Annual Fee:	\$40,000 per director, payable in four equal quarterly installments, on the first day of each quarter. Up to 50% of the fee may be paid in cash and the balance is paid in our Class A Common Stock equivalents. All payments in stock equivalents are credited to an account based on the fair market value of the stock on the last day of the preceding quarter. Payment of the stock equivalents, which may be in cash or shares of Class A Common Stock, is deferred until the director ceases to be a director.
Annual Committee Chair Fee:	\$1,500 per chair of each committee of our Board; payable in the same manner as the Annual Fee.
Attendance Fee for Board Meetings:	None; however, we do reimburse directors for their expenses to attend meetings.

If the director ceases to be a director, the option expires in 90 days, unless the director is permanently disabled or dies while serving as a director, in which cases the option may be exercised for 6 months or one year, respectively, but in no event beyond its regular term.

Our Board held eight meetings during 2003 and acted four times by written consent. During 2003, each director attended at least 75 percent of the Board and committee meetings held while such director served as a director and committee member. At each Board meeting the non-management directors meet in executive session with the appointment of a presiding director for such session left to the directors' discretion.

BOARD INDEPENDENCE

Our Board Governance Guidelines are available at http://www3.gartner.com/ir/asset_8465.jsp. Under these guidelines, the Governance Committee and the full Board annually assess the independence of the non-management directors of the Board by reviewing the financial and other relationships between the directors and us. This review is designed to determine whether these directors are independent, as defined under the standards of the New York Stock Exchange. The Governance Committee and the Board have determined that all of our non-management directors and our director nominee are independent under those standards.

Edgar Filing: GARTNER INC - Form DEF 14A

Stockholders and other interested parties may communicate with any of our directors, including our non-management directors, by writing to them c/o Corporate Secretary, Gartner, Inc., 56 Top Gallant Road, P.O. 10212, Stamford, CT 06904.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Our role is to set overall compensation principles and review Gartner's entire compensation program annually. We also review and establish the individual compensation levels for our executive officers and consider the advice of independent, outside consultants in determining whether the amounts and types of compensation we pay our executive officers are appropriate. We also administer our employee stock purchase plan and stock option plans. In discharging these responsibilities, we consult with outside compensation consultants, attorneys and other specialists.

The goal of our compensation program is to attract, motivate and retain highly talented individuals. Our guiding philosophy is that compensation should be linked to performance. We believe that the better an individual performs, the higher the individual's compensation should be. Our compensation program is designed to balance short and long term financial objectives, build stockholder value and reward individual, group and corporate performance. We believe that individual compensation should be tied to our financial performance so that when our performance is better than established objectives, individuals should be paid more and when our financial performance does not meet our established objectives, incentive award payments should be reduced. The proportion of an individual's total compensation that varies with individual and corporate performance objectives should increase as the individual's business responsibilities increase. In addition, we believe that the total compensation package must be competitive with other companies in our industry to ensure that we continue to attract, motivate and retain the people who are critical to our long-term success.

We believe that our employees should own our stock. We provide employees at all levels with several ways to become stockholders. We have stock option plans under which we have made discretionary stock option grants to broad segments of the employee population worldwide. We also have an employee stock purchase plan that enables employees to purchase our Class A Common Stock at a discount through payroll deductions and a 401(k) savings plan that allows U.S. employees to invest in our Class A Common Stock. Our goal is to have market competitive stock programs that encourage each employee to act like an owner of the business.

Compensation for our executive officers consists of three principal components: base salary, short-term incentives and long-term incentives.

Base Salary. We set base salaries by evaluating the responsibilities of the position and the experience of the individual. We reference the competitive marketplace for executive talent and conduct surveys periodically for comparable positions at companies with whom we compare for compensation purposes.

Short-Term Incentives (Cash Bonuses). We designed the annual bonus component of incentive compensation to align pay with our short-term (annual) performance. The full bonus is tied to achievement of financial performance objectives established by our Board on an annual basis.

Edgar Filing: GARTNER INC - Form DEF 14A

Long-Term Incentives (Stock Plans). The principal equity component of executive compensation is options granted under our stock option plans. Stock option awards are granted at the commencement of employment, with additional options granted from time to time for promotions and performance. We believe that ownership of our stock is a key element of our compensation program and that stock options provide a retention incentive for our executive officers and align their personal objectives with long-term stock price appreciation.

