### Item 1. Description of Business

#### Corporate History

We were incorporated in Nevada on December 5, 1996, under the name Sport Fair Television Inc. Our plan at that time was to create and promote sports goods shows for home shopping networks transmitted via satellite or cable television. These plans did not come to fruition. On December 31, 1997, we acquired from Elizabeth Peters all the issued and outstanding common stock of Songs of the Planet Inc. in exchange for 200,000 shares of common stock. Songs of the Planet was organized in August 1997 and changed its name to World House Entertainment. At the time of the acquisition, it had limited operations. These operations primarily consisted of providing copyright administrative services to affiliates of Mrs. Peters. World House Entertainment conducted no business operations. After the acquisition Elizabeth Peters became the company's sole employee.

In July 1999, World House Entertainment issued 10,000,000 shares of restricted common stock to acquire all of the issued and outstanding common stock of 800America, Inc. a Delaware corporation based in Nashville, Tennessee. 800America, Inc. was incorporated on March 26, 1999 for the purpose of operating an Internet shopping mall and an online magazine. 800America, Inc. was merged into the company and the company as part of the merger, changed its name to 800America.com Inc. At the same time, the company sold its wholly owned subsidiaries, World House Entertainment and Songs of the Planet, to its former owner, Elizabeth Ann Peters.

#### Our Business

We are a growing company that owns and operates international e-commerce and technology businesses. Our primary business is to bring buyers and sellers together in an efficient and easy to use format and generate fees based on transactions. We believe that we are an innovator in developing proprietary technologies and processes needed for easy navigation and convenience in business-to-business and business-to-consumer environments. Our technologies have provided the foundation needed for us to scale and grow our e-commerce businesses profitably across geographic regions and multiple product lines.

The majority of our revenues are derived from commissions and sales generated on transactions made through our four primary businesses, OneTwoClick.com and RothmanCloseouts.com (commissions), InternetWebGuide.com, and FileShooter.com (sales). All divisions share their underlying technologies and the management team responsible for our profits.

The 800America Network: The 800America Network consists of a group of divisions and subsidiary companies that provide business to business, e-commerce services and technology.

The 800America Network ([www.800america.com](http://www.800america.com)), is our homepage for all of our eleven divisions and subsidiary companies that comprise the 800America

Network.

2

OneTwoClick offers consumers a convenient way of easily navigating among many stores. We are paid a commission on a per transaction basis by the retail stores included in the OneTwoClick site of 5 to 20% on items sold on this portal. We are actively involved in determining the stores that are listed on the portal based on shopper preference. Our filtering mechanism for bringing stores into the portal is based upon the preferences of our users.

We offer incentives to keep new and repeat visitors coming to the 800America Network through promotions and advertising. We run television advertising to increase the number of visitors to the 800America Network. As of March 29, 2002, our OneTwoClick portal had over 700,000 registered customers making over 300,000 transactions per month.

The 800America Network offers other services to both users and vendors. Through an 800America Network subsidiary, inShop ([www.inshop.com](http://www.inshop.com)), we provide a customized mass direct mail service that alerts our inShop customers about merchandise on sale at particular stores off-line. The stores pay us a per alert fee to include their sales in the alerts. We receive payments from the stores to send these alerts to our visitors. inShop has a database of well to do, primarily female consumers, and extensive relationships with stores and shoppers. The inShop model helps shoppers make informed shopping decisions by allowing its members to receive both fashion and designer sales alerts via e-mail.

We developed and grew our customer base of Internet shoppers through our online magazine, Internet Web Guide ([www.internetwebguide.com](http://www.internetwebguide.com)). Our Internet Web Guide provides write-ups, best of best site reviews and articles relating to Internet shopping and some twenty different other categories. The online magazine is independently written and is available in six languages and in several countries around the world.

Rothman Closeouts: Rothman Closeouts operates the world's leading web-based global trading community for surplus and closeout merchandise.

