SUMMARY

You should read this entire prospectus as well as the information incorporated by reference in this prospectus before making an investment decision. Owens & Minor, Inc.

Founded in 1882, we are the nation's leading distributor of national name brand medical and surgical supplies. We distribute over 170,000 finished medical and surgical products produced by approximately 1,600 suppliers to approximately 4,000 customers from 43 distribution centers nationwide. Our customers are primarily acute care hospitals and integrated healthcare networks ("IHNs"), which account for more than 90% of our net sales. Many of these hospital customers are represented by national healthcare networks ("Networks") or group purchasing organizations ("GPOs") that offer discounted pricing with suppliers and contract distribution services with us. Our other customers include alternate care facilities such as clinics, home healthcare organizations, nursing homes, physician's offices, rehabilitation facilities and surgery centers. We typically provide our distribution services under contractual arrangements ranging from three to five years. Most of our sales consist of consumable goods such as disposable gloves, dressings, endoscopic products, intravenous products, needles and syringes, sterile procedure trays, surgical products and gowns, urological products and wound closure products.

We also provide our customers with value-added services in the areas of supply chain management, logistics and information technology. We believe these services help our customers control healthcare costs, improve inventory management and increase profitability. Recently, we have begun to provide distribution and logistics services for manufacturers of medical and surgical supplies.

The Medical/Surgical Supply Distribution Industry

The medical/surgical supply distribution industry has experienced growth in recent years due to the aging population and emerging medical technology resulting in new healthcare procedures and products. Healthcare industry analysts have estimated the market for medical and surgical supplies handled by distributors to be approximately \$12.0 billion. Further, healthcare industry analysts have estimated the market for medical and surgical supplies distributed directly from manufacturers to range from approximately \$10.0 to \$12.0 billion. Over the years, healthcare providers have continued to change and model their

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

health systems to meet the needs of the markets they serve. They have forged partnerships with national medical and surgical supply distributors to meet the challenges of managing their supply procurement and distribution needs. The traditional role of distributors in warehousing and delivering medical and surgical supplies to customers is evolving into the role of assisting customers to manage the entire supply chain.

Historically, the medical/surgical supply distribution industry has been highly fragmented. During the past decade, the overall healthcare market has been characterized by the consolidation of healthcare providers into larger and more sophisticated entities seeking to lower their total costs. These providers have increasingly sought to lower total product costs through incremental value-added services from their medical and surgical supply distributors. These trends have driven a significant and ongoing consolidation within the medical/surgical supply distribution industry and the formation of a smaller number of industry participants with national capabilities.

Our Business

We purchase a high volume of essential medical and surgical products from suppliers, inventory these items in our distribution centers and provide delivery services to our customers. Our 43 distribution centers are located throughout the United States and are situated close to our major customer facilities. These distribution centers generally serve hospitals and other customers within a 100-150 mile radius. We deliver most medical and surgical supplies with a fleet of leased trucks. Almost all of our delivery personnel are employees of our company, giving us effective control of customer service. Contract carriers and parcel services are used to transport all other medical and surgical supplies. We customize our product pallets and truck loads according to the needs of our customers, enabling them to reduce labor on the receiving end. Furthermore, we adjust delivery times to customers' needs, allowing them to streamline receiving activities.

1

We enable our customers to order products using just-in-time and stockless services. We believe that we make the supply chain more efficient through the utilization of advanced warehousing, delivery and purchasing techniques. A key component of this strategy is our significant investment in advanced information technology, which includes automated warehousing technology, as well as electronic data interchange and Internet-based technology for communicating with both customers and suppliers. We provide technology to enable customers to analyze their own purchasing data to help them maintain contract compliance, create workflow efficiencies, raise employee productivity and cut costs.

Competitive Advantages

We believe that our strong competitive position is attributable to a number of factors, including the following:

Market-Leading Position with Nationwide Capabilities and Operating Scale

Our market leading position is demonstrated by:

- . our estimated 28% market share of the acute care hospital market;
- . our 43 distribution centers serving large hospital-based and alternate care systems and the country's largest Networks and GPOs in all 50 states; and

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

- . our ability to generate economies of scale in the purchase, management and distribution of medical and surgical supplies.

Established Relationships with Customers

- . We maintain strong and long-standing customer relationships, many that have spanned a decade or more.
- . We have long-term contracts with leading Networks and GPOs, including Novation, the supply company of VHA, Inc. and University HealthSystem Consortium, and Broadlane, Inc., the GPO for Tenet Healthcare Corporation, and other healthcare providers.
- . In addition to our strong relationship with Networks and GPOs, we have strong relationships with the individual member hospitals and with customers who do not have Network or GPO affiliations.

Value-Added Services Designed to Increase Supply Chain Efficiencies

- . Our information systems and activity-based management programs are designed to manage contract compliance, track inventory, manage expenses and increase the overall efficiency of the supply chain by supporting efficient business decisions.
- . Our CostTrack, WISDOM, PANDAC(R) Wound Closure Management Program and Focus on Consolidation, Utilization & Standardization programs distinguish us from our competitors.

Long-Standing Relationships with Suppliers

We have well-established relationships with almost all major suppliers of medical and surgical supplies. We believe our well-established relationships are attributable to:

- . our status as the only major national distributor that does not manufacture or sell products under its own private label;
- . the purchase of a high volume of products from almost all major suppliers, enabling us to obtain attractive terms, including discounts for prompt payment and volume incentives; and
- . the development of cross-functional teams to work with our suppliers to improve efficiencies and lower supply chain costs.

2

Manufacturer Distribution and Logistics Services

We have begun to provide distribution and logistics solutions services to manufacturers of medical and surgical supplies. These services are characterized by:

- . customized services developed in partnership with manufacturers; and
- . our ability to leverage existing infrastructure, such as distribution centers, technology and logistics expertise in providing these services.

Proven Management Team with Significant Industry Experience

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

We have a proven management team with significant experience in the healthcare industry. This experience is demonstrated by the following:

- . our top three executive officers' combined total of nearly 100 years of experience in the healthcare industry;
- . a reputation for integrity and quality of service in the marketplace;
- . an ability to create innovative services for our customers; and
- . a net sales compound annual growth rate of 14%, from \$1.4 billion in 1993 to approximately \$3.5 billion in 2000.

Business Strategy

We are committed to expanding our strong market position and to increasing net sales and cash flow by capitalizing on our position as a leading provider of supply chain solutions to our customers and suppliers. To achieve these goals, our business strategy focuses on three key initiatives:

Enhance Operational Excellence

We constantly strive to enhance operational excellence by:

- . maintaining high quality distribution services, thus lowering costs for ourselves and improving efficiency and satisfaction for our customers;
- . making significant investments in technology allowing us to manage operations effectively, including ensuring high fill rates and accurate orders and invoices; and
- . using our technology investments to increase efficiency throughout the supply chain.

We believe this focus on efficiency and accuracy gives us an advantage in the marketplace.

Convert Information into Knowledge into Profit

We utilize information to create supply chain efficiencies that differentiate us from our competition and strengthen relationships with our customers through the following initiatives:

- . the creation of a data warehouse of information generated from our transactions with our customers and suppliers;
- . the conversion of this data into information about purchasing and product usage, ordering patterns and supplier agreements to help customers improve efficiency and lower costs; and
- . the development of a proprietary tool to connect customer subscribers to this data warehouse, providing them with knowledge to support decisions, allowing them to mine their own purchasing and product usage information and to monitor contract compliance.

Increase Market Presence by Expanding Distribution-Related Services

We believe we have the opportunity to occupy a greater position in the supply chain as healthcare provider customers and medical and surgical manufacturers look to outsource supply chain functions. We plan to achieve this

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

objective by:

3

- . leveraging our network of distribution facilities, our logistics expertise and our long-standing relationships that make us a trusted partner in healthcare; and
- . expanding our role with hospital customers in supply chain management and offering third-party logistics services to manufacturers who currently sell directly to healthcare providers.

Our third-party logistics business has been developed internally. Future growth in this business may be achieved through internal development, strategic acquisitions or other strategies.

RISK FACTORS

Your investment in the exchange notes will involve risk. You should consider carefully each of the following risks and all other information contained and incorporated by reference in this prospectus before deciding to participate in the exchange offer. The factors discussed below, however, are generally applicable to the outstanding notes as well as the exchange notes.

Risks Relating to Our Business

Dependence on Sales to Certain Customers--The loss of certain customers could have a material adverse effect on our results of operations.

In 2000, net sales to member hospitals under contract with Novation represented approximately 51.0% of our net sales. Net sales to member hospitals under contract with Broadlane accounted for approximately 9.6% of our net sales for the same period. Although the termination of our relationship with Novation or Broadlane would not necessarily result in the loss of all of their respective member hospitals as customers, termination or the loss of Tenet Healthcare, Broadlane's largest member, as a customer could have a material adverse effect on our results of operations. Our contracts establish the price at which products will be distributed, but generally do not require minimum purchase volumes by customers and are terminable by the customer upon short notice.

Dependence on Suppliers--Our inability to maintain good relations with our suppliers could affect the profitability of our business.

We distribute approximately 170,000 products from approximately 1,600 suppliers and are dependent on these suppliers for the supply of products. For the year ended December 31, 2000, our ten largest suppliers accounted for approximately 66% of our net sales. Currently, we rely on suppliers to provide agreeable purchasing and delivery terms and sales performance incentives. Our ability to sustain our gross margins has been, and will continue to be, dependent, in part, on our ability to continue to obtain favorable terms and incentives from our suppliers. These terms and incentives may be subject to changes in suppliers' strategies, from time to time, which could adversely affect our gross margins over time. The profitability of our business depends upon our ability to maintain good relations with these suppliers. Approximately 16% of our net sales in 2000 were sales of Johnson & Johnson Hospital Services, Inc. products. Approximately 15% of our net sales in 2000 were sales of products of the subsidiaries of Tyco International.

Competition--Increased competition in the medical/surgical supply distribution industry could adversely affect our results of operations.

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

The medical/surgical supply distribution industry in the United States is highly competitive and consists of (1) three major, nationwide distributors, including us, (2) a few smaller, nationwide distributors and (3) a number of regional and local distributors. Certain of our competitors have, and our competitors in the future may have, greater financial and other resources than we do. Competitive factors within the medical/surgical supply distribution industry include total delivered product cost, product availability, the ability to fill and invoice orders accurately, delivery time, services provided, inventory management, information technology, electronic commerce capabilities and the ability to meet special requirements of customers. Vertically integrated distributors of medical and surgical supplies may have an advantage with respect to total delivered product cost. Further consolidation of medical and surgical supply distributors is expected to continue through the purchase of smaller distributors by larger companies as a result of competitive pressures in the marketplace. In response to competitive pressures, we have in the past, from time to time, reduced the prices that we charge our customers. These competitive pressures may adversely impact the gross margins we realize, or otherwise adversely affect our results of operations. In recent years, many of our customers have experienced increased financial constraints due to, among other things, the Balanced Budget Act of 1997, which has reduced government reimbursements to healthcare providers. This has led to increased scrutiny of supply chain costs and increased pricing pressures. Increased competition resulting from these and other factors could adversely affect the prices we charge customers and the gross margins we realize in the future. A significant reduction in pricing or gross margins could adversely affect our overall results of operations.

13

Technological Advancement--Our ability to compete successfully is dependent on technological advances in our product and service offerings, and our failure to timely or adequately respond to technological advances in our industry may adversely affect our results of operations.

Our ability to succeed with our long-term growth strategy is dependent on the technological competitiveness of our information systems, which include automated warehousing technology as well as EDI and Internet-based technology for communicating with both customers and suppliers. If we are unable to innovate and implement our technological solutions, other competitors may be able to compete more effectively with us and our business and results of operations may be adversely affected.

Healthcare Reform--Changes in the laws and regulations affecting the healthcare industry could have a material adverse effect on our results of operations.

Our company, our customers and our suppliers are subject to extensive federal and state regulations relating to healthcare. In recent years there have been a number of government initiatives to reduce healthcare costs. Congress and various state legislatures have proposed changes in laws and regulations that could result in major restructuring of the healthcare industry. We cannot predict the extent to which changes in governmental support of healthcare services, the methods by which such services are delivered, the prices for such services or other legislation or regulation governing such services or mandated benefits may have a material adverse effect on our results of operations.

Risks Associated with Acquisitions--We may not be able to successfully identify, manage or integrate possible future acquisitions.

An element of our growth to date and our strategy for the future is expansion through the acquisition of companies that complement or expand our existing business, including our third-party logistics business. As a result, we

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

continually evaluate potential acquisition opportunities, some of which may be material in size or scope. Acquisitions involve a number of special risks, including the time associated with identifying and evaluating future acquisitions, the diversion of management's attention to the integration of the operations, personnel and information technology of the acquired companies, the incorporation of the products and services of the acquired companies into the products and services we offer, possible adverse short-term effects on our operating results, the realization of acquired intangible assets and the loss of key employees of the acquired companies. We do not currently have any commitments or agreements with respect to any acquisitions. We may not be able to locate suitable acquisition candidates at prices acceptable to us, may not have adequate resources to consummate an otherwise desirable acquisition, may not consummate successfully any acquisitions and may not be able to operate profitably or integrate successfully any particular acquired business into our operations. See "Use of Proceeds."

Litigation--An adverse outcome in the legal actions to which we are a party could have a material adverse effect on our results of operations.

We are a party to various legal actions described in our Annual Report on Form 10-K for the year ended December 31, 2000. There can be no assurance that an adverse outcome of such legal actions would not have a material adverse effect on our results of operations.

Risks Relating to the Notes

Substantial Leverage--Our substantial indebtedness could adversely affect our financial health and prevent us from fulfilling our obligations under the notes.

We are, and will continue after the exchange offer to be, highly leveraged. As of June 30, 2001, on a pro forma basis after giving effect to the note offering, we would have had total indebtedness of approximately \$332.7 million, of which \$200.0 million would have consisted of the outstanding notes, \$132.0 million would have consisted of the trust preferred securities and the related junior subordinated debentures, and the balance would have consisted of approximately \$0.7 million of other debt. Our company and our subsidiaries will be permitted to incur additional indebtedness in the future. See "Capitalization," "Selected Consolidated Financial Data," "Description of Existing Financing Arrangements" and "Description of the Exchange Notes."

14

Our ability to make scheduled payments of principal of, or to pay the interest or liquidated damages, if any, on, or to refinance, our indebtedness (including the notes), or to fund planned capital expenditures, acquisitions and other strategic initiatives will depend on our future performance, which, to a certain extent, is subject to general economic, financial, competitive, legislative, regulatory and other factors that are beyond our control. Our management believes that cash flow from operations and available cash, together with available borrowings under the revolving credit facility and future funding under the receivables financing facility, will be adequate to meet our future liquidity needs. We cannot assure you that our business will generate sufficient cash flow from operations or that future borrowings will be available under the revolving credit facility or future funding will be available under the receivables financing facility in an amount sufficient to enable us to service our indebtedness, including the notes, or to fund our other liquidity needs. See "Capitalization," "Selected Consolidated Financial Data," "Description of Existing Financing Arrangements" and "Description of the Exchange Notes."

The degree to which we are leveraged could have important consequences to holders of the notes, including, but not limited to:

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

- . making it more difficult for us to satisfy our obligations with respect to the notes;
- . increasing our vulnerability to general adverse economic and industry conditions;
- . limiting our ability to obtain additional financing to fund future working capital needs, capital expenditures, acquisitions and other strategic initiatives and other general corporate purposes;
- . requiring the dedication of a substantial portion of our cash flow from operations to the payment of principal of, and interest on, our indebtedness, thereby reducing the availability of such cash flow to fund working capital needs, capital expenditures, acquisitions and other strategic initiatives or other general corporate purposes;
- . limiting our flexibility in planning for, or reacting to, changes in our business and the industry; and
- . placing us at a competitive disadvantage as compared to less leveraged competitors.