CEO Compensation. Mr. Fleisher's compensation package for 2003 consisted primarily of base salary and short-term incentives. For 2003, Mr. Fleisher received base salary of \$650,000 and a bonus of \$442,000. Mr. Fleisher's minimum base salary and target bonus range are set in his employment agreement; we review annually these aspects of his compensation in light of his tenure of service and his current job responsibilities as well as the relative compensation of his peers. Although the payment of Mr. Fleisher's bonus is tied to our performance, his base salary and his target bonus are not related directly to the achievement of specific measures of corporate performance.

11

Other Compensation. Other elements of executive compensation include life insurance and long-term disability insurance programs and participation in our U.S. profit sharing plan under which a specified percentage of operating profit is distributed pro-rata among all employees based on salary. Executive officers are eligible for company-wide medical benefits, a supplemental life insurance program, a supplemental long term disability program, a 401(k) plan under which we provide matching contributions to all participants and a payroll deduction employee stock purchase plan under which participants may purchase our Class A Common Stock at 85% of the lower of the fair market value of our Class A Common Stock at the beginning or end of each six-month offering period (up to a maximum stock value of the lesser of \$25,000 per calendar year or 10 percent of salary).

AUDIT COMMITTEE REPORT

Our Board has appointed an Audit Committee consisting of three "independent" directors, as defined under current New York Stock Exchange listing standards and the Sarbanes-Oxley Act of 2002 (the "Act").

We operate under a written charter adopted by our Board. We review the charter at least annually and we last modified the charter in January 2004. A copy of the modified charter is attached as Appendix A. We hold regularly scheduled meetings at least four times each fiscal year and we meet more frequently as appropriate. We have the power and funding to retain independent counsel and other advisers as we deem necessary to carry out our duties as required by Section 301 of the Act.

We are directly responsible for the appointment, compensation and oversight of the independent auditors, including establishing the independence of the auditors, approving the engagement letter describing the scope of the audit and resolving disagreements between management and the auditors regarding financial reporting, for the purpose of issuing an audit report in connection with our financial statements. The auditors report directly to us. By meeting regularly with independent auditors and internal auditing, operating and financial management personnel, we oversee matters relating to accounting standards, policies and practices, changes to these standards, policies and practices and the effects of any changes on our financial statements, financial reporting practices and the quality and adequacy of internal controls. Additionally our internal audit function reports directly to the Audit Committee.

KPMG LLP has audited our financial statements since September 1996. During 2003, KPMG performed recurring audit services, including the examination of our annual financial statements, limited reviews of quarterly financial information and certain statutory audits. KPMG also performed services for us in other business areas. The following table sets forth the fees billed for these professional services during (a) Calendar 2003, (b) Stub Period 2002 (the 3 month period from October 1, 2002 and December 31, 2002), and (c) Fiscal 2002 (the twelve month period from October 1, 2001 to September 30, 2002). Please note that we changed to a calendar fiscal year effective January 1, 2003.

	Calendar 2003	Stub Period 2002	Fiscal 2002
Audit Fees (1):	\$ 806,145	\$ 225,388	\$ 695,406
Audit Related Fees (2):	48,000	-	40,000
Tax Fees (3):	533,828	34,776	525,835
All Other Fees:	-	-	-
Total:	\$1,364,973	\$ 260,164	\$1,261,241

Edgar Filing: GARTNER INC - Form DEF 14A

(1) Audit fees consisted of audit work performed on consolidated financial statements, as well as work normally performed by the independent auditors in connection with statutory and regulatory filings.

(2) Audit related fees consisted primarily of audits of our employee benefit plan, as well as an audit of a foreign subsidiary not required by statute or regulation.

(3) Tax fees are fees associated with tax compliance in foreign locations, tax advice, and tax planning.

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent auditors and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis. All of the services relating to the fees set forth on the above table were pre-approved by the Audit Committee. We reviewed and discussed our audited financial statements for 2003 with management and KPMG. We also discussed with KPMG the matters required by Statement on Auditing Standards No. 61 (Communications with Audit Committees), as amended. This included a discussion of our auditors' judgments as to the quality, not just the acceptability, of our accounting principles, and other matters that generally accepted auditing standards require to be discussed with an audit committee. We also received the written disclosures and the letter from KPMG required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) and discussed with KPMG their independence. We have determined

18

that the provision of all non-audit services by KPMG is compatible with the auditors' independence.

Based on our review and discussions noted above, we recommended to our Board, and our Board approved, that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2003.

