Report of Independent Registered Public Accounting Firm

To the Participants and Administrator of the
Crown Cork & Seal Company, Inc. 401(k) Retirement Savings Plan:

We have audited the accompanying statements of net assets available for benefits of the Crown Cork & Seal Company, Inc. 401(k) Retirement Savings Plan (the "Plan") as of December 31, 2008 and 2007, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2008 and 2007, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The Schedule of Assets (Held at Year End) is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is additional information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This additional information is the responsibility of the Plan's management. This additional information has been subjected to the auditing procedures applied in the audits of the basic financial statements, and in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CROWN CORK & SEAL COMPANY, INC.
401(k) RETIREMENT SAVINGS PLAN
Notes to Financial Statements

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Crown Cork & Seal Company, Inc. 401 (k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a voluntary defined contribution plan. The purpose of the Plan is to provide a convenient method by which eligible employees of Crown Holdings, Inc. (the "Company") may save regularly through salary deferrals and through Company matching contributions. Generally, employees are eligible to participate in the Plan upon date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered by the Crown Cork & Seal Company, Inc. Benefit Plans Committee (the "Committee"). The Committee has appointed Vanguard Fiduciary Trust Company ("VFTC") to assume both trustee and recordkeeping responsibilities.

Contributions

The Plan has two contribution components: a participant salary deferral 401(k) component and a Company matching contribution component. The plan allows before-tax employee contributions of 2% to 30%. Contribution amounts are subject to certain limitations. The Company makes matching contributions equal to 50% of the employee's contribution, from 3% up to 6% of compensation, depending on the employer company. Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions are invested in accordance with participant investment directions.

Participant Accounts

Each participant's account is credited with the participant's contribution and the participant's allocation of the Company's contribution, as described above. Plan earnings are allocated to the participant's account based on the participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after four years of credited service.

Participant Loans

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with a prevailing commercial rate for a secured personal loan. Interest rates on loans outstanding as of December 31, 2008 range from 4.25% to 13.7%. Principal and interest is paid ratably through monthly payroll deductions. A participant may not have more than two outstanding loans at any one time.

CROWN CORK & SEAL COMPANY, INC.
401(k) RETIREMENT SAVINGS PLAN
Notes to Financial Statements

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or substantially equal periodic installments over a period equal to the life expectancy of the recipient or beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. All distributions are paid in either cash or company stock at the participant's election.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined, represents a forfeiture. Total unallocated forfeitures, which will be used to reduce future Company contributions, were \$139,573 and \$30,323 at December 31, 2008 and 2007, respectively. Forfeitures used to offset Company contributions in 2008 and 2007 totaled \$15,000 and \$50,000, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their Company contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following significant accounting policies, which conform with accounting principles generally accepted in the United States of America, have been used consistently in the preparation of the Plan's financial statements.

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

CROWN CORK & SEAL COMPANY, INC.
 401(k) RETIREMENT SAVINGS PLAN
 Notes to Financial Statements

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, "Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans" (the "FSP"), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. For the 2008 and 2007 plan years, the Plan invested in the Vanguard Retirement Savings Trust, which holds guaranteed investment contracts which are subject to the FSP. For the 2008 and 2007 plan years, adoption of the FSP had an immaterial impact on the statements of net assets available for benefits as contract value approximated estimated fair value and had no effect on the statements of changes in net assets which historically have been presented on a contract value basis.

NOTE 3 – INVESTMENTS

During 2008 and 2007, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) (depreciated) / appreciated in value as follows:

	Year Ended December 31,	
	2008	2007
Registered investment companies	\$(28,605,689)	\$ 1,767,342
Common stock fund	(7,097,529)	6,164,350
Net (depreciation)/appreciation in fair value of investments	\$(35,703,218)	\$ 7,931,692

NOTE 4 – FAIR VALUE OF FINANCIAL INSTRUMENTS

In September 2006, the FASB issued SFAS No. 157, "Fair Value Measurements", which provides enhanced guidance for using fair value to measure assets and liabilities. Effective January 1, 2008, the Plan adopted SFAS No. 157, which defines fair value, establishes a framework for measuring fair value under accounting principles generally accepted in the United States of America. The adoption of SFAS No. 157 had no effect on the financial statements, but expanded disclosure with respect to fair value measurements. Fair value is defined as the price that would be received to sell an asset or to transfer a liability in an orderly transaction between market participants at the measurement date. The framework that SFAS No. 157 establishes for measuring fair value includes a hierarchy used to classify the inputs used in measuring fair value. The hierarchy prioritizes the inputs used in determining valuations into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement. The levels of the fair value hierarchy are as follows:

CROWN CORK & SEAL COMPANY, INC.
401(k) RETIREMENT SAVINGS PLAN
Notes to Financial Statements

Level 1 – Fair value is based on unadjusted quoted prices in active markets that are accessible to the Plan for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2 – Fair value is based on significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.

Level 3 – Fair value is based on significant unobservable inputs. Examples of valuation methodologies that result in Level 3 classification include option pricing models, discounted cash flows, and other similar techniques.

The following table summarizes instruments measured at fair value on a recurring basis for the Plan:

	December 31, 2008		
	Fair Value Measurement Using		
	Quoted prices in active markets for identical assets	Significant other observable inputs	Assets at Fair Value
	Level 1	Level 2	
Registered investment companies	\$ 56,423,252		\$ 56,423,252
Common stock fund	21,265,572		21,265,572
Common collective trusts		\$ 45,547,526	45,547,526
Other		2,812,857	2,812,857
Total	\$ 77,688,824	\$ 48,360,383	\$ 126,049,207

CROWN CORK & SEAL COMPANY, INC.
401(k) RETIREMENT SAVINGS PLAN
Notes to Financial Statements

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2008 and 2007.

Mutual funds are valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year end.

The fair value of the common stock fund is measured at the closing price reported on the active market on which the security is traded.

The Vanguard Retirement Savings Trust is a common/collective trust that is valued based upon the unit value of such collective trust funds held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means.

The pricing methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2008, the Plan did not have any assets or liabilities whose fair values were measured using Level 3 inputs.

NOTE 5 - RELATED PARTY TRANSACTIONS

The Plan invests in shares of registered investment companies and common/collective trusts managed by affiliates of VFTC. VFTC acts as trustee for investments of the Plan. The Plan also invests in shares of the Company's stock through the Crown Holdings, Inc. Stock Fund and issues loans to participants which are secured by the balances in the participant accounts. The stock fund held approximately 1.1 million and 1.2 million shares of Crown Holdings, Inc. common stock as of December 31, 2008 and 2007, respectively. Transactions in such investments qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

NOTE 6 - PLAN EXPENSES

All recordkeeping expenses for the administration of the Plan, with the exception of certain miscellaneous fees, are paid by the Company.

NOTE 7 – TAX STATUS

The Internal Revenue Service ("IRS") determined and informed the Company by letter dated February 11, 2003 that the Plan was qualified under Internal Revenue Code ("IRC") Section 401(k). The Plan has been amended since receiving the determination letter. However, the Company believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 8 – PLAN AMENDMENTS

The Plan was amended, effective May 1, 2007, to adopt IRS regulations regarding Roth participant contributions.