Rothman Closeouts, a member of the 800America Network ([www.rothmancloseouts.com](http://www.rothmancloseouts.com)), the world's leading web-based global trading community for surplus and closeout merchandise, is a leading business to business closeout portal for manufacturers, wholesalers and retailers to sell and buy surplus inventories around the world. Through management's years of experience in closeout merchandise, Rothman has built an on-line global trading community in which buyers and sellers are brought together in an efficient and cost-effective manner to buy and sell surplus merchandise. The Rothman online platform has been used by many brick and mortar companies seeking an online distribution channel for their surplus and closeout merchandise. We believe these relationships will continue to increase as brick and mortar companies seek new ways to bring their businesses to the Internet without incurring significant start-up and operating costs.

Rothman's business model was developed based on our management team's in-depth knowledge of the industry. Our management team has many years of industry experience and understands how buyers and sellers trade in surplus merchandise. Our understanding of the marketplace provides us a competitive edge and is reflected in the services we provide. We continue to tailor our Rothman services to reach web-based trading communities in other countries. We have expanded the Rothman services to thousands of small business owners across America. Most surplus merchandise is sold in larger lots at higher prices

## Edgar Filing: 800AMERICA COM INC - Form 10KSB

leaving the small business owner unable to compete with the large retailers offering closeouts. Our services allow these small business owners to aggregate their surplus merchandise so that they may share in the benefits of selling larger lots. The minimum order that can be placed is \$500.00.

Our goal is to be the "virtual closing room" for closeout merchandise around the world. Our proprietary technology automates the customer buying process and has proven instrumental in our ability to reach our goal. This

3

technology finds and then matches buyers and sellers, and builds a fast and accurate customer buying system. This provides Rothman Closeouts with the ability to gather information on customer buying behaviors on a realtime continuous basis. The information allows Rothman Closeouts to provide valuable assistance to its customers in order to close the sale during the actual negotiation. We operate Rothman internationally and have expanded our services to the Far East, Europe and South America.

### Other Products and Services:

Fileshooter ([www.fileshooter.com](http://www.fileshooter.com)), has led to the development of a revolutionary new peer-to-peer communications tool for secure, private instant Internet messaging that sends and receives any kind or size file including text, music, pictures and graphics. We acquired a 51% ownership in Fileshooter in November 2000 and completed the acquisition for the remaining 49% in July 2001 and worked with the company's existing technology to further develop the Fileshooter product.

Fileshooter instantly sends and receives any type or size of file, including, but not limited to, text, music, pictures and graphics or any combination thereof. What makes Fileshooter different from other products is that it does not reside on any intermediary's server used in sending or receiving e-mail. Fileshooter takes a file and wraps it in an encrypted format. The file is then sent via the Internet with nothing more than an Internet Protocol (IP) address tag to the designated recipient. This innovative process allows the sender and receiver to communicate privately regardless of each others browser, e-mail product or Internet service provider. The Fileshooter file tunnels through the Internet and its myriad of routers instantly to reach the recipient.

Fileshooter serves the need for individuals, groups and corporations to communicate with a variety of other individuals or organizations which may have different service providers and server technologies. Fileshooter offers additional flexibility to users in providing the ability to open a private chat line of communication which does not reside on any intermediary's server. The chat line is private, quick and deleted once the transmission is complete. We began marketing the software product to consumers and businesses in the third quarter of 2001.

EBiz4Biz.com is a business to business site that offers Chinese manufacturers English and Chinese language web pages pointed to North America where they may display their merchandise for sale.

IPSpayment.com is an online payment system that allows users to pay bills and transfer funds.

WizardWorld is an online marketplace where people can buy, sell or trade collectibles.

cs-live provides real-time communications using the Internet as the delivery medium. cs-live technology enables companies with a web presence to maximize the effectiveness of the Internet with applications that provide enhanced real-time communications over the web, including live chat and rich media. cs-live provides solutions for eLearning, eMarketing, sSupport and eSurveys, brings cs-live's customers' web sites to the next level with live and interactive customer management solutions.

The iGain platform employs an Application Service Provider (ASP) model to deliver cash rewards-based loyalty programs to its clients via both Cash Rewards and Merchant Partner application services. Clients may use the services independently or together to reward loyal customers. By modeling the relationships between clients, members, and incentive programs, iGain fully manages the distribution, tracking, and fulfillment of cash incentives. As an ASP, iGain leverages the power of the Internet to quickly and efficiently put clients' rewards programs to work. iGain loyalty programs are agile and can be launched in less than two weeks. B2B and B2C services are provided utilizing standard protocols over the Internet.

