NOTICE OF ANNUAL MEETING

Dear Stockholder:

On May 16, 2002, American Axle & Manufacturing Holdings, Inc., a Delaware corporation ("AAM"), will hold its 2002 Annual Meeting of Stockholders (the "Annual Meeting") in the Corporate Town Hall Room at its World Headquarters complex, located at 1840 Holbrook Avenue, Detroit, Michigan. The meeting will begin at 2:00 p.m.

Only stockholders who owned stock at the close of business on March 18, 2002, may vote at the Annual Meeting or any adjournments that may take place. At the Annual Meeting we will:

1. Elect three Class III Directors;
2. Approve the appointment of our independent auditors for 2002; and
3. Attend to other business properly presented at the Annual Meeting.

Your Board of Directors unanimously recommends that you vote in favor of the two proposals (numbers 1 and 2, above) as further outlined in the attached proxy statement.

At the meeting we will also report on AAM's 2001 business results and other matters of interest to stockholders.

We recently mailed a copy of AAM's 2001 Annual Report to all AAM stockholders. The approximate date of mailing for the attached proxy statement and card was March 28, 2002.

Please sign, date, and return your proxy card in the envelope provided as soon as possible.

By Order of the Board of Directors,

/s/ Patrick S. Lancaster

PROXY STATEMENT

Annual Meeting of Stockholders

To Be Held May 16, 2002

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of American Axle & Manufacturing Holdings, Inc., a Delaware corporation ("AAM"), of proxies to be used at the Annual Meeting of Stockholders which will be held on May 16, 2002, at 2:00 P.M. EDT, or at any adjournment of the Annual Meeting. The mailing address of the principal executive offices of AAM is 1840 Holbrook Avenue, Detroit, Michigan 48212. The approximate date of mailing to stockholders of the Notice of Annual Meeting, this Proxy Statement and the enclosed Proxy was March 28, 2002.

QUESTIONS AND ANSWERS

1. Q: What may I vote on?

- A: (1) The election of three Class III Directors to serve on AAM's Board of Directors; AND
(2) The approval of the appointment of AAM's independent auditors for 2002; AND
(3) Such other business which is properly presented for a vote by stockholders at the Annual Meeting.

2. Q: How does the Board recommend I vote on the proposals?

- A: The Board recommends a vote FOR each of the nominees identified on page 7 and FOR the appointment of Deloitte & Touche LLP as AAM's independent auditors for 2002.

3. Q: Who is entitled to vote?

- A: Stockholders as of the close of business on the record date, March 18, 2002, are entitled to vote at the Annual Meeting.

4. Q: How can I vote my shares in person at the Annual Meeting?

- A: Shares held directly in your name as the stockholder of record may be voted in person at the Annual Meeting. If you choose to do so, please bring the enclosed proxy card or proof of identification with you to the Annual Meeting.

Even if you plan to attend the Annual Meeting, AAM recommends that you also submit your proxy as described below so that your vote will be counted if you later decide not to attend the Annual Meeting. Shares held in street name may be voted in person by you only if you obtain a signed proxy from the record holder giving you the right to vote the shares.

5. Q: How do I vote without attending the meeting?

- A: Sign and date each proxy card you receive and return it in the envelope provided. If you return your signed proxy card but do not mark the boxes showing how you wish to vote,

Table of Contents

your shares will be voted FOR the two proposals. You have the right to revoke your proxy by:

(1) notifying AAM's Corporate Secretary at any time before the Annual Meeting; OR

(2) voting in person at the Annual Meeting; OR

(3) returning a later-dated proxy card at any time before the Annual Meeting.

6. Q: Who will count the vote?

A: Representatives of EquiServe Trust Company, N.A., an independent tabulator, will count the votes and act as the inspector of election.

7. Q: What shares are included on the proxy card(s)?

A: The shares on your proxy card(s) represent ALL of your shares held on the record date. If you do not return your proxy card(s), your shares will not be voted unless you vote in person.

8. Q: What does it mean if I receive more than one proxy card?

A: If your shares are registered differently and are in more than one account, you will receive more than one card. Sign and return all of the proxy cards you receive to ensure that all of your shares are voted. We encourage you to have all accounts registered in the same name and address (whenever possible). You can accomplish this by contacting EquiServe Trust Company, N.A., our transfer agent, at (877) 282-1168.

9. Q: How many shares can be voted?

A: As of the March 18, 2002 record date, there were 47,617,431 shares of AAM common stock eligible to be voted. Every holder of common stock is entitled to one vote for each share held.

10. Q: What is a quorum ?

A: In order to reach a quorum to conduct business at the Annual Meeting, holders of a majority of AAM's outstanding shares, or 23,808,716 shares, must be present in person or represented by proxy at the meeting. Once a quorum is reached, the affirmative vote of a majority of the votes cast is required to adopt a proposal unless a different vote is required by Delaware law or AAM's Certificate of Incorporation or Bylaws. If you submit a properly executed proxy card, even if you abstain from voting, then you will be considered part of the quorum. However, abstentions are not counted in the tally of votes FOR or AGAINST a proposal. A WITHHELD vote is the same as an abstention.

11. Q: How many votes are needed for the proposals being voted on to pass?

A: Assuming a quorum is present, a vote of a majority of the shares voting in person or by proxy will decide the matters being considered. However, with regard to the election of the three Class III Directors, the three nominees receiving the greatest number of shares voted in person or by proxy will be elected.

12. Q: Who can attend the Annual Meeting of Stockholders?

A: All stockholders who owned shares on March 18, 2002 may attend.

13. Q: How will voting on any other business be conducted?

A: Although we do not know of any business to be considered at the meeting other than the proposals described in this proxy statement, if any other business is properly presented at the Annual Meeting, your signed proxy card gives authority to Richard E. Dauch, AAM's Co-Founder, Chairman of the Board & Chief Executive Officer, and Patrick S. Lancaster, Group Vice President, Chief Administrative Officer & Secretary, to vote on such matters at their discretion.

