry-related copper systems in Nevada, Arizona and New Mexico. The primary asset is the Ann Mason property in Nevada, which contains an inferred mineral resource and considerable potential for additional targets.

The Company is also seeking additional opportunities to utilize its expertise in exploring for deep and/or concealed ore deposits. Rio Tinto and Ivanhoe Mines are major shareholders of Entrée, holding approximately 13% and 12% of issued and outstanding shares, respectively.