Youtopia.com is one of the most popular teenage sites in North America with approximately 1-2 million members between the ages of fourteen and twenty-six. The site features contests, games, promotions and some of the most popular music artists.

### Business Strategy

Our strategic objective is to continue to grow our business by acquiring companies with technologies that support our core business and provide tools for Internet navigation, shopping and trading convenience. The key elements of our strategy are to:

- o continue to maximize opportunities with our existing businesses;
- o seek strategic acquisitions of synergistic companies with technologies that support our strategy and improve shareholder value;
- o acquire additional e-commerce companies and layer in our managerial expertise to expand our existing customer base and maximize profits; and
- o build upon our current infrastructure to provide technology and services that enhance the Internet shopping experience.

### Sales and Marketing

We have approximately 150 independent commission-based sale persons across China who report to our Beijing office who perform various sales and marketing functions for our new marketing efforts in Asia. We do not employ any sales personnel in China. All of our employees (6) in our Beijing office are technical staff. The independent sales force contacts Chinese manufacturers for the purpose of selling webpages that are pointed to the North American marketplace. Our marketing strategy, which we implement through advertising and promotions as well as partnerships and alliances, includes the following elements:

- o promote our 800America Network and our various brands;

## Edgar Filing: 800AMERICA COM INC - Form 10KSB

- o develop niche marketing programs to attract buyers and sellers to our web-based trading community; and
- o develop technology companies to grow their business.

### Competition

Competition in the on-line shopping industry is intense, with numerous companies competing in what is currently a highly fragmented industry. Almost all of the major national retailers have established their own web sites and are experiencing mixed results in this segment of their business. Several companies have emerged with on-line shopping portals similar to ours. Many of these companies have spent millions of dollars in advertising and marketing in an attempt to carve out a niche and establish their brand names in this highly competitive market. Few of these competitors are currently operating profitably since they expend large amounts of money for advertising in order to establish their market identities. As a result, the advertising market is becoming saturated with numerous on-line merchants, creating confusion among consumers. It is becoming more difficult for each company to differentiate its products and services from those of its rivals. We are aware that several new companies have begun to offer on-line shopping portals with a customer rebate feature. This particular niche of the on-line shopping industry is highly fragmented and there

5

are virtually no barriers to entry into this market. We expect on-line shopping sites to proliferate. In order to compete successfully companies will have to offer more services and promotions to their customers. 800America has limited resources. As a result, it will be difficult for us to compete with these large national organizations whose financial strength is significantly greater than ours. We may not be able to compete effectively with these larger organizations. We may not be able to continue to operate profitably in the on-line shopping mall business.

The online surplus trading community is a new, rapidly evolving market. We expect competition to intensify in the future as the barriers to entry are relatively low, and current and new competitors can launch new sites at a minimal cost using commercially available software. Depending on the product category, we compete with a number of companies serving particular categories of goods as well as those serving broader ranges of goods.

Our Fileshooter software product competes directly with all peer-to-peer (computer-to-computer) software products. We believe our product has certain competitive advantages over our current competition such as being able to download any size file with no limitation, self-installation and no need to use an internet service provider, but we expect competition to intensify in the future as peer-to-peer computing becomes increasingly popular in both the corporate and personal markets.

### Employees

As of March 29, 2002, we had 52 employees, including 50 full time employees and 2 additional part-time employees. We may hire additional employees in 2002, both full time and part time, if our level of operations requires an increase in our work force. In addition, our Beijing office where we have over 150 independent sales persons performing various sales and marketing functions. We opened this office after acquiring Ebiz4biz.com in February 2001.

### Item 2. Description of Property

## Edgar Filing: 800AMERICA COM INC - Form 10KSB

We do not own any real property. We maintain our corporate and a sales office in New York, New York where we lease approximately 1,300 square feet of space. The lease provides for a monthly rental of approximately \$3,460 per month and continues until June 2005. Our administrative offices are located in Nashville, Tennessee where we lease an aggregate of approximately 3,600 square feet of space at two different sites. One site has a lease that provides for a monthly rental of \$891 per month and increases 7 1/2% per year over the remaining term of the lease, which expires in December 2002. In January 2002, we rented a second larger space of approximately 2,500 square feet. We rent the second site, without a written lease, for a monthly rental of \$1,951.