In addition, the indenture and the revolving credit facility will contain financial and other restrictive covenants that will limit our ability to, among other things, borrow additional funds. Our failure to comply with such covenants could result in an event of default which, if not cured or waived, could have a material adverse effect on us. See "Description of the Exchange Notes," and "Description of Existing Financing Arrangements."

Subordination of Notes--Your right to receive payments on the notes is junior to our existing senior indebtedness and possibly all of our future borrowings. Further, the guarantees of the notes are junior to all our guarantors' existing indebtedness and possibly to all of their future borrowings.

The notes will be subordinated in right of payment to all of our current and future senior debt and the current and future senior debt of our guarantors. Upon any distribution to our creditors in a liquidation or dissolution of our company or in a bankruptcy, reorganization, insolvency, receivership or similar proceeding relating to us or our property, the holders of senior debt will be entitled to be paid in full before any payment may be made with respect to the notes. In addition, the subordination provisions of the indenture will provide that payments with respect to the notes will be blocked in the event of a payment default on senior debt and may be blocked for up to 179 days each year in the event of certain non-payment defaults on senior debt. In the event of our bankruptcy, liquidation or reorganization, holders of the notes will participate ratably with all holders of our subordinated indebtedness that is deemed to be of the same class as the notes, and potentially with all of our other general creditors, based upon the respective amounts owed to each holder or creditor, in our remaining assets. In any of the foregoing events, there can be no assurance that there would be sufficient assets to pay amounts due on the notes. As a result, holders of notes may receive less, ratably, than the holders of senior debt. In addition, under the subordination provisions of the indenture, payments that would otherwise be made to holders of the notes will instead be paid to holders of senior debt under certain circumstances. As a result of these provisions, other of our creditors (including trade creditors) that are not holders of senior debt may recover more, ratably, than the holders of the notes.

As of June 30, 2001, on a pro forma basis after giving effect to the

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

note offering and the application of the proceeds as described in "Use of Proceeds," the aggregate amount of our senior debt and that of our subsidiaries (including borrowings under the revolving credit facility) would have been approximately \$0.7 million, and we would have had \$225.0 million of unused credit under the revolving credit facility. The indenture will permit the

15

incurrence of substantial additional indebtedness, including senior debt, by us and our subsidiaries in the future. See "Description of Existing Financing Arrangements" and "Description of the Exchange Notes."

Not All Subsidiaries Are Guarantors--Your right to receive payments on these notes could be adversely affected if any of our non-guarantor subsidiaries declare bankruptcy, liquidate or reorganize.

Some but not all of our subsidiaries will guarantee the notes. In the event of a bankruptcy, liquidation or reorganization of any of the non-guarantor subsidiaries, holders of their indebtedness and their trade creditors will generally be entitled to payment of their claims from the assets of those subsidiaries before any assets are made available for distribution to us. O&M Funding Corp. and Owens & Minor Trust I will not guarantee the notes.

Possible Inability to Fund a Change of Control Offer--We may not have the ability to raise the funds necessary to finance the change of control offer required by the indenture.

Upon a change of control, we will be required under the indenture to offer to repurchase all outstanding notes at 101% of the principal amount thereof plus accrued and unpaid interest and liquidated damages, if any, to the date of repurchase. However, there can be no assurance that sufficient funds will be available at the time of any change of control to make any required repurchases of notes tendered or that restrictions in the revolving credit facility will allow us to make such required repurchases. Notwithstanding these provisions, we could enter into certain transactions, including certain recapitalizations, that would not constitute a change of control but would increase the amount of debt outstanding at such time. See "Description of the Exchange Notes--Covenants--Change of Control."

Fraudulent Conveyance--Federal and state statutes allow courts, under specific circumstances, to void guarantees and require noteholders to return payments received from guarantors.

Under applicable provisions of federal bankruptcy law or comparable provisions of state fraudulent transfer law, the notes and the subsidiary guarantees could be voided, or claims in respect of the notes or the subsidiary guarantees could be subordinated to all of our other debts or the debts of that guarantor, if, among other things, our company or any guarantor, at the time it incurred the indebtedness evidenced by the notes or its subsidiary guarantee:

- . received or receives less than reasonably equivalent value or fair consideration for the incurrence of such indebtedness; and
- . was or is insolvent or rendered insolvent by reason of such occurrence; or
- . was or is engaged in a business or transaction for which the assets remaining with our company or such guarantor constituted unreasonably small capital; or
- . intended or intends to incur, or believed or believes that it

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

would incur, debts beyond its ability to pay such debts as they mature.

In addition, the payment of interest and principal by us pursuant to the notes or the payment of amounts by a guarantor pursuant to a subsidiary guarantee could be voided and required to be returned to the person making such payment, or to a fund for the benefit of our creditors or such guarantor, as the case may be.

The measures of insolvency for purposes of the foregoing considerations will vary depending upon the law applied in any proceeding with respect to the foregoing. Generally, however, our company or a guarantor would be considered insolvent if:

- . the sum of its debts, including contingent liabilities, were greater than the saleable value of all of its assets at a fair valuation;
- . if the present fair saleable value of its assets were less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or
- . it could not pay its debts as they become due.

16

To the extent a subsidiary guarantee is voided as a fraudulent conveyance or held unenforceable for any other reason, the holders of the notes would not have any claim against that subsidiary and would be creditors solely of us and any other subsidiary guarantors whose guarantees are not held unenforceable.

Failure to Exchange Outstanding Notes--If you fail to exchange your outstanding notes, they will continue to be restricted securities and may become less liquid.

Outstanding notes that you do not tender or we do not accept will, following the exchange offer, continue to be restricted securities. You may not offer or sell untendered outstanding notes except in reliance on an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. We will issue new notes in exchange for the outstanding notes pursuant to the exchange offer only following the satisfaction of procedures and conditions described elsewhere in this prospectus. These procedures and conditions include timely receipt by the exchange agent of the outstanding notes and of a properly completed and validly executed letter of transmittal.

Because we anticipate that most holders of outstanding notes will elect to exchange their outstanding notes, we expect that the liquidity of the market for any outstanding notes remaining after the completion of the exchange offer may be substantially limited. Any outstanding note tendered and exchanged in the exchange offer will reduce the aggregate principal amount of the outstanding notes outstanding. Following the exchange offer, if you did not tender your outstanding notes you generally will not have any further registration rights and your outstanding notes will continue to be subject to transfer restrictions. Accordingly, the liquidity of the market for any outstanding notes could be adversely affected.

No Liquidity; Absence of Public Market--The liquidity of any market for the outstanding notes could be adversely affected after completion of the exchange

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

offer. In addition, there may be no active trading market for the exchange notes to be issued in the exchange offer.

There has been no public market for the outstanding notes. If most holders of the outstanding notes tender their notes in the exchange offer, the liquidity for the outstanding notes not tendered in the exchange offer could be adversely affected upon completion of the exchange offer. In addition, we cannot assure you with respect to:

- . the liquidity of any market for the exchange notes that may develop;
- . your ability to sell exchange notes; or
- . the price at which you will be able to sell the exchange notes.

If a public market were to exist, the exchange notes could trade at prices that may be higher or lower than their principal amount or purchase price, depending on many factors, including prevailing interest rates, the market for similar notes and our financial performance. We do not intend to list the exchange notes to be issued to you in the exchange offer on any securities exchange or to seek approval for quotations through any automated quotation system. No active market for the exchange notes is currently anticipated. The initial purchasers of the outstanding notes have advised us that they currently anticipate making a secondary market for the exchange notes, but they are not obligated to do so. We cannot assure you that an active or liquid public trading market will develop for the exchange notes.

17

THE EXCHANGE OFFER

Purpose and Effect of the Exchange Offer

On July 2, 2001, we issued the outstanding notes to the initial purchasers in transactions not registered under the Securities Act of 1933 in reliance on exemptions from registration under that act. The initial purchasers then sold the outstanding notes to qualified institutional buyers in reliance on Rule 144A under the Securities Act and outside the U.S. to non-U.S. persons in reliance on Regulation S under the Securities Act. Because they have been sold pursuant to exemptions from registration, the outstanding notes are subject to transfer restrictions.

In connection with the issuance of the outstanding notes, we entered into the exchange and registration rights agreement with the initial purchasers in which we agreed with the initial purchasers that, we would:

- . use our commercially reasonable efforts to file with the Securities and Exchange Commission a registration statement related to the exchange notes on or before 90 days following the issuance of the exchange notes;
- . use our commercially reasonable efforts to cause the registration statement to become effective under the Securities Act on or before 150 days following the issuance of the exchange notes; and
- . offer to the holders of the outstanding notes the opportunity to exchange their outstanding notes for a like principal amount of exchange notes upon the effectiveness of the registration statement.

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

Our failure to comply with these agreements would result in additional interest being due on the outstanding notes. A copy of the exchange and registration rights agreement has been filed as an exhibit to the registration statement of which this prospectus is a part.

Based on existing interpretations of the Securities Act by the staff of the Securities and Exchange Commission described in several no-action letters to third parties unrelated to us, and subject to the following sentence, we believe that the exchange notes issued in the exchange offer may be offered for resale, resold and otherwise transferred by their holders, other than broker-dealers or our "affiliates," as that term is defined in Rule 405 under the Securities Act, without further compliance with the registration and prospectus delivery provisions of the Securities Act. However, any holder of outstanding notes who is an affiliate of ours, who is not acquiring the exchange notes in the ordinary course of such holder's business or who intends to participate in the exchange offer for the purpose of distributing the exchange notes:

- . will not be able to rely on the interpretations by the staff of the Securities and Exchange Commission described in the above-mentioned no-action letters;
- . will not be able to tender outstanding notes in the exchange offer; and
- . must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the outstanding notes unless the sale or transfer is made under an exemption from these requirements.

We do not intend to seek our own no-action letter, and there is no assurance that the staff of the Securities and Exchange Commission would make a similar determination regarding the exchange notes as it has in these no-action letters to third parties.

As a result of the filing and effectiveness of the registration statement of which this prospectus is a part, we will not be required to pay an increased interest rate on the outstanding notes. Following the closing of the exchange offer, holders of outstanding notes not tendered will not have any further registration rights except in limited circumstances requiring the filing of a shelf registration statement, and the outstanding notes will continue to be subject to restrictions on transfer. Accordingly, the liquidity of the market for the outstanding notes will be adversely affected.

Terms of the Exchange Offer

Upon the terms and subject to the conditions stated in this prospectus and in the letter of transmittal, we will accept all outstanding notes properly tendered and not withdrawn before 5:00 p.m., New York City time, on the

18

expiration date. After authentication of the exchange notes by the trustee or an authenticating agent, we will issue \$1,000 principal amount of exchange notes in exchange for each \$1,000 principal amount of outstanding notes accepted in the exchange offer.

By tendering your outstanding notes for exchange notes in the exchange offer and signing or agreeing to be bound by the letter of transmittal, you will represent to us that:

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

- . you will acquire the exchange notes you receive in the exchange offer in the ordinary course of your business;
- . you have no arrangement or understanding with any person to participate in the distribution of the exchange notes issued to you in the exchange offer;
- . you are not an affiliate of ours or, if you are an affiliate, you will comply with the registration and prospectus delivery requirements of the Securities Act to the extent applicable;
- . you are not engaged in and do not intend to engage in the distribution of the exchange notes; and
- . if you are a broker-dealer that will receive exchange notes for your own-account in exchange for outstanding notes that were acquired as a result of market-making or other trading activities, that you will deliver a prospectus, as required by law, in connection with any resale of those exchange notes.

Broker-dealers that are receiving exchange notes for their own account must have acquired the outstanding notes as a result of market-making or other trading activities in order to participate in the exchange offer. Each broker-dealer that receives exchange notes for its own account under the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of the exchange notes. The letter of transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be admitting that it is an "underwriter" within the meaning of the Securities Act. We will be required to allow broker-dealers to use this prospectus following the exchange offer in connection with the resale of exchange notes received in exchange for outstanding notes acquired by broker-dealers for their own account as a result of market-making or other trading activities. If required by applicable securities laws, we will, upon request, make this prospectus available to any broker-dealer for use in connection with a resale of exchange notes for a period of 180 days after the consummation of the exchange offer. See "Plan of Distribution."

The exchange notes will evidence the same debt as the outstanding notes and will be issued under and entitled to the benefits of the same indenture. The form and terms of the exchange notes are identical in all material respects to the form and terms of the outstanding notes except that:

- . the exchange notes will be issued in a transaction registered under the Securities Act; and
- . the exchange notes will not be subject to transfer restrictions.

As of the date of this prospectus, \$200,000,000 aggregate principal amount of the outstanding notes was outstanding. In connection with the issuance of the outstanding notes, we arranged for the outstanding notes to be issued and transferable in book-entry form through the facilities of DTC, acting as depositary. The exchange notes will also be issuable and transferable in book-entry form through DTC.

This prospectus, together with the accompanying letter of transmittal, is initially being sent to all registered holders as of the close of business _____, 2001. We intend to conduct the exchange offer as required by the Securities Exchange Act of 1934, and the rules and regulations of the Securities and Exchange Commission under the Exchange Act, including Rule 14e-1, to the

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

extent applicable.

Rule 14e-1 describes unlawful tender practices under the Exchange Act. This section requires us, among other things:

- . to hold our exchange offer open for 20 business days;
- . to give 10 days notice of any change in the terms of this offer; and
- . to issue a press release in the event of an extension of the exchange offer.

19

The exchange offer is not conditioned upon any minimum aggregate principal amount of outstanding notes being tendered, and holders of the outstanding notes do not have any appraisal or dissenters' rights under the Virginia Stock Corporation Act or under the indenture in connection with the exchange offer. We shall be considered to have accepted outstanding notes tendered according to the procedures in this prospectus when, as and if we have given oral or written notice of acceptance to the exchange agent. See "--Exchange Agent." The exchange agent will act as agent for the tendering holders for the purpose of receiving exchange notes from us and delivering exchange notes to those holders.

If any tendered outstanding notes are not accepted for exchange because of an invalid tender or the occurrence of other events described in this prospectus, certificates for these unaccepted outstanding notes will be returned, at our cost, to the tendering holder of the outstanding notes or, in the case of outstanding notes tendered by book-entry transfer, into the holder's account at DTC according to the procedures described below, as promptly as practicable after the expiration date.

Holders who tender outstanding notes in the exchange offer will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes related to the exchange of outstanding notes in the exchange offer. We will pay all charges and expenses, other than applicable taxes, in connection with the exchange offer. See "--Solicitation of Tenders; Fees and Expenses."

Neither we nor our board of directors makes any recommendation to holders of outstanding notes as to whether to tender or refrain from tendering all or any portion of their outstanding notes in the exchange offer. Moreover, we have not authorized anyone to make any such recommendation. Holders of outstanding notes must make their own decision whether to tender in the exchange offer and, if so, the amount of outstanding notes to tender after reading this prospectus and the letter of transmittal and consulting with their advisors, if any, based on their own financial position and requirements.

Expiration Date; Extensions; Amendments

The term "expiration date" shall mean 5:00 p.m., New York City time, on _____, 2001, unless we, in our sole discretion, extend the exchange offer, in which case the term "expiration date" shall mean the latest date to which the exchange offer is extended.

