Costs of Plan participation are subject to change from time to time at the discretion of DTE Energy. In addition, DTE Energy reserves the right to impose new and additional fees. Plan participants will be notified of changes in fees.

5. What investment options are provided under the Plan?

Shareholders of record may participate in the Plan under any one of three investment options:

Full Reinvestment This option is available to all shareholders.

Partial Reinvestment This option is available to shareholders owning 100 shares or more.

Cash Investment This option is available to all shareholders.

In order to participate in the Plan for any given dividend payment date, you must enroll in the Plan on or before the record date for that dividend payment. You can change your investment option at any time either online or by calling the Plan Administrator and requesting an enrollment package. Any changes will be effective as of the next record date after receipt by the Plan Administrator.

6. What is meant by Full Reinvestment?

If you elect to fully reinvest your dividends, when a dividend is paid, the cash dividends on all your shares (both shares for which you hold a certificate and Plan shares) will be used to purchase additional shares of DTE Energy common stock. These additional shares, including fractional shares, will be credited to your Plan account and you will not receive a dividend check for any of the shares you own under the Plan. You will also be able to make cash investments at your convenience any time during the year for the purchase of additional Plan Shares. This option is available to all shareholders.

7. What is meant by Partial Reinvestment?

If you elect to partially reinvest your dividends, when a dividend is paid you will receive a check for the cash dividends on a specified number of your shares, and the rest of your dividends will be reinvested in DTE Energy common stock. When you select this option, ***you must specify the number of whole shares on which you desire to receive a cash dividend***. The balance of your dividends, including dividends on fractional shares, will be used to purchase additional shares of DTE Energy common stock and the additional shares will be credited to your Plan

Table of Contents

account. Your dividends will be reinvested according to your instructions. You will also be able to make cash investments at your convenience any time during the year for the purchase of additional Plan Shares. This option is available to shareholders owning 100 shares or more.

8. What is meant by Cash Investment?

If you elect Cash Investment only, you are stating that you want to be able to purchase additional Plan shares of DTE Energy common stock by making a cash investment at any time during the year, but you do not want to participate in either dividend reinvestment option.

When a dividend is paid, you will receive a check for the full amount of the dividends payable to you on both your certificated and your Plan shares, including any fractional shares. This option is available to all shareholders.

9. How are cash investments made?

Unlike dividend reinvestment, which normally occurs at quarterly intervals, you can make cash investments throughout the year. Plan purchases with cash investments are generally made on or after the 15th day of the month. Each cash investment must be a minimum of \$50 per transaction. Your total cash investments for any calendar month cannot exceed \$10,000. These minimum and maximum amounts are subject to change by DTE Energy. There are administrative and brokerage fees for purchases made with cash investments. Please refer to Addendum A for more information regarding fees. After each transaction, you will receive an account statement that shows the number of whole and fractional shares that were purchased and credited to your Plan account, but you will not automatically receive stock certificates for shares purchased under the Plan. If you would like to receive a stock certificate, please follow the instructions in Question 15 below.

A cash investment can be made in the following ways:

You can authorize the Plan Administrator to make an individual automatic withdrawal from your bank account by accessing your account online at www.bnymellon/shareowner/isd. Follow the instructions to buy shares with a single investment. There is a fee for electronic transactions. Please refer to Addendum A for more information regarding fees.

You can authorize the Plan Administrator to make a monthly automatic withdrawal of a specified dollar amount from your bank account by accessing your account online at www.bnymellon/shareowner/isd. Follow the instructions to buy shares with a reoccurring investment. Alternatively, you can contact the Plan Administrator to obtain an authorization form for automatic monthly withdrawals. There is a fee for electronic transactions. Please refer to Addendum A for more information regarding fees. Funds generally will be withdrawn from your bank account on the 25th day of each month or the next business day if the 25th is not a business day. Purchases are made once a month and will be made on the next investment date after the withdrawal. Allow four to six weeks for the initial withdrawal. To discontinue monthly purchases by automatic withdrawal, please contact the Plan Administrator.

You can mail your personal check to the Plan Administrator for no less than the minimum amount. Your check must be made payable to **BNY Mellon/DTE Energy Company** in U.S. dollars, drawn on a U.S. bank. Third party checks, cashiers checks, foreign checks and money orders will not be accepted and will be returned. Do not send cash. Please include the tear-off portion on your Plan statement when sending your personal check.

