INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the  
NiSource Inc. Retirement Savings Plan  
Merrillville, Indiana

We have audited the accompanying statements of net assets available for benefits of the NiSource Inc. Retirement Savings Plan (the "Plan") as of December 31, 2002 and 2001, and the related statement of changes in net assets available for benefits for the year ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002 and 2001, and the changes in net assets available for benefits for the year ended December 31, 2002, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the Table of Contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic 2002 financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic 2002 financial statements taken as a whole.

## Edgar Filing: NISOURCE INC/DE - Form 11-K

FOR THE YEARS ENDED DECEMBER 31, 2002 AND 2001

### 1. DESCRIPTION OF PLAN

NiSource Inc. (the "Company") is a holding company whose major subsidiary companies are Northern Indiana Public Service Company ("NIPSCO"), Columbia Energy Group, Bay State Gas Company, Northern Indiana Fuel and Light, and Kokomo Gas ("Kokomo").

Effective January 1, 2002, the following plans, administered by the Company, merged into the Columbia Savings Plan: NiSource Inc. Tax Deferred Savings Plan, Kokomo Gas and Fuel Company Bargaining Unit Tax Deferred Savings Plan, Northern Indiana Fuel and Light Company ("NIFL") Savings Plan, and Bay State Gas Company Employee Savings Plan and Trust. Substantially all of the assets of the NiSource Inc. Tax Deferred Savings Plan and all of the assets of the Kokomo Gas and Fuel Company Bargaining Unit Tax Deferred Savings Plan were transferred into the Plan on December 31, 2001, which was prior to the effective date. Assets of the NIFL Savings Plan and Bay State Gas Company Employee Savings Plan and Trust were transferred into the Plan on January 2, 2002. The name of the Columbia Savings Plan was subsequently changed to NiSource Inc. Retirement Savings Plan (the "Plan").

The following description of the Plan provides general information regarding the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General--The Plan is a defined contribution plan available to each eligible employee who works for the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Administration--The Company serves as administrator and sponsor of the Plan. The Company maintains an administrative committee appointed by the Board of Directors, which has the responsibility to assist the Company in administering the Plan. Fidelity Management Trust Company (the "Trustee") holds all the Plan's assets and executes all investment transactions.

Contributions--Each year, participants may contribute up to 50% of compensation (as defined in the Plan) on a pre-tax basis and 25% on an after-tax basis, up to 75% in total. Contributions are subject to certain limitations. Participants direct the investment of their contributions into various investment options by the Plan. The Plan offers twenty-seven mutual funds, one money market fund and one common stock fund as investment options for participants.

The Company contributes an amount determined as follows:

- a. For the accounts of all participants who participate in the Final Pay Option of the Retirement Plan of Columbia Energy Group Companies, or any successor plan (as defined therein):
  - (1) during the first 120 months of participation, an amount equal to 50% of the first 6% of the participant's contribution;
  - (2) from the 121st through the 240th month of participation, an amount equal to 75% of the first 6% of the participant's contribution;

-4-

- (3) from the 241st month onward of participation, an amount equal to 100% of the first 6% of the participant's contribution.
- b. For the accounts of all participants who participate in the Final Pay Option of the NiSource Inc. and NIPSCO Pension Plan Provisions Pertaining to Salaried and Non-Exempt Employees and Kokomo nonunion employees who participate in the Final Pay Option of the NiSource Inc. Subsidiary Pension Plan and Kokomo union employees, or any successor plans (as defined therein), an amount equal to 11.1% of all pre-tax contributions made by the participant to the Plan.
- c. For the accounts of all participants who participate in the Final Pay Options of the Bay State Gas Company Pension Plan, or any successor plan (as defined therein), an amount equal to 100% of the first 2 1/2% of pre-tax participant contributions plus 50% of the next 5% of participant pre-tax contributions. Certain employees, who were 45 or older on September 1, 1990 and employed on that date, are grandfathered into a match of 50% of the first 5% of participant pre-tax contributions.
- d. For accounts of all employees of the NIFL, who participate in the Final Pay Option of the NiSource Inc. Pension Plan, or any successor plan (as defined therein), an amount equal to 50% of the first 6% of participant pre-tax contributions.
- e. For the accounts of all participants who participate in the Account Balance Option of the Retirement Plan of Columbia Energy Group Companies, the NiSource Inc. and NIPSCO Pension Plan Provisions Pertaining to Salaried and Non-Exempt Employees, the NiSource Inc. Subsidiary Pension Plan, or the Bay State Gas Company Pension Plan, or any successor plans (as defined therein), an amount equal to 75% of the first 6% of participant's contributions.