We expressly reserve the right, in our sole discretion:

- . to delay acceptance of any outstanding notes or to terminate the exchange offer and to refuse to accept outstanding notes not

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

previously accepted, if any of the conditions described under "-- Conditions" shall have occurred and shall not have been waived by us;

- . to extend the expiration date of the exchange offer;
- . to amend the terms of the exchange offer in any manner;
- . to purchase or make offers for any outstanding notes that remain outstanding after the expiration date;
- . to the extent permitted by applicable law, to purchase outstanding notes in the open market, in privately negotiated transactions or otherwise.

The terms of the purchases or offers described in the fourth and fifth clauses above may differ from the terms of the exchange offer.

Any delay in acceptance, termination, extension or amendment will be followed as promptly as practicable by oral or written notice to the exchange agent and by making a public announcement. If the exchange offer is amended in a manner determined by us to constitute a material change, we will promptly disclose the amendment in a manner reasonably calculated to inform the holders of the amendment.

You are advised that we may extend the exchange offer because some of the holders of the outstanding notes do not tender on a timely basis. In order to give these noteholders the ability to participate in the exchange and to avoid the significant reduction in liquidity associated with holding an unexchanged outstanding note, we may elect to extend the exchange offer.

20

Interest on the Exchange Notes

The exchange notes will bear interest from July 2, 2001 or the most recent date on which interest was paid or provided for on the outstanding notes surrendered for the exchange notes. Accordingly, holders of outstanding notes that are accepted for exchange will not receive interest that is accrued but unpaid on the outstanding notes at the time of tender. Interest on the exchange notes will be payable semi-annually on each January 15 and July 15, commencing on January 15, 2002.

Procedures for Tendering

Only a holder may tender its outstanding notes in the exchange offer. Any beneficial owner whose outstanding notes are registered in the name of his broker, dealer, commercial bank, trust company or other nominee or are held in book-entry form and who wishes to tender should contact the registered holder promptly and instruct the registered holder to tender on his behalf. If the beneficial owner wishes to tender on his own behalf, the beneficial owner must, before completing and executing the letter of transmittal and delivering his outstanding notes, either make appropriate arrangements to register ownership of the outstanding notes in the owner's name or obtain a properly completed bond power from the registered holder. The transfer of record ownership may take considerable time.

The tender by a holder will constitute an agreement between the holder, us and the exchange agent according to the terms and subject to the conditions described in this prospectus and in the letter of transmittal.

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

A holder who desires to tender outstanding notes and who cannot comply with the procedures described in the prospectus for tender on a timely basis or whose outstanding notes are not immediately available must comply with the procedures for guaranteed delivery described below.

The method of delivery of outstanding notes and the letter of transmittal and all other required documents to the exchange agent is at the election and risk of the holders. Delivery of such documents will be deemed made only when actually received by the exchange agent or deemed received under the ATOP procedures described below. In all cases, sufficient time should be allowed to assure delivery to the exchange agent before the expiration date. No letter of transmittal or outstanding notes should be sent to us. Holders may also request that their respective brokers, dealers, commercial banks, trust companies or nominees effect the tender for holders in each case as described in this prospectus and in the letter of transmittal.

Outstanding Notes Held in Certificated Form

For a holder to validly tender outstanding notes held in physical form, the exchange agent must receive, before 5:00 p.m. New York city time on the expiration date, at its address set forth in this prospectus:

- . a properly completed and validly executed letter of transmittal, or a manually signed facsimile thereof, together with any signature guarantees and any other documents required by the instructions to the letter of transmittal, and
- . certificates for tendered outstanding notes.

Outstanding Notes Held in Book-Entry Form

We understand that the exchange agent will make a request promptly after the date of the prospectus to establish accounts for the outstanding notes at DTC for the purpose of facilitating the exchange offer, and subject to their establishment, any financial institution that is a participant in DTC may make book-entry delivery of outstanding notes by causing DTC to transfer the outstanding notes into the exchange agent's account for the outstanding notes using DTC's procedures for transfer.

If you desire to transfer outstanding notes held in book-entry form with DTC, the exchange agent must receive, before 5:00 p.m., New York City time, on the expiration date, at its address listed in this prospectus, a confirmation of book-entry transfer of the outstanding notes into the exchange agent's account at DTC, which is referred to in this prospectus as a "book-entry confirmation," and:

21

- . a properly completed and validly executed letter of transmittal, or manually signed facsimile thereof, together with any signature guarantees and other documents required by the instructions in the letter of transmittal; or
- . an agent's message transmitted pursuant to DTC's Automated Tender Offer Program.

Tender of Outstanding Notes Using DTC's Automated Tender Offer Program (ATOP)

The exchange agent and DTC have confirmed that the exchange offer is

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

eligible for DTC's Automated Tender Offer Program. Accordingly, DTC participants may electronically transmit their acceptance of the exchange offer by causing DTC to transfer outstanding notes held in book-entry form to the exchange agent in accordance with DTC's ATOP procedures for transfer. DTC will then send a book-entry confirmation, including an agent's message to the exchange agent.

The term "agent's message" means a message transmitted by DTC, received by the exchange agent and forming part of the book-entry confirmation, which states that DTC has received an express acknowledgment from the participant in DTC tendering outstanding notes that are the subject of that book-entry confirmation that the participant has received and agrees to be bound by the terms of the letter of transmittal, and that we may enforce such agreement against such participant. If you use ATOP procedures to tender outstanding notes you will not be required to deliver a letter of transmittal to the exchange agent, but you will be bound by its terms just as if you had signed it.

Signatures

Signatures on a letter of transmittal or a notice of withdrawal, as the case may be, must be guaranteed by a member firm of a registered national securities exchange or of the National Association of Securities Dealers, Inc. or a commercial bank or trust company having an office or correspondent in the United States or an "eligible guarantor institution" within the meaning of Rule 17Ad-15 under the Exchange Act, unless the outstanding notes tendered with the letter of transmittal are tendered:

- . by a registered holder who has not completed the box entitled "Special Registration Instructions" or "Special Delivery Instructions" in the letter of transmittal; or
- . for the account of an institution eligible to guarantee signatures.

If the letter of transmittal is signed by a person other than the registered holder or DTC participant who is listed as the owner, the outstanding notes must be endorsed or accompanied by appropriate bond powers that authorize the person to tender the outstanding notes on behalf of the registered holder or DTC participant who is listed as the owner, in either case signed as the name of the registered holder(s) who appears on the outstanding notes or the DTC participant who is listed as the owner, with the signature on the outstanding note or bond power guaranteed by an eligible guarantor institution. If the letter of transmittal or any outstanding notes or bond powers are signed or endorsed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, those persons should so indicate when signing, and unless waived by us, evidence satisfactory to us of their authority to so act must be submitted with the letter of transmittal.

If you tender your outstanding notes through ATOP, signatures and signature guarantees are not required.

Determination of Validity

All questions as to the validity, form, eligibility, including time of receipt, acceptance and withdrawal of the tendered outstanding notes will be determined by us in our sole discretion. This determination will be final and binding. We reserve the absolute right to reject any and all outstanding notes not properly tendered or any outstanding notes our acceptance of which would, in the opinion of our counsel, be unlawful. We also reserve the absolute right to waive any irregularities or conditions of tender as to particular outstanding notes. Our interpretation of the terms and conditions of the exchange offer,

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of outstanding notes must be cured within the time we shall determine. Although we intend to notify holders of defects or irregularities related to tenders of outstanding notes, neither we, the exchange agent nor any other person shall be under any duty to give notification of defects or irregularities related to tenders of outstanding notes nor shall any of them incur liability for failure to give notification. Tenders of outstanding notes will not be

22

considered to have been made until the irregularities have been cured or waived. Any outstanding notes received by the exchange agent that we determine are not properly tendered or the tender of which is otherwise rejected by us and as to which the defects or irregularities have not been cured or waived by us will be returned by the exchange agent to the tendering holder unless otherwise provided in the letter of transmittal, as soon as practicable following the expiration date.

Guaranteed Delivery Procedures

Holders who wish to tender their outstanding notes and:

- . whose outstanding notes are not immediately available;
- . who cannot complete the procedure for book-entry transfer on a timely basis;
- . who cannot deliver their outstanding notes, the letter of transmittal or any other required documents to the exchange agent before the expiration date; or
- . who cannot complete a tender of outstanding notes held in book-entry form using DTC's ATOP procedures on a timely basis

may effect a tender if they tender through an eligible institution described under "--Procedures for Tendering --Signatures," or, if they tender using ATOP's guaranteed delivery procedures.

A tender of outstanding notes made by or through an eligible institution will be accepted if:

- . before 5:00 p.m., New York City time, on the expiration date, the exchange agent receives from an eligible institution a properly completed and duly executed notice of guaranteed delivery, by facsimile transmittal, mail or hand delivery, that: (1) sets forth the name and address of the holder, the registration or certificate number or numbers of the holder's outstanding notes and the principal amount of the outstanding notes tendered, (2) states that the tender is being made and (3) guarantees that, within five business days after the expiration date, a properly completed and validly executed letter of transmittal or facsimile, together with a certificate(s) representing the outstanding notes to be tendered in proper form for transfer, or a confirmation of book-entry transfer into the exchange agent's account at DTC of outstanding notes delivered electronically, and any other documents required by the letter of transmittal will be deposited by the eligible institution with the exchange agent; and

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

- . the properly completed and executed letter of transmittal or a facsimile, together with the certificate(s) representing all tendered outstanding notes in proper form for transfer, or a book-entry confirmation, and all other documents required by the letter of transmittal are received by the exchange agent within five business days after the expiration date.

A tender made through DTC's ATOP system will be accepted if:

- . before 5:00 p.m., New York City time, on the expiration date, the exchange agent receives an agent's message from DTC stating that DTC has received an express acknowledgment from the participant in DTC tendering the outstanding notes that they have received and agree to be bound by the notice of guaranteed delivery; and
- . the exchange agent receives, within five business days after the expiration date, either: (1) a book-entry confirmation, including an agent's message, transmitted via DTC's ATOP procedures; or (2) a properly completed and executed letter of transmittal or a facsimile, together with the certificate(s) representing all tendered outstanding notes in proper form for transfer, or a book-entry confirmation, and all other documents required by the letter of transmittal.

Upon request to the exchange agent, a notice of guaranteed delivery will be sent to holders who wish to tender their outstanding notes according to the guaranteed delivery procedures described above.

Withdrawal of Tenders

23

Except as otherwise provided in this prospectus, tenders of outstanding notes may be withdrawn at any time before 5:00 p.m., New York City time, on the expiration date. To withdraw a tender of outstanding notes in the exchange offer:

- . a written or facsimile transmission of a notice of withdrawal must be received by the exchange agent at its address listed below before 5:00 p.m., New York City time, on the expiration date; or
- . you must comply with the appropriate procedures of DTC's ATOP system.

Any notice of withdrawal must:

- . specify the name of the person having deposited the outstanding notes to be withdrawn;
- . identify the outstanding notes to be withdrawn, including the registration or certificate number or numbers and principal amount of the outstanding notes or, in the case of outstanding notes transferred by book-entry transfer, the name and number of the account at the book-entry facility to be credited;
- . be signed by the same person and in the same manner as the original signature on the letter of transmittal by which the outstanding notes were tendered, including any required signature guarantee, or be accompanied by documents of transfer sufficient to permit the trustee for the outstanding notes to register the

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

transfer of the outstanding notes into the name of the person withdrawing the tender; and

- . specify the name in which any of these outstanding notes are to be registered, if different from that of the person who deposited the outstanding notes to be withdrawn.

All questions as to the validity, form and eligibility, including time of receipt, of the withdrawal notices will be determined by us, whose determination shall be final and binding on all parties. Any outstanding notes so withdrawn will be judged not to have been tendered according to the procedures in this prospectus for purposes of the exchange offer, and no exchange notes will be issued in exchange for those outstanding notes unless the outstanding notes so withdrawn are validly retendered. Any outstanding notes that have been tendered but are not accepted for exchange will be returned to the holder of the outstanding notes without cost to the holder or, in the case of outstanding notes tendered by book-entry transfer into the holder's account at DTC according to the procedures described above. This return or crediting will take place as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn outstanding notes may be retendered by following one of the procedures described above under "-- Procedures for Tendering" at any time before the Expiration Date.

Conditions

The exchange offer is subject only to the following conditions:

- . the compliance of the exchange offer with securities laws;
- . the proper tender of the outstanding notes;
- . the representation by the holders of the outstanding notes that they are not our affiliate, that the exchange notes they will receive are being acquired by them in the ordinary course of their business and that at the time the exchange offer is completed the holder had no plan to participate in the distribution of the exchange notes; and
- . no judicial or administrative proceeding is pending or shall have been threatened that would limit us from proceeding with the exchange offer.

24

Exchange Agent

Delivery of the letter of transmittal to an address other than as listed above or transmission of instructions via facsimile other than as described above does not constitute a valid delivery of the letter of transmittal.

Solicitation of Tenders, Fees and Expenses

We will bear the expenses of requesting that holders of outstanding notes tender those notes for exchange notes. The principal solicitation under the exchange offer is being made by mail. Additional solicitations may be made by our officers and regular employees and our affiliates in person, by telegraph, telephone or telecopier.

We have not retained any dealer-manager in connection with the exchange offer and will not make any payments to brokers, dealers or other persons soliciting acceptances of the exchange offer. We, however, will pay the exchange agent reasonable and customary fees for its services and will reimburse the exchange agent for its reasonable out-of-pocket costs and expenses in connection with the exchange offer and will indemnify the exchange agent for all losses and claims incurred by it as a result of the exchange offer. We may also pay brokerage houses and other custodians, nominees and fiduciaries the reasonable out-of-pocket expenses incurred by them in forwarding copies of this prospectus, letters of transmittal and related documents to the beneficial owners of the outstanding notes and in handling or forwarding tenders for exchange.

We will pay the expenses to be incurred in connection with the exchange offer, including fees and expenses of the exchange agent and trustee and accounting and legal fees and printing costs.

You will not be obligated to pay any transfer tax in connection with the exchange, except if you instruct us to register exchange notes in the name of, or request that outstanding notes not tendered or not accepted in the exchange offer be returned to, a person other than you, in which event you will be responsible for the payment of any applicable transfer tax.

Accounting Treatment

The exchange notes will be recorded at the same carrying value as the outstanding notes, as reflected in our accounting records on the date of the exchange. Accordingly, we will recognize no gain or loss for accounting purposes upon the closing of the exchange offer. We will amortize the expenses of the exchange offer over the term of the exchange notes under generally accepted accounting principles.

Participation in the Exchange Offer, Untendered Notes

Participation in the exchange offer is voluntary. Holders of the outstanding notes are urged to consult their financial and tax advisors in making their own decisions on what action to take.

As a result of the making of, and upon acceptance for exchange of all outstanding notes tendered under the terms of, this exchange offer, we will have fulfilled a covenant contained in the terms of the exchange and

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

registration rights agreement. Holders of the outstanding notes who do not tender in the exchange offer will continue to hold their outstanding notes and will be entitled to all the rights, and subject to the limitations, applicable to the outstanding notes under the indenture. Holders of outstanding notes will no longer be entitled to any rights under the exchange and registration rights agreement that by their terms terminate or cease to have further effect as a result of the making of this exchange offer. All untendered outstanding notes will continue to be subject to the restrictions on transfer described in the indenture. To the extent that outstanding notes are tendered and accepted in the exchange offer, the trading market for untendered outstanding notes could be adversely affected. This is because there will probably be many fewer remaining outstanding notes outstanding following the exchange offer, significantly reducing the liquidity of the untendered notes.