Table of Contents

14. Q: Where and when will I be able to find the results of voting?

A: You can find the results in our Form 10-Q for the second quarter of 2002, which we will file with the SEC no later than August 14, 2002.

15. Q: Does any stockholder own 5% or more of AAM's common stock?

A: Yes. As of the March 18, 2002 record date:

- (1) more than 5% of AAM's common stock was held collectively by Blackstone Capital Partners II Merchant Banking Fund L.P., Blackstone Offshore Capital Partners II L.P. and Blackstone Family Investment Partnership II L.P. Blackstone Management Associates II L.L.C. is the general partner of each such Blackstone entity; and
- (2) more than 5% of AAM's common stock was held collectively by Richard E. Dauch, as Trustee of the Dauch Annuity Trust 2001, the Dauch Annuity Trust 2004, and the Dauch Annuity Trust 2007, with the power to sell, transfer or otherwise dispose of shares owned by the Trusts; and
- (3) more than 5% of AAM's common stock was held by State Street Research & Management Company.

16. Q: Can a stockholder nominate someone to be a director of AAM or bring other business to the 2003 Annual Meeting of Stockholders?

A: AAM's Bylaws establish an advance notice procedure for stockholders to make nominations of candidates for election as directors at, or bring other business before, an annual meeting of stockholders of AAM.

Under the advance notice provision, in order for notice of stockholder nominations to be made at, or other business to be brought before, an annual meeting to be timely, the notice must (i) be in writing, (ii) contain the information required by AAM's Bylaws, and (iii) be received by AAM's Secretary at AAM's executive offices not less than 70 days nor more than 90 days prior to the first anniversary of the previous year's Annual Meeting. If the date of the annual meeting is advanced by more than 20 days or delayed by more than 70 days from such anniversary date, notice by the stockholder to be timely must be received no earlier than the 90th day prior to the meeting and not later than the later of the 70th day prior to the meeting and the 10th day after public announcement of the date of the meeting is first made.

Proposals of stockholders intended to be presented at the 2003 Annual Meeting of Stockholders pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended, must be received by the Secretary, American Axle & Manufacturing Holdings, Inc., 1840 Holbrook Avenue, Detroit, Michigan 48212, no later than 120 days prior to March 28, 2003, or December 2, 2002, to be considered for inclusion in AAM's proxy materials for that meeting.

A stockholder who intends to present business at the 2003 Annual Meeting of Stockholders other than pursuant to Rule 14a-8 must comply with the requirements set forth in AAM's Bylaws. Therefore, AAM's Secretary must receive notice of a stockholder proposal submitted other than pursuant to Rule 14a-8, in writing, containing the information required by AAM's Bylaws, on or before March 7, 2003, but no earlier than February 15, 2003. If the notice is received before February 15, 2003, or after March 7, 2003, it will be considered untimely and AAM will not be required to present such proposal at the 2003 Annual Meeting of Stockholders.

PROPOSALS YOU MAY VOTE ON

1. ELECTION OF CLASS III DIRECTORS

There are 3 nominees for election this year as Class III Directors. Detailed information on each nominee is provided beginning on page 7. Class III Directors elected this year will hold office until the election of directors at the Annual Meeting of Stockholders to be held in 2005.

Your Board unanimously recommends a vote FOR each of these directors.

2. APPROVAL OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS INDEPENDENT AUDITORS

The Audit Committee has recommended, and the Board has approved, the appointment of Deloitte & Touche LLP as our independent auditors for 2002, subject to your approval. Deloitte & Touche has served as AAM's independent auditors since 1998. As AAM's independent auditors, Deloitte & Touche has unrestricted access to the Audit Committee to discuss audit findings and other financial matters. Representatives of Deloitte & Touche will attend the Annual Meeting to answer appropriate questions and to make any statements they deem appropriate.

Audit services provided by Deloitte & Touche during 2001 included an audit of AAM's consolidated financial statements, audits of the separate financial statements of certain AAM affiliates and audits of employee benefit plan financial statements. In addition, Deloitte & Touche provided various non-audit services to AAM during 2001.

Your Board unanimously recommends a vote FOR the approval of Deloitte & Touche's appointment as independent auditors for 2002.

CORPORATE GOVERNANCE

AAM's business is under the direction of the Board of Directors. The Board delegates the conduct of business to AAM's senior management team. The principal functions of the Board are to:

Review and Approve AAM's Strategic Direction, Annual Operating Budget and Monitor AAM's Performance: The Board reviews and approves the overall goals and objectives of AAM and evaluates AAM's performance and direction. The Board stays abreast of political, regulatory and economic trends and developments that may impact AAM's strategic direction. The Board reviews and approves AAM's strategic direction and annual operating budget. On an ongoing basis during the year, the Board monitors AAM's performance against its annual operating budget.

Evaluate the Chief Executive Officer: The Chief Executive Officer, with the support of the Board, develops appropriate goals and objectives for each year. The Board evaluates the performance of the Chief Executive Officer. The Compensation Committee uses this performance evaluation in considering the Chief Executive Officer's compensation. The evaluation is communicated to the Chief Executive Officer.

Review Management Performance and Compensation: The Compensation Committee reviews and approves the Chief Executive Officer's evaluation of the top management team on an annual basis. The Compensation Committee evaluates the compensation plans for senior management and other employees to ensure they are appropriate, competitive and properly reflect AAM's objectives and performance.

Advise and Counsel Management: Advice and counsel to management occurs both in formal Board and Board Committee meetings and through informal, individual director's contacts with the Chief Executive Officer and other members of management. The Board is comprised of individuals whose knowledge, background, experience and judgment are useful to AAM. The information needed for the Board's decision-making generally will be found within AAM, and Board members have full access to management. If necessary, the Board may seek legal or other expert advice from a source independent of management.