Part of our technical operations, Ebiz4biz.com and the cs-live operations have offices in Ottawa, Canada where the rent, is CDN \$26,481 per year for a period of three years ending 2005 and Ebiz4biz has an office in Beijing, China where the rent, without a written lease, is \$1,000 per month. The iGain subsidiary leases approximately 1,261 square feet in Fairfield, CT for approximately \$1,576 per month for a one-year term ending December 2002.

### Item 3. Legal Proceedings

In the normal course of our business, we are involved in various legal matters. We do not believe that any legal matter that we are currently involved with would have a material adverse effect on our business or financial condition should the matter not be decided in our favor.

6

### Item 4. Submission of Matters to a Vote of Security Holders

No matters were submitted to a vote of security holders during the fourth quarter of the Company's fiscal year ended December 31, 1999, either through the solicitation of proxies or otherwise.

### Item 5. Market for Registrant's Common Equity and Related Stockholder Matters.

### Item 6. Management's Discussion and Analysis of Financial Condition and Results of Operations

#### General

We operate various Internet web sites in three areas: Business to Business; Business to Consumers and Technology. Our goal is to bring buyers and sellers together in an efficient and easy format and generate income based on the transactions. Our technologies coupled with our customer approach continue to strengthen relationships with our customers. These technologies are providing the foundation needed to scale and grow the e-commerce businesses profitably across geographic regions and multiple product lines.

Sites operated under the 800America Network are OneTwoClick.com, RothmanCloseouts.com, InternetWebGuide.com, FileShooter.com, InShop.com, eBiz4biz.com, cs-live.com, iGain.com, IPS payment.com, WizardWorld.com and Youtopia.com.

7

Years Ended December 31, 2000 and 1999

#### Results of Operations

We had revenues of \$15,980,529 for the year ended December 31, 2000 compared to revenues of \$3,283,575 for the year ended December 31, 1999. Net income for the year ended December 31, 2000 was \$2,072,494 compared to \$185,447 for the year ended December 31, 1999. The annual results of operations are not comparable because of the new divisions in which the Company was engaged in the most recent year. In 2000, we acquired Rothman Closeouts, 21st Ave. Productions and Who's Who in Pets. We sold 21st Ave. Productions and Who's Who in Pets in 2001. In 2000, Rothman Closeouts, 21st Ave. Productions and Who's Who in Pets contributed approximately 20-25% of our total revenue. The Company realized revenue of \$14,640,954 in its B2C division, \$1,296,575 in its B2B division and \$43,000 in its Technology division. Costs and expenses for the year ended December 31, 2000 were \$12,866,629, resulting in operating income for the year of \$3,113,900. This compares with costs and expenses of \$3,008,405 that resulted in operating income of \$275,170 for the year ended December 31, 1999. Customer rebates totaled \$8,913,351 for the year ended December 31, 2000 and represented approximately 69% of total costs and expenses. Other than customer rebates, the largest categories of costs and expenses were for general, selling and administrative expenses in the amount of \$1,004,481 (including salaries and other personnel expenses), bad debt expenses in the amount of \$270,795, advertising costs and expenses in the amount of \$1,878,318 and depreciation and amortization expenses of \$486,480. In 1999 the largest categories of costs and expenses were for general, selling and administrative expenses in the amount of \$320,980 (including salaries and other personnel expenses), bad debt expenses in the amount of \$66,000, advertising costs and expenses in the amount of \$397,738 and depreciation and amortization expenses of \$88,019. Because of our limited operating history and the changing competition in the on-line shopping business, management cannot predict, based upon past performance, whether the above listed cost and expense categories are relatively stable or subject to a substantial

## Edgar Filing: 800AMERICA COM INC - Form 10KSB

degree of volatility.

### Liquidity and Capital Resources

Net cash provided by operating activities was \$2,153,221 in the year ended December 31, 2000 compared to net cash provided by operations of \$96,899 for the year ended December 31, 1999. The Company's net cash increase for the year ended December 31, 2000 was \$1,725,182 compared to a net cash increase for the year ended December 31, 1999 of \$391,987. The Company's ending cash balance at December 31, 2000 was \$2,117,746 compared to an ending cash balance at December 31, 1999 of \$392,564. Net cash inflows from operations are expected to continue during the fiscal year ending December 31, 2001.