We may in the future seek to acquire untendered outstanding notes in the open market or through privately negotiated transactions, through subsequent exchange offers or otherwise. We intend to make any acquisitions of outstanding notes following the applicable requirements of the Exchange Act, and the rules and regulations of the Securities and Exchange Commission under the Exchange Act, including Rule 14e-1, to the extent applicable. We have no present plan to acquire any outstanding notes that are not tendered in the exchange offer or to file a registration statement to permit resales of any outstanding notes that are not tendered in the exchange offer.

26

USE OF PROCEEDS

We will not receive any cash proceeds from the exchange offer. We used approximately \$160.1 million of the proceeds from the note offering to fund the tender offer and the related call for redemption for the 2006 notes. We intend to use the remaining net proceeds from the note offering for general corporate purposes, which may include the repurchase or redemption of a portion of the outstanding \$2.6875 Term Convertible Securities, Series A of our special purpose trust, Owens & Minor Trust I, and the related 5.375% Junior Subordinated Debentures due 2013, and/or the implementation of our third-party logistics business development strategy. Pending their ultimate use, we have applied the remaining net proceeds from the offering to reduce the level of receivables transferred under our receivables financing facility. See "Description of Existing Financing Arrangements."

27

DESCRIPTION OF EXISTING FINANCING ARRANGEMENTS

Revolving Credit Facility

On April 24, 2000, Owens & Minor, Inc., as borrower, certain of our subsidiaries, as guarantors, and certain lenders, entered into a credit agreement that provides for our \$225.0 million revolving credit facility.

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

Borrowings under the revolving credit facility are guaranteed by our subsidiaries Owens & Minor Medical, Inc., National Medical Supply Corporation, Owens & Minor West, Inc., Koley's Medical Supply, Inc. and Stuart Medical, Inc. The revolving credit facility expires in April 2003. Borrowings under the revolving credit facility bear interest based on, at our discretion, the prime rate of Bank of America, N.A. or LIBOR.

Borrowings under the revolving credit facility are general unsecured obligations of Owens & Minor, Inc., and rank senior in right of payment to the notes. The guarantees of the revolving credit facility are general unsecured obligations of the guarantors and rank senior in right of payment to the guarantees of the notes. We are charged a commitment fee of between 0.200% and 0.275% on the unused portion of the revolving credit facility and a utilization fee of 0.250% if borrowings exceed \$112.5 million. On June 12, 2001, we amended the revolving credit facility to authorize the offering of the outstanding notes and apply the net proceeds as described in this prospectus and to increase the commitment fee we are charged to between 0.225% and 0.300% on the unused portion of the revolving credit facility. Under the amendment, the utilization fee remains unchanged. Lenders under the revolving credit facility were paid a fee in respect of such amendment. The terms of the revolving credit facility limit the amount of indebtedness that we may incur, require us to maintain certain levels of net worth, current ratio, leverage ratio and fixed charge coverage, and restrict our ability to alter materially the character of our business through consolidation, merger or purchase or sale of assets. At June 30, 2001, we were in compliance with these covenants.

Receivables Financing Facility

Under the receivables financing facility, O&M Funding Corp., our special-purpose subsidiary, is entitled, through July 10, 2002, to transfer, without recourse, our trade receivables and to receive up to \$225.0 million from such transfer from a group of unrelated third-party purchasers for consideration that reflects a cost of funds at commercial paper rates, the prime rate or LIBOR, plus a charge for administrative and credit support services.

The receivables financing facility requires us to maintain certain levels of net worth, current ratio, leverage ratio and fixed coverage, and restricts our ability to alter materially the character of our business through consolidation, merger, or purchase or sale of assets. We continue to service the receivables that are transferred under the receivables financing facility. At June 30, 2001, net accounts receivable of \$105.0 million had been transferred, without recourse, under the receivables financing facility, and as a result, have been de-recognized in the consolidated balance sheet.

2006 Notes

In May 1996, we issued \$150.0 million of 10 7/8% Senior Subordinated Notes due 2006. On June 5, 2001, we commenced a tender offer to purchase any and all of the 2006 notes. As of 5:00 p.m., New York City time, on Monday, July 2, 2001, the expiration date, we accepted tender of 2006 notes from holders of \$119,740,000 (or 79.8%) of the \$150,000,000 outstanding principal amount of the 2006 notes. The remaining \$30,260,000 of 2006 notes were redeemed on August 2, 2001 at a redemption price of 105.4375% of the principal amount thereof, plus accrued and unpaid interest to August 2, 2001. See "Summary--Tender Offer."

Trust Preferred Securities

In May 1998, Owens & Minor Trust I, a statutory business trust established by us, issued 2,640,000 shares of trust preferred securities, for aggregate proceeds of \$132.0 million. Each trust preferred security has a liquidation value of \$50. The net proceeds were invested by the Trust in our 5.375% Junior Subordinated Convertible Debentures. The junior subordinated

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

debentures are the sole assets of the Trust. We applied substantially all of the net proceeds of the junior subordinated debentures to repurchase 1,150,000 shares of our Series B Cumulative Preferred Stock at its par value.

31

The trust preferred securities accrue and pay quarterly cash distributions at an annual rate of 5.375% of the liquidation value. Each Trust Preferred Security is convertible into 2.4242 shares of our common stock at the holder's option prior to May 1, 2013. The trust preferred securities are mandatorily redeemable upon the maturity of the junior subordinated debentures on April 30, 2013, and may be redeemed by us in whole or in part after May 1, 2001. The payment obligations of the Trust are fully and unconditionally guaranteed by us, as provided under the terms of the trust preferred securities.

DESCRIPTION OF THE EXCHANGE NOTES

As used below in this "Description of the Exchange Notes" section, the "Company" means Owens & Minor, Inc., but not any of our subsidiaries, unless otherwise specified, and the "Notes" means the exchange notes to be issued in the exchange offer. The Company issued the outstanding notes and will issue the exchange notes under an indenture, dated as of July 2, 2001 (the "Original Indenture"), as supplemented by the first supplemental indenture, dated as of July 2, 2001 (the "First Supplemental Indenture" and together with the Original Indenture, the "Indenture"), in each case between the Company, the Guarantors and SunTrust Bank as Trustee (the "Trustee").

The statements under this caption relating to the Notes, the Guarantees and the Indenture are summaries and do not purport to be complete, and where reference is made to particular provisions of the Indenture, such provisions, including the definitions of certain terms, are incorporated by reference as a part of such summaries or terms, which are qualified in their entirety by such reference. The Original Indenture and the First Supplemental Indenture have been filed as exhibits to the registration statement of which this prospectus forms a part. You are encouraged to read the Indenture because it, and not this description, defines your rights as holders of the Notes. You can find the definitions of capitalized terms used in this description under the subheading "Certain Definitions."

General

The Notes will be general unsecured senior subordinated obligations of the Company, will be offered in an aggregate principal amount of \$200 million and will rank subordinate in right of payment to all existing and future Senior Indebtedness of the Company and will be effectively subordinated to all existing and future indebtedness and other liabilities of subsidiaries of the Company which are not Guarantors. The Company may issue additional notes from time to time after this exchange offer. Any issuance of additional notes is subject to the covenants relating to the Notes. The Notes and any additional Notes subsequently issued under the Indenture may be treated as a single class for all purposes under the Indenture, including, without limitation, waivers, amendments, redemptions and Offers to Purchase. The Notes will rank *pari passu* in right of payment with all other senior subordinated indebtedness of the Company. The Notes will be guaranteed on a joint and several basis by each of the Guarantors pursuant to the Guarantees described below. The Guarantees will be general unsecured senior subordinated obligations of the Guarantors and will rank subordinate in right of payment to all existing and future Guarantor Senior Indebtedness. The Guarantees will rank *pari passu* in right of payment with all

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

other existing and future senior subordinated indebtedness of the Guarantors. At June 30, 2001, on a pro forma basis after giving effect to the note offering and the application of the proceeds as described in "Use of Proceeds," the Company would have had approximately \$0.7 million of Senior Indebtedness outstanding, none of which consisted of borrowings under the Revolving Credit Facility, which would have been guaranteed by the Guarantors on a senior basis. Secured creditors of the Company or any Guarantor, if any, will have a claim on the assets which secure such obligations prior to claims of the Holders of the Notes against those assets.

The Notes will mature on July 15, 2011 and will bear interest at the rate per annum shown on the front cover of this prospectus from the date of issuance or from the most recent interest payment date to which interest has been paid or provided for. Interest will be payable semiannually on January 15 and July 15 of each year, commencing January 15, 2002, to the Person in whose name a Note is registered at the close of business on the preceding January 1 or July 1 (each, a "Record Date"), as the case may be. Interest on the Notes will be computed on the basis of a 360-day year of twelve 30-day months.

The Notes will be issued only in fully registered form, without coupons, in denominations of \$1,000 and any integral multiple thereof. No service charge will be made for any registration of transfer or exchange of Notes, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Initially, the Trustee will act as paying agent and registrar for the Notes. The Notes may be presented for registration of transfer and exchange at the offices of the registrar for the Notes.

As of the date of the Indenture, all of the Company's subsidiaries will be "Restricted Subsidiaries." However, under the circumstances described below under the subheading "--Covenants--Designation of Restricted and Unrestricted Subsidiaries," we will be permitted to designate certain of the Company's subsidiaries

33

as "Unrestricted Subsidiaries." Our Unrestricted Subsidiaries will not be subject to many of the restrictive covenants in the Indenture. Our Unrestricted Subsidiaries will not guarantee the Notes.

If a Holder has given wire transfer instructions to the Company, the Company will pay all principal, interest and premium and Liquidated Damages, if any, on that Holder's Notes in accordance with those instructions. All other payments on Notes will be made at the office or agency of the paying agent and registrar within the City and State of New York unless the Company elects to make interest payments by check mailed to the Holders at their address set forth in the register of Holders. Holders must surrender the Notes to the paying agent for the Notes to collect principal payments.

Optional Redemption

The Notes will be subject to redemption, at the option of the Company, in whole or in part, at any time on or after July 15, 2006 and prior to maturity, upon not less than 30 nor more than 60 days' notice mailed to each Holder of Notes to be redeemed at his address appearing in the register for the Notes, in amounts of \$1,000 or an integral multiple of \$1,000, at the following redemption prices (expressed as percentages of principal amount) plus accrued interest and Liquidated Damages, if any, to but excluding the date fixed for redemption (subject to the right of Holders of record on the relevant Record Date to receive interest due on an interest payment date that is on or prior to

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

the date fixed for redemption), if redeemed during the 12-month period beginning July 15 of the years indicated:

Year	Redemption Price
----	-----
2006.....	104.250%
2007.....	102.833%
2008.....	101.417%
2009 and thereafter....	100.000%

In addition, prior to July 15, 2004, the Company may redeem up to 35% of the original principal amount of the Notes with the net cash proceeds received by the Company from a public offering of Capital Stock of the Company (other than Disqualified Stock), at a redemption price (expressed as a percentage of the principal amount) of 108.500% of the principal amount thereof, plus accrued and unpaid interest and Liquidated Damages, if any, to the date fixed for redemption; provided, however, that at least 65% of the original principal amount of the Notes remains outstanding immediately after any such redemption (excluding any Notes owned by the Company or any of its Affiliates). Notice of redemption pursuant to this paragraph must be mailed to holders of Notes not later than 60 days following the consummation of such public offering.

Selection of Notes for any partial redemption shall be made by the Trustee, in accordance with the rules of any national securities exchange on which the Notes may be listed or, if the Notes are not so listed, pro rata or by lot or in such other manner as the Trustee shall deem appropriate and fair. Notes in denominations larger than \$1,000 may be redeemed in part but only in integral multiples of \$1,000. Notice of redemption will be mailed before the date fixed for redemption to each holder of Notes to be redeemed at his or her registered address. On and after the date fixed for redemption, interest will cease to accrue on Notes or portions thereof called for redemption.

The Notes will not have the benefit of any sinking fund.

Subordination

The payment of the principal of, premium, and Liquidated Damages, if any, and interest on the Notes is subordinated in right of payment, to the extent and in the manner provided in the Indenture, to the prior payment in full of all Senior Indebtedness.

Upon any payment or distribution of assets or securities of the Company of any kind or character, whether in cash, property or securities, upon any dissolution or winding-up or total or partial liquidation or reorganization of the Company, whether voluntary or involuntary or in bankruptcy, insolvency, receivership or other proceedings, all amounts due or to become due with respect to Senior Indebtedness (including any interest accruing subsequent to an event of bankruptcy to the extent that such interest is an allowed claim enforceable against the debtor under the Bankruptcy Law) shall first be paid in full, or payment provided for, before the Holders of the Notes or the Trustee

on behalf of such Holders shall be entitled to receive any payment by the Company of the principal of, premium, if any, or interest on the Notes, or any payment to acquire any of the Notes for cash, property or securities, or any distribution with respect to the Notes of any cash, property or securities. Before any payment may be made by, or on behalf of, the Company of the principal of, premium, if any, or interest on the Notes upon any such dissolution or winding-up or liquidation or reorganization, any payment or distribution of

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

assets or securities of the Company of any kind or character, whether in cash, property or securities, to which the Holders of the Notes or the Trustee on their behalf would be entitled, but for the subordination provisions of the Indenture, shall be made by the Company or by any receiver, trustee in bankruptcy, liquidating trustee, agent or other Person making such payment or distribution, directly to the holders of the Senior Indebtedness (pro rata to such holders on the basis of the respective amounts of Senior Indebtedness held by such holders) or their representatives or to the trustee or trustees under any indenture pursuant to which any of such Senior Indebtedness may have been issued, as their respective interests may appear, to the extent necessary to pay all such Senior Indebtedness in full after giving effect to any concurrent payment, distribution or provision therefor to or for the holders of such Senior Indebtedness.

No direct or indirect payment by or on behalf of the Company of principal of, premium, if any, or interest on the Notes, whether pursuant to the terms of the Notes, upon acceleration or otherwise, will be made if, at the time of such payment, there exists a default in the payment of all or any portion of the obligations on any Designated Senior Indebtedness, whether at maturity, on account of mandatory redemption or prepayment, acceleration or otherwise (and the Trustee has received written notice thereof), and such default shall not have been cured or waived or the benefits of this sentence waived by or on behalf of the holders of such Designated Senior Indebtedness. In addition, during the continuance of any non-payment default or non-payment event of default with respect to any Designated Senior Indebtedness pursuant to which the maturity thereof may be accelerated, and upon receipt by the Trustee of written notice (a "Payment Blockage Notice") from the holder or holders of such Designated Senior Indebtedness or the trustee or agent acting on behalf of such Designated Senior Indebtedness, then, unless and until such default or event of default has been cured or waived or has ceased to exist or such Designated Senior Indebtedness has been discharged or repaid in full, no direct or indirect payment will be made by or on behalf of the Company of principal of, premium, if any, or interest on the Notes, except from those funds held in trust for the benefit of the Holders of any Notes to such Holders, during a period (a "Payment Blockage Period") commencing on the date of receipt of such notice by the Trustee and ending 179 days thereafter. Notwithstanding anything in the subordination provisions of the Indenture or the Notes to the contrary, (x) in no event will a Payment Blockage Period extend beyond 179 days from the date the Payment Blockage Notice in respect thereof was given and (y) in no event will a Payment Blockage Notice be effective for purposes thereof unless and until 360 days have elapsed since the effectiveness of the immediately prior Payment Blockage Notice. Not more than one Payment Blockage Period may be commenced with respect to the Notes during any period of 360 consecutive days. No default or event of default that existed or was continuing on the date of commencement of any Payment Blockage Period with respect to the Designated Senior Indebtedness initiating such Payment Blockage Period may be, or be made, the basis for the commencement of any other Payment Blockage Period by the holder or holders of such Designated Senior Indebtedness or the trustee or agent acting on behalf of such Designated Senior Indebtedness, whether or not within a period of 360 consecutive days, unless such default or event of default has been cured or waived for a period of not less than 90 consecutive days.