If the Plan Administrator receives checks or electronic transfers for more or less than the permissible amount, **no investment will be made**. The funds will be returned to you by regular U.S. mail.

If your check submitted to purchase additional shares is returned unpaid, the Plan Administrator will resell the shares purchased in reliance on the unpaid check. The Plan Administrator may liquidate shares in your account for reimbursement for the transaction fees related to the purchase and sale, plus any loss incurred on reselling the shares.

Table of Contents

If you change your mind and want to cancel an upcoming cash investment, you should notify the Plan Administrator in writing. Plan shares are purchased monthly. Therefore, if you wish to cancel the next upcoming cash investment, the Plan Administrator should receive your written cancellation notice at least five business days prior to the investment date for the month.

10. When will shares be purchased under the Plan?

Shares related to dividend reinvestment will be purchased quarterly on or after the 15th day of the month during the dividend payment months of January, April, July and October. *Shares related to cash investments will be purchased monthly* generally on or after the 15th day of the month. If demand requires, purchases may be made over several days. Share purchases for the Plan are expected to be made by a broker affiliated with the Plan Administrator or purchased directly from DTE Energy. The exact timing of purchases made within the purchase period will depend on the amount of funds available for investment that quarter and may be affected by securities law requirements.

Optional cash investments received by the Plan Administrator by 12:00 noon Eastern Time on the business day prior to each investment date will be invested on that investment date. Optional cash investments received by the Plan Administrator after that time will be invested on the subsequent investment date.

If for any reason shares cannot be purchased, you will be sent your dividends in cash and all cash investment funds will be returned by U.S. mail.

11. Will interest be paid to me on funds for investment?

There may be a delay between the date the Plan Administrator receives your cash payment or between a dividend payable date and the date the shares are credited to your Plan account. You will not receive interest on funds held for dividend reinvestment or cash investment by the Plan pending investment or on funds returned to you prior to investment.

12. How many shares will be purchased for me?

No one can predict the number of shares that will be purchased for you during a particular purchase period. You cannot direct the Plan Administrator to purchase a specific number of shares. The number of shares purchased for your account depends on the amount of funds you have available for investment and the price of the shares. The amount of funds available depends on what you have authorized for dividend reinvestment, plus, if applicable, any cash investment you have made. In every case, your available funds will be fully invested (less applicable fees see Addendum A) and your account credited with both whole and fractional shares (computed to at least four decimal places).

13. How is the price of the shares determined?

If the Plan Administrator purchases your shares from DTE Energy (original issue), the price per share will be the average of the high and low prices on the New York Stock Exchange Composite Tape for DTE Energy common stock on the pricing date. No brokerage commission will be charged. The pricing date for original issue shares purchased in connection with dividend reinvestment and any shares related to cash investments will be the 15th day of the month. If the 15th day of the month is not a business day, the pricing date will be the next business day.

If the Plan Administrator purchases your shares in the public markets or in privately negotiated transactions, the purchase price per share will be the average price of all shares purchased, including brokerage commissions. If demand requires, purchases may be made over several days. The share purchases for the Plan are expected to be made by a broker affiliated with the Plan Administrator.

These share prices apply to all shares purchased by the Plan Administrator for your account.

When you authorize your dividends to be reinvested, make a cash investment, or have funds electronically transferred to purchase DTE Energy common stock, the Plan Administrator will use all of your funds to buy the

Table of Contents

number of shares that can be purchased at the price determination described above, after deducting an administrative fee, if applicable (see Addendum A).

14. *How can I keep track of account activity?*

If you own 100 shares or more, the Plan Administrator will mail you quarterly statements of your account balance and reinvestment activity. If you own less than 100 shares, the Plan Administrator will mail you annual statements of your account balance and reinvestment activity. In addition, whenever there is activity in your account such as an additional purchase of shares, withdrawal, transfer or sale of shares, the Plan Administrator will mail you a separate written confirmation of that transaction. You can also keep track of your account activity by accessing your account online at **www.bnymellon.com/shareholder/isd**.

