Item 8.01. Other Events.

On June 3, 2011, the Company announced that the City Council of Phoenix, Arizona, (Phoenix) has selected the Company to negotiate a contract to provide reactivation services for a ten-year period, and also includes the construction of a reactivation facility in Maricopa County, Arizona.

The reactivation facility, which would be owned and operated by the Company, is expected to serve as a regional center, providing custom reactivation services for other municipalities that utilize granular activated carbon to treat their drinking water, including two additional cities in Arizona whose representatives served on the selection panel for the project. During the construction of the facility, the Company would utilize its existing reactivation capacity to meet Phoenix's requirements.
