## EATON VANCE CORP. REPORT FOR THE THREE MONTHS AND FISCAL YEAR ENDED OCTOBER 31, 2003

BOSTON, MA--Eaton Vance Corp. earned \$0.41 per diluted share in the fourth quarter of fiscal 2003, an increase of 21 percent over the \$0.34 per diluted share earned in the fourth quarter of fiscal 2002. In fiscal 2003 the Company earned \$1.51 per diluted share compared to \$1.70 per diluted share in fiscal 2002.

Assets under management on October 31, 2003 were \$75.0 billion, a 35 percent increase over the \$55.6 billion of managed assets on October 31, 2002. The acquisition of Parametric Portfolio Associates (PPA) on September 10, 2003 added \$5.3 billion of assets. Excluding the assets acquired with PPA, total gross inflows into Eaton Vance funds and separate accounts were \$16.8 billion in fiscal 2003, an increase of 29 percent from the \$13.0 billion of gross inflows in fiscal 2002 and the highest annual gross inflows in Company history. Net inflows (gross inflows less redemptions and withdrawals) were \$8.3 billion in fiscal 2003 compared to \$4.9 billion in fiscal 2002, an increase of 69 percent. Tables 1, 2 and 3 (attached) summarize assets under management and asset flows by investment objective.

Eaton Vance raised a record \$5.0 billion in closed-end fund assets in fiscal 2003. In the fourth quarter, the Company introduced the Eaton Vance Tax-Advantaged Dividend Income Fund, a closed-end fund that raised \$1.3 billion in late September. When the over-allotment option on common shares and the planned issuance of preferred shares are completed in early fiscal 2004, the fund is expected to have assets of about \$2.1 billion and contribute approximately \$9.5 million in revenue annually. Earnings in the fourth quarter of 2003 were reduced by the payment of \$2.4 million of sales incentives and other marketing expenses incurred in connection with the successful offering of the fund. Earnings in fiscal 2003 were reduced by \$8.5 million of sales incentives and other expenses associated with the \$5.0 billion in 11 closed-end fund offerings.

"Eaton Vance had its best asset growth year ever in fiscal 2003," said James B. Hawkes, Chairman and CEO. "Total assets under management increased 35 percent to \$75.0 billion. The Company was a leader among asset management firms in closed-end fund sales with \$5.0 billion of assets raised in fiscal 2003. Equity fund assets increased 26 percent, fixed income fund assets increased 34 percent, bank loan fund assets increased 24 percent and separately managed account assets, including those managed by PPA, increased 70 percent. The new assets added in fiscal 2003 should result in meaningful revenue and profit growth in fiscal 2004."

5 of 10

Revenue in the fourth quarter of fiscal 2003 increased \$19.6 million or 16 percent to \$143.4 million from the fourth quarter a year ago. Revenue in fiscal year 2003 was essentially even with fiscal 2002 at \$523.1 million. Fourth quarter 2003 investment adviser and administration fees increased 25 percent over fourth quarter 2002 consistent with the 26 percent growth in average assets under management. Fiscal 2003 investment adviser and administration fee revenue increased 6 percent in line with the 6 percent increase in average assets under management for the full year. Fiscal 2003 distribution and underwriter fee revenue declined 9 percent primarily because of the continuing shift in mutual fund sales and assets from Class B to other fund share classes and to other

managed assets with low or no distribution fees. Service fee revenue increased 12 percent in the fourth quarter of fiscal 2003 over the fourth quarter of fiscal 2002 because of an increase in fund assets that pay service fees. For fiscal 2003, service fee revenue declined 4 percent due to the full-year decline in average fund assets that pay service fees. Other income increased 131 percent primarily because of reimbursement payments for certain fund shareholder services now performed by the Company and investment income from a consolidated investment company in which Eaton Vance is the majority shareholder.

Operating expenses increased \$20.9 million or 6 percent in fiscal 2003 because of higher compensation, marketing, distribution and other expenses. Compensation expense increased 22 percent in the fourth quarter and 10 percent in fiscal 2003 due to higher marketing incentive payments associated with the increase in fund and separate account sales, and increases in the number of employees, base salaries and performance bonuses.

Amortization of deferred sales commissions increased 2 percent in fiscal 2003 due primarily to deferred sales commissions added in fiscal 2002 and adjustments made to better align amortization expense with projected distribution fee revenue. Service fee expense increased 15 percent in the fourth quarter and 1 percent in fiscal 2003 because of the growth in fund assets retained more than one year. Distribution expense increased 31 percent in the fourth quarter and 9 percent in fiscal 2003 primarily because of distribution expenses on the new closed-end funds, the increase in sales-related marketing expenses and the increase in commissions paid on certain Class A sales. (Note that distribution expense now includes certain distribution costs previously included in service fee expense and other expenses.) Other expenses increased 13 percent in fiscal 2003 because of non-recurring expenses related to the 11 closed-end fund offerings, higher on-going fund expenses, increased travel expenses, higher information technology costs, and higher audit and consulting fees. Operating income in the fourth quarter of fiscal 2003 increased 19 percent to \$45.3 million from \$38.1 million in the fourth quarter of fiscal 2002. Fiscal year 2003 operating income declined 11 percent to \$163.1 million.

Net income in the fourth quarter of fiscal 2003 increased 20 percent to \$28.7 million compared to \$23.8 million in the fourth quarter of fiscal 2002. Fiscal year 2003 net income declined 12 percent to \$106.1 million. Interest income in fiscal 2003 declined to \$4.8 million from \$9.0 million last year because of lower interest rates and the inclusion in fiscal 2002 of \$2.1 million of interest received from the settlement of a fiscal 1993-1995 Massachusetts income tax dispute. Interest expense declined by \$1.3 million in fiscal 2003 because of a reduction in the Company's long-term debt in the fourth quarter of fiscal 2002. Fiscal 2002 interest expense included \$2.1 million of previously capitalized debt offering costs associated with the repurchase in the fourth quarter of \$87.0 million of a subsidiary's 30-year zero-coupon senior exchangeable notes. Fiscal 2003 interest expense included a \$2.8 million accrual of an additional 2.5 percent per annum of cash interest payable through August 13, 2004 on the subsidiary's outstanding exchangeable notes. The Company's effective tax rate was 35 percent in both fiscal 2003 and fiscal 2002.

Cash, cash equivalents and short-term investments were \$242.8 million on October 31, 2003 and \$188.0 million on October 31, 2002. The Company's strong cash flow in fiscal 2003 allowed it to pay \$71.0 million of federal and state income taxes

(\$54.8 million of current and \$16.2 million of deferred taxes), \$70.0 million in sales commissions, \$44.9 million to repurchase and retire 1,417,300 shares of its non-voting common stock, \$28.0 million to acquire 80 percent of Parametric Portfolio Associates, \$24.8 million to pay dividends to its shareholders and \$7.1 million to reduce its long-term debt. Approximately 3.9 million shares