Structure and Operations of the Board: The Board observes the following general practices:

BOARD STRUCTURE:

AAM's Board of Directors is divided into three classes. The members of each class of directors serve for staggered three-year terms. The current terms of the Class III, Class I, and Class II directors will expire upon the election of directors at the annual meetings of stockholders to be held in 2002, 2003, and 2004, respectively. Directors hold office until the expiration of their respective terms and until their successors have been elected and qualified, or until their earlier resignation or removal.

New directors may participate in an orientation process that includes review of extensive materials regarding AAM's business and operations, visits to AAM facilities, and meetings with key personnel.

BOARD OPERATIONS AND MEETINGS:

AAM's Board usually meets four times per year in regularly scheduled meetings, but will meet more often if necessary.

The Board held four meetings in 2001 and all directors attended all four of the Board meetings.

Table of Contents

COMMITTEE STRUCTURE:

The full Board considers all major decisions of AAM. However, the Board has established three standing committees – the Audit Committee, the Compensation Committee and the Executive Committee – so that certain important areas can be addressed in more depth than may be possible in a full Board meeting. The Audit and Compensation Committees are comprised entirely of outside, independent directors (as the term “independent” is defined in Sections 303.01(B)(2)(a) and (3) of the New York Stock Exchange Listing Standards).

The Audit Committee oversees AAM’s financial accounting and reporting practices, systems of internal accounting controls, and the audit process. This committee also evaluates the performance and recommends the appointment of independent auditors. Forest J. Farmer, Thomas K. Walker and John P. Reilly are members of this committee, and each attended all four Audit Committee meetings held in 2001.

The Compensation Committee reviews matters related to the compensation of the Chief Executive Officer and other senior management personnel, as well as the general employee compensation and benefit policies and practices of AAM. This committee may approve goals for incentive plans, evaluates performance against any such goals, and issues the Compensation Committee Report on executive compensation to stockholders. Thomas K. Walker, Forest J. Farmer, and John P. Reilly are members of this committee, and each attended all four Compensation Committee meetings held in 2001.

The Executive Committee exercises the authority of the Board during the intervals between meetings of the Board and does not meet on a regular basis. Richard E. Dauch, Robert L. Friedman, and John P. Reilly are members of this committee.

Table of Contents

DIRECTORS COMPENSATION

DIRECTORS COMPENSATION: AAM does not pay directors who are employees of AAM additional compensation for their services as directors. Nor does AAM pay directors who are affiliated with Blackstone for their services as directors. Compensation for each outside director in 2001 included the following:

an annual retainer of \$30,000,

\$1,000 for each Board of Directors meeting attended,

for Committee Chairmen, a fee of \$1,500 for each Committee meeting attended,

for Committee members, a fee of \$1,000 for each Committee meeting attended,

expenses of attending Board of Directors and Committee meetings, and

effective with the election to the AAM Board of Directors, stock options pursuant to the 1999 American Axle & Manufacturing Holdings, Inc. Stock Incentive Plan to purchase shares of AAM's common stock at the closing price of AAM stock on the date of the grant, which options vest at the rate of 2,000 per year over the director's term of office.

DIRECTORS STOCK OWNERSHIP GUIDELINES: The Board of Directors established guidelines in 1999 which recommend that each outside director maintain ownership of at least 1,000 shares of AAM stock.

Each of AAM's four outside directors, Forest J. Farmer, Thomas K. Walker, John P. Reilly, and Larry W. McCurdy, owns at least 1,000 shares of AAM common stock.

**SECURITY OWNERSHIP OF AAM DIRECTORS & OFFICERS AND
CERTAIN BENEFICIAL OWNERS OF AAM STOCK**

The following table indicates how much common stock is beneficially owned as of March 21, 2002, by (a) each person known to AAM to own 5% or more of AAM's common stock, (b) each Director and the nominees for election as a Director, (c) AAM's Chief Executive Officer and other Named Executive Officers⁽¹⁾ and (d) the directors and officers as a group.

Applicable percentage ownership in the table is based on 47,736,898 shares of AAM common stock outstanding as of March 21, 2002 and assumes the exercise of options to purchase 4,119,171 shares that were granted prior to our initial public offering and that are currently exercisable. In general, beneficial ownership refers to shares that a person has the power to vote or the power to dispose of and includes options that are presently exercisable or exercisable within 60 days, provided that the shares underlying these options are deemed outstanding for the purpose of computing the percentage ownership of the person holding options, but are not treated as outstanding for the purpose of computing the percentage ownership of any other person.

AUDIT COMMITTEE CHARTER

The Audit Committee of AAM's Board of Directors has adopted a written charter, which has been approved by AAM's Board of Directors. The charter, which has been updated since last year, is as follows:

Organization and Membership

AAM's Board of Directors (the Board) shall have an Audit Committee. All members of the Audit Committee shall be independent of management and free from any relationship that, in the opinion of the Board, would interfere with their independent judgment as a member of the Audit Committee.

Members of the Audit Committee shall be appointed by the Board. The Audit Committee shall designate one of its members as chairman.

Statement of Policy

The Audit Committee shall serve as the representative of the Board for the general oversight of AAM's financial accounting and reporting practices, systems of internal accounting controls and the audit process. The Audit Committee will assist the Board in discharging its fiduciary responsibilities to stockholders, providing assurance as to the independence of AAM's outside auditors and the adequacy of disclosure to stockholders and to the public. Through its activities, the Committee will facilitate open communication among directors, AAM's independent auditors, its internal audit function and corporate management. In the conduct of its duties, the Audit Committee will monitor the rules, regulations, pronouncements and/or recommendations of the SEC, NYSE, AICPA and other related regulatory bodies and professional associations to help ensure that AAM complies with all relevant requirements.

