INDEPENDENT AUDITOR'S REPORT

To the Administrative Trustees of the  
Mechanical Unions Savings Trust:

We have audited the accompanying Statements of net assets available for plan benefits of the Mechanical Unions Savings Trust (the Plan) as of December 24, 2002 and 2001, and the related statements of changes in net assets available for plan benefits for each of the years in the three-year period ended December 24, 2002, and the supplemental schedule of assets held for investment purposes at end of the year at December 24, 2002. These financial

statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Putnam Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 24, 2002 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have audited the statement of net assets available for plan benefits of Mechanical Union Savings Trust as of December 24, 2001, and in our report dated June 17, 2002, we expressed our opinion that such financial statement presents fairly, in all material respects, the financial status of the Mechanical Union Savings Trust as of December 24, 2001, in conformity with accounting principles generally accepted in the United States of America.

## NOTES TO FINANCIAL STATEMENTS

December 24, 2002

## NOTE A - DESCRIPTION OF THE PLAN

The Mechanical Unions Savings Trust (the Plan) is a defined contribution plan established under the collective bargaining agreement between the Globe Newspaper Company, Wilson Tisdale Company (the Company) and nine Mechanical Unions. The Plan became effective on January 1, 1989, was last amended December 12, 1998 and is available to all employees of the participating unions who meet the eligibility requirements. It is intended that the Plan qualify under Section 401(k) of the Internal Revenue Code.

The pension committee, comprised of the plan trustees, serves as the plan administrator. Three union representatives and three representatives of the Company make up the plan trustees.

The Plan's assets are held by Putnam Investments at December 24, 2002 and 2001.

All expenses incurred in the administration of the Plan are paid by the participants.

#### Eligibility

To be eligible to participate in the Plan, an employee must be at least 21 years of age and a member of one of the nine Mechanical Unions participating in the Plan, and must have worked at least 1,000 hours during the previous 12-month period.

#### Contributions

Participants enter into a salary reduction agreement with the employer, subject to statutory limitations. Employee contributions under the Plan are tax-deferred and are invested in the Plan in accordance with their investment elections.

#### Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charges with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### NOTE A - DESCRIPTION OF THE PLAN - (Continued)

##### Investments

The Plan's investments are stated at fair value as determined by quoted market prices except for its guaranteed investment contracts with Allmerica Financial which are stated at contract value.

Plan participants may direct the investment of their account balances in any of the following twelve investment options:

##### **1. Putnam OTC & Emerging Growth Fund**

Seeks capital appreciation by investing mainly in stocks of small to midsize emerging growth companies traded on the over-the-counter market and on national exchanges.

##### **2. Janus Aggressive Growth Fund**

Seeks long-term growth of capital. The fund pursues its objective by investing primarily in common stocks selected for their growth potential and normally invests at least 50% of its equity assets in midsize companies.

**3. MAS Small Cap Value Fund**

Seeks above-average total return over a market cycle of three to five years by investing primarily in common stocks and other equity securities with equity capitalizations in the range of companies included in the Russell 2000 Index.

**4. Putnam International Growth Fund**

Seeks capital appreciation by investing in a diversified portfolio of stocks of companies located mainly outside the United States.

**5. Putnam Investors Fund**

Seeks long-term growth of capital by investing mainly in blue-chip stocks – those large, well-established companies – selected from a broad range of industries. The fund targets companies that are enjoying rising sales and profits and that have dominant positions within their industries.

**6. T. Rowe Price Mid-Cap Value Fund**

Seeks long-term growth of capital by investing primarily in the common stocks of midsize companies believed to be undervalued. The fund's focus on mid-cap companies makes it potentially less risky than funds investing in faster growing small company stocks, but more risky than large company stock funds. However, the value approach to stock selection may help reduce overall volatility. The fund is intended for long-term investors who can accept the price fluctuations inherent in common stock investing.

NOTE A - DESCRIPTION OF THE PLAN - (Continued)

**7. Putnam S&P 500 Index Fund**

Seeks a return, before the assessment of fees, that closely approximates the return of the S&P 500 Index, which is an indicator of U.S. stock market performance.

**8. The Putnam Fund for Growth and Income**

Seeks capital growth and current income by investing mainly in attractively priced stocks of mature companies that offer long-term growth potential while also providing income.

**9. Putnam Asset Allocation: Balanced Portfolio**

Seeks total return. The fund is designed for investors who want an investment with moderate risk and the potential for moderate growth. The balance between the relative stability of bonds and the fluctuation of stocks is designed to reduce overall risk.

**10. PIMCO Total Return Fund**

Seeks maximum total return that is consistent with preservation of capital and prudent investment management. The fund invests in a diversified portfolio of fixed-income instruments with an average duration that varies between three and six years.

**11. MUST Stable Value Fund**

Seeks stability of principal by investing mainly in investment contracts or similar investments issued by insurance companies, banks, and similar financial institutions. To provide liquidity, a portion of the fund's assets is invested in high-quality money market instruments.

**12. New York Times Stock**

Under this option, your account seeks capital appreciation by investing in common stock of the New York Times. This investment account accepted no new contributions after October 1, 1993.

## Vesting

Participants are 100% vested in their contributions and any earnings on their investment account balances.

### NOTES TO FINANCIAL STATEMENTS

December 24, 2002

#### NOTE A - DESCRIPTION OF THE PLAN - (Continued)

##### In-Service Withdrawals

A participant may withdraw his contributions prior to age 59½ solely in the event of financial hardship. Determinations of financial hardship shall be made by the plan administrator based on the criteria listed in the plan agreement (conforming with Internal Revenue Service regulations). If a hardship withdrawal is taken the participant will be suspended from making salary savings contributions to this or any other plan maintained by his employer for one year. After age 59½, even if still employed, a participant may request a withdrawal for any reason. Contributions to the plan are not required to be suspended in this situation.

##### Termination of Employment

If a participant terminates employment due to death, disability or retirement (as defined in the plan agreement), the account becomes 100% distributable. Distribution is made in a lump-sum payment equal to the value of the participant's account.

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING ISSUES

##### Classification Change

A participant may transfer his account balance to another plan sponsored by the Company if, upon a job classification change, the participant is no longer an eligible employee of the plan.

##### Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. All investments are stated at market value or cost plus carrying value (contract value) for the Guaranteed Investment Account. Contract value at December 24, 2002 and 2001 approximates market value.

##### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
