LETTER TO SHAREHOLDERS

May 31, 2003

Dear Shareholder:

We are pleased to report that during the semi-annual period, the Trusts continued to provide monthly income, as well as the opportunity to invest in various portfolios of municipal bond securities. This report contains the Trusts' unaudited financial statements and a listing of the portfolios' holdings.

The portfolio management team continuously monitors the municipal bond market and adjusts the portfolios in order to gain exposure to various issuers, revenue sources and security types. This strategy enables the Trusts to move among different sectors, credits and coupons to capitalize on changing market conditions.

The following table shows the Trusts' yields, tax-equivalent yields, closing market prices per share and net asset values ("NAV") per share as of April 30, 2003.

NOTES TO FINANCIAL STATEMENTS (UNAUDITED)

NOTE 1. ORGANIZATION & ACCOUNTING POLICIES

The BlackRock Investment Quality Municipal Trust Inc. ("Municipal Investment Quality") was organized as a Maryland corporation on November 19, 1992. The BlackRock California Investment Quality Municipal Trust Inc. ("California Investment Quality"), The BlackRock New Jersey Investment Quality Municipal Trust Inc. ("New Jersey Investment Quality") and The BlackRock New York Investment Quality Municipal Trust Inc. ("New York Investment Quality") were organized as Maryland corporations on April 12, 1993. The BlackRock Florida Investment Quality Municipal Trust ("Florida Investment Quality") was organized as a Massachusetts business trust on April 15, 1993. BlackRock Municipal Income Trust ("Municipal Income"), BlackRock California Municipal Income Trust ("California Income"), BlackRock Florida Municipal Income Trust ("Florida Income"), BlackRock New Jersey Municipal Income Trust ("New Jersey Income") and BlackRock New York Municipal Income Trust ("New York Income") (collectively the "Income Trusts") were organized as Delaware business trusts on March 30, 2001. Municipal Investment Quality and Municipal Income are registered as diversified, closed-end management investment companies under the Investment Company Act of 1940, as amended. California Investment Quality, California Income, Florida Investment Quality, Florida Income, New Jersey Investment Quality, New Jersey Income, New York Investment Quality and New York Income are registered as non-diversified closed-end management investment companies under the Investment Company Act of 1940, as amended. Municipal Investment Quality, California Investment Quality, Florida Investment Quality, New Jersey Investment Quality and New York Investment Quality are herein referred to as the Investment Quality Trusts. The ability of issuers of debt securities held by each Trust to meet their obligations may be affected by economic developments in a state, a specific industry or region.

The following is a summary of significant accounting policies followed by the

SECURITIES VALUATION: Municipal securities (including commitments to purchase such securities on a "when-issued" basis) are valued on the basis of prices provided by dealers or pricing services selected under the supervision of each Trust's Board of Directors/Trustees (the "Board"). In determining the value of a particular security, pricing services may use certain information with respect to transactions in such securities, quotations from bond dealers, market transactions in comparable securities and various relationships between securities. Short-term investments may be valued at amortized cost. Any securities or other assets for which such current market quotations are not readily available are valued at fair value as determined in good faith under

procedures established by, and under the general supervision and responsibility of, each Trust's Board.

SECURITIES TRANSACTIONS AND INVESTMENT INCOME: Securities transactions are recorded on trade date. Realized and unrealized gains and losses are calculated on the identified cost basis. Each Trust also records interest income on an accrual basis and amortizes premium and accretes discount to interest income on securities purchased using the interest method.

SEGREGATION: In cases in which the Investment Company Act of 1940, as amended, and the interpretive positions of the Securities and Exchange Commission ("SEC") require that each Trust segregate assets in connection with certain investments (e.g., when issued securities, reverse repurchase agreements or futures contracts), each Trust will, consistent with certain interpretive letters issued by the SEC, designate on its books and records cash or other liquid debt securities having a market value at least equal to the amount that would otherwise be required to be physically segregated.

FEDERAL INCOME TAXES: It is each Trust's intention to continue to be treated as a regulated investment company under the Internal Revenue Code and to distribute sufficient net income to shareholders. For this reason and because substantially all of the gross income of each Trust consists of tax-exempt interest, no Federal income tax provisions are required.