Responsibilities

Specifically, the Audit Committee will:

Hold regularly scheduled meetings each year (in person or by teleconference), normally in January, April, July and October, and such other meetings as may be required from time to time. A majority of the members of the Audit Committee shall constitute a quorum of the Audit Committee and a majority of the members in attendance where a quorum is present shall decide any question properly brought before them.

Recommend to the Board, annually, the appointment of a firm of independent public accountants as AAM's independent auditors.

Review the following with AAM's independent auditors:

1. The plan for and scope of audits of AAM's financial statements.
2. The results of its audits of AAM's financial statements.
3. The adequacy of AAM's internal accounting controls, including any recommendations with respect to such internal controls or perceived weaknesses in such internal controls or other financial matters, and management's response to any such recommendations.
4. Significant accounting policies, including the appropriateness of such policies and whether there have been any significant changes made by management in the basic accounting principles and reporting standards used to prepare AAM's financial statements.
5. AAM's Annual Report on Form 10-K, Quarterly Reports on Form 10-Q and other financial reports and SEC filings as deemed appropriate.

Table of Contents

Review the extent of any non-audit services performed for AAM by its independent auditors to ensure that performing those services does not impair the independence of the auditors.

Review the fees proposed by AAM's independent auditors for their services and approve the terms of their engagement.

Review the purpose, nature and results of any audits of AAM's financial statements, regulatory filings or business practices performed by any other auditors.

Review the work of AAM's Internal Audit Department with the Director of Internal Audit, including management's responses to any recommendations made and plans for future audit coverage.

Review whether management has sought a second opinion regarding a significant accounting issue (for example, from a firm of independent public accountants other than its current independent auditors), and, if so, obtain the rationale for the particular accounting treatment chosen.

Receive reports of actions and proposed actions relating to AAM's compliance program and review audits of compliance by officers and employees with such program and such other policies on business ethics and public responsibility as deemed appropriate.

Review and understand related-party transactions and the impact of such transactions on AAM's financial statements and related disclosures.

Meet privately from time to time with representatives of AAM's independent auditors, the Director of Internal Audit and AAM's management.

Make such other recommendations to the Board on such matters, within the scope of its functions, as may come to its attention and which in its discretion warrant consideration by the Board.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee has:

- 1) Conducted an annual review and reassessment of the Audit Committee Charter, which appears on pages 15-16 of this proxy statement, and adopted such written charter that specifies the scope of AAM's Audit Committee responsibilities and how it carries out those responsibilities;
- 2) Reviewed and discussed AAM's audited consolidated financial statements for the year ended December 31, 2001 with management at a meeting in January 2002 prior to AAM's year-end earnings announcement on January 24, 2002;
- 3) Reviewed and discussed AAM's unaudited condensed consolidated financial statements with management for the quarters ended March 31, 2001, June 30, 2001 and September 30, 2001 at quarterly meetings, in all cases prior to AAM's quarterly earnings announcements;
- 4) Discussed with Deloitte & Touche, AAM's independent auditors, the matters required to be discussed by Statement of Auditing Standards No. 61, as amended, at quarterly meetings, in all cases prior to AAM's earnings announcements;
- 5) Received written disclosures and the letter from Deloitte & Touche regarding their independence as required by Independence Standards Board Standard No. 1, including the following information regarding fees paid to Deloitte & Touche as AAM's independent auditors for the year ended December 31, 2001:

Audit Fees	\$ 644,800
Financial Information Systems Design And Implementation Fees	
Audit Related Fees	194,600(a)
Other Non-Audit Related Fees	460,623(b)(c)

Total Fees	\$1,300,023

(a) Includes fees for consents and comfort letters, and fees for the audits of AAM's employee benefit plans.

(b) Includes fees for tax consulting and other non-audit services.

(c) The Audit Committee has considered whether the nature of these services is compatible with maintaining the independence of Deloitte & Touche as AAM's independent auditors.

- 6) Discussed with the Director of Internal Audit the plans for, and scope of, internal audits, identification of audit risks and the results of audit activities completed during the year at quarterly meetings;
- 7) Based on the review and discussions referenced above, recommended to the Board of Directors that the audited consolidated financial statements for the year ended December 31, 2001 be included in AAM's annual report on Form 10-K; and
- 8) Recommended to the Board of Directors that a proposal to appoint Deloitte & Touche as AAM's independent auditors for the year ending December 31, 2002 be included in this proxy statement.

This report of the Audit Committee shall not be deemed incorporated by reference by any general statement purporting to incorporate this proxy statement by reference into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that AAM specifically incorporates this report of the Audit Committee by reference, and shall not otherwise be deemed filed under such Act.

Respectfully submitted by the members of the Audit Committee of the Board of Directors.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors (the "Compensation Committee") has approved a compensation strategy which emphasizes performance based compensation (such as profit sharing, annual bonus and stock options) as a significant element of compensation for salaried associates (AAM refers to its employees as "associates"), particularly corporate officers and executives described below.

The Compensation Committee strongly believes that this approach closely aligns the interests of AAM's associates with the long-term interests of AAM stockholders and strengthens AAM's ability to attract, retain and motivate the highest quality associates and a superior management team. Key elements of this strategy, as it applies to AAM corporate officers and other executive level salaried associates in leadership positions having a significant impact on profitability ("AAM Executives"), are described below.

The purpose of this report is to summarize the principles, specific program objectives and other factors considered by the Compensation Committee in reaching its determinations regarding AAM's compensation and benefits programs with respect to the compensation reported for the year ended December 31, 2001.

The Compensation Committee's Responsibilities: The Compensation Committee reviews and approves the policies recommended by AAM that govern compensation and benefits programs ("Total Compensation") for all salaried associates employed by AAM and its subsidiaries, and oversees the administration of those policies.