We have reappointed KPMG as our independent auditors for 2004. We are not asking stockholders to ratify this appointment since the Act requires that the audit committee have the sole responsibility for appointing the independent auditors. A representative of KPMG will be at the Annual Meeting, will have the opportunity to make a statement and will answer appropriate questions.

COMPARISON OF TOTAL CUMULATIVE STOCKHOLDER RETURN

Edgar Filing: GARTNER INC - Form DEF 14A

The following graph compares our Class A Common Stock performance to the performance of Standard & Poor's Stock 400 Index and a Peer Group Index.

Our Peer Group Index consists of The Corporate Executive Board Company, Forrester Research, Inc., and Meta Group, Inc. These companies represent the most significant publicly traded companies that we believe compete with us in our most important line of business: independent research and analysis on information technology, computer hardware, software, communications and related technology industries. There are no publicly traded information technology research companies that also compete with us in our consulting and events businesses.

The comparison assumes \$100.00 was invested on September 30, 1998 in our Class A Common Stock and in each of the indices, and assumes the reinvestment of dividends, if any.

The comparisons in the graph below are provided in response to SEC disclosure requirements and are not intended to forecast or be indicative of future performance of our Class A Common Stock.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers, directors and persons who beneficially own more than 10% of either class of our Common Stock to file reports of ownership and changes of ownership with the SEC and to furnish us with copies of the reports they file. Based solely on our review of the reports received by us, or written representations from certain reporting persons, we believe that all reports were timely filed, except the acquisition of shares upon the conversion of our Convertible Junior Subordinated Promissory Notes by Messrs. Hutchins and Roux was not reported on a timely-filed Form 4, but such transaction was subsequently reported on Form 5, and all transactions are reflected in this Proxy.

CERTAIN RELATIONSHIPS AND TRANSACTIONS

RELATIONSHIP WITH SILVER LAKE PARTNERS, L.P.

On April 17, 2000, we issued and sold an aggregate of \$300 million principal amount of our unsecured 6% Convertible Junior Subordinated Promissory Notes due April 17, 2005 to Silver Lake Partners, L.P. ("Silver Lake") and certain of Silver Lake's affiliates and to Integral Capital Partners IV, L.P. and one of its affiliates. In October 2003, these notes were converted into 49,441,122 shares of our Class A Common Stock. The determination of the number of shares issued upon the conversion was based upon a \$7.45 conversion price and a convertible note of \$368.3 million, consisting of the original face amount of \$300 million plus accrued interest of \$68.3 million. In connection with the issuance of the notes, we agreed, among other things, that Silver Lake would recommend two nominees for director and we would include two Silver Lake nominees on our slate of nominees to be elected to our Board. This obligation exists while Silver Lake owns Class A Common Stock representing at least 20 percent of the amount of Class A Common Stock into which the notes were converted.

Messrs. Hutchins and Roux, managing members of the general partner of Silver Lake and members of some of the affiliates of Silver Lake, are Silver Lake's nominees to our board.

Silver Lake purchased \$140,809 in research and consulting services from us during 2003 and has contracted to purchase subscription research services from us in 2004 in the amount of \$114,050.

RELATIONSHIPS WITH OTHER THIRD PARTIES

Several of our other directors, as well as our director nominee, are employed by companies that purchase our research and consulting services in the ordinary course of their business. The following chart shows the amount of research and consulting services purchased by each company during 2003 and the amount for which each company has signed commitments to date for 2004.

APPENDIX A

GARTNER, INC. AUDIT COMMITTEE CHARTER

I. STATEMENT OF POLICY AND PURPOSE

The Audit Committee (the "Committee") of the Board of Directors (the "Board") of Gartner, Inc. (the "Company") shall be, through regular and special meetings with management, the supervisor of the Company's internal auditors and the Company's independent auditors, and shall assist the Board in fulfilling its oversight responsibilities on matters relating to accounting, financial reporting, internal control, auditing, regulatory compliance and other matters as the Board or the Chairperson of the Committee (the "Chairperson") deems appropriate. The Company shall post this Audit Committee Charter (the "Charter") on its website.

The Committee shall:

- serve as an independent body to assist in Board oversight of (i) the integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements, (iii) the independent auditor's qualifications and independence and (iv) the performance of the Company's internal audit function and independent auditors;
- prepare a Committee report as required by the Securities and Exchange Commission ("SEC") to be included in the Company's annual proxy statement;
- retain and terminate the Company's independent auditors (subject, if applicable, to stockholder ratification); and
- provide an open avenue of communication among the independent accountants, management and the Board.