Be sure to keep your Plan statements for income tax purposes. If you believe that an error has been made in your Plan records, or that Plan mailings to you are being misdirected, lost or stolen, promptly contact the Plan Administrator.

15. *Will I receive a stock certificate for my Plan shares? May I request one?*

You will not automatically receive a stock certificate for shares purchased for you under the Plan. However, you may request a certificate at any time. A stock certificate can be issued for any number of whole Plan shares credited to your account, but not for fractional shares. You can make your request for a stock certificate for a specific number of shares in the following ways:

Complete the tear-off form attached to your Plan statement and mail the form to the Plan Administrator.

Call the Plan Administrator at **1-866-388-8558**.

Mail written instructions to the Plan Administrator including your account name/registration and your 12-digit Investor ID on your request.

Access your account via the Internet at **www.bnymellon.com/shareowner/isd**.

The stock certificate will be registered in exactly the same name/registration as your Plan account unless you make other arrangements.

16. *May I transfer Plan shares to another person?*

Yes. If you wish to transfer Plan shares, contact the Plan Administrator for transfer instructions. The Plan Administrator must have signed written instructions from you. Your signature on the written instructions must be guaranteed by a bank or broker participating in a Medallion Signature Guarantee program approved by the Plan Administrator. Provide the name, address, and social security or tax identification number of the transferee. The Plan Administrator will send a written confirmation to the transferee by first class mail unless notified otherwise.

17. *What happens to transfers occurring before and after the dividend record date?*

If shares are transferred before the dividend record date, the dividends are credited to the new owner. If shares are transferred after the dividend record date, the dividends are credited to the original owner. If you participate in dividend reinvestment and your request to withdraw from the Plan is received after the dividend record date, your request will be processed, and you will generally receive a check for the dividend payment instead of dividend reinvestment.

18. *Does the Plan provide for safekeeping certificates?*

You can deposit the common stock certificates you are now holding for safekeeping under the Plan. The shares represented by your certificates will be credited to your account as Plan shares. Unless instructed otherwise, the Plan Administrator will fully reinvest the dividends on these shares. In the future, should you want or need a stock

Table of Contents

certificate, you can request one. However, the certificate issued to you will be a *new* certificate and will have the current date.

Do not sign the certificates you are sending to the Plan Administrator. It is recommended that you use certified or registered mail with an insured value of 2% of the current market value of the certificate.

19. Can I sell shares I own under the Plan?

To sell all or a portion of your shares, you can make your request in the following ways:

Complete the tear-off form attached to your Plan statement and mail the form to the Plan Administrator.

Call the Plan Administrator at **1-866-388-8558**. You may instruct the Plan Administrator to sell some or all of your Plan shares. You can place a sale order via the Interactive Voice Response (IVR) system. Follow the instructions provided. Alternatively, you can place a sale order by speaking with a customer service representative. For security purposes, you will be asked to provide your 12-digit Investor ID.

Mail written instructions to the Plan Administrator including your account name/registration and your 12-digit Investor ID on your request.

Access your account via the Internet at **www.bnymellon.com/shareowner/isd**.

The Plan Administrator will sell your Plan shares at the current market price on the NYSE. Generally, sales are processed daily, but not necessarily on the day you place your order. Therefore, you may find a difference between the price of the stock on the date you place the order and the price at which the shares are sold. You will be responsible for an administrative fee, along with a brokerage fee (see Addendum A). These fees will be deducted from the proceeds of the sale. It is anticipated that sales will be made through a broker affiliated with the Plan Administrator. The Plan Administrator will mail a check for the net proceeds of the sale to the address on record by first class mail. If you want your check mailed to a different address, you must notify the Plan Administrator in writing at the time of your sale request.

Note: Certain types of accounts may be restricted from selling shares via the internet, telephone or IVR and may require additional documentation. Contact the Plan Administrator for further information.

At year end, an IRS Form 1099-B reporting the sale of shares will be sent to you, which you should retain for your tax reporting purposes. **You should consult your own tax advisor for advice applicable to your particular situation.**

20. When and how can I withdraw from the Plan?

You may discontinue the reinvestment of your dividends at any time by giving notice to the Plan Administrator. Notice to withdraw from the Plan can be made in the following ways:

Access your account via the Internet at **www.bnymellon.com/shareowner/isd**.