The Compensation Committee reviews and approves the compensation of Mr. Richard E. Dauch, Co-Founder, Chairman of the Board & Chief Executive Officer, as well as the compensation of AAM Executives who serve as corporate officers at the vice president level and above ("AAM Executive Officers" - 15 in total), as recommended by Mr. Dauch, on an annual basis. The Compensation Committee, representing the Board, also evaluates the compensation plans for AAM Executives and other salaried associates to ensure they are appropriate, market competitive and that they properly reflect AAM's objectives and performance.

The Compensation Committee is comprised entirely of outside directors. Reports of the Compensation Committee's actions and decisions are presented to the full Board.

Compensation Philosophy: AAM's compensation philosophy, as approved by the Compensation Committee, is incorporated in our Total Compensation program, which is designed to:

Encourage and support AAM's strong financial and operational performance;

Align management compensation with the long-term interests of stockholders by providing stock incentives, encouraging stockholding and emphasizing a significant level of performance-based compensation linked to AAM's performance with respect to return on invested capital, cash flow and net income as a percentage of sales; and

Provide a competitive level of Total Compensation necessary to attract, motivate and retain a talented and experienced management team.

Management's Stock Ownership Guidelines: AAM policy and practice considers management stock ownership to be an important means of linking management's interests directly to those of stockholders. As of March 21, 2002, AAM Executive Officers owned approximately 5.8 million shares, or 12.2%, of AAM's issued and outstanding common stock.

Compensation Methodology: In order to attract and retain superior management talent, AAM strives to provide a comprehensive compensation program for all salaried associates that is

Table of Contents

market competitive overall and which emphasizes performance based components. The Compensation Committee periodically reviews compensation information covering other companies and assesses AAM's overall competitive position based on four components of salaried associate compensation: (1) base salary, (2) annual incentives, (3) long-term incentives and (4) benefit programs.

To assist in benchmarking the competitiveness of its compensation programs, AAM participates in and reviews compensation and benefit surveys compiled by third-party consultants and professional organizations. The Compensation Committee considers this information, supplemented by general industry compensation information, when deciding whether or not to modify existing compensation or benefits programs or to establish new programs. The data reviewed includes such factors as company revenue, capitalization, operating performance and employee population, as well as the scope of managerial responsibility and reporting relationships of the individuals under consideration.

As part of the Compensation Committee's review of the competitiveness of AAM salaried associate compensation for 2001, the Compensation Committee concluded that overall base salaries and benefits for AAM salaried associates were market competitive.

Components of Compensation: The principal components of Total Compensation (excluding benefit programs) are as follows:

BASE SALARY: Annual base salary is intended to compensate salaried associates for their level of responsibility and sustained individual performance. The Compensation Committee approves, in advance, all salary adjustments for AAM Executive Officers. The general policy approved by the Compensation Committee with respect to salaried associate compensation is to compensate AAM's salaried associates near the mid-level of the range of base salaries paid for similar positions by similarly situated companies in the automotive parts manufacturing industry, including some or all of AAM's competitor peer group of companies identified in Note 3 of the Stock Performance Graph on page 18 hereof (Peer Group Companies), as well as certain other companies which are not identified as Peer Group Companies.

ANNUAL INCENTIVE AWARDS: AAM Executive Officers (other than Mr. Richard E. Dauch, whose compensation is addressed in an Employment Agreement and Supplemental Compensation Agreement, described below and on page 29 Employment Agreements) and AAM Executives who are not AAM Executive Officers (Other AAM Executives 275 in total) receive annual performance based cash bonus awards pursuant to AAM's annual incentive compensation plan (Executive Bonus Plan) which is designed to promote the achievement of AAM's business objectives. The Executive Bonus Plan takes into consideration compensation practices (base salary and annual incentives) at Peer Group Companies as well as certain other companies that are not identified as Peer Group Companies based on the size, locale, industry and activities of such companies and also requires that AAM achieve a minimum level of financial performance in the applicable fiscal year in order for any bonus payments to be payable thereunder.

Awards under the Executive Bonus Plan for 2001 and prior years were based on AAM's net income as a percentage of sales and individual performance during the plan year. The proposed awards for AAM Executive Officers are subject to approval by the Compensation Committee prior to their distribution.

AAM amended the Executive Bonus Plan effective January 1, 2002, to more closely align the interests of stockholders and management. The amended Executive Bonus Plan links annual cash bonus awards to the achievement of Compensation Committee-approved financial and operational targets which are measured in terms of return on invested capital, cash flow, and net income as a percentage of sales. Commencing for the 2002 fiscal year, the Compensation Committee determines which of the financial and operational target measurements will be used

Table of Contents

for the coming fiscal year, determines applicable targets and determines relative weighting of each such target relative to computation of annual cash bonus awards. In addition to these financial and operational targets, the Compensation Committee has specified that, for 2002, a portion of the annual cash bonus payable to Other AAM Executives pursuant to the amended Executive Bonus Plan shall be based on measures of plant productivity and/or individual performance against pre-determined goals which will be established on a case by case basis depending on the position held by each such Other AAM Executive.

For 2002, the Compensation Committee also significantly increased the minimum corporate financial performance results which AAM must achieve as a condition for AAM Executive Officers and Other AAM Executives to be eligible to receive any cash bonus payments pursuant to the amended Executive Bonus Plan. If AAM fails to achieve such minimum corporate financial targets, no annual cash bonus award payments will be payable to AAM Executive Officers or Other AAM Executives under the amended Executive Bonus Plan for the applicable fiscal year.

LONG-TERM INCENTIVE COMPENSATION: The Compensation Committee reviews and approves stock option grants for AAM Executive Officers and Other AAM Executives. Non-qualified stock options have been the principal form of long-term incentive compensation provided to AAM Executive Officers and Other AAM Executives.

