The Plan Administrator
Orthodontic Centers of America, Inc. 401(k) Profit Sharing Plan

We have audited the accompanying statements of net assets available for benefits of Orthodontic Centers of America, Inc. 401(k) Profit Sharing Plan as of December 31, 2000 and 1999, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2000 and 1999, and the changes in its net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2000 and nonexempt transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in

all material respects in relation to the financial statements taken as a whole.

A participant may withdraw all or a portion of his account in the event of financial hardship, as defined in the Plan.

PRIORITIES UPON TERMINATION

Although the Company has not expressed any intent to do so, the Company may discontinue its contribution or the Plan may be terminated subject to the provisions of ERISA at the Company's option. The Plan also invests in Orthodontic Centers of America, Inc. common stock, which is held in a separate Common Stock Trust.