DIVIDENDS AND DISTRIBUTIONS: Each Trust declares and pays dividends and distributions to common shareholders monthly from net investment income, net realized short-term capital gains and other sources, if necessary. Net long-term capital gains, if any, in excess of loss carryforwards may be distributed annually. Dividends and distributions are recorded on the ex-dividend date. Dividends and distributions to preferred shareholders are accrued and determined as described in Note 5.

ESTIMATES: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

DEFERRED COMPENSATION PLAN: Under the revised deferred compensation plan approved by each Trust's Board, non-interested Directors/Trustees may elect to defer receipt of all or a portion of their annual compensation. As of January 1, 2003, the Board elected to require its non-interested members to defer a portion of their annual complex compensation pursuant to the plan. Deferred amounts earn an approximate return as though equivalent dollar amounts had been invested in common shares of other BlackRock Trusts selected by the Directors/Trustees.

The deferred compensation plan is not funded and obligations thereunder represent general unsecured claims against the general assets of the Trust. Each Trust may, however, elect to invest in common shares of those Trusts selected by the Directors/Trustees in order to match its deferred compensation obligations.

NOTE 2. AGREEMENTS

Each Trust has an Investment Management Agreement with BlackRock Advisors, Inc. (the "Advisor"), a wholly owned subsidiary of BlackRock, Inc. BlackRock Financial Management, Inc., a wholly owned subsidiary of BlackRock, Inc., serves as sub-advisor to the Income Trusts. BlackRock, Inc. is an indirect majority owned subsidiary of The PNCFinancial Services Group, Inc. The investment management agreement on the Income Trusts covers both investment advisory and administration services. Municipal Investment Quality has an Administration

Agreement with Princeton Administrators, L.P. ("Princeton"), an indirect wholly owned affiliate of Merrill Lynch &Co., Inc. California Investment Quality, Florida Investment Quality, New Jersey Investment Quality and New York Investment Quality have Administration Agreements with Prudential Investments LLC ("PI"), an indirect wholly owned subsidiary of Prudential Financial, Inc.

49

Each Trust's investment advisory fee paid to the Advisor is computed weekly and payable monthly based on an annual rate, 0.35% for the Investment Quality Trusts and 0.60% for the Income Trusts, of the Trust's average weekly managed assets. "Managed assets" means the total assets of the Trust (including any assets attributable to any preferred shares that may be outstanding) minus the sum of accrued liabilities (other than debt representing financial leverage). The Advisor has voluntarily agreed to waive a portion of the investment advisory fee or other expenses on the Income Trusts as a percentage of managed assets as follows: 0.25% for the first five years of each of the Trust's operations, 0.20% in year six, 0.15% in year seven, 0.10% in year eight and 0.05% in year nine.

The administration fee paid to each Trust's respective administrator is computed weekly and payable monthly based on an annual rate, 0.10% to PI and 0.15% to Princeton, on other than the Income Trusts, of the Trust's average weekly managed assets. The administration fee paid to Princeton is subject to a minimum monthly fee of \$12,500.

Pursuant to the agreements, the Advisor provides continuous supervision of the investment portfolio and pays the compensation of officers of each Trust who are affiliated persons of the Advisor. The Advisor pays occupancy and certain clerical and accounting costs for the Income Trusts. Each Investment Quality Trust's administrator pays occupancy and certain clerical and accounting costs of their respective Trust(s). Each Trust bears all other costs and expenses, which include reimbursements to the Advisor for certain operational support services provided to each Trust.

Pursuant to the terms of the custody agreement, Municipal Investment Quality, Municipal Income, California Income, Florida Income, New Jersey Income and New York Income received earning credits from its custodian for positive cash balances maintained, which are used to offset custody fees, during the six months ended April 30, 2003, the amounts earned were \$6,604, \$4,301, \$6,392, \$8,066, \$6,620 and \$5,444, respectively.