Pursuant to the terms of AAM's stock option plans, non-qualified stock options granted have contractual terms ranging from 10 to 12 years from the date of grant in accordance with the terms of the applicable stock option plan under which such non-qualified stock options are awarded. The exercise price of options awarded is the fair market value of AAM's common stock on the date of grant. The options which were awarded in 2001 were awarded under the 1999 American Axle & Manufacturing Holdings, Inc. Stock Incentive Plan (the "1999 Plan") and vest over three years of employment following the date of grant. The options which were awarded prior to 2000 were awarded under the Amended and Restated American Axle & Manufacturing Holdings, Inc. Management Stock Option Plan (the "1997 Plan") and vest over five years of employment following the date of the grant and upon the achievement of certain EBITDA performance criteria established in the 1997 Plan. Stock options awarded to AAM Executive Officers and Other AAM Executives under either the 1999 Plan or the 1997 Plan only provide compensation if the value of AAM's common stock increases above the option value on the date of grant.

When determining the number of stock options to be awarded under AAM's stock option plans, the Compensation Committee considers AAM's financial performance, practices at companies in the automotive and automotive parts manufacturing industry, which may include some or all Peer Group Companies as well as certain other companies which are not identified as Peer Group Companies and the prospective recipient's past performance. The number of stock options previously awarded and the level of stock ownership by management may also be considered.

CEO Compensation: Mr. Richard E. Dauch, Co-Founder, Chairman of the Board & Chief Executive Officer of AAM participates in the same programs and receives compensation based on consideration by the Compensation Committee of the same factors as the other AAM Executive Officers. However, his overall compensation, approved by the Compensation Committee, reflects a greater degree of policy and decision-making authority and a higher level of responsibility with respect to AAM's strategic direction and financial and operational results. The Total Compensation of Mr. Dauch is specifically addressed in an Employment Agreement, as amended, pursuant to which he serves as AAM's Co-Founder, Chairman of the Board & Chief Executive Officer. The Employment Agreement, as amended, establishes, among other things, his base salary, his eligibility to receive a bonus, his eligibility to receive stock options, and also provides that he will be a voting member of the Board of Directors for the term of his

Table of Contents

employment with AAM. The Employment Agreement, as amended, also provides that Mr. Dauch is bound by confidentiality and non-competition covenants for a period of two years following expiration of the Employment Agreement, as amended, and that AAM may terminate Mr. Dauch's employment agreement for Cause, as defined in the Employment Agreement, as amended.

Mr. Dauch's bonus for 2001 was determined by the Compensation Committee based on AAM's financial performance, as measured by adjusted after tax net income, return on invested capital, and cash flow. The Compensation Committee determined that AAM's superior financial performance in 2001, which included (a) record sales, (b) earnings per share which exceeded analysts' expectations in each quarter, (c) achievement of positive free-standing cash flow in the third and fourth quarters, (d) 11.9% after tax return on invested capital, which places AAM at the top of Peer Group Companies, and (e) stockholder return on investment of over 169%, ranking AAM 11th highest of all companies listed on the NYSE, was due in large measure to the leadership efforts of Mr. Dauch. Accordingly, the Compensation Committee authorized a bonus to Mr. Dauch for 2001 in the amount of \$2,805,000 and granted him stock options in the total amount of 300,000 shares.

As partial consideration for an amendment to his Employment Agreement in December, 2000, which extended the term of the Employment Agreement by two years to December 31, 2006, subject to periodic renewal, Mr. Dauch and AAM entered into a Supplemental Compensation Agreement in December, 2000, which provides for an aggregate amount of \$11.8 million to be paid to Mr. Dauch in substantially equal installments over five years, beginning on or before December 31, 2001, in cash or in a grant of shares of AAM common stock at the then current market price, at AAM's option. Mr. Dauch was paid \$2,360,873 in 2001 in accordance with the Supplemental Compensation Agreement.

Compensation for AAM Executive Officers and Other AAM Executives: The Compensation Committee specifically approves the base salaries and bonus awards for AAM Executive Officers. The Compensation Committee concluded that the approved base salaries and bonus awards were competitive with base salaries and bonus awards paid to individuals in comparable positions at Peer Group Companies and certain other companies not identified as Peer Group Companies, based on the size, locale, industry, and activities of such companies based on data available from recognized compensation surveys, taking into consideration the duties, experience, and performance of each such AAM Executive Officer.

The Compensation Committee specifically approved an overall 2001 Base Salary Merit Budget for Other AAM Executives which is based on data comparing salaries of Other AAM Executives and the overall 2001 Base Salary Merit Budget with available survey data covering Peer Group Companies as well as certain other companies that are not identified as Peer Group Companies, based on the size, locale, industry, and activities of such companies. The base salary for each Other AAM Executive is based on the duties, experience, and performance of such Other AAM Executive, and the constraints of the 2001 Base Salary Merit Budget. The Compensation Committee concluded that the 2001 Base Salary Merit Budget was competitive based on available survey data covering both Peer Group Companies as well as certain other companies that are not identified as Peer Group Companies, based on the size, locale, industry, and activities of such companies.

Table of Contents

Other: During 2001, Mr. Richard E. Dauch received compensation in excess of the \$1 million limitation on deductibility under Section 162(m) of the Internal Revenue Code. Consequently, a portion of the compensation earned by Mr. Richard E. Dauch was not deductible by AAM in the determination of its 2001 income tax expense. Section 162(m) of the Internal Revenue Code did not impact AAM's ability to take a tax deduction for compensation paid to any other AAM Executive Officer, Other AAM Executive or other salaried associates eligible for bonus or stock options.

The Compensation Committee periodically reviews AAM's executive compensation plans to determine their compliance with Section 162(m) of the Internal Revenue Code. The Compensation Committee may, as was the case in 2001, recommend that non-deductible compensation be paid to one or more AAM Executive Officer when such compensation is deemed to be in the best interests of AAM stockholders.

Compensation Committee Interlocks and Insider Participation: There are none.

