Item 1.01. Entry into a Material Definitive Agreement.

On September 20, 2010, RRI Energy and Mirant Corporation (Mirant) entered into certain agreements which provide for the companies to borrow \$1.925 billion upon the closing of their proposed merger. In addition, RRI Energy has entered into a revolving credit facility to be available upon the closing of such merger. Completion of these financings is subject to the satisfaction of certain customary conditions.

Senior Secured Term Loan Facility and Revolving Credit Facility

On September 20, 2010, RRI Energy (to be renamed GenOn Energy, Inc. on the closing date of the merger) entered into a credit agreement with JPMorgan Chase Bank, N.A., as administrative agent, Credit Suisse Securities (USA) LLC, Deutsche Bank Securities Inc., Goldman Sachs Bank USA, Morgan Stanley Senior Funding, Inc., Royal Bank of Canada, The Royal Bank of Scotland plc, the other lenders from time to time party thereto and, from and after the closing date, Mirant Americas, Inc. (to be renamed GenOn Americas, Inc. on the closing date). The credit agreement includes new senior secured credit facilities, with RRI Energy and Mirant Americas, Inc. as borrowers, consisting of:

A \$700 million seven-year senior secured term loan facility, to be funded at the closing of the merger, with a rate of LIBOR + 4.25% (with a LIBOR floor of 1.75%); and

A \$788 million five-year senior secured revolving credit facility, with an undrawn rate of 0.75% and a drawn rate of LIBOR + 3.50%.

We refer to the new revolving facility and new term loan facility collectively as the new credit facility. The new credit facility is expected to close and fund on the closing date of the merger and such closing and funding is subject to satisfaction of various conditions precedent, including:

the companies receiving at least \$1.9 billion in gross cash proceeds from the senior unsecured notes offering described below (or other issuance of senior unsecured notes) and borrowings under the new term loan facility (without giving effect to original issue discount); and

the closing of the new credit facility having occurred on or prior to December 31, 2010; provided, however, that the deadline for the closing for the new term loan facility and for the new revolving commitments of each consenting revolving lender shall be extended to March 31, 2011 if revolving lenders holding not less than \$750,000,000 of revolving commitments consent to such extension.

Upon the closing of the new credit facility, our obligations under the new credit facility will be guaranteed by certain of our existing and future direct and indirect subsidiaries. In addition, upon closing of the new credit facility, the obligations and guarantees under the new credit facility will be secured by a first priority security interest in substantially all of our assets, subject to certain exceptions set forth in the definitive documentation for the new credit facility.

Upon the closing of the new credit facility, its terms will require us to maintain, as at the end of each quarter, a ratio of consolidated secured debt (net of up to \$500 million in cash) to EBITDA of not more than 3.50 to 1.00. The new credit facility also includes covenants that will restrict our ability to, among other things, (a) incur additional indebtedness, (b) pay dividends, prepay subordinated indebtedness or purchase capital stock, (c) encumber our assets, (d) enter into business combinations or divest our assets, (d) make investments or loans, (e) enter into transactions with affiliates and (f) engage in sale and leaseback transactions, subject in each case to certain exceptions or basket amounts. The new credit facility provides for acceleration of our obligations and termination of commitments thereunder upon the occurrence and continuance of certain events of default, including, without limitation: (i) failure to pay principal when due, (ii) failure to pay for a period of five business days interest and other amounts when due, (iii) default in the performance of certain covenants contained in the credit agreement, subject to grace or cure periods set forth therein, (iv) failure to pay amounts due, after applicable grace periods, under, or acceleration of, certain material debt, (v) any money judgment is rendered against us which is not stayed for any period of 60 days, (vi) any change of control (as defined in the credit agreement) occurs, and (vii) certain bankruptcy and insolvency events.

Senior Unsecured Notes

On September 20, 2010, RRI Energy entered into a purchase agreement with Mirant, GenOn Escrow Corp. (GenOn Escrow), a newly formed Delaware subsidiary of Mirant, and J.P. Morgan Securities LLC, as representative of the several initial purchasers listed in the purchase agreement. The purchase agreement relates to two series of senior unsecured notes:

\$675 million of 9.5% senior unsecured notes due 2018 to be initially issued by GenOn Escrow; and

\$550 million of 9.875% senior unsecured notes due 2020 to be initially issued by GenOn Escrow.

The senior unsecured notes are expected to be issued on October 4, 2010. Upon issuance of the notes by GenOn Escrow, the funds will be deposited into a segregated escrow account pending completion of the merger. Upon completion of the merger, GenOn Escrow will merge with and into RRI Energy and RRI Energy will assume all of GenOn Escrow's obligations under the notes and the related indenture and the funds held in escrow will be released to us.

GenOn Escrow will be required to redeem the notes at a redemption price equal to 100% of the issue price of the notes, plus accrued and unpaid interest to, but excluding, the redemption date if:

the merger is not completed on or before December 31, 2010 or, subject to the deposit with the escrow agent of cash or government securities sufficient to fund the special mandatory redemption payment thereon, March 31, 2011 (the merger termination date),

the required refinancing transactions, as set forth in the merger agreement previously entered into by RRI Energy and Mirant, are not completed at or before the merger termination date,

the merger agreement is terminated before the merger termination date,

an event of default shall have occurred and be continuing under the indenture governing the senior unsecured notes, or

at any time, RRI Energy and Mirant, in their sole judgment, determine jointly that the refinancing transactions will not be completed on or before the merger termination date.

The senior unsecured notes will be issued under an indenture, to be dated as of the closing date of the notes offering, between GenOn Escrow and Wilmington Trust Company, as trustee. As of the closing date of the merger, the indenture will include covenants restricting us from incurring additional liens and from paying dividends or purchasing capital stock. In the event of a change of control of GenOn Energy, Inc., holders of the senior unsecured notes will have the right to require GenOn Energy, Inc. to purchase the outstanding senior unsecured notes at a price equal to 101% of the principal amount plus accrued and unpaid interest and additional interest (as defined in the indenture), if any. As of the closing date of the merger, the senior unsecured notes will be subject to acceleration of our obligations thereunder upon the occurrence of certain events of default, including: (i) default in interest payment for 30 days, (ii) default in the payment of principal or premium, if any, (iii) failure after 90 days of specified notice to comply with any other agreements in the indenture, (iv) certain cross-acceleration events, (v) failure by us or our significant subsidiaries to pay certain final and non-appealable judgments after 90 days and (vi) certain events of bankruptcy and insolvency. The senior unsecured notes will not be guaranteed by any of our subsidiaries.

Other Relationships

Some of the parties to the credit agreement and their respective affiliates perform various financial advisory and investment and commercial banking services for Mirant and us in the ordinary course of business. Certain

affiliates of the lenders under the credit agreement will act as initial purchasers of the senior unsecured notes, including J.P. Morgan Securities LLC, Credit Suisse (USA) Securities LLC, Deutsche Bank Securities Inc., Goldman, Sachs & Co., Morgan Stanley & Co. Incorporated, RBC Capital Markets Corporation and RBS Securities Inc.

The foregoing description of the credit agreement and purchase agreement is not complete and is qualified in its entirety by reference to the full text of the agreements, which will be filed as exhibits in a subsequent report of RRI Energy under the Securities Exchange Act of 1934, as amended (the Exchange Act).