Cash and cash equivalents as of December 31, 2000 were \$2,117,746 compared with \$392,564 as of December 31, 1999. We had working capital (current assets less current liabilities) of \$2,732,571 at December 31, 2000 compared with \$635,887 at December 31, 1999 and no material long-term commitments or material commitments for capital or operational expenditures.

Year Ended December 31, 2001 Compared to Year Ended December 31, 2000.

### Results of Operations

We had revenues of \$21,401,169 for the year ended December 31, 2001 compared to revenues of \$15,980,529 for the year ended December 31, 2000. Net income for the year ended December 31, 2001 was \$8,315,637 compared to net income of \$2,072,494 for the year ended December 31, 2000. We estimate that approximately eighty percent of our revenues were derived from continuing operational and twenty percent from new acquisitions acquired during 2001. Total operating expenses for the year ended December 31, 2001 were \$9,446,174

8

resulting in operating income for the year of \$11,954,995. This compares to total operating expenses of \$12,866,629 for the year ended December 31, 2000, resulting in operating income of \$3,113,900. We instituted a policy of not paying rebates as of January 1, 2001 and hence rebates represented none of the total operating expenses. This compared to customer rebates of \$8,913,351 for the year ended December 31, 2000 that represented approximately 69% of total operating expenses. We had been paying rebates of between forty and sixty percent of the amounts collected. Because of our limited operating history with the various web sites, management cannot predict, based upon past performance, whether the above listed cost and expense categories are relatively stable or subject to a substantial degree of volatility. Management continues to expect that advertising and promotion costs will be a significant part of our operating structure. For the year ended December 31, 2001, advertising and promotion costs were \$4,443,249 representing approximately 47% of total operating expenses compared to \$1,878,318 in such costs in 2000 representing approximately 14% of total operating expenses. The increase in advertising costs were a result of our expanded operations with our various sites and the consequences of events which occurred after September 11, 2001. One of our sites OneTwoClick showed a drop-off in revenues after September 11th and another, FileShooter, showed an increase. We increased our advertising to address both trends. Payroll costs for the year ended December 31, 2001 were \$884,546 compared with \$298,254 for the year ended December 31, 2000. The increase in payroll costs was a result of hiring more people and having to pay higher salaries for more qualified technical personnel because of our more complex internet network. Legal and accounting costs were \$226,677 for the year ended December 31, 2001 compared to \$78,039 for the year ended December 31, 2000. The increase is primarily a result of the acquisitions we completed during the year. The overall increase in our

## Edgar Filing: 800AMERICA COM INC - Form 10KSB

various costs was a result of our increasing our business primarily through internal growth. Also during the year ended December 31, 2001, we spent \$984,356 on our new acquisitions, most of which was devoted to our inShop operation. Depreciation and amortization costs were \$1,147,113 for the year ended December 31, 2001, compared to \$486,480 for the year ended December 31, 2000. The increase is on account of the write downs resulting from our acquisitions during the year and obsolete equipment. Management expects that revenues from Business to Consumers divisions will continue to increase in 2002. Management expects that all other divisions will have increased revenues and profits as well.

We believe that our revenues and expenses will continue to increase substantially in the year ending December 31, 2002 both because of the continuing expansion of our business and because of the changing competition in the on-line shopping business. Additional expenses are also likely to be incurred as we expand our bandwidth capacity in order to accommodate new stores at our web sites as well as new websites. We also plan on integrating more of the 800America Network customers into the IPSpayment system site.

### Liquidity And Capital Resources

Cash and cash equivalents as of December 31, 2001 were \$13,201,125. At December 31, 2001, the Company had current assets of \$13,573,598 and current liabilities of \$2,028,316 resulting in working capital at December 31, 2001 (current assets less current liabilities) of \$11,545,282.