Notes to Table:

- (1) Titles shown are as of January 1, 2002.
- (2) These options were granted with an exercise price equal to the fair market value of a share of AAM common stock on the date of grant. These options will become exercisable in three substantially equal annual installments beginning on April 2, 2002.
- (3) In accordance with SEC regulatory requirements, hypothetical gains that would exist for the respective options are shown using assumed rates of appreciation of 5% and 10%, respectively. The ultimate value of the options will depend on the actual market value of AAM's common stock at a future date. The potential realizable value is shown net of the option exercise or base price, but before income taxes associated with exercise. The estimated amounts presented represent assumed annual compounded rates of appreciation in the market price for AAM's common stock from the date of grant through the expiration of the options (in each case, although exercisable as described in

Edgar Filing: AMERICAN AXLE & MANUFACTURING HOLDINGS INC - Form DEF 14A

Note (2) above, the options expire on the 10th anniversary of the date of grant). Based on the closing price of \$8.85 per share for the AAM common stock as reported on the New York Stock Exchange on

April 2, 2001, the 5% and 10% rates of appreciation for a period of 10 years from such date would result in per share prices of \$13.90 and \$21.39 respectively. This presentation is based on the disclosure format prescribed by the SEC and is not intended to forecast future appreciation of the common stock price. In addition, the Named Executive Officers listed above will not benefit unless the common stock price increases above the exercise or base price for each stock option.

Notes to Table:

- (1) Titles shown are as of January 1, 2002.
- (2) Value realized is equal to the difference between the stock option exercise price and the fair market value of AAM common stock at the date of exercise multiplied by the number of stock options exercised.
- (3) Value is equal to the difference between the stock option exercise price and the closing market price of AAM common stock reported on the New York Stock Exchange on December 31, 2001 of \$21.38 multiplied by the number of stock options held by the Named Executive Officer. The dollar values in this table are calculated on a pre-tax basis.

Retirement Program and Pension Plan Tables

AAM maintains the following defined benefit plans for AAM Executive Officers and certain Other AAM Executives (Eligible AAM Executives 57 total):

Table of Contents

The American Axle & Manufacturing, Inc. Supplemental Executive Retirement Plan (the SERP), which is a non-qualified plan. Benefits paid from this Plan are from current earnings of AAM.

RPSE: The RPSE covers substantially all AAM salaried associates and consists of noncontributory benefits and optional contributory benefits.

If Eligible AAM Executives do not elect to contribute to the RPSE, they are only entitled to receive basic retirement benefits equal to a flat dollar amount per year of credited service, which are essentially equivalent to the benefits under the American Axle & Manufacturing Hourly-Rate Employees Pension Plan maintained by AAM for its hourly associates. All Eligible AAM Executives are entitled to this flat dollar per year of service benefit. In accordance with its terms, benefits under the RPSE fully vest after five years of credited service and are payable at the normal retirement age of 65, or earlier, on a reduced basis, at the election of the participant. Supplemental early retirement benefits are available for certain employees hired before 1988.

The contributory portion of the RPSE provides defined benefits under a formula based on eligible years of credited service (maximum 35 years) and the average monthly base salary received in the highest sixty months out of the final ten years of service. In addition, upon retirement at or after age 65, employees receive an annual retirement benefit that is equal to the sum of their contributions to the RPSE. The benefits are subject to certain Internal Revenue Code limitations that change from time to time. For the twelve month period ending December 31, 2001, the Internal Revenue Code limited the total remuneration that may be included for purposes of determining benefits under the RPSE to \$170,000 on an annualized basis.

SERP: Under the SERP, Eligible AAM Executives who made the optional specified contributions to the RPSE are also eligible to receive the greater of a regular form of the SERP benefit or an alternative form of the SERP benefit.

Total monthly retirement benefits for an Eligible AAM Executive receiving the regular form of the SERP benefit are equal to the sum of the following: (1) 2% of the average monthly base salary received in the highest sixty months out of the final ten years of service; (2) multiplied by the eligible years of credited service as an employee of AAM (as calculated for purposes of the RPSE); and (3) less the sum of all benefits payable under the RPSE (before reduction for any survivor option) plus the product of 2%, multiplied by the number of years of credited service as an employee of AAM (as calculated for purposes of the RPSE) multiplied by the maximum monthly Social Security benefit payable to a person retiring at age 65.

Total monthly retirement benefits for an Eligible AAM Executive receiving the alternative form of the SERP benefit are computed such that the sum of the RPSE benefits and the alternative form of RPSE benefits equal the sum of the following: (1) the product of 1.5% multiplied by the average monthly compensation (including bonus) of the Eligible AAM Executive's highest five years of total direct compensation out of the last ten years; (2) multiplied by eligible years of credited service as an employee of AAM (as calculated for purposes of the RPSE); and (3) less 100% of the maximum monthly Social Security benefit payable to a person in the year of retirement. Supplemental executive retirement benefits otherwise payable under the alternative formula can be reduced or eliminated at the discretion of the Compensation Committee and the Board of Directors.

Since the SERP is not subject to ERISA, neither the average monthly base salary used as a factor in determining benefits under the regular form nor the total direct compensation (including bonus) used as a factor in determining benefits under the alternative form is subject to a limitation under the Internal Revenue Code.

Table of Contents

Estimated Total Retirement Benefit: The total estimated annual retirement benefits payable to the Eligible AAM Executives, including the Named Executive Officers, under both the RPSE and the SERP are set forth in the following tables:

Table I RPSE and Regular SERP: Table I shows the estimated total annual retirement benefit under both the RPSE and the regular form of the SERP related to final base salary as of December 31, 2001, that would be payable in 12 equal monthly installments per annum as a single life annuity to Eligible AAM Executives retiring in 2002 at age 65. The benefits shown are based upon participation in the optional contributory portion of the RPSE and maximum annual Social Security benefits of \$19,920 payable to persons retiring in 2002. If the Eligible AAM Executive elects to receive benefits in the form of a 65% joint and survivor annuity to the Eligible AAM Executive and his spouse, the amounts shown would generally be reduced by 5%, subject to certain adjustments depending on the age differential between the Eligible AAM Executive and his spouse.