The Committee's role is one of oversight. The Company's management is responsible for preparing the Company's financial statements and the independent auditors are responsible for auditing the financial statements. The independent auditors shall report directly to, and are ultimately accountable to, the Committee. However, in carrying out its oversight responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the independent auditors' work.

The Committee will fulfill its responsibilities by carrying out the activities enumerated in Sections III and IV of this Charter.

II. COMMITTEE MEMBERSHIP

The Committee will consist of not less than three (3) directors, one of whom shall act as Chairperson, and each of whom shall meet the independence requirements of the listing standards of the New York Stock Exchange ("NYSE"), as well as independence requirements of the rules and regulations promulgated by the SEC and by other applicable authorities from time to time.

The Board shall appoint the Committee members and the Chairperson of the Committee, upon recommendation from the Governance/Nominating Committee of the Board, and shall have the power to remove a Committee member for any reason. If a Chairperson is not designated or present at a meeting of the Committee, the members of the Committee may designate a Chairperson by majority vote.

Each member of the Committee shall have a basic understanding of finance and accounting practices, and the Chairperson of the Committee must have accounting or related financial management expertise as contemplated by the NYSE listing requirements and the rules of the SEC.

If a Committee member simultaneously serves on the audit committees of more than three public companies, the Board must determine that such simultaneous service would not impair the ability of such member to effectively serve on the Committee, and the Company must disclose this determination in its proxy statement for its annual meeting of stockholders.

III. MEETINGS OF THE COMMITTEE

The Committee will meet regularly at least four times each fiscal year and more frequently as appropriate. The Committee shall have separate direct lines of communication between itself and management, the internal auditors (or other personnel responsible for the internal audit function) and the independent auditors, and shall meet

A-1

separately with each of them, at least quarterly, to discuss any matters the Committee deems necessary or appropriate. The Committee shall report regularly to the Board.

IV. RESPONSIBILITIES

The Committee shall review the Company's financial statements and shall be directly responsible for the appointment, compensation, retention and oversight of the work of the independent auditor (including resolving disagreements between management and the independent auditor regarding financial reporting). The Committee shall also review the Company's internal audit function and financial reporting processes.

Committee functions are solely the responsibility of the Committee and may not be allocated to a different committee of the Board.

A. Documents and Reports Review.

1. Audited Financial Statements. The Committee shall review and discuss with management and the independent auditors the Company's annual audited financial statements to be included in the Company's Annual Report on Form 10-K (or the Annual Report to Stockholders if distributed prior to the filing of the Annual Report on Form 10-K).
2. Interim Financial Statements. The Committee shall review and discuss

Edgar Filing: GARTNER INC - Form DEF 14A

with management and the independent auditors the Company's interim financial results to be included in the Company's Quarterly Report on Form 10-Q.

3. MD&A. The Committee's review and discussion of all financial statements shall include a review of the Company's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations" contained in any document or report to be filed with the SEC.

B. Independent Auditors. The Committee has the sole authority to retain, oversee and terminate the outside independent auditors (subject, if applicable, to stockholder ratification). The Committee may, if it deems appropriate, seek the input of management in this decision-making role, but these responsibilities may not be delegated to management. Additionally, the Committee shall:

1. Have sole authority to pre-approve all audit engagement fees and terms, as well as all non-audit engagements, with the independent auditors. Such pre-approval may be delegated to one or more members of the Committee who shall report on any pre-approvals to the full Committee at its regularly scheduled meetings, or may be waived in compliance with the de minimis exceptions provided by applicable law.
2. At least annually, obtain and review a report by the independent auditor describing:
 - (a) the audit firm's internal quality-control procedures;
 - (b) any material issues raised by the most recent internal quality-control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five (5) years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues; and
 - (c) all relationships between the independent auditors and the Company (in order to assess the auditor's independence).
3. After reviewing the foregoing report and the independent auditor's work throughout the year, evaluate the auditor's qualifications, performance and independence, and present its conclusions with respect to the independent auditor to the full Board. This evaluation should include the review and evaluation of the lead partner of the independent auditor. In making its evaluation, the Committee should take into account the opinions of management and the Company's internal auditors.
4. Ensure that the lead audit partner is rotated at the intervals required by law, and consider whether, in order to assure continuing auditor independence, there should be more frequent rotation of the lead audit partner, or even of the audit firm itself.
5. Review with the independent auditor any audit problems or difficulties the auditor encountered in the course of the audit work, and management's response to such problems or difficulties. The review should include any restrictions on the scope of the independent auditor's activities or on access to requested information, and any significant disagreements with management. Among the items the Committee should review with the auditor are:
 - (a) any accounting adjustments that were noted or proposed by the auditor but were "passed" by management as immaterial or otherwise;