In September 2001, we acquired substantially all of the assets, including the name, of cs-live.com inc. The purchase price was \$50,000 and 450,000 shares of common stock. We also assumed certain operating liabilities. cs-live inc. changed its name to Intelligent Web Technologies, Inc. We have made advances to Intelligent Web Technologies, Inc. of approximately \$300,000. The advances are secured by the shares of common stock paid as part of the purchase price. These shares are being registered for resale. When they are sold a portion of the proceeds will be used to repay the advances.

During the period we acquired all the capital stock of Universal Payment Systems, Inc. (UPSI). The purchase price was \$1.00. UPSI was purchased from our Chief Executive Officer.

9

Also, during the period we raised a total of approximately \$7,179,773 from the sale of common stock in two private placements. Subsequently, we rescinded \$5,500,000 to an investor.

Net cash provided by operating activities was \$11,794,520 for the year ended December 31, 2001 compared with net cash of \$2,105,472 for the year ended December 31, 2000. The increase in net cash was primarily attributable to an increase in revenues, sale of operating assets, the proceeds from the sale of common stock and a decrease in operating costs as a result of ending the rebate program. During the period ended December 31, 2001, the Company sold assets for \$500,000 and purchased assets or capital stock of five companies for approximately \$1,632,500 in cash and 4,177,493 shares common stock. During the year ended December 31, 2000, we obtained \$1,679,773 through the sale of equity securities in private placements.

In October, 2001, we acquired all of the capital stock of iGain, Inc. The purchase price was 1,050,000 shares of common stock. We agreed to repurchase, at the option of the holders, 1,000,000 shares of the common stock issued in the merger for a price at \$2.60 per share (the Put Shares). The conditions for which we will repurchase the Put Shares is (i) if the current

## Edgar Filing: 800AMERICA COM INC - Form 10KSB

Chief Executive Officer is no longer serving in that capacity, (ii) we conduct a public offering of our securities and receives at least \$7,000,000 in proceeds, or (iii) one year from the closing date of the merger. In connection with the merger, we agreed to repurchase a total of 51,028 of the Put Shares for \$2.25 per share. This was completed in January 2002. We are the beneficiary of a term life insurance policy that covers the demise of our current Chief Executive Officer. The amount of the policy is \$10,000,000.

In December, 2001, we acquired the capital stock of WizardWorld, Inc. in a stock for stock merger. The purchase price was 660,000 shares of our common stock. We agreed to repurchase the common stock given in the merger in one year at a purchase price of \$2.60 per share. Certain of the holders of WizardWorld preferred stock who received our common stock in the merger purchased a total of 350,000 shares of our common stock in a private placement for a total of \$850,000. Such purchasers also have the right to have us reacquire the shares at \$2.60 per share after one year.

We believe that our current capital resources and liquidity are adequate for at least the next twelve months. Other than costs in connection with the further development of our web sites, we do not have any plans for significant capital or operating expenditures above our current level unless we determine to develop additional web sites that could result in additional development costs. We may also make additional acquisitions which might be financed at least in part with our funds.

Events Subsequent to December 31, 2001

In January, 2002, we acquired the assets and assumed certain operating liabilities of Youtopia.com, Inc. The purchase price was 500,000 shares of our common stock. We also paid approximately \$110,000 to remove a lien on the assets. We have registered some of the stock issued in the transaction for resale. This money is to be repaid out of the proceeds of such a sale. In connection with the transaction we hired Youtopia's Chief Executive Officer as a consultant for six months. The compensation paid to the consultant was 150,000 shares of our common stock upon signing a consulting agreement and 6,667 shares per month.

Our directors are elected each year at the annual meeting of shareholders for a term of one year. Each director serves until the expiration of his term and thereafter until his successor is duly elected and qualified. Our by-laws provide that the number of directors constituting the board of directors may be increased by action of the board of directors, which may also fill vacancies on the board of directors. The current board of directors will continue to serve as directors until the next annual meeting of our shareholders. At this time, there are no committees of the board of directors.

Our executive officers are appointed by the Board of Directors on an annual basis.