* Maximum contributory credited service under the contributory portion of the RPSE and SERP is 35 years. As of December 31, 2001, the Named Executive Officers had the following years of Contributory Credited Service: Mr. R.E. Dauch, 7.8333 years; Mr. J.D. Robinson, 7.8333 years; Mr. R.J. Adams, 2.5000 years; Mr. P.S. Lancaster, 7.5833 years; and Mr. M.A. Cumo, 7.8333 years.

The annual base salaries are reported for the most recent year(s) considered in the calculations of the averages reported in the Summary Compensation Table in the column labeled Base Salary.

Table II RPSE and Alternative SERP: Table II shows the estimated total annual retirement benefit under both the RPSE and the alternative form of the SERP related to final average total direct compensation (including bonus) as of December 31, 2001, that would be payable in 12 equal monthly installments per annum as a single annuity to senior executives retiring in 2002 at age 65. The benefits shown are based upon participation in the optional contributory portion of the RPSE and maximum Social Security benefits of \$19,920 payable to persons retiring in 2002. If the Eligible AAM Executive elects to receive benefits in the form of a 65% joint and survivor annuity to the Eligible AAM Executive and his spouse, the amounts shown would generally be reduced by 5%, subject to certain adjustments depending on the age differential between the Eligible AAM Executive and his spouse.

The annual total direct compensation for the most recent year considered in Table II in the calculation of the sum of the averages of salary and of bonus income, (which is reported here as average annual total direct compensation), will be found in the Summary Compensation Table in the columns labeled Base Salary and Bonus.

Employment Agreements

AAM has an Employment Agreement with Richard E. Dauch to serve as Co-Founder, Chairman of the Board & Chief Executive Officer. The Employment Agreement expires on December 31, 2006, subject to periodic renewal, as more particularly discussed in the Compensation Committee Report. AAM and Mr. Dauch also entered into a Supplemental Compensation Agreement in December 2000, which is also more particularly described in the Compensation Committee Report.

AAM has an Employment Agreement with Robin J. Adams to serve as Executive Vice President-Finance & Chief Financial Officer. This agreement expires on July 5, 2002. The agreement provides for, among other things, an annual base salary, an annual bonus, and provides that AAM will grant Mr. Adams a certain number of options pursuant to the American Axle & Manufacturing Holdings, Inc. 1999 Stock Incentive Plan to purchase shares of AAM common stock at the closing price of AAM stock on the date of grant, which options will vest at a substantially equal rate over the three-year term. Under the terms of his Employment Agreement, Mr. Adams is bound by confidentiality and non-competition covenants for a period of 18 months following the expiration of the Employment Agreement. AAM may terminate Mr. Adams' Employment

Agreement for Cause as defined in the Employment Agreement.

OTHER INFORMATION

Directors & Officers Indemnification

As permitted by Delaware Law, AAM's Certificate of Incorporation eliminates the personal liability of a director of AAM for monetary damages for breach of fiduciary duty of care as a director, except for (i) any breach of the director's duty of loyalty to AAM or its stockholders, (ii) acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) unlawful payment of dividends or stock purchases or redemptions pursuant to Delaware Law and (iv) any transaction from which the director derived an improper personal benefit. In addition, AAM's Certificate of Incorporation provides for indemnification, to the full extent specifically authorized under Delaware Law, of directors and officers of AAM and persons who serve at the request of AAM as a director, officer, employee, agent or trustee of another corporation, partnership, joint venture, trust or other enterprise. The provisions of AAM's Certificate of Incorporation on the subject of indemnification are deemed to be a contract between AAM and each director or officer. AAM also maintains an insurance policy that insures directors and officers against claims arising from alleged wrongful acts in their respective capacities as directors and officers of AAM.

Related Party Transactions

In connection with a leveraged recapitalization transaction in 1997 through which Blackstone Capital Partners II Merchant Banking Fund L.P. and certain of its affiliates (collectively Blackstone) acquired a majority ownership interest in AAM, AAM entered into an agreement pursuant to which Blackstone provides certain advisory and consulting services to AAM and is paid an annual fee therefor (the Monitoring Agreement). The Monitoring Agreement has been amended effective January 1, 2002, to modify the term and provide a different fee structure payable to Blackstone. Under the new fee structure, fees payable to Blackstone under the Monitoring Agreement decrease based on a decrease in Blackstone's ownership interest in AAM. In 2001, Blackstone was paid \$4.1 Million by AAM for such advisory and consulting services. Messrs. Friedman, Lappin, and Pearlman are each principals of Blackstone and are also members of the AAM Board of Directors. This amendment to the Monitoring Agreement was approved by the Audit Committee.

Section 16(a) Beneficial Ownership Reporting Compliance

AAM believes that during 2001, all SEC filings of its officers, directors and owners of more than 10% of a registered class of AAM's equity securities complied with the requirements of Section 16 of the Securities Exchange Act, except that Yogen N. Rahangdale made a delayed Form 4 filing with respect to a transaction which occurred in 2000, and Blackstone Management Associates II L.L.C. and Blackstone Capital Partners II Merchant Banking Fund L.P. (and Blackstone Offshore Capital Partners II L.P. and Blackstone Family Investment Partnership II L.P., as joint filers) each made a delayed Form 4 filing with respect to AAM's follow-on stock offering which occurred in August, 2001.

Other Matters

As of the date of this proxy statement, management is not aware of any matters to be presented for action at the Annual Meeting other than those described above, except for routine matters. If such other matters do properly come before the Annual Meeting, however, the persons named in the accompanying proxy intend to vote the proxy in accordance with their best judgment on such matters.