The matching contribution is invested directly into the NiSource Inc. Common Stock Fund. Employees age 50 or older may direct matching contributions among any of the funds available in the Plan.

Rollovers from Other Qualified Employer Plans--The Plan allows for employees to transfer certain of their other qualified employer retirement plan assets to the Plan. These amounts are reflected in participant contributions in the accompanying statement of changes in net assets available for benefits.

Participant Accounts--Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of certain administrative expenses.

Vesting--Participants are fully vested in their accounts at all times.

Participant Loans--Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of

## Edgar Filing: NISOURCE INC/DE - Form 11-K

their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1% based on the last day of the previous month they take out the loan. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the loan is to purchase the participant's primary residence which allows repayment up to 15 years.

-5-

Participant Withdrawals--Withdrawals from the Plan are generally permitted when the participant terminates employment, retires, or becomes permanently disabled. The Plan offers the following options for withdrawals while still employed:

Age 59 1/2 withdrawals;

Voluntary withdrawals from after-tax, rollover and matching contributions; and

Hardship withdrawals, subject to the Plan rules.

A company matching contribution or hardship withdrawal may result in the suspension of the participant's deferral and company matching contributions for six months.

Payment of Benefits--At the direction of the participant or beneficiary, distribution will be made in a lump sum payment in cash, or by such other method of payment as may be adopted by the committee according to uniform standards. Any distribution consisting of units in the NiSource Inc. Common Stock Fund may be paid in cash or in whole shares of common stock represented by such units plus a cash amount equal to the fair market value of any fraction of a share of the common stock fund. If the amount payable under the Plan to any participant or beneficiary is less than or equal to \$5,000, the committee will direct that such amount be paid in a lump sum.

Transfers Between Plans--Transfers between plans occur when employees transfer out of the Union but stay with NiSource Inc., which results in a transfer of any related balances between this Plan and other plans. Amounts are included in transfers from other plans on the accompanying statement of changes in net assets available for benefits.

Employee Stock Ownership Plan--Effective January 1, 2002, the NiSource Inc. Common Stock Fund was changed to operate as an Employee Stock Ownership Plan (ESOP). As an ESOP, under the terms of this plan, participants may diversify their investment attributable to employer match at any time after they reach age 50. Participants may also elect to have dividends paid to them in cash or reinvested in the fund.

Voting Rights of NiSource Inc. Common Stock Fund Participants--Each participant in the NiSource Inc. Common Stock Fund is entitled to direct

## Edgar Filing: NISOURCE INC/DE - Form 11-K

the Trustee as to the manner of voting at each meeting of shareholders, all shares of NiSource Inc. common stock (including fractional shares), represented by the value of the participant's interest in the NiSource Inc. Common Stock Fund.

Reclassifications--Certain amounts in the 2001 financial statements have been reclassified to conform with the 2002 presentation.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting--The financial statements of the Plan were prepared using the accrual basis of accounting.

Use of Estimates--The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

-6-

Investment Valuation and Income Recognition--The Plan's investments are stated at fair value. Participant loans are valued at cost, which approximates fair value. Quoted market prices are used to value investments. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the record date.

Payment of Benefits--Benefits are recorded when paid.

Administrative Expenses--Most administrative expenses of the Plan are paid by the Company. Certain other expenses of the Plan such as investment manager and broker fees are paid by the Plan.

### 3. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets.

	Decem ----- 2002
* NiSource Inc. Common Stock Fund	\$127,485,260

During 2002, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value as follows:

NiSource Inc. Common Stock Fund	(19,000,631)
	-----
	\$ (97,455,967)
	=====

The Plan provides for investments in mutual funds and common stock that, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

5. RELATED-PARTY TRANSACTIONS

The Plan invests in NiSource Inc. common stock. Since NiSource Inc. is the parent of the Company, any investment transactions involving NiSource Inc. common stock qualify as party-in-interest transactions. Certain Plan investments are shares of mutual funds managed by the Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee, as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company reserves the right under the Plan document to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, the rights of each participant to all amounts then credited to his or her account will continue to be nonforfeitable.

7. TAX STATUS

The Internal Revenue Service (the "IRS") has issued a determination letter dated November 28, 1990, stating that the Plan is qualified under applicable sections of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan administrator submitted a letter to the IRS, dated February 28, 2002, requesting a new determination.