Management

David E. Rabi has been a director since February 1997, and he has served as our Chief Executive Officer and President since July 9, 1999, except for an approximate 3 week period in September 2001. As President, Mr. Rabi was instrumental in leading the company to profitability. He had general management responsibility for all 800America businesses including marketing of the on-line

shopping site, and publishing of the on-line Internet Web Guide Magazine. Mr. Rabi has extensive experience forming and running large complex international organizations and served as a financial and marketing consultant to various international companies in Africa and South America. From 1977 to 1990, he served as President and CEO of the Carmel Group, a multinational, privately-held corporation based in South America, with 14 international offices, sales of approximately \$1.5 billion and over 6,800 employees. Mr. Rabi was instrumental in the sale of the company. His accomplishments are far reaching and are reflected throughout 800America's structure and culture. Mr. Rabi has a

Item 11. Security Ownership of Certain Beneficial Owners and Management

The following table sets forth information regarding the beneficial ownership of our Common Stock as of March 29, 2002:

- o each person known by us to own beneficially more than 5% of our Common Stock;
- o each of our directors;
- o each of our five most highly compensated officers who earned more than \$100,000 in our last fiscal year; and
- o all directors and executive officers as a group.

The percentage of beneficial ownership for the table is based on 19,976,289 shares of Common Stock outstanding on March 29, 2002.

Unless otherwise indicated below, to our knowledge, all persons and entities listed below have sole voting and investment power over their shares of Common Stock, except to the extent that individuals share authority with spouses under applicable law. Unless otherwise indicated, each entity or person listed below maintains a mailing address of c/o 800America.com, Inc. 420 Lexington Avenue, New York, New York 10170.

The number of shares of Common Stock beneficially owned by each shareholder is determined in accordance with the rules of the Securities and Exchange Commission and does not necessarily indicate beneficial ownership for any other purpose. Under these rules, beneficial ownership includes those shares of Common Stock over which the shareholder exercises sole or shared voting or investment power.

Independent Auditor's Letter

To the Board of Directors and Stockholders'  
of 800America.com Inc.

I have audited the accompanying consolidated balance sheet of 800America.com Inc. (a Nevada Corporation) as of December 31, 2001 and 2000 and the related

Edgar Filing: 800AMERICA COM INC - Form 10KSB

statements of income, stockholders' equity, and cash flows for each of the three years in the period ended December 31, 2001. These financial statements are the responsibility of 800America.com Inc. management. My responsibility is to express and opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for our opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of 800America.com Inc. as of December 31, 2001 and 2000 and the results of its operations and its cash flows for the three years in the period ended December 31, 2001 in conformity with accounting principles generally accepted in the United States of America.

Intangibles - Goodwill and other assets arising from acquisitions are being amortized over their useful life not to exceed 15 years. On January 1, 2002 the Company adopted Financial Accounting Standards No. 142, Goodwill and Intangible Assets. Under this pronouncement the Company discontinued its practice of amortizing goodwill in favor of an annual impairment analysis. Impairment analysis will be performed more frequently should conditions or circumstances arise which merit such a review.

Bond Deposit - The government of the Peoples Republic of China required a bond of five hundred thousand (\$500,000) US dollars on deposit with a bank in China. Pursuant to its agreement with the government, the Company expects to receive a refund of the money.

Stock Escrow - The Company put in escrow one hundred fifteen thousand and fifteen dollars (\$115,015) to buy back, on request, 51,028 shares of its stock owned by employees of iGain, Inc. a Company acquired through acquisition.

F-8

Notes Receivable - Notes receivable are short term and due from the successor company (Intelligent Web Technology) to a company (cslive) from which the Company purchased assets in one of the acquisitions.

Revenue Recognition - The Company recognizes revenues when a transaction is completed on one of its web sites and a commission to the Company is generated and paid directly to the Company. For the year ended December 31, 2001 the Company's accounts receivable are minimal.

Advertising Expense - Prepaid Advertising - Advertising cost is expensed in the year the advertising takes place. Prepaid advertising is recognized when such services have been paid for but not yet used at the end of the period. There was no prepaid advertising at December 31, 2001, prepaid advertising of \$75,000 at December 31, 2000 was expensed in 2001.

Use of Estimates - The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Rebates - In prior years, 2000 and 1999, the Company offered rebates to its customers who patronized its shopping portals. The Company received an agreed discount from the stores comprising the shopping portals and from this discount paid rebates to its customers. The Company ceased the rebate procedure at the end of year 2000.