Complete the tear-off form attached to your Plan statement and mail the form to the Plan Administrator.

Call the Plan Administrator at **1-866-388-8558**.

Mail written instructions to the Plan Administrator, including your account name/registration and your 12-digit Investor ID on your request.

When closing your Plan account, you have the following choices:

You can request the Plan Administrator to continue to hold your shares. The shares you acquired through the Plan can continue to be held on your behalf on the books of DTE Energy as a participant in the Direct Registration System. Contact the Plan Administrator as indicated above to change your dividend election.

Table of Contents

You can ask for a certificate for all your Plan shares. You will receive a stock certificate for the whole Plan shares credited to your Plan account along with a check for any fractional share sold on the open market less the fees for sales (see Addendum A) and applicable withholding or transfer taxes.

You can request that all your Plan shares be sold. You will receive a check for the whole and fractional shares sold on the open market less any fees for sales (see Addendum A) and applicable withholding or transfer taxes.

You can ask for a certificate for a specific number of your Plan shares and request that the rest be sold. You will receive a certificate for the number of whole shares you want to retain in certificated form outside of the Plan and a check for the whole and fractional shares sold on the open market less the fees for sales (see Addendum A) and applicable withholding or transfer taxes.

Generally, the Plan Administrator processes requests to withdraw from the Plan daily. The Plan Administrator will mail your certificate and/or check to your address on record by first class mail. If you want your certificate and/or sale check mailed to another address, you must notify the Plan Administrator in writing at the time of your request to withdraw from the Plan.

DTE Energy reserves the right to terminate your Plan participation if you are no longer a shareholder of record of a least one full share, either in certificate form or as a Plan share balance. Upon termination you will receive the cash proceeds from the sale of any fractional share, less any brokerage commissions and applicable transfer and withholding taxes.

21. If I withdraw from the Plan, can I decide to rejoin?

If you withdraw from the Plan and later want to re-enroll, you will have to submit a new enrollment application. If you are no longer a shareholder of record, you will need to first become one and then submit a new enrollment application. As it is difficult and costly to administer numerous openings and closings of an account, a particular request to rejoin the Plan could be denied.

22. Can DTE Energy change or discontinue the Plan?

The Plan can be amended, modified, suspended, or terminated by DTE Energy at any time. If the Plan is discontinued, any dividends or cash investments not yet invested will be sent to you. DTE Energy will continue to hold your shares unless you request to receive a certificate for whole Plan shares and a check for any fractional Plan share credited to your account less the fees for sales (see Addendum A) and applicable withholding or transfer taxes. You may also request the sale of all or part of any such shares or have the Plan Administrator electronically transfer your shares to your brokerage account.

23. What happens if DTE Energy declares a stock split or issues a dividend payable in shares?

If DTE Energy declares a stock split or issues a dividend payable in shares, the additional shares related to your Plan shares as well as any shares registered in your name held outside of the Plan will be credited to your account.

24. What if DTE Energy has a rights offering?

DTE Energy's common stock shareholders do not have preemptive rights. However, if there is a rights offering affecting the shares in your Plan account, you will be notified. If you want to exercise the rights offering, you must let the Plan Administrator know prior to the record date for such rights. Because rights certificates are issued only for whole shares, the rights on fractional shares will be sold during the next investment purchase period, and the net proceeds of the sale will be used to purchase Plan shares. Similarly, if you choose not to exercise the rights offering, the rights on all the shares in your Plan account will be sold, and the net proceeds will be used to purchase Plan shares on your behalf.

26. *Who bears the risk of market-price fluctuations affecting the value of the Plan shares?*

Each individual participant in the Plan bears the risk of market-price changes affecting the value of the stock. DTE Energy and the Plan Administrator cannot assure you of a profit or protect you against a loss on any shares you hold, purchase, or sell under the Plan.

Plan shares are not insured by the Federal Deposit Insurance Corporation or any other government agency, are not deposits or other obligations of, and are not guaranteed by, either DTE Energy or the Plan Administrator, and are subject to investment risks, including possible loss of the principal amount invested.