The failure to make any payment or distribution for or on account of the Notes by reason of the provisions of the Indenture described under this "Subordination" heading will not be construed as preventing the occurrence of an Event of Default described in clause (a), (b) or (c) of the first paragraph under "--Events of Default."

By reason of the subordination provisions described above, in the event of insolvency of the Company, funds which would otherwise be payable to Holders of the Notes will be paid to the holders of Senior Indebtedness to the extent necessary to pay the Senior Indebtedness in full, and the Company may be unable

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

to fully meet its obligations with respect to the Notes. Subject to the restrictions set forth in the Indenture, in the future the Company may issue additional Senior Indebtedness.

The Guarantees

The Indenture will provide that each of the Guarantors will unconditionally guarantee on a joint and several basis all of the Company's obligations under the Notes, including its obligations to pay principal, premium, if any, and interest with respect to the Notes. The obligations of each Guarantor are limited to the maximum amount which, after giving effect to all other contingent and fixed liabilities of such Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Guarantor in respect of the obligations

35

of such other Guarantor under its Guarantee or pursuant to its contribution obligations under the Indenture, will result in the obligations of such Guarantor under the Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law. Each Guarantor that makes a payment or distribution under a Guarantee shall be entitled to a contribution from each other Guarantor in an amount pro rata, based on the net assets of each Guarantor determined in accordance with GAAP. Except as provided in "--Covenants" below, the Company is not restricted from selling, liquidating, reorganizing or otherwise disposing of any of the Guarantors.

The Indenture will provide that each Restricted Subsidiary which guarantees or otherwise provides credit support (pursuant to the grant of a security interest or otherwise) for any obligation of the Company or any of its Subsidiaries under the Revolving Credit Facility and each future Restricted Subsidiary that guarantees or otherwise provides credit support (pursuant to the grant of a security interest or otherwise) for any obligation of the Company or any of its Subsidiaries under the Revolving Credit Facility will become a Guarantor of the Notes.

The Indenture will provide that if (w) any Guarantor is released from its guarantee and all other obligations (including any Liens) in respect of the Revolving Credit Facility, (x) the Notes are defeased in accordance with the terms of the Indenture, (y) if all or substantially all of the assets of any Guarantor or all of the Capital Stock of any Guarantor is sold (including by issuance or otherwise) by the Company or any of its Subsidiaries in a transaction constituting an Asset Disposition, and if (1) the Net Available Proceeds from such Asset Disposition are used in accordance with the covenant described under "--Covenants--Limitation on Certain Asset Dispositions" or (2) the Company delivers to the Trustee an Officers' Certificate to the effect that the Net Available Proceeds from such Asset Disposition shall be used in accordance with the covenant described under "--Covenants--Limitation on Certain Asset Dispositions" and within the time limits specified by such covenant, or (z) if the Company designates any Restricted Subsidiary that is a Guarantor as an Unrestricted Subsidiary in accordance with the applicable provisions of the Indenture, then in each such case, such Guarantor (in the event of a sale or other disposition of all of the Capital Stock of such Guarantor or in the event of designation of Restricted Subsidiary as an Unrestricted Subsidiary) or the corporation acquiring such assets (in the event of a sale or other disposition of all or substantially all of the assets of such Guarantor) shall be released and discharged of its Guarantee obligations.

The obligations of each Guarantor under its Guarantee are subordinated to the prior payment in full of all Guarantor Senior Indebtedness of such Guarantor to substantially the same extent as the Notes are subordinated to

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

Senior Indebtedness.

Suspended Covenants

During any period of time that the Notes have an Investment Grade Rating from both of the Rating Agencies and no Default has occurred and is continuing under the Indenture, the Company and its Restricted Subsidiaries will not be subject to the provisions of the Indenture described below under the following headings under "--Covenants":

- . "--Limitation on Indebtedness,"
- . "--Limitation on Senior Subordinated Indebtedness,"
- . "--Limitation on Restricted Payments,"
- . "--Limitation Concerning Distributions and Transfers by Subsidiaries,"
- . "--Limitation on Certain Asset Dispositions,"
- . "--Limitation on Issuance and Sale of Capital Stock of Subsidiaries," and
- . "--Limitation on Transactions with Affiliates and Related Persons,"

(collectively, the "Suspended Covenants"); provided, however, such covenants shall not be suspended if the Investment Grade Rating was obtained, directly or indirectly, by our merger, consolidation or otherwise with a Person that had an Investment Grade Rating from either of the Rating Agencies and the Company at such time did not have an Investment Grade Rating from both of the Rating Agencies; and provided further, that the provisions of the Indenture described below under the following headings under "--Covenants:"

36

- . "--Merger, Consolidation or Sale of Assets,"
- . "--Change of Control,"
- . "--Additional Subsidiary Guarantees,"
- . "--Limitation on Liens,"
- . "--Provision of Financial Information," and
- . "--Designation of Restricted and Unrestricted Subsidiaries"

will not be so suspended; and provided further, that if the Company and its Restricted Subsidiaries are not subject to the Suspended Covenants for any period of time as a result of the preceding sentence and, subsequently, a Rating Agency which had given the Notes an Investment Grade Rating withdraws its rating or downgrades the rating assigned to the Notes below the Investment Grade Ratings so that the Notes do not have an Investment Grade Rating from both Rating Agencies, or a Default (other than with respect to the Suspended Covenants) occurs and is continuing, the Company and its Restricted Subsidiaries will thereafter again be subject to the Suspended Covenants, subject to the terms, conditions and obligations set forth in the Indenture (each such date of reinstatement being the "Reinstatement Date"), including those set forth in the

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

preceding sentence. Compliance with the Suspended Covenant with respect to Restricted Payments made after the Reinstatement Date will be calculated in accordance with the terms of the covenant described under "--Covenants-- Limitation on Restricted Payments" as though such covenant had been in effect during the entire period of time from which the Notes are issued. As a result, during any period in which the Company and its Restricted Subsidiaries are not subject to the Suspended Covenants, the Notes will be entitled to substantially reduced covenant protection.

Covenants

The Indenture contains, among others, the following covenants:

Limitation on Indebtedness

The Indenture will provide that the Company will not, and will not permit any of its Restricted Subsidiaries to, Incur, directly or indirectly, any Indebtedness (including Acquired Debt), except:

(i) Indebtedness (including Acquired Debt) of the Company or the Guarantors, if immediately after giving effect to the Incurrence of such Indebtedness and the receipt and application of the net proceeds thereof, the Consolidated Cash Flow Ratio of the Company for the four full fiscal quarters for which quarterly or annual financial statements are available preceding the Incurrence of such Indebtedness, calculated on a pro forma basis as if such Indebtedness had been Incurred on the first day of such four full fiscal quarters, would be greater than 2.00 to 1.00;

(ii) Indebtedness of the Company, and guarantees of such Indebtedness by any Guarantor, Incurred under the Revolving Credit Facility in an aggregate principal amount outstanding at any one time not to exceed the greater of (x) \$300 million less the aggregate amount of all Net Available Proceeds of Asset Sales applied by the Company or any of its Subsidiaries to repay any revolving credit Indebtedness under the Revolving Credit Facility and effect a corresponding commitment reduction thereunder pursuant to the covenant described below under the caption "--Limitation on Certain Asset Dispositions;" or (y) the sum of

(A) 85% of Eligible Accounts Receivable and

(B) 50% of Eligible Inventory;

(iii) Indebtedness owed by the Company to any Guarantor or Indebtedness owed by a Restricted Subsidiary of the Company to the Company or a Guarantor; provided, however, upon either

(I) the transfer or other disposition by such Subsidiary or the Company of any Indebtedness so permitted under this clause (iii) to a Person other than the Company or a Guarantor or

37

(II) the issuance (other than directors' qualifying shares), sale, transfer or other disposition of shares of Capital Stock or other ownership interests (including by consolidation or merger) of such Guarantor to a Person other than the Company or another such Guarantor,

the provisions of this clause (iii) shall no longer be applicable to such Indebtedness and such Indebtedness shall be deemed to have been Incurred at the time of any such issuance, sale, transfer or other disposition, as the

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

case may be;

(iv) Indebtedness of the Company or its Restricted Subsidiaries under any interest rate or currency swap agreement to the extent entered into to hedge any other Indebtedness permitted under the Indenture that are incurred in the normal course of business for the purpose of fixing or hedging currency, commodity or interest rate risk (including with respect to any floating or fixed rate Indebtedness that is permitted by the terms of the Indenture to be outstanding in connection with the conduct of the Company or its Subsidiaries businesses and not for speculative purposes) and any interest rate swap agreement entered into to hedge obligations under (x) any Qualified Securitization Transaction or (y) the Trust Obligations;

(v) Indebtedness Incurred to renew, extend, refinance or refund (collectively for purposes of this clause (v) to "refund") any Indebtedness outstanding on the Issue Date and Indebtedness Incurred under the prior clause (i) above or the Notes; provided, however, that

(I) such Indebtedness does not exceed the principal amount (or accrual amount, if less) of Indebtedness so refunded plus the amount of any premium required to be paid in connection with such refunding pursuant to the terms of the Indebtedness refunded or the amount of any premium reasonably determined by the Company as necessary to accomplish such refunding by means of a tender offer, exchange offer, or privately negotiated repurchase, plus the expenses of the Company or such Restricted Subsidiary incurred in connection therewith and

(II) (A) in the case of any refunding of (x) Indebtedness that is pari passu with the Notes and (y) the Trust Securities, such refunding Indebtedness is made pari passu with or subordinate in right of payment to the Notes, and, in the case of any refunding of Indebtedness that is subordinate in right of payment to the Notes, such refunding Indebtedness is subordinate in right of payment to the Notes on terms no less favorable to the Holders than those contained in the Indebtedness being refunded,

(B) in either case, the refunding Indebtedness by its terms, or by the terms of any agreement or instrument pursuant to which such Indebtedness is issued, does not have an Average Life that is less than the remaining Average Life of the Indebtedness being refunded and does not permit redemption or other retirement (including pursuant to any required offer to purchase to be made by the Company or Restricted Subsidiary of the Company) of such Indebtedness at the option of the holder thereof prior to the final stated maturity of the Indebtedness being refunded, other than a redemption or other retirement at the option of the holder of such Indebtedness (including pursuant to a required offer to purchase made by the Company or a Restricted Subsidiary of the Company) which is conditioned upon a change of control of the Company pursuant to provisions substantially similar to those contained in the Indenture described under "--Change of Control" below and

(C) any Indebtedness Incurred to refund any other Indebtedness is Incurred by the obligor on the Indebtedness being refunded or by the Company;

(vi) Indebtedness of the Company or any Restricted Subsidiary consisting of guarantees, indemnities, hold backs or obligations in respect

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

of purchase price adjustments in connection with the acquisition or disposition of assets, including, without limitation shares of Capital Stock of Subsidiaries, or contingent payment obligations incurred in connection with the acquisition or disposition of assets acquired or disposed of;

(vii) Indebtedness represented by

(I) letters of credit for the account of the Company or any Restricted Subsidiary or

38

(II) other obligations to reimburse third parties pursuant to any surety bond or other similar arrangements,

to the extent that such letters of credit and other obligations, as the case may be, are intended to provide security for workers' compensation claims, payment obligations in connection with self-insurance, in connection with participation in government reimbursement or other programs or similar requirements in the ordinary course of business;

(viii) the incurrence by the Company or any of its Restricted Subsidiaries of Indebtedness represented by Capital Lease Obligations, mortgage financings, or purchase money obligations, in each case, incurred for the purpose of financing all or any part of the purchase price or cost of construction or improvement of property, plant or equipment used in the business of the Company or such Restricted Subsidiary, in an aggregate principal amount, including all Indebtedness incurred to refund, refinance or replace any Indebtedness incurred pursuant to this clause (viii), not to exceed \$15 million at any time outstanding;

(xii) Indebtedness of the Company or its Restricted Subsidiaries, not otherwise permitted to be Incurred pursuant to clauses (i) through (xi) above, which, together with any other outstanding Indebtedness Incurred pursuant to this clause has an aggregate principal amount not in excess of \$35 million at any time outstanding.

Limitation on Senior Subordinated Indebtedness

The Indenture will provide that (i) the Company will not directly or indirectly Incur any Indebtedness that by its terms would expressly rank senior in the right of payment to the Notes and expressly rank subordinate in right of payment to any Senior Indebtedness and (ii) the Company will not permit any Guarantor to and no Guarantor will directly or indirectly Incur any Indebtedness that by its terms would expressly rank senior in right of payment to the Guarantee of such Guarantor and expressly rank subordinate in right of payment to any Guarantor Senior Indebtedness.

Limitation on Restricted Payments

The Indenture will provide that the Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly,

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

(i) declare or pay any dividend, or make any distribution of any kind or character (whether in cash, property or securities), in respect of any class of its Capital Stock or to the holders thereof, excluding any (x) dividends or distributions payable solely in shares of its Capital Stock (other than Disqualified Stock) or in options, warrants or other rights to acquire its Capital Stock (other than Disqualified Stock), or (y) in the case of any Restricted Subsidiary of the Company, dividends or distributions payable to the Company or a Restricted Subsidiary of the Company (other than dividends or distributions payable to a Securitization Subsidiary or the Special Purpose Trust),

(ii) purchase, redeem, or otherwise acquire or retire for value shares of Capital Stock of the Company or any of its Restricted Subsidiaries, any options, warrants or rights to purchase or acquire shares of Capital Stock of the Company or any of its Restricted Subsidiaries or any securities convertible or exchangeable into shares of Capital Stock of the Company or any of its Restricted Subsidiaries, excluding any such shares of Capital Stock, options, warrants, rights or securities which are owned by the Company or a Restricted Subsidiary of the Company (other than any such shares, options, warrants or rights that are owned by a Securitization Subsidiary or the Special Purpose Trust),

39

(iii) make any Investment in (other than a Permitted Investment), or payment on a guarantee of any obligation of, any Person, other than the Company or a Guarantor, or

(iv) redeem, defease, repurchase, retire or otherwise acquire or retire for value, prior to any scheduled maturity, repayment or sinking fund payment, Indebtedness which is subordinate in right of payment to the Notes,

(each of the transactions described in clauses (i) through (iv) (other than any exception to any such clause) being a "Restricted Payment") if at the time thereof:

(1) an Event of Default, or an event that with the passing of time or giving of notice, or both, would constitute an Event of Default, shall have occurred and be continuing, or

(2) upon giving effect to such Restricted Payment, the Company could not Incur at least \$1.00 of additional Indebtedness pursuant to the terms of the Indenture described in clause (i) of "--Limitation on Indebtedness" above, or

(3) upon giving effect to such Restricted Payment, the aggregate of all Restricted Payments made on or after the Issue Date exceeds the sum of:

(a) 50% of cumulative Consolidated Net Income of the Company (or, in the case cumulative Consolidated Net Income of the Company shall be negative, less 100% of such deficit) since January 1, 2001 through the last day of the fiscal quarter for which financial statements are available; plus

(b) 100% of the aggregate net proceeds received after the Issue Date, from the issuance of Capital Stock (other than Disqualified Stock) of the Company and warrants, rights or options on Capital Stock (other than Disqualified Stock) of the

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

Company (other than in respect of any such issuance to a Restricted Subsidiary of the Company) and the principal amount of Indebtedness of the Company or any of its Restricted Subsidiaries (other than a Securitization Subsidiary) that has been converted into or exchanged for Capital Stock of the Company; plus

(c) in the case of the disposition or repayment of any Investment constituting a Restricted Payment made after the Issue Date, an amount equal to the lesser of the return of capital with respect to such Investment and the cost of such Investment, in either case, less the cost of the disposition of such Investment; provided, however, that at the time any such Investment is made the Company delivers to the Trustee a resolution of its Board of Directors to the effect that, for purposes of this "--Limitation on Restricted Payments" covenant, such Investment constitutes a Restricted Payment made after the Issue Date.