NOTE 4. CAPITAL

There are 200 million of \$0.01 par value common shares authorized for each of the Investment Quality Trusts. There are an unlimited number of \$0.001 par value common shares authorized for the Income Trusts. Each Trust may classify or reclassify any unissued common shares into one or more series of preferred shares. At April 30, 2003, the common shares outstanding and the shares owned by affiliates of the Advisor of each Trust were as follows:

Dividends on seven-day preferred shares are cumulative at a rate which is reset every seven days based on the results of an auction. Dividends on 28 day preferred shares are cumulative at a rate which is reset every 28 days based on the results of an auction. The dividend ranges on the preferred shares for each of the Trusts for the six months ended April 30, 2003, were as follows:

California Income	0.74	1.25	New York Investment Quality	0.75
Florida Investment Quality	0.80	1.70	New York Income	0.95

A Trust may not declare dividends or make other distributions on common shares or purchase any such shares if, at the time of the declaration, distribution or purchase, asset coverage with respect to the outstanding preferred shares would be less than 200%.

The preferred shares are redeemable at the option of each Trust, in whole or in part, on any dividend payment date at \$25,000 per share plus any accumulated or unpaid dividends whether or not declared. The preferred shares are also subject to mandatory redemption at \$25,000 per share plus any accumulated or unpaid dividends, whether or not declared, if certain requirements relating to the composition of the assets and liabilities of a Trust, as set forth in each Trust's Declaration of Trust, are not satisfied.

The holders of preferred shares have voting rights equal to the holders of common shares (one vote per share) and will vote together with holders of common shares as a single class. However, holders of preferred shares, voting as a separate class, are also entitled to elect two Directors/Trustees for each Trust. In addition, the Investment Company Act of 1940, as amended, requires that along with approval by shareholders that might otherwise be required, the approval of the holders of a majority of any outstanding preferred shares, voting separately as a class would be required to (a) adopt any plan of reorganization that would adversely affect the preferred shares and (b) change a Trust's sub-classification as a closed-end investment company or change its fundamental investment restrictions.

DIVIDEND REINVESTMENT PLANS

Pursuant to each Trust's Dividend Reinvestment Plan (the "Plan"), common shareholders are automatically enrolled to have all distributions of dividends and capital gains reinvested by EquiServe Trust Company, N.A. (the "Plan Agent") in the respective Trust's shares pursuant to the Plan. Shareholders who elect not to participate in the Plan will receive all distributions in cash paid by check and mailed directly to the shareholders of record (or if the shares are held in street or other nominee name, then to the nominee) by the Plan Agent, which serves as agent for the shareholders in administering the Plan.

After an Investment Quality Trust declares a dividend or determines to make a capital gain distribution, the Plan Agent will acquire shares for the participants' account, by the purchase of outstanding shares on the open market, on the Trust's primary exchange or elsewhere ("open market purchases"). The Investment Quality Trusts will not issue any new shares under the Plan.

After an Income Trust declares a dividend or determines to make a capital gain distribution, the Plan Agent will acquire shares for the participants' account, depending upon the circumstances described below, either (i) through receipt of unissued but authorized shares from the Trust ("newly issued shares") or (ii) by open market purchases. If, on the dividend payment date, the net asset value per share ("NAV") is equal to or less than the market price per share plus estimated brokerage commissions (such condition being referred to herein as "market premium"), the Plan Agent will invest the dividend amount in newly issued shares on behalf of the participants. The number of newly issued shares to be credited to each participant's account will be determined by dividing the dollar amount of the dividend by the NAV on the date the shares are issued. However, if the NAV is less than 95% of the market price on the payment date, the dollar amount of the dividend will be divided by 95% of the market price on the payment date. If, on the dividend payment date, the NAV is greater than the market value per share plus estimated brokerage commissions (such condition being referred to herein as "market discount"), the Plan Agent will invest the dividend amount in shares acquired on behalf of the participants in

open market purchases.

Participants in the Plan may withdraw from the Plan upon written notice to the Plan Agent and will receive certificates for whole Trust shares and a cash payment for any fraction of a Trust share.

The Plan Agent's fees for the handling of the reinvestment of dividends and distributions will be paid by each Trust. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of dividends and distributions. The automatic reinvestment of dividends and distributions will not relieve participants of any Federal income tax that may be payable on such dividends or distributions.

Each Trust reserves the right to amend or terminate the Plan. There is no direct service charge to participants in the Plan, however, each Trust reserves the right to amend the Plan to include a service charge payable by the participants. All correspondence concerning the Plan should be directed to the Plan Agent at 150 Royall Street, Canton, MA 02021 or (800) 699-1BFM.