27. *Will there always be quarterly dividend payments to reinvest?*

The declaration of dividends on DTE Energy common stock is at the sole discretion of the DTE Energy Board of Directors. No one can promise or predict what the DTE Energy Board of Directors will do in regard to future dividends on DTE Energy common stock. The amount and payment of dividends depends on the earnings, financial condition, cash flow, and other factors affecting DTE Energy and its affiliates.

28. *What tax consequences should I be aware of?*

DTE Energy is not in a position to advise you on the tax consequences of your participation in the Plan. As a general rule, participants in the Plan have the same federal income tax obligations as shareholders who do not participate in the Plan, and reinvested dividends must be included in gross income.

You will receive a year-end statement from the Plan Administrator to be used in preparing your tax returns as applicable under IRS guidelines. *You should consult with your own tax advisor for advice applicable to your particular situation.*

29. *How will my shares be voted at a meeting of shareholders?*

You will receive a single proxy covering the total number of shares of DTE Energy common stock you hold of record both in your Plan account and outside your Plan account. If the proxy is returned properly signed and marked for voting, all of your shares will be voted as marked. Also, you may vote the total number of shares in person at a meeting of shareholders.

USE OF PROCEEDS

If we issue shares of our common stock for purchases under the Plan, we will use the proceeds from the sale of such shares for general corporate purposes. We may temporarily invest funds that are not immediately needed for these purposes in marketable securities. If shares are purchased by the Plan Administrator in the open market, we will not receive any proceeds.

Item 15. Indemnification of Directors and Officers

(a) Indemnification. The DTE Energy Company Amended and Restated Articles of Incorporation provide that, to the fullest extent permitted by the Michigan Business Corporation Act (the "MBCA") or any other applicable law, no director of DTE Energy Company ("DTE Energy") shall be personally liable to DTE Energy or its shareholders for or with respect to any acts or omissions in the performance of his or her duties as a director of DTE Energy.

DTE Energy's articles of incorporation further state that each person who is or was or had agreed to become a director or officer of DTE Energy, or each such person who is or was serving or who had agreed to serve at the request of DTE Energy's board of directors as an employee or agent of DTE Energy or as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise (including the heirs, executors, administrators or estate of such person), shall be indemnified by DTE Energy to the fullest extent permitted by the MBCA or by any other applicable law. DTE Energy's articles of incorporation further state that DTE Energy may enter into one or more agreements with any person, which agreements provide for indemnification greater or different than that provided in the articles of incorporation.

Section 209(1)(c) of the MBCA permits a corporation to eliminate or limit a director's liability to the corporation or its shareholders for money damages for any action taken or any failure to take action as a director, except liability for (1) the amount of financial benefit received by a director to which he or she is not entitled; (2) the intentional infliction of harm on the corporation or the shareholders; (3) a violation of Section 551 of the MBCA, dealing with unlawful distributions; or (4) an intentional criminal act.

Sections 561 and 562 of the MBCA permit a corporation to indemnify its directors and officers against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by them in connection with any action, suit or proceeding brought by third parties, if such directors or officers acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe their conduct was unlawful. In a derivative action, i.e., one by or in the right of the corporation, indemnification may be made for expenses actually and reasonably incurred by directors and officers in connection with the defense or settlement of an action or suit, but only with respect to a matter as to which they have acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification will be made if such person will have been found liable to the corporation, unless and only to the extent that the court in which the action or suit was brought will determine upon application that the defendant

officers or directors are fairly and reasonably entitled to indemnity for such expenses despite such adjudication of liability.

Section 563 of the MBCA provides that a director or officer who has been successful on the merits or otherwise in defense of an action, suit or proceeding referred to in Sections 561 and 562, or in defense of a claim, issue or matter in the action, suit, or proceeding shall be indemnified against actual and reasonable expenses, including attorney's fees, incurred by him or her in connection with the action, suit or proceeding, or proceeding brought to enforce this mandatory indemnification.

(b) Insurance. DTE Energy (with respect to indemnification liability) and its directors and officers (in their capacities as such) are insured against liability for wrongful acts (to the extent defined) under eight insurance policies providing aggregate coverage for DTE Energy and its affiliates in the amount of \$185 million.

Item 17. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933; and

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

Table of Contents

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; *provided, however*, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered that remain unsold at the termination of the offering.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of DTE Energy's annual report, pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