The foregoing provision will not be violated by

(i) any dividend on any class of Capital Stock of the Company or any Restricted Subsidiary of the Company paid within 90 days after the declaration thereof if, on the date when the dividend was declared, the Company or such Restricted Subsidiary, as the case may be, could have paid such dividend in accordance with the provisions of the Indenture;

(ii) the payments of distribution on any of the outstanding Trust Securities, in accordance with the terms thereof as in effect on the Issue Date;

(iii) the renewal, extension, refunding or refinancing of any Indebtedness (including, without limitation, the Trust Securities) otherwise permitted pursuant to the terms of the Indenture described in clause (v) of "--Limitation on Indebtedness" above;

(iv) the exchange or conversion of any Indebtedness of the Company or any Restricted Subsidiary of the Company (other than a Securitization Subsidiary) for or into Capital Stock of the Company (other than Disqualified Stock of the Company);

40

(v) any payments, loans or other advances made pursuant to any employee benefit plans (including plans for the benefit of directors) or employment agreements or other compensation arrangements, in each case as approved by the Board of Directors of the Company in its good faith judgment;

(vi) the redemption of the Company's rights issued pursuant to the Amended and Restated Rights Agreement, dated as of May 10, 1994, between the Company and Bank of New York, as successor Rights Agent, in an amount per right issued thereunder not to exceed that in effect on the Issue Date;

(vii) so long as no Default or Event of Default has occurred and is continuing, any investment made with the proceeds of a substantially concurrent sale of Capital Stock of the Company (other than Disqualified Stock); provided, however, that the proceeds of such sale of Capital Stock shall not be (and have not been) included in subclause (b) of clause (3) of the preceding paragraph;

(viii) the redemption, repurchase, retirement or other acquisition of any Capital Stock of the Company or the Trust Securities, in exchange for

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

or out of the net cash proceeds of the substantially concurrent sale (other than to a Restricted Subsidiary of the Company) of Capital Stock of the Company (other than Disqualified Stock); provided, however, that the proceeds of such sale of Capital Stock shall not be (and have not been) included in subclause (b) of clause (3) of the preceding paragraph;

(ix) so long as no Default or Event of Default has occurred and is continuing, the payment of cash dividends on the Company's Common Stock not to exceed \$0.085 per share then outstanding in any fiscal quarter of the Company; or

(x) so long as no Default or Event of Default has occurred and is continuing, the redemption, repurchase, retirement or other acquisition of the Trust Securities or the repurchase, retirement or other acquisition of the Company's common stock if after giving pro forma effect thereto (including without limitation the financing thereof) the Company's Consolidated Cash Flow Ratio would be greater than or equal to 3.00 to 1.00; provided, however, that the aggregate amount expended pursuant to this clause (x) to redeem, repurchase, retire or otherwise acquire the Company's common stock shall not exceed \$35 million.

Each Restricted Payment described in clauses (i), (iv), (v) (only to the extent such payment, loan or advance is outside the ordinary cause of business) and (vi) of the previous sentence shall be taken into account for purposes of computing the aggregate amount of all Restricted Payments pursuant to clause (3) of the preceding paragraph.

Limitations Concerning Distributions and Transfers by Subsidiaries

The Indenture will provide that the Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause or suffer to exist any consensual encumbrance or restriction on the ability of any Restricted Subsidiary of the Company to

(i) pay, directly or indirectly, dividends or make any other distributions in respect of its Capital Stock or pay any Indebtedness or other obligation owed to the Company or any Restricted Subsidiary of the Company,

(ii) make loans or advances to the Company or any Restricted Subsidiary of the Company or guarantee any Indebtedness of the Company or any of its Restricted Subsidiaries or

(iii) transfer any of its property or assets to the Company or any Restricted Subsidiary of the Company,

except for such encumbrances or restrictions existing under or by reason of

(a) any agreement in effect on the Issue Date (including pursuant to the Revolving Credit Facility and agreements entered into in connection therewith) as any such agreement is in effect on such date,

(b) any agreement relating to any Indebtedness incurred by such Restricted Subsidiary prior to the date on which such Restricted Subsidiary was acquired by the Company and outstanding on such date and not incurred in anticipation or contemplation of becoming a Restricted Subsidiary and provided such encumbrance or restriction shall not apply to any assets of the Company or its Subsidiaries other than such Restricted Subsidiary,

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

(c) customary provisions contained in an agreement which has been entered into for the sale or disposition of all or substantially all of the Capital Stock or assets of such Restricted Subsidiary; provided, however, that such encumbrance or restriction is applicable only to such Restricted Subsidiary or assets,

(d) an agreement effecting a renewal, exchange, refunding, amendment or extension of Indebtedness incurred pursuant to an agreement referred to in clause (a) or (b) above; provided, however, that the provisions contained in such renewal, exchange, refunding, amendment or extension agreement relating to such encumbrance or restriction are no more restrictive in any material respect than the provisions contained in the agreement that is the subject thereof in the reasonable judgment of the Board of Directors of the Company as evidenced by a resolution of such Board of Directors filed with the Trustee,

(e) the Indenture,

(f) applicable law,

(g) customary provisions restricting subletting or assignment of any lease governing any leasehold interest of any Restricted Subsidiary of the Company,

(h) Indebtedness or any other contractual requirements (including pursuant to any corporate governance documents in the nature of a charter or by-laws) of a Securitization Subsidiary or the Special Purpose Trust arising in connection with a Qualified Securitization Transaction or the Trust Obligations, respectively, provided, however, that any such encumbrance or restriction applies only to such Securitization Subsidiary or the Special Purpose Trust, as the case may be, and obligations of Restricted Subsidiaries to transfer Receivables and Receivables Related Assets to a Securitization Subsidiary in a Qualified Securitization Transaction,

(i) purchase money obligations for property acquired in the ordinary course of business that impose restrictions of the type referred to in clause (iii) of this covenant, or

(j) restrictions of the type referred to in clause (iii) of this covenant contained in security agreements securing Indebtedness of a Restricted Subsidiary of the Company to the extent that such Liens were otherwise incurred in accordance with "--Limitation on Liens" below and restrict the transfer of property subject to such agreements.

Limitation on Liens

The Indenture will provide that the Company will not, and will not permit any of its Restricted Subsidiaries to, Incur any Lien on or with respect to any property or assets of the Company or any Restricted Subsidiary of the Company owned on the Issue Date or thereafter acquired or on the income or profits thereof to secure Indebtedness without making, or causing such Restricted Subsidiary to make, effective provision for securing the Notes (and, if the Company shall so determine, any other Indebtedness of the Company or such Restricted Subsidiary, including Indebtedness which is subordinate in right of payment to the Notes; provided, however, that Liens securing the Notes and any Indebtedness pari passu with the Notes are senior to such Liens securing such subordinated indebtedness) equally and ratably with such Indebtedness or, in the

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

event such Indebtedness is subordinate in right of payment to the Notes or the Guarantees, prior to such Indebtedness, as to such property or assets for so long as such Indebtedness shall be so secured. The foregoing restrictions shall not apply to

(i) Liens securing Senior Indebtedness of the Company or Guarantor Senior Indebtedness;

(ii) Liens securing only the Notes;

(iii) Liens in favor of the Company;

(iv) Liens to secure Indebtedness (including, without limitation, Capital Lease Obligations) permitted by clause (viii) of the covenant entitled "--Covenants--Limitation on Indebtedness; provided, however, that (a) the aggregate principal amount of any Indebtedness secured by such a Lien does not exceed 100% of such

42

purchase price or cost, (b) such Lien does not extend to or cover any other property other than such item of property and any improvements on such item, (c) the Indebtedness secured by such Lien is Incurred by the Company or its Restricted Subsidiary within 180 days of the acquisition, construction or improvement of such property and (d) the Incurrence of such Indebtedness is permitted by the provisions of the Indenture described under "--Limitation on Indebtedness" above;

(v) Liens on property existing immediately prior to the time of acquisition thereof (and not created in anticipation or contemplation of the financing of such acquisition),

(vi) Liens on property of a Person existing at the time such Person is merged with or into or consolidated with the Company or any Restricted Subsidiary of the Company (and not created in anticipation or contemplation thereof);

(vii) Liens on property of the Company or any Restricted Subsidiary of the Company in favor of the United States of America, any state thereof, or any instrumentality of either to secure payments pursuant to any contract or statute;

(viii) Liens granted in connection with any Qualified Securitization Transaction;

(ix) Liens existing on the Issue Date securing Indebtedness existing on the Issue Date;

(x) Liens to secure Indebtedness Incurred to extend, renew, refinance or refund (or successive extensions, renewals, refinancings or refundings), in whole or in part, any Indebtedness secured by Liens referred to in the foregoing clauses (i)-(ix) so long as such Liens do not extend to any other property and the principal amount of Indebtedness so secured is not increased except for the amount of any premium required to be paid in connection with such renewal, refinancing or refunding pursuant to the terms of the Indebtedness renewed, refinanced or refunded or the amount of any premium reasonably determined by the Company as necessary to accomplish such renewal, refinancing or refunding by means of a tender offer, exchange offer or privately negotiated repurchase, plus the expenses of the Company or such Restricted Subsidiary incurred in connection with such renewal, refinancing or refunding; and

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

(xi) Liens in favor of the Trustee as provided for in the Indenture on money or property held or collected by the Trustee in its capacity as Trustee.

Limitation on Certain Asset Dispositions

The Indenture will provide that the Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, make one or more Asset Dispositions for aggregate consideration of, or in respect of assets having an aggregate fair market value of \$5 million or more in any 12-month period, unless:

(i) the Company or the Restricted Subsidiary, as the case may be, receives consideration for such Asset Disposition at least equal to the fair market value of the assets sold or disposed of as determined by the Board of Directors of the Company in good faith and evidenced by a resolution of such Board of Directors filed with the Trustee;

(ii) not less than 75% of the consideration for the disposition consists of cash or readily marketable cash equivalents, Replacement Assets or the assumption of Indebtedness (other than non-recourse Indebtedness or any Indebtedness subordinated to the Notes) of the Company or such Restricted Subsidiary or other obligations relating to such assets (and release of the Company or such Restricted Subsidiary from all liability on the Indebtedness or other obligations assumed); and

(iii) all Net Available Proceeds, less any amounts invested within 360 days of such Asset Disposition in assets related to the business of the Company (including the Capital Stock of another Person (other than the Company or any Person that is a Restricted Subsidiary of the Company immediately prior to such investment), provided, however, that immediately after giving effect to any such investment (and not prior thereto) such Person shall be a Guarantor), are applied, on or prior to the 360th day after such Asset Disposition, unless and to the extent that the Company shall determine to make an Offer to Purchase, either to (A) the permanent

43

reduction and prepayment of any Senior Indebtedness then outstanding (including a permanent reduction of commitments in respect thereof) or (B) the permanent reduction and repayment of any Guarantor Senior Indebtedness then outstanding of any Restricted Subsidiary of the Company (including a permanent reduction of commitments in respect thereof).

Any Net Available Proceeds from any Asset Disposition which is subject to the immediately preceding sentence that are not applied as provided in the immediately preceding sentence shall be used promptly after the expiration of the 360th day after such Asset Disposition, or promptly after the Company shall have earlier determined to not apply any Net Available Proceeds therefrom as provided in subclause (A) or (B) of clause (iii) of the immediately preceding sentence, to make an Offer to Purchase outstanding Notes at a purchase price in cash equal to 100% of their principal amount plus accrued interest and Liquidated Damages, if any, to the Purchase Date. Notwithstanding the foregoing, the Company may defer making any Offer to Purchase outstanding Notes until there are aggregate unutilized Net Available Proceeds from Asset Dispositions otherwise subject to the two immediately preceding sentences equal to or in excess of \$5 million (at which time, the entire unutilized Net Available Proceeds from Asset Dispositions otherwise subject to the two immediately preceding sentences, and not just the amount in excess of \$5 million, shall be

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

applied as required pursuant to this paragraph). If any Indebtedness of the Company ranking pari passu with the Notes requires that prepayment of, or an offer to prepay, such Indebtedness be made with any Net Available Proceeds, the Company may apply such Net Available Proceeds pro rata (based on the aggregate principal amount of the Notes then outstanding and the aggregate principal amount (or accreted value, if less) of all such other Indebtedness then outstanding) to the making of an Offer to Purchase the Notes in accordance with the foregoing provisions and the prepayment or the offer to prepay such pari passu Indebtedness. The Company shall make a further Offer to Purchase Notes in an amount equal to any such Net Available Proceeds not utilized to actually prepay such other Indebtedness at a purchase price in cash equal to 100% of the principal amount of the Notes plus accrued interest to the Purchase Date if the amount not so utilized equals or exceeds \$5 million. Any remaining Net Available Proceeds following the completion of the required Offer to Purchase may be used by the Company for any other purpose (subject to the other provisions of the Indenture) and the amount of Net Available Proceeds then required to be otherwise applied in accordance with this covenant shall be reset to zero, subject to any subsequent Asset Disposition. These provisions will not apply to a transaction consummated in compliance with the provisions of the Indenture described under "--Mergers, Consolidations or Sale of Assets" below.

In the event that the Company makes an Offer to Purchase the Notes, the Company shall comply with any applicable securities laws and regulations, including any applicable requirements of Section 14(e) of, and Rule 14e-1 under, the Exchange Act and any violation of the provisions of the Indenture relating to such Offer to Purchase occurring as a result of such compliance shall not be deemed an Event of Default or an event that with the passing of time or giving of notice, or both, would constitute an Event of Default.

Limitation on Issuance and Sale of Capital Stock of Subsidiaries

The Indenture will provide that the Company (a) will not, and will not permit any Restricted Subsidiary of the Company to, transfer, convey, sell or otherwise dispose of any shares of Capital Stock of such Restricted Subsidiary or any other Restricted Subsidiary (other than to the Company or a Guarantor), except that the Company and any Restricted Subsidiary may, in any single transaction, sell all, but not less than all, of the issued and outstanding Capital Stock of any Restricted Subsidiary to any Person, subject to complying with the provisions of the Indenture described under "--Limitation on Certain Asset Dispositions" above and (b) will not permit any Restricted Subsidiary of the Company to issue shares of its Capital Stock (other than directors' qualifying shares), or securities convertible into, or warrants, rights or options to subscribe for or purchase shares of, its Capital Stock to any Person other than to the Company or a Guarantor. This covenant will not apply to the Trust Obligations or obligations incurred in connection with a transaction similar to the Trust Obligations in connection with a refinancing, refunding or replacement of the Trust Obligations.

Limitation on Transactions with Affiliates and Related Persons

The Indenture will provide that the Company will not, and will not permit any of its Restricted Subsidiaries to, enter into, directly or indirectly, any transaction with an Affiliate or Related Person of the Company (other than the Company or a Restricted Subsidiary of the Company), including, without limitation, the purchase, sale, lease or exchange of property, the rendering of any service, or the making of any guarantee, loan, advance or

Investment, either directly or indirectly, which transaction involves aggregate consideration in excess of \$500,000, unless

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

(i) such transaction is on terms no less favorable to the Company or such Restricted Subsidiary, as the case may be, than those that could be obtained in a comparable arm's-length transaction with an entity that is not an Affiliate or a Related Person, which determination in the case of a transaction or series of related transactions involving aggregate consideration in excess of \$2.5 million shall be evidenced by a resolution of a majority of the disinterested directors of the Board of Directors of the Company filed with the Trustee; and

(ii) with respect to any transaction contemplated by this section or a series of related transactions involving aggregate consideration in excess of \$10 million, the Company delivers to the Trustee, an opinion as to the fairness to the Holders of such transaction from a financial point of view issued by an accounting, appraisal or investment banking firm of national standing in the United States.