Edgar Filing: GARTNER INC - Form DEF 14A

- (b) any communications between the audit team and the audit firm's national office respecting auditing or accounting issues presented by the engagement;

A-2

- (c) any management or internal control letter issued, or proposed to be issued, by the audit firm to the Company; and
- (d) a discussion of the responsibilities, budget and staffing of the Company's internal audit functions.

6. Set clear hiring policies for employees or former employees of the independent auditors.
7. Review the proposed scope of the annual independent audit of the Company's financial statements and the associated fees, as well as any significant variations in the actual scope of the independent audit and the associated fees.
8. Present its conclusions with respect to the independent auditor to the full Board.

C. Financial Reporting Processes. On a continuing and periodic basis, the Committee shall review and discuss with management, the internal audit function and the independent auditors, and shall take appropriate action with respect to:

1. Issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles.
2. Issues as to the adequacy of the Company's internal controls and any special audit steps adopted in light of material control deficiencies.
3. Analyses prepared by management and/or the independent auditor setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including analyses of the effects of alternative GAAP methods on the financial statements.
4. The effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements of the Company.
5. The types of information to be disclosed and the type of presentation to be made in the Company's earnings press releases (paying particular attention to any use of "pro forma," or "adjusted" non-GAAP, information), as well as financial information and earnings guidance provided to analysts and rating agencies.
6. The quality and adequacy of the Company's internal accounting controls and the Company's financial reporting processes, and the results of the internal auditor's examinations.
7. Policies with respect to risk assessment and risk management, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee should discuss the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures.
8. The nature of any unusual or significant commitments or contingent liabilities together with the underlying assumptions and estimates of management. In connection with the foregoing, the Committee should review with

Edgar Filing: GARTNER INC - Form DEF 14A

the Company's General Counsel legal and regulatory matters that may have a material impact on the financial statements.

9. The information provided by the independent auditors pursuant to applicable law concerning (i) all critical accounting policies and practices; (ii) all alternative treatments of financial information within GAAP that have been discussed with management, the ramifications of the use of such alternatives and the treatment preferred by the independent auditors; and (iii) other material written communications with management.

The resolution of any disagreements between management and the independent auditors regarding financial reporting.

D. General.

1. The Committee shall review the adequacy of this Charter on an annual basis. The Committee will recommend to the Board any modifications to this Charter that the Committee deems appropriate for approval by the Board.

2. On an as needed basis, the Committee shall review such other matters as the Board or the Committee considers appropriate.

3. The Committee may receive presentations from management personnel on key functional activities of the Company, including information technology, taxes, treasury, risk management and legal.

4. The Committee may cause an investigation to be made into any matter within the scope of its responsibility. The Committee may engage independent resources to assist in its investigations as it deems necessary.

5. The Committee Chairperson shall make regular reports to the Board on the Committee's activities and review with the full Board any issues that arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the Company's independent auditors, or the performance of the internal audit function.

6. The Committee shall have the authority to engage, and to obtain advice and assistance from, outside independent legal, accounting or other advisors without seeking board approval, as the Committee may determine necessary to carry out its duties.

A-3

7. The Committee shall determine appropriate funding for payment of compensation to the independent auditors and to any outside independent legal, accounting or other advisors, and for payment of ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.

8. Director's and committee service fees are the only compensation a Committee member may receive from the Company.

9. The Committee shall establish procedures for (i) the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters and (ii) the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

10. The Committee shall receive, and act upon as appropriate, the disclosures made by the Chief Executive Officer and the Chief Financial Officer concerning internal controls and fraud required by Rule 13a-14 of the Securities Exchange Act of 1934, as amended.

Edgar Filing: GARTNER INC - Form DEF 14A

V. EVALUATION

The Governance/Nominating Committee of the Board shall conduct an annual performance evaluation of the Committee in light of its duties and responsibilities as set forth in this Charter.