The provisions of this covenant shall not apply to

(i) any Qualified Securitization Transaction or the Trust Obligations,

(ii) any employment agreement entered into by the Company or any of its Restricted Subsidiaries in the ordinary course of business,

(iii) transactions permitted by the provisions of the Indenture described above under the caption "--Limitation on Restricted Payments" above,

(iv) the payment of reasonable fees to directors of the Company or its Restricted Subsidiaries, and

(v) Investments in employees in the ordinary course of business.

Change of Control

Within 30 days following the date of the consummation of a transaction resulting in a Change of Control, the Company will commence an Offer to Purchase all outstanding Notes at a purchase price in cash equal to 101% of their principal amount plus accrued interest and Liquidated Damages, if any, to the Purchase Date. Such Offer to Purchase will be consummated not earlier than 30 days and not later than 60 days after the commencement thereof. Each Holder shall be entitled to tender all or any portion of the Notes owned by such Holder pursuant to the Offer to Purchase, subject to the requirement that any portion of a Note tendered must bear an integral multiple of \$1,000 principal amount. A "Change of Control" will be deemed to have occurred in the event that (whether or not otherwise permitted by the Indenture), after the Issue Date (a) any Person or any Persons acting together that would constitute a group (for purposes of Section 13(d) of the Exchange Act, or any successor provision thereto) (a "Group"), together with any Affiliates or Related Persons thereof, shall "beneficially own" (as defined in Rule 13d-3 under the Exchange Act, or any successor provision thereto) at least 35% of the voting power of the outstanding Voting Stock of the Company; (b) any sale, lease or other transfer (in one transaction or a series of related transactions) is made by the Company or any of its Subsidiaries of all or substantially all of the consolidated assets of the Company and its Restricted Subsidiaries to any Person other than a Wholly Owned Subsidiary of the Company which is a Guarantor (other than a Securitization Subsidiary or the Special Purpose Trust); (c) Continuing Directors cease to constitute at least a majority of the Board of Directors of the Company; or (d) the stockholders of the Company approve any plan or proposal for the liquidation or dissolution of the Company.

In the event that the Company makes an Offer to Purchase the Notes,

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

the Company shall comply with any applicable securities laws and regulations, including any applicable requirements of Section 14(e) of, and Rule 14e-1 under, the Exchange Act and any violation of the provisions of the Indenture relating to such Offer to Purchase occurring as a result of such compliance shall not be deemed an Event of Default or an event that with the passing of time or giving of notice, or both, would constitute an Event of Default.

With respect to the sale of assets referred to in the definition of "Change of Control," the phrase "all or substantially all" of the assets of the Company and its Restricted Subsidiaries will likely be interpreted under applicable state law and will be dependent upon particular facts and circumstances. As a result, there may be a degree of uncertainty in ascertaining whether a sale or transfer of "all or substantially all" of the assets of the

45

Company has occurred. In addition, no assurances can be given that the Company will be able to acquire Notes tendered upon the occurrence of a Change of Control. The ability of the Company to pay cash to the Holders of Notes upon a Change of Control may be limited by its then existing financial resources. The Revolving Credit Facility contains certain covenants prohibiting, or requiring waiver or consent of the lenders thereunder prior to, the repurchase of the Notes upon a Change of Control and future debt agreements of the Company may provide the same. If the Company does not obtain such waiver or consent or repay such Indebtedness, the Company will remain prohibited from repurchasing the Notes. In such event, the Company's failure to purchase tendered Notes would constitute an Event of Default under the Indenture which would in turn constitute a default under the Revolving Credit Facility and possibly other Senior Indebtedness. In such circumstances, the subordination provisions of the Indenture would likely restrict payments to the Holders of the Notes. None of the provisions relating to a repurchase upon a Change of Control are waivable by the Board of Directors of the Company or the Trustee.

The foregoing provisions will not prevent the Company from entering into a transaction of the types described above with management or their affiliates. In addition, such provisions may not necessarily afford the Holders of the Notes protection in the event of a highly leveraged transaction, including a reorganization, restructuring, merger or similar transaction involving the Company that may adversely affect the Holders because such transactions may not involve a shift in voting power or beneficial ownership, or even if they do, may not involve a shift of the magnitude required under the definition of Change of Control to trigger the provisions.

The Company will not be required to make an Offer to Purchase in accordance with this covenant if a third party makes the Offer to Purchase in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to an Offer to Purchase made by the Company and purchases all Notes properly tendered and not withdrawn under the Offer to Purchase.

Additional Subsidiary Guarantees

The Indenture will provide that each Restricted Subsidiary which guarantees or otherwise provides credit support (pursuant to the grant of a security interest or otherwise) for any obligation of the Company or any of its Subsidiaries under the Revolving Credit Facility and each future Restricted Subsidiary that guarantees or otherwise provides credit support (pursuant to the grant of a security interest or otherwise) for any obligation of the Company or any of its Subsidiaries under the Revolving Credit Facility will become a Guarantor of the Notes and execute a supplemental indenture and deliver an opinion of counsel satisfactory to the Trustee within 10 business days after end

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

of the fiscal quarter in which it was acquired or created.

Provision of Financial Information

Whether or not the Company is subject to Section 13(a) or 15(d) of the Exchange Act, or any successor provision thereto, the Company shall file with the Commission the annual reports, quarterly reports and other documents which the Company would have been required to file with the Commission pursuant to such Section 13(a) or 15(d) or any successor provision thereto if the Company were so required, such documents to be filed with the Commission on or prior to the respective dates (the "Required Filing Dates") by which the Company would have been required so to file such documents if the Company were so required. The Company shall also in any event (a) within 15 days of each Required Filing Date (i) transmit by mail to all Holders, as their names and addresses appear in the Note Register, without cost to such Holders, and (ii) file with the Trustee, copies of the annual reports, quarterly reports and other documents which the Company is required to file with the Commission pursuant to the preceding sentence, and (b) if, notwithstanding the preceding sentence, filing such documents by the Company with the Commission is not permitted under the Exchange Act, promptly upon written request supply copies of such documents to any prospective Holder.

Merger, Consolidation or Sale of Assets

The Company may not, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not the Company is the surviving corporation); or (2) sell, assign, transfer, convey or otherwise dispose of all or substantially all of the properties or assets of the Company and its Restricted Subsidiaries taken as a whole, in one or more related transactions, to another Person; unless:

46

(1) either: (a) the Company is the surviving corporation; or (b) the Person formed by or surviving any such consolidation or merger (if other than the Company) or to which such sale, assignment, transfer, conveyance or other disposition has been made is a corporation organized or existing under the laws of the United States, any state of the United States or the District of Columbia;

(2) the Person formed by or surviving any such consolidation or merger (if other than the Company) or the Person to which such sale, assignment, transfer, conveyance or other disposition has been made assumes all the obligations of the Company under the Notes, the Indenture and the Registration Rights Agreement pursuant to agreements reasonably satisfactory to the Trustee;

(3) immediately after such transaction no Default or Event of Default exists; and

(4) the Company or the Person formed by or surviving any such consolidation or merger (if other than the Company), or to which such sale, assignment, transfer, conveyance or other disposition has been made will, on the date of such transaction after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period, be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described above under the caption "--Limitation on Indebtedness."

The provisions of this paragraph shall not apply to any merger of a

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

Restricted Subsidiary (other than the Securitization Subsidiary or O&M Trust) of the Company with or into the Company or a Restricted Subsidiary of the Company (other than a Securitization Subsidiary or O&M Trust).

Designation of Restricted and Unrestricted Subsidiaries

The Board of Directors may designate any Restricted Subsidiary to be an Unrestricted Subsidiary if that designation would not cause a Default. If a Restricted Subsidiary is designated as an Unrestricted Subsidiary, the aggregate fair market value of all outstanding Investments owned by the Company and its Restricted Subsidiaries in the Restricted Subsidiary properly designated will be deemed to be an Investment made as of the time of the designation and will reduce the amount available for Restricted Payments under the first paragraph of the covenant described above under the caption "--Limitation on Restricted Payments" or Permitted Investments, as determined by the Company. That designation will only be permitted if the Investment would be permitted at that time and if the Restricted Subsidiary otherwise meets the definition of an Unrestricted Subsidiary. The Board of Directors may redesignate any Unrestricted Subsidiary to be a Restricted Subsidiary if the redesignation would not cause a Default.

Events of Default

The following will be Events of Default under the Indenture:

(a) failure to pay principal of (or premium, if any, on) any Note when due (whether or not prohibited by the provisions of the Indenture described under "--Subordination" above);

(b) failure to pay any interest on, or Liquidated Damages with respect to, any Note when due, continued for 30 days (whether or not prohibited by the provisions of the Indenture described under "--Subordination" above);

(c) default in the payment of principal of and interest on Notes required to be purchased pursuant to an Offer to Purchase as described under "--Covenants--Change of Control" and "--Covenants --Limitation on Certain Asset Dispositions" above when due and payable (whether or not prohibited by the provisions of the Indenture described under "--Subordination" above);

(d) failure to perform or comply with any of the provisions described under "--Covenants --Mergers, Consolidations or Sale of Assets" above;

(e) failure to perform any other covenant or agreement of the Company under the Indenture or the Notes continued for 30 days after written notice to the Company by the Trustee or Holders of at least 25% in aggregate principal amount of outstanding Notes;

47

(f) default under the terms of one or more instruments evidencing or securing Indebtedness of the Company or any Restricted Subsidiary of the Company having an outstanding principal amount of \$10 million or more individually or in the aggregate that has resulted in the acceleration of the payment of such Indebtedness or failure to pay principal when due at the stated maturity of any such Indebtedness;

(g) the rendering of a final judgment or judgments (not subject to appeal) against the Company or any Restricted Subsidiary of the Company in an amount of \$5 million or more (net of any amounts covered by reputable and creditworthy insurance companies) which remains undischarged or

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

unstayed for a period of 60 days after the date on which the right to appeal has expired;

(h) certain events of bankruptcy, insolvency or reorganization affecting the Company or any Guarantor; and

(i) the Guarantee of any Guarantor ceases to be in full force and effect (other than in accordance with the terms of such Guarantee and the Indenture) or is declared null and void and unenforceable or found to be invalid or any Guarantor denies its liability under its Guarantee (other than by reason of a release of such Guarantor from its Guarantee in accordance with the terms of the Indenture and such Guarantee).

Subject to the provisions of the Indenture relating to the duties of the Trustee, in case an Event of Default (as defined) shall occur and be continuing, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any of the Holders, unless such Holders shall have offered to the Trustee reasonable indemnity. Subject to such provisions for the indemnification of the Trustee, the Holders of a majority in aggregate principal amount of the outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee.

If an Event of Default (other than an Event of Default with respect to the Company described in clause (h) of the preceding paragraph) shall occur and be continuing, either the Trustee or the Holders of at least 25% in aggregate principal amount of the outstanding Notes may accelerate the maturity of all Notes; provided, however, that after such acceleration, but before a judgment or decree based on acceleration, the Holders of a majority in aggregate principal amount of outstanding Notes may, under certain circumstances, rescind and annul such acceleration if all Events of Default, other than the non-payment of accelerated principal, have been cured or waived as provided in the Indenture. If an Event of Default specified in clause (h) of the preceding paragraph with respect to the Company occurs, the outstanding Notes will ipso facto become immediately due and payable without any declaration or other act on the part of the Trustee or any Holder. For information as to waiver of defaults, see "--Modification and Waiver."

The Indenture provides that the Trustee shall, within 30 days after the occurrence of any Default or Event of Default with respect to the Notes, give the Holders thereof notice of all uncured Defaults or Events of Default known to it; provided, however, that, except in the case of an Event of Default or a Default in payment with respect to the Notes or a Default or Event of Default in complying with "--Covenants" "--Mergers, Consolidations or Sale of Assets," the Trustee shall be protected in withholding such notice if and so long as the Board of Directors or responsible officers of the Trustee in good faith determine that the withholding of such notice is in the interest of the Holders of the Notes.

No Holder of any Note will have any right to institute any proceeding with respect to the Indenture or for any remedy thereunder, unless such Holder shall have previously given to the Trustee written notice of a continuing Event of Default and unless the Holders of at least 25% in aggregate principal amount of the outstanding Notes shall have made written request, and offered reasonable indemnity, to the Trustee to institute such proceeding as Trustee, and the Trustee shall not have received from the Holders of a majority in aggregate principal amount of the outstanding Notes a direction inconsistent with such request and shall have failed to institute such proceeding within 60 days. However, such limitations do not apply to a suit instituted by a Holder of a Note for enforcement of payment of the principal of and premium, if any, or interest on such Note on or after the respective due dates expressed in such

Note.

The Company will be required to furnish to the Trustee annually a statement as to the performance by it of certain of its obligations under the Indenture and as to any default in such performance.

Legal Defeasance and Covenant Defeasance

The Company may, at its option and at any time, elect to have all of its obligations discharged with respect to the outstanding Notes and all obligations of the Guarantors discharged with respect to their Subsidiary Guarantees ("Legal Defeasance") except for:

(1) the rights of Holders of outstanding Notes to receive payments in respect of the principal of, or interest or premium and Liquidated Damages, if any, on such Notes when such payments are due from the trust referred to below;

(2) the Company's obligations with respect to the Notes concerning issuing temporary Notes, registration of Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust;

(3) the rights, powers, trusts, duties and immunities of the Trustee, and the Company's and the Guarantor's obligations in connection therewith; and

(4) the Legal Defeasance provisions of the Indenture.

In addition, the Company may, at its option and at any time, elect to have the obligations of the Company and the Guarantors released with respect to certain covenants that are described in the Indenture ("Covenant Defeasance") and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the Notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under "Events of Default and Remedies" will no longer constitute an Event of Default with respect to the Notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

(1) the Company must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders of the Notes, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, or interest and premium and Liquidated Damages, if any, on the outstanding Notes on the stated maturity or on the applicable redemption date, as the case may be, and the Company must specify whether the Notes are being defeased to maturity or to a particular redemption date;

(2) in the case of Legal Defeasance, the Company has delivered to the Trustee an opinion of counsel reasonably acceptable to the Trustee confirming that (a) the Company has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the date of the Indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the Holders of the outstanding Notes will not

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, the Company has delivered to the Trustee an opinion of counsel reasonably acceptable to the Trustee confirming that the Holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit);

(5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under any material agreement or instrument (other than the Indenture) to which the Company or any of its Subsidiaries is a party or by which the Company or any of its Subsidiaries is bound;

49

(6) the Company must deliver to the Trustee an officers' certificate stating that the deposit was not made by the Company with the intent of preferring the Holders of Notes over the other creditors of the Company with the intent of defeating, hindering, delaying or defrauding creditors of the Company or others; and

(7) the Company must deliver to the Trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Governing Law

The Indenture, the Notes and the Guarantees will be governed by the laws of the State of New York without regard to principles of conflicts of laws.

Modification and Waiver

Modifications and amendments of the Indenture may be made by the Company and the Trustee with the consent of the Holders of a majority in aggregate principal amount of the outstanding Notes; provided, however, that no such modification or amendment may, without the consent of the Holder of each Note affected thereby,

(a) change the Stated Maturity of the principal of or any installment of interest on any Note or alter the optional redemption or repurchase provisions of any Note or the Indenture in a manner adverse to the holders of the Notes,

(b) reduce the principal amount of (or the premium) of any Note,

(c) reduce the rate of or extend the time for payment of interest on any Note,

(d) change the place or currency of payment of principal of (or premium) or interest on any Note,

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

(e) modify any provisions of the Indenture relating to the waiver of past defaults (other than to add sections of the Indenture subject thereto) or the right of the holders to institute suit for the enforcement of any payment on or with respect to any Note or Guarantee or the modification and amendment of the Indenture and the Notes (other than to add sections of the Indenture or the Notes which may not be amended, supplemented or waived without the consent of each holder affected),

(f) reduce the percentage of the principal amount of outstanding Notes necessary for amendment to or waiver of compliance with any provision of the Indenture or the Notes or for waiver of any Default,

(g) waive a default in the payment of principal of, interest on, Liquidated Damages on, or redemption payment with respect to, any Note (except a recision of acceleration of the Notes by the Holders as provided in the Indenture and a waiver of the payment default that resulted from such acceleration),

(h) modify the ranking or priority of the Notes or the Guarantee of any Guarantor or modify the definition of Senior Indebtedness or Guarantor Senior Indebtedness or amend or modify the subordination provisions of the Indenture in any manner adverse to the Holder,

(i) release any Guarantor from any of its obligations under its Guarantee or the Indenture otherwise than in accordance with the Indenture, or

(j) modify the provisions relating to any Offer to Purchase (required pursuant to the covenant described under the caption "--Change of Control" in a manner materially adverse to the Holders.

The Holders of a majority in aggregate principal amount of the outstanding Notes, on behalf of all Holders of Notes, may waive compliance by the Company with certain restrictive provisions of the Indenture. Subject to certain rights of the Trustee, as provided in the Indenture, the Holders of a majority in aggregate principal amount of the outstanding Notes, on behalf of all Holders of Notes, may waive any past default under the Indenture, except a default in the payment of principal, premium or interest or a default arising from failure to purchase any Note

50

tendered pursuant to an Offer to Purchase, or a default in respect of a provision that under the Indenture cannot be modified or amended without the consent of the Holder of each outstanding Note affected.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect as to all Notes issued thereunder, when:

(1) either:

(a) all Notes that have been authenticated, except lost, stolen or destroyed Notes that have been replaced or paid and Notes for whose payment money has been deposited in trust and thereafter repaid to the Company, have been delivered to the Trustee for cancellation; or

(b) all Notes that have not been delivered to the Trustee for cancellation have become due and payable by reason of the mailing of a

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

notice of redemption or otherwise or will become due and payable within one year and the Company or any Guarantor has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the Holders, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the Notes not delivered to the Trustee for cancellation for principal, premium and Liquidated Damages, if any, and accrued interest to the date of maturity or redemption;

(2) no Default or Event of Default has occurred and is continuing on the date of the deposit or will occur as a result of the deposit and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which the Company or any Guarantor is a party or by which the Company or any Guarantor is bound;

(3) the Company or any Guarantor has paid or caused to be paid all sums payable by it under the Indenture; and

(4) the Company has delivered irrevocable instructions to the Trustee under the Indenture to apply the deposited money toward the payment of the Notes at maturity or the redemption date, as the case may be.

In addition, the Company must deliver an officers' certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

The Trustee

If the Trustee is a creditor of the Company or any Guarantor, the Indenture limits its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the Commission for permission to continue or resign.

The Holders of a majority in principal amount of the then outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. The Indenture provides that in case an Event of Default occurs and is continuing, the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any Holder of Notes, unless such Holder has offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

Book-Entry, Delivery and Form

Except as set forth below, Notes will be issued in registered, global form in minimum denominations of \$1,000 and integral multiples of \$1,000 in

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

excess of \$1,000.

Notes initially will be represented by one or more notes in registered, global form without interest coupons (collectively, the "Global Notes"). The Global Notes will be deposited upon issuance with the Trustee as custodian for The Depository Trust Company ("DTC"), in New York, New York, and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant in DTC as described below.

Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for notes in certificated form except in the limited circumstances described below. See "--Exchange of Global Notes for Certificated Notes." Except in the limited circumstances described below, owners of beneficial interests in the Global Notes will not be entitled to receive physical delivery of notes in certificated form.

Depository Procedures

The following description of the operations and procedures of DTC are provided solely as a matter of convenience. These operations and procedures are solely within the control of DTC's settlement system and are subject to changes by DTC. The Company takes no responsibility for these operations and procedures and urges investors to contact the system or their participants directly to discuss these matters.

DTC has advised the Company that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the "Participants") and to facilitate the clearance and settlement of transactions in those securities between Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers (including the Initial Purchasers), banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the "Indirect Participants"). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised the Company that, pursuant to procedures established by it:

(1) Upon deposit of the Global Notes, DTC will credit the accounts of Participants with portions of the principal amount of the Global Notes; and

(2) ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interest in the Global Notes).

Investors in the Global Notes who are Participants in DTC's system may hold their interests therein directly through DTC. Investors in the Global Notes who are not Participants may hold their interests therein indirectly through organizations that are Participants in such system. All interests in a Global Note may be subject to the procedures and requirements of DTC. The laws of some states require that certain Persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

interests in a Global Note to such Persons will be limited to that extent. Because DTC can act only on behalf of Participants, which in turn act on behalf of Indirect Participants, the ability of a Person having beneficial interests in a Global Note to pledge such interests to Persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

52

Except as described below, owners of interest in the Global Notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or "Holders" thereof under the Indenture for any purpose.

Payments in respect of the principal of, and interest and premium on a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered Holder under the Indenture. Under the terms of the Indenture, the Company and the Trustee will treat the Persons in whose names the Notes, including the Global Notes, are registered as the owners of the Notes for the purpose of receiving payments and for all other purposes. Consequently, neither the Company, the Trustee nor any agent of the Company or the Trustee has or will have any responsibility or liability for:

(1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interest in the Global Notes or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Notes; or

(2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised the Company that its current practice, upon receipt of any payment in respect of securities such as the Notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of Notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the Trustee or the Company. Neither the Company nor the Trustee will be liable for any delay by DTC or any of its Participants in identifying the beneficial owners of the Notes, and the Company and the Trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between Participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds.

DTC has advised the Company that it will take any action permitted to be taken by a Holder of Notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the Notes as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the Notes, DTC reserves the right to exchange the Global Notes for legended notes in certificated form, and to distribute such notes to its Participants.

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

Although DTC has agreed to the foregoing procedures to facilitate transfers of interests in the Global Notes among participants in DTC, it is under no obligation to perform or to continue to perform such procedures, and may discontinue such procedures at any time. Neither the Company nor the Trustee nor any of their respective agents will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for definitive Notes in registered certificated form ("Certificated Notes") if:

(1) DTC (a) notifies the Company that it is unwilling or unable to continue as depository for the Global Notes and the Company fails to appoint a successor depository or (b) has ceased to be a clearing agency registered under the Exchange Act;

(2) the Company, at its option, notifies the Trustee in writing that it elects to cause the issuance of the Certificated Notes; or

53

(3) there has occurred and is continuing a Default or Event of Default with respect to the Notes.

In addition, beneficial interests in a Global Note may be exchanged for Certificated Notes upon prior written notice given to the Trustee by or on behalf of DTC in accordance with the Indenture. In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures).

Exchange of Certificated Notes for Global Notes

Notes in certificated form may not be exchanged for beneficial interests in any Global Note unless the transferor first delivers to the Trustee a written certificate (in the form provided in the Indenture) to the effect that such transfer will comply with the appropriate transfer restrictions applicable to the notes.

Same Day Settlement and Payment

The Company will make payments in respect of the Notes represented by the Global Notes (including principal, premium, if any, and interest by wire transfer of immediately available funds to the accounts specified by the Global Note Holder. The Company will make all payments of principal, interest and premium with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the Holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such Holder's registered address. The Notes represented by the Global Notes are expected to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such Notes will, therefore, be required by DTC to be settled in immediately available funds. The Company expects that secondary trading in any Certificated Notes will also be settled in immediately available funds.

"Voting Stock" of any Person means the Capital Stock of such Person which ordinarily has voting power for the election of directors (or persons performing similar functions) of such Person, whether at all times or only so long as no senior class of securities has such voting power by reason of any contingency.

"Weighted Average Life to Maturity" means, when applied to any Indebtedness at any date, the number of years obtained by dividing:

(1) the sum of the products obtained by multiplying (a) the amount of each then remaining installment, sinking fund, serial maturity or other required payments or principal, including payment at final maturity, in respect of the Indebtedness, by (b) the number of years (calculated to the nearest one-twelfth) that will elapse between such date and the making of such payment; by

(2) the then outstanding principal amount of such Indebtedness.

"Wholly Owned Subsidiary" of any Person means a Restricted Subsidiary of such Person all of the outstanding Capital Stock or other ownership interests of which (other than directors' qualifying shares) shall at the time be owned by such Person or by one or more Wholly Owned Subsidiaries of such Person or by such Person and one or more Wholly Owned Subsidiaries of such Person.

FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of the material U.S. federal income tax considerations relating to the exchange of outstanding notes for exchange notes in the exchange offer. It does not contain a complete analysis of all the potential tax considerations relating to the exchange. This summary is limited to holders of outstanding notes who hold the outstanding notes as "capital assets" within the meaning of Section 1221 of the Internal Revenue Code of 1986 (in general, assets held for investment). Special situations, such as the following, are not addressed:

- . tax consequences to holders who may be subject to special tax treatment, such as tax-exempt entities, dealers in securities or

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

currencies, financial institutions, insurance companies, regulated investment companies, traders in securities that elect to use a mark-to-market method of accounting for their securities holdings or corporations that accumulate earnings to avoid U.S. federal income tax;

- . tax consequences to persons holding notes as part of a hedging, integrated, constructive sale or conversion transaction or a straddle or other risk reduction transaction;
- . tax consequences to holders whose "functional currency" is not the U.S. dollar;
- . tax consequences to persons who hold notes through a partnership or similar pass-through entity;
- . alternative minimum tax consequences, if any; or
- . any state, local or foreign tax consequences.

The discussion below is based upon the provisions of the Code, existing and proposed Treasury regulations promulgated under the Code, and rulings, judicial decisions and administrative interpretations under the Code, as of the date of the prospectus. Those authorities may be changed, perhaps retroactively, so as to result in U.S. federal income tax consequences different from those discussed below.

Consequences of Tendering Notes

The exchange of your outstanding notes for exchange notes in the exchange offer would not constitute an exchange for federal income tax purposes. Accordingly, the exchange offer would have no federal income tax consequences to you if you exchange your outstanding notes. For example, there would be no change in your tax basis and your holding period would carry over to the exchange notes. In addition, the federal income tax consequences of holding and disposing of your exchange notes would also be the same as those applicable to your outstanding notes.

The preceding discussion of certain U.S. federal income tax considerations is for general information only and is not tax advice. Accordingly, each investor should consult its own tax advisor as to particular tax consequences to it of exchanging outstanding notes for exchange notes, including the applicability and effect of any state, local or foreign tax laws, and of any proposed changes in applicable laws.

PLAN OF DISTRIBUTION

Each broker-dealer that receives exchange notes in the exchange offer for its own account must acknowledge that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of the exchange notes. We reserve the right in our sole discretion to purchase or make offers for, or to offer exchange notes for, any outstanding notes that remain outstanding after the expiration of the exchange offer pursuant to this prospectus or otherwise and, to the extent permitted by applicable law, purchase outstanding notes in the open market, in privately negotiated transactions or otherwise. This prospectus, as it may be amended or supplemented from time to time, may be used by all persons subject to the prospectus delivery requirements

Edgar Filing: OWENS & MINOR INC/VA/ - Form S-4

of the Securities Act, including broker-dealers in connection with resales of exchange notes received in the exchange offer, where the exchange notes were acquired as a result of market-making activities or other trading activities and may be used by us to purchase any outstanding notes that remain outstanding after expiration of the exchange offer. We have agreed that, for a period of 180 days after the expiration of the exchange offer, we will make this prospectus, as amended or supplemented, available to any broker-dealer for use in connection with such a resale.

We will not receive any proceeds from any sale of exchange notes by broker-dealers. Exchange notes received by broker-dealers in the exchange offer for their own account may be sold from time to time in one or more transactions in the over-the counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of those methods of resale, at market prices prevailing at the time of resale, at prices related to the prevailing market prices or negotiated prices. Any resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any broker-dealer and/or the purchasers of any of the exchange notes. Any broker-dealer that resells exchange notes that were received by it in the exchange offer for its own account and any broker or dealer that participates in a distribution of the exchange notes may be deemed to be an "underwriter" within the meaning of the Securities Act and any profit on such a resale of the exchange notes and any commissions or concessions received by those persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that, by acknowledging that it will deliver and by delivering a prospectus meeting the requirements of the Securities Act, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

For a period of 180 days after the expiration of the exchange offer, we will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests these documents in the letter of transmittal. We have agreed to pay certain expenses incident to our performance of or compliance with the exchange and registration rights agreement, other than commissions or concessions of any brokers or dealers, and will indemnify holders of the outstanding notes against certain liabilities, including liabilities under the Securities Act.

LEGAL MATTERS

The validity of the exchange notes offered by this prospectus and certain other matters will be passed upon for us by Hunton & Williams.

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. Indemnification of Directors and Officers.

The Virginia Stock Corporation Act (the "VSCA") permits, and the Bylaws of Owens & Minor, Inc. (the "Company") require, indemnification of the Company's directors and officers in a variety of circumstances, which may include indemnification for liabilities under the Securities Act of 1933, as amended (the "Securities Act"). Under Sections 13.1-697 and 13.1-704 of the VSCA, a Virginia corporation generally is authorized to indemnify its directors and officers in civil or criminal actions if they acted in good faith and believed their conduct to be in the best interests of the corporation and, in the case of criminal actions, had no reasonable cause to believe that the conduct was unlawful. The Company's Bylaws require indemnification of directors and officers with respect to certain liabilities, expenses and other amounts imposed upon them by reason of having been a director or officer, except in the case of willful misconduct or a knowing violation of criminal law. In addition, the Company carries insurance on behalf of directors, officers, employees or agents that may cover liabilities under the Securities Act. The Company's Bylaws also provide that, to the full extent the VSCA (as it presently exists or may hereafter be amended) permits the limitation or elimination of the liability of directors and officers, no director or officer of the Company shall be liable to the Company or its shareholders for monetary damages with respect to any transaction, occurrence or course of conduct. Section 13.1-692.1 of the VSCA presently permits the elimination of liability of directors and officers in any proceeding brought by or in the right of the Company or brought by or on behalf of shareholders of the Company, except for liability resulting from such person's having engaged in willful misconduct or a knowing violation of the criminal law or any federal or state securities law, including, without limitation, any unlawful insider trading or manipulation of the market for any security. Sections 13.1-692.1 and 13.1-696 through 704 of the VSCA are hereby incorporated by reference herein.

Item 22. Undertakings.

(a) The undersigned Registrants hereby undertake that, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration

statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(b) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrants pursuant to the foregoing provisions, or otherwise, the Registrants have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrants of expenses incurred or paid by a director, officer or controlling person of the Registrants in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrants will, unless in the opinion of their counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(c) Each of the undersigned Registrants hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11 or 13 of this form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(d) Each of the undersigned Registrants hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.
